Reps. Barker, Cardin, DePecol, Mikowski, Irene Pratt, Saia and Tate, the day, illness.

Reps. Albert, Bragdon, Bridle, Case, Cooney, David Cote, Crosby, Edwards, Flora, Jeff Gilbert, Introne, Naida Kaen, Leishman, Martel, Morse, O'Keefe, Peterson, Tara Reardon, Edwin Smith, Torresen and John White, the day, important business.

Reps. DeChane and Solow, the day, illness in the family.

INTRODUCTION OF GUESTS

Ken and Ethan Arndt, husband and son of Rep. Arndt. Rebecca Alter, daughter of Rep. Rush. Mary-Ella and Tyler Keith, daughter and grandson of Rep. Bowles. Linda and B.J. Poulin, guests of Rep. Tholl. John Pelletier, son of Reps. Marsha and Arthur Pelletier. Members of New Hampshire Association of Volunteer Administrators, guests of Rep. Gargas. Commission McConnell and Cathy Thurston, guests of the Sullivan County Delegation.

SPECIAL GUESTS

In recognition of County Government Week, The Honorable Donald Fontaine, former County Commissioner in Sullivan County and The Honorable Steve Panagopoulos, Grafton County Commissioner and President of the New Hampshire Association of Counties, were guests of the House.

SPECIAL ORDERS REGULAR CALENDAR PART II

HB 364, eliminating straight ticket voting. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Robert E. Clegg, Jr. for the Majority of Election Law: The majority of the committee felt the disenfranchisement of voters is the last thing we need to do. Every session someone files a bill to change the way we vote and/or change the way names are placed on the ballot. More confusion is not what the voters need. Straight ticket voting has existed for years and has caused no harm to any candidate. Last week the committee voted 19-0 Ought to Pass on HB 226 which clarified the instructions for straight ticket voting. Straight ticket voting is a choice. If you do not want to vote straight ticket, you do not have to. Some wish to limit your choice as a voter. The majority of the committee believes the choice is essential to the process. Straight ticket voting is nothing more than allowing voters to choose how they want to vote. Since straight ticket voting has not caused death or injury there is no reason to change it. Vote 12-7.

Rep. Steve Vaillancourt for the Minority of Election Law: Here we go again. Attempts to eliminate straight ticket voting have consistently failed during the past several sessions. Noble ideas often fail and have to resurface several times before they ultimately see the light of day. Such is the case with straight ticket voting. This outmoded concept leads to voter confusion and serves absolutely no useful purpose whatsoever. Proponents of keeping it claim that to do otherwise is tantamount to taking away an inherent right, but that is simply not true. A voter would still be able to vote for every Republican or Democrat or even every Libertarian candidate on the ballot should that voter so choose. He or she would simply have to place a mark next to each candidate's name. In the process of doing that, the voter might decide that a candidate of another party merits support, per-

haps because that candidate knocked on the voter's door and made a favorable impression. Straight ticket voting rewards laziness and sloth. Votes in this House in the past have broken down almost entirely along party lines, Republicans opposing elimination due in large part to the perception that since there are more registered Republicans statewide, Republicans benefit. Perceptions can be wrong. Illinois Republicans pushed to ban straight ticket voting since they believed elimination would help them in the Chicago area. When straight ticket voting was finally eliminated in the state, however, Republicans were hurt because Democrats did better downstate and still held strong in Cook County. Let's put parties aside this year and do what is most likely to produce election of the most qualified, most committed candidates. The tri-partisan minority says the time has come. Elimination will not take options away from voters; it will not lead to lower voter turnout; it will eliminate confusion and reward competence.

Reps. Manning, Buckley and Vaillancourt spoke against.

Reps. Stritch, Bowles and Clegg spoke in favor.

Rep. Herman requested a roll call; sufficiently seconded.

The question being adoption of the majority report.

and the majority report was adopted.

HB 348-FN, prohibiting the land application of sludge in certain excavation areas. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Betty B. Hall for the Majority of Environment and Agriculture: The bill as amended by the majority of the committee replaces the entire bill with a suspension on the issuance of new permits to spread sludge on excavation areas. It applies only to gravel pits, which are located over stratified drift aquifers. The very limited prohibition sunsets in two years. Spreading of sludge on currently permitted sites can continue. The majority believes that protecting our aquifers for the next two years while we complete current research (being done here in NH) is a reasonable exercise of our responsibility for our drinking water sources. Vote 8-6.

Rep. Harold P. Melcher for the Minority of Environment and Agriculture: The minority of the committee felt the bill is unjustified by verifiable evidence of harm, prohibits the very scientific research which could provide the evidence the proponents say they must have to end the moratorium, lays a heavy burden on taxpayers to dispose of a product that is now revenue-producing, threatens landfill capacity, makes gravel pit reclamation impractical, and incidentally takes away the livelihood of the people engaged in the industry.

Amendment (0797h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to suspending the issuance of any permits for the land application of sludge and short paper fiber in certain excavation areas.

Amend the bill by replacing all after the enacting clause with the following:

1 Suspension of Permit Issuance. Notwithstanding any other law to the contrary, the department of environmental services shall suspend issuing any new permits for the land application of sludge

and short paper fiber, as defined in RSA 485-A:2, in any excavation area, as defined in RSA 155-E:1, VI, located over a stratified drift aquifer as determined by the most recent United States Geological Survey aquifer map or in any affected site, as defined in RSA 12-E:1, I, located over a stratified drift aquifer as determined by the most recent United States Geological Survey aquifer map.

2 Repeal. Section 1 of this act, relative to land application of sludge and short paper fiber, is repealed.

3 Effective Date.

I. Section 2 of this act shall take effect July 1, 2003.

II. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This act temporarily suspends the issuance of any new permits for the land application of sludge and short paper fiber in certain excavation areas for a period of 2 years.

Adopted.

Reps. O'Connell, Melcher and Scanlan spoke against and yielded to questions.

Reps. Betty Hall and Guay spoke in favor and yielded to questions.

Rep. Owen spoke in favor.

Rep. Babson requested a roll call; sufficiently seconded.

The question being adoption of the majority report.

and the majority report failed.

Rep. Scanlan moved Inexpedient to Legislate.

Adopted.

HB 392, establishing a committee to study the property tax status for land of agricultural fairs. OUGHT TO PASS WITH AMENDMENT

Rep. John R. Swindlehurst for Environment and Agriculture: This bill as amended concerns the relationship between agricultural fairs and their host communities. Testimony indicated some fairs have tax problems while others do not. The committee is very concerned about the decline of agriculture in our state and believes agriculture needs all the promotion it can get. The educational aspects of agricultural fairs must be preserved. Concern was expressed that the host communities should be compensated for services they provide. This bill requires an agreement between a host community and its fair for those services. This bill does not mandate any amount of money or duration of agreement. Vote 17-1.

Rep. O'Connell moved Recommit to committee.

Adopted.

Recommitted to Environment and Agriculture.

HB 393-FN, relative to plant nurseries and nursery stock. **OUGHT TO PASS WITH AMENDMENT**
Rep. Timothy D. O'Connell for Environment and Agriculture: This bill revises the laws relative to the registration and inspection procedures for plant nurseries. All commercial producers, or sellers, of nursery stock must be licensed annually. A nursery inspector shall inspect any nursery as determined necessary by the director. Upon successful completion of an on-site inspection, a certificate will be issued by the director verifying that the nursery stock is free of plant pests or disease for distribution. Vote 14-0.

Amendment (0752h)

Amend RSA 433:21, I as inserted by section 1 of the bill by replacing it with the following:

I. "Certificate" means a document indicating that plant stock has been inspected and found to be apparently free from dangerous insects and plant diseases.

Amend RSA 433:21, VI as inserted by section 1 of the bill by replacing it with the following:

VI. "Director" means the state entomologist, qualified by scientific training and practical experience, directly answerable to the commissioner, in charge of and responsible for the activities of the division of plant industry.

Amend RSA 433:21, X and XI as inserted by section 1 of the bill by replacing them with the following:

X. "Horticultural services" means any arborist, landscape architect or gardening consultant whose function is that of providing services relative to horticulture.

XI. "License" means an authorization from the director to sell plant stock.

Amend RSA 433:23 as inserted by section 3 of the bill by replacing it with the following:

433:23 Certified Stock. All nursery stock shipped into New Hampshire shall bear on each consignment or package ~~[an unexpired]~~ a valid license or certificate *number indicating* that the contents of that consignment or package have been inspected by a duly authorized inspecting officer, and that the contents are apparently free from all dangerous insects and plant diseases, and are therefore certified stock.

Amend RSA 433:28, V as inserted by section 5 of the bill by replacing it with the following:

V. Nursery stock infected with plant diseases or infested with plant pests shall not be offered for sale or given away.

Amend RSA 433:32, I(a) as inserted by section 10 of the bill by replacing it with the following:

(a) Selling, distributing, receiving, or delivering nursery stock which has not been licensed or certified.

Adopted.

Report adopted and ordered to third reading.

HB 581-FN, relative to the authority of the commissioner of agriculture, markets, and food to search for invasive species. **INEXPEDIENT TO LEGISLATE**

Rep. Burton W. Williams for Environment and Agriculture: The committee feels that the commissioner has the authority to accomplish this already. It would require unnecessary general fund expenditures. Vote 16-2.

Rep. Babson moved Recommit to committee.

Adopted.

Recommitted to Environment and Agriculture.

HB 610, allowing the sale of raw milk cheese and unpasteurized apple cider in New Hampshire. **OUGHT TO PASS WITH AMENDMENT**

Rep. Burton W. Williams for Environment and Agriculture: This bill replaces the long-standing agricultural traditions of New Hampshire. It allows distribution of unpasteurized milk, cheese and cider to certain customers. Vote 13-0.

Amendment (0705h)

Amend the bill by replacing all after the enacting clause with the following:

1 Sale of Dairy Products; Sale of Raw Milk Cheese Allowed. Amend RSA 184:30-a to read as follows:

184:30-a Pasteurization Required. No milk or milk products as defined in RSA 184:79 shall be sold, offered for sale or served unless pasteurized. This shall not serve to prohibit the direct sale of raw milk or cream from the producer, store or milk pasteurization plant to the final consumer, or milk or cream from a producer to stores, nor the serving of raw milk at bona fide boarding houses where the milk is produced on the premises, provided that in the dining room of such boarding houses a sign is prominently displayed stating that such raw milk is served therein, *nor the sale within the state of cheese made from raw milk when such cheese has been aged a minimum of 60 days at 35 degrees fahrenheit or colder, and is clearly labeled as unpasteurized.*

2 New Paragraph; Manufacture and Sale of Unpasteurized Cider. Amend RSA 434:40-b by inserting after paragraph IV the following new paragraph:

V. That unpasteurized cider may be sold within the state if such cider is clearly labeled as unpasteurized.

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill allows the sale of cheese made from raw milk if such cheese is aged for 60 days and the sale of unpasteurized apple cider within the state. Such products shall be clearly labeled as unpasteurized.

Adopted.

Report adopted and ordered to third reading.

HB 625-FN, establishing a moratorium on the land application of class B biosolids. **INEXPEDIENT TO LEGISLATE**

Rep. Richard P. Brewster for Environment and Agriculture: This bill would mandate a moratorium on land application of biosolids. It was felt this would not be appropriate at this time. Vote 10-7.

Rep. Betty Hall and Owen spoke against.

Rep. Melcher and Babson spoke in favor.

Adopted.

HB 676-L, establishing a committee to study the creation of a regional program for collection and marketing certain components of the municipal solid waste stream. **OUGHT TO PASS WITH AMENDMENT**

Rep. George T. Musler for Environment and Agriculture: The intent of this study is to address relieving increased demand on landfills and to provide an "end-point" for certain components of the municipal solid waste stream, both at the municipal level and from existing waste districts. Particular attention will be given to creating collection points in order to market certain components in the waste stream, taking into consideration the concept of economy of scale. Vote 16-0.

Amendment (0621h)

Amend the bill by replacing sections 2 and 3 with the following:

2 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Three members of the house of representatives, appointed by the speaker of the house, including one member of the environment and agriculture committee and one member of the municipal and county government committee.

(b) Three members of the senate, appointed by the president of the senate, including one member of the environment committee and one member of the ways and means committee.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

3 Duties. The committee shall study the creation of enabling legislation for the formation of regional districts for collection and marketing of certain components in the solid waste stream including, but not limited to, aluminum, steel, various metals, newsprint, plastics, and glass, and the collection of other post-consumer wastes. The purpose of such districts shall be to reduce toxicity in the solid waste stream, reduce the amount of solid waste destined for disposal, and allow increased public sector management of waste materials. A component of proposed legislation shall be state reimbursement of costs to municipalities that are members of such regional districts.

Adopted.

Report adopted and ordered to third reading.

HB 105-FN-A, establishing an agricultural nutrient management program and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. MaryAnn N. Blanchard for Finance: The amendment creates a program to help farmers and other livestock owners protect water quality by managing nutrients, like manure, from agricultural sources according to Best Management Practices on a voluntary basis through small grants. The original bill created a designated fund. The amendment removes this mechanism and also calls for a report on the status of the program each year beginning in October 2002 by the Commissioner of Agriculture. \$20,000 appropriated each year from fees currently generated by fertilizer registration and inspection will be matched by \$30,000 Department of Environmental Services Federal Clean Water Act grant money for the purpose of this program. The Commissioners of Agriculture and Environmental Services strongly support this bill. Vote 20-0.

Amendment (0610h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Subdivision; Agricultural Nutrient Management Program. Amend RSA 431 by inserting after section 35 the following new subdivision:

Agricultural Nutrient Management Program

431:36 Program Established.

I. The commissioner of the department of agriculture, markets, and food shall establish an agricultural nutrient management program. The program shall assist agricultural land and livestock owners with efforts to minimize potential adverse effects on waters of the state resulting from agricultural nutrients including fertilizers, animal manures, and agricultural compost. The purpose of the program shall be to provide educational, technical, and financial assistance to agricultural land owners with implementing best management practices as provided in RSA 431:34-35, and such other practices deemed necessary to mitigate water pollution. The goal of the program is to assist and enable the continued viability of farming in New Hampshire and the preservation of open space in a manner that is compatible with the state's public health and environmental objectives. The commissioner shall be authorized to accept grants, gifts, and donations from any public or private sources for the purposes stated in this paragraph.

II. The commissioner shall report by October 1 of each year, beginning 2002, to the house environment and agriculture committee, the senate environment committee, the house finance committee, and the senate finance committee. The report shall include:

- (a) The use and current status of the fund;
- (b) The work accomplished;
- (c) The number of grantees and the amount of the grant received by each; and
- (d) The effectiveness of the implementation of agricultural best management practices needed to more fully protect water quality.

2 Appropriations.

I. The sum of \$20,000 is appropriated to the department of agriculture for each year of the biennium, ending June 30, 2003, for the purpose of funding the agricultural nutrient management program established under RSA 431:36. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

II The commissioner shall apply for a grant of \$30,000 through the department of environmental services from the Environmental Protection Agency pursuant to section 319 of the Clean Water Act for nonpoint source pollution programs.

3 Effective Date. This act shall take effect July 1, 2001.

AMENDED ANALYSIS

This bill requires the commissioner of the department of agriculture, markets, and food to establish a program of agricultural nutrient management in the state of New Hampshire. This bill provides for funding through June 30, 2003, and requires the commissioner to apply for a grant from the department of environmental services.

Adopted.

Report adopted and ordered to third reading.

HB 177-FN-A, relative to the purchase of a wheelchair van for the veterans' home in Tilton and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Beverly T. Rodeschin for Finance: This bill, as amended, appropriates up to \$25,000 for the purchase of a wheelchair van for the Veterans' Home in Tilton. The funds are to be matched by private donations on a dollar-for-dollar basis. The appropriation is against an expected FY 01 surplus, but the funds may be drawn anytime before June 30, 2002. The amendment is acceptable to the Veterans' Home. Vote 21-0.

Amendment (0465h)

Amend the bill by replacing all after the enacting clause with the following:

1 Appropriation; Department of Administrative Services; Wheelchair Van for Veterans' Home. The sum of up to \$25,000 is hereby appropriated for the fiscal year ending June 30, 2001 to the department of administrative services, for the purpose of matching private donations on a dollar per dollar basis for the purchase of a wheelchair van for the veterans' home in the town of Tilton. This appropriation shall not lapse until June 30, 2002. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill appropriates state funds to match private donations for the purchase of a wheelchair van for the veterans' home in Tilton.

Adopted.

Report adopted and ordered to third reading.

HB 270-FN, increasing the mileage reimbursement rate for members of the legislature. OUGHT TO PASS WITH AMENDMENT

Rep. Robert L. Wheeler for Finance: This bill deals with an issue that has been avoided for decades – reimbursement to members. Members work hard for others and this bill is overdue. It increases by \$.04 a mile the allowance effective for members in the next session. Vote 17-4.

Amendment (0695h)

Amend the bill by replacing all after the enacting clause with the following:

1 General Court; Travel Allowance to Members. Amend RSA 14:15-a, I, (b)(1) and (2) to read as follows:

(1) For the first 45 miles, [~~\$.38~~] **\$.42** per mile; and

(2) For all miles in excess of 45 miles, [~~\$.19~~] **\$.23** per mile.

2 Application. The rules for travel allowance for members of the general court provided for in RSA 14:15-a, I(b)(1) and (2) as amended by section 1 of this act shall be used for the calculation of reimbursement to members beginning on or after December 4, 2002.

3 Effective Date. This act shall take effect December 4, 2002.

Adopted.

Rep. Holden requested a roll call; sufficiently seconded.

The question being adoption of the report.

and the report was adopted.

Ordered to third reading.

Rep. Phyllis Woods did not vote and wished to be recorded against.

HB 276-FN-A, relative to reimbursement of legal fees of supreme court employees who retained counsel during the impeachment proceedings regarding chief justice David A. Brock and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert G. Holbrook for Finance: The Finance Committee felt that the Supreme Court employees should not have to bear the cost of hiring attorneys to represent them in the unusual Judge Brock case. The appropriation would be \$7,354. to cover this cost. Vote 19-0.

Amendment (0609h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to reimbursement of legal fees of supreme court employees who were subpoenaed and incurred legal fees during the impeachment proceedings regarding chief justice David A. Brock and making an appropriation therefor.

Amend the bill by replacing section 1 with the following:

1 Appropriation; Reimbursement of Legal Fees of Supreme Court Employees. The sum of \$7354 is appropriated for the fiscal year ending June 30, 2002 to the supreme court, for the purpose of reimbursing supreme court employees who were subpoenaed during the impeachment proceedings regarding chief justice David A. Brock and incurred legal fees. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated.

AMENDED ANALYSIS

This bill makes an appropriation to the supreme court to reimburse supreme court employees who were subpoenaed and incurred legal fees during the impeachment proceedings regarding chief justice David A. Brock.

Adopted.

Report adopted and ordered to third reading.

Rep. Kacavas declared a conflict of interest and did not participate.

HB 279-FN-A-L, relative to the payment of certain unfunded accrued liability of the retirement system and making an appropriation therefor. **OUGHT TO PASS**

Rep. Robert L. Wheeler for Finance: This bill eliminates the expenditure for additional normal retirement contributions and replaces it with amortization payments for \$5.25 million of bonds. In FY 02, state expenditures will increase by \$1174; FY 03 general fund expenditures will decrease by \$38,000. Vote 17-0.

Adopted and ordered to third reading.

HB 295-FN, relative to medicaid recoveries from third party settlements. **OUGHT TO PASS**

Rep. Francine Wendelboe for Finance: This bill is a request of the Department of Health and Human Services and deals with reimbursement to the state for medicaid services provided for services to a low income person who later receives a third party settlement payment for their injury. Current practice allows the injured party to retain 10% of the award, allows 33% for attorney fees, then the balance is applied to the expenditures made by the state for the injured party's care. If there are funds remaining after full reimbursement to the state, any remaining funds go to the injured party.

Trial attorneys have challenged the 10% level in attempts to get a greater pro rata share for the injured party. The Department testified this costs almost \$10,000 per case when a challenge occurs and explained this legislation would put the policy into statute. If this legislation fails, more cases – perhaps all cases – would be taken to court for a judge to decide the percentage. This would potentially eliminate the state reimbursement for all monies expended by the state on the injured party's behalf. Vote 12-9.

Adopted and ordered to third reading.

HB 328-FN-L, relative to fees of sheriffs and deputy sheriffs. **OUGHT TO PASS**

Rep. Robert L. Wheeler for Finance: The committee felt that the increase to \$15 from \$10 in the fees charged for the service of civil writs was warranted given the associated increase in costs and that the bailiffs' rates in this bill were consistent with other courts and the budget and therefore should be supported. Vote 14-6.

Rep. Jacobson spoke against.

Rep. Wheeler spoke in favor.

On a division vote, 251 members having voted in the affirmative and 58 in the negative, the report was adopted.

Ordered to third reading.

HB 350-FN, relative to persons with disabilities participating in the work incentive program. **OUGHT TO PASS**

Rep. Francine Wendelboe for Finance: This legislation will create opportunities for persons with significant disabilities to obtain employment and work towards greater independence and self-sufficiency. Unfortunately, under current state law, most of these individuals would lose their medicare benefits if they earn above a certain income limit. Even if their employment offers health insurance, most employer-sponsored health plans do not cover the long-term supports needed by these individuals. The loss of these essential services prevents many disabled individuals from working according to their full capacity, keeping them in poverty and dependent upon cash assistance and other state programs.

In the fall of 1999 Congress unanimously passed an act that allows for a number of changes to medicaid and employment laws to enable these individuals to work but still retain their critical care services under medicaid. This bill would enable these changes to take place in New Hampshire. The employed disabled worker would pay, on a sliding fee scale, part of the cost of the continued medicaid coverage. This legislation is part of an ongoing effort to create better health care options for adults with disabilities who are employed, as directed by SB 183 of the 1999 legislature. The \$500,000 cost in FY 02 and the \$700,000 cost in FY 03 will be included in the budget. Vote 21-0. Adopted and ordered to third reading.

HB 354-FN-A-L, extending the kindergarten construction program. **OUGHT TO PASS WITH AMENDMENT**

Rep. Elizabeth S. Hager for Finance: Four years ago the state made a promise to local school districts to encourage them to add public kindergarten. We said we would pay 75% of their building costs. Twenty-five of the districts without kindergarten have now voted it in. This bill, by extending the program for two more years, keeps our promise to our school districts. Vote 18-3.

Amendment (0855h)

Amend the bill by replacing all after section 1 with the following:

2 Statement of Intent. It is the intent of the general court to extend the kindergarten construction program to provide grants to offset a substantial portion of the cost of construction of kindergarten facilities, exclusive of site acquisition and core facilities, to any eligible school district which does not operate a kindergarten program, and which has voted to adopt kindergarten in the district.

3 Kindergarten Construction Program; Appropriation Amended. Amend 1997, 348:6 to read as follows:

348:6 Appropriation; Kindergarten Construction. A sum not to exceed [~~\$22,500,000~~] **\$24,000,001** hereby appropriated to the department of education for the purposes of constructing kindergarten classrooms. This appropriation shall be non-lapsing and in addition to any other appropriation to the department of education; provided, however, that the department of education shall not approve grant requests for such purposes for more than:

- I. \$6,000,000 in the biennium ending June 30, 1999.
- II. \$5,000,000 in the fiscal year ending June 30, 2000.
- III. \$5,000,000 in the fiscal year ending June 30, 2001.
- IV. [~~\$6,500,000~~] **\$7,000,000** in the fiscal year ending June 30, 2002.
- V. **\$1,000,000 in the fiscal year ending June 30, 2003.**
- VI. **\$1 in the fiscal year ending June 30, 2004.**

4 Kindergarten Construction Program; Bonding Amount Amended. Amend 1997, 348:7, I as amended by 1997, 351:56 to read as follows:

348:7 Bonds Authorized.

I. To provide funds for the appropriation made in section 6 of this act, the state treasurer is hereby authorized to borrow upon the credit of the state not exceeding the sum of [~~\$22,500,000~~] **\$24,000,001** and for said purpose may issue bonds and notes in the name of and on behalf of the state of New Hampshire in accordance with RSA 6-A; provided that bonds or notes shall not be issued in excess of:

- (a) \$6,000,000 in the biennium ending June 30, 1999.
- (b) \$5,000,000 in the fiscal year ending June 30, 2000.
- (c) \$5,000,000 in the fiscal year ending June 30, 2001.
- (d) [~~\$6,500,000~~] **\$7,000,000** in the fiscal year ending June 30, 2002.

(e) \$1,000,000 in the fiscal year ending June 30, 2003.

(f) \$1 in the fiscal year ending June 30, 2004.

5 Effective Date. This act shall take effect July 1, 2001.

AMENDED ANALYSIS

This bill extends the kindergarten construction program through the fiscal year ending June 30, 2004 and increases by \$1,500,001 the amount of the bonded appropriation for the kindergarten construction program.

Adopted.

Report adopted and ordered to third reading.

HB 537-FN-A, relative to the land and community heritage investment program and the state's travel and tourism promotion and development effort and making appropriations therefor. **INEXPEDIENT TO LEGISLATE.**

Rep. Robert L. Wheeler for Finance: It was felt by the committee that this is an important issue and belongs in the budget. Its purpose, funding, and administrative process are contained in HB 1 and HB 2 and therefore we recommend Inexpedient to Legislate. Vote 18-4.

Adopted.

Rep. Mirski declared a conflict of interest and did not participate.

HB 587-FN-A, establishing a commission on the status of men, and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE**

Rep. Paul J. Dwyer, Sr. for Finance: The Committee does not feel that at this time new dollars can be spent for staff, rent, phones and other expenditures to establish a new commission, however well-intended. Vote 13-8.

Rep. Kurk moved Recommit to committee.

Adopted.

Recommitted to Finance.

HB 603-FN-A, providing the commissioner of administrative services an option to self-fund the state employee health plan and requiring a reserve fund therefor. **OUGHT TO PASS**

Rep. Robert L. Wheeler for Finance: This bill allows, but does not require, the Commissioner of Administrative Services to contract for a self-insured group health plan for state employees. This issue was studied, and with an ever-shrinking number of carriers in the state this additional option becomes quite attractive. If the Department of Administrative Services elects this option, a reserve fund to cover certain claims and expenses is required. Vote 16-5.

Adopted and ordered to third reading.

HB 658-FN-A, relative to the homeless prevention fund and making an appropriation therefor. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Francine Wendelboe for the Majority of Finance: The subject of homelessness is a complex one that encompasses many reasons for someone becoming homeless – from a shortage of affordable housing, to high rents, to behavioral problems, to people who just hit a rough spot of short duration. This legislation would require the state to fund \$1 for every \$3 provided by private donors up to a maximum of 1 million state dollars. The sponsor testified there are two sources interested in donating \$2 million but for confidentiality reasons could not name the source or give definite assurances of a permanent commitment of funding in subsequent years. This raised concerns of the state being expected to increase the state level in future years.

Most importantly, this would contradict the intent of SB 1 of the 1985 session which was a negotiated commitment between the municipalities, counties, and the state on who pays for certain social services. Prior to SB 1 being enacted, municipalities were responsible for all general welfare assistance, aid to the permanently and totally disabled (APTD), nursing home care and juvenile costs for one year. In exchange for municipalities fully being responsible for general assistance, the county and state starting being liable for APTD, nursing home care and juvenile costs from day one. This bill, in essence, proposes that the state take back that responsibility. At the very least, it would create confusion about who should provide assistance and it would also create the need for all kinds of checking to avoid double dipping.

In addition to the town assistance required under law, there already exist many other sources to assist people who face homelessness. The Housing Finance Authority has an emergency rent pro-

gram which funds up to three months rent for 400 people. The Department of Health and Human Services has \$1.3 million a year for temporary assistance. Many churches and private and non-profit entities provide help for rent, food, and utilities. A new fund of \$10.9 million a year will become available this year. This fund was created by a mil tax on all non-municipal electric utility customers. These funds will be used to pay the utility costs of low-income people so that they will pay no more than 6% of their income on electricity – even if they have electric heat.

Many other sources of assistance are available including the new funding amount for utilities. Also, there are other pieces of legislation coming from the Senate which may help address the non-general assistance causes of homelessness. Finally, when SB 128 (which created the study committee on homelessness) passed last year, there was a clear expression reflected in the minutes that there be no general funds considered. In fact, the blurb specifically showed the legislative intent in SB 128 being passed was that it was amended to remove any reference to the general fund and even removed the \$1.00 original general fund appropriation.

While the Committee is sympathetic to homelessness, for all the reasons above stated, the majority of the Committee recommends Inexpedient to Legislate. Vote 12-10

Rep. Marjorie K. Smith for the Minority of Finance: Last year the legislature passed and the governor signed into law SB 128, which created the Homeless Prevention Fund. The legislature recognized overwhelmingly that prevention is far more cost effective – and likely to succeed – than attempts to put the pieces back together once a family has lost its home. Homelessness breeds unemployment and contributes to school failure. The costs of homelessness are enormous to the family and to society. This bill, as passed by the Health and Human Services Committee with a unanimous vote, matches one state dollar with three private dollars, leveraging limited state dollars to attract private dollars that might not otherwise be spent in this way. This bill gives priorities to very low income persons or families in which one or more adults in the family are working or in an employment training program, there is a minor child or a disabled person.

Rep. Kurk moved Recommit to committee.

Adopted.

Recommitted to Finance.

HB 693, rescinding the prohibition on the possession and use of tobacco products by minors and making tobacco use prevention programs in secondary schools the priority of the tobacco use prevention fund. **INEXPEDIENT TO LEGISLATE**

Rep. Richard J. LaRose for Finance: The substance of this bill revolves around two issues – one of policy and one of finance. The policy issue is whether to repeal RSA 126-K:6 that criminalizes the possession of tobacco products by minors. Many Committee members thought that the sponsor should consider legislation for the next session so that a policy committee might deal with this matter. The second issue dealt with increasing the funding for tobacco prevention to \$6 million annually from its current \$3 million level by reducing the amount of the tobacco settlement money going to the education trust fund. The Department of Health and Human Services testified in opposition to this increase because it would not be consistent with its task force's recommendation and the state's plan. Consequently the Committee recommends this bill be Inexpedient to Legislate. Vote 14-7.

Adopted.

HB 152-FN, relative to expanding the legal methods of taking game animals. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Robert J. L'Heureux for the Majority of Fish and Game: This bill is the result of HB 1152 filed in House Session 2000 which was assigned to a sub-committee for interim study. In addition to the public hearing before the Fish and Game Committee in the LOB, Saturday work sessions were held in Lancaster, Concord, and Keene to obtain public input. Based upon research, pertinent public testimony and extensive review of materials submitted, it was determined that the establishment of a crossbow season as cited in HB 1152 fell under the authority of the Fish and Game Department and not the Legislature. HB 152 as amended, grants this authority to the Fish and Game Department. Once this authority is established, the Fish and Game Department will develop the necessary rules and regulations under RSA 541-A:1 to expand the legal method of taking of game to include crossbows. As amended, this bill has the support of sportsmen, the New Hampshire Wildlife Federation and the Fish and Game Department. Vote 9-8.

Rep. Eric G. Stohl for the Minority of Fish and Game: This bill in its original form, was brought before this committee about four years ago. It was studied statewide for an extended period of time. There was support as well as objections from sportsmen everywhere. The objections seemed to center around the fact of the use of the crossbow during the archery season. If this bill was to become law, the minority also feels that a major law enforcement issue will arise. The archery season does overlap the firearms season, raises the issue of whether a deer was shot with a crossbow or a regular bow. In addition, there are two deer tags that are allowed for archery hunting. We feel this may possibly lead someone to shoot the animals with a crossbow rather than a bow, which would be impossible for a Conservation Officer to prove either way. The minority feels that the main intent of this bill is to allow the use of crossbows in the archery season by all hunters. The use of crossbows for hunting deer in New Hampshire today is restricted to persons with disabilities that prevent them from using conventional bows. The minority feels that the existing law governing the use of crossbows in New Hampshire should remain as is; for use only by individuals that cannot operate a conventional bow.

Amendment (0009h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to expanding the legal methods of taking deer.

Amend the bill by replacing all after section 1 with the following:

2 New Section; Taking Deer by Crossbow; Rulemaking. Amend RSA 208 by inserting after section 7 the following new section:

208:7-a Taking Deer by Crossbow; Rulemaking. The executive director of fish and game, with the consent of the commission, may adopt rules under RSA 541-A to allow for the taking of deer by crossbow during the regular firearms season, for persons holding a valid firearms deer tag, or as specified in RSA 206:23-c. Such rules may include, but not be limited to, conditions or limitations as to the portions of the state crossbows may be used, the manner and method of taking with a crossbow, mandatory education requirements for the use of a crossbow, and any additional licensing requirements and associated fees.

3 Effective Date. This act shall take effect January 1, 2003.

AMENDED ANALYSIS

This bill expands the permitted methods of hunting deer to include crossbow for persons holding a firearms deer tag and adds a rulemaking provision allowing the executive director of fish and game to adopt rules regarding the regulation and use of crossbow.

Adopted.

On a division vote, 196 members having voted in the affirmative and 114 in the negative, the majority report was adopted.

Ordered to third reading.

HB 720, relative to permitting the use of certain firearms for hunting deer. OUGHT TO PASS WITH AMENDMENT

Rep. Gary S. Hopper for Fish and Game: This bill increases the options for hunters, to allow certain handguns that have a similar trajectory to the shotguns already used in shotgun only areas. Handguns are currently legal for hunters in the state except these areas. Vote 14-2.

Amendment (0789h)

Amend the bill by replacing section 3 with the following:

3 New Section; Taking of Deer; Pistols Permitted; Rounds Limited. Amend RSA 208 by inserting after section 3-c the following new section:

208:3-d Pistols Permitted. Pistols permitted under RSA 208:3, 3-a, 3-b, and 3-c shall include a .357 Magnum, 10mm Automatic, .41 Remington, .44 Magnum, .45 Long Colt, .480 Ruger, provided that no pistol used for taking deer under this section shall be loaded with more than 5 rounds of ammunition at any time.

Adopted.

Report adopted and ordered to third reading.

HB 760-FN, relative to the possession of silencing devices and relative to the use of silencing devices for taking game. OUGHT TO PASS WITH AMENDMENT

Rep. Thomas A. Varrell for Fish and Game: This bill modifies RSA 207:4 which was inserted into the statutes in 1947. The original intent was to prevent the "taking of game" with a firearm equipped with a device to silence or muffle the sound of a gunshot. In 1955 these sections were recodified and the chapter heading which identifies the purpose "for the taking of game" was relocated to an index in Chapter 207. Thus the original intent became vague when read separately from the title. HB 760-FN clarifies the original intent of prohibiting the taking of wildlife with a silenced firearm, but allows the department of Fish and Game to grant a depredation permit which would allow a landowner to use a lawfully obtained silencing device under such a permit. Currently, there are more than eight hundred silencing devices lawfully possessed by New Hampshire citizens. These devices are strictly controlled and registered by the United States Department of the Treasury; and any transfer of ownership of such devices is through a federally licensed Class III firearms dealer accompanied by an extensive background investigation and waiting period of four months plus payment of a two hundred dollar transfer tax. This amended bill will not affect those registered devices lawfully possessed in the State of New Hampshire. Vote 17-0.

Amendment (0615h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the use of silencing devices for taking game.

Amend the bill by replacing all after the enacting clause with the following:

I Fish and Game; Silencing Devices Amended. Amend RSA 207:4 to read as follows:

207:4 Silencing Devices.

I. No person shall ~~sell, offer for sale, use, have in his possession, any gun,~~ possess a rifle, pistol, or other firearm fitted or contrived with any silencer or device for deadening the sound of explosion, for the purpose of taking wildlife. Nothing in this section shall prohibit the use of a muzzle brake, polychoke, or compensator.

II. Nothing in this section shall prohibit a person who has obtained a depredation permit issued by the executive director of fish and game from taking wildlife under such permit using a lawfully obtained silencing device.

2 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill clarifies existing law prohibiting the taking of wildlife using a silencing device, and provides that a person who has obtained a depredation permit shall be exempt from this prohibition for the purpose of taking wildlife under the permit.

Adopted.

Report adopted and ordered to third reading.

HB 463-FN, relative to protective services to adults. **OUGHT TO PASS WITH AMENDMENT**

Rep. Joseph P. Manning for Health, Human Services and Elderly Affairs: This bill improves the procedures and guidelines needed in protecting vulnerable elderly from exploitation, abuse and neglect. It also improves the liability protection of those who, in good faith, report such wrongdoing. The amendment tightens up language that was overly broad in its scope in the original version. A revised fiscal note by the Administrative Office of the Courts to the Department of Health and Human Services states that there is no fiscal impact – state, county or local. Vote 16-0.

Amendment (0741h)

Amend RSA 161-F:43, VII as inserted by section 3 of the bill by replacing it with the following:

VII. "Vulnerable" means that the physical, mental, or emotional ability of a person is such that the person is unable to protect his or her own rights and interest; or to manage personal, home, or financial affairs without assistance or support.

Amend the bill by replacing sections 4-8 with the following:

4 Clarification of Reporting Requirements. Amend the introductory paragraph of RSA 161-F:46 to read as follows:

Any person, including, but not limited to, physicians, other health care professionals, social workers, clergy, *financial officers* and law enforcement officials, ~~[having reason to believe]~~ *suspecting or believing in good faith* that any ~~[incapacitated]~~ adult ~~[protected under the provisions of~~

this subdivision] *who is or who is suspected to be vulnerable* has been subjected to [physical] abuse, neglect, *self-neglect*, or exploitation or is living in hazardous conditions shall report or cause a report to be made as follows:

5 Immunity From Liability. Amend RSA 161-F:47 to read as follows:

161-F:47 Immunity From Liability. Any person or agency, other than an alleged perpetrator, participating in good faith in the making of a report of an alleged incident of adult abuse, neglect or exploitation *or providing information relative to such incident* shall have immunity from any liability, civil or criminal, that might otherwise be incurred or imposed. Any [such participant] *person or agency providing information in good faith, including materials requested by the department pursuant to RSA 161-F:56*, shall have the same immunity with respect to participation in any investigation by the commissioner or his authorized representative or in any judicial proceeding resulting from such report.

6 "Incapacitated" Changed to "Vulnerable." Amend RSA 161-F:51 to read as follows:

161-F:51 Duties and Responsibilities.

I. The commissioner or his *or her* authorized representative, upon the substantiation of a report of abuse, neglect, or exploitation of [an incapacitated] *a vulnerable* adult, shall provide, when necessary, protective services to such adults.

II. The commissioner or his *or her* authorized representative shall refer all cases of serious bodily injury to [an incapacitated] *a vulnerable* adult *known or suspected to be the result of abuse, neglect, or exploitation to local law enforcement*, the department of justice or to the county attorney for possible criminal prosecution. The commissioner or his *or her* authorized representative [may] *shall* also report other cases of abuse, neglect, or exploitation [as he deems appropriate, under procedures to be developed jointly by the department and the attorney general.] *to local law enforcement*, the department of justice, or [to] the office of the county attorney for possible criminal prosecution *if there is reason to believe a crime has been committed*.

7 "Incapacitated" Changed to "Vulnerable." Amend RSA 161-F:53 to read as follows:

161-F:53 Entry of Premises. If either [an incapacitated] *a vulnerable* adult reported or suspected of being abused, neglected, or exploited refuses, or a caretaker or caregiver refuses, to allow the representative of the department entrance to the premises for the purpose of investigating a report of abuse, neglect, or exploitation, the probate court, in the county where the adult is found, upon a finding of probable cause, may order an authorized representative of the commissioner, a police officer, or other authorized individual to enter said premises in furtherance of such investigation.

8 Reference to Financial Records Added; Petition to Probate Court Authorized. Amend RSA 161-F:56 to read as follows:

161-F:56 Access to Information. In the course of an investigation conducted pursuant to this subdivision, the department's authorized representative may make any inquiries and obtain such information as is necessary to further such investigation. The department's authorized representative may review and photocopy any books, files, medical records, *photographs, financial records*, or other records *on any medium* that pertain to patients, residents, clients or alleged victims of abuse, neglect, or exploitation. *In the event any person or agency refuses to allow the department access to materials necessary to further its investigation, the probate court, upon a finding of probable cause, may order the person or agency to release its records to the department.*

Adopted.

Report adopted and ordered to third reading.

CACR 5, relating to the rulemaking authority of the supreme court. Providing that supreme court rules are effective only when not inconsistent with statute. **OUGHT TO PASS WITH AMENDMENT**

Rep. James W. Craig for Judiciary: This CACR restores the legislature's constitutional right to initiate and regulate by statute the administration of, and the practice, procedure, and rules of evidence in, all courts of the state. The court retains its rulemaking powers but the legislature may also be able to regulate these matters by statute. In the event of conflict, the statute prevails over the rule provided that the statute is otherwise constitutional. HB 252 is a companion bill to this CACR and provides its detail. Vote 15-1.

Amendment (0873h)

Amend the title of the resolution by replacing it with the following:

RELATING TO: the rulemaking authority of the supreme court.

PROVIDING THAT: supreme court may adopt rules that have the force and effect of law, and that the general court may regulate these matters by statute and may accept or reject any rule adopted by the supreme court, and that in the event of a conflict between a statute and a rule, the statute, if otherwise valid, shall supersede the rule.

Amend the resolution by replacing paragraph I with the following:

I. That article 73-a of the second part of the constitution be repealed and reenacted to read as follows:

[Art.] 73-a. [Supreme Court Administration.] The chief justice of the supreme court shall be the administrative head of all the courts. The chief justice shall, with the concurrence of a majority of the supreme court justices, have the power by rule to regulate the administration of, and the practice, procedure, and rules of evidence in, all courts in the state. The rules so adopted shall have the force and effect of law. Notwithstanding part I, article 37, the general court may regulate these matters by statute and may accept or reject any rule adopted by the supreme court. In the event of a conflict between a statute and a rule, the statute, if otherwise valid, shall supersede the rule.

Amend the resolution by replacing paragraph IV with the following:

IV. That the wording of the question put to the qualified voters shall be:
“Are you in favor of amending article 73-a of the second part of the constitution to read as follows:

[Art.] 73-a. [Supreme Court Administration.] The chief justice of the supreme court shall be the administrative head of all the courts. The chief justice shall, with the concurrence of a majority of the supreme court justices, have the power by rule to regulate the administration of, and the practice, procedure, and rules of evidence in, all courts in the state. The rules so adopted shall have the force and effect of law. Notwithstanding part I, article 37, the general court may regulate these matters by statute and may accept or reject any rule adopted by the supreme court. In the event of a conflict between a statute and a rule, the statute, if otherwise valid, shall supersede the rule.”

AMENDED ANALYSIS

This constitutional amendment concurrent resolution provides that the supreme court may adopt rules that have the force and effect of law, and that the general court may regulate these matters by statute and may accept or reject any rule adopted by the supreme court. The resolution also provides that in the event of a conflict between a statute and a rule, the statute, if otherwise valid, shall supersede the rule.

Adopted.
Rep. Frances Potter spoke against.
Reps. Phyllis Woods and Jacobson spoke in favor.
Reps. Craig and Reid spoke in favor and yielded to questions.
Rep. Hess requested a roll call; sufficiently seconded.
The question being the adoption of the report.

290 members having voted in the affirmative and 48 in the negative, the report was adopted by the constitutionally required three-fifths vote and ordered to third reading.

(Rep. Whalley in the Chair)**REMARKS**

Rep. Mock moved that remarks made in debate on CACR 5 and HB 252 be printed in the Journal. Adopted.

Rep. Potter: Thank you, Mr. Speaker and greetings, colleagues in the House. I'm Frances Potter, Representative-at-large from Concord. You will hear from supporters of this amendment that supreme court justices have been arrogant. In particular, Justice Brock, grudgingly and after long delay, has admitted ethical misconduct. There has been a lot of friction between the legislature and the court. I agree entirely about the past and will move to the present. Three sources of friction are gone; namely, the three justices who have retired or resigned. There's a new majority of three in the supreme court and by the time this amendment could take effect, it will be majority of four. The court has reformed itself by accepting a merit system for selecting judges, a written recusal policy that is widely admired, reduction of appellate delay through the "rocket docket" and a new study and publishing the standards for periodic evaluation of all judges. Lastly, the supreme court appointed Attorney Wilfred Sanders and Father Jonathan DeFelice, President of Saint Anslem College, to convene a task force to propose a truly independent judicial conduct commission. Several other measures adopted to reform the judiciary have passed in the legislature. For example, the House has adopted a revised retirement and pension plan for judges and the Senate has adopted two desirable bills: one would provide for rotation of the role of chief justice and another requires the naming of legislators to a courts advisory committee on rules. The court indicates it will accept this plan. The combined impact of these measures is major. We are actually lucky in New Hampshire. Other states considering judicial reform are starting at square one. We already use merit selection, for example, so we aren't fighting the big contributions made by big law firms to get judges selected. We're ahead in this respect. There have been complaints about judicial activism, but let's note, this complaint can come from either end of the political spectrum. It does depend on whose ox is gored. Judges are perceived as fair when they are perceived as being nonpartisan. That is, they don't have to fear retribution when they make unpopular decisions. This is known as "decisional independence," an essential quality of a good court system. Judges are also perceived as fair when they are accountable. As the constitution says, they must behave well. This means that they must be prompt, courteous, display knowledge of the law and a good judicial temperament, etc. So, how do you enforce good behavior? Now we're back to the judicial conduct commission. Attorney Sanders and Father DeFelice appointed their own task force including three legislators. They recommend a judicial conduct commission that would be free standing, have its own budget and report to the three branches of government. They recommend that its members should be appointed by officials from all three branches of government, executive, legislative and judicial, including a majority of public, non-legal members. The Court is expected to accept this report but I fear that the legislature may not accept this report. There's a retained bill in the House to have all ten members of the judicial conduct commission appointed from the legislature; they would make their own rules and decide penalties for judges. And, also, they would decide for all members of the legal profession; that is, they would have the roles of both the JCC and the PCC. This means that one branch of government would control another branch of government. It would erase the checks and balances we all learned about in American history classes. And here is a common question: "Who would be willing to become a judge under this system?" This bill, CACR 5, explicitly disclaims Article 37 in the Bill of Rights regarding the separation of powers. I think you should go slowly in changing this fundamental principle. The framers of the constitution feared that the judiciary would be the weaker branch. That's why judges are appointed for life-70 in New Hampshire- and to have salaries that can't be decreased, so that they will be independent. Let's remember the role of each branch of government in a democracy. The legislative and executive branches answer to majority rule. We do, and should, respond to voters. The judiciary does not. The role of the judiciary in democracy is to uphold the rule of law. The judicial role is to protect minorities and individuals, and in the words of the Pledge of Allegiance, "justice for all."

I hope we will find the new majority in the supreme court to be reasonable people. I hope we can work with them to achieve, in the words of Part I, Article 37 of the constitution, "one indissoluble bond of union and amity." I hope we'll give it a try and vote against the proposed amendment.

Rep. Phyllis Woods: Thank you, Mr. Speaker. Honorable members of the House, a constitutional amendment is a most serious change to make. I can see right from the starting gate that there is confusion and questions about what exactly we were attempting to do in House Judiciary Committee. So, I am going to start at the beginning and give you a little bit of a background and bring you right up to date to exactly what CACR 5 is intended to do.

The 1974 Constitutional Convention passed a resolution to amend Part II of the New Hampshire Constitution by inserting Article 73-a, which said, and I'll read it for you, "The chief justice of the supreme court shall be the administrative head of all the courts. He shall, with the concurrence of the majority of the supreme court justices, make rules governing the administration of all courts in the state and the practice and procedure to be followed in all such courts. The rules so promulgated shall have the force and effect of law." Now, there was at the time a statute on the books that provided for a unified court system with the supreme court at the top, but this amendment made the unified courts constitutional and named the chief justice as the administrative head and clarified his authority with the other justices to make rules, a power which they already had. It was not intended to change the general principle that the rules of court, so far as procedure is concerned, had the effect of law. It was the understanding of the delegates at the convention that if this amendment was adopted it would not deprive the legislature of the right it had to regulate court procedure by statute. Now, there is some very clear language in the journal that makes that topic very clear and it was brought up under questioning.

Now, over the years there has been some controversy about the fact that when the amendment was put on the ballot to be voted on by the requisite two-thirds of the voters in 1978, that that last sentence, "The rules so promulgated shall have the force and effect of law," did not appear on the ballot or in the voter's guide. However, when it was originally enacted in November, 1978, there was no problem as it was clearly understood what the purpose of the amendment had been and the legislature continued to make laws regarding procedure and evidence as it had done in the past. And from 1978, when the amendment was passed, until 1997, there was no case that even suggested that the legislature didn't also retain the power to pass laws pertaining to procedures and evidence.

But in 1997, a serious problem became evident in a decision the court rendered known as "prior sexual assault evidence." In that case, citing the separations of powers clause, Part I, Article 37, the court basically said in this decision that the ability to regulate court procedure and evidence is exclusively a matter for the supreme court and the legislature doesn't have any power to make rules or laws regarding procedure and evidence. Now this decision radically changed the relationship between the judicial and legislative branches. It caused a major shift in the balance of powers that had been there. Prior to this ruling, it had always been the case that the legislature not only had this right but that a statute would also trump a rule in case there became a conflict. The purpose, then, of this amendment, CACR 5, is not anything to do with the legislature infringing on the judiciary, but rather, the other way around. It's about not allowing the judicial branch to infringe on the role of the legislative branch. The carefully crafted wording which was picked apart by our subcommittee over a period of several weeks is designed to do nothing but restore the proper balance of power between the branches. This is the way it currently is in the federal system and the way it is in most other states. It will serve to prevent the courts from restricting the power that the legislature always had and, by rights, should retain, to make such laws. The amendment simply adds two sentences to the existing 73-a and I'm going to read those two sentences. "Notwithstanding Part I, Article 37 (now, that is the separation of powers clause) the general court may regulate these matters by statute and may accept or reject any rule adopted by the supreme court. In the event of a conflict between a statute and a rule, the statute if otherwise valid shall supercede the rule." This statement which is added, as I said, to 73-a, we believe will respect the separation of powers, restore full lawmaking authority to the legislature and it states unequivocally, so there's no question, that in the event of a conflict of a rule and a statute, the statute will prevail as it did for a long, long time prior to the 1974 Constitutional Convention and prior to the court's 1997 decision.

We believe this is a very important adjustment to make. The committee was in compliance and I would ask you to please support the report of the committee of Ought to Pass on CACR 5.

Rep Craig: Thank you, Mr. Speaker. I rise in support of House Judiciary Committee's vote of 15 to 1 for Ought to Pass CACR 5. I would like to begin by commending Rep. Potter for getting up here and saying what she said about the judiciary and the courts because I think this is not a place

where I would normally do that nowadays after what's gone on between the legislature and the supreme court in the last couple of years. When I came here three years ago, I would have done the same thing, unhesitatingly. My grandfather was an attorney in Manchester from 1929 until he died in 1963; my father has been an attorney in Manchester since 1952; and I've been an attorney in Manchester since 1983. ...(tape change)...I feel I've been treated fairly. I know some of the judges in the supreme court. I've always thought they were decent and honorable men. I haven't always agreed with them but I think, in the main, we have one of the finest judiciaries in the country. That's not to say there are not problems. I've heard all the stories about arrogance and that stuff but, to tell you the truth, I see more arrogance when I go to get my car fixed. So I think they're people just like everybody else. I don't mean to make light of that but there's a point to be made. So, if I'm a court reformer, I'm a reluctant one. Last time this came up to change 73-a, I voted against it and my side won last time. The day the House voted that the Judiciary Committee should investigate Judge Brock, that motion was taken off the table, and 73-a was voted unanimously and was killed in the Senate last year. I was against that but I've changed my thinking on this issue. I do it a little bit reluctantly but I think it is the right thing to do. I really do believe that.

The issue was made about the independence of the judiciary. I'm concerned about that, too. The constitution, Part I, Article 37, does establish separation of powers. I would just like to read it to you; it is not very long. "In the government of this state, the three essential powers thereof, to wit, the legislative, executive, and judicial, ought to be kept as separate from, and independent of, each other, as the nature of a free government will admit, or as is consistent with that chain of connection that binds the whole fabric of the constitution in one indissoluble bond of union and amity." I read that to say that it doesn't have to be absolute separation of powers but only leaves it to the legislature and the people to determine how much separation there has to be to make a system work as well as it can. I think that we just need to change where the line is right now. I think we can do that, and I think we have done it with this CACR. As has been mentioned already, this only affects the rulemaking that the supreme court does now. But what really concerns me, and I think you should really think about this when you vote on this issue, is that as it stands right now, the supreme court can make rules. There's no question about that. There's no question that the rules that it makes have the force and effect of law. They are laws, just as much as what we do here are laws after they are passed. The difference, to me, and the danger, to me, is that here when we make laws we send them to the Senate and if it gets by the Senate, we send them to the Governor. So there are checks and balances in the laws that we make. The problem that we are trying to address here is that the supreme court, as well as us, can make laws, but there are no checks on the laws that the supreme court makes. The only check on the laws that the supreme court makes is the supreme court itself. I think, and I've just come around to this in my thinking, it's not a bad thing to have checks on lawmaking. That's what we do and that's all we're doing to the supreme court. That does change the balance of power a little bit, but I think it changes it to the good, just like the constitution envisioned. There is a companion bill to this CACR and, if the CACR passes, I'll be up here again to explain to you how the procedure will work. I don't want to bore you with that if I don't have to, so I'll wait until later to do that. All this does is change the procedural law.

The other thing that concerns me is that the supreme court can only make procedural laws and not substantive laws. There is no definition, no cut-line, where procedural law begins and substantive law ends. So that the supreme court sometimes can make substantive law and there's no check and balance on what they do. Those are concerns, and I think they are valid and that they are beneficial, but, like anything, change is a little bit scary, but I think they are necessary changes. The only other thing that I would add is that the supreme court would retain 100 per cent, it would not affect the decisional aspect of the supreme court. They would have every right to make any decision that they have just like they do right now and if our legislature enacted a statute that overturned one of their rules, and our action was unconstitutional, the supreme court would retain the right to determine whether our actions were constitutional or unconstitutional. So, we really don't take any of their powers away from them; it just adds a balance and a check on what procedural laws that they are entitled to enact right now and they will continue to enact in the future. I would ask you to vote in favor of the committee's 15 to I Ought to Pass recommendation. Thank you.

Rep. Marjorie Smith: Thank you, Mr. Speaker. Thank you, Rep. Craig. This is my question. I'm trying very hard to separate the possible emotionalism from the facts in this situation and I understand the initial bill which sought to correct a problem that has been with us since the constitu-

tional convention, but I wonder about the degree to which this amendment takes us from where we are now, and my question to you is why you would take this approach rather than the approach that has been tried and true in the federal court system? In that procedure the courts write the rules. They submit the rules to the Congress. If the Congress has a problem with the rule, they send it back to the court and say, "This is our problem. Please correct it." The court's doing the court's business and the legislature is doing the legislature's business. When I look at what you have proposed, I don't really see this as any different than "tit for tat," our concern that the court in some situations is doing the legislature's business. I think you have drawn the line too far in favor of the legislature and I'd like you to help me understand why you're not using the federal procedure.

Rep. Craig: Thank you, Rep. Smith. The form that we are using is a form of what the federal procedure is. It was taken from the federal model and adopted into what it is now. This is contained in House Bill 252 which accompanies the CACR and the way it will work is the supreme court will retain all of its rulemaking authority and procedures. The legislature does not touch that. They will continue to make the rules as they do right now. The only addition that the statute would make is that when the rules are finished and promulgated, they will have the force and effect of law, just as they do now. Where this new statute picks up is that after that occurs, those rules will be sent to the Speaker of the House and the Senate President. At that point the legislature has the option of doing nothing and if it does nothing, those rules stay in effect just as the supreme court intended and promulgated. If the legislature has a problem for any reason with those rules, then it has the option of creating a statute that would override that rule. So, in a sense it is the federal system, except that it is not a recommendation, but we would be doing it by statute rather than sending a recommendation back. But I think it's the same principle as you've described in the federal system.

Rep. Marjorie Smith: I think we are speaking the same language but I don't think we're understanding each other. My key concern is that we will be doing the court's business. We will, in effect, be making the rules, rather than be saying to the court, "We don't think you have gotten it quite right. This is what our concern is. You straighten it out and come back to us." What we are doing is saying, "We know better, thank you, about how you should run the court." And I suggest to you if the shoe were on the other foot, you'd be pretty unhappy.

Rep. Craig: Is that a question?

Rep. Marjorie Smith: Would you believe?

Rep. Craig: You know what's coming, right? I believe that you believe that.

Rep. Rowe: Thank you, Mr. Speaker. I thank the Honorable member from Manchester. Let me ask you a few questions in terms of the very important element of checks and balances between the three branches. Am I correct that you said that if this legislature or the governor, the executive branch or any agency under the executive branch or this branch sets a rule, the judicial branch has a right to rule it unconstitutional?

Rep. Craig: That's correct.

Rep. Rowe: However, after the recent decision by the supreme court, is it not correct that the supreme court by a decision by only three supreme court justices can set a rule that trumps a statute?

Rep. Craig: I'll take your word that it's the three justices, but that's exactly right. There is one situation and only one where there is no check on lawmaking and that is with the supreme court procedural rules. When they make a rule, there is no check on it other than the supreme court. Everywhere else that I know of there is a check on the lawmaking procedure. There is a check and a balance.

Rep. Rowe: And are you asking under CACR 5 nothing more than to restore the balance that has been common law in the United States for over 200 years?

Rep. Craig: That's correct.

Rep. Rowe: Thank you.

Rep. Kennedy: Two points, if I might. Excuse my voice. Article 4, Section 4 of the Constitution of the United States which was the first right granted to every citizen of this country was a republican form of government which is this body. Are we not the ones who are responsible directly to the people and their direct representative?

Rep. Craig: I had trouble hearing your question, but I think the answer is yes.

Rep. Kennedy: Secondly, if I could say one little, last thing. There's been a question as to whether we're after judges or not. I served on the first Fairbanks investigation and after that, I stood at this place and defended Judge Brock because I didn't think he was responsible for what happened. By the same standards, I came before you with a CACR on an old friend of mine, finest gentleman I know who has passed away, a judge. I don't believe in my heart that we are after judges, we're after principles. Principles should always go before personalities. If we fail to put principles before personalities, we go down the slippery road. Is that not true, sir?

Rep. Craig: I agree with you 100 percent. As I said, these kind of things are difficult for me because of what I do for work but that is absolutely right. We all took an oath, I took an oath and I have to do what I think is right under the constitution. I can't think of the people on the other side of the river and the judges because my job is to do what's right by the constitution. And I think that is what the Judiciary Committee has done here. So you are absolutely right, Rep. Kennedy.

Rep. Jacobson: Thank you, Mr. Speaker. Looks like a diminished audience. Back in 1978 when Part II, 73-a was first adopted, from that point on there has been a continuing problem. The major part of that problem without going into all of the details is that secrecy became the most important ingredient in the relationship between the legislative branch and the judicial branch. Now, in our tripartite system of government, the whole notion was that each part of the government should have check or balance or both checks and balances on each other. But with the adoption of Part II, 73-a the court emphatically stated that the legislature had no check on the court except in a question of budget, and that was stated directly to me. Now, what this proposal does is to restore that check and balance so that we can review, as is the case in the federal system, the rules of court, and may I say that 80 to 90 percent of all the rules are not going to be challenged. It would be the occasional and rare occasion that a challenge would come. But we do need this check and balance and may I also say that one of the important checks and balances was removed a few years earlier. In the old system there was a huge check and balance on the courts because we could at that time remove one court and put another court in. I don't think that's the way to go and now both the superior court and the supreme court are, in a sense, constitutional, not in a sense, in a real sense are constitutional. Whereas the district court is still the child of the legislature. So what I want to say, and there have been a lot of things said today, is I urge you to support this amendment for the sole purpose of restoring the constitutional idea of checks and balances. Thank you.

Rep. Mock: Mr. Speaker, could I ask for a quorum call? This is a very important constitutional amendment. This hall should be absolutely full. Could I ask for that?

Rep. Whalley: I have asked the Sergeant at Arms to go into the anteroom and bring members back; they are aware that there will be a roll call. The question is on the committee report of Ought to Pass with Amendment. The Chair recognizes the final speaker, the member from Dover, Rep. Reid.

Rep. Reid: Thank you, Mr. Speaker. I rise today to support the committee recommendation of Ought to Pass as Amended on CACR 5. What I'm asking this House to do is support the principles laid down by our founding fathers of a system of government that includes separation of powers and checks and balances. Each of the institutions of our government should have check and balances on its power. As Madison said in Federalist 47, when the lawmakers and the law judges are one in the same...when the lawmaking power and the law judging power is placed into the same hands without any checks or balances, that leads to arbitrary lawmaking and arbitrary law judging. All we are asking is that this area of law that is so important to every litigant in this state, every criminal defendant, every witness, every crime victim, every family going through a divorce, every person who turns to the courts to seek redress for their grievances is subject to the rules of court. These, fellow members, are the rules of court. This is an area of law as important as any other area of law and that affects the citizens of this state just as strongly. This is an area of law that our state su-

preme court has commandeered. And it wasn't just one justice, and it wasn't just one court, it happened over time. This isn't about this particular court sitting today or any particular justice. This is about an exception that has been made by the courts over time to the constitutional system of checks and balances, an exception that says that these laws are subject to absolutely no checks and absolutely no balances. The court and the court alone makes the rules, and the court and the court alone judges whether those rules are valid and comport with our constitution. That's the problem that we're seeking to redress here. And I know that amending the constitution is something that we should not do lightly. But I'm really not asking for a change in the constitution or a change to the intent of the founding fathers and the framers. No, what I'm asking, and what we're asking, is that we return the constitution to the original intent of the framers. Because for 200 years it was clear that the legislature was supreme in lawmaking. Even judges such as Chief Justice Charles Doe, who was a judicial activist and as controversial as any justice that we've had, and who sometimes in practice didn't follow the principle as well as he might, understood and said clearly that with respect to lawmaking, with respect to statutes, the legislature is supreme and that applied both to procedural rules, substantive rules and substantive law. So this is a change that has come about in recent years, and a change that has really injured the separation of powers, injured the balance of powers, and it has been a source of friction between the branches of government, between the executive and the judiciary, between the legislative and the judiciary, for twenty years now. This predates Claremont, it predates the recent issues, it doesn't have anything to do with those except, maybe, that this exception that has been carved out from the checks and balances has caused increased animosity and has maybe caused a sort of fortress mentality over at the court that hasn't served the people of New Hampshire, has not served the government of this state and has not served the court. This CACR is not anti-court, it's not anti-anybody. It is pro-court. The support for this CACR in the Judiciary Committee was not along party lines. It had nothing to do with how you felt about the Claremont decision. It had nothing to do with how you felt about the impeachment. It had nothing to do with whether you were conservative or a liberal, a Democrat or a Republican. What it had to do with was the desire to return the constitution to the original principles that our founding fathers cared so deeply about. This isn't an issue of disliking one branch of government, trusting one and not the other. And I've heard some people say about this, "You know, we can't trust the legislature to make court rules." Well, frankly, the legislature doesn't want to be making the court rules. The way it worked before and the way it will work again if we pass this CACR is simple. The court makes its own rules and those rules are valid and they have the force and effect of law as they always have unless they conflict with a statute passed by the representatives of the people. Now, does this interfere with the independence of the judiciary? Absolutely not. When the judiciary looks at a statute of ours or a rule of ours, they can still say that rule is unconstitutional. So, let's take an example, ~ the prior sexual assault evidence case. Let's say that the court has put in an evidence rule, and you know the legislatures in all but just a handful of states have the right to make evidence rules. But, let's say the court put in an evidence rule that was in the minority, it wasn't the majority rule, it was the rule in maybe a few states but most of the states had a different rule and this legislature, in response to the people, said we'd rather have the rule that's in most of the states. We sent that over to the supreme court. If the supreme court said, "Hey, that rule violates the state constitution in New Hampshire because it violates the due process rights of litigants here," I would have no problem with that. That is a role that the court retains. It is an important role. It's important that the court be free from political influence when it's making decisions about the constitutionality of our statute. That's a check on our power. But what the court did in the prior sexual assault evidence case is say, "We're not even going to ask the question of whether or not this violates due process or some other right of the defendant. We're just going to say we like our rule better and the legislature shouldn't have anything to say about this area of the law." Now, a question asked earlier by the representative from Durham, are we taking more power than we should? Are we taking more power than the Congress has? Absolutely not. Our court, without any sort of review by us or any statement by us, gets to make rules and that will still be the case. But if the rule conflicts with a statute of ours and that statute is otherwise valid, it's constitutional, then the statute prevails and that's what the founding fathers intended. So, this isn't about mistrust of the court and it isn't about mistrust of the legislature. I trust the legislature as much as I trust any branch of government that is made up of human beings. And I don't trust the court any less than I trust any institution made up of human beings. But that's exactly the point. We are institutions

made up of fallible human beings and that's why people like Madison and John Adams said there have to be checks and balances; there has to be a check on every power of the government, including the power to make these rules. So, I urge you to support CACR 5 and vote in favor of the constitutional principle of separation of powers. Vote in favor of removing this friction that has existed between the court and the legislature, of healing some of these wounds. It is a vote in favor of the legislature, in favor of the court, in favor of the state of New Hampshire and in favor of the constitution. Thank you, Mr. Speaker.

(Speaker Chandler in the Chair)

Rep. Pilliod: Thank you, Mr. Speaker, and thank you for accepting the question. This is more as just a brief question and is a puzzle. I am not speaking against your recommendation or for it. But the representative from Dover has not explained something to me, and I have to ask it. In the amendment which we are going to be asked to pass, each rule so transmitted, because it's supposed to be transmitted to the President and the Speaker, doesn't say anything about the General Court; but each rule so transmitted shall include a provision addressing the extent to which the rule shall apply to proceedings then pending before any court and also a list of any statutes that will conflict with the rule, so forth, all those details, that's wonderful; but it says the general court may regulate these matters by statute and may accept or reject any rule adopted by the supreme court. When? We are not in session most of the time. And, in fact, do we just sort of say, "OK, we're going to take on this problem of a rule that we don't like someday," and I would just like to have that answered if I could. Thank you.

Rep. Reid: The gentleman is speaking about a bill that will come up after this. All the constitutional amendment does is restore the checks and balances by saying that when a rule conflicts with a statute, the statute prevails so long as it doesn't otherwise violate a part of the constitution. Now, we will be debating the bill that the gentleman has brought up and I'm sure that he can ask that question them, but what I can say is a rule that is passed by the court that doesn't conflict with a statute will be valid just as it always has. Thank you, Mr. Speaker.

SPECIAL ORDERS REGULAR CALENDAR PART II (CONT'D)

HB 252, establishing a committee to study the administrative functions and procedures of the state court system. **OUGHT TO PASS WITH AMENDMENT**

Rep. James W. Craig for Judiciary: This bill is a companion to CACR 5. It provides the mechanism by which court rules promulgated by the Supreme Court will be regulated by the legislature. The bill provides that all court rules currently in existence shall continue in effect. It also applies RSA 91-A, the right-to-know law, to the Supreme Court's rulemaking procedures. Finally, the bill requires copies of all rules promulgated by the court to be sent to the Speaker of the House and to the Senate President with a summary of each rule. The legislature then has the option of changing or voiding any rule by statute, or doing nothing. If the legislature does nothing, the rule retains the force and effect of law. Vote 15-0.

Amendment (0876h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to rules promulgated by the supreme court.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Supreme Court; Rules of Practice and Procedure and Rules of Evidence; Power to Prescribe. Amend RSA 490 by inserting after section 4-a the following new section:

490:4-b Rules of Procedure and Evidence; Power to Prescribe.

I. The supreme court shall have the power to prescribe rules of practice and procedure and rules of evidence to be followed in all courts of this state. All such rules in effect prior to the effective date of this section shall remain in full force and effect, except as they may be changed by statute or by rule of court pursuant to this section.

II. The rules described in paragraph I shall not abridge, enlarge, or modify any substantive right. All preexisting laws, which conflict with the proposed rules, shall be of no further force and effect after such rules have taken effect.

III. The rulemaking procedures of the supreme court shall be subject to the provisions of the right to know law, RSA 91-A, except that the failure to comply with RSA 91-A shall not invalidate a rule adopted under this section.

IV. The supreme court shall transmit to the speaker of the house of representatives and the president of the senate a copy of all rules, including emergency rules, at the time that they are promulgated by the court. Each rule so transmitted shall include a provision addressing the extent to which the rule shall apply to proceedings then pending before any court, a list of any statute that will conflict with the rule, as well as an explanatory note concerning the purpose of, and need for, the proposed rule. The transmission shall also include any minority views of justices or committee or subcommittee members concerning the proposed rule.

2 Contingency. If a constitutional amendment is adopted by the voters in the 2002 election which provides that the supreme court may adopt rules that have the force and effect of law, and that the general court may regulate these matters by statute and may accept or reject any rule adopted by the supreme court, and that in the event of a conflict between a statute and a rule, the statute shall supersede the rule, section 1 of this act shall take effect January 1, 2003. If such a constitutional amendment is not adopted, then section 1 of this act shall not take effect.

3 Effective Date.

I. Section 1 of this act shall take effect as provided in section 2 of this act.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill provides that rules promulgated by the supreme court have the force and effect of law and may be changed by statute, and requires that supreme court rulemaking procedures comply with the right to know law. This bill takes effect only if CACR 5 of the 2001 legislative session is adopted in the 2002 general election.

Adopted.

On a division vote, 269 members having voted in the affirmative and 30 in the negative, the report was adopted.

Ordered to third reading.

REMARKS

Rep. Craig: Thank you, Mr. Speaker. I rise in support of the committee report of ought to pass as amended. I think you have probably heard most of what's in this bill, but this is the companion bill to the CACR, which just passed the house, and this is the guts of how the legislature would regulate supreme court rules. It provides that the supreme court retains all of its powers to prescribe rules in practice and procedure and rules of evidence; that does not change under this statute. All rules that are in effect now will remain in effect. This statute does not change that. The statute does change in Roman Numeral Two (II). It requires that any rule that the supreme court passes from now on will nullify any existing statute that conflicts with the new rule. That is a provision that gets rid of old, archaic statutes that are on the books. So, in other words, when the supreme court comes up with a new rule, it will have to send over to the legislature a list of any rule that conflicts with the new rule and that statute will be null and void at that time. The other thing that the statute does is that it applies RSA 91-A, the right-to-know law, to the court's rulemaking procedure. That is not in effect right now and doesn't affect any decisional process; that merely affects the rulemaking process. It opens it up to the right-to-know law. Article 4 of the statute, as I said, the rulemaking procedure, remains exactly the same as it does now. If the supreme court wants to change it in any way, they are free to do that. The only way that it does change is that after rules are fully promulgated, they have the force and effect of laws as they do now, but a report has to follow each rule and the report goes to the Speaker of the House and the President of the Senate. In that report would be a list of any statute that conflicts with the rule, an explanation of what the rule does and why it is needed, and a list of any objections that were voiced with the rule. At that time and as part of this, the legislature can do nothing and if it does nothing, the rule stays in effect and has the force and effect of law. If the legislature for any reason objects to the rule, it can change that rule by statute. The statute would have to be enacted and go through the regular statutory process and then it would, in a sense, if it got through and is not vetoed by the governor, it would trump the court rule. That is the supervisory provision for the court rules that's in the statute. That's really the guts to the whole thing and that's what's changed. The legislature is free to form any kind of committee to oversee this, and the court is free to change their rulemaking committee any way they see fit. Our committee chose not to micromanage. That is up to the legislature and to the supreme court. This is just enabling action and the rest of it will come as it may. It is my firm hope, we tried

to balance, to correct what we felt was this problem in the law and at the same time it was never the Judiciary Committee's intent that anytime a legislator is mad at the court because it lost some court hearing, he comes over here and files a bill because he's mad at the court. We hope that each side will be responsible in this procedure and that perhaps a couple of legislators will be appointed to the rulemaking committee, oversee it as it goes forward and this will never be a problem again. That's the hope of the committee and I think that is probably a realistic hope, at least I sincerely hope that it is. The last thing that is in this statute is that it only comes into effect if and when the CACR that we just passed becomes law after the election in 2002. So, this statute would only come into effect on January 1, 2003 and the reason for that is because of the election for CACR, and it would not come into effect if the CACR was not passed by the voters. That in a nutshell is what's in the statute and I'll take any questions if there are any.

CLERK'S NOTE

When less than two-thirds of the elected membership is present, Part II, Article 20 of the state constitution requires the assent of two-thirds of those present and voting to render their acts and proceedings valid.

SPECIAL ORDERS REGULAR CALENDAR PART II (CONT'D)

HB 450, relative to work product under the right-to-know law. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. John M. Pratt for the Majority of Judiciary: This bill gives additional protection to the work papers, notes and preliminary drafts of Legislative Budget Assistant auditors made in preparation of audit reports authorized under Chapter 14 of the Revised Statutes Annotated. The bill was requested by the Legislative Budget Assistant in response to a recent decision of the New Hampshire Supreme Court. The amendment deleted a second section of the bill that would have made changes to the right-to-know law. Vote 12-8.

Rep. Peter E. Franklin for the Minority of Judiciary: The minority view of this bill is that it should be killed. This bill was brought forward in response to the *Goode v. Buckley* case, which was remanded to Superior Court at the beginning of this year. Until we know the final disposition of the case, we are tilting at windmills. It is quite possible that Revised Statutes Annotated (RSA) 91-A has worked quite well and there is no need for any legislation.

Amendment (0339h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to certain work product under the right-to-know law.

Amend the bill by deleting section 3 and renumbering the original section 4 to read as section 3, respectively.

AMENDED ANALYSIS

This bill clarifies that certain work papers are not subject to the right-to-know law.

Adopted.

Rep. Franklin spoke against.

Rep. John Pratt spoke in favor.

On a division vote, 202 members voting in the affirmative and 60 in the negative, the majority report was adopted by the necessary two-thirds.

Ordered to third reading.

CLERK'S NOTE

The constitutionally required two-thirds of the membership was declared present.

HB 505, limiting the liability of manufacturers, distributors, dealers, or importers of firearms or ammunition for damages resulting from the misuse of their products by others. **INEXPEDIENT TO LEGISLATE**

Rep. Peter R. Leishman for Judiciary: The Committee applauds the efforts of the sponsor to limit (frivolous) lawsuits against gun manufacturers, distributors and dealers. However, the majority of the committee believes the proposed legislation is too broad a weapon to protect the firearms community, and that a judge and jury should be trusted to sort out ridiculous claims. To date, there have

been no claims based on misuse against manufacturers of guns in New Hampshire, nor successful actions in other states. Courts have recognized the frivolous nature of these suits. The majority was troubled about other interests that might seek immunity for misuse of their product(s) should this legislation pass. Vote 14-3.

Adopted.

HB 221, establishing a right to work act which provides for freedom of choice on whether to join a labor union. **INEXPEDIENT TO LEGISLATE**

Rep. Ralph F. Woelke for Labor, Industrial and Rehabilitative Services: The committee felt that this was more a statement of principal than a bill and consequently was inappropriate for legislation. Vote 16-1.

Rep. Itse requested a roll call; sufficiently seconded.

The question being adoption of the report.

and the report was adopted.

HB 469-FN-L, relative to the applicable minimum wage for hourly employees. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Russell D. Bridle for the Majority of Labor, Industrial and Rehabilitative Services: There are 644,000 New Hampshire residents employed in 1999 of which 360,000 were hourly wage earners. Approximately 10,000 or 1.5% are tipped employees who typically make substantially more than minimum wage (\$5.15). According to the 1999 statistics approximately 27,000 (4.2%) earned wages ranging from \$5.16 to \$6.14. In contrast to other states in New England, New Hampshire had the second lowest percentage of workers earning less than \$6.15 per hour. The majority of the committee understood that since 1999, wages have climbed higher yet and unemployment lower, allowing for workers to shop for higher paying jobs. An important point in the consideration of a state minimum wage would be the negative impact on some of the very people it would be meant to help. An increase in minimum wage could impact low income workers by changing income qualifications for earned income credit, child and dependent care credit, child tax credit, credit for elderly or the disabled and education credits and SSI. Vote 10-8.

Rep. Jeffrey P. Goley for the Minority of Labor, Industrial and Rehabilitative Services: The minority of the committee felt that New Hampshire's lowest paid workers deserve a raise. Without an increase in the last four years, New Hampshire's most disadvantaged workers have lost pace with the rapid cost increase of fuel, housing and other basic needs.

Reps. Bergin, Martha Fuller Clark, Marshall Quandt and Karen Hutchinson spoke against.

Reps. Cummings, Dickinson and Gilman spoke in favor.

Rep. Norelli spoke against and yielded to questions.

Rep. Martha Fuller Clark requested a roll call; sufficiently seconded.

The question being adoption of the majority report.

PROTEST

Pursuant to Part 2, Article 24 of the New Hampshire constitution, Rep. Rollo requested that his protest be entered on the Journal.

I wish to enter my protest of the vote on HB 469, an act increasing the minimum wage. It is unconscionable to treat working people in such a malicious manner.

HB 452, establishing a committee to study the reimbursement for expenses of legislators. **OUGHT TO PASS**

Rep. Keith R. Herman for Legislative Administration: There has been much discussion and debate over how the legislature should be compensated. Earlier this session the House voted to increase the mileage reimbursement for legislators choosing to receive the state rate. The New Hampshire constitution allows for legislators only to be reimbursed for mileage for actual attendance. It is clear, any change in how we are compensated or reimbursed will require a constitutional change. HB 452 establishes a study committee to recommend changes to our compensation. The study committee can propose a constitutional amendment to be considered by the House next year. The committee is retaining CACR 21 to use as a vehicle for any recommendations from the study committee. If the study committee fails to recommend something, CACR 21 will still be available for House action. Vote 9-4.

Adopted and ordered to third reading.

HB 574, establishing a committee to study the recodification of laws relating to the joint committee on legislative facilities and the application of the right-to-know law. **OUGHT TO PASS**

Rep. Peter F. Bergin for Legislative Administration: It has been a number of years since this issue was studied. After hearing testimony from a number of people in favor of such a study, the committee voted in favor of such a study of the right-to-know law as it applies to the joint committee on legislative facilities. Vote 9-4.

Adopted and ordered to third reading.

HB 251, establishing that local zoning ordinances regulating location are applicable to community living facilities. **INEXPEDIENT TO LEGISLATE**

Rep. Mary R. Cooney for Municipal and County Government: The intent of this bill was to prevent the possibility of any sex offenders being housed in state community living facilities which are located near schools or neighborhoods where children are present. This bill would take away the State's ability to establish a community living facility in the most appropriate location, as required by State and Federal law. There is a need to balance the rights of the disabled and others with the rights of the residents. This bill does not address the problems that might arise with sex offenders living in neighborhoods. By law, they may do so now once a sentence has been served and they have registered with the local police department. In reality, developmentally disabled

persons housed in such a facility are far more regulated and controlled, because of the supervision and services they receive, than a sex offender who is not disabled. A developmentally disabled sex offender, who is incompetent to stand trial for an offense and considered a risk to the community, is housed in a special facility for such offenders. This bill was brought about because the Department of Health and Human Services did not allow public input prior to making the decision to assign such a person to a community facility. The bill had the effect of putting the placement of all citizens with all types of disabilities at risk. This bill would go against the purpose of RSA 126-A "to provide an integrated, administrative structure for the design and delivery of a comprehensive and coordinated system of health and human services which is family-centered and community based for the citizens of New Hampshire." Vote 14-1.

Rep. Patten moved Recommit to committee.

Adopted.

Recommitted to Municipal and County Government.

HB 607-FN-A-L, relative to reimbursement for police assistance provided to schools within a cooperative school district or an authorized regional enrollment area school. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. Robert W. Brundige for the Majority of Municipal and County Government: The committee sympathized completely with the sponsors. We felt that this issue can and should be resolved by the affected associated school boards by placing a line item in the operating budget. Further, the committee was precluded from recommending the passage of this bill because it is a direct violation of Part I, Article 28-a of the New Hampshire Constitution which does not allow the State to require local political subdivisions to pay for new or expanded programs, unless the State is willing to fund that requirement. Vote 10-6.

Rep. Mary R. Cooney for the Minority of Municipal and County Government: The minority feels that the lack of communication between some cooperative school districts and the related hosting towns makes it imperative that an agreement be required to reimburse the hosting town for police costs incurred during the school year. Some cooperative district schools have needed to call police up to 300 times in one year.

Rep. Patten moved Recommit to committee.

Adopted.

Recommitted to Municipal and County Government.

HB 543-FN, establishing the division of ports and harbors within the Pease development authority and transferring all functions, powers, and duties of the New Hampshire state port authority. **OUGHT TO PASS WITH AMENDMENT**

Rep. William E. Leber for Public Works and Highways: This bill was introduced by the majority of the committee to study the organization and operations of the New Hampshire Port Authority (NHPORT) under HB 1559, Chapter 153 of 2000. The bill simply transfers the total operation functions and responsibilities, personnel and properties as a unit to the Pease Development Authority (PDA) to be named the Division of Ports and Harbors. The amendment includes a complete rewrite of the PDA statute RSA 12-G to include the NHPORT statutes as are appropriate to combine the two organizations. Particular care was required in that certain requirements of the Federal government in the transfer of Pease Air Force Base to the state had to be protected and kept separate from the operation of the NHPORT. Therefore, some of the changes were simply identifying the "airport" from the "division" when referring to properties and funds. The PDA legal counsel was involved with the rewrite, and it has been coordinated with the personnel in the Attorney General's Office. The Treasurer reviewed it as to its affect on the various bonding issues. All have indicated the amendment covers the concerns of all agencies. The study committee found that there have been many studies and proposals for changing or combining operations of the NHPORT, starting in 1985 in a Sunset review report, that called for its termination and transfer its responsibilities to other agencies. Further studies in 1991 recognized the similarities of the two agencies and the efficiencies that may accrue through a merger. Other studies followed in the 1990s, and currently the study authorized in Chapter 153, Laws of 2000, which looked at the possibility of assigning the NHPORT to the Department of Transportation, or the Department of Resources and Economic Development or the PDA. The committee recognizes that integration of the functions of the NHPORT with the PDA will allow for faster and more coordinated development and operation of

the Port and Harbors on the Seacoast. Combined administration and marketing efforts will benefit the Seacoast region and all the citizens of the state. The amendment provides for a direct line of authority and responsibility from the PDA Board of Directors to the Division Director of Ports and Harbors, who serves at the pleasure of the Board. The classified employees remain unchanged and continue to serve as state classified employees. The current Board of Directors of the NHPORT will be retained as an Advisory Council to the Division Director on issues of programs, rules, operations, etc., and to insure communications flow both ways, a requirement that the PDA Board shall respond with reasons if a Council recommendation is not accepted. Also, to relieve some concerns that the PDA may develop the Port properties in other ways, the amendment states the ports remain working ports. The amendment also provides that the Director of the Port Authority on the effective date of this act shall serve as initial Director of the Division of Ports and Harbors. The committee considered but rejected a motion to retain this bill, and voted with confidence that this is the time and this is the instrument to effect the change needed for the future strength and stability of the NH ports and harbors on the Seacoast. Vote 17-2.

Amendment (0878h)

Amend the bill by replacing section 2 with the following:

2 State Treasurer; Application of Receipts; Reference Amended. Amend RSA 6:12, I (vvv) to read as follows:

(vvv) Moneys deposited in the harbor dredging and pier maintenance fund established in RSA ~~[271-A:21]~~ **12-G:46**.

Amend the bill by replacing sections 5-6 with the following:

5 Resources and Economic Development; Review of Reports Required; Reference Changed. Amend RSA 12-A:34 to read as follows:

12-A:34 Review of Reports Required. For the purpose of ensuring comparability of impact reports on economic development programs issued under RSAs 4-C:6-a, 12-A:33, ~~[12-G:26-a]~~ **12-G:30**, and 162-A:23-a, the department of resources and economic development, in consultation with the legislative budget assistant, shall periodically review such reports at least once every 5 years and make recommendations to be utilized by the agencies making such reports for an improved and consistent methodology for assessing the quantity and quality of jobs created and saved and the growth potential and environmental impacts of such programs. This section shall not apply to promotional literature.

6 Pease Development Authority. RSA 12-G is repealed and reenacted to read as follows:

CHAPTER 12-G

PEASE DEVELOPMENT AUTHORITY

12-G:1 Declaration of Purpose.

I. The general court recognizes that the closure and redevelopment of Pease Air Force Base is a matter of great concern for the town of Newington, the city of Portsmouth, the seacoast region, and the state of New Hampshire. Therefore, the general court finds that a comprehensive study of all issues related to the closure and redevelopment of Pease Air Force Base is necessary to ensure proper planning and optimal use of the property. The study shall have as a primary concern the impact of the closure and redevelopment of Pease Air Force Base on the economies, environment, and quality of life of the affected communities, the seacoast region, and the state.

II. The general court further recognizes that the economies, environment, and quality of life of the affected communities, the seacoast region, and the state will depend on the speedy and proper redevelopment of Pease Air Force Base. Thus, it is hereby declared to be in the public interest and to be the policy of the state to foster and promote the redevelopment of Pease Air Force Base by implementing the comprehensive conversion and redevelopment plan being prepared by the former Pease Air Force Base redevelopment commission and the Pease development authority.

III. It is further declared that creation of a development authority to implement the comprehensive conversion and redevelopment plan and to promote, oversee, and integrate the development of Pease Air Force Base is in all respects for the benefit of the affected communities, the seacoast region, and the state and for the improvement of their welfare and prosperity, including the creation of employment and other business opportunities. It is also the intent of the general court that the authority be empowered to assume from the Pease Air Force Base redevelopment commission the responsibility for obtaining federal approval of the comprehen-

sive conversion and redevelopment plan and complete any steps in the planning process that may remain incomplete as of July 1, 1990, and to create a development authority with the power, duties, and authority to implement all aspects of the comprehensive conversion and redevelopment plan subject to provisions of this chapter, including without limitation, taking title in the name of the state of New Hampshire, acting by and through the authority, to any or all of Pease Air Force Base.

IV. The general court further recognizes that integration of the functions of the former New Hampshire state port authority with the functions and duties of the Pease Development Authority will allow for faster and more coordinated development of New Hampshire ports with the conversion and redevelopment of Pease Air Force Base. Thus, it is declared to be in the public interest and the policy of the state to combine in one authority all power, authority, and responsibility for the promotion and development of Pease Air Force Base and the ports of New Hampshire for the benefit of the seacoast region and all of the citizens of New Hampshire. It is also the intent of the general court that in the furtherance of its responsibility to promote and develop New Hampshire ports that they remain working ports with due consideration given to the commercial, recreational, and private interests associated therewith.

12-G:2 Definitions. In this chapter:

I. "Airport district" means:

(a) The property conveyed, granted, or otherwise transferred to the authority by the federal government or any agency thereof pursuant to section 13(g) of the Surplus Property Act of 1944, as amended, or such other provision of federal law authorizing transfer of federal surplus property for airport purposes. Property conveyed, granted, or otherwise transferred to the authority in this manner shall automatically become part of the airport district, but may be removed from the airport district by the authority in accordance with the procedures prescribed in RSA 12-G:13, II, after the contraction of the airport district has been approved by the governing body of the municipality in which the land sought to be taken from the airport district is located; or

(b) Property conveyed, granted, or otherwise transferred to the authority by the federal government or any agency thereof, or otherwise acquired by the authority, and declared or designated by the authority as the "airport district" in accordance with the procedures prescribed in RSA 12-G:13, II, after the expansion of the district has been approved by the governing body of the municipality in which the land sought to be added to or taken from the airport district is located. Such property may be subsequently removed from the airport district by the authority in accordance with the procedures prescribed in RSA 12-G:13, II, after the contraction of the airport district has been approved by the governing body of the municipality in which the land sought to be taken from the airport district is located.

II. "Airport project" means the development, construction, reconstruction, maintenance, or operation of any property of the authority or of any airport by the authority, including all real property and tangible and intangible personal property, structures, machinery, equipment, and appurtenances or facilities which are part of such airport or used or useful in connection therewith either as ground facilities for the convenience of handling aviation equipment, passengers, and freight or as part of aviation operation, air navigation, and air safety operation, and excluding any division project.

III. "Airport property" means all real property and tangible and intangible personal property, rights, and facilities of the authority excluding division property.

IV. "Appointing authorities" means the governor and executive council, the president of the senate, the speaker of the house of representatives, the mayor and city council of the city of Portsmouth, and the board of selectmen of the town of Newington.

V. "Authority" means the Pease development authority.

VI. "Board" means the board of directors of the authority.

VII. "Bond" means any bond, note, or other evidence of indebtedness issued under this chapter.

VIII. "Commission" means Pease Air Force Base redevelopment commission established pursuant to 1989, 3:2.

IX. "Director" means a member of the board.

X. "Division" means the Pease development authority, division of ports and harbors.

XI. "Division director" means the director of the division of ports and harbors.

XII. "Division project" means the development, construction, reconstruction, maintenance, or operation of any property of the authority related to the ports, harbors, and navigable tidal rivers of the state under the jurisdiction of the authority, including dredging activities authorized under RSA 12-G:45 and including all real property and tangible and intangible personal property, structures, machinery, equipment, and appurtenances or facilities used or useful in connection therewith and listed on the inventory of division projects maintained pursuant to RSA 12-G:43, I(e).

XIII. "Division property" means all real property and tangible and intangible personal property, rights, and facilities of the authority related to ports, harbors, and navigable tidal rivers administered or operated by the authority through the division and listed on the inventory of division property maintained pursuant to RSA 12-G:43, I(e).

XIV. "Division revenues" means any appropriations received by the division and any rents, profits, fees, charges, receipts, and other income derived or to be derived by the authority from the purchase, sale, leasing, development, or operation of division property or projects and the operation of related facilities located thereon.

XV. "Excess revenues" means those revenues other than division revenues in excess of the funds identified in the audit performed pursuant to RSA 12-G:29 required (a) to pay the costs of operating, maintaining, and repairing all property and projects of the authority except division property and division projects, (b) to pay the costs of administering and operating the authority, including, but not limited to, all wages, salaries, benefits, and other expenses authorized by the board or the executive director except those costs of administering and operating the division, (c) to pay the principal of, and premium, if any, and the interest on the outstanding bonds of the authority, except any bonds issued in relation to any division property or project, as the same become due and payable, (d) to create and maintain reserves established pursuant to RSA 12-G:18 or required or provided for in any resolution authorizing, or any security document securing, such bonds of the authority, (e) to create and maintain a capital improvement fund for airport property and airport projects to be established by the board in an amount not more than \$10,000,000, and (f) to pay all taxes owed by the authority related to its ownership or operation of airport property or airport projects. Excess revenue shall not include any revenues generated from property transferred or conveyed to the authority pursuant to section 13(g) of the Surplus Property Act of 1944, 50 U.S.C. App. section 1622(g), as amended, within the airport district, unless the board and the Federal Aviation Administration deem, in compliance with applicable Federal Law, including but not limited to 49 U.S.C. App. section 2210(a)(12), such revenues to be excess revenues within the meaning of this chapter.

XVI. "Land use controls" means all municipal ordinances and requirements or rules of the authority regulating the use, development, and improvement of property, including, but not limited to, zoning ordinances, subdivision regulations, site plan review regulations, and building, electric, plumbing, and fire codes.

XVII. "Pease Air Force Base" means all land, easements, buildings, structures, and appurtenances owned or controlled by the United States Department of Defense on January 1, 1990, in the towns of Newington and Greenland, or the city of Portsmouth.

XVIII. "Person" means any individual, trust, firm, joint stock company, corporation (including a government corporation), partnership, association, state (including the state of New Hampshire), municipality, commission, United States government or any agency thereof, political subdivision of the state, or any interstate body.

XIX. "Port authority" means the New Hampshire state port authority established pursuant to 1957, 262:1.

XX. "Resolution" means:

(a) The statements of intent adopted by formal vote of the commission on the dates set forth below and related to the following:

- (1) The New Hampshire Air National Guard on August 1, 1989.
- (2) The Pease Air Force Base trash-to-energy plant on August 15, 1989.
- (3) The proposed wildlife refuge at Pease Air Force Base on August 29, 1989.
- (4) Asbestos in housing at Pease Air Force Base on October 10, 1989.
- (5) The provision of health care for military retirees on October 24, 1989.

(b) Any other statement of intent designating a resolution and adopted by the commission since March 20, 1989.

XXI. "Revenues" means the gifts, contributions, and appropriations from any source and the rents, profits, fees, charges, receipts, and other income derived or to be derived by the authority from the purchase, sale, leasing, or development of Pease Air Force Base and the operation of related facilities located thereon and all right to receive the same, including investment earnings and the proceeds of any borrowing hereunder or of any sale or disposition or insurance of any assets of the authority, excluding division revenues.

XXII. "Security document" means any trust agreement, security agreement, or resolution authorizing the issuance of or securing bonds.

XXIII. "State" means the state of New Hampshire.

XXIV. "Surplus Property Act" and all references to section 13(g) of the Surplus Property Act of 1944, as amended, mean any provision of federal law authorizing transfer of federal surplus property for airport purposes, including 49 U.S.C. section 47151(a); 50 U.S.C. App. section 1622(g), as amended, to the extent applicable prior to the enactment of 49 U.S.C. section 47151(a); and any other provision of federal law that may be subsequently enacted that authorizes the transfer of federal surplus property for airport purposes.

XXV. "Vessel" means boats of all sizes propelled by sail, machinery, or hand, scows, dredgers, shellfish cars, and craft of every kind.

12-G:3 Pease Development Authority Established.

I. There is hereby created a body politic and corporate of the state, to be known as the Pease development authority, to carry out the provisions of this chapter. The authority is hereby deemed to be a public instrumentality, and the exercise by the authority of the powers conferred by this chapter shall be deemed and held to be the performance of public and essential governmental functions of the state.

II. Any resolution or contract executed or approved by or on behalf of the commission shall be binding on, shall inure to the benefit of, and shall be performed by, the authority whether so expressed or not. All rights, title, and interest in and to all assets and all obligations and liabilities of the commission vested in or possessed by the commission on June 1, 1990, shall vest in and be possessed, performed, and assumed by the authority. The passing of rights, remedies, duties, covenants, agreements, and obligations in accordance with this paragraph shall not increase or diminish them.

III. Nothing in this chapter shall be construed as requiring the authority to assume, adopt, or otherwise be bound by the bylaws, votes, or decisions of the commission or any advisory committee thereof as set forth in paragraph II and RSA 12-G:44.

IV. Any rule or contract executed or approved by or on behalf of the port authority shall be binding on, shall inure to the benefit of, and shall be performed by, the authority whether so expressed or not. All rights, title, and interest in and to all assets and all obligations and liabilities of the port authority vested in or possessed by the port authority when the duties, functions, and jurisdiction of the port authority are transferred to the authority shall vest in and be possessed, performed, and assumed by the authority. The passing of rights, remedies, duties, covenants, agreements, and obligations in accordance with this paragraph shall not increase or diminish them. Nothing in this chapter shall be construed as precluding the authority from amending or rescinding, to the extent permitted by law, and by law, rule, vote, or decision rendered by the port authority prior to the transfer to the authority of the duties, functions, and jurisdiction of the port authority.

12-G:4 Management by Board of Directors; Executive Director.

I. The management of the authority shall be vested in a board of 7 directors to be appointed as follows:

- (a) One member appointed by the governor and executive council.
- (b) One member appointed by the mayor and city council of the city of Portsmouth.
- (c) One member appointed by the board of selectmen of the town of Newington.
- (d) One member appointed by the president of the senate.
- (e) One member appointed by the speaker of the house of representatives.
- (f) One member appointed jointly by the mayor and city council of the city of Portsmouth and the board of selectmen of the town of Newington.

(g) One member who is nominated by majority vote of the legislative delegation of Strafford county, including the senators whose districts include towns in Strafford county and who is appointed by the governor, the senate president, and the speaker of the house. The member appointed in this

manner shall be a resident of Strafford county and shall serve an initial term of 2 years beginning June 1, 1993. Subsequent terms shall be governed by the provisions of this section. The member appointed in this manner may be removed from office for cause after hearing by the Strafford county legislative delegation.

II. The governor shall appoint the chairman of the board, who shall serve in that capacity at the pleasure of the governor. Directors shall hold office for 3 years and until their successors shall have been appointed. State-appointed directors may be removed from office pursuant to the provisions of RSA 4:1. Directors appointed by the municipal appointing authorities may be removed from office for cause after hearing by the municipal appointing authorities.

III. Four members of the board shall constitute a quorum. A minimum of 4 affirmative votes shall be required for any action of the board, except for the adoption of land use controls, which shall require 5 votes.

IV. The directors shall serve without compensation from the authority, except for such incidental expenses determined by the board to be necessary and incurred while performing business of the authority.

V. Directors shall be residents of the state. No director shall be an elected public official of the state, federal government, or any political subdivision of the state or federal government. Notwithstanding any other provision of law, public employees and appointed officials of the state and any of its political subdivisions may serve, if appointed in accordance with the provisions of this chapter, as directors of the authority.

VI. The board shall appoint an executive director, who shall be the chief executive and administrative officer of the authority and who shall have general and active supervision and direction over the day-to-day business and affairs of the authority and its officers and employees, subject, however, to the direction and control of the board. The executive director shall be responsible for ensuring that all division revenues and all costs associated with operating and maintaining division property and division projects are accounted for separately from all other revenues and costs of the authority and shall perform all such other duties as from time to time may be assigned to the executive director by the board. The executive director shall hold office for an indefinite term at the pleasure of the board. The executive director shall also be the secretary of the authority, shall keep a record of the proceedings of the authority, and shall be the custodian of all books, documents, and papers filed with the authority and of its minute book and seal. The executive director shall have the power to cause copies to be made of all minutes and other records and documents of the authority and to give certificates under the seal of the authority to the effect that such copies are true copies, and all persons dealing with the authority may rely upon such certificates. The executive director may employ such assistants, legal counsel, and clerical and administrative staff as is directed by the board and within the limits of funds available for that purpose. The executive director may from time to time, with the prior consent of the board, establish and maintain such operating divisions within the authority as he or she shall deem necessary for the proper and efficient conduct of business under this chapter and may assign such staff members to any such division. The salary of the executive director shall be established by the board.

12-G:5 Statements of Financial Interests; Content; Form.

I. Every member of the board shall file by July 1 of each year a verified written statement of financial interests in accordance with the provisions of this section, unless the member has already filed a statement in that calendar year.

II. A member of the board shall not be allowed to enter into or continue his or her duties, unless the member has filed a statement of financial interests with the secretary of state.

III. Statements of financial interests shall contain the following information:

(a) The name, address, and type of any professional, business, or other organization in which the reporting individual was an officer, director, associate, partner, proprietor, or employee, or served in any other professional or advisory capacity, and from which any income in excess of \$10,000 was derived during the preceding calendar year.

(b) The description of any debt and the name of the creditor for all debts in excess of \$5,000 owed by the reporting individual, as well as the description of any debt and the name of the debtor for all debts in excess of \$5,000 owed to the reporting individual, but only if the creditor or debtor, respectively, or any guarantor of the debt, has done work for or business with the state in the preceding calendar year. Loans issued by financial institutions whose normal business includes the

making of loans of the kind received by the reporting individual, and which are made at the prevailing rate of interest and in accordance with other terms and conditions standard for such loans at the time the debt was contracted need not be disclosed. Debt issued by publicly-held corporations and purchased by the reporting individual on the open market at the price available to the public need not be disclosed.

IV. The statement of financial interests shall be completed by typewriting or hand printing, and shall be verified, dated, and signed by the reporting individual personally. It shall be submitted on a form prescribed by the secretary of state.

12-G:6 Disqualification of Member. If any director, or the spouse or issue of any director, shall be interested either directly or indirectly or shall be a director, officer, or employee of or have an ownership interest in any firm or corporation interested directly or indirectly in any contract or other matter with the authority, including any loan to any eligible mortgagor or loan to or purchase of any loan from any lending institution, such interest shall be disclosed to the board and shall be set forth in the minutes of the board. The member having such interest shall not participate on behalf of the authority in any proceedings or decision relating to such contract or matter.

12-G:7 Duties.

I. The authority assumes from the commission and shall perform the following duties:

(a) Monitoring the proposed closing of Pease Air Force Base.

(b) Conducting a comprehensive study of all issues related to the closure, conversion, redevelopment, and future use of Pease Air Force Base. This study shall have as a primary concern the impact of the closure and redevelopment of Pease Air Force Base on the economies, environment, and quality of life of the affected communities, the seacoast region, and the state.

(c) Reviewing all options relative to the most appropriate use of Pease Air Force Base.

(d) Formulating and adopting a comprehensive plan for conversion and redevelopment of Pease Air Force Base and submitting this plan to the federal authorities no sooner than 30 days following submission to the appointing authorities.

(e) Submitting the comprehensive plan for the conversion and redevelopment of Pease Air Force Base to the appropriate agency or agencies of the federal government.

II. The authority shall at all times act in a manner which is consistent with the public good and pursuant to this chapter shall seek to implement the comprehensive plan for the conversion and redevelopment of Pease Air Force Base identified in paragraph I.

12-G:8 Incorporation; Powers. The authority shall have all of the powers necessary or convenient to carry out the purposes and provisions of this chapter, including the power:

I. To sue and be sued in all courts and to initiate or participate in actions and proceedings, whether judicial, administrative, arbitral, or otherwise.

II. To have a seal, and to alter such seal at pleasure and to use it by causing it or a facsimile to be affixed or impressed or reproduced in any manner.

III.(a) To employ or retain as independent contractors architects, engineers, attorneys, accountants, and such other advisors and employees, consultants, and agents as may be necessary in its judgment without regard to any personnel or civil service law or personnel or civil service rule of the state, to prescribe their duties and qualifications, and to fix and pay their compensation, if any.

(b) To appoint qualified individuals to serve as unpaid volunteers or advisors under such terms and conditions as it may deem necessary. Such volunteers or advisors may be reimbursed for such incidental expenses determined by the board to be necessary and incurred while performing the business of the authority.

IV. To purchase, receive, take by grant, gift, devise, bequest, or otherwise, lease, or otherwise acquire, own, hold, improve, employ, use, and otherwise deal in and with property or any interest therein, whether tangible or intangible, for its purpose.

V. To sell, convey, lease, exchange, transfer, abandon, or otherwise dispose of, or mortgage, pledge, or create a security interest in, all or any of its airport or division property or any interest therein, except that no real property of the division may be sold, conveyed, exchanged, transferred, or otherwise disposed of, except by license, lease, or other agreement subject to a term of not more than seven years, without the prior approval of the governor and the executive council.

VI. To apply for and accept gifts, loans, grants, property, funds, money, materials, labor, supplies, or services from the United States of America or its agencies or departments or any state agency or any political subdivision of the state, or any other person, to carry out the terms and

provisions of, or make agreements with respect to, any such gifts, loans, or grants, and to do any and all things necessary, useful, desirable, or convenient in connection with procuring, accepting, or disposing of such gifts, loans, or grants.

VII. To purchase, take, receive, subscribe for, or otherwise acquire, hold, make a tender offer for, vote, employ, sell, lend, lease, exchange, transfer, or otherwise dispose of, mortgage, pledge, or grant a security interest in, use, or otherwise deal in and with, bonds and other obligations, shares, or other securities or interests therein issued by others, whether engaged in a similar or different business or activity.

VIII. To make and execute agreements, contracts, and other instruments necessary or convenient in the exercise of the powers and functions of the authority under this chapter, including contracts with any person, firm, corporation, municipality, state agency, governmental unit, or other entity, foreign or domestic, provided that no contract in excess of \$10,000, including contracts under paragraphs III and XV, shall be made without requests for proposal. This requirement may be eliminated by an affirmative vote of 5 members of the board on any particular matter. Justification for eliminating the requirement shall be recorded in the minutes of the meeting.

IX. To borrow money for purposes not related to division property or division projects at such rate or rates of interest as the authority may determine, issue its notes, bonds, or other obligations to evidence such indebtedness, and secure any of its obligations by mortgage or pledge of all or any of its airport property or any interest therein, tangible or intangible, whether then owned or thereafter acquired.

X. To arrange for guaranties of its notes, bonds, or other obligations pursuant to RSA 12-G:31 by the federal government or by any private insurer or otherwise, and to pay any premiums therefor.

XI. To issue such notes, bonds, or other obligations, whether or not the income therefrom to the holders is exempt from federal income taxation.

XII. To purchase notes, bonds, or other obligations of the authority at such price or prices, in such manner, and upon such terms as the authority may determine.

XIII. To invest and reinvest its funds, and take and hold property as security for the payment of funds so invested.

XIV. To procure insurance against any loss in connection with its airport or division property or projects in such amount or amounts and from such insurers, including the federal government, as it may deem necessary or desirable, and to pay any premiums therefor. Nothing in this paragraph shall be construed as a waiver of the sovereign immunity of the state except as authorized under RSA 491:8.

XV. To enter into and perform contracts and agreements, whether or not they may be deemed to constitute indebtedness under applicable law, for the joint and separate planning, financing, construction, purchase, operation, maintenance, use, sharing costs of, ownership, mortgaging, leasing, sale, disposal of, or other participation in facilities, products, or services of any person who engages in business on property owned or controlled by the authority.

XVI. To maintain a principal office in the state and an office or offices at such other place or places as it may determine.

XVII. To make any inquiry, investigation, survey, feasibility study, or other study which the authority may deem necessary to enable it to carry out effectively the provisions of this chapter.

XVIII. To apply to the appropriate agencies and officials of the federal government and the state for licenses, permits, or approvals of its plans, airport projects, or division projects as it may deem necessary or advisable, and to accept such licenses, permits, or approvals as may be tendered to it by such agencies or officials, upon such terms and conditions as it may deem appropriate.

XIX. To make bylaws and establish committees for the management and regulation of its affairs as it may deem necessary, and subject to agreements with bondholders, to make rules pursuant to its own procedures for the use of its airport projects and property and division projects and property, including but not limited to zoning, subdivision, and site plan review regulations, and building, electric, plumbing, and fire codes, and to establish and collect rentals, fees, and all other charges for the use of projects under the jurisdiction of the authority and for services or commodities sold, furnished, or supplied by the authority.

XX. To design, construct, maintain, operate, improve, and reconstruct such airport projects and division projects as shall be consistent with the purposes and provisions of this chapter, including without limitation the maintenance and development of aviation and port services, includ-

ing landing fields, heliports, hangars, shops, passenger and freight terminals, control towers, piers, wharves, navigation aids, and all facilities necessary or convenient in connection with any such airport project or division project and also to contract for the construction, operation, or maintenance of any parts thereof, or for services to be performed thereon, and to rent parts thereof and grant concessions thereon, all on such terms and conditions as the authority may determine.

XXI. To take such other action as it may deem necessary and advisable in the furtherance of the purposes of this chapter.

12-G:9 General Authority Power. In addition to the powers and duties specifically enumerated in RSA 12-G:7, RSA 12-G:8, and RSA 12-G:42, the authority shall have every power enumerated in the laws of the state granted to the authority, the division, the executive director, the division director, the port authority, or any administrative unit of the authority.

12-G:10 Coordination With Department of Resources and Economic Development. The authority shall coordinate its publicity efforts and the activities of the division with the department of resources and economic development.

12-G:11 Status of Authority Employees; Entitlement to State Benefits; Reimbursement of Costs.

I. Except for any classified employee of the division, the authority may hire, fix, and pay compensation, prescribe duties and qualifications, and establish personnel policies without regard to any personnel or civil service law or personnel or civil service rule of the state. Except for any classified employee of the division, the employees of the authority shall not be classified employees of the state within the meaning of RSA 21-I:49. Except for any classified employee of the division, any individual employed by the authority shall be deemed an employee at will and shall serve at the pleasure of the authority.

II. Notwithstanding the provisions of paragraph I, any individual employed by the authority, except for any classified employee of the authority, whose employment calls for 30 hours or more work in a normal calendar week, and whose position is anticipated to have a duration of 6 months or more, shall be entitled to elect to receive such health, dental, life insurance, deferred compensation, and retirement benefits as are afforded to classified employees of the state provided, however, that the election is made in writing within 30 days of the start of employment. Upon election by such individual, the authority shall pay from its revenues the state's share of such benefits. Any remaining costs of health, dental, life insurance, deferred compensation, and retirement benefits which an individual elects to receive pursuant to this section, shall be withheld from such individual's salary as a payroll deduction. Written notice of the availability of these benefit options shall be provided to each individual upon employment by the authority. This paragraph shall not apply to any classified employee of the division.

III. The state classified positions of the port authority shall be transferred to the authority when the duties, functions, and jurisdiction of the port authority are transferred to the authority. Any person employed in such a position at the time of such transfer or at any time subsequent thereto shall be deemed a classified employee of the division. All classified employees of the division shall be classified employees of the state of New Hampshire within the meaning of RSA 21-I:49 and shall be subject to all requirements, and be entitled to all benefits and emoluments, of the state personnel system. Nothing herein shall preclude the general court from increasing or decreasing the number of classified positions within the division.

IV. Notwithstanding any other provision of law, the authority or the executive director may assign as necessary any employee of the authority with appropriate skills and training to perform any responsibility, task, or duty assigned by statute to the authority or the division, including without limitation, on a temporary basis, any responsibility, task, or duty previously or otherwise assigned to any classified employee of the division. To the extent that the wages, salary, benefits, or other expenses, including without limitation reasonable overhead expenses, of any employee of the authority assigned to carry out any responsibility, task, or duty of the division are paid from the fund established under RSA 12-G:36 or revenues of the authority other than division revenues, such fund or other source of revenue shall be reimbursed for the cost of such wages, salary, benefits, and other expenses, including without limitation reasonable overhead expenses, from funds drawn from the fund established under RSA 12-G:37 and, to the extent authorized, from the fund established under RSA 12-G:46. The executive director of the authority, subject to the approval of the board, is authorized to determine and fix, as necessary, rates of reimbursement.

12-G:12 Coordination Between State and Federal Governments.

I. In addition to any other duties set forth in any provision of this chapter, the authority shall coordinate with, and provide information to, the United States Department of Defense, and any official or employee thereof, regarding any matter related to the ownership, condition, closure, conversion, redevelopment, or future use or operation of Pease Air Force Base. Notwithstanding any other provision of law, no political subdivision of the state shall submit any plan regarding the closure, conversion, redevelopment of future use, or operation of Pease Air Force Base without the prior approval of the authority.

II. Notwithstanding any provision of law, except for the authority, no political subdivision or any agency of the state or governmental unit thereof, may apply for or receive pursuant to any provision of federal law any funds, grants, or other assistance from the Office of Economic Adjustment within the United States Department of Defense relative to the closure, conversion, redevelopment, or future use of Pease Air Force Base without prior approval of the authority. Except for the authority, no state political subdivision, or any agency or governmental unit thereof, shall apply for or receive any funds, grants, or other assistance from any agency of the federal government relative to the closure, conversion, redevelopment, or future use of Pease Air Force Base without prior notification to the authority. The provisions of this paragraph shall not apply to the adjutant general or to school administrative units for the city of Portsmouth or the town of Newington.

III. Except for the adjutant general and notwithstanding any other provision of law, the authority shall be the only person in the state authorized to negotiate, purchase, or otherwise obtain on behalf of the state or any of its political subdivisions any fee ownership, easement, lease, or other property interest in any property in, or on a part of, Pease Air Force Base, except that the town of Newington may negotiate for and reacquire from the federal government the "Old Stone School" and associated yard located on Nimble Hill Road and the city of Portsmouth may negotiate for and acquire Jones School and Brackett School and associated yards located on Northwood Road and Rockingham Drive, respectively. The board may grant exemptions in its sole discretion from this provision to any state agency or political subdivision on such terms and conditions as it may deem appropriate.

IV. Notwithstanding any other provision of law, the authority shall be the only person authorized in the state to accept on behalf of the state or any of its political subdivisions any title to, or any other interest in, the runway, taxiways, parking aprons, hangars, control tower, airspace, or other property or related facilities at Pease Air Force Base, from the United States pursuant to section 13(g) of the Surplus Property Act of 1944 (50 U.S.C. App. section 1622(g)), as amended.

12-G:13 Local Land Use Controls.

I. Notwithstanding any other provision of law, any and all land use controls of the town of Newington and the city of Portsmouth shall not apply to any of the property at Pease Air Force Base transferred, conveyed, or otherwise granted to the authority by the federal government or any agency thereof. The authority shall have the exclusive jurisdiction in adopting and establishing land use controls for the property at Pease Air Force Base transferred, conveyed, or otherwise granted to the authority by the federal government or any agency thereof.

II. The authority shall adopt land use controls including, without limitation, regulations to establish zones, building codes, subdivision regulations, site plan review, and fire codes in order to implement the comprehensive conversion and redevelopment plan prepared by the commission no later than December 31, 1991. All land use controls and amendments to such controls shall be enacted in accordance with rules of procedure adopted by the authority and shall include at least one public hearing. In order to adopt, amend, interpret, or override any land use control, 5 affirmative votes of the authority shall be required. All land use controls enacted by the authority shall be filed in the Rockingham county registry of deeds, the clerk's office for the town of Newington, the clerk's office for the city of Portsmouth, and the New Hampshire office of state planning. This paragraph shall not apply to any division property or projects listed on the inventory required under RSA 12-G:43, I(e).

III. In adopting land use controls, the authority may adopt, in whole or in part, the land use controls of the town of Newington and/or the city of Portsmouth. If the authority opts not to adopt the land use controls of Newington and/or Portsmouth, in whole or in part, the authority shall adopt its own land use controls which are consistent with the comprehensive conversion and develop-

ment plan prepared by the commission and consistent with the master plans of the town of Newington and the city of Portsmouth. This paragraph shall not apply to any division property or projects listed on the inventory required under RSA 12-G:43, I(e).

IV. The land use controls and any amendments to them adopted by the authority shall only apply to all airport property at Pease Air Force Base acquired by the authority from the federal government or any agency thereof, and shall remain applicable and enforceable after the sale, lease, assignment, or other transfer of any or all of such property to such person by the authority. All other property at Pease Air Force Base shall be subject to all land use controls of the municipalities in which such property is located. This paragraph shall not apply to any division property or projects listed on the inventory required under RSA 12-G:43, I(e).

V. With the exception of the airport zone and that portion of the airport industrial zone acquired by the authority pursuant to the Surplus Property Act of 1944, section 13(g), in the enforcement of land use controls, the following shall apply to property located at Pease Air Force Base:

(a) The authority shall delegate enforcement of the land use controls to the appropriate land use boards of the town of Newington and the city of Portsmouth for airport property within each municipality, respectively.

(b) If the town of Newington or the city of Portsmouth, as appropriate, rejects the enforcement on the basis of Part I, Art. 28-a of the New Hampshire constitution, the authority may delegate such enforcement to the community which did not reject it or to another community. If the town of Newington and/or the city of Portsmouth elects to perform said enforcement, the building inspection services, zoning enforcement services, and planning services of Portsmouth and/or Newington shall be made available to the authority for all land within the authority's control. In addition, the building code boards of appeal, the zoning boards of adjustment, and the planning boards of the respective municipalities shall process building code appeals, administrative appeals, special exception and variance requests, as well as subdivision, site plan review, and conditional use applications. The only charge that may be made for such services shall be the standard application fees charged by the municipalities for local permits.

(c) In all instances, the authority shall retain the power to make the final decision regarding applicability, interpretation, and enforcement of its land use controls, which shall require 5 affirmative votes.

(d) Any action of the authority in the exercise of its powers under this section shall be subject to a motion for rehearing and appeal in accordance with the appropriate provisions of RSA 677. In addition to any other person deemed to be an aggrieved person, the city of Portsmouth and the town of Newington and any abutters shall have standing to appeal land use decisions made by the authority.

(e) Any property located at the former Pease Air Force Base which is sold, leased, or otherwise conveyed by the United States government to any person other than the state of New Hampshire or one of its political subdivisions shall be in full compliance with all applicable municipal land use regulations, building codes, electrical codes, plumbing codes, and related codes prior to being occupied for any use by any person.

VI. The authority, after notice and hearing and in addition to any contract right or other power, may impose an administrative fine not to exceed \$2,000 for each offense upon any person who violates any provision of the authority's land use controls applicable to the airport zone or that portion of the airport industrial zone acquired by the authority pursuant to the Surplus Property Act of 1944, section 13(g). The proceeds of any administrative fine levied pursuant to this section shall be deposited in the Pease Development Authority Airport Fund. The authority shall adopt rules relative to:

(a) A schedule of administrative fines which may be imposed under this paragraph for violations of the authority's land use controls as provided in this paragraph;

(b) Procedures for notice and hearing prior to imposition of an administrative fine; and

(c) Procedures for rehearings and appeals to the board.

Any final action by the board in the exercise of the authority's powers under this section shall be subject to appeal in accordance with RSA 677.

VII. Notwithstanding any provisions of this section, all property on Pease Air Force Base west of McIntyre Road shall be designated a wildlife preserve under the control of the United States Department of the Interior, United States Fish and Wildlife Service, National Wildlife Refuge, or other appropriate federal or state agency. Except for the establishment of a national veteran cemetery, the authority shall not permit the development of the property designated a wildlife refuge or preserve.

VIII. In any event, regulatory power over all land use controls at Pease Air Force Base except for the airport district and all property west of McIntyre Road designated as a wildlife preserve shall revert exclusively to the municipalities no later than January 1, 2020, or sooner at the election of the authority.

12-G:14 Limitations on State and Local Taxation; Provision of Services.

I. The exercise of the powers granted by this chapter shall be in all respects for the benefit of the people of the state, for their well-being and prosperity, and for the improvement of their social and economic conditions, and, except as provided in paragraph II, the authority shall not be required to pay any tax or assessment on any property or project owned by the authority under the provisions of this chapter or upon the revenues from such property or project, nor shall the authority be required to pay any recording fee or transfer tax of any kind on account of instruments recorded by it or on its behalf. Nothing in this section shall be construed to exempt any transferee, lessee, or tenant of the authority from paying any recording fee, transfer tax, or other tax required by state law.

II. All airport property within the boundaries of Pease Air Force Base but outside of the airport district located thereon that is owned or occupied by a person, other than the authority or any other entity exempted from taxation under RSA 72:23, shall be taxable by the municipality in which the property is located as though such property were not owned by the exempt entity and were held in fee simple. Upon leasing or renting by the authority of any of its airport property outside the airport district to a non-exempt entity for any use, the municipality in which such property is located shall subject such property to any and all applicable property taxes of the municipality as though such property were not owned by the state or authority and were held in fee simple. Tax payments shall be made as follows:

(a) In the case of such airport property rented from the authority, the renter shall pay, in lieu of real estate taxes, to the municipality in which the property is located an amount equal to the amount that would have been paid as ad valorem taxes in respect to such property, had it been owned by a nongovernmental person.

(b) In the case of such airport property leased from the authority, the lessee of such property shall pay all taxes duly assessed against such property no later than the due date. If the lessee fails to pay such duly assessed taxes by the due date:

(1) Interest shall accrue on the unpaid taxes at a rate of 18 percent per annum from the due date until such taxes are paid;

(2) The municipality in which the leased airport property is located shall have a lien, subordinate only to any existing lien of the authority or the state, upon any personal property including, but not limited to, equipment owned by the lessee, which lien shall continue in force from the due date until the taxes and accrued interest are paid; and

(3) The municipality may bring suit against the lessee in any court of competent jurisdiction for the recovery of any unpaid taxes and interest, together with reasonable attorney's fees and costs.

(c) Such tax payments shall be made at the times and in the manner prescribed for ad valorem property taxes for nongovernmental persons and shall be based on the valuation of the property determined by the respective municipality for such purpose, subject to any equalization or proportionality factor to be applied within such municipality. If the lessee or authority determines that any valuation made by a municipality is excessive, it may seek a reduction of the valuation by following the procedures prescribed in RSA 76 for the abatement of taxes.

III. For all airport property within the boundaries of Pease Air Force Base and within the airport district that is owned, leased, or occupied by a person, other than the authority, who is subject to the payment of a municipal services fee in lieu of real estate taxes for the provision of services by or on behalf of the authority which are traditionally provided by the town of Newington and/or the city of Portsmouth, and to the extent such municipal services fee is based in whole or in part on the valuation of the property by the respective municipality for such purpose, subject to any equalization or proportionality factor to be applied within such municipality, if the lessee or authority determines that any valuation made by a municipality is excessive, it may seek a reduction of the valuation by following the procedures prescribed in RSA 76 for the abatement of taxes.

IV. Notwithstanding any other provision of law:

(a) Security for all land and buildings within the airport district and security for all flights at Pease Air Force Base shall be provided by the authority. All other police services within the airport district shall be provided by the municipalities. Any municipality providing police services to the

authority within the airport district shall be reimbursed in timely manner pursuant to a contract with the authority for all costs incurred by the municipality in providing such services, including but not limited to, salaries, benefits, insurance, equipment, and associated administrative expenses.

(b) The provision of all other services to land, buildings, and people in the airport district which are traditionally provided by the town of Newington and/or the city of Portsmouth shall be exclusively the responsibility of the authority. These services shall include, but not be limited to, the provision of fire protection, roadway maintenance, runway and parking apron maintenance, maintenance of all underground storage facilities, public assistance, public education, and public utilities. In accordance with the provisions of RSA 12-G:8, VIII, the authority may contract with any person for the provision of these services.

(c) Outside of the airport district the provision of the municipal services by the towns of Greenland and Newington and the city of Portsmouth shall be governed by the general law of the state and the other provisions of this chapter.

V. Notwithstanding any other provision of law, all property formerly held by the port authority and transferred to the authority, or acquired by the authority pursuant to RSA 12-G:39, is declared to be public property and shall be exempt from all taxes and special assessments of the state or any political subdivision thereof; provided that in lieu of such taxes the authority shall make payments to the city of Portsmouth in the amount of \$30,000 annually for the tax year commencing April 1, 2001, and each subsequent tax year for highway maintenance, fire protection, and other services.

12-G:15 Distribution of Excess Revenues.

I. Subject to the limitations contained in RSA 12-G:2, XV, excess revenues of the authority may be distributed by the board annually within 30 days of the end of the authority's fiscal year as follows:

(a) 50 percent to the state treasurer for deposit in the general fund.

(b) 50 percent to the town of Newington, the town of Greenland, and the city of Portsmouth, to be distributed based upon the ratio of the equalized assessed value of the real property within the boundaries of Pease Air Force Base, but not including the airport district, located within the town or city limits of each municipality to the total equalized assessed value of all such property.

II. Before any excess revenues are distributed pursuant to subparagraphs I(a) and (b), the authority shall reimburse in full on a pro rata basis the state, the town of Newington, and the city of Portsmouth for all funds provided to the commission or authority since March 30, 1989.

III. The annual report prepared by the authority pursuant to RSA 12-G:29 shall include a detailed explanation of any distribution of excess revenues made pursuant to this section or of any decision by the board not to make such distribution.

12-G:16 Limited Liability of State and Municipalities.

I. Except as provided in paragraphs II and III of this section, all obligations and liabilities incurred by the authority related to airport property or airport projects, whether arising from bonds, contracts, or otherwise, shall be corporate obligations of the authority and not general obligations of the state or any political subdivision thereof, and neither the full faith and credit nor the taxing power of the state, nor any subdivision thereof is pledged to support such obligations, except as provided in RSA 12-G:31, nor shall they be deemed a debt of the state or any political subdivision thereof in determining its borrowing capacity under any applicable law.

II. Any agreement between the United States and any agency thereof and the authority shall constitute a binding agreement between the United States and the state. Any agreement between the United States and the authority obligating the state to expend funds may be satisfied in full by revenues, bond proceeds, or other funds provided by the authority in the first instance, and if such funds are insufficient, then the obligations shall be satisfied by the state from other funds. Furthermore, any agreement between the United States and the authority requiring payment of funds by the authority to purchase any property at Pease Air Force Base shall be satisfied in full by revenues, bond proceeds, or other funds provided by the authority, and such payment shall not require a pledge of the full faith and credit of the state, except as otherwise provided under RSA 12-G:31.

III. All obligations and liabilities incurred by the authority related to division property or division projects, whether arising from bonds, contracts, or otherwise, shall be general obligations of the state of New Hampshire.

12-G:17 Issuance of Bonds. The authority may issue bonds which shall be obligations of the authority and not general obligations of the state, except as provided in RSA 12-G:31. Such bonds

may be issued from time to time consistent with the purposes and provisions of this chapter, including, without limitation, financing the preacquisition costs and other costs of acquisition of any property or interest therein at Pease Air Force Base, or for any costs incurred in undertaking any airport project authorized by this chapter, or for paying or refunding any bonds issued pursuant to this section or interest thereon. The principal of, and premium, if any, and interest on all bonds shall be payable solely by the authority in accordance with the provisions of this chapter. Prior to each new issuance of bonds, the authority shall provide written notice to the state treasurer of the maximum amount of bonds proposed to be issued. The bonds shall be issued by the authority in such amounts as the board shall determine, not exceeding in the aggregate \$250,000,000. Bonds of each issue shall be dated, shall bear interest at such rate or rates, including rates variable from time to time as determined by such index, banker's loan rate, or other method as may be determined by the board, and shall mature at such time or times as may be determined by the board, except that no bonds shall mature more than 30 years from their date of issue. Bonds may be made redeemable before maturity either at the option of the authority or at the option of the holder, or upon the occurrence of specified events, at such price or prices and under such terms and conditions as may be fixed by the board prior to the issuance of the bonds. The board shall determine the form and details of the bond. Subject to RSA 93-A, the bonds shall be signed by at least 4 members of the board. The bonds may be sold in such manner, either at public or private sale, for such price, at such rate or rates of interest, or at such discount in lieu of interest as the board may determine.

12-G:18 Security Documents. Any bonds issued pursuant to RSA 12-G:17-28 may be issued pursuant to and entitled to the benefits of a security document between the authority and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the state, or by a security document directly between the authority and the purchasers of the bonds, and such security document shall be in such form and executed in such manner as may be determined by the board. Such security document may include the mortgage, pledge, or grant of a security interest in any airport property of the authority and may pledge or assign, in whole or in part, the revenues held or to be received by the authority, excluding any division revenues, any contract or other rights to receive the revenues, whether then existing or thereafter coming into existence and whether then held or thereafter acquired by the authority, and any proceeds thereof, excluding any division revenues. Such security documents may contain provisions for protecting and enforcing the rights, security, and remedies of the bondholders as may, in the discretion of the board, be reasonable and proper and not in violation of law. Such security documents may include provisions defining defaults and providing for remedies in the event of defaults, which may include the acceleration of maturities and the enforcement of any mortgage, pledge, or security interest, and covenants setting forth the duties of, and limitations on, the authority in relation to the custody, safeguarding, investment, and application of moneys, the issue of additional or refunding bonds, the fixing, revision, and collection of rates, charges, and other revenues, the use of any surplus bond proceeds, the establishment of reserves, the acquisition of any property or interest therein, or undertaking of any project, any contracts relating thereto, and subsequent amendments of such provisions and contracts. It shall be lawful for any bank or trust company to act as a depository or trustee of the proceeds of bonds, revenues, or other moneys under a security document and to furnish such indemnification or to pledge such securities and issue such letters or lines of credit or credit facilities as may be required by the authority acting under RSA 12-G:17-28. Any such security document may set forth the rights and remedies of bondholders and of the trustee and may restrict the individual right of action by bondholders.

12-G:19 Credit Facilities and Insurance. Any bonds issued pursuant to RSA 12-G:17-28 may be issued pursuant to lines of credit or other banking arrangements under such terms and conditions not inconsistent with this chapter, and under such agreements with the purchasers or makers thereof, as the board may determine to be in the best interests of the authority. In addition to other security provided herein or otherwise by law, bonds issued by the authority pursuant to RSA 12-G:17-28 may be secured, in whole or in part, by insurance or by letters or lines of credit or other credit facilities issued to the authority by any bank, trust company, or other financial institution, within or without the state, and the authority may make any pledge, mortgage, assignment, or security interest in respect of its airport property and revenues other than division revenues as security for the reimbursement by the authority to the issuers of such letters or lines of credit, insurance, or credit facilities or any payments made thereunder.

12-G:20 Perfection and Priority of Mortgage, Pledge, or Security Interest. Any mortgage, pledge, or security interest made by the authority under RSA 12-G:17-28 shall be valid and binding and shall be deemed continuously perfected for the purposes of RSA 382-A and all other laws from the time when the mortgage, pledge, or security interest is made. The airport property or revenues other than division revenues so mortgaged, pledged, or subjected to a security interest then held or thereafter acquired or received by the authority shall immediately be subject to the lien of such mortgage, pledge, or security interest without any physical delivery or segregation thereof or further act. The lien of such mortgage, pledge, or security interest shall be valid and binding against all parties having claims of any kind in tort, contract, or otherwise against the authority, irrespective of whether such parties have notice thereof. No such property or revenues may be used in a manner inconsistent with the terms governing such mortgage, pledge, or securities interest. Any agreement by which a pledge or security interest in personal property is created under RSA 12-G:17-28 shall be filed or recorded in the records of the secretary of state. Any mortgage or other agreement by which a security interest in real property is created under RSA 12-G:17-28 shall be filed with the register of deeds for Rockingham county.

12-G:21 Enforcement of Rights. Any owner of a bond issued under the provisions of RSA 12-G:17-28 and any trustee under a security document securing the same, except to the extent the rights given in this section may be restricted by such security document, may bring suit upon the bonds and may, either at law or in equity, by suit, action, mandamus, or other proceeding for legal or equitable relief, protect and enforce any and all rights under the laws of the state granted hereunder or under such security document and may enforce and compel performance of all duties required by this chapter or by such security document to be performed by the authority or by any director or officer of the authority.

12-G:22 Refunding Bonds. The authority, when authorized by the board, may issue refunding bonds for the purpose of paying any bonds issued under the provisions of RSA 12-G:17-28 at or prior to maturity or upon acceleration or redemption. Refunding bonds may be issued at such times prior to the maturity or redemption of the bonds being refunded as the board may determine. The refunding bonds may be issued in sufficient amounts to pay or provide the principal of the bonds being refunded, together with any redemption premium thereon, any interest accrued or to accrue to the date of payment of such bonds, the expenses of issue of the refunding bonds, the expenses of redeeming the bonds being refunded, and such reserves for debt service or other expenses from the proceeds of such refunding bonds as may be required by a security document securing the bonds. The authorization and issue of refunding bonds, the maturities and other details thereof, the security thereof, the rights of the holders thereof, and the rights, duties, and obligations of the authority in respect to the same shall be governed by the provisions of RSA 12-G:17-28 relating to the issue of bonds other than refunding bonds insofar as the same may be applicable.

12-G:23 Separate Funds. Any debt service fund, construction fund, debt service reserve fund, or other fund established in connection with the issuance of bonds pursuant to RSA 12-G:17-28 shall be kept separate from other moneys of the authority. The moneys deposited in any such funds, together with the income derived from any investments held as part of such funds, shall be expended without further authorization or appropriation as provided for in the security document establishing such funds.

12-G:24 Investment of Funds. Moneys in any fund or account created under the provisions of RSA 12-G:17-28, subject to the terms and provisions of any security document applicable thereto, may be invested. Except as otherwise provided by any such security document, obligations so purchased as an investment of money in said fund or account shall be deemed at all times to be part of said fund or account, and the interest thereon and any profit arising from the sale thereof shall be credited to said fund or account, and any loss resulting on their sale shall be charged to said fund or account, respectively.

12-G:25 Alteration of Rights of Bondholders. The state does hereby pledge to and agree with the holders of bonds issued RSA 12-G:17-28 that the state shall not limit or alter the rights hereby vested in the authority to fulfill the terms of any agreements made with the said holders of such bonds or in any way impair the rights and remedies of such holders until such bonds, together with the interest on them, with the interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such holders, are fully met and discharged. The authority is authorized to include this pledge and agreement of the state in any agreement with the holders of such bonds.

12-G:26 Tax Exemption. Bonds issued pursuant to RSA 12-G:17-28 and their transfer and income, including any profit made on their sale or transfer, shall at all times be exempt from all taxation by or within the state.

12-G:27 Investment Securities. Notwithstanding any of the provisions of RSA 12-G:17-28 or any recitals in any bonds issued pursuant to RSA 12-G:17-28, all such bonds shall be deemed to be investment securities under RSA 382-A.

12-G:28 Eligible Investments. Bonds issued under the provisions of RSA 12-G:17-28 are hereby made securities in which all public officers, agencies and authorities of the state and of its political subdivisions, insurance companies, investment companies, executors, administrators, trustees, and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds are hereby made securities which may properly and legally be deposited with and received by any state or municipal officer or any agency, authority, or political subdivision of the state for any purpose for which the deposit of bonds or obligations of the state or any political subdivision is now or may hereafter be authorized by law.

12-G:29 Audit and Annual Reports. The accounts of the authority shall be subject to an annual audit performed by an independent certified public accountant selected by the authority. The authority shall submit annually to all appointing authorities, to the house finance committee, the senate finance committee, the senate president, the speaker of the house of representatives, the senate clerk, the house clerk, the governor, and the state library a detailed report of its operations and a complete financial audit for the preceding fiscal year, including financial statements prepared in accordance with generally accepted accounting principles.

12-G:30 Reports on Economic Development Programs.

I. The authority shall include, as part of its annual report or as a separate report published and made available to the public annually on or before September 1, beginning September 1, 1997, the following information regarding each economic development program funded, bonded, or guaranteed by the authority:

(a) Information regarding the number of jobs to be created or saved and the related wages and benefits levels.

(b) The growth potential of the program.

(c) The environmental impact of the program.

(d) The amount of the loan, grant, loan guarantee, bond guarantee, or tax incentives awarded.

II. The annual report shall also include information regarding the criteria for the awarding of economic development assistance and the means by which the authority tracks the progress which each awardee makes in meeting the job, wage, and benefit projection included in its application for assistance.

12-G:31 State Bond Guarantee.

I. In view of the general public benefits expected to be derived from the airport property acquisitions and airport projects to be financed under this chapter, and their contribution to the social and economic prosperity of the state and its political subdivisions, the governor and council may award an unconditional state guarantee of the principal and interest thereon of bonds issued pursuant to RSA 12-G:17-28. The full faith and credit of the state shall be pledged for any such guarantees of principal and interest, but the total amount of the principal of bonds guaranteed by the state under this section shall not exceed \$50,000,000, plus interest. The governor, with the advice and consent of the council, is authorized to draw a warrant for such a sum out of any money in the treasury not otherwise appropriated, for the purpose of honoring any guarantee awarded under this section. The state's guarantee shall be evidenced on each guaranteed bond by an endorsement signed by the state treasurer in substantially the following form:

The state of New Hampshire hereby unconditionally guarantees the payment of the whole of the principal and interest thereon of the within bond and for the performance of such guarantee the full faith and credit of the state are pledged.

State Treasurer

II. In connection with the award of a state guarantee, the governor and council may impose such terms and conditions as they may deem appropriate concerning the bonds, the use of any airport property or operation of any airport project and the revenues therefrom, and reimbursement to the state if any state funds are used to honor the guarantee. Such terms and conditions may be contained in an agreement between the state and the authority, to be executed on behalf of the state by the governor and the state treasurer and on behalf of the authority by at least 4 directors.

III. In lieu of a state guarantee under this section, the state treasurer is authorized to borrow upon the credit of the state a sum not exceeding the total state bond guarantee authorized in RSA 12-G:31, I to make a loan or loans to the authority for the purposes of this chapter relating to airport property and airport purposes, and issue general obligation bonds or notes in the name of and on behalf of the state in accordance with the provisions of RSA 6-A. The terms and conditions of any such loan shall be determined by the state treasurer and the governor and council may impose such other conditions as they may deem appropriate. Payments of principal and interest on the bonds or notes issued under this paragraph shall be made when due from available funds of the authority. The principal amount of bonds of the authority that may be guaranteed by the state under paragraph I of this section shall be reduced by the amount of bonds issued by the state under this paragraph.

12-G:32 Operating Budget. The authority shall comply with the requirements of RSA 9:1 through 9:9, relative to the budget.

12-G:33 Comprehensive Development Plan Required. Notwithstanding any other provision of law and subject to approval by the fiscal committee of the general court of a comprehensive development plan for the former Pease Air Force Base prepared and submitted by the authority, the governor and council may award an unconditional state guarantee of the principal and interest thereon of bonds issued under this section. The full faith and credit of the state shall be pledged for any such guarantees of principal and interest, but the total amount of the principal of bonds guaranteed by the state under this section shall not exceed \$35,000,000, plus interest. The comprehensive development plan shall include the designation and delineation of a research district within the bounds of the former Pease Air Force Base. The governor, with the advice and consent of the council, is authorized to draw a warrant for such a sum out of any money in the treasury not otherwise appropriated, for the purpose of honoring any guarantee awarded under this section. The state's guarantee shall be evidenced on each guaranteed bond by an endorsement signed by the state treasurer in substantially the following form:

The state of New Hampshire hereby unconditionally guarantees the payment of the whole of the principal and interest thereon of the within bond and for the performance of such guarantee the full faith and credit of the state are pledged.

State Treasurer

12-G:34 Pease Matching Grants. Notwithstanding any other provision of law, the state treasurer is authorized to borrow upon the credit of the state a sum not exceeding \$5,000,000 to make a loan or loans to the authority to be used for the purposes of matching funds for Federal Aviation Administration grants, Economic Development Administration grants, and other available grants. General obligation bonds and notes shall be issued in the name of and on behalf of the state in accordance with the provisions of RSA 6-A. The terms and conditions of any such loan shall be determined by the state treasurer and the governor and council may impose such other conditions as they may deem appropriate. Payments of principal and interest on the bonds or notes issued under this paragraph shall be made when due from available funds of the authority.

12-G:35 Matching Funds. Notwithstanding any other provision of law, the state treasurer is authorized to borrow upon the credit of the state a sum not exceeding \$10,000,000 to make a loan or loans to the authority to be used solely for the purposes of matching public and private funds, and said aggregate moneys shall be expended solely for the development of the research district of the Pease International Tradeport. General obligation bonds and notes shall be issued in the name of and on behalf of the state in accordance with the provisions of RSA 6-A. The terms and conditions of any such loan shall be determined by the state treasurer and the governor and council may impose such other conditions as they may deem appropriate. Payments of principal and interest on the bonds or notes issued under this paragraph shall be made when due from available funds of the authority.

12-G:36 Pease Development Authority Airport Fund; Expenditure of Other Revenues.

I. For the purpose of providing a fund to be known as the Pease Development Authority Airport Fund, the state treasurer shall credit to such fund any appropriation made to the authority for each fiscal year excluding division revenues and any appropriation related to the division, division property, a division project, or any activity of the division.

II. All sums so credited are appropriated to the authority:

(a) To purchase, lease, acquire, own, improve, use, sell, convey, transfer, or otherwise deal in and with airport property, an airport project, or any interest therein, whether tangible or intangible, as otherwise authorized under this chapter;

(b) To pay the costs of operating, maintaining, improving, and repairing all airport property and airport projects of the authority;

(c) To pay the costs of administering and operating the authority, including, but not limited to, all wages, salaries, benefits, and other expenses authorized by the board or the executive director but excluding any such costs related to administering and operating the division, division property, or any division project;

(d) To pay the principal of, and premium, if any, and the interest on the outstanding bonds of the authority related to airport property or airport projects as the same become due and payable;

(e) To create and maintain reserves established pursuant to RSA 12-G:18 or required or provided for in any resolution authorizing, or any security document securing, such bonds of the authority related to airport property or airport projects;

(f) To create and maintain a capital improvement fund for airport property and airport projects to be established by the board in an amount not more than \$10,000,000;

(g) To pay all taxes owed by the authority related to airport property or airport projects;

(h) To pay any excess revenues authorized pursuant to RSA 12-G:12; and

(i) In general for the payment of all expenses incident to the management and operation of the authority, excluding such expenses related to the management and operation of the division, division property, or any division project, as are consistent with its statutory purpose and as the board thereof may from time to time determine.

III. This fund shall constitute a continuing appropriation for the benefit of the authority. Any amount remaining in this fund to the credit of the authority at the close of any fiscal year shall be nonlapsing and shall be carried over and credited to its account for the succeeding year.

IV. Money in this fund shall be paid to the treasurer of the authority on manifests approved by the governor and council in the same manner as other state claims are paid, provided that there shall be advanced to the treasurer such money as may be requested by the treasurer of the authority and approved by the governor and council, and provided further that manifests covering the money so advanced shall be submitted according to regular procedure at the earliest practicable time.

V. The revenues received and due to the authority from all other sources, except by way of state appropriation or division revenues, from whatever source derived shall be retained by the authority and shall be used in such manner as the board may determine consistent with the provisions of this chapter or as is otherwise provided by law or by the terms and conditions incident to any gift, grant, devise, bequest, trust, or security document.

VI. Notwithstanding any other provision of law, no revenues of the authority other than division revenues shall be used for or paid on account of any obligation or liability of the authority related to or arising out of the ownership, operation, or maintenance of the division, division property, or any division project.

12-G:37 Pease Development Authority Ports and Harbors Fund.

I. For the purpose of providing a fund to be known as the Pease Development Authority Ports and Harbors Fund, the state treasurer shall credit to such fund any appropriation made to the authority for each fiscal year relating to the division, division property, a division project, or any activity of the division, except any appropriation made to the harbor dredging and pier maintenance fund in accordance with RSA 12-G:46.

II. All sums so credited are appropriated to the authority:

(a) To purchase, lease, acquire, own, improve, use, sell, convey, transfer, or otherwise deal in and with division property, a division project, or any interest therein, whether tangible or intangible, as otherwise authorized under this chapter;

(b) To pay the costs of operating, maintaining, improving, and repairing all division property and division projects;

(c) To pay all costs as allocated by the authority for administering and operating the division, including, but not limited to, all wages, salaries, benefits, and other expenses authorized by the board, the executive director, the division director, or other provision of law, including without limitation, reimbursement of the fund established under RSA 12-G:36 or any other source of revenue of the authority other than division revenues to the extent that the wages, salary, benefits, or other expenses, including without limitation reasonable overhead expenses, of any employee of the authority assigned to carry out any responsibility, task, or duty of the division are paid from the fund established under RSA 12-G:36 or from revenues of the authority other than division revenues;

(d) To pay the principal of, and premium, if any, and the interest on any outstanding bonds of the state related to division property or division projects as the same become due and payable;

(e) To pay all payments in lieu of taxes owed by the authority, if any, related to division property or division projects; and

(f) In general for the payment of all expenses incident to the management and operation of the division, as are consistent with its statutory purpose and as the board may from time to time determine.

III. This fund shall constitute a continuing appropriation for the benefit of the authority. All division revenues associated with operations and responsibilities assigned by the authority to the division in excess of the operating expenditures required for the activities of the division shall be deposited in the general fund until such time as any bonds authorized and issued relating to division property or division projects have been retired. After such bonds have been retired, any amount remaining to the credit of the authority in this fund at the close of any fiscal year in excess of the amounts required under paragraph II shall lapse and shall be returned to the general fund of the state.

IV. Money in this fund shall be paid to the treasurer of the authority on manifests approved by the governor and council in the same manner as other state claims are paid, provided that there shall be advanced to the treasurer such money as may be requested by the treasurer of the authority and approved by the governor and council, and provided further that manifests covering the money so advanced shall be submitted according to regular procedure at the earliest practicable time.

V. Notwithstanding any other provision of law, no money in the fund shall be used for or paid on account of any obligation or liability of the authority related to or arising out of the ownership, operation, or maintenance of airport property or airport projects.

12-G:38 Authorization to Seek Designation as Port of Entry or International Airport and to Establish Foreign Trade Zone and Free Port Area.

I. The authority shall be and is hereby authorized to make application to the Secretary of the Treasury of the United States for the purpose of having Pease Air Force Base, or portions thereof, designated, established, or constituted, a port of entry, or an international airport, pursuant to the Customs Reorganization Act, 19 U.S.C. section 1 et seq., as amended, and 19 U.S.C. section 58b, as amended, and regulations of the United States Customs Service, including 19 C.F.R. section 101.0, et seq. and 19 C.F.R. section 122.1, et seq.

II. The authority shall be and hereby is authorized to make application to the Secretary of Commerce of the United States for the purpose of establishing, operating, and maintaining foreign-trade zones in the state of New Hampshire, including without limitation at Pease Air Force Base, pursuant to the Free Trade Zone Act, 19 U.S.C. section 81a, et seq., as amended, providing for the establishment, operation, and maintenance of foreign trade zones in or adjacent to ports of entry of the United States, to expedite and encourage foreign commerce, and for other purposes. Unless precluded by federal law, any foreign trade zone or free port area previously under the jurisdiction of the former port authority, and all duties, responsibilities, and obligations associated therewith, shall be transferred to the authority when the duties, functions, and jurisdiction of the port authority are transferred to the authority.

III. The authority shall have full power and authority to select and describe the location of the zone for which application to establish may be made and to make such rules and take such other actions concerning the operation, maintenance, and policing of same as may be necessary to comply with the Free Trade Zone Act and the regulations adopted thereunder, or as may be necessary to comply with such regulations made in accordance with the acts of Congress relating to foreign trade zones. The authority hereby granted to the authority confers on the authority the right and duty to do all things necessary and proper to carry into effect the establishing, maintaining, and operating of foreign trade zones with the state of New Hampshire to comply with the provisions of any acts of Congress or rules promulgated thereunder relating to foreign trade zones or free port areas. The authority shall also be authorized to set and collect fees for the management of any foreign trade zone or free port area established or maintained under this chapter.

IV. The authority shall have full power and authority to lease the right or to erect, maintain, and operate any structures or buildings or enclosures as may be necessary or proper for the establishing and operating of any such foreign trade zones that might be established at Pease Air Force Base or in the state of New Hampshire.

V. The authority shall have the power and the duty to establish areas at Pease Air Force Base and in and around the ports, harbors, and navigable tidal rivers of the state of New Hampshire

wherein personal property in transit shall be exempt from the provisions of the stock-in-trade tax and such other taxes and customs as are normally levied in a port of entry. For the purpose of this section, personal property in transit through the areas established by the authority is defined as follows: goods, wares, and merchandise which is (a) moving in interstate or international commerce through or over the areas hereinbefore established, or (b) which was consigned to a warehouse, public or private, within the state, from outside the state, whether specified when transportation begins or afterward. Such property shall not be deprived of exemption because while in the warehouse the property is assembled, bound, joined, processed, disassembled, divided, cut, broken in bulk, relabeled, or repackaged. The exemption granted shall be liberally construed to effect the purposes of this chapter, provided, however, that the warehouse in which said goods, wares, or merchandise is stored shall not be owned, in whole or in part, by either the consignee or consignor.

Acquisition and Management of Division Property

12-G:39 Acquisition of Land for Port Purposes. In addition to any other power or authority conferred on the authority under this chapter, the authority, with the approval of the governor and council, may, in the name of the state, purchase, lease, or otherwise acquire lands or interests in land, including options, on, near, or adjacent to the tidal waters of the state suitable for constructing, establishing, and maintaining thereon piers, wharves, warehouses, or other facilities useful and necessary in the encouragement and development of commercial navigation. Before making any such purchase or acquisition, the authority shall submit to the governor and council a detailed description of the land or interests therein to be acquired, together with a statement of the purposes for which the property is suited and the cost of acquisition and estimated cost of development, as well as such other information as the governor and council shall require. The authority, with the approval of the governor and council, may accept gifts of land; and may in like manner accept and apply to the purchase of land or the development thereof, contributions, gifts, or aid in any form made or given for the purpose by any person, firm, or corporation, or by any municipality or by the United States, and may execute instruments necessary to qualify for such contributions, gifts, or aid. Any land or interest in land acquired by the authority pursuant to this section shall be considered division property and not airport property and shall not be included in the airport district.

12-G:40 Improvements. The authority, with the approval of the governor and council as to the nature and specifications of the intended project and the cost thereof, may undertake the improvement of any land acquired by it pursuant to RSA 12-G:39 by the construction thereon of piers, wharves, warehouses, or other facilities as specified in RSA 12-G:39. Any such improvement shall, insofar as possible, be self-liquidating; and the authority shall charge just and reasonable fees for the use thereof. All revenue received from such fees shall be considered division revenues, shall be accounted for separately from other revenues of the authority, and, after the deduction therefrom of the cost of operating such project, shall be applied to the amortization of any obligations of the authority related to division projects.

12-G:41 Reservation of Local Authority. All towns and cities within the confines of which there are ports, harbors, or navigable tide rivers of the state which are subject to the jurisdiction of the authority, or the division acting on behalf of the authority, shall retain all the powers of such town or city relative to such ports, harbors, and navigable tide rivers and the lands abutting the same, excluding lands located within the boundaries of the former Pease Air Force Base, so long as the authority has not by positive action or definite rule or regulation preempted the jurisdiction hereof. No town or city shall have any jurisdiction over the land or activities at the former Pease Air Force Base except as specifically authorized under other provisions of this chapter.

Division of Ports and Harbors

12-G:42 Additional Powers and Duties. The authority, acting through its division of ports and harbors, shall be responsible for the former functions, duties, and responsibilities of the port authority and shall have the following powers and duties in addition to any other powers and duties set forth in this chapter:

- I. Have the authority to make all necessary arrangements with port authorities of other states and federal departments, agencies, and foreign countries and their port entities for the interchange of business, and for such other purposes as will facilitate and increase the commerce of the ports, harbors, and tidal navigable rivers of the state.

- II. Establish offices for the transaction of division business at such places as, in the opinion of the authority, shall be advisable and necessary in carrying out the purposes hereof.

III. Be authorized and empowered to appoint and compensate a chief harbor master and harbor masters for communities within the confines of which there are ports, harbors, or navigable tide waters of the state who will enforce the directives of the authority and the division, such as the placement of moorings, the assignment of anchorage areas, and the movement of traffic. The authority may appoint an assistant harbor master at any such place to assist the harbor master of such place in carrying out the harbor master's duties.

IV. Be authorized and empowered to contract with and secure the services of a port terminal operating firm, subject to approval of governor and council, for the purpose of having such firm operate a part or all of the facilities of the authority, including piers, wharves, warehouses, parking and storage areas, or other facilities owned or leased by the authority acting through the division, with such operating firm having the exclusive right to operate the business of a port terminal operator and stevedore, including but not limited to the handling of cargo, the collection of fees from wharfage and dockage and other marine terminal operations, the maintenance and security of the premises, and the promotion, encouragement, and solicitation of business for such port facility or facilities. Such contract with an operating firm shall include the following provisions:

(a) Said firm shall file with the division for its approval a tariff clearly defining the terms "wharfage" and "dockage" and the charges to be made therefor;

(b) The amount of minimum payments per year satisfactory to the authority to be paid to it for the exclusive right to operate upon the marine terminal, as described in the contract, the business of a port terminal operator and stevedore;

(c) The amount retained by said firm from all fees for which it is accountable, said amount being a percentage to cover administrative costs of collection;

(d) Said firm to supply a ship's manifest for every vessel using said facilities;

(e) Said firm to provide a performance bond in an amount and form acceptable to the authority, as well as insurance in amounts acceptable to the authority for fire and extended coverage, public liability, property damage, and other risks as required by the authority, the insurance company or companies to be licensed to do business in New Hampshire and to be acceptable to the authority;

(f) Said firm to file quarterly reports with the division indicating the amount of all fees for which it is accountable to the authority, the amounts collected, and the amounts retained, with a certified audit prepared by a certified public accountant submitted annually;

(g) Such other appropriate provisions which in the opinion of the attorney general will carry out the intent of this section and best protect the interest of the authority and of the state.

V. Set and collect fees for mooring and slip permits and waiting lists for such permits. The authority shall establish fees for slips in harbors and tidal rivers that are equal to or proportional to the fees for moorings in harbors. Fees shall not be charged for slips at industrial piers along the Piscataqua River or at state-owned piers in harbors. The fees for slips shall be paid into the harbor dredging and pier maintenance fund established under RSA 12-G:46.

VI. Install and continually maintain a uniform system for marking the intercoastal waters of the state including the state ports, harbors, and navigable tidal rivers not presently marked by the United States Coast Guard, using funds collected from the fees required under RSA 270-E:3, III, and any other funds so appropriated. Said marking system shall be installed on an incremental basis and maintained as necessary.

VII. Have the responsibility for and jurisdiction over the state-owned commercial fishing piers and facilities at Portsmouth, Rye Harbor, and Hampton Harbor except as provided in RSA 12-A:7-a.

VIII. Adopt rules, pursuant to RSA 541-A, relative to:

(a) Port captains, pilots, and pilotage.

(b) Harbors and harbor masters.

(c) Setting and collecting fees for moorings, slips, waiting lists, and pilotage. A table of such fees shall be attached to the commission of each pilot.

(d) Setting and collecting fees authorized in the foreign trade zone and free port areas.

(e) Civil and criminal penalties for violations of the rules of the division.

(f) Any matter necessary for the proper administration of the division.

IX. Encourage any contractor bidding on a division project at the port of Portsmouth which is funded through the division or the state of New Hampshire, to employ the maximum possible number of New Hampshire residents. For the purposes of this paragraph, "resident" shall mean any person maintaining a dwelling within the state of New Hampshire who has a present intent to remain within the state for a period of time.

12-G:43 Division of Ports and Harbors.

I. There is established within the authority a division of ports and harbors. The division of ports and harbors shall:

(a) Plan for the maintenance and development of the ports, harbors, and navigable tidal rivers of the state of New Hampshire from the head of navigation to the seaward limits within the jurisdiction of the state, in order to foster and stimulate commerce and the shipment of freight through the state's ports and, as an agency of the state, to assist shipping, and commercial and industrial interests that may depend on the sea for transport of products, including such interests as may be desirous of locating in tidewater areas of the state; as well as to encourage the establishment of accommodations for the boat traveler, the area boat owners, the pleasure fishermen, and others who pass up and down our coast line or in its tributaries.

(b) Aid in the development of salt water fisheries and associated industries.

(c) Cooperate with any agencies or departments of the federal government in planning the maintenance, development, and use of the state ports, harbors, and navigable tidal rivers.

(d) Plan, develop, maintain, use, and operate a heliport facility on property owned or controlled by the division. The division shall cooperate with departments, agencies, authorities, or commissions of the federal, state, or local governments and accept grants, aid, or services from such agencies in the carrying out of this purpose. Such authorization relating to heliport facilities shall include and be governed by all other provisions of this chapter.

(e) Maintain at all times a complete inventory of division property and port projects.

(f) Perform such other duties and functions relating to the administration, management, and operation of division property and division projects as are assigned to division by the authority.

II. The board shall appoint a director of the division of ports and harbors, who shall be the administrative officer of the division and who shall have general and active supervision and direction over the day-to-day business and affairs of the division and its employees, subject, however, to the direction and control of the board and the executive director. The division director shall perform all such other duties as from time to time may be assigned by the board or the executive director. The division director shall hold office for an indefinite term at the pleasure of the board. The division director shall also be the secretary of the division of ports and harbors advisory council, shall keep a record of the proceedings of the council, and shall be the custodian of all books, documents, and papers filed with the division or the ports and harbors advisory council. The division director shall have the power to cause copies to be made of all minutes and other records and documents of the council and to give certificates under the seal of the authority to the effect that such copies are true copies, and all persons dealing with the division or authority may rely upon such certificates. In addition to the classified employees of the division, the division director, with the concurrence of the executive director, may employ such assistants and clerical and administrative staff as are within the limits of funds available for that purpose. The salary of the division director shall be established by the board.

12-G:44 Division of Ports and Harbors Advisory Council.

I. There is hereby established a division of ports and harbors advisory council consisting of 8 members, 6 of whom shall be appointed by the governor, with the advice and consent of the council. At least 3 of said appointive members shall be residents of the cities and towns of the seacoast region or tidal waters and at least one appointive member shall be a commercial fisherman engaged in that industry on the seacoast, and each shall serve for a term of 5 years. Said members shall serve until their successors are appointed and qualified. Any vacancy occurring in the membership of the appointive members shall be filled by the governor and council for the unexpired term. In addition to the 6 appointive members, the commissioner of the department of resources and economic development and the mayor of the city of Portsmouth shall be, by virtue of their offices, members of the council.

II. The council shall elect one of its members as a chairman, one as a vice-chairman, and one as a treasurer. The members of the council shall receive no compensation for their services; but their reasonable expenses, incurred in the performance of their duties, shall be paid by the state. The council shall have the right to establish bylaws for the management of its affairs within the meaning of this chapter and the laws of the state. The division shall provide the council with the administrative support necessary to carry out its responsibilities under this chapter.

III. The council shall consult with and advise the division director with respect to the policy, programs, and goals of the division, the operation of the port, the selection of harbor masters and

assistant harbor masters, and the procurement of services of a port terminal operating firm. In order to accomplish said purposes, the council shall meet with the division director no less frequently than quarterly, or at the call of the chairman or 3 council members. All potential conflicts of interest shall be adequately disclosed. The council shall file annually a report of its deliberations and recommendations with the board and the executive director.

IV. The division director shall present all rules proposed to be implemented by the authority under RSA 12-G:42, VIII to the council for consideration prior to filing a notice of proposed rule under RSA 541-A:6. The council shall present any objections to the proposed rule to the division director and to the board in writing within 15 days of submission to the council by the division director. The authority may adopt a rule to which the council has objected only after presenting a written reply to the council detailing the reasons for adopting the rule over the objections of the council.

12-G:45 Dredge Management in Tidal Waters. The division, subject to the supervision of the authority and in consultation with the division of ports and harbors advisory council, shall be responsible for managing harbor and channel dredging activities within the tidal waters of the state. The division shall:

I. Assess the existing dredge permitting process with state and federal permitting agencies for the purposes of identifying an improved review process.

II. Establish and implement a process to ensure that dredging projects are completed in a timely and cost effective manner, recognizing the need to:

(a) Coordinate with and utilize the services of the local and private sector to establish a reliable program; and

(b) Work in conjunction with other state and federal agencies to ensure uniform and timely compliance with other laws, regulations, and rules, including, but not limited to, permitting in accordance with RSA 482-A and RSA 485-A and to ensure that a certificate of consistency is obtained from the coastal zone management program; and

(c) Develop a long-range plan and schedule to serve as a guide for individual dredging activities.

III. Initiate and implement dredging projects, which may include dredging performed by the authority, to maintain and improve channels and harbors in accordance with the long-range plan and schedule.

IV. Submit an annual report to the senate president, the speaker of the house of representatives, and the governor and council on the status of current dredging projects and the projection of future dredging projects and costs.

12-G:46 Harbor Dredging and Pier Maintenance Fund Established.

I. There is hereby established a harbor dredging and pier maintenance fund to be used by the authority acting through the division to meet its obligation to initiate and implement dredging projects to maintain channels and harbors, and to initiate projects to maintain public piers in safe and efficient condition.

II. The fund shall be nonlapsing and continually appropriated for the purposes of initiating and implementing harbor dredging projects and maintaining public piers. The authority shall, in each biennium, request annual appropriations to the fund in an amount sufficient to provide for the funding of the authority's periodic harbor dredging and pier maintenance efforts. The state treasurer shall invest the moneys deposited in the fund as provided by law. Interest earned on moneys deposited in the fund shall be deposited into the fund.

III. The authority shall not encumber, obligate, or expend any funds from the harbor dredging and pier maintenance fund without the prior approval of the capital budget overview committee. Pilots and Harbor Masters

12-G:47 Pilots. The authority, in consultation with the division director and the division of ports and harbors advisory council, may adopt rules prescribing the qualifications of pilots, and from time to time appoint and commission, under its hand and seal, as many pilots as it may judge necessary, and remove the same at pleasure; and it shall take from them such security, by bond or otherwise, as it may deem proper.

12-G:48 Authority of Pilot. Any pilot appointed by the authority, who has given security for the faithful discharge of his or her duties, may take charge of any vessel, except pleasure or fishing vessels, or a vessel of 150 registered or enrolled tons and under, and shall pilot such vessel into and out of the river and harbor of the Piscataqua, first showing to the master thereof the pilot's appointment if requested.

12-G:49 Pilots Required. All vessels (except pleasure or fishing vessels, or vessels of 150 registered or enrolled tons or under, and U.S. flag coastwise vessels with a Federal pilot aboard) are required to be piloted by a pilot appointed by the authority into and out of the Piscataqua River and harbor from a point designated by the authority.

12-G:50 Chief Harbor Master.

I. Subject to the supervision of the authority and the division director, the chief harbor master's duties shall include but not be limited to the following:

- (a) Enforcement of authority directives and rules adopted pursuant to RSA 12-G:42, VIII.
- (b) Management of the assignment and placement of moorings.
- (c) Designation of anchorage areas.
- (d) Management of navigation aides outside of the federal channel.
- (e) Management of the movement of traffic, as necessary.
- (f) Direction of the removal or movement of vessels during emergencies.
- (g) Overseeing the dredge management program.
- (h) Overseeing the harbor management program.
- (i) Inquiring into and prosecuting all offenses occurring within the chief harbor master's jurisdiction.

(j) Any other duties assigned by the authority or the division director.

II. The assistant harbor masters shall assist the chief harbor master in the performance of the chief harbor master's duties.

12-G:51 Power of Arrest. The chief harbor master shall have all of the powers of a police officer to make arrests for violations of the provisions of this chapter and rules adopted under the provisions of RSA 12-G:42, VIII.

12-G:52 Penalty. Whoever violates any of the rules of the authority adopted under the authority of RSA 12-G:42, VIII, or refuses or neglects to obey the lawful and reasonable orders of the chief harbor master, or resists the chief harbor master in the execution of the chief harbor master's duties, shall be guilty of a class B misdemeanor.

Construction and Effect of Other Laws

12-G:53 Construction and Effect of Other Laws.

I. All actions and proceedings of the authority shall be governed by the provisions of RSA 91-A.

II. Purchases and contracts of the authority may be made or let without regard to any provision of law relating to public purchases or contracts.

III. Except for rules adopted pursuant to RSA 12-G:42, VIII, the authority shall be exempt from the provisions of RSA 541-A and may adopt rules and bylaws in accordance with its own procedures. Except for rules adopted pursuant to RSA 12-G:42, VIII, the authority shall file in the office of legislative services a copy of all rules and bylaws adopted, amended, or repealed by the authority. All such rules and bylaws shall be filed in the office of legislative services within 7 days of such adoption, amendment, or repeal.

IV. Any rule adopted by the authority pursuant to RSA 12-G:42, VIII or RSA 12-G:47 shall be adopted in accordance with the provisions of RSA 541-A.

V. The provisions of this chapter shall be liberally construed in order to effect its purpose.

VI. If any provision of this chapter or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the chapter which can be given effect without the invalid provisions or applications, and to this end the provisions of this chapter are severable.

Amend the bill by deleting sections 7-9 and renumbering the original sections 10-22 to read as 7-19, respectively.

Amend the bill by replacing section 7 with the following:

7 Compensation of Certain State Officers; Group L Reference Deleted. Amend RSA 94:1-a, I by deleting in Group L:

Director, port authority

Amend the bill by replacing section 15 with the following:

15 Shoreland Exemptions; Reference Changed. Amend RSA 483-B:12, IV to read as follows:

IV. The [state port authority] *Pease development authority, division of ports and harbors* may request an exemption under this section for all or a portion of any land purchased, leased, or otherwise acquired by it pursuant to RSA [271-A] *12-G:39*.

Amend the bill by inserting after section 17 the following and renumbering the original sections 18-19 to read as 19-20, respectively:

18 Applicability; Appointments and Terms.

I. The appointments and terms of office of the members on the effective date of this act of the Pease development authority board of directors shall not be affected by the provisions of this act.

II. The members on the effective date of this act of the port authority board shall constitute the initial members of the division of ports and harbors advisory council pursuant to RSA 12-G:44. Such members appointed by the governor shall serve until such time as their respective terms were scheduled to expire pursuant to RSA 271-A:1.

III. The director of the port authority on the effective date of this act shall serve as the initial director of the division of ports and harbors pursuant to RSA 12-G:43, II until such time as the Pease development authority board of directors appoints a successor.

Adopted.

Rep. Bowles spoke against.

Rep. Leber spoke in favor and yielded to questions.

Rep. Shultis requested a roll call; sufficiently seconded.

The question being the adoption of the committee report.

and the report was adopted.
Ordered to third reading.

HB 715-FN, relative to the New Hampshire port authority. **INEXPEDIENT TO LEGISLATE**
Rep. Michael J. Rozek for Public Works and Highways: The committee studied this bill, and as the bill is proposed, this would increase the state owned New Hampshire Port Authority appointed board of director members from eight to eleven. As this bill is worded, seven or more of these members could be directly from the city of Portsmouth. All of the issues concerning the Port Authority were not addressed with this bill. In addition, the committee agreed that this bill would not address or correct the main areas of concern with the Port Authority. The main issues of concern with the Port Authority were included in HB 543-FN, which was approved by this committee with a vote of 17-2, therefore, this bill was not needed. Vote 14-5.
Adopted.

SUSPENSION OF RULES

Reps. Scanlan and Burling moved that the Rules be so far suspended as to permit the deadline for the House to act on all House FN bills and budgets and for committees to report lists of retained House bills to be Thursday, May 3, 2001.
Adopted by the necessary two-thirds.

SPECIAL ORDER

Without objection, the Speaker ordered that all-remaining bills on today's calendar be made a Special Order for Thursday, May 3, 2001.

RESOLUTION

Rep. Scanlan offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, May 3, 2001 at 10:00 a.m. Adopted.

LATE SESSION**Third reading and final passage**

HB 393-FN, relative to plant nurseries and nursery stock.

HB 610, allowing the sale of raw milk cheese and unpasteurized apple cider in New Hampshire.

HB 676-L, establishing a committee to study the creation of a regional program for collection and marketing certain components of the municipal solid waste stream.

HB 105-FN-A, establishing an agricultural nutrient management program and making an appropriation therefor.

HB 177-FN-A, relative to the purchase of a wheelchair van for the veterans' home in Tilton and making an appropriation therefor.

HB 270-FN, increasing the mileage reimbursement rate for members of the legislature.

HB 276-FN-A, relative to reimbursement of legal fees of supreme court employees who were subpoenaed and incurred legal fees during the impeachment proceedings regarding chief justice David A. Brock and making an appropriation therefor.

HB 279-FN-A-L, relative to the payment of certain unfunded accrued liability of the retirement system and making an appropriation therefor.

HB 295-FN, relative to medicaid recoveries from third party settlements.

HB 328-FN-L, relative to fees of sheriffs and deputy sheriffs.

HB 350-FN, relative to persons with disabilities participating in the work incentive program.

HB 354-FN-A-L, extending the kindergarten construction program.

HB 603-FN-A, providing the commissioner of administrative services an option to self-fund the state employee health plan and requiring a reserve fund therefor.

HB 152, relative to expanding the legal methods of taking deer.

HB 720, relative to permitting the use of certain firearms for hunting deer

HB 760-FN, relative to use of silencing devices for taking game.

HB 463-FN, relative to protective services to adults.

CACR 5, relating to the rulemaking authority of the supreme court. Providing that supreme court may adopt rules that have the force and effect of law, and that the general court may regulate these matters by statute and may accept or reject any rule adopted by the supreme court, and that in the event of a conflict between a statute and a rule, the statute, if otherwise valid, shall supersede the rule.

HB 252, relative to rules promulgated by the supreme court.

HB 450, relative to certain work product under the right-to-know law.

HB 452, establishing a committee to study the reimbursement for expenses of legislators.

HB 574, establishing a committee to study the recodification of laws relating to the joint committee on legislative facilities and the application of the right-to-know law.

HB 543-FN, establishing the division of ports and harbors within the Pease development authority and transferring all functions, powers, and duties of the New Hampshire state port authority

NOTICE OF RECONSIDERATION

Having voted on the prevailing side, Rep. Dickinson served notice that today or some other day as limited by House Rules he would ask the House to reconsider its action whereby it found **HB 469-FN-L**, relative to the applicable minimum wage for hourly employees, Inexpedient to Legislate.

RECESS MOTION

Rep. Scanlan moved that the House stand in recess for the purpose of introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports only. Adopted.

The House recessed at 5:10 p.m.

RECESS

(Rep. Alger in the Chair)

SENATE MESSAGES

CONCURRENCE

HB 124, establishing a committee to study on-line and electronic voting.

SB 134-FN-A, establishing a committee to study allowing the use of business logo signing on the mainline of limited access and divided highways (Public Works and Highways).

SB 165-FN, relative to the sale, registration, and use of 3-wheeled all-terrain vehicles for off-highway recreational use. (Transportation)

COMMITTEE ASSIGNMENT

Rep. Tate on Labor, Industrial and Rehabilitative Service.

RECESS

(Speaker Chandler in the Chair)

Rep. Scanlan moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 16

Thursday, May 3, 2001

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, The Reverend Hays M. Junkin, Rector of Saint Andrew's Episcopal Church in Hopkinton.

O God, the fountain of wisdom whose will is good and gracious and whose law is truth. We ask You to guide and bless the members of this honorable House that they may enact such laws as shall please You and uphold the freedom and dignity of each citizen of our beloved New Hampshire. Amen.

Rep. Frank Davis led the Pledge of Allegiance.

Emily Sydow, a student from Alton High School, sang our National Anthem.

LEAVES OF ABSENCE

Reps. Barker, Batula, Julie Brown, Cardin, Goulet, McDonough-Wallace, Mikowski, Irene Pratt and Donald White, the day, illness.

Reps. Bellavance, Carson, Colcord, DePecol, Franklin, Jeff Gilbert, Introne, Movsesian, O'Keefe, and Sokol, the day, important business.

Reps. Ford and Solow, the day, illness in the family.

INTRODUCTION OF GUESTS

Rep.-elect George Liebl, guest of Reps. Fairbanks, Edwards and Dexter. Mrs. Shirley Smith Cohen and the Honorable Sir John Plowman, guests of Reps. Drisko and Gargas. Daniel Norelli, son of Rep. Norelli. Students from the Ashland Elementary School, guests of the House.

SPECIAL GUESTS

Members of the Taiwan Importers and Exporters Chamber of Commerce, Yin Lieh Chuang, Chairman of the trade delegation and Commissioner George Bald, New Hampshire Department of Resources and Economic Development, guests of the House.

COMMUNICATION

May 3, 2001

Karen O. Wadsworth, Clerk of the House

Please be advised that the following representative-elect was sworn into office by the Governor and Executive Council on this Day:

Hillsborough 29, David J. Gleneck, r, Nashua (34 Tampa Street) 03064

William M. Gardner, Secretary of State

SPECIAL ORDER – REGULAR CALENDAR PART II

HB 717, establishing a committee to make recommendations on policy concerning state-operated trails for all terrain vehicles and trail bikes, and establishing a temporary moratorium on new all terrain vehicle and trail bike trails. **OUGHT TO PASS WITH AMENDMENT**

Rep. David M. Lawton for Resources, Recreation and Development: This bill creates a study committee to address, and hopefully resolve, the conflicts and complexities regarding state-operated trails for all terrain vehicles (ATVs). The study will bring the interested parties to the table with the intent of arriving at a workable model to balance user needs and landowner interests on state-operated trail systems. The committee removed the moratorium on state ATV or trail bike trails with assurances from the Department of Resources and Economic Development (DRED) that they would not pursue development of new trail systems on state lands until the study was completed. The committee also amended the bill to increase the cost for non-resident snowmobile registrations to \$60, a \$15 increase. The reasoning for the change comes as a result of two factors. First, the state of Maine plans to repeal the reciprocity agreement previously held with New Hampshire snowmobile operators. And, second, due to heavy trail maintenance demands during this long winter

season, the grant funds available via DRED have been totally depleted. The increased registration fee will still be below these non-resident registration costs of our neighboring states. Vote 14-0.

Amendment (0869h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to make recommendations on policy concerning state-operated trails for all terrain vehicles and trail bikes and relative to increasing the nonresident OHRV registration fees for snow traveling vehicles.

Amend the bill by replacing all after section 5 with the following:

6 OHRV Nonresident Registration; Increase for Snow Traveling Vehicles. Amend RSA 215-A:23, III to read as follows:

III. Individual nonresident registration-\$36 for each 2-wheeled trail bike registration, **\$60 for each snow traveling vehicle registration**, or \$45 for each other OHRV registration.

(a) The first \$13 of each 2-wheeled trail bike registration, **\$36 of each snow traveling vehicle registration**, or \$22 of each other OHRV registration shall be appropriated to the department of resources and economic development for administration of the bureau's grant-in-aid program pursuant to paragraph VI.

(b) From the balance, **\$12.10 from each snow traveling vehicle registration or \$11.10 from each 2-wheeled trail bike or other OHRV registration** shall be appropriated to the department of resources and economic development for administration of the bureau for the purposes listed in paragraph VII, and \$11.90 shall be appropriated to the department of fish and game for the purposes listed in paragraph VIII.

7 Effective Date.

I. Section 6 of this act shall take effect July 1, 2001.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill establishes a committee to make recommendations on policy concerning state-operated trails for all terrain vehicles and trail bikes.

This bill also increases the nonresident OHRV registration fees for snow traveling vehicles.

Adopted.

Report adopted and ordered to third reading.

HB 769-FN-L, relative to fees paid by municipalities for excavating and dredging permit applications. **OUGHT TO PASS WITH AMENDMENT**

Rep. David M. Lawton for Resources, Recreation and Development: Current excavating and dredging permit applications are calculated on a per-square foot formula and large projects such as the one pending for the Cochecho River could cost as much as \$45,000 for the permit alone. As this would grossly exceed the real cost to the Department of Environmental Services (DES), the committee recommends passage of this bill to cap those applications with a maximum fee of \$10,000. It was also indicated that future legislation will be filed to explore another method for calculating application fees which more accurately reflects the cost to process the application. Vote 13-2.

Amendment (0844h)

Amend RSA 482-A:3, X(b) as inserted by section 1 of the bill by replacing it with the following:

(b) For tidal dredging projects with the primary purpose to improve navigation for a municipality, the maximum application fee for a municipality shall be \$10,000 per application plus provisions for technical or consulting services or a combination of such services as necessary to meet the needs of the department. The department may enter into a memorandum of agreement with a municipality to accept equivalent technical or consulting services or a combination of such services in lieu of a portion of their standard application fees.

Adopted.

Report adopted and ordered to third reading.

HB 423, relative to public utilities mergers. **OUGHT TO PASS WITH AMENDMENT**

Rep. Jeb E. Bradley for Science, Technology and Energy: Due to germaneness the committee held a second public hearing on HB 423. The amendment replaces all of the original language that dealt with Public Utilities Commission (PUC) review of utility mergers. This committee amendment

makes several alterations to the electric industry deregulation statute due to significant changes in the marketplace for electricity since that statute was enacted in June 2000. Those marketplace changes include sharply escalating commodity prices for crude oil and natural gas that remain high. Customer payments for installed electric generation capacity (set by the Federal Energy Regulatory Commission) have increased dramatically. Uncertainty in the regional electric markets is also probably contributing to higher prices. The bottom line in New England: the market price of generated electricity (without any delivery charges) has almost doubled since June 2000. The price of electricity in New England has increased for most utilities regardless of their regulatory or deregulatory status. For instance Until, a fully regulated utility that serves the Seacoast and Capital regions of New Hampshire, recently increased rates by 25%. Against this backdrop of higher electricity prices and volatility, the committee believes changes are necessary to the deregulation statute in order to prevent large price increases for industrial and commercial customers and cost deferrals (which would need to be paid back later with interest) for residential customers. The primary change is that the PUC would not proceed with the sale of all of PSNH generation assets at this time. PSNH would retain its coal and oil fired generation assets for two additional years unless the PUC determines that an earlier sale makes sense because electricity markets have stabilized. PSNH would use these generation assets to supply electricity to customers on Transition Service that is designed for customers who have not made a competitive choice of an electricity generator. These PSNH coal and oil generation assets are low cost in comparison to the market price of electricity in New England. The market price of electricity in New England is about \$80 per megawatt hour (mwh). PSNH's cost is about \$45 per mwh. PSNH would supply this power at their cost of service or alternatively the PUC would have authority to raise the price of this power to a market rate if PSNH's stranded costs are "fully, effectively, and contemporaneously mitigated." What that means is that the PUC could establish market rates in order to jump-start customer choice. However, the PUC could only do this if stranded costs are reduced on a dollar for dollar basis and a customer's overall rates do not increase because the increased price of power is balanced by a corresponding decrease in stranded costs. Requiring PSNH to retain its coal and oil assets recognizes that electricity markets are still forming in New England and that keeping a lid on electricity prices in New Hampshire is critical to the state's economy especially if an economic slowdown is coming. With recent higher electricity prices, this proposed change in law would allow New Hampshire to move forward with electric deregulation rationally. The PUC will retain control over the sale of these low cost generation assets and as such should provide a hedge against price increases and volatility in New England. The legislation recognizes that Seabrook ought to be sold both to reduce stranded costs and shift nuclear risk to new owners. Virtually everyone agrees that a quick sale of Seabrook makes sense. The amendment also lengthens the time period that Transition Service may be provided for under the PSNH settlement. Conservation funding is also increased. Demand for electricity is increasing in New Hampshire. Increasing conservation funding will help to limit price volatility and price spikes during periods of peak demand. The amendment makes certain that PSNH receives the full incentive if they can successfully renegotiate high priced wood to energy plants costs. The amendment allows a temporary surcharge in order to reduce deferrals. It should be noted that this surcharge would not be necessary as long as PSNH retains its coal and oil generation assets. Lastly, the amendment states that the secure bonding authority enacted in law in June 2000 and approved by the PUC shall not be influenced by any of legislative changes. That bonding triggers the PSNH write-off of about \$450 million and the approximate 10% additional rate reduction due to take affect on May 1. With passage of this legislation PSNH customers will receive the benefits of the Settlement and should avoid price spikes that have plagued many regions of the country including New England. Lastly, it should be noted that 6700 megawatts of generation capacity in New England (including 1245 megawatts in New Hampshire) are due to come on line by the summer of 2002. The region is addressing supply and demand issues unlike other states that have not built new power plants, particularly in the west. 6700 megawatts represents about 25% of the region's existing generation capacity. Vote 16-0.

Amendment (0835h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the sale of generation assets, the provision of transition service, and the funding of the energy efficiency program for Public Service Company of New Hampshire.

Amend the bill by replacing all after the enacting clause with the following:

1 Findings. The general court finds that:

I. Commodity prices for oil and natural gas have substantially increased in the past year, resulting in higher wholesale electricity prices in New Hampshire and throughout the New England region. The higher wholesale electricity prices have prevented competitive electricity suppliers from being able to compete with standard transition service causing them to exit the market or not even enter it in the first place.

II. Given the increase in wholesale electricity prices and the potential lack of a significant number of viable competitive suppliers, it is important that measures be taken to protect customers from the potential of a noncompetitive and volatile electricity market. A critically important measure that should be undertaken to protect customers from price volatility and a noncompetitive market is for the public utilities commission to delay the divestiture of Public Service Company of New Hampshire's ("PSNH") fossil generation assets until the commission determines such sale is in the public interest. Delay in the divestiture of PSNH's fossil generation assets would allow for the use of those assets to serve transition service. While this delay in divestiture dates is in the public interest today, the general court finds that competitive electricity markets should provide benefits for customers over the long term. When the sale of PSNH's fossil assets is in the public interest, the public utilities commission should proceed with the sale of those assets in order to establish competitive electricity markets.

III. The planned sale of PSNH's generation assets will be done in a manner consistent with RSA 374:30.

IV. Changes to RSA 369-B and RSA 374-F which are designed to protect PSNH customers from current price volatility must be accomplished in a manner that shall not affect the validity, effectiveness, or finality of Order No. 23,550 issued by the public utilities commission, and does not diminish the value of the settlement agreement to either PSNH or PSNH's customers.

2 Limited Electrical Energy Producers; Retention of Savings by Electric Utility. Amend RSA 362-A:4-d to read as follows:

362-A:4-d Retention of Savings by Electric Utility. An electric utility that is party to an approved renegotiation of a commission order under RSA 362-A:4-c shall be entitled to retain ~~up to~~ 20 percent of the savings resulting from such renegotiation~~[-, subject to order of the commission]~~.

3 Authority to Issue Finance Orders; Transition Service. Amend RSA 369-B:3, IV(b)(1)(A)-(D) to read as follows:

(A) *For purposes of implementing RSA 369-B:3, IV(b), transition service shall be available for the periods of time set forth in subparagraphs (b)(1)(B) and (b)(1)(C), subject to the commission's authority to lengthen the transition service period under RSA 374-F.* From competition day until ~~[initial transition service end day]~~ *the completion of the sale of PSNH's ownership interests in fossil and entitlement interests in nuclear generation assets located in New Hampshire*, PSNH shall supply *such* transition service and default service in its retail electric service territory *from its generation assets and, if necessary, through supplemental power purchases in a manner approved by the commission.* ~~[After initial transition service end day]~~ *Once PSNH is no longer supplying transition service, to the extent applicable,* any provider or providers of transition service shall have been chosen through a competitive bid process, administered by the commission, to provide such service. The commission may, if it finds it to be in the public interest, divide the competitive bid process into multiple categories or multiple competitive bids;

(B)(i) Transition service for residential customers, street lighting customers, and general delivery service rate G customers shall be available until 24 months after initial transition service end day. From competition day until initial transition service end day, the price of transition service for these customers shall be \$0.044 per kilowatt-hour. From initial transition service end day to 12 months after initial transition service end day, the price of transition service for these customers shall be \$0.044 per kilowatt-hour, or the competitively bid price for transition service, whichever is less. From 12 months after initial transition service end day to 24 months after initial transition service end day, the price of transition service for these customers shall be \$0.046 per kilowatt-hour, or the competitively bid price for transition service for these customers, whichever is less. If the competitively bid price exceeds these fixed prices, the differences shall be reconciled for these customers in the manner prescribed in the original proposed settlement;

(ii) *If the commission extends transition service beyond 33 months while PSNH retains its fossil generation assets, the price of transition service during such period may be*

PSNH's actual, prudent, and reasonable costs of providing such power, as approved by the commission. The commission, in approving such transition service pricing, shall also consider setting a transition price which will facilitate a smooth transition to market prices, provided the commission determines such transition effectively, fully, and contemporaneously mitigates stranded costs and is in the public interest.

(iii) At the end of the transition service period, up to 25 percent of the residential customers, street lighting customers, and general delivery service rate G customers who have not chosen a competitive supplier may be assigned randomly to registered competitive suppliers other than the transition service supplier or suppliers, if the commission finds such random assignment to be in the public interest. The commission shall develop procedures and regulations for this assignment process. Any random assignment must be affirmatively approved by an individual customer;

(C) Transition service for all other customers shall be available until 12 months after initial transition service end day. From competition day to initial transition service end day, the price of transition service for these customers shall be \$0.044 per kilowatt-hour. From initial transition service end day to ~~[+2 months after initial transition service end day]~~ *the day that PSNH ceases to provide transition service*, the price of transition service for these customers ~~[shall] may be PSNH's actual, prudent, and reasonable costs of providing such power as approved by the commission. The commission may extend transition service for these customers if it determines an extension to be in the public interest. The commission, in approving such transition service pricing, shall also consider setting a transition price which will facilitate a smooth transition to market prices, provided the commission determines such transition effectively, fully, and contemporaneously mitigates stranded costs and is in the public interest. Thereafter, the price of transition service shall be the competitively bid price for transition service;~~

(D) Any difference between the price of transition service from competition day to ~~[initial transition service end day]~~ *the day that PSNH ceases to provide transition service* and PSNH's actual, prudent, and reasonable costs of providing such power *as determined by the commission* shall first be separated between the 2 groups of customers described in subparagraphs (b)(1)(B) and (b)(1)(C), used first to offset any differences described in subparagraph (b)(1)(B), and the net then reconciled for each group of customers either by changing the recovery end date, or by decreasing the stranded cost recovery charge, as the commission finds to be in the public interest;

4 Authority to Issue Finance Orders; System Benefits Charge. Amend RSA 369-B:3, IV(b)(6) to read as follows:

(6) The total system benefits charge shall be ~~[fixed at \$0.002]~~ *no greater than \$0.003* per kilowatt-hour for 33 months from competition day divided between low-income assistance and energy efficiency/conservation programs. In the event that the commission finds that a significant amount of unencumbered dollars have accumulated in either program, and are not needed for program purposes, the commission shall refund such unencumbered dollars to ratepayers in a timely manner;

5 Electric Utility Restructuring Policy Principles; Universal Service; Default Service. Amend RSA 374-F:3, V(c) to read as follows:

(c) Default service should be designed to provide a ~~[temporary]~~ safety net and to assure universal access and system integrity. Default service should be procured through the competitive market ~~[and based on short-term market prices,]~~ and may be administered by independent third parties. The ~~[cost]~~ *allocation of the costs* of administering default service should be borne by the customers of default service *in a manner approved by the commission*. If the commission determines it to be in the public interest, the commission may implement measures to discourage misuse, or long-term use, of default service. Revenues, if any, generated from such measures should be used to defray stranded costs.

6 Electric Utility Restructuring; Implementation; System Benefits Charge; Energy Efficiency Programs. Amend RSA 374-F:4, VIII(b) to read as follows:

(b) ~~[The system benefits charge referred to in RSA 374-F:3, VI shall be limited as follows:~~

(1) ~~During the first year after competition is certified to exist pursuant to RSA 38:36, the portion of the system benefits charge due to energy efficiency programs, new renewable programs, and programs for low-income customers shall not exceed 2.5 mills per kilowatt hour for any utility whose rates are at or above regional average as determined by the commission.~~

(2) ~~During the first and second year after competition is certified to exist pursuant to RSA 38:36, the portion of the system benefits charge referred to in RSA 374-F:3, VI due to en-~~

ergy efficiency programs, new renewable programs, and programs for low-income customers shall not exceed 3 mills per kilowatt hour for any utility [~~whose rates are at or above regional average as determined by the commission~~].

7 Sale of PSNH Fossil Generation Assets; Date. Amend 2000, 249, 7, II to read as follows:

II. The sale of PSNH fossil generation assets shall take place no ~~[later]~~ *sooner* than July 1, ~~[2001]~~ *2003*, unless the commission finds ~~[due to circumstances beyond its control]~~ that ~~[further delay]~~ *an earlier sale* is in the public interest.

8 Energy Efficiency Program. The public utilities commission shall phase-in, as quickly as can be effectively administered by Public Service Company of New Hampshire, an energy efficiency program for Public Service Company of New Hampshire that is funded at a rate of \$0.0018 per kilowatt-hour to be allocated from the system benefits charge. The public utilities commission shall not decrease the amount of the system benefits charge allocated to low-income customers due to passage of this act.

9 Liquidation of Generation Assets. As part of the public utilities commission's administration of the liquidation of Public Service Company of New Hampshire's generation assets, the commission shall:

I. Allow and consider bids for the generation assets that may include proposals for providing transition service at a ceiling price for any customer class. Should such a bid be accepted by the commission, the commission shall consider such transition service commitment as part of the competitive bid process under RSA 369-B:3, IV(b)(1)(A). If such transition service is used, then it shall be considered the "competitively bid price" for purposes of RSA 369-B:3, IV(b)(1)(B) and (C), as applicable.

II. Expeditiously initiate and complete, in a manner consistent with RSA 374:30, the sale of nuclear generation assets located in New Hampshire required by the settlement in a manner that benefits all New Hampshire customers with stranded cost recovery obligations associated with such assets.

10 Temporary Energy Surcharge. In order to avoid excessive deferrals that may accrue under the provisions of RSA 369-B:3, IV(b)(1)(B)(i), the public utilities commission may impose an energy surcharge on electricity purchased by residential, street lighting, and general delivery service rate G customers of Public Service Company of New Hampshire that take transition service between initial transition service end day and 24 months after initial transition service end day as defined in RSA 369-B:2, VII. Money collected from such a surcharge shall be applied to reducing any amounts that would otherwise be deferred under RSA 369-B:3, IV(b)(1)(B)(i) after taking into account the provisions of RSA 369-B:3, IV(b)(3)(D).

11 Effect on Finance Order. The provisions of this act shall amend the specific provisions of public utilities commission Order No. 23, 550, approving the issuance of rate reduction bonds, issued by the public utilities commission in Docket No. DE 99-099. All provisions of RSA 369-B, including the amendments made by this act, and all provisions of commission Order No. 23,550, as amended by this act, shall remain in full force and effect and are hereby ratified and confirmed in all respects. The provisions of this act shall not affect the validity, effectiveness, or finality of commission Order No. 23,550, or the validity of any rate reduction bonds issued thereto. The general court finds that commission Order No. 23,550, as amended by this act, satisfies all of the conditions and requirements of RSA 369-B, as amended, including without limitation, RSA 369-B:3, IV, and is deemed to be authorized and issued pursuant to RSA 369-B, as amended, and that the implementation of such order, as amended, is in the public interest.

12 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill:

I. Entitles an electric utility to retain 20 percent of the savings from an approved renegotiation of a public utilities commission order.

II. Modifies the terms of transition service for customers of Public Service Company of New Hampshire.

III. Modifies the system benefits charge authority.

IV. Requires the public utilities commission to make certain determinations prior to approving the sale of Public Service Company of New Hampshire fossil generation assets.

V. Authorizes the public utilities commission to impose an energy surcharge on transition service customers of Public Service Company of New Hampshire.

Adopted.

Rep. Wendelboe offered a floor amendment (1004h).

Floor Amendment (1004h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the system benefits charge.

Amend the bill by replacing all after the enacting clause with the following:

1 Authority to Issue Finance Orders; System Benefits Charge. Amend RSA 369-B:3, IV(b)(6) to read as follows:

(6) The total system benefits charge shall be [~~no greater than \$0.003~~] **fixed at \$0.002** per kilowatt-hour for 33 months from competition day divided between low-income assistance and energy efficiency/conservation programs. In the event that the commission finds that a significant amount of unencumbered dollars have accumulated in either program, and are not needed for program purposes, the commission shall refund such unencumbered dollars to ratepayers in a timely manner;

2 Electric Utility Restructuring; Implementation; System Benefits Charge. Amend RSA 374-F:4, VIII(b) to read as follows:

(b) [~~During the first and second year~~] After competition is certified to exist pursuant to RSA 38:36, the portion of the system benefits charge referred to in RSA 374-F:3, VI due to energy efficiency programs, new renewable programs, and programs for low-income customers shall not exceed [3] **2 mills** per kilowatt hour for any utility.

3 Repeal. Section 14 of HB 489 of the 2001 session, relative to an energy efficiency program, is repealed.

4 Contingency. If HB 489 of the 2001 session becomes law, sections 1-3 of this act shall take effect upon its passage. If HB 489 of the 2001 session does not become law, sections 1-3 of this act shall not take effect.

5 Effective Date.

I. Sections 1-3 of this act shall take effect as provided in section 4 of this act.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill repeals the energy efficiency program established by HB 489 of the 2001 session and reduces the system benefits charge that may be charged to certain customers.

Rep. Wendelboe spoke in favor.

Rep. Jeb Bradley spoke against and yielded to questions.

On a division vote, 91 members having voted in the affirmative and 258 in the negative, the floor amendment failed.

Rep. Jeb Bradley moved Recommit to committee.

Adopted.

Recommitted to Science, Technology and Energy.

HB 443, relative to a 20-year state comprehensive energy plan. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. William W. Gabler for the Majority of Science, Technology and Energy: Recognizing that energy is essential for the health and safety and economic well being of all New Hampshire residents, this bill calls for a forward-looking analysis of our energy needs, and the preparation of a comprehensive state energy plan. This plan will evaluate the future demand for both natural gas and electricity while also assessing the adequacy of our transmission and distribution infrastructure, siting requirements, fuel diversity and energy efficiency programs. In so doing, the plan will lay the groundwork for efforts to ensure that New Hampshire does not experience energy supply and demand problems similar to those recently encountered in other states. In addition, this plan will provide the framework for New Hampshire to participate in regional and national energy planning forums that may impact our state. Given the essential nature of energy to our lives, the committee feels that the state needs to look ahead and take steps now to ensure that the energy infrastructure is safe, reliable and adequate in the future. Funding for the development of this plan will come from existing conservation funds. The bill authorizes the expenditure of up to \$100,000 of those funds, which amounts to approximately ½ of 1 percent of the state's conservation funds for 2002. While the committee acknowledges that this is not a minor amount of money, it feels strongly that the expenditure is inexpensive in comparison to the potential cost of supply and demand problems that a thorough energy study may help us avoid. Vote 12-3.

Rep. Gary R. Gilmore for the Minority of Science, Technology and Energy: This bill will cost New Hampshire electric ratepayers \$100,000 and although extremely well intentioned, will not accomplish the purpose as sought by its sponsors. The questions posed by the amended version of this legislation which are to be answered by a consultant fall outside the scope of any New Hampshire agency to adequately ascertain.

Amendment (0576h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to a state energy plan.

Amend the bill by replacing all after the enacting clause with the following:

1 Purpose. The state of New Hampshire has recently moved to restructure its electric and natural gas industries. Electric utilities were formerly responsible for developing least cost energy plans and integrated resource plans. While it is expected that the restructuring of the electric and natural gas industries will provide market responses to energy supply and demand conditions, it is nonetheless important that the governor's office of energy and community services and the public utilities commission be involved in some aspects of energy planning.

2 Findings. The general court finds that a comprehensive and integrated energy plan will provide useful information about the supply of and demand for natural gas and electricity, the adequacy of transmission and distribution infrastructure, siting requirements, fuel diversity, and energy efficiency and conservation. The general court further finds that use of the system benefits charge to fund the plan within the limitations legislatively established for those charges is in the public interest.

3 State Energy Plan.

I. The governor's office of energy and community services, in consultation with the public utilities commission and other state agencies as needed, shall prepare a state energy plan covering a 10-year period. The governor's office of energy and community services shall solicit the input of independent parties, including the Whittemore School of Business and Economics at the University of New Hampshire. The plan shall be consistent with the legislative policies set forth in RSA 162-H, RSA 378:37, RSA 374-F, and RSA 369-A. The plan shall include:

(a) An analysis of the demand projections for energy consumption of electricity and natural gas in New Hampshire.

(b) An analysis of the adequacy of electricity generation in New Hampshire, and of transmission and distribution resources in New Hampshire for the natural gas and electric industries, and how regional generation, transmission, and distribution resources affect New Hampshire.

(c) An analysis of siting requirements for electric generation resources and natural gas and electric transmission and distribution resources.

(d) An analysis of fuel diversity for electricity generation.

(e) An analysis of the efficient use of energy resources and conservation initiatives.

(f) An analysis of how these New Hampshire-specific issues relate to regional initiatives to assure the adequacy of generation, transmission, and distribution assets.

(g) Recommendations, based on the analyses completed under subparagraphs (a)–(f), for state implementation actions to achieve the legislative policies set forth in RSA 162-H, RSA 378:37, RSA 374-F, and RSA 369-A, or for other energy policies that should be pursued.

II. In developing the plan, the governor's office of energy and community services shall seek public comment by holding at least 4 public hearings in different geographic locations around the state.

III. The governor's office of energy and community services is authorized to expend up to \$100,000 to complete the plan. Such funds shall be provided proportionally by jurisdictional electric distribution utilities out of funds collected from the energy efficiency portion of each utility's approved system benefits charge, or as otherwise directed by the public utilities commission.

IV. The governor's office of energy and community services shall complete the state energy plan by November 1, 2002. Prior to publication of the plan, the governor's office of energy and community services shall consult with the legislative oversight committee on electric utility restructuring established by RSA 374-F:5 and the gas utility restructuring oversight committee established by RSA 374:60. Upon completion, the plan shall be distributed to the speaker of the house of representatives, the senate president, the chairpersons of the house science, technology, and energy committee and the senate energy and economic development committee, the governor, and the state library.

4 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires the governor's office of energy and community services, in consultation with the public utilities commission and other state agencies, to prepare a state energy plan covering a 10-year period. This bill authorizes the governor's office of energy and community services to expend up to \$100,000 to be provided by jurisdictional electric distribution utilities, to complete the plan.

Adopted.

Rep. Gilmore spoke against and yielded to questions.

Rep. Gabler spoke in favor and yielded to questions.

On a division vote, 300 members having voted in the affirmative and 52 in the negative, the majority report was adopted.

Ordered to third reading.

HB 740, relative to decommissioning of nuclear electric generating facilities. **OUGHT TO PASS**

Rep. Jeb E. Bradley for Science, Technology and Energy: Passage of this bill will update the nuclear decommissioning statute so that it enables the sale of the Seabrook power plant to a non-regulated new owner as part of electric industry restructuring. Currently the Nuclear Decommissioning Finance Committee (NDFC) determines the expected life of the plant and the amount of money necessary for future decommissioning based upon minimum Nuclear Regulatory Commission (NRC) radiological standards and New Hampshire site specific restoration standards. That will not change under the proposed legislation. Today decommissioning charges appear as a surcharge on customer's bill. With the change in ownership, customers will no longer be responsible for decommissioning expenses and the surcharge will disappear. New owners of the plant, not electricity customers, will be responsible for making timely payments into the decommissioning fund as determined by the NDFC. The statute is being revised so that the NDFC will have ample authority to insure that a new owner provides financial assurance that decommissioning will occur safely and within a reasonable timeframe. The NDFC must approve a financial assurance plan for a new owner prior to the transfer in ownership occurring. As part of the sale of the plant, about \$50 million from the sale proceeds will be deposited into the decommissioning fund. This is being done pursuant to the legislation in order to ensure that at time of closing, there will be enough money in the fund to meet minimum radiological decommissioning standards established by the NRC. The law also changes the site restoration standard to one consistent with commercial and industrial uses as opposed to the existing state "greenfields" standard. The Town of Seabrook supports this change. As an adjunct to this legislation, the existing owners of the facility have agreed to upgrade (at their expense) the appearance of the never completed Seabrook II. As part of the consideration of this legislation the counsel to the NDFC, with the cooperation of the existing Seabrook owners and other interested parties, has prepared annotations to the bill that explain its intent. These April 12, 2001 annotations will be part of the legislative history of the bill. An issue involving decommissioning funding in the event of a premature shutdown may prompt a later amendment to the bill. The committee believes enactment of this legislation will enhance the sale of Seabrook. All proceeds from the sale of the plant will reduce stranded costs. Given the increasing price of electricity, the sale value of Seabrook is also expected to increase. The committee believes it is a good time to sell Seabrook both to reduce stranded costs and shift operational risks away from customers. Vote 14-0. Adopted and ordered to third reading.

HB 758, relative to the sale of gasoline containing ethers. **OUGHT TO PASS WITH AMENDMENT**

Rep. Terie T. Norelli for Science, Technology and Energy: Methyl tertiary-butyl ether (MTBE) is an alcohol-based gasoline additive that was first introduced in the 1970's to replace lead as an octane booster. Since the early 1990's it has also been added in higher concentrations to reformulated gasoline (RFG) to meet the minimum oxygen requirement of the federal RFG program. Because of the potential for contamination of water resources by MTBE and other ethers, the desire to take action at the state level to ban or limit the use of MTBE is justifiable. Unfortunately, the federal Clean Air Act (CAA) places restrictions on states' ability to regulate fuel components without approval of the US Environmental Protection Agency (EPA). In addition, four New Hampshire counties that are in non-attainment for ozone are required to use RFG based upon a decision by NH to opt into the program in 1991 as part of our ozone reduction strategy required by law. At that time the decision was seen as a way of avoiding some of the more onerous requirements of centralized auto emissions testing. RFG has a minimum oxygenate requirement of 11% by volume of

gasoline. The most common oxygenate used to meet this mandate is MTBE. Ethanol is an alternative used in some areas, primarily in the Midwest where it is more readily available, however, ethanol cannot be readily blended with gasoline sold in the east because of transportation and distribution problems.

Several states have attempted to limit MTBE concentrations in gasoline. Minnesota substituted ethanol. Maine took the legal route of opting out of the RFG program with EPA approval. New York and California both banned MTBE and are now being sued in federal court for violating federal law. Connecticut is considering moving the date further out for their ban because their only option is to substitute ethanol. In light of these actions in other states, it appears the quickest and most successful route to the elimination of MTBE is by opting out of the federal RFG program. The bill as introduced would have limited MTBE and other ethers by October of this year to levels that are below those contained even in conventional gasoline and virtually eliminated all ethers by 2003. Conventional gasoline is currently the fuel that is being sold in the six New Hampshire counties that are not required to use RFG. Due to the fact that state regulations would then contradict federal regulations it is unlikely that fuel dealers would even consider supplying non-RFG gasoline in the four counties where it is federally required due to the imposition of significant daily fines for violating the federal rule. In other words the committee felt that either RFG would continue to be supplied despite the proposed legislation, or we would be faced with the situation where there would be supply disruptions and price spikes. We do not believe this was the intention of the sponsors, however, it would be an unintended consequence of the proposed legislation if enacted. The committee shares the sponsors' goals of removing MTBE in the shortest time-frame possible. The committee believes that the first step toward accomplishing this goal is to opt out of the RFG program with EPA approval. Failure to achieve federal approval would mean the need to substitute ethanol (contrary to the proposed legislation that limits ALL ethers) because the RFG program still contains a mandate for oxygenated gasoline. Requiring the use of ethanol would be a distribution nightmare on the East Coast both in terms of gasoline price increases and supply disruptions. Thus without EPA approval to opt out and without substituting ethanol, the state would end up in federal court as California and New York have.

The bill, as amended by the committee, requires the NH Department of Environmental Services (DES) to submit a request by January 1, 2002, to the EPA to opt out of the RFG program as soon as possible, but no later than January 1, 2004. The bill contains authorizations for DES to substitute air emission reductions for the loss of RFG air credits. Thus it is much more likely that New Hampshire will be able to successfully opt out of the RFG program without the threat of federally-imposed auto emissions testing or legal challenges. Once the opt-out has been approved the committee amendment strengthens the existing statutory authority the DES commissioner already has to limit or ban MTBE. The amendment requires the commissioner to limit or ban MTBE provided a readily available, reasonably priced alternative exists.

The committee believes the amendment is likely to provide the quickest, most successful route to the elimination of MTBE and other ethers. Some people disagree with this approach and want a more confrontational approach. Unfortunately states that have adopted more confrontational approaches may feel they have accomplished something, but in reality these states have neither banned nor limited MTBE with much success to date. Vote 13-1.

Amendment (0874h)

Amend the bill by replacing all after the enacting clause with the following:

1 Purpose. In order to minimize the contamination of our water resources and to protect the public from potentially harmful health effects, New Hampshire must dramatically reduce or eliminate the amount of methyl tertiary-butyl ether (MTBE) and other ethers in gasoline supplied to New Hampshire. Since the oxygen mandate specified for federal reformulated gasoline (RFG) by the Clean Air Act has led to a dramatic increase in MTBE concentrations in gasoline, opting out of the federal RFG program and then limiting or banning MTBE and other ethers are the most effective ways to permanently reduce the concentrations of MTBE and other ethers in gasoline sold in New Hampshire. The state may be required by the Environmental Protection Agency to make up for emission reductions lost as a result of this action, and authorization is provided to do so.

2 Penalties. Amend RSA 485:16-b, I and II to read as follows:

1. *Except as provided for in RSA 485:16-d*, the commissioner shall seek all necessary [waivers] *authorizations* from the Environmental Protection Agency [~~such that conventional gasoline;~~

or some other substitute gasoline that is readily available and reasonably priced, may immediately replace reformulated gasoline in Strafford, Rockingham, Hillsborough, and Merrimack counties. The waivers shall expire on January 1, 2002. The temporary waivers shall not be predicated upon the state implementing substitute air emissions reduction strategies in order to comply with the state implementation plan] *to opt out of the federal reformulated gasoline program as soon as possible, but in no case later than January 1, 2004. The department of environmental services shall prepare and submit to the Environmental Protection Agency as soon as possible, but in no case later than January 1, 2002, all documentation necessary to accomplish this task.*

II. In addition to the ~~[authority to seek waivers under]~~ *provisions of* paragraph I, the commissioner, after consultation with the commissioner of health and human services, ~~[may]~~ *shall limit to the greatest extent practicable*, with the approval of the governor and council, the concentration of MTBE allowed in any gasoline sold in all or part of the state after first holding a public hearing on the issue and certifying to the air pollution advisory committee established in RSA 125-J:11 that gasolines which meet such limit are:

(a) Readily available to New Hampshire consumers at a reasonable price;

(b) Less hazardous overall to humans and the environment than gasoline having higher MTBE concentrations taking into account all exposure routes, including air and water; and

(c) Approved for use in New Hampshire by the Environmental Protection Agency without a requirement to substitute additional air emissions reductions beyond those adopted under RSA 485:16-c.

3 New Sections; Air Pollution Control Measures. Amend RSA 485 by inserting after section 16-b the following new sections:

485:16-c Adoption of Other Air Pollution Control Measures. In order to fulfill federal air pollutant emission reduction obligations that may be created by opting out of the federal reformulated gasoline program under RSA 485:16-b or by implementing an alternative regional or federal approach under RSA 485:16-d, the commissioner shall be authorized to establish limits on the manufacture, use, or sale of consumer products in accordance with RSA 125-C:6, XVII.

485:16-d Regional and Federal Efforts.

I. The commissioner is authorized to promote such regional or federal efforts as may be required to reduce the ongoing contamination threat posed by MTBE and other gasoline ethers, including but not limited to efforts to eliminate the federal oxygen mandate in the federal Clean Air Act, secure waivers from federal fuel requirements, or implement cleaner, more protective reformulation of gasoline.

II. If an alternative regional or federal approach to cleaner gasoline is developed which provides equal or greater effectiveness in reducing concentrations of MTBE and other gasoline ethers than opting out of the federal reformulated gasoline program under RSA 485:16-b, I, or does so in a manner that requires less costly substitute emission control measures under RSA 485:16-c, then the commissioner may implement such alternative regional or federal approach. Such alternative regional or federal approach may substitute for opting out of the federal reformulated gasoline program under RSA 485:16-b, I if undertaken prior to January 1, 2004.

4 New Paragraph; Definitions; Consumer Products. Amend RSA 125-C:2 by inserting after paragraph V-b the following new paragraph:

V-c. "Consumer products," any substance, product (including paints, coatings, and solvents), or article (including any container or packaging) held by any person, the use, consumption, storage, disposal, destruction, or decomposition of which may result in the release of air contaminants.

5 New Subparagraph; Rulemaking. Amend RSA 125-C:4, I by inserting after subparagraph (m) the following new subparagraph:

(n) The manufacture, use, or sale of consumer products for purposes of implementing RSA 485:16-c.

6 New Paragraph; Duties of Commissioner. Amend RSA 125-C:6 by inserting after paragraph XVI the following new paragraph:

XVII. Implementing a program to control the emissions of air contaminants from consumer products for purposes of RSA 485:16-c, by establishing limits on the manufacture, use, or sale of such products, provided that such limits are not less stringent than those established under the Clean Air Act and amendments thereto, and in regulations promulgated under the Clean Air Act.

7 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This act authorizes the state to opt out of the federal reformulated gasoline program no later than January 1, 2004, and requires the department of environmental services to prepare and submit to the U.S. Environmental Protection Agency all documentation necessary to accomplish this task. Rep. Jeb Bradley yielded to questions.

Adopted.

Rep. Dickinson offered a floor amendment (0969h).

Floor Amendment (0969h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the sale of gasoline containing ethers and requiring an investigation by the attorney general.

Amend the bill by replacing all after section 1 with the following:

2 New Subdivision; Ethers Content in Gasoline. Amend RSA 339-B by inserting after section 16 the following new subdivision:

Ethers Content in Gasoline

339-B:17 Definitions.

I. "Ethers" means organic compounds formed by the treatment of an alcohol with a dehydrating agent resulting in 2 organic radicals joined by an oxygen atom. Gasoline ethers include, but are not limited to, methyl tertiary-butyl ether (MTBE), tertiary-amyl methyl ether (TAME), ethyl tertiary-butyl ether (ETBE), and di-isopropyl ether (DIPE). Gasoline ethers shall include other ethers contained in, or added to, gasoline.

II. "Reid Vapor Pressure" (RVP) means the standardized measure of the vapor pressure of a liquid fuel in pounds per square inch absolute at 100 degrees fahrenheit.

339-B:18 Ethers Content in Gasoline.

I. As of January 1, 2002, the total ethers content, by volume, in all regular grade gasoline sold in this state shall not exceed one percent, in all mid-grade gasoline sold in this state shall not exceed 3 percent, and in all premium grade gasoline sold in this state shall not exceed 5 percent.

II. As of January 1, 2002, all gasoline that is distributed or marketed by bulk gasoline terminals or is delivered to gasoline service stations or bulk gasoline plants shall not have a Reid Vapor Pressure greater than 7.8 pounds per square inch during the period between May 1 and September 15 of each year.

3 Investigation by Attorney General Required. In light of the decision in American Petroleum Institute v. United States Environmental Protection Agency, 198 F.3d 275 (2000), the attorney general shall investigate and pursue any and all legal remedy concerning the state's agreement with the Environmental Protection Agency to use reformulated gasoline. The attorney general shall report its findings and any recommendations to the speaker of the house of representatives, the house clerk, the senate president, the senate clerk, the governor, and the state library on or before January 1, 2002.

4 Severability. If any provision of this act or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the act which can be given effect without the invalid provisions or applications, and to this end the provisions of this act are severable.

5 Effective Date. This act shall take upon its passage.

AMENDED ANALYSIS

This bill requires that regular grade gasoline sold in this state shall not exceed one percent total ethers by volume as of January 1, 2002, that mid-grade gasoline sold in this state shall not exceed 3 percent total ethers by volume as of January 1, 2002, that premium gasoline sold in this state shall not exceed 5 percent total ethers by volume as of January 1, 2002, and that all gasoline sold in this state shall not have a Reid Vapor Pressure greater than 7.8 pounds per square inch as of January 1, 2002. This bill also requires the attorney general to investigate the agreement with the Environmental Protection Agency and report the findings to the legislature.

Reps. Dickinson, Arnold, Kennedy and Martin spoke in favor and yielded to questions.

Reps. Norelli and Jeb Bradley spoke against and yielded to questions.

Rep. Sloan spoke against.

Rep. Jeb Bradley requested a roll call; sufficiently seconded.
The question being adoption of the floor amendment (0969h).

and the floor amendment failed.

Report adopted and ordered to third reading.

HCR 12, requesting that the federal government lift federal preemption of regulation of gas pipelines and pipelines carrying other hazardous substances. **OUGHT TO PASS WITH AMENDMENT**

Rep. Jonathan E. Hill for State-Federal Relations and Veterans Affairs: The number of miles of natural gas pipeline in New Hampshire has increased significantly in recent years and it is anticipated that it will increase even more in the future. At the present time, the state Public Utilities Commission has a role in some aspects of interstate pipeline safety, but not all aspects. HCR 12 asks the federal government to allow the state greater involvement in pipeline safety and to clarify jurisdictional issues. The Public Utilities Commission testified that there are several pipelines crossing our state that New Hampshire has no safety information on. The Public Utilities Commission further testified that it would be advantageous for New Hampshire to have a more hands-on involvement in interstate pipeline safety. Vote 11-2.

Amendment (0612h)

Amend the resolution by replacing the title with the following:

A RESOLUTION requesting that the federal government authorize greater state regulation of gas pipelines and pipelines carrying other hazardous substances.

Amend the resolution by replacing the first paragraph after the title with the following:

Whereas, ensuring the safety of citizens residing near pipelines carrying hazardous substances and protecting the surrounding environment from the deleterious effects of pipeline spills are vital state and local responsibilities, yet the federal government is responsible for the oversight of interstate pipelines; and

AMENDED ANALYSIS

This house concurrent resolution requests that the federal government clarify that the regulation of pipelines carrying gas and other hazardous substances be integrated with concurrent state and federal oversight.

Adopted.

Report adopted and ordered to third reading.

HB 590, relative to access to motor vehicle records by insurance companies. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert J. Letourneau for Transportation: This bill as amended establishes the terms and conditions under which life insurance companies may access motor vehicle records. The bill as introduced would have allowed life insurance companies unfettered access to the motor vehicle records. This would have subverted our privacy law as passed by this House. This amended bill allows our citizens consent and knowledge of motor vehicle record access for life insurance underwriting purposes. This amendment also allows for trucking companies to access motor vehicle records for Commercial Drivers Licenses as required by federal law. Vote 14-3.

Amendment (0800h)

Amend the title of the bill by replacing it with the following:

AN ACT permitting life insurance companies access to certain motor vehicle records.

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraph; Administration of Motor Vehicle Laws; Access to Records by Life Insurance Companies. Amend RSA 260:14, V(a) by inserting after subparagraph (9) the following new subparagraph:

(10) For use by life insurance companies authorized to write life insurance policies in this state, or their authorized agents, on a case-by-case basis, and upon representation by the company or authorized agent, on a form satisfactory to the department, that the named person's written consent to the release of the record has been obtained and that the record will be used solely in connection with claims investigation, rating, and underwriting.

2 Administration of Motor Vehicle Laws; Written or Express Consent. Amend RSA 260:14, V(c)(1) to read as follows:

(1) No person shall be required to provide his or her *written or* express consent to the release of personal information as a condition of doing business with any other person *or legitimate business*.

3 Administration of Motor Vehicle Laws; Clarification of Restriction on Re-release of Motor Vehicle Information. Amend RSA 260:14, VI(a) to read as follows:

(a) Except as provided in subparagraph (b), an authorized recipient of personal information for a particular use under the provisions of subparagraph V(a) may not ~~[use the information;]~~ sell, rent, transfer, or make the information available to another person for the same or for any other use.

4 Administration of Motor Vehicle Laws; Re-release of Motor Vehicle Information by Certain Motor Vehicle Businesses and Life Insurance Companies. Amend RSA 260:14, VI(b) to read as follows:

(b) An authorized recipient of personal information for a particular use under subparagraphs V(a)(1), (4), (8), ~~[and]~~ (9), *and (10)* may sell, rent, transfer or make the information available to another person for the same use only, subject to the limitations in the particular subparagraph.

5 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes the terms and conditions under which life insurance companies may access motor vehicle records. It also provides that written or express consent to the release of motor vehicle records shall not be required as a condition of doing business with another person or business. The bill further clarifies that an entity permitted to obtain motor vehicle records for a particular purpose may use the information but is restricted in the re-release of such information. Finally, the bill allows various motor vehicle businesses and life insurance companies to re-release motor vehicle information under certain circumstances.

Adopted.

Rep. Rosen spoke against.

Rep. Packard spoke in favor.

On a division vote, 293 members having voted in the affirmative and 56 in the negative, the report was adopted.

Ordered to third reading.

HB 218-FN, relative to the motor vehicle road toll law and motor vehicle registration fees. **OUGHT TO PASS WITH AMENDMENT**

Rep. John S. Langone for Ways and Means: The committee feels that this bill, as amended, accomplishes the intent of the Dept. of Safety and the Transportation Committee. This bill allows the Commissioner of Safety to hire inspectors and increases the fees of trucks and motor vehicle registrations, which haven't been raised since 1989. It also removes the "Dedicated Funds" section of the bill. The fiscal impact for 2002 is a \$4,500,000 net gain to the highway fund; \$900,000 for much needed truck emissions, dealer and inspection station enforcement and \$600,000 to local governments for local road assistance. Without passage of this bill and increased levels of enforcement for which it provides, the state of New Hampshire could lose \$14-15,000,000 of Federal Aid Highway Funds each year. Vote 15-2.

Amendment (0468h)

Amend the bill by replacing sections 6-7 with the following:

6 Motor Vehicles; Certificates of Title and Registration of Vehicles; Registration Fees; Fees to be Collected; Prorated Fees for Motor Vehicles. Amend RSA 261:141, III(g) to read as follows:

(g) For all motor vehicles other than those in RSA 261:141, I:

0-3000 lbs. [~~\$19.20 (\$1.60)~~] **\$25.20 (\$2.10)** per month

3001-5000 lbs. [~~\$31.20 (\$2.60)~~] **\$37.20 (\$3.10)** per month

5001-8000 lbs. [~~\$43.20 (\$3.60)~~] **\$49.20 (\$4.10)** per month

8001-73,280 lbs. \$.84 per hundred lbs. gross weight.

7 Appropriation; Motor Vehicle Inspectors. The sums of \$900,000 for the fiscal year ending June 30, 2002 and \$630,526 for the fiscal year ending June 30, 2003, are hereby appropriated to the department of safety for the purpose of hiring 10 motor vehicle inspectors for the enforcement duties established in RSA 266:1-a. Said appropriations shall be a charge against the highway fund.

Amend the bill by deleting section 8 and renumbering the original sections 9-10 to read as 8-9, respectively.

AMENDED ANALYSIS

I. Deletes the maximum amount for road toll bonds required of licensed distributors of motor fuel.

II. Permits the commissioner of safety to waive interest assessed for road toll violations.

III. Requires the commissioner of safety to establish the interest rate assessed on road toll violations.

IV. Requires special fuel users to retain records necessary for purposes of administering the road toll laws.

V. Repeals road toll provisions relating to heating oil suppliers.

VI. Increases registration fees for motor vehicles.

VII. Makes an appropriation to pay for the hiring of motor vehicle inspectors.

This bill is a request of the department of safety.

Adopted.

Report adopted and ordered to third reading.

HB-604-FN, relative to increasing certain fees and making other changes to fish and game licenses.

ought to PASS

Rep. Jeff Gilbert for Ways and Means: The Committee voted on a bipartisan basis 12-6 to approve the proposed license fee increases of approximately 40% over a two year period. These fees represent nearly all of the sources of funding for the Department of Fish and Game. The fees have not been raised since 1989 and the new fee structure is essential to maintaining the Department's present level of services. The Committee noted the strong support given to the bill by the Fish and Game Committee and Executive Director Vetter's testimony that the new fee structure will be very competitive with our neighboring Northeastern states, and in numerous meetings around the state and the public hearing before the Fish and Game Committee; no objections were voiced by our citizens or sportsmen or conservation groups. Vote 12-6.

Rep. Dickinson offered a floor amendment (0989h).

Floor Amendment (0989h)

Amend the bill by replacing sections 30 and 31 with the following:

30 Repeal. The following are repealed:

I. RSA 214:9, VIII(a), relative to the nonresident 15-day fishing license.

II. RSA 214:9, VIII-b, relative to the one-day family fishing license.

31 Effective Date.

I. Sections 2, 4, 6, 8, 10, 12, 14, 16, 18, 20, 22, 24, 26, and 28 of this act shall take effect March 1, 2003.

II. The remainder of this act shall take effect March 1, 2002.

Reps. Dickinson and McRae spoke in favor.

Rep. Alukonis spoke against and yielded to questions.

Rep. Mock spoke against.

On a division vote, 67 members having voted in the affirmative and 291 in the negative, the floor amendment failed.

Report adopted and ordered to third reading.

HB 742-FN-L, relative to collection of the education property tax and establishing a program to rebate certain excessive property tax payments of eligible taxpayers. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE**

Rep. Frank V. Sapareto for the Majority of Ways and Means: The majority of the committee felt that this bill accomplishes two extremely important efforts. First, by treating a state tax like a state tax it eliminates the ability to determine a donor or receiver town. Public perception of the state property tax is poor at best due to the concept of donor/receiver. Second, this bill provides substantial and much needed relief to property tax payers who can't afford property taxes and ensures that no one will be forced from their homes. This is the most refined circuit breaker/safety net proposal as it has been introduced and crafted over four legislative terms. Unlike other circuit breakers, this program is self-funding and actually generates state revenues. It is estimated that it will generate approximately ten times the amount of property tax relief, under the current hardship provision, which it completely replaces. Critics complain that the interest generated by this tax belongs to the towns. But, the majority feels that this money belongs to the taxpayers and not to the towns. People pay taxes, not towns. The appropriations for this bill, as stated in the bill, are derived from the Education Trust Fund. Vote 9-7.

Rep. Susan W. Almy for the Minority of Ways and Means: This bill is the sketch of a plan to move the collection of the statewide property tax (at \$6.60) to the Department of Revenue Administration, in order to take the "float" (recompense for administration of the tax) from the municipalities and use it for an education property tax circuit breaker. It would require at least five million dollars for start up and two million a year for routine administration, but no appropriation has been provided. Numerous details necessary for this to work have been omitted. This is an extremely expensive way to fund the circuit breaker, which is similar to that in most other plans, but which would apparently be left with about the same amount of money that now funds only state-wide property tax relief in donor towns.

Amendment (0548h)

Amend the bill by replacing all after the enacting clause with the following:

1 Education Property Tax to be Collected by Department of Revenue Administration. Amend RSA 76:3 to read as follows:

76:3 Education Property Tax.

I. An annual education property tax at the uniform rate of \$6.60 on each \$1000 of the value of taxable property, to be assessed annually as of April 1 and every year thereafter, is hereby imposed on all persons and property taxable pursuant to RSA 72 and RSA 73, except property subject to tax under RSA 82 and RSA 83-F.

II. The commissioner of revenue administration shall determine the amount owed by each taxpayer under this section and bill each taxpayer for ½ the amount payable by July 1 and ½ the amount payable by December 1 of each year.

III. Taxes not paid when due shall be subject to appropriate penalties and interest under RSA 21-J; except that, notwithstanding the provisions of RSA 21-J:33, I, if the failure to pay is due to willful neglect or intentional disregard of law or rules but without intent to defraud, the penalty for taxes which are delinquent 60 days or more shall be equal to 20 percent of the amount of the nonpayment or underpayment.

IV. The commissioner shall collect and shall pay over to the state treasurer the taxes, interest, additions to tax, and penalties imposed under this chapter. The state treasurer shall deposit all taxes, interest, additions to tax, and penalties collected in the education trust fund established by RSA 198:39.

V. A municipality may collect delinquent taxes, interest on or additions to delinquent taxes, or penalties imposed by this section. If a municipality recovers such amount, the municipality may retain 10 percent of the amount owed to the state. If a municipality does not pursue the collection of delinquent taxes, the commissioner may institute actions in the name of the state to recover any tax, interest on tax, additions to tax, or the penalties imposed by this section.

VI. In the collection of the tax imposed by this section, the commissioner may use all of the powers granted to tax collectors under RSA 80 for the collection of taxes. The commissioner shall also have all of the duties imposed upon the tax collectors by RSA 80 that are applicable to the commissioner. The provisions of RSA 80:26 shall apply to the sale of land for the payment of taxes due under this chapter, and the state treasurer is authorized to purchase the land for the state. If the state purchases the land, the state treasurer shall certify the purchase to the governor, and the governor shall draw a warrant for the purchase price out of any money in the treasury not otherwise appropriated. The state shall indemnify and hold harmless the commissioner and any state officials and employees acting to recover any tax, interest on tax, additions to tax, or penalties under this section.

VII. Appeals regarding valuation of property shall be made to the board of tax and land appeals or the superior court of the county in which the taxpayer resides in the manner prescribed in RSA 76:16-a and RSA 76:17. Appeals other than appeals of valuation shall be made according to the procedure and subject to the time limits provided for other taxes administered by the department under RSA 21-J.

VIII. Prior to January 1 of each year, each municipality shall transmit to the department information required by the department for the billing of taxpayers under paragraph II of this section.

2 Determination of Adequate Education Grants. Amend RSA 198:41, I to read as follows:

I. Except for municipalities where all school districts therein provide education to all of their pupils by paying tuition to other institutions, the department of education shall determine the amount of the adequate education grant for the municipality as follows:

(a) Multiply the average base cost per pupil of an elementary pupil by the weighted average daily membership in residence for the municipality;

(b) Add to the product of subparagraph (a), 70 percent of the municipality's apportioned transportation cost[;

(c) ~~Subtract from the sum of subparagraph (b) the amount of the education property tax warrant to be issued by the commissioner of revenue administration for such municipality reported pursuant to RSA 76:9 for the next tax year.]~~

3 Reference Change. Amend RSA 198:41, II(b) to read as follows:

(b) The total amount paid for items of current education expense as determined by the department of education ~~[minus the amount of the education property tax warrant to be issued by the commissioner of revenue administration for such municipality reported pursuant to RSA 76:9 for the next tax year].~~

4 New Subdivision; Education Property Tax Relief. Amend RSA 198 by inserting after section 55 the following new subdivision:

Education Property Tax Relief

198:56 Definitions. In this subdivision:

I.(a) "Claimant" means a person who:

(1) Has filed a claim with the department for reduction in such claimant's property taxes under this subdivision; and

(2) During the 3 fiscal years preceding the year in which the person files a claim for relief under this chapter:

(A) Has had an ownership interest in a homestead and was domiciled in the homestead upon which education property taxes have accrued and for which the person is making a claim for tax relief from education property taxes in this state; and

(B) Was not a full-time student claimed as a dependent by any taxpayer under the United States Internal Revenue Code; and

(3) Did not during the prior federal income tax year, pay the alternative minimum tax.

(b) In this paragraph, the term "ownership interest" includes:

(1) A vendee in possession under a land contract;

(2) One or more joint tenants or tenants in common; or

(3) A person who has equitable title, or the beneficial interest for life in the homestead.

II. "Commissioner" means the commissioner of the department of revenue administration.

III. "Department" means the department of revenue administration.

IV. "Education property taxes" means the sum of the statewide education property tax under RSA 76:3 and the education portion of property taxes assessed by a municipality.

V. "Equalized assessed value" or "equalized assessed valuation" means the modified assessed valuation of property equalized by the commissioner pursuant to RSA 21-J:3, XIII. In this paragraph, "modified assessed valuation" means the sum of the assessments of taxable property in a municipality less the statutory exemptions provided in RSA 72:12-a, 72:12-b, 72:37, 72:39-a, and 72:39-b. "Modified assessed valuation" shall not include optional exemptions provided in RSA 72:37-b, 72:62, 72:66, and 72:70.

VI.(a) "Excessive education property taxes" means the sum of the state education rate determined under RSA 76:3 multiplied by the equalized value of the claimant's qualifying homestead and the amount of the local education portion of property taxes assessed on a claimant's homestead; which is in excess of 10 percent of a claimant's household income for the calendar year preceding the tax year of the excessive education property tax claim.

(b) In this paragraph, "equalized assessed value of the qualifying homestead" means the local assessed value of the homestead equalized by applying the equalization ratio for the municipality, as determined by the commissioner pursuant to RSA 21-J:3, XIII, for the year of the claim.

(c) A qualifying homestead is the first \$100,000 of equalized value of a homestead. If a homestead is owned by 2 or more persons or entities as joint tenants or tenants in common, and one or more persons or entities are not members of the claimant's household, "excessive education property taxes" applies to that part of statewide education property taxes levied on the homestead which reflects the ownership percentage of the claimant and the claimant's household. If a homestead is an integral part of a larger unit such as a multi-dwelling building, the statewide education property taxes shall be that percentage of the total education property taxes accrued as the total inhabitable area of the claimant's dwelling is of the total inhabitable area of the building. For purposes of this paragraph "unit" refers to the parcel of property covered by a single tax statement of which the homestead is a part.

VII.(a) "Homestead" means the dwelling owned by a claimant which is used as the claimant's principal place of residence for not less than 240 days in a calendar year and includes the following:

(1) The land upon which the dwelling stands;

(2) Visual and ordinary appurtenant structures such as but not limited to garages, wood sheds, barns, and other outbuildings;

(3) The land upon which such appurtenant structures stand;

(4) Land contiguous to such dwelling and appurtenant structures that is groomed and maintained around them; and

(5) Land necessary to the support and service of the dwelling such as but not limited to driveways and maintained rights-of-way for purposes of ingress and egress to the dwelling.

(b) A homestead may consist of a part of a multi-unit dwelling and its proportionate share of the land upon which it stands and other ordinary appurtenant common facilities.

(c) In this paragraph the term "owned" includes a vendee in possession under a land contract and one or more joint tenants or tenants in common.

(d) "Homestead" shall not include personal property such as furniture, furnishings or appliances, or structures.

(e) Manufactured housing shall be considered a dwelling.

VIII. "Household income" means any and all income received by a household, including disability income, social security income, and other sources of income which are nontaxable under the United States Internal Revenue Code. "Household income" shall also include all income of any trust through which the claimant holds equitable title, or the beneficial interest for life, in the homestead.

IX. "Education property tax" means the tax levied under RSA 76:3.

X. "United States Internal Revenue Code" means the United States Internal Revenue Code of 1986, as amended.

198:57 Claims for Education Property Tax Relief.

1.(a) Except as provided in RSA 198:66, a claimant shall be entitled to make claim to the department for education property tax relief equal to the excessive education property taxes levied under RSA 76:3 on the first \$100,000 of equalized valuation of the claimants homestead.

(b) Claims for tax relief under this subdivision shall be filed with the department of revenue administration between May 1 and June 30 following the due date of the education property taxes.

(c) Each claim shall be accompanied by a copy of the claimant's federal income tax return filed by the claimant for the corresponding tax period. Claimants who were not required to file a federal tax return for the immediately prior tax period may submit an affidavit to such effect in lieu of a tax return which document shall include the claimant's social security number. A claimant who asserts ownership in a homestead because he or she holds equitable title, or the beneficial interest for life, in the homestead shall also submit a copy of the document creating such interest and a copy of the federal tax return, if any, for the immediately prior tax period, of the trust holding legal title to the homestead. Any documents submitted shall be considered confidential, and protected under RSA 21-J:14.

(d) The provisions of RSA 359-C shall not apply to the documents required to be submitted under this section.

II. No interest shall be allowed on any relief to which a claimant may be entitled under this subdivision.

198:58 Payment of Tax Claims. The department of revenue administration shall review a claim for tax relief filed with it and, if such claim is determined to be valid, shall certify such amount to the state treasurer within 120 days. The state treasurer shall pay the claim to the claimant from funds in the education trust fund. The department shall notify a claimant whose claim is rejected in whole or in part of such determination within 90 days of the department's receipt of the claim and all required documentation.

198:59 One Claimant Per Household. Only one claimant per household per year shall be entitled to relief under this subdivision.

198:60 Claim is Personal. The right to file a claim under this subdivision shall be personal to the claimant. The right to file a claim under this subdivision shall survive the claimant's death to the extent that this right may be exercised on behalf of a claimant by a legal guardian, attorney, spouse, or another person who could have qualified as the claimant had the decedent not filed.

198:61 Administration; Rulemaking.

I. This subdivision shall be administered and enforced by the department.

II. The department shall adopt rules, pursuant to RSA 541-A, necessary to administer and enforce this subdivision.

198:62 Forms for Claim. The commissioner of revenue administration shall make available suitable forms with instructions for claimants. Such forms may require claimants to provide all information reasonably necessary to determining the accuracy of claims, including, but not limited to, property taxes accrued, changes of homestead, household membership, household income, size and nature of property claimed as the homestead, and a statement that the property taxes have been or will be paid by the claimant.

198:63 Fraudulent Claims; Penalty. A person shall be guilty of a class B felony who:

I. Files a fraudulent claim.

II. With fraudulent intent, assisted in the preparation or filing of the fraudulent claim or supplied information upon which the fraudulent claim was prepared.

198:64 Appeals. Any person aggrieved by the denial in whole or in part of a claim under this subdivision, except when the denial is based upon late filing of claim, may appeal the denial to the board of tax and land appeals or to the superior court in the county in which the person resides by filing a petition within 30 days after such denial. Procedures for an appeal of a denial of a claim shall be the same as the procedures for an appeal of a denial of an abatement of property tax under RSA 76:16-a-76:17.

198:65 Claim Applied Against Outstanding Liabilities. The amount of any claim otherwise payable under this subdivision may be applied by the department against any liability outstanding against the claimant or against anyone who was a member of the household in the taxable year to which the claim relates.

198:66 Appeals for Local Abatements. A person who applies for local abatement of property taxes under RSA 76:16 or RSA 76:16-a shall not be eligible to make a claim based on the same property taxes for education property tax relief under this subdivision.

5 Education Trust Fund; Purpose; Hardship Relief Deleted. Amend the introductory paragraph of RSA 198:39, I to read as follows:

I. The state treasurer shall establish an education trust fund in the treasury. Moneys in such fund shall not be used for any purpose other than to distribute adequate education grants to municipalities' school districts pursuant to RSA 198:42, and to provide education property tax [~~hardship~~] relief [~~under RSA 198:55~~]. The state treasurer shall deposit into this fund immediately upon receipt:

6 Reference Change; Source of Funds; Education Trust Fund. RSA 198:39, I(g) is repealed and reenacted to read as follows:

(g) Education property taxes paid over to the state treasurer by the department of revenue administration pursuant to RSA 76:3.

7 Effective Date of Hardship Relief Repeals Amended. Amend 1999, 338:25, II to read as follows:

II. Section 22 of this act shall take effect July 1, [~~2003~~] **2002**.

8 Repeal of Prospective Repeals of Education Property Tax and Adequate Education Grant Determination Provisions. The following are repealed:

I. 1999, 338:21, relative to the repeal of RSA 76:3, RSA 198:40, and RSA 198:41.

II. 1999, 338:25, I, relative to the effective date of 1999, 338:21.

9 Repeal. The following are repealed:

I. RSA 76:8, I and II, relative to the commissioner's warrant.

II. RSA 76:9, relative to the commissioner's report.

III. RSA 198:46, relative to excess education property tax payment.

IV. RSA 198:47, relative to forms for reporting and remitting of excess education property tax.

10 Effective Date.

I. Sections 7-9 of this act shall take effect July 1, 2002.

II. The remainder of this act shall take effect January 1, 2002.

AMENDED ANALYSIS

This bill transfers the authority to collect the education property tax from the municipalities to the department of revenue administration. The bill establishes a program for the rebate of excessive education property tax payments made by eligible taxpayers in the state.

Rep. Alukonis moved to Special Order the bill to the end of today's calendar.

Rep. Sapareto spoke in favor.

On a division vote, 154 members having voted in the affirmative and 209 in the negative, the motion to special order failed.

The question being adoption of the majority amendment.

Rep. Sapareto requested a roll call; sufficiently seconded.

Adopted.

SPECIAL ORDER

BILLS REMOVED FROM CONSENT CALENDAR APRIL 18TH

HB 304-FN, relative to insurance coverage for prostate cancer testing. **INEXPEDIENT TO LEGISLATE**

Rep. William B. Tsiros for Commerce: The committee recognizes that prostate cancer is one of the leading causes of death in this country. However, this bill does not offer any new or better methods to diagnose or treat the disease. On the other hand, it will create havoc in managed health care by allowing a man to ignore the advice of his physician and seek examinations and diagnostic decisions on his own, putting early and accurate treatment at more risk. Vote 15-0.

Reps. Poulin and Bickford spoke against.

Reps. Spiess and Hunt spoke in favor and yielded to questions.

Rep. Langer requested a roll call; sufficiently seconded.

The question being adoption of the committee report.

and the committee report failed.

Rep. Dwyer moved Ought to Pass with Amendment.

Rep. Poulin offered a floor amendment (0945h).

Floor Amendment (0945h)

Amend RSA 417-G:2, I as inserted by section 1 of the bill by replacing it with the following:

I. Each insurer that issues or renews any policy of accident and health insurance providing benefits for hospital expense, medical-surgical expense, or major medical expense shall provide in each group or individual policy, contract or certificate of insurance issued or renewed for persons who are residents of this state, coverage for testing for the presence of prostate cancer, in accordance with the standards of the American Cancer Society, for men 50 years of age or older with a life expectancy of 10 years, and for men 45 years of age or older who are recognized as high risk. The coverage shall be as follows:

(a) An initial examination conducted by his licensed doctor and any follow-up clinical tests deemed necessary by the doctor for men 50 years of age or older, and for men 45 years of age or older who are considered high risk.

(b) An annual examination conducted by his licensed doctor and any follow-up clinical tests deemed necessary by the doctor, including a prostate-specific antigen blood test or a digital rectal examination performed in accordance with the standards of the American Cancer Society, for men 50 years of age or older and for men 45 years of age or older who are considered high risk.

AMENDED ANALYSIS

This bill requires insurance coverage for testing for the presence of prostate cancer for men 50 years of age or older, and for men 45 years of age or older who are considered high risk.

Adopted.

The motion of Ought to Pass with Amendment was adopted.

Ordered to third reading.

HB 668, prohibiting the use of genetic testing for certain insurance purposes. INEXPEDIENT TO LEGISLATE

Rep. Leo W. Fraser, Jr. for Commerce: This bill prohibits life, disability and long-term care insurers from requiring an individual to undergo genetic testing or to disclose the results of a genetic test. The majority of the committee believes that this bill is too broad and is also premature. Under present laws, an applicant for these types of insurance is required to provide information about his or her own health history. Under this bill, an applicant would be permitted to withhold health infor-

mation from an insurer. In addition, the definition of genetic testing in the bill is over broad and could be construed to include a number of routine medical tests. Although other states have adopted laws relative to genetic testing, none of these laws incorporate the provisions in HB 668. If requirements such as these were to be adopted in New Hampshire, they could have a chilling effect on the insurance market in the state, especially the emerging long-term care market.

This issue has been discussed in the legislature in previous sessions. Last year a committee to study issues relating to the use of medical testing in underwriting insurance was established with the adoption of HB 1589 (Chapter 304, Laws of 2000). Unfortunately, this committee was not able to fulfill its charge before the reporting date and has requested an extension. The committee believes that since insurers are not requiring applicants to undergo genetic testing in New Hampshire now, it makes more sense to allow for the careful review of this issue. As the use of genetic testing expands in the future, we will be able to identify any problems associated with it and will have the opportunity to craft responsible legislation to address any problems. Vote 9-4.

Rep. Hunt moved Recommit to committee.

Adopted.

Recommitted to Commerce.

HB 670, establishing an international trade commission to investigate and report on the effects of international trade agreements on New Hampshire self-governance. **INEXPEDIENT TO LEGISLATE**

Rep. Leo W. Fraser, Jr. for Commerce: This bill would establish a legislative commission to review existing trade agreements made at the federal level. The committee feels that it would not be appropriate to establish this commission for the following reasons: 1) the state already has an International Trade Advisory Council which includes legislative members, 2) careful review of those trade agreements would require staff and hired consultants, funding for which is not included in the bill and, 3) passage of this bill would send a negative message to New Hampshire businesses that export and to our global trading partners. The Department of Research and Economic Development testified in strong opposition to HB 670. Vote 14-0.

Rep. Weed spoke against.

Rep. Leo Fraser spoke in favor and yielded to questions.

On a division vote, 296 members having voted in the affirmative and 49 in the negative, the report was adopted.

HB 690, adopting the "Financial Information Privacy Protection Model Act." **OUGHT TO PASS WITH AMENDMENT**

Rep. John B. Hunt for Commerce: The amendment replaces the entire bill. As amended HB 690 will create a medical privacy statute covering all insurance companies and agents. Under this law no medical information may be shared without the consumer giving permission (opt-in). The committee feels that although the Health Insurance Portability & Accountability Act of 1996 (HIPAA) regulations are not completed, it is important to have a medical privacy law in New Hampshire. The committee also feels it is very important that department rules generated under this act not be confused with other rules generated by the insurance department as required under a separate federal statute known as Gramm-Leach-Bliley (GLB). GLB is an act relative to financial institutions and does not effect medical privacy. Vote 11-1.

Amendment (0863h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to disclosure of nonpublic personal health information.

Amend the bill by replacing all after the enacting clause with the following:

I New Chapter; Disclosure of Nonpublic Personal Health Information. Amend RSA by inserting after chapter 406-C the following new chapter:

CHAPTER 406-D

DISCLOSURE OF NONPUBLIC PERSONAL HEALTH INFORMATION

406-D:1 Definitions. In this chapter:

I. "Clear and conspicuous" means that a notice is reasonably understandable and designed to call attention to the nature and significance of the information in the notice.

II. "Commissioner" means the insurance commissioner.

III. "Consumer" means an individual who in this state seeks to obtain, obtains, or has obtained a health insurance product or service from a licensee.

IV. "Customer" means a consumer who has a customer relationship with a licensee.

V. "Customer relationship" means a continuing relationship between a consumer and a licensee under which the licensee provides health insurance products or services to the consumer.

VI. "Department" means the insurance department.

VII. "Health information" means any information or data except age or gender, whether oral or recorded in any form or medium, created by or derived from a health care provider or the consumer that relates to:

(a) The past, present or future physical, mental or behavioral health or condition of an individual;

(b) The provision of health care to an individual; or

(c) Payment for the provisions of health care to an individual.

VIII. "Licensee" means all licensed health insurers, and producers licensed or authorized or required to be authorized, or registered or required to be registered pursuant to the provisions of Title XXXVII.

IX. "Nonpublic personal health information" means health information:

(a) That identifies an individual who is the subject of the information; or

(b) With respect to which there is a reasonable basis to believe that the information could be used to identify an individual.

406-D:2 Authorization Required for Disclosure of Nonpublic Personal Health Information.

I. A licensee shall not disclose nonpublic personal health information about a consumer or customer unless an authorization is obtained from the consumer or customer whose nonpublic personal health information is sought to be disclosed.

II. Nothing in this chapter shall prohibit, restrict or require an authorization for the disclosure of nonpublic personal health information by a licensee for the performance of the following insurance functions by or on behalf of the licensee: claims administration; claims adjustment and management; detection, investigation or reporting of actual or potential fraud, misrepresentation or criminal activity; underwriting; policy placement or issuance; loss control; ratemaking and guaranty fund functions; reinsurance and excess loss insurance; risk management; case management; disease management; quality assurance; quality improvement; performance evaluation; provider credentialing verification; utilization review; peer review activities; actuarial, scientific, medical or public policy research; grievance procedures; internal administration of compliance, managerial, and information systems; policyholder service functions; auditing; reporting; database security; administration of consumer disputes and inquiries; external accreditation standards; the replacement of a group benefit plan or workers' compensation policy or program; activities in connection with a sale, merger, transfer or exchange of all or part of a business or operating unit; any activity that permits disclosure without authorization pursuant to the federal Health Insurance Portability and Accountability Act privacy rules promulgated by the U. S. Department of Health and Human Services; disclosure that is required, or is one of the lawful or appropriate methods, to enforce the licensee's rights or the rights of other persons engaged in carrying out a transaction or providing a product or service that a consumer requests or authorizes; and any activity otherwise permitted by law, required pursuant to governmental reporting authority, or to comply with legal process. Additional insurance functions may be added with the approval of the commissioner to the extent they are necessary for appropriate performance of insurance functions and are fair and reasonable to the interest of consumers.

406-D:3 Authorizations.

I. A valid authorization to disclose nonpublic personal health information pursuant to this chapter shall be in written or electronic form and shall contain all of the following:

(a) The identity of the consumer or customer who is the subject of the nonpublic personal health information;

(b) A general description of the types of nonpublic personal health information to be disclosed;

(c) General descriptions of the parties to whom the licensee discloses nonpublic personal health information, the purpose of the disclosure and how the information will be used;

(d) The signature of the consumer or customer who is the subject of the nonpublic personal health information or the individual who is legally empowered to grant authority and the date signed; and

(e) Notice of the length of time for which the authorization is valid and that the consumer or customer may revoke the authorization at any time and the procedure for making a revocation.

II. An authorization for the purposes of this section shall specify a length of time for which the authorization shall remain valid, which in no event shall be for more than 24 months.

III. A consumer or customer who is the subject of nonpublic personal health information may revoke an authorization provided pursuant to this section at any time, subject to the rights of an individual who acted in reliance on the authorization prior to notice of the revocation.

IV. A licensee that is subject to examination by the department shall retain the authorization or a copy thereof in the record of the individual who is the subject of nonpublic personal health information for a period of 6 years from the date the authorization ends or until the examination is completed, whichever is greater.

406-D:4 Authorization Request Delivery. A request for authorization and an authorization form may be delivered to a consumer or a customer as part of an opt-out notice, provided that the request and the authorization form are clear and conspicuous. An authorization form is not required to be delivered to the consumer or customer or included in any other notices unless the licensee intends to disclose protected health information.

406-D:5 Relationship to Federal Rules. Irrespective of whether a licensee is subject to the federal Health Insurance Portability and Accountability Act privacy rule as promulgated by the U.S. Department of Health and Human Services (the "federal rule"), if a licensee complies with all requirements of the federal rule except for its effective date provision, the licensee shall not be subject to the provisions of this section.

406-D:6 Applicability. Nothing in this chapter shall preempt or supercede existing state law related to medical records, health or insurance information privacy.

406-D:7 Rulemaking. The commissioner shall adopt rules, pursuant to RSA 541-A, relative to the administration of this chapter.

406-D:8 Violation. A violation of this chapter shall be deemed to be an unfair method of competition or an unfair or deceptive act and practice in this state, in violation of RSA 417.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill requires an insurance licensee to obtain certain authorization before disclosing nonpublic personal health information about consumers or customers. The bill grants the insurance commissioner rulemaking authority to administer the provisions of the bill.

Adopted.

Rep. Hunt offered a floor amendment (1005h).

Floor Amendment (1005h)

Amend RSA 406-D:2, II as inserted by section 1 of the bill by replacing it with the following:

II. Nothing in this chapter shall prohibit, restrict or require an authorization for the disclosure of nonpublic personal health information by a licensee for the performance of the following insurance functions by or on behalf of the licensee: claims administration; claims adjustment and management; detection, investigation or reporting of actual or potential fraud, misrepresentation or criminal activity; underwriting; policy placement or issuance; loss control; ratemaking and guaranty fund functions; reinsurance and excess loss insurance; risk management; case management; disease management; quality assurance; quality improvement; performance evaluation; provider credentialing verification; utilization review; peer review activities; actuarial research; grievance procedures; internal administration of compliance, managerial, and information systems; policyholder service functions; auditing; reporting; database security; administration of consumer disputes and inquiries; external accreditation standards; the replacement of a group benefit plan or workers' compensation policy or program; activities in connection with a sale, merger, transfer or exchange of all or part of a business or operating unit; disclosure that is required, or is one of the lawful or appropriate methods, to enforce the licensee's rights or the rights of other persons engaged in carrying out a transaction or providing a product or service that a consumer requests or authorizes; and any activity otherwise required by law, required pursuant to governmental reporting authority, or to comply with legal process. Additional insurance functions may be added with the approval of the commissioner to the extent they are necessary for appropriate performance of insurance functions and are fair and reasonable to the interest of consumers.

Amend RSA 406-D as inserted by section 1 of the bill by deleting RSA 406-D:5 and renumbering RSA 406-D:6 – 406-D:8 to read as RSA 406-D:5 – 406-D:7, respectively.

Reps. Hunt and Kurk spoke in favor.

Floor amendment adopted.

Report adopted and ordered to third reading.

HB 679, establishing a commission to examine models of out-of-school care for children in kindergarten through grade 12. **OUGHT TO PASS WITH AMENDMENT**

Rep. Iris Estabrook for Education: The committee believes a study of models of out-of-school care is of great importance in addressing issues such as early onset substance abuse, teen pregnancy and juvenile crime, in addition to its implications for education. The amendment broadens the commission's membership to reflect these complexities. Vote 16-0.

Amendment (0493h)

Amend the bill by replacing section 3 with the following:

3 Membership and Compensation.

I. The members of the commission shall be as follows:

(a) Three members of the house of representatives, appointed by the speaker of the house, one of whom shall be a member of the education committee, one of whom shall be a member of the criminal justice and public safety committee, and one of whom shall be a member of the health, human services and elderly affairs committee.

(b) Three members of the senate, appointed by the president of the senate, one of whom shall be a member of the education committee, one of whom shall be a member of the judiciary committee, and one of whom shall be a member of the public institutions, health and human services committee.

(c) The chair of the New Hampshire School Boards Association or designee.

(d) The chair of the New Hampshire School Administrator's Association or designee.

(e) A representative of the business community, appointed by the governor.

(f) A representative of the department of education, appointed by the commissioner of the department of education.

(g) Representatives of the bureaus of child care development and of juvenile justice, division of children youth and families, appointed by the commissioner of the department of health and human services.

(h) Three parents of children in kindergarten through grade 12, from different parts of the state, appointed by the governor.

(i) A member of the New Hampshire Kids Cabinet, appointed by the governor.

(j) A member of the New Hampshire Child Advocacy Network, specializing in the prevention of youth crime, appointed by the governor.

(k) A representative of a statewide organization whose focus is out-of-school programming for school age children, appointed by the governor.

(l) Two out-of-school care providers, appointed by the governor.

II. Legislative members of the commission shall receive mileage at the legislative rate when attending to the duties of the commission.

Adopted.

Report adopted and ordered to third reading.

HB 346-FN, relative to requirements for medical examination and determination of gainful occupation for group II retirees injured in the performance of duty. **INEXPEDIENT TO LEGISLATE**

Rep. William R. Zolla for Executive Departments and Administration: This bill would remove the requirements of periodic medical examinations and determination of gainful occupation in excess of disability benefits for a group II member who is granted an accidental disability retirement due to injury in the performance of duty. The committee felt that to remove these safeguards would not be in the best interest of the retirement system in general or the remaining members within the benefit pool. The fiscal note estimated the cost of this bill at approximately \$800,000.00 to the retirement system. In addition, there was testimony that this bill could involve Article 28-a issues and might be in violation of the constitution. Vote 17-1.

Adopted.

HB 306-FN, relative to driver education training reimbursement. **INEXPEDIENT TO LEGISLATE**

Rep. Paul J. Dwyer, Sr. for Finance: We are obligated under current law to fund the high school driver training program with funds appropriated from the vanity plate sales. There are sufficient funds for the high school program but to include the private school driver training would cause us to fund the addition with general funds. Vote 20-0.

Rep. Letourneau spoke against and yielded to questions.

Rep. Dwyer spoke against.

On a division vote, 220 members having voted in the affirmative and 127 in the negative, the report was adopted.

HB 741-FN-A-L, relative to supplemental grants to certain municipalities to cap tax effort per pupil. INEXPEDIENT TO LEGISLATE

Rep. Francine Wendelboe for Finance: This bill provides for supplemental grants from the Education Trust Fund to certain municipalities to cap tax effort per pupil. The sponsor's intent was to insure that no community would have to pay more than \$5.00 per thousand of assessed valuation. While the committee was sympathetic to the sponsor's goal of targeting aid, this approach does not help bring the legislature closer to resolving the pressing issues of funding an adequate education now before us. Once we have agreed upon a basic structure, this and other proposals might better be considered. Vote 21-1.

Rep. Mirski spoke against.

Rep. Wendelboe spoke in favor.

Rep. Sapareto requested a roll call; sufficiently seconded.

The question being adoption of the committee report.

and the report was adopted.

HB 158, relative to the use of an artificial light to locate moose. **OUGHT TO PASS WITH AMENDMENT**

Rep. David S. Woodward for Fish and Game: This bill as amended would allow people and moose tours in Coos County to use lights for "spotting" moose for recreational viewing through the second Monday in October (i.e. Columbus Day). The Committee felt that this north country activity was an excellent addition to tourism and a way for people to enjoy seeing New Hampshire's wild-life. Vote 16-1.

Amendment (0825h)

Amend RSA 208:8-a. I-a as inserted by section 1 of the bill by replacing it with the following:

I-a. The provisions of paragraph I shall not apply to a person using an artificial light to locate or view a moose prior to 9:00 p.m. on any day during the period of September 1 through the second Monday of October. In addition, the exception in this paragraph shall be limited to the following roads in Coos county.

(a) Class I, II, and III state highways.

(b) Class IV, V, and VI city or town roads, with the permission of the local governing body.

Rep. McKinney spoke against.

Committee amendment failed.

Rep. McKinney offered a floor amendment (0937h) and spoke in favor.

Floor Amendment (0937h)

Amend RSA 208:8-a, I-a as inserted by section 1 of the bill by replacing it with the following:

I-a. The provisions of paragraph I shall not apply to a person using an artificial light to locate or view a moose from 9:00 a.m. to 9:00 p.m. on any day during the period of September 1 through the second Monday of October. In addition, the exception in this paragraph shall be limited to the following roads in Coos county.

(a) Class I, II, and III state highways.

(b) Class IV, V, and VI city or town roads, with the permission of the local governing body.

Adopted.

Report adopted and ordered to third reading.

HB 495, relative to judicially appointed officials. OUGHT TO PASS WITH AMENDMENT

Rep. Larry G. Elliott for Judiciary: The bill provides guidelines for the court on how to appoint administrators and guardians ad litem. This bill would allow parties to come together and pick their own administrator or guardian. Also, the bill would provide a uniform way of appointing masters and guardians throughout the state. Currently, each court exercises its own discretion in the procedures of appointing these individuals. The bill excludes marital masters and guardian ad litem appointed in child custody cases. Vote 12-0.

Amendment (0860h)

Amend RSA 493-B:1, I as inserted by section 1 of the bill by replacing it with the following:

I.(a) "Appointed official" means an administrator, an administrator de bonis non, a special administrator, a guardian ad litem except as provided in subparagraph (b)(2), an auditor, an appraiser, a referee, a master, or any other person appointed by a court; part or all of whose compensation is to be paid by one or more parties to an action pending before the court.

(b) "Appointed official" shall not include:

(1) An executor nominated by a decedent or an appraiser nominated by such executor.

(2) A guardian ad litem appointed in a matter involving the custody of minor children.

(3) A marital master duly appointed under the marital master program.

Adopted.

Report adopted and ordered to third reading.

HB 724, relative to pooled risk management programs for public employers. INEXPEDIENT TO LEGISLATE

Rep. Robert E. Clegg, Jr. for Labor, Industrial and Rehabilitative Services: The committee felt this bill was an attempt to involve the legislature in a business battle for clients. One company wants the legislature to force a depletion of surplus of the competing party to force an increase in the competition rates to a level as high as theirs. Since the beneficiary of this bill is the "new kid on the block" and passage would result in increased costs to city and town insurance, the committee recommends Inexpedient to Legislate. Vote 12-1

Reps. Anderson and Stone spoke against.

Rep. Wheeler spoke against and yielded to questions.

Reps. Jacobson and Clegg spoke in favor.

Rep. Wheeler requested a roll call; sufficiently seconded.

The question being adoption of the committee report.

HB 596, relative to the acquisition of land by a town. **OUGHT TO PASS WITH AMENDMENT**
 Rep. Robert W. Brundige for Municipal and County Government: This bill enables a town to acquire real estate by a majority vote of the board of selectmen instead of requiring a vote by the legislative body. The proposal must first be approved by the planning board and the conservation commission. The selectmen must then hold two (2) public hearings at least ten (10) days but no more than fourteen (14) days apart. Upon the written petition of fifty (50) or more voters prior to the selectmen's vote, the proposed acquisition or sale shall be inserted in the warrant for town meeting. Vote 16-1.

Amendment (0853h)

Amend the bill by replacing all after the enacting clause with the following:

1 Capital Reserve Funds; Acquisition of Land by Majority Vote of Town Selectmen. Amend RSA 35:15, II to read as follows:

II. Expenditures from any fund established for the acquisition of land pursuant to RSA 35:1 shall be made only as authorized:

(a) By a majority vote of the legal voters present and voting at an annual or special meeting, in the case of a town, school district or village district, or by majority vote of the county delegation, in the case of a county, **or**.

(b) *By the selectmen, appointed as agents pursuant to RSA 41:14-a, provided that the selectmen shall not have authority to expend any sum in excess of the amount contained in any capital reserve account created for the purchase of land other than any grant moneys which may be received.*

2 Town Officers; Sale of Town-Owned Land, Buildings or Both; Acquisition by Selectmen Permitted. Amend RSA 41:14-a to read as follows:

41:14-a **Acquisition or Sale of [Town-Owned] Land, Buildings, or Both.**

I. If adopted in accordance with RSA 41:14-c, [~~in towns with 10,000 or more inhabitants;~~] the selectmen shall have the authority to **acquire or sell [town-owned]** land, buildings, or both; provided, however, they shall first submit any such proposed **acquisition or** sale to the planning board and to the conservation commission for review and recommendation by those bodies, where a board or commission or both, exist. After the selectmen receive the recommendation of the planning board and the conservation commission, where a board or commission or both exist, they shall hold 2 public hearings at least 10 but not more than 14 days apart on the proposed **acquisition or** sale; provided, however, upon the written petition of 50 registered voters presented to the selectmen, prior to the selectmen's vote, according to the provisions of RSA 39:3, the proposed **acquisition or** sale shall be inserted as an article in the warrant for the town meeting. The selectmen's vote shall take place no sooner than 10 days nor later than 14 days after the second public hearing which is held.

II. The provisions of this section shall not apply to *the sale of* and the selectmen shall have no authority to sell:

(a) Town-owned conservation land which is managed and controlled by the conservation commission under the provisions of RSA 36-A.

(b) Any part of a town forest established under RSA 31:110 and managed under RSA 31:112.

(c) *Any real estate that has been given, devised, or bequeathed to the town for charitable or community purposes.*

3 Town Officers; Sale of Town-Owned Land, Buildings or Both; Adoption Procedure. Amend RSA 41:14-c to read as follows:

41:14-c Adoption Procedure.

I. Towns may adopt the provisions of RSA 41:14-a at any duly warned meeting. Once adopted, these provisions shall remain in effect until specifically rescinded by the town at any duly warned meeting.

II. Towns with 10,000 or more inhabitants may adopt the provisions of RSA [41:14-a or 14-b or both,] 41:14-b at any duly warned meeting. Once adopted, these provisions shall remain in effect until specifically rescinded by the town at any duly warned meeting.

4 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill enables a town of any size to acquire real estate by a majority vote of the board of selectmen. The bill also clarifies that a town does not have the authority to sell real estate given to a town for charitable or community purposes.

Adopted.

Report adopted and ordered to third reading.

HB 716-FN, relative to minimum wages of employees in public works. **INEXPEDIENT TO LEGISLATE**

Rep. Michael J. Rozek for Public Works and Highways: This bill proposes establishing certain minimum wage determinations for the construction of public projects. This bill would dramatically increase the costs associated with the construction of public projects for local communities, counties and the state. The prevailing wage rate for construction projects would be set by the Commissioner of Labor. This legislation would add another layer of government when it is not necessary. Because of the additional cost and increase in the size of government without helping to solve any existing problems, the committee felt that this was not in the best interest of all citizens involved. This legislation is almost identical to a statute that was repealed in 1985. Vote 13-5.

Adopted.

HB 562-FN-A-L, establishing a New Hampshire education tax on consumption and transactions and accumulating certain principal sums in a state trust for education to provide for future education funding. **INEXPEDIENT TO LEGISLATE**

Rep. Howard C. Dickinson for Ways and Means: This bill, as amended by the sponsors, proposes a combination consumption and sales tax which is so high it will fund our current education obligations while at the same time raising sufficient revenues to generate a 4 billion dollar "education trust fund" in 10 years. While this may be a laudable goal, it clearly places an extreme burden on our taxpayers in the short term. For this reason, and the fact that all other provisions of this bill are included in legislation retained by the committee, we unanimously recommend HB 562 as inexpedient to legislate. Vote 17-0.

Rep. Bergin spoke against.

LAI D ON THE TABLE

Rep. Peterson moved that **HB 562-FN-A-L**, establishing a New Hampshire education tax on consumption and transactions and accumulating certain principal sums in a state trust for education to provide for future education funding, be laid on the table.

Rep. Mirski requested a roll call; sufficiently seconded.

and **HB 562-FN-A-L**, was laid on the table

HB 761-FN-A-L, relative to a statewide school tax on income for purposes of funding a constitutionally adequate education and making an appropriation therefor. **INEXPEDIENT TO LEGISLATE** Rep. Karen K. McRae for Ways and Means: This bill would have imposed an income tax without reducing or removing the statewide property tax. Additionally, it would allow for differing property tax rates to exist between communities for the purpose of funding the state's responsibility for adequacy. It would also have let the Dept. of Revenue Administration change the rate annually with no legislative oversight. We have other bills that better address education funding. Vote 16-0. Rep. Jacobson spoke against and yielded to questions. Reps. Lovett and Langley spoke against. Rep. McRae spoke in favor. Rep. Major spoke in favor and yielded to questions.

MOTION TO LAY ON THE TABLE

Rep. Phinizy moved that **HB 761-FN-A-L**, relative to a statewide school tax on income for purposes of funding a constitutionally adequate education and making an appropriation therefor, be laid on the table. Rep. Herman requested a roll call; sufficiently seconded.

and the committee report was adopted.

REGULAR CALENDAR

HB 320-FN, relative to leasing certain portions of railroad properties. **OUGHT TO PASS WITH AMENDMENT**

Rep. Guida for Ways and Means: The committee voted unanimously to pass the amended HB 320. This bill accomplishes both an administrative cleanup of existing railroad tax law, and simplifies the process of taxation for those railroads designated as amusement railroads. It also applies railroad tax law to categories rather than specific named entities, removing the need for and act of the Legislature to add or delete railroads to the amusement railroad list. Vote 16-0.

Amendment (0923h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to leasing certain portions of railroad properties and relative to the definition and taxation of amusement railroads.

Amend the bill by replacing all after section 1 with the following:

2 Definition; Amusement Railroad. Amend RSA 82:1 to read as follows:

821 Definitions. In this chapter:

I. The word "company" as used in RSA 82:2 shall apply to all persons, co-partnerships or associations.

II. The term "express corporation or company" shall be construed to mean any corporation or company engaged in the business of transporting property as express over the lines of railroads.

III. The term "amusement railroad" means a railroad operating as a tourist, scenic, or historic operation, which provides train rides solely for one or more such purposes.

3 New Section; Amusement Railroads. Amend RSA 82 by inserting after section 25 the following new section:

82:25-a Amusement Railroads. The property of amusement railroads shall be appraised and taxed pursuant to the provisions of RSA 72, and shall not be subject to the provisions of this chapter.

4 Effective Date.

I. Section 1 of this act shall take effect July 1, 2001.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill restricts eligibility for certain leases of state-owned railroad properties, and increases the cost of such leases from \$5 to \$10 per running foot per year. This bill also defines amusement railroads and provides for their taxation.

Adopted.

Report adopted and ordered to third reading.

HB 375, making technical corrections in the tax laws. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Robert Giuda for the Majority of Ways and Means: HB 375, as amended, addresses our anticipated budget deficit with appropriate funding sources. With this proposal the Ways and Means Committee has recognized and responded to the specific concerns expressed by House members about some of the elements included in HB 50, including the unconstitutionality of some provisions. This bill establishes a permanent and durable funding solution for the state's general and education fund obligations by balancing the budget without implementing a new broad-based tax. It does not enact any radical and risky new taxes that are difficult or nearly impossible to predict. Rather, this proposal works largely within our current tax structure, which is easy to forecast. In short, the bill raises approximately \$195 million for the 2002-2003 biennium (\$105 million in FY '02 and \$90 million in FY '03).

This revenue is generated by two sources. The first, and largest (\$80 million in FY '02 and \$65 million in FY '03), adjusts our current business taxes by eliminating the credit that businesses can take by applying their Business Enterprise Taxes (BET) paid as a credit against their Business Profits Tax (BPT) obligations. This proposal affects only a small percentage of the 60,000 business tax filers in the state.

The second source of revenues involves increasing the existing Electricity Consumption Tax (RSA 83-E) from a rate of \$.00055 per kilowatt hour to \$.0031 per kilowatt hour. There is no change to an existing circuit breaker for low-income users through the Systems Benefit Charge for those consumers earning up to 150% of the federal poverty level. The Public Utilities Commission has estimated that the monthly tax on an average home in the state would be \$1.50 per month. This will generate \$25 million per year.

While funding the anticipated deficit, HB 375 also lowers the statewide education property tax from \$6.60 to \$6.30 and funds \$50 million in property tax relief. A significant property tax hardship relief program is included in the bill and is funded with \$14 million in each year of the biennium. This hardship relief program would allow for relief of up to 100% of the statewide property tax, which would otherwise be paid on a home with an equalized, assessed value of up to \$150,000. Unlike other plans, this hardship relief program takes effect immediately, in 2002, and is not delayed. Additionally, unlike the current property tax hardship program, this proposal will allow families throughout the state, in donor and receiver towns alike, to seek relief if they meet the eligibility requirements. Additional property tax relief is generated with the dedication of \$22 million, which is devoted to reducing the statewide property tax rate in all the communities throughout the state. As amended, HB 375 is a responsible, reliable, and sustainable plan to balance our budget. Vote 11-7.

Rep. Christine M. Konys for the Minority of Ways and Means: The minority of the committee believes that House Bill 375 has several serious defects. By both repealing the BET credit against the BPT, and raising electric rates for all customers, this bill effectively raises business taxes by 25%. We received a great deal of testimony from the business community that passage of this bill means New Hampshire will have one of, if not the highest, effective business taxes in the nation.

If this bill passes, it will have a negative impact on economic growth, and will result in increased costs being passed on to consumers in areas such as bank loans and insurance rates. Additionally, the constitutionality of this bill was questioned by several of those who testified, and will be immediately challenged in court. House Bill 375 also raises the tax on residential and business electricity consumption just after the tax is actually imposed on customers, and just as we are about to receive much-needed relief from the second highest electric rates in the country. House Bill 375 represents another inadequate, short-term fix rather than a viable, durable and constitutional solution to the problem of funding an adequate education for all our children.

Amendment (1054h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to sources of funding an adequate education.

Amend the bill by replacing all after the enacting clause with the following:

1 Education Property Tax Rate Reduced. Amend RSA 76:3 to read as follows:

76:3 Education Property Tax. An annual education property tax at the uniform rate of ~~[\$6.60]~~ **\$6.30** on each \$1000 of the value of taxable property is hereby imposed on all persons and property taxable pursuant to RSA 72 and RSA 73, except property subject to tax under RSA 82 and RSA 83-F.

2 Electricity Consumption Tax. Amend RSA 83-E:2 to read as follows:

83-E:2 Imposition of Tax. A tax is imposed on the consumption in this state of electrical energy at the rate of ~~[\$.00055]~~ **\$.0031** per kilowatt hour.

3 New Subdivision; Low and Moderate Income Homeowners Property Tax Relief. Amend RSA 198 by inserting after section 55 the following new subdivision:

Low and Moderate Income Homeowners Property Tax Relief

198:56 Definitions. In this subdivision:

I. "Commissioner" means the commissioner of the department of revenue administration.

II. "Homestead" means the dwelling owned by a claimant or, in the case of a multi-unit dwelling, the portion of the dwelling which is owned and used as the claimant's principal place of residence and the claimant's domicile for purposes of RSA 654:1. "Homestead" shall not include land and buildings taxed under RSA 79-A or land and buildings or the portion of land and buildings rented or used for commercial or industrial purposes. In this paragraph, the term "owned" includes:

(a) A vendee in possession under a land contract;

(b) One or more joint tenants or tenants in common; or

(c) A person who has equitable title, or the beneficial interest for life in the homestead.

III. "Household income" means the sum of the adjusted gross income for federal income tax purposes of the claimant and any member of the claimant's household who resides in the homestead for which a claim is made. "Household income" shall also include all income of any trust through which the claimant holds equitable title, or the beneficial interest for life, in the homestead.

IV. "Tax relief" means the low and moderate income homeowners property tax relief provided in this subdivision.

V. "New Hampshire household" means any person filing a federal income tax return as head of household or 2 or more adults who jointly share the benefit of the homestead. "New Hampshire household" shall not include those adults who share the homestead under a landlord-tenant relationship.

VI. "Dependent" means a person residing in a homestead who is claimed as a dependent for federal income tax purposes.

198:57 Low and Moderate Income Homeowners Property Tax Relief

I. Pursuant to the provisions of this subdivision, eligible claimants shall be granted tax relief following the effective date of this act.

II. Residents shall apply to the department of revenue administration for such tax relief.

III. An eligible tax relief claimant is a person who:

(a) Owns a homestead or interest in a homestead subject to the education property tax;

(b) Resided in such homestead on April 1 of the year for which the claim is made, except such persons as are on active duty in the United States armed forces or are temporarily away from such homestead but maintain the homestead as a primary domicile; and

(c) Realizes total household income of:

(1) \$20,000 or less if a single person;

(2) \$40,000 or less if a head of a New Hampshire household with a dependent or dependents, or if a married person.

IV. All or a portion of an eligible tax relief claimant's education property taxes, RSA 76:3, shall be rebated as follows:

(a) Multiply the total local assessed value of the claimant's property by the percentage of such property that qualifies as the claimant's homestead;

(b) Multiply the product determined in subparagraph (a) by the current education property tax rate;

(c) Multiply \$150,000 by the current education property tax rate;

(d) Multiply either the product of the calculation in subparagraph (b) or (c), whichever is less, by the following percentage as applicable to determine the amount of tax relief available to the claimant:

(1) If a single person and total household income is:

(A) less than \$12,500, 100 percent;

(B) \$12,500 but less than \$15,000, 85 percent;

(C) \$15,000 but less than \$17,500, 65 percent; or

(D) \$17,500 but less than or equal to \$20,000, 50 percent.

(2) If a head of a New Hampshire household or a married person and total household income is:

(A) less than \$25,000, 100 percent;

(B) \$25,000 but less than \$30,000, 85 percent;

(C) \$30,000 but less than \$35,000, 65 percent; or

(D) \$35,000 but less than or equal to \$40,000, 50 percent.

(e) The amount determined by subparagraph (d) is the allowable tax relief in any year.

V. If a homestead is owned by 2 or more persons as joint tenants or tenants in common, and one or more of such joint owners do not principally reside at such homestead, tax relief applies to the proportionate share of the homestead value that reflects the ownership percentage of the claimant. Only one claim may be filed for a single homestead.

VI. Claims for tax relief shall be filed with the department of revenue administration between May 1 and June 30 following the due date of the education property taxes.

VII. Each claim shall be accompanied by a copy of the claimant's federal income tax return filed by the claimant for the corresponding tax period. Claimants who were not required to file a federal tax return for the immediately prior tax period may submit an affidavit to such effect in lieu of a tax return which document shall include the claimant's social security number. A claimant who asserts ownership in a homestead because he or she holds equitable title, or the beneficial interest for life, in the homestead shall also submit a copy of the document creating such interest and a copy of the federal tax return, if any, for the immediately prior tax period, of the trust holding legal title to the homestead. Any documents submitted shall be considered confidential, and protected under RSA 21-J:14.

VIII. The provisions of RSA 359-C shall not apply to the documents required to be submitted under this section.

198:58 Rulemaking; Forms; Notice.

I. The commissioner shall adopt rules, under RSA 541-A, relative to the administration of excess tax payments and the tax relief provisions of this subdivision.

II. The commissioner shall approve and provide forms relative to the administration of this subdivision.

III. Claim forms shall include the following:

(a) Instructions on completing and filing the form;

(b) Sections for information concerning the claimant, the claimant's household, the property for which tax relief is sought, and such other information as is reasonably necessary to determine the accuracy of the claim;

(c) Instructions on appeal procedure and time limits relative to such appeals; and

(d) A place for the claimant's signature with a certification by the claimant that the claim is made in good faith and that the facts contained in the claim are true.

IV. The commissioner shall publicize notice of the tax relief provisions in a suitable manner.

198:59 Penalties; Assessment of Erroneous Claims.

I. Any person who files a claim for tax relief under this subdivision with fraudulent intent and any person who assisted in the preparation or filing of the claim or supplied information upon which the claim was prepared shall be guilty of a misdemeanor.

II. The commissioner may assess and collect the amount of any sums granted for property tax relief relative to a fraudulent or erroneously paid claim for tax relief including interest provided under RSA 21-J:28 and an additional penalty of 25 percent for the erroneous amount of such claim or an additional penalty of the greater of 25 percent or \$1,000 for a fraudulent claim.

198:60 Appeals.

I. Whenever the commissioner refuses to grant a claimant a tax relief claim, the claimant may appeal in writing within 30 days of notice of such refusal to the board of tax and land appeals.

II. When a taxpayer appeals the commissioner's refusal of a claim to the board of tax and land appeals, the board may reverse or affirm, wholly or partly, or may modify the decision brought up for review when there is an error of law or when the board finds the commissioner's action to be arbitrary or unreasonable.

198:61 Refund of Tax Claims. The department of revenue administration shall review a claim for tax relief filed with it and, if such claim is determined to be valid, shall certify such amount to the state treasurer within 120 days. The state treasurer shall pay the claim to the claimant from funds in the education trust fund. The department shall notify a claimant whose claim is rejected in whole or in part of such determination within 90 days of the department's receipt of the claim and all required documentation.

4 Rate of Tax for Biennium Ending June 30, 2003; Intrastate and Interstate Communications Services Tax. Notwithstanding RSA 82-A:3 and RSA 82-A:4, for the period beginning July 1, 2001 and ending June 30, 2003, the rate of tax is 5.5 percent on the gross charge for communications services purchased at retail from a retailer.

5 Prospective Repeal Date Extended for Exemption of Wooden Poles Under RSA 72:8-b. Amend 1998, 304:6, I as amended by 1999, 163:7 to read as follows:

I. Section 5 of this act shall take effect July 1, ~~2001~~ 2003.

6 Repeal. The following are repealed:

I. RSA 77-A:5, X, relative to the business enterprise tax credit against the business profits tax.

II. RSA 77-E:13, relative to application for the business enterprise tax credit against the business profits tax.

III. RSA 198:50 through 198:55, relative to education property tax hardship relief.

IV. 1999, 338:22, II, relative to the repeal of education property tax hardship relief.

V. RSA 83-E:4, III, relative to an exemption from the electricity consumption tax for municipal providers.

VI. 1997, 347:5, II, relative to the prospective repeal of the electricity consumption tax.

VII. 1997, 347:7, I, relative to the effective date of 1997, 347:5, II.

7 Severability. If any provision of this act or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions of this act which can be given effect without the invalid provisions or applications, and to this end the provisions of this act are severable.

8 Effective Date.

I. Section 1 of this act shall take effect upon its passage, and shall apply to property taxes due for the tax year beginning April 1, 2002.

II. Sections 2-5 and III-VII of section 6 of this act shall take effect July 1, 2001.

III. Paragraphs I and II of section 6 of this act shall take effect July 1, 2001 and shall apply to returns and taxes due on account of taxable periods ending on or after July 1, 2001. In the case of any business organization or enterprise which has elected a 52-53 week taxable period under section 441(f) of the United States Internal Revenue Code and the fiscal year of which ends on the last day of the week nearest to June 30, 2001, the taxable period shall be deemed to have ended on June 30, 2001, for the purposes of this act.

IV. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill:

I. Reduces the rate of the education property tax.

II. Increases the rate of the electricity consumption tax and removes an exemption for municipal providers.

III. Establishes a low and moderate income homeowners property tax relief program.

IV. Extends the temporary rate of the communications services tax.

V. Repeals certain business tax credits.

Reps. Leach, McGuirk, Vaillancourt, Cox and Spiess spoke against.

Reps. Alukonis, Hill and Whalley spoke in favor.

Rep. Vaillancourt asked if the amendment was divisible. The Speaker ruled that the question was divisible.

Rep. Vaillancourt requested that Section 2 be divided. The Speaker ruled that without objection Section 2 would be divided.

Rep. Bergin objected to the division of the question.

Rep. Vaillancourt moved that Section 2 be divided.

Rep. Herman requested a roll call; sufficiently seconded.

The question now being the motion to divide the question.

and the majority amendment failed.

Rep. Vaillancourt offered a floor amendment (1081h).

Floor Amendment (1081h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to sources of funding an adequate education.

Amend the bill by replacing all after the enacting clause with the following:

1 Education Property Tax Rate Reduced. Amend RSA 76:3 to read as follows:

76:3 Education Property Tax. An annual education property tax at the uniform rate of [~~\$6.60~~] \$6.30 on each \$1000 of the value of taxable property is hereby imposed on all persons and property taxable pursuant to RSA 72 and RSA 73, except property subject to tax under RSA 82 and RSA 83-F.

2 Rate of Meals and Rooms Tax Increased. Amend RSA 78-A:6 to read as follows:

78-A:6 Imposition of Tax.

I. A tax of [8] 9 percent of the rent is imposed upon each occupancy.

II. A tax is imposed on taxable meals based upon the charge therefor as follows:

(a) [~~Three~~] Four cents for a charge between \$.36 and \$.37 inclusive;

(b) [~~Four~~] Five cents for a charge between \$.38 and \$.50 inclusive;

(c) [~~Five~~] Six cents for a charge between \$.51 and \$.62 inclusive;

(d) [~~Six~~] Seven cents for a charge between \$.63 and \$.75 inclusive;

(e) [~~Seven~~] Eight cents for a charge between \$.76 and \$.87 inclusive;

(f) [~~Eight~~] Nine cents for a charge between \$.88 and \$1.00 inclusive;

(g) [~~Eight~~] Nine percent of the charge for taxable meals over \$1.00, provided that fractions of cents shall be rounded up to the next whole cent.

II-a. A tax of [8] 9 percent is imposed upon the gross rental receipts of each rental.

III. The operator shall collect the taxes imposed by this section and shall pay them over to the state as provided in this chapter, *except as provided in paragraph IV of this section.*

IV. Tax revenues collected in excess of revenues which would have been collected based on the tax rate which was in effect on June 30, 2001 shall be paid to the state treasurer for deposit to the general fund.

3 Disposition of Meals and Rooms Tax Revenues. Amend RSA 78-A:26, I to read as follows:

I. Beginning on July 1, 1995, and for each fiscal year thereafter, the department shall pay over all revenue, except revenues identified in paragraph III of this section *and in RSA 78-A:6, IV*, collected under this chapter to the state treasurer. On or before October 1 of each year, the department shall determine the cost of administration of this chapter for the fiscal year ending on the preceding June 30, and it shall notify the state treasurer of these costs by a report certified by them as to correctness. After deducting the cost of administration of the chapter from the total income, the state treasurer shall distribute the net income as follows:

4 New Subdivision; Low and Moderate Income Homeowners Property Tax Relief. Amend RSA 198 by inserting after section 55 the following new subdivision:

Low and Moderate Income Homeowners Property Tax Relief

198:56 Definitions. In this subdivision:

I. "Commissioner" means the commissioner of the department of revenue administration.

II. "Homestead" means the dwelling owned by a claimant or, in the case of a multi-unit dwelling, the portion of the dwelling which is owned and used as the claimant's principal place of residence and the claimant's domicile for purposes of RSA 654:1. "Homestead" shall not include land and buildings taxed under RSA 79-A or land and buildings or the portion of land and buildings rented or used for commercial or industrial purposes. In this paragraph, the term "owned" includes:

- (a) A vendee in possession under a land contract;
- (b) One or more joint tenants or tenants in common; or
- (c) A person who has equitable title, or the beneficial interest for life in the homestead.

III. "Household income" means the sum of the adjusted gross income for federal income tax purposes of the claimant and any member of the claimant's household who resides in the homestead for which a claim is made. "Household income" shall also include all income of any trust through which the claimant holds equitable title, or the beneficial interest for life, in the homestead.

IV. "Tax relief" means the low and moderate income homeowners property tax relief provided in this subdivision.

V. "New Hampshire household" means any person filing a federal income tax return as head of household or 2 or more adults who jointly share the benefit of the homestead. "New Hampshire household" shall not include those adults who share the homestead under a landlord-tenant relationship.

VI. "Dependent" means a person residing in a homestead who is claimed as a dependent for federal income tax purposes.

198:57 Low and Moderate Income Homeowners Property Tax Relief

I. Pursuant to the provisions of this subdivision, eligible claimants shall be granted tax relief following the effective date of this act.

II. Residents shall apply to the department of revenue administration for such tax relief.

III. An eligible tax relief claimant is a person who:

- (a) Owns a homestead or interest in a homestead subject to the education property tax;
- (b) Resided in such homestead on April 1 of the year for which the claim is made, except such persons as are on active duty in the United States armed forces or are temporarily away from such homestead but maintain the homestead as a primary domicile; and
- (c) Realizes total household income of:

- (1) \$20,000 or less if a single person;
- (2) \$40,000 or less if a head of a New Hampshire household with a dependent or dependents, or if a married person.

IV. All or a portion of an eligible tax relief claimant's education property taxes, RSA 76:3, shall be rebated as follows:

(a) Multiply the total local assessed value of the claimant's property by the percentage of such property that qualifies as the claimant's homestead;

(b) Multiply the product determined in subparagraph (a) by the current education property tax rate;

(c) Multiply \$150,000 by the current education property tax rate;

(d) Multiply either the product of the calculation in subparagraph (b) or (c), whichever is less, by the following percentage as applicable to determine the amount of tax relief available to the claimant:

(1) If a single person and total household income is:

- (A) less than \$12,500, 100 percent;
- (B) \$12,500 but less than \$15,000, 85 percent;
- (C) \$15,000 but less than \$17,500, 65 percent; or
- (D) \$17,500 but less than or equal to \$20,000, 50 percent.

(2) If a head of a New Hampshire household or a married person and total household income is:

- (A) less than \$25,000, 100 percent;
- (B) \$25,000 but less than \$30,000, 85 percent;
- (C) \$30,000 but less than \$35,000, 65 percent; or
- (D) \$35,000 but less than or equal to \$40,000, 50 percent.

(e) The amount determined by subparagraph (d) is the allowable tax relief in any year.

V. If a homestead is owned by 2 or more persons as joint tenants or tenants in common, and one or more of such joint owners do not principally reside at such homestead, tax relief applies to the proportionate share of the homestead value that reflects the ownership percentage of the claimant. Only one claim may be filed for a single homestead.

VI. Claims for tax relief shall be filed with the department of revenue administration between May 1 and June 30 following the due date of the education property taxes.

VII. Each claim shall be accompanied by a copy of the claimant's federal income tax return filed by the claimant for the corresponding tax period. Claimants who were not required to file a federal tax return for the immediately prior tax period may submit an affidavit to such effect in lieu of a tax return which document shall include the claimant's social security number. A claimant who asserts ownership in a homestead because he or she holds equitable title, or the beneficial interest for life, in the homestead shall also submit a copy of the document creating such interest and a copy of the federal tax return, if any, for the immediately prior tax period, of the trust holding legal title to the homestead. Any documents submitted shall be considered confidential, and protected under RSA 21-J:14.

VIII. The provisions of RSA 359-C shall not apply to the documents required to be submitted under this section.

198:58 Rulemaking; Forms; Notice.

I. The commissioner shall adopt rules, under RSA 541-A, relative to the administration of excess tax payments and the tax relief provisions of this subdivision.

II. The commissioner shall approve and provide forms relative to the administration of this subdivision.

III. Claim forms shall include the following:

(a) Instructions on completing and filing the form;

(b) Sections for information concerning the claimant, the claimant's household, the property for which tax relief is sought, and such other information as is reasonably necessary to determine the accuracy of the claim;

(c) Instructions on appeal procedure and time limits relative to such appeals; and

(d) A place for the claimant's signature with a certification by the claimant that the claim is made in good faith and that the facts contained in the claim are true.

IV. The commissioner shall publicize notice of the tax relief provisions in a suitable manner.

198:59 Penalties; Assessment of Erroneous Claims.

I. Any person who files a claim for tax relief under this subdivision with fraudulent intent and any person who assisted in the preparation or filing of the claim or supplied information upon which the claim was prepared shall be guilty of a misdemeanor.

II. The commissioner may assess and collect the amount of any sums granted for property tax relief relative to a fraudulent or erroneously paid claim for tax relief including interest provided under RSA 21-J:28 and an additional penalty of 25 percent for the erroneous amount of such claim or an additional penalty of the greater of 25 percent or \$1,000 for a fraudulent claim.

198:60 Appeals.

I. Whenever the commissioner refuses to grant a claimant a tax relief claim, the claimant may appeal in writing within 30 days of notice of such refusal to the board of tax and land appeals.

II. When a taxpayer appeals the commissioner's refusal of a claim to the board of tax and land appeals, the board may reverse or affirm, wholly or partly, or may modify the decision brought up for review when there is an error of law or when the board finds the commissioner's action to be arbitrary or unreasonable.

198:61 Refund of Tax Claims. The department of revenue administration shall review a claim for tax relief filed with it and, if such claim is determined to be valid, shall certify such amount to the state treasurer within 120 days. The state treasurer shall pay the claim to the claimant from funds in the education trust fund. The department shall notify a claimant whose claim is rejected in whole or in part of such determination within 90 days of the department's receipt of the claim and all required documentation.

5 Rate of Tax for Biennium Ending June 30, 2003; Intrastate and Interstate Communications Services Tax. Notwithstanding RSA 82-A:3 and RSA 82-A:4, for the period beginning July 1, 2001 and ending June 30, 2003, the rate of tax is 5.5 percent on the gross charge for communications services purchased at retail from a retailer.

6 Prospective Repeal Date Extended for Exemption of Wooden Poles Under RSA 72:8-b. Amend 1998, 304:6, I as amended by 1999, 163:7 to read as follows:

I. Section 5 of this act shall take effect July 1, [2001] 2003.

7 Repeal. The following are repealed:

I. RSA 77-A:5, X, relative to the business enterprise tax credit against the business profits tax.

II. RSA 77-E:13, relative to application for the business enterprise tax credit against the business profits tax.

- III. RSA 198:50 through 198:55, relative to education property tax hardship relief.
- IV. 1999, 338:22, II, relative to the repeal of education property tax hardship relief.
- 8 Severability. If any provision of this act or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions of this act which can be given effect without the invalid provisions or applications, and to this end the provisions of this act are severable.
- 9 Effective Date.
 - I. Section 1 of this act shall take effect upon its passage, and shall apply to property taxes due for the tax year beginning April 1, 2002.
 - II. Sections 2-6 and paragraphs III-IV of section 7 of this act shall take effect July 1, 2001.
 - III. Paragraphs I and II of section 7 of this act shall take effect July 1, 2001 and shall apply to returns and taxes due on account of taxable periods ending on or after July 1, 2001. In the case of any business organization or enterprise which has elected a 52-53 week taxable period under section 441(f) of the United States Internal Revenue Code and the fiscal year of which ends on the last day of the week nearest to June 30, 2001, the taxable period shall be deemed to have ended on June 30, 2001, for the purposes of this act.
 - IV. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

- This bill:
- I. Reduces the rate of the education property tax.
 - II. Increases the rate of the meals and rooms tax and dedicates the increased revenue to the general fund.
 - III. Establishes a low and moderate income homeowners property tax relief program.
 - IV. Extends the temporary rate of the communications services tax.
 - V. Repeals certain business tax credits.
- Reps. Vaillancourt, Bickford and Herman spoke in favor.
A roll call was requested; sufficiently seconded.
The question being adoption of floor amendment (1081h).

and the motion was adopted.

RECONSIDERATION

Having voted on the prevailing side, Rep. Dyer moved that the House reconsider its action whereby it passed **HB 375**, making technical corrections in the tax laws.

Rep. Dyer spoke against.

Rep. Herman spoke in favor.

Rep. Soltani requested a roll call; sufficiently seconded.

and the motion to reconsider passed.

RECONSIDERATION

Having voted on the prevailing side, Rep. Dickinson moved that the House reconsider its action whereby it defeated floor amendment (1081h) to **HB 375**, making technical corrections in the tax laws.

MOTION TO LAY ON THE TABLE

Rep. Burling moved that **HB 375**, making technical corrections in the tax laws, be laid on the table. Rep. Mirski requested a roll call; sufficiently seconded.

and floor amendment (1081h) was adopted.
Rep. Herman offered a floor amendment (1104h).

Floor Amendment (1104h)

Amend the bill by replacing section 1 with the following:

1 Education Property Tax Rate Reduced. Amend RSA 76:3 to read as follows:

76:3 Education Property Tax. An annual education property tax at the uniform rate of [~~\$6.60~~]
\$5.95 on each \$1000 of the value of taxable property is hereby imposed on all persons and prop-
erty taxable pursuant to RSA 72 and RSA 73, except property subject to tax under RSA 82 and
RSA 83-F.

Reps. Vivian Clark and Foster spoke against.

Rep. Alukonis spoke in favor.

Rep. Betty Hall requested a roll call; sufficiently seconded.

The question being adoption of floor amendment (1104h).

and floor amendment (1104h) was adopted.

Rep. Panagopoulos did not vote and wished to be recorded in favor.

Rep. Alger offered a floor amendment (1086h) and spoke in favor.

Without objection, Rep. Alger withdrew the floor amendment (1086h).

Rep. Leone offered a floor amendment (1110h).

Floor Amendment (1110h)

Amend RSA 76:3 as inserted by section 1 of the bill by replacing it with the following:

76:3 Education Property Tax. An annual education property tax at the uniform rate of ~~[\$6.60]~~ **\$5.00** on each \$1000 of the value of taxable property is hereby imposed on all persons and property taxable pursuant to RSA 72 and RSA 73, except property subject to tax under RSA 82 and RSA 83-F.

Rep. Rep. Hess spoke against and yielded to questions.

Rep. Leone spoke in favor and requested a roll call; sufficiently seconded.

The question being adoption of floor amendment (1110h).

and the committee report was adopted.
Ordered to third reading.

SENATE MESSAGE

REQUESTS CONCURRENCE WITH AMENDMENT

HB 232, relative to compensability of work-related stress injuries under the workers' compensation act. (Amendment printed SJ 4/12/01)

Rep. Gilman moved that the House concur and spoke in favor.
Adopted.

SUSPENSION OF RULES

Reps. Scanlan and Burling moved that the May 9th and May 17th deadlines for reporting and action on Senate bills being referred to a second committee be suspended.
Adopted by the necessary two-thirds.

RESOLUTION

Rep. Scanlan offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, May 17, 2001 at 10:00 a.m.
Adopted.

LATE SESSION**Third reading and final passage**

HB 717, establishing a committee to make recommendations on policy concerning state-operated trails for all terrain vehicles and trail bikes and relative to increasing the nonresident OHRV registration fees for snow traveling vehicles.

HB 769-FN-L, relative to fees paid by municipalities for excavating and dredging permit applications.

HB 443, relative to a state energy plan.

HB 740, relative to decommissioning of nuclear electric generating facilities.

HB 758, relative to the sale of gasoline containing ethers.

HCR 12, requesting that the federal government authorize greater state regulation of gas pipelines and pipelines carrying other hazardous substances.

HB 590, permitting life insurance companies access to certain motor vehicle records.

HB 218-FN, relative to the motor vehicle road toll law and motor vehicle registration fees.

HB-604-FN, relative to increasing certain fees and making other changes to fish and game licenses.

HB 304-FN, relative to insurance coverage for prostate cancer testing.

HB 690, relative to disclosure of nonpublic personal health information.

HB 679, establishing a commission to examine models of out-of-school care for children in kindergarten through grade 12.

HB 158, relative to the use of an artificial light to locate moose.

HB 495, relative to judicially appointed officials.

HB 596, relative to the acquisition of land by a town.

HB 320-FN, relative to leasing certain portions of railroad properties and relative to the definition and taxation of amusement railroads.

HB 375, relative to sources of funding an adequate education.

RECESS MOTION

Rep. Scanlan moved that the House stand in recess for the purpose of introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports only.

Adopted.

The House recessed at 7:55 p.m.

RECESS

(Rep. Foster in the Chair)

ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills 121, 236, 263, 395 and 480.

Rep. Nowe, Sen. Pignatelli for the Committee

RECESS

(Rep. Jeb Bradley in the Chair)

ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills 124, 242, 273, 397 and House Joint Resolution 3.

Rep. Nowe, Sen. Pignatelli for the Committee

RECESS

(Speaker Chandler in the Chair)

COMMITTEE ASSIGNMENT

Rep. David J. Gleneck on Election Law.

RECESS

(Rep. Whalley in the Chair)

ENROLLED BILL AMENDMENT

HB 489, relative to the regulation of rural electric cooperatives by the public utilities commission and relative to transition and default service and the sale of generation assets by Public Service Company of New Hampshire.

Amendment (1076-EBA)

Amend RSA 369-B:3, IV(b)(1)(B)(ii) as inserted by section 10 of the bill by replacing line 1 with the following:

(ii) *From initial transition service end day to the day that PSNH*

Adopted.

RECESS

(Rep. Francoeur in the Chair)

RESOLUTION

Rep. Scanlan offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 36, 67, 69, 76, 110, 118, 119, 122, 133, 135, 158, 159, 164, 167, 168, 170, 176, 181, 182, 189 and 197 shall be by this resolution read a first and second time by the therein listed titles, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF SENATE BILLS

First, second reading and referral

SB 178, establishing a committee to study the uniform computer information transactions act. (Commerce)

SB 183-FN-A-L, relative to distribution of certain meals and rooms tax revenue to municipalities with affordable housing. (Ways and Means)

SB 188-FN-L, relative to abatements and appeals of betterment assessments. (Municipal and County Government)

SB 192-FN, relative to the issuance of high/medium voltage licenses by the electricians' board. (Executive Departments and Administration)

ENROLLED BILL REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bill 489.

Rep. Nordgren, Sen. Wheeler for the Committee

RECESS

HOUSE JOURNAL No. 17

Thursday, May 17, 2001

CLERK’S NOTE

Despite the actual date of May 17, 2001, the House continues to be in recess from the session of May 3, 2001.

(Speaker Chandler in the Chair)

The House assembled at 10:00 a.m. and was called to order by the Speaker.

RECONSIDERATION

Having voted with the prevailing side, Rep. Cox moved that the House reconsider its action of April 26, 2001, whereby it found *HB 469-FN-L*, relative to the applicable minimum wage for hourly employees, Inexpedient to Legislate.
Reps. Karen Hutchinson, Jacobson, Lovett and Guay spoke in favor.
Rep. Gilman, Dickinson and Scanlan spoke against.
Rep. Herman requested a roll call; sufficiently seconded.
The question being the motion to reconsider.

and the motion of Inexpedient to Legislate failed.

Rep. Norelli moved Ought to Pass with Amendment and offered a floor amendment (0909h).

Floor Amendment (0909h)

Amend the bill by replacing section 1 with the following:

1 Minimum Hourly Rate. Amend the introductory paragraph of RSA 279:21 to read as follows:

279:21 Minimum Hourly Rate. Unless otherwise provided by statute, no person, firm, or corporation shall employ any employee at an hourly rate lower than that set forth in the federal minimum wage law, as amended, or as follows, whichever is higher:

Date Hourly Rate

April 1, 1991 to September 30, 1996	\$4.25
October 1, 1996 to August 31, 1997	\$4.75
On and after September 1, 1997	\$5.15
On and after October 1, 2001	\$5.65
On and after October 1, 2002	\$6.15

Tipped employees of a restaurant, hotel, motel, inn or cabin, who customarily and regularly receive more than \$20 a month in tips directly from the customers will receive a base rate from the employer of not less than \$2.38 per hour. With any change to the minimum wage after the effective date of this section, the employer is responsible to pay employees \$2.38 per hour or 45 percent of the applicable minimum wage whichever is higher. If an employee shows to the satisfaction of the commissioner that the actual amount of wages received at the end of each pay period did not equal the minimum wage for all hours worked, the employer shall pay the employee the difference to guarantee the applicable minimum wage. The limitations imposed hereby shall be subject to the following exceptions:

Rep. Norelli spoke in favor.

Adopted.

The question being adoption of the motion Ought to Pass with Amendment.

Rep. Weed requested a roll call; sufficiently seconded.

Ordered to third reading.

CLERK'S NOTE

HB 469-FN-L, relative to the applicable minimum wage for hourly employees, is included in the third reading and final passage motion of May 17, 2001.

Rep. Scanlan moved that the May 3, 2001 session of the House be adjourned.

Adopted.

SESSION OF THURSDAY, MAY 17, 2001

The session of Thursday, May 17, 2001 was called to order by the Speaker.

Her Excellency, Governor Jeanne Shaheen, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by Guest Chaplain, The Reverend Frances Potter from Concord.

Blessed Creator of all that is seen and unseen. We know that all our days are embraced by Your compassion. We give You thanks today for the life of Walter Mikowski, for his service to our country and for his dedication to this House. We pray that You will receive him now into larger life as You comfort and support his children and all who love him. Bless the work of this House and may all that is done here reflect Your love for all the citizens of our New Hampshire. Amen

Rep. Robert Wheeler led the Pledge of Allegiance.

Carrie Constant and Barbara Zerillo, students from Bishop Brady High School, sang our National Anthem.

LEAVES OF ABSENCE

Reps. Belanger, Cardin, Crosby, Donald Flanders, Furman, Nowe, Power and Irene Pratt, the day, illness.

Reps. Bishop, Bridle, Clayton, Dearborn, Duval, Stephanie Eaton, Flint, Betty Hall, Harrington, Hess, Hopper, Naida Kaen, Leone, Lessard, O'Connell, Marsha Pelletier, Quimby, Robb, and Tahir the day, important business.

Rep. Messier, the day, illness in the family.

INTRODUCTION OF GUESTS

Linda Cotter, sister of Rep. Marjorie Smith. Former Representative Everett A. Weare, guest of Rep. Dodge. Anne Maxwell, sister of Rep. Frank Davis. Stephanie Langone, granddaughter of Rep. Dudley. Students from Plymouth Regional High School and their teacher, Richard Hanson, guests of Reps. Cooney and Naro. Fourth grade students from Thornton's Ferry Elementary School, guests of the Merrimack Delegation.

SPECIAL GUESTS

USA Archery Team members, Kristi Nelson of Loudon, a silver medalist and Ariel Heller of Wilton, a gold medalist, students who have competed in national and world archery competitions, guests of the House. Members of Interlakes High School Math Team, winners of the 2001 State Math Meet for small schools, guests of the House.

COMMUNICATION

May 9, 2001

Karen O. Wadsworth, Clerk of the House

Please be advised that the following representative-elect was sworn into office by the Governor and Executive Council on this Day:

Cheshire 11, George J. Liebl, r, Swanzey (12 Centerview Circle) 03446

William M. Gardner, Secretary of State

HOUSE RESOLUTION No. 12

Memorializing State Representative Walter J. Mikowski of Londonderry

WHEREAS, it is with great sadness that we have learned of the death of our friend and colleague Walter J. Mikowski of Londonderry, who was in his third consecutive term as a dedicated member of the House of Representatives; and

WHEREAS, during his tenure in the House, Walter J. Mikowski served with dignity as a valued and respected member of the Committee on Criminal Justice and Public Safety; and

WHEREAS, having served in the United States Army from 1958 to 1979, retiring after twenty-one years of service, Walter J. Mikowski was an active member of the Veterans of Foreign Wars, the American Legion and the Disabled American Veterans; and

WHEREAS, Walter J. Mikowski was an enthusiastic participant in activities of the Londonderry Gridiron and Booster Clubs and could often be found at local high school sporting events, involved in everything from selling hot dogs to ardently cheering for the teams; and

WHEREAS, Walter J. Mikowski rendered service to his community for many years as an officer and member of the Londonderry Lions Club; and

WHEREAS, Walter J. Mikowski, having known great personal sorrow and loss, was sustained by the love and care of his family of three children and four grandchildren; now, therefore, be it

RESOLVED, by the House of Representatives in Regular Session convened, that Walter J. Mikowski be granted high praise and recognition for his dedicated legislative service and for his like service to the Londonderry community, and be it further

RESOLVED, that expressions of heartfelt sympathy be extended to his family and all who loved him, and that a suitable copy of this Resolution be prepared for presentation to his family. Unanimously adopted by a rising vote.

Rep. Letourneau moved that the remarks made by Rep. Packard be printed in the Permanent Journal. Adopted.

REMARKS

Rep. Packard: Thank you, Mr. Speaker. At this time I would like to recognize some special guests we have in the gallery this morning, the family of Rep. Mikowski: Walter Mikowski, Jr., his son; Karen McCord, his daughter; Greg McCord, his son-in-law; Arianna McCord, his granddaughter; Julia Mikowski, his daughter; James Gamache, Julia's fiancée; Sandy and Dave Madigan, sister-in-law and brother-in-law; Harry Allen, brother-in-law; Pamela Hunt, his niece; and Ralph Leone, Miriam and Michelle Dilger who are friends of Walter.

We have lost a very valued colleague and I have lost a very dear friend. I got Walter to run for this office and he always said he was going to pay me back some day. Even though he loved this institution tremendously, he used to kid me constantly. We served in the Lions Club together and have known each other for over 20 years. He had a tremendous loss last year with the loss of his wife. I just can't imagine what his children are going through now. All I know now is that Walter is now with Ethel up there and may God bless them both.

MOTIONS TO VACATE

Rep. Musler moved that the House vacate the reference of **HB 392**, establishing a committee to study the property tax status for land of agricultural fairs, to the Committee on Environment and Agriculture.

Adopted and referred to Municipal and County Government.

Rep. Musler moved that the House vacate the reference of **SB 16-FN-A**, relative to state financial aid for state fairs, and making an appropriation therefor, to the Committee on Environment and Agriculture.

Adopted and referred to Finance.

COMMITTEE REPORTS**CONSENT CALENDAR**

Rep. Scanlan moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

SB 56, relative to health care providers discontinuing service in New Hampshire, removed by Rep. Hunt. Consent Calendar adopted.

SB 40, changing the method by which the insurance department assesses insurers to fund its administration fund. **OUGHT TO PASS**

Rep. Martha Fuller Clark for Commerce: SB 40 will change the method by which the insurance department assesses insurers to fund its administrative operations. Currently the insurance department receives no general operating funds from the state. New Hampshire is one of only six or seven states that provide no state money to fund its insurance department. Therefore the department must rely on fees from the insurance companies it oversees to fund its operations. With a shrinking number of in-state insurance companies particularly in the health care field, it makes sense for the department to widen its net by adding out-of-state insurance companies that do business within the state. The committee heard no opposition to the recommended changes as proposed by this bill. Vote 13-0.

SB 57, relative to the economic development matching grants program. **OUGHT TO PASS WITH AMENDMENT**

Rep. Gene B. Marshall for Commerce: This bill expands the economic development matching grants program in two ways. It permits certain organizations to participate in the program, along with counties and municipalities, subject to approval by the screening committee and the commissioner of the Department of Resources and Economic Development. It also permits inclusion of workforce recruitment efforts to enhance the economic development climate in New Hampshire. Vote 12-0.

Amendment (1159h)

Amend the bill by replacing sections 1 and 2 with the following:

1 Economic Development Matching Grants Program; Organizations Added. Amend RSA 12-A:32, I to read as follows:

I. The department of resources and economic development shall administer an economic development matching grants program in cooperation with a program screening committee. The funds appropriated for this program shall be expended for grants for programs entered into by municipalities [and], counties, *and organizations* which are designed to promote the location of new businesses in the state of New Hampshire *or to encourage workforce recruitment efforts*.

2 Economic Development Matching Grants Program; Organizations Added. Amend RSA 12-A:32, V to read as follows:

V. Funds appropriated to the program shall only be made available to municipalities [and], counties, *and organizations* as may be certified by the screening committee with the approval of the commissioner of the department of resources and economic development.

Amend the bill by replacing section 4 with the following:

4 Economic Development Matching Grants Program Rulemaking; Organizations Added. Amend RSA 12-A:32, IX(b) to read as follows:

(b) The procedures and criteria used to certify municipalities [and], counties, *and organizations* eligible for matching grants.

AMENDED ANALYSIS

This bill permits organizations that promote new businesses or encourage workforce recruitment efforts to participate in the economic development matching grants program. The bill also allows grant recipients to use the funds for workforce recruitment efforts and related travel costs.

SB 25, relative to preliminary breath tests. **OUGHT TO PASS**

Rep. Karl I. Gilbert for Criminal Justice and Public Safety: This bill would amend RSA 265:92-a by providing that the results of preliminary alcohol breath tests may be admissible in court for the sole purpose of showing probable cause for the arrest. These tests are performed using a hand-held device that is calibrated and certified in the same manner as blood alcohol units currently used in the state. An individual who may not be able to perform a field sobriety test due to physical infirmities or handicaps may be able to avoid the detention if the preliminary test indicates alcohol is not present in any quantity that would impair one's ability to drive. This test is also less threatening to an individual than the field sobriety tests when the stop occurs in an individual's neighborhood or a very public area. The NH Police Chiefs, NH Liquor Enforcement, and the NH Fish and Game testified in support of this bill. Vote 12-0.

SB 27, allowing the state to apply for review of a state prison sentence by the superior court's review division. **OUGHT TO PASS**

Rep. Karl I. Gilbert for Criminal Justice and Public Safety: This bill allows the state to apply for a sentence review. Currently only the defendant can apply for this review. This action has to take place within 30 days after the imposition of the sentence. Vote 12-0.

SB 44, relative to false academic documentation. **OUGHT TO PASS**

Rep. Stanley E. Stevens for Criminal Justice and Public Safety: This bill creates a class A misdemeanor for false academic documentation. Testimony cited an example of an individual representing possession of a college degree with a grade point average of 3.7. As a result, the individual was hired to a position over other qualified candidates who had spent thousands of dollars and countless hours pursuing a legitimate degree. This type of fraud is escalating to the point that "diploma mills" are flourishing on the Internet. Vote 11-1.

SB 14, relative to the definition of "school" for the purpose of the universal service fund for schools and libraries. **OUGHT TO PASS WITH AMENDMENT**

Rep. Charles E. Sova for Education: The committee found that this basic bill was merely a housekeeping vehicle requested by the Department of Education to clarify New Hampshire statutes definition of "school" for the purpose of being able to take advantage of existing programs. The amendment which legalizes the Mascoma Valley and Bartlett school district meetings due to lack of compliance with certain state laws was justified since there were no close elections nor warrant article votes in either case; and it was time to bring closure to the process in both districts so that they could get on with the districts' business. In both cases, this action was recommended as the least disruptive path to follow. Vote 12-0.

Amendment (1040h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the definition of "school" for the purpose of the universal service fund for schools and libraries and ratifying the school board meetings and elections for Mascoma Valley Regional and Bartlett school districts.

Amend the bill by replacing all after section 1 with the following:

2 Ratification of the Mascoma Valley Regional School District Election and Annual Meeting. Notwithstanding any provision of law to the contrary, all actions taken by the Mascoma Valley Regional school district at its deliberative session and official ballot voting session on February 10, 2001 and March 13, 2001, respectively, shall not be invalidated due to lack of compliance with the budgetary requirements of RSA 32.

3 Ratification of the Bartlett School District Election and Meetings. Notwithstanding any provision of law to the contrary, all actions taken by the Bartlett School District in electing its officers on March 13, 2001, at the deliberative session held on March 20, 2001, and at the recessed deliberative session held on April 5, 2001, shall not be invalidated due to lack of compliance with the warning and posting provisions of RSA 197:1-g, RSA 197:5, and RSA 197:7.

4 Effective Date.

I. Section 1 of this act shall take effect 60 days after its passage.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill inserts a definition of "school" into state law for the purpose of the universal service fund for schools and libraries. This bill also ratifies the school board meetings and elections for Mascoma Valley Regional school district and the Bartlett school district.

SB 15, extending the reporting date for the commission on the status of community-technical education. **OUGHT TO PASS**

Rep. J. D. Colcord for Education: This bill extends the reporting date of the commission on the status of community-technical education to no later than November 1, 2002. Vote 12-0.

SB 92, relative to the distribution of special education funds. **OUGHT TO PASS**

Rep. Debra A. Naro for Education: This bill was introduced at the request of the Department of Education. It repeals the reference governing the distribution of special education funds (Augenblick and Foundation Aid), as that language is now obsolete. Vote 12-0.

SB 72-FN, relative to payment of medical benefits costs for group II members of the retirement system. **OUGHT TO PASS**

Rep. Merton S. Dyer for Executive Departments and Administration: This bill extends the date of eligibility of permanent policemen and permanent firemen for the medical insurance subsidy. This bill will cover those who became permanent police officers and permanent firefighters before July 1, 2002. The cost of this benefit will be terminally funded from the appropriate group II component of the New Hampshire retirement system special account. The total cost is 35.2 million dollars. There are sufficient funds in the special account for funding. Vote 17-0.

Referred to Finance.

SB 11, extending the reporting date of the committee to study and identify or establish the duties of the fish and game commission. **OUGHT TO PASS**

Rep. Eric G. Stohl for Fish and Game: This bill requests an extension of one year for the reporting date of the study committee. While the current law requires a Commission form of administration for the Fish and Game Department, it does not specify what the Commission's exact duties are. The study committee could not complete the required task in the allotted time. The reporting date was to have been November 1, 2000; and the sponsor is requesting the new date to be November 1, 2001. The committee feels this is a reasonable request and supports the extension of time. Vote 16-0.

SB 12, relative to applications for the cooperative fencing program and the depredation permit program in the fish and game department. **OUGHT TO PASS**

Rep. Vincent E. Greco for Fish and Game: This bill merely changes the application date from May to April for the cooperative fencing program. By applying earlier, farmers are able to put the fencing in place sooner. Vote 15-1.

SB 37, extending the reporting date for the committee studying prescription drug access. **OUGHT TO PASS**

Rep. Phyllis Katsakiores for Health, Human Services and Elderly Affairs: The Prescription Drug Study Committee has carefully reviewed the myriad of issues raised in addressing access to prescription medications for elderly and low-income New Hampshire citizens. In November 2000, the study committee issued a report outlining various public and private initiatives, such as the NH Medication Bridge program that provides access to free medications for the uninsured and the Tri-State Coalition (Maine/NH/Vermont) to create a purchasing cooperative. The committee unanimously supports extending this important study committee as this is a complex issue and needs additional study time. Vote 16-0.

SB 150, relative to community services for persons with developmental disabilities. **OUGHT TO PASS**

Rep. Daniel M. Burnham for Health, Human Services and Elderly Affairs: A little more than a decade ago, Laconia State School was closed. Since then, strong community support has grown for individuals with developmental disabilities. This bill deletes references dating back to the school and emphasizes the states' commitment to consumer directed community-based services for the developmentally disabled. The committee believes these "housekeeping" changes are important and timely. Vote 15-0.

HB 490, requiring public access to law libraries. **INEXPEDIENT TO LEGISLATE**

Rep. Christopher P. Reid for Judiciary: This bill would make all law libraries supported by public funds open to the public. The committee supports the idea of making legal research materials available to the public through local libraries and the internet. The publicly funded law library at the New Hampshire Supreme Court is now and should be open to the public. This bill is too broad and may have Article 28-a problems. "Law library" is not defined. Many state agencies, county attorneys' offices, public defenders' offices, judges' chambers and local prosecutors have small publicly funded law libraries. For example, the Department of Justice has a law library where prosecutors do research and prepare cases. To open this library to the public would create logistical problems, confidentiality problems, and security problems, and could pose significant costs. The same would be true for county attorneys' law libraries. We contend that this would create an unfunded mandate, as well. Vote 12-0.

SB 18, relative to termination of small trusts. **OUGHT TO PASS WITH AMENDMENT**

Rep. Robert H. Rowe for Judiciary: This bill authorizes a method for the termination of small trusts, in this case, trusts having an asset value of \$50,000 or less. There are many small trusts, some

established in the 19th and 20th century with a capital amount that may have been substantial at the time the trust was formed, but small now after the passage of time. Most of these trusts do not earn enough income to pay the trust expenses and are slowly being liquidated through the annual trust management expenses. This bill provides a procedure for the termination of the trusts through a petition filed with the Probate Court. Since some are charitable trusts, the amended bill also mandates the continuing recognition of the trust in city and town records, as was recorded prior to the trust being terminated. The bill provides for a thorough notification of all interested parties by the Probate Court prior to the termination of the small trust. Vote 13-0.

Amendment (1056h)

Amend RSA 564:15-a, III as inserted by section I of the bill by replacing it with the following:

III.(a) Upon receiving such a petition for a testamentary trust, the court shall schedule a hearing and notify all known beneficiaries of the date and time of the hearing, unless assents have been filed from all known beneficiaries. Upon receiving such a petition for any other trust, the court shall issue orders of notice, unless assents have been filed from all known beneficiaries.

(b) The court may grant the petition and order termination of the trust and distribution of the assets, or deny the petition.

(c) Any charitable trust so terminated shall continue to be listed in any records and notices in all municipalities in which it had been previously published.

SB 20, relative to possessory actions instituted on the basis of nonpayment of rent. OUGHT TO PASS WITH AMENDMENT

Rep. eter S. Espiefs for Judiciary: Under existing law all rents paid to the District Court by the tenant during the tenant's appeal to the Supreme Court are effectively "locked up" with the District Court until final disposition of the appeal. This creates a hardship for the landlord who gets no rent during the long appeal period. The amendment provides an expedient and equitable process that enables the District Court to consider the release of the collected rent during the pendency of the tenant's appeal. The District Court's consideration is triggered by the landlord filing a motion requesting release of the rent to the landlord, to which the tenant may object. The Court then determines whether, and to what extent, the rent ought to be released to the landlord. In the event of a partial or total denial of the landlord's motion, the Court must make specific findings supporting its decision. Any remaining rent retained by the Court is apportioned by it upon final disposition of the tenant's appeal. Vote 13-0.

Amendment (1026h)

Amend the bill by replacing all after the enacting clause with the following:

1 Reference Change. Amend RSA 540:25, I to read as follows:

I. If the possessory action was instituted on the basis of nonpayment of rent, and the defendant files a notice of intent to appeal, the defendant shall pay into court the current rent in an amount determined by the judgment of the court pursuant to RSA 540:14, I, weekly and in advance. Payment of rent for one week must be made at the time the defendant files notice of intent to appeal in the district court. Rent which had been payable on other than a weekly basis shall be paid to the court each week based on the equivalent weekly rent determined by the judgment issued by the court, pursuant to RSA 540:14, I. During the pendency of the appeal, rent is payable on a weekly basis and is due on the same day of the week on which the notice of intent to appeal was filed. If rent is not paid by the due date, the court shall immediately mail a notice of default to the tenant and issue a writ of possession to the landlord. If, however, the tenant pays the clerk the entire amount of rent due since the filing of the notice of intent to appeal prior to the service of the writ by the sheriff, the writ of possession shall be recalled and the appeal shall be reinstated. Unless the appeal is reinstated, the district court shall vacate the appeal and award the plaintiff the rent money that has been paid into court. ~~[When the final decision on appeal is rendered, the money paid into court shall be apportioned between the plaintiff and the defendant, based on the amount of rent which is found to be due and owing as a result of the appeal.]~~

2 New Paragraph; Appeals of Possessory Action by Defendant; Landlord's Motion for Recovery of Rent Paid to Court. Amend RSA 540:25 by inserting after paragraph I the following new paragraph:

I-a. At any time during the pendency of the appeal, the landlord may file a motion to the district court for recovery of the rent money that has been paid into court pursuant to paragraph I. The court

may grant such motion unless the tenant objects and the court rules that the landlord is not lawfully entitled to the full amount of rent. If the court rules that the landlord is not entitled to the full amount of the rent, it shall release such portion of the rent to which the court deems the landlord is lawfully entitled, if any, and make specific findings in support of its decision to deny or partially deny the landlord's motion. The rent money retained by the court shall be apportioned between the landlord and the tenant upon final disposition of the appeal.

3 Effective Date. This act shall take effect January 1, 2001.

SB 49, establishing a committee to study the creation of a landlord-tenant mediation project. OUGHT TO PASS

Rep. James W. Craig for Judiciary: This bill establishes a committee to study the creation of a landlord-tenant mediation project. The committee felt that many tenants are young couples or single parents who do not know the landlord-tenant laws. Mediation may be a way to ensure that these and all people involved are treated more fairly and to ensure that cases that do not need to be before the courts are resolved fairly without getting there. A committee needs to look at the feasibility of mediating these cases, especially in light of the statutory requirement that landlord-tenant cases proceed quickly through the courts. Vote 13-0.

SB 61, establishing a procedure for summary administration of estates. OUGHT TO PASS WITH AMENDMENT

Rep. John M. Pratt for Judiciary: This bill streamlines procedures for closing probate when further court supervision of the estate's administration is no longer necessary. It sets forth the criteria by which a summary administration can take place. The amendment changes the effective date. Vote 12-0.

Amendment (1148h)

Amend RSA 553:32, I as inserted by section 1 of the bill by replacing it with the following:

I. This section shall apply to all estates, testate and intestate, other than those estates governed by RSA 553:31 and RSA 554:1-a.

Amend the bill by replacing section 3 with the following:

3 Effective Date. This act shall take effect 30 days after its passage.

SB 63, relative to administration of estates and filing of wills by executors. OUGHT TO PASS

Rep. Robert H. Rowe for Judiciary: There are many small estates of less than \$10,000 in probate assets. These estates are lengthy to probate and costly using the normal probate process. This bill allows these small testate and intestate estates to be probated in a short time period and at a modest expense without sacrificing probate thoroughness. Secondly, the bill makes a number of technical changes. Vote 12-0.

SB 128, relative to stress injuries under the workers' compensation law and relative to disability retirement benefits and mental injury. OUGHT TO PASS WITH AMENDMENT

Rep. Russell D. Bridle for Labor, Industrial and Rehabilitative Services: The committee removed by amendment the part of the bill that mirrored HB 232, which has already passed the House and Senate and awaits the Governor's signature. The remaining provisions of the bill deal with retirement issues. Vote 12-0.

Amendment (1157h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to disability retirement benefits and mental injury.

Amend the bill by replacing all after the enacting clause with the following:

1 Disability Retirement Benefits; Group I. Amend RSA 100-A:6, I(c)(2)(C) to read as follows:

(C) The incapacitating accident, trauma, degeneration, or occupational disease has been found to be compensable by the employer, the employee's insurance carrier, or the commissioner of labor pursuant to RSA 281-A:43, *except that for any mental injury not found compensable because of the good faith exclusion in RSA 281-A:2, XI, the member shall have the opportunity to prove causation to the New Hampshire retirement system.*

2 Disability Retirement Benefits; Group II. Amend RSA 100-A:6, II(c)(2)(C) to read as follows:

(C) The incapacitating accident, trauma, degeneration, or occupational disease has been found to be compensable by the employer, the employee's insurance carrier, or the commissioner

of labor pursuant to RSA 281-A:43, *except that for any mental injury not found compensable because of the good faith exclusion in RSA 281-A:2, XI, the member shall have the opportunity to prove causation to the New Hampshire retirement system.*

3 Contingency. If HB 232 of the 2001 session of the legislature becomes law, then sections 1 and 2 of this act shall take effect on the effective date of HB 232. If HB 232 of the 2001 legislative session does not become law, sections 1 and 2 of this act shall not take effect.

4 Effective Date.

I. Sections 1 and 2 of this act shall take effect as provided in section 3 of this act.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

The bill also allows public employees the opportunity to prove causation to the New Hampshire retirement system relative to mental injuries.

Referred to the Committee on Executive Departments and Administration.

HB 162-FN-L, ratifying articles 28, 29 and 30 of the 2000 Hudson annual town meeting. **OUGHT TO PASS WITH AMENDMENT**

Rep. Ronald A. Giordano for Municipal and County Government: This bill ratifies the Mascoma Valley Regional and Bartlett School District 2001 annual meetings. Both school districts had procedural defects relative to their annual meetings and one remedy is to request the Legislature to legalize those meetings. The Municipal and County Government Committee supported this remedy. Vote 12-1.

Amendment (1007h)

Amend the title of the bill by replacing it with the following:

AN ACT ratifying the school board meetings and elections for Mascoma Valley Regional and Bartlett School Districts.

Amend the bill by replacing all after the enacting clause with the following:

1 Ratification of the Mascoma Valley Regional School District Election and Annual Meeting. Notwithstanding any provision of law to the contrary, all actions taken by the Mascoma Valley Regional School District at its deliberative session and official ballot voting session on February 10, 2001 and March 13, 2001, respectively, shall not be invalidated due to lack of compliance with the budgetary requirements of RSA 32.

2 Ratification of the Bartlett School District Election and Meetings. Notwithstanding any provision of law to the contrary, all actions taken by the Bartlett School District in electing its officers on March 13, 2001, at the deliberative session held on March 20, 2001, and at the recessed deliberative session held on April 5, 2001, shall not be invalidated due to lack of compliance with the warning and posting provisions of RSA 197:1-g, RSA 197:5, and RSA 197:7.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill ratifies the school board meetings and elections for Mascoma Valley Regional School District and the Bartlett School District.

HB 498, relative to standards for records filed with a registry of deeds. **OUGHT TO PASS WITH AMENDMENT**

Rep. Earle Goodwin for Municipal and County Government: This bill gives a register of deeds statutory authority to refuse any document not conforming to their standards, and at the same time provides the flexibility for individual registers to write their own guidelines. The NH Register of Deeds Association has spent three years addressing the document rejection problem and solutions that are being proposed on a national level. This legislation may solve this problem in the state of New Hampshire. Vote 15-0.

Amendment (1140h)

Amend the bill by replacing section 1 with the following:

1 Registers of Deeds; Form of Records; Document Format Standards Required. Amend RSA 478:4-a, II to read as follows:

II. All documents shall be suitable for reproduction as determined by the register of deeds, who shall provide [~~guidelines concerning document quality~~] *document standards as amended and*

adopted by the New Hampshire registers of deeds. The standards and any amendments thereto shall include a statement of their effective date, and shall be posted in and distributed by all registries of deeds for at least 60 days prior to such effective date.

SB 23-L, relative to the amount of interest on late paid property taxes which may be waived by the tax collector. **OUGHT TO PASS**

Rep. Marilyn A. Fraser for Municipal and County Government: This bill increases the dollar amount of interest assessed on a late tax payment which may be waived by a tax collector if administrative costs do not warrant collection. This represents a small change in RSA 76:13 concerning interest being waived. The change is simply the amount of interest that MAY be waived from five (5) dollars to twenty-five (25) dollars. This change will have no affect on any municipality because it was and is only enabling to each community. Vote 15-0.

SB 50, relative to the abatement of taxes in unincorporated towns or unorganized places. **OUGHT TO PASS**

Rep. Robert W. Brundige for Municipal and County Government: This bill authorizes County Commissioners for good cause, to abate any tax assessed by them or their predecessors including any portion of interest accrued on such tax in unincorporated towns or unorganized places in the same manner as municipalities. Additionally it establishes procedures for any person who is aggrieved by the commissioner's decision or lack thereof, to file an appeal with the Superior Court in the county where the property is located or with the Board of Tax and Land Appeals. Vote 15-0.

SB 85, relative to collateralization of municipal trust funds. **OUGHT TO PASS**

Rep. Kimberly O.M. Dionne for Municipal and County Government: This bill grants trustees of trust funds the authority to collateralize trust fund bank deposits in the same manner as municipal trust funds. Senate Bill 85 also clarifies the types of financial institutions that are required to provide a collateralization option. The Attorney General's office and the Bankers' Association testified in support of this bill. Vote 15-0.

SB 169-FN, relative to the procedure for appeal of a timber yield tax assessment and relative to the notice of intent to cut. **OUGHT TO PASS WITH AMENDMENT**

Rep. James E. Twombly for Municipal and County Government: This bill repeals the appeal board for timber yield tax abatement and allows appeals to go to the Board of Tax and Land Appeals. Previously the Department of Revenue Administration was in conflict because it evaluated and enforced the timber yield tax and then acted as the appeal board. This bill would also eliminate the application fee and change the procedure for assignment of an operation number for notice of intent to cut. Vote 16-0.

Amendment (1146h)

Amend the bill by replacing section 1 with the following:

1 Timber Yield Tax; Appeal of Assessment. Amend RSA 79:8 to read as follows:

79:8 Appeal and Abatement. An owner may, within 90 days of notice of the tax, appeal to the assessing officials in writing for an abatement from the original assessment, but no owner shall be entitled to an abatement unless [he] *the owner* has complied with the provisions of RSA 79:10 and [H] *RSA 79:11*. If the assessing officials neglect or refuse to abate, an owner may, at his *or her* election within 6 months of notice of such tax and not afterwards, petition the superior court of the county where the operation took place, or the [~~appeal board as provided for in RSA 79:7-a~~] *board of tax and land appeals*. *The owner shall not be subject to a fee for filing such appeal with the board of tax and land appeals.* [~~The petition to the appeal board shall be filed with the commissioner of revenue administration and shall include the name and address of the appeal board member selected by the aggrieved owner.~~] *During the appeal, the board of tax and land appeals, on its own motion or by request of the owner or municipality made to the board of tax and land appeals, shall have the discretion to call upon the department of revenue administration and the division of forests and lands, department of resources and economic development, to provide expert testimony at no cost to the party.*

SB 33, relative to the definition of "campsite". **OUGHT TO PASS**

Rep. Pierre W. Bruno for Resources, Recreation and Development: SB 33, an act relative to the definition of a "campsite", makes a technical correction to statutory provisions that causes any

property owner having more than two (2) tents or recreational vehicles on their property to fall under state regulations and rules for campground owners. Last session, legislation regarding campsites at campgrounds was passed that inadvertently made statutory campgrounds of any property having any combination of tents or RVs greater than two (2). For example, under current statute, if you have three tents in your backyard, your private property is statutorily defined as a campground. This legislation simply corrects that oversight by recognizing that campgrounds are a business enterprise and charge a fee in exchange for the land parcel that is rented to the camper. Vote 14-2.

SB 89, establishing a committee to study methods of strengthening and clarifying the comprehensive shoreland protection act and its application. **OUGHT TO PASS**

Rep. Judith T. Spang for Resources, Recreation and Development: New Hampshire's shorelands are among the most valuable and fragile of the state's natural resources. New Hampshire now has over six years of experience with the 1991 Comprehensive Shoreland Protection Act. The committee agrees with the Department of Environmental Services (DES), which enforces the act, shoreland property owners, developers and local officials who testified that it is timely to review the strengths and weaknesses in the act and its implementation. Vote 15-1.

REGULAR CALENDAR

SB 73-FN, relative to benefits awarded a surviving spouse of a police officer or firefighter killed in the line of duty. **MAJORITY: INEXPEDIENT TO LEGISLATE. MINORITY: OUGHT TO PASS.**

Rep. William R. Zolla for the Majority of Executive Departments and Administration: At the present time, the New Hampshire retirement system provides for the family until all children are 18 years of age or college students until the age of 23. The retirement system also provides for the spouse for life or until remarriage. This bill would have provided the spousal benefits even after remarriage. This makes a significant change in retirement policy. There would be a significant change in the retirement system and state insurance benefits. The bill deals with a few members of the retirement system. Members of other groups in the retirement system should be considered as well. Insurance benefits as well as annuity benefits need to be considered. The majority of the committee felt that all members should be considered at a later date. Any funds needed would come from the special account and would need legislative approval. Vote 14-6.

Rep. William K. Clayton for the Minority of Executive Departments and Administration: When a police officer or firefighter is killed in the line of duty, they have paid the ultimate sacrifice for their community. All too often, they leave behind a grieving spouse and children. Upon the death of the individual, their spouse is awarded the deceased's pension. Of course this does not fill the void of a lost loved one but does help to financially secure the grieving spouse. Under current law, the spouse receives this benefit until his/her death or remarriage. This bill would allow the spouse to remarry without fear of losing benefits. When trying to pick up the pieces after such a tragedy, the spouse should not have to be concerned with losing his/her financial stability and health insurance if he/she were to remarry. The spouse should have the freedom to move on with their lives. It is unfortunate under current conditions that one would have to choose between marrying again and financial security. If the second marriage were to fail because of divorce or death, the spouse would be left with nothing. In the view of the minority, this should be treated the same as any other death benefit. A benefit that no one would ever want to receive. Let's not punish the spouse for picking up the pieces after a tragedy and trying to move on with his/her life. Majority report adopted.

SB 115-FN, granting a cost of living adjustment to certain retired group II firefighters. **OUGHT TO PASS**

Rep. Robert K. Dodge for Executive Departments and Administration: The majority of the committee voted to grant a supplemental allowance, or COLA, to retired firefighters in the retirement system who retired on or before July 1, 1994. The minority of the committee contends that the reason no excess COLA's were paid prior to 1994 was due to a choice made by the firefighters between medical benefits and COLA's in those years. However, the majority of the committee, after reviewing the circumstances, determined that due to the inequitable compensation paid to firefighters during this time period, as evidenced by COLA comparisons between police and firefighters between the years of 1991 to 1996, (9.75% firefighters, 23.5% police) suggested that a one time increase in

the legislation was merited. Since there were previously no funds available in the special reserve fund to pay a COLA due to the 125% rule, the majority of the committee felt that now that funds are available we should grant to these retirees a cost of living adjustment that they deserve. Vote 13-5. Adopted.

Referred to Finance.

HB 587-FN-A, establishing a commission on the status of men, and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Lawrence A. Emerton for Finance: After taking a second look at this bill, the Finance Committee agreed with the policy committee that the bill had distinct merit. Although the committee removed funding due to the state's fiscal concerns, the Commission may accept gifts, donations, and grants. It is the committee's hope that the Commission can operate with private assistance to further its duties and activities. Vote 13-7.

Amendment (0753h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a commission on the status of men.

Amend the bill by deleting section 4 and renumbering the original section 5 to read as 4.

AMENDED ANALYSIS

This bill establishes a commission on the status of men to address issues of cultural bias and stereotyping, health problems unique to men, and methods for encouraging personal growth.

Adopted.

Report adopted and ordered to third reading.

HB 658-FN-A, relative to the homeless prevention fund and making an appropriation therefor. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: OUGHT TO PASS.**

Rep. Rogers J. Johnson for the Majority of Finance: The committee reheard this bill relative to the provision of state matching funds for the Housing Finance Authority. The enabling legislation, SB 128, that created the study committee on homelessness, was passed by voice vote by the House of Representatives only after all references to the general fund and the placeholder \$1 were removed from the bill. At that time, testimony was heard in the Finance Committee that the Department of Health and Human Services was pursuing federal dollars through Temporary Assistance to Needy Families (TANF). At the first hearing of this bill, the sponsor testified that there were two sources interested in donating \$2 million to the fund, but that they were to remain confidential. The sponsor has now identified one source of possible donations to the fund as being Provident Bank, but the level of contribution is now \$150,000. The sponsor indicated that more contributions would be solicited.

What was troubling to the Majority was that this new State Program could supplant the responsibility municipalities have statutorily assumed to provide general assistance to the needy. This new State Program would contradict the intent of SB 1 of the 1985 session which was a negotiated commitment between the municipalities, counties and the state on who pays for certain social services. Prior to SB 1 being enacted, municipalities were responsible for all general welfare assistance, aid to the permanently and totally disabled (APTD), nursing home care and juvenile costs for one year. In exchange for municipalities fully being responsible for general assistance, the county and state starting being liable for APTD, nursing home care and juvenile costs from day one. This bill, in essence, proposes that the state take back that responsibility. At the very least, it would create confusion about who should provide assistance and it would also create the need for all kinds of checking to avoid double dipping. This new State program would also provide funds for overdue rent payments, utility bills and car repairs, overlapping services now provided by other state resources. The Department of Health and Human Services currently provides \$1.3 million per year for temporary assistance. The just passed budget includes over \$850,000 in additional funds over the biennium for homeless shelters. In addition, a new fund has been created, providing over \$10.9 million per year for electric utility costs for low-income families.

Furthermore, the Federal Government provides an additional \$5.4 million for the homeless in New Hampshire through: (1) Projects for Assistance in Transition from Homelessness; (2) Emergency Transitional Prevention/Intervention (McKinney); (3) Outreach/Intervention for Unsheltered Homeless; (4) Homeless Housing Supportive Services; (5) Housing Opportunities for Persons with AIDS.

Finally, the committee was most concerned about the fact that the Legislature does not have the ability to exercise any oversight of the Housing Finance Authority. When this bill was first heard the committee voted ITL 12-10. Since the committee remains sympathetic to the plight of homeless, the committee agreed to recommit the bill, and upon reconsideration decided to recommend ought to pass on the policy and removed the funding provisions. Vote 14-8.

Rep. Marjorie K. Smith for the Minority of Finance: This is the third time this session that the House has been asked to vote on this bill. On March 22 the House accepted the unanimous recommendation of "Ought to Pass" of the Committee on Health, Human Services and Elderly Affairs and the bill was sent on to Finance. As originally reported out, the Finance Committee overrode the policy committee and House recommendations and voted, 12-10, to report the bill as "Inexpedient to Legislate".

Because the bill was on the yet-to-be-completed April 19th calendar, the committee leadership had some time to reconsider the appropriateness of their decision and, on April 26th, asked the House to recommit the bill to Finance. On May 1, the committee voted to change its recommendation to "Ought to Pass with Amendment".

The amendment, while retaining the policy language, removes both the section which establishes legislative intent and, most important, the language which calls for the state to match one state dollar against every three private dollars donated for the purpose of preventing homelessness, up to a maximum of \$1 million state dollars, thereby creating a \$4 million fund.

A question was asked as to why the Department of Health and Human Services did not advocate for funds. Under the instructions of the governor, every department in the state was restricted from requesting funds for new programs. The only funding avenue available was through specific legislation. Some members of the Finance Committee will tell you that it is the cities and towns, not the state, which must meet the welfare needs of those in difficult circumstances. The local welfare officers report, however, that the single greatest upward pressure on their local funds is housing. They recognize that it is a lot more cost effective and socially beneficial to keep families in their homes than to try to find housing for them after they are homeless.

It is not reasonable to expect our 234 cities and towns to be able to create 234 separate programs to attract significant private dollars. The House can be penny wise, oppose the OTPA recommendation and approve this legislation as it came to Finance from the policy committee, or it can be pound foolish and approve this amendment, leaving the towns and cities to deal with the problem once people become homeless at a much greater financial and social cost.

Amendment (1058h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the homeless prevention fund.

Amend the bill by replacing all after the enacting clause with the following:

1 Housing Finance Authority; Program Design; Families on the Verge of Homelessness Given Highest Priority. RSA 204-C:83, III is repealed and reenacted to read as follows:

III. The goal of the program is to give emergency support to keep a family in its existing housing while providing assistance to stabilize the family. The program shall give the highest priority to low income families who are on the verge of homelessness due to expenses beyond their control, such as due to a severe rent burden, medical expense, or major car repair necessary to maintaining a job. The program shall also give priority to very-low-income persons or families in which:

(a) One or more of the adults in the family is working or in an employment training program.

(b) There is a minor child or children.

(c) There is one or more disabled persons as defined in 42 United States Code, Section 12102.

2 Effective Date. This act shall take effect July 1, 2001.

AMENDED ANALYSIS

The bill makes families who are threatened with homelessness the highest priority of the homeless prevention fund.

Reps. Marjorie Smith and Potter spoke against and yielded to questions.

Reps. Rogers Johnson and Wendelboe spoke in favor.

A roll call was requested, sufficiently seconded.

The question being adoption of the majority amendment.

Majority report adopted and ordered to third reading.

SB 42, relative to charges for access to medical records. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Janeen Dalrymple for the Majority of Health, Human Services and Elderly Affairs: The committee was asked to consider what is a reasonable rate to be charged for the retrieval and processing of a medical record. Testimony provided to the committee supported that such charges were often made at rates exceeding what is considered “a reasonable rate.” The Senate sponsor of the bill established evidence that charges are being made exceeding reasonableness as called for in the statute. After an extensive work session, the Health and Human Services Committee voted to increase the charges from a charge not to exceed \$5.00 or \$.50 a page, whichever is greater, to a fee not to exceed \$15.00 for the first 30 pages or \$.50 per page, whichever is greater. In addition, the committee proposal would require medical facilities to charge reasonable rates for films, such as sonograms, x-rays and other specialty tests. The committee determined that the increase in the rates would partially compensate the medical facilities and would ensure patients would receive their medical records at a reasonable cost. The bill would also ensure that, as an option, medical facilities could continue to provide medical records free of charge. Vote 12-4.

Rep. Susan Emerson for the Minority of Health, Human Services and Elderly Affairs: The proposed legislation relative to charges for access to medical records intends to place a cap on the amount that a health care facility can charge for such services. The proposed rate was initially set at fifty (50) cents per sheet copied with a maximum for all services being no more than five (5) dollars. The inherent costs of such labor intensive tasks were obviously not taken into account by the authors of the bill because had they considered wages, copier time, toner and paper costs alone, they would have clearly seen that a five (5) dollar maximum charge would not even begin to cover the treatment facility’s basic costs. A simple clerk often cannot review a medical chart and select proper portions for release. It very often requires the skills of a highly trained medical information specialist to perform such a delicate task. Often, such a review takes several hours of the specialist’s time – time for which the treatment facility should be compensated. The Senate amended SB 42 by raising the cap to fifteen (15) dollars for the first thirty (30) pages, or fifty (50) cents per page, which ever is greater and allowed special records such as radiology to be copied at a “reasonable cost”. These amendments, in my opinion, were simply meant to appease the opposition and again the costs were arbitrarily arrived at, not taking into consideration any of the variables so clearly delineated in testimony. Not only is the New Hampshire Health Information Management Association against SB42 as written, so is the New Hampshire Medical Society.

This proposed legislation is favored by the lawyers and opposed by the health care professionals because it favors the legal profession and financially harms the healthcare profession. I can foresee

a lawyer asking for "all of the medical records" in a particular case and the medical records people carrying hundreds and hundreds of pages of history and physical progress notes, nurses' notes, consultations, physicians' orders, laboratory results, radiology reports, surgical notes, anesthesia notes, pathology reports and discharge summaries. The final product may cost the medical facility several hundred dollars spent in time and effort all for a \$15.00 fee sent to them by the lawyer plus \$.50 per page after 30 pages.

This bill represents the State's attempting to micro-manage one small portion of the healthcare industry. It is arbitrary and favors one professional group over another. We do not need to legislate the costs of medical record copying. We have more important issues to occupy our time.

Amendment (1042h)

Amend the bill by replacing all after the enacting clause with the following:

1 Charges for Medical Records; Residential Care and Health Facilities. Amend RSA 151:21, X to read as follows:

X. The patient shall be ensured confidential treatment of all information contained in the patient's personal and clinical record, including that stored in an automatic data bank, and the patient's written consent shall be required for the release of information to anyone not otherwise authorized by law to receive it. Medical information contained in the medical records at any facility licensed under this chapter shall be deemed to be the property of the patient. The patient shall be entitled to a copy of such records~~[, for a reasonable cost,]~~ upon request. ***The charge for the copying of a patient's medical records shall not exceed \$15 for the first 30 pages or \$.50 per page, whichever is greater; provided, that copies of filmed records such as radiograms, x-rays, and sonograms shall be copied at a reasonable cost.***

2 Charges for Medical Records; Medical Providers Under Title XX. Amend RSA 332-I:1, I to read as follows:

I. The medical information contained in the medical records in the possession of any health care provider shall be deemed to be the property of the patient. The patient shall be entitled to a copy of such records~~[, for a reasonable cost,]~~ upon request. ***The charge for the copying of a patient's medical records shall not exceed \$15 for the first 30 pages or \$.50 per page, whichever is greater; provided, that copies of filmed records such as radiograms, x-rays, and sonograms shall be copied at a reasonable cost.***

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill entitles a patient to certain copies of the patient's medical records for a charge which shall not exceed \$15 for the first 30 pages or \$.50 per page, whichever is greater; provided that filmed records shall be copied for a reasonable charge.

Majority amendment adopted.

Rep. Pilliod spoke against.

Reps. Dalrymple and Batula spoke in favor.

Majority report adopted and ordered to third reading.

Rep. Kacavas declared a conflict of interest and did not vote.

HB 352, limiting railroad liability for passenger rail service. INEXPEDIENT TO LEGISLATE

Rep. Larry G. Elliott for Judiciary: This bill deals with railroad liability. After an exhaustive process which included interim study of the bill from last year and five subcommittee hearings totaling numerous hours of testimony and dedication of the subcommittee members, we found the bill to be inexpedient to Legislate. A similar bill was killed by the House Commerce Committee in 1996. In 1997, the bill was killed on constitutional grounds by the House Transportation Committee. In 1999, the bill was recommended for Interim Study by the Judiciary Committee. The reasons for ITL are as follow: (1) The Carson v. Maurer Supreme Court decision stated that liability caps are inherently unfair and unconstitutional. The legislation before us would have placed a \$75 million cap for liability of passenger rail operators maintaining rail lines in the State of New Hampshire. The owner of the rail lines in this case would only allow transportation of passengers over its freight service lines if the state gave them full indemnity. In other words, the rail company wants zero liability for passengers on their rail service. It is our understanding from the Department of Transportation that they will negotiate a contract of zero liability for the rail service whether or not we pass a \$75 million cap. (2) There has been much

misinformation (or at least confusing testimony) provided to the committee surrounding the project from Boston to Nashua. It has repeatedly been stated that without a \$75 million cap passenger rail service would not come into the State of New Hampshire. The committee found these statements to be untrue based on the testimony of Department of Transportation consultants. They went on record in the subcommittee as saying that if liability caps do not pass, they will continue to work to provide passenger rail service to southern New Hampshire. (3) The committee tried to obtain and was unable to obtain the information surrounding how much an insurance policy would cost if we were to purchase it at a \$75 million cap versus an unlimited cap. What we do know is that the State of Massachusetts for the greater Boston area pays a \$610,000 annual premium with a \$75 million cap for train service, subways, bus service, and water taxi service. We recognize that the State of Massachusetts has perhaps millions of people using their public transportation system, whereas in New Hampshire we project in the neighborhood of 1,000 people a day riding the railroads and only for approximately four miles to the Massachusetts/New Hampshire line. We believe we could get an insurance policy without a liability cap for less than \$610,000 annually. (4) The committee felt that it would be unfair to retain this bill for the sole purpose of providing a perception during the letter of intent period that the committee was in favor of the liability cap when in fact the majority of the committee is opposed to capping liability actions. By allowing the bill to linger in retention, it would provide a false perception to those negotiating on behalf of the State of New Hampshire to bring in passenger rail service. If the bill were killed next January, those individuals would have to start re-negotiating at ground zero. The committee further felt that failure to act at this time would box the committee in and force us to pass liability caps because it would be unfair for us to allow the state to negotiate in bad faith. The majority of the House Judiciary Committee wishes to go on record as supporting passenger rail service. However, limiting the liability of private entities is not the way to bring good passenger rail service to the State of New Hampshire. We urge the Department of Transportation to negotiate to bring passenger rail service to New Hampshire without liability caps. The committee further found no impediments to prevent them from accomplishing the goal of responsible rail service and allowing our citizens to recover damages should any occur. Vote 10-2.

Rep. Bergin moved Recommit to committee, spoke in favor and yielded to questions.

Rep. Mock spoke against.

On a division vote, 130 members having voted in the affirmative and 217 in the negative, the motion failed.

Report adopted.

Rep. Reid filed a conflict of interest and did not participate.

SB 35, relative to a term for the chief justice of the supreme court. OUGHT TO PASS

Rep. Loren J. Jean for Judiciary: The committee felt this to be another appropriate judicial reform measure. A five-year term for the Chief Justice, much like the terms of our State department heads, is a reasonable step. Too much influence is likely to build in a lifetime appointment. Every justice that has the capacity to serve as an Associate Justice also has the capacity to serve as Chief Justice, and could serve honorably in that position. Vote 14-0.

Adopted and ordered to third reading.

BILL REMOVED FROM CONSENT CALENDAR

SB 56, relative to health care providers discontinuing service in New Hampshire. INEXPEDIENT TO LEGISLATE

Rep. Martha Fuller Clark for Commerce: Under SB 56 health insurance companies who have discontinued services in NH were requesting a waiver from the 5-year prohibition before they could offer health insurance again. The insurance department informed the committee that the changes proposed in SB 56 would be in violation of federal health insurance laws, and they requested that this bill be withdrawn. Vote 13-0.

Rep. Hunt moved Recommit to committee and spoke in favor.

Adopted

Recommitted to Commerce.

SUSPENSION OF THE RULES

Reps. Scanlan and Burling moved that House Rules be so far suspended as to permit the deadline of Friday, May 25, 2001, the last day to sign-off all supplemental bills, to be moved to Friday, June 8, 2001 at 3:00 p.m.

Adopted by the necessary two-thirds.

SENATE MESSAGES

REQUESTS CONCURRENCE WITH AMENDMENTS

HB 142, establishing a committee to study encryption of confidential information. (Amendments printed in SJ 3/29/01)

Rep. Hunt moved that the House concur and spoke in favor.

Adopted.

HB 143, establishing a committee to address the problem created by the shortage of health care personnel and support staff in New Hampshire. (Amendment printed in SJ 3/29/01)

Rep. Batula moved that the House concur and spoke in favor.

Adopted.

HB 433, clarifying the duties of the oversight committee on health and human services. (Amendment printed in SJ 3/29/01)

Rep. Batula moved that the House concur and spoke in favor.

Adopted.

HB 230, relative to scheduled permanent impairment awards under the workers' compensation law. (Amendment printed in SJ 3/29/01)

Rep. Gilman moved that the House concur and spoke in favor.

Adopted.

HB 107, naming a certain bridge in the town of Milford. (Amendment printed in SJ 4/12/01)

Rep. Edwin Smith moved that the House concur and spoke in favor.

Adopted.

HB 369, relative to driving in highway construction and maintenance areas. (Amendment printed in SJ 5/01/01)

Rep. Packard moved that the House concur and spoke in favor.

Adopted.

HB 367-L, relative to the establishment of a town forest in the town of Randolph. (Amendment printed in SJ 4/19/01)

Rep. Royce moved that the House concur and spoke in favor.

Adopted.

HB 238, relative to interstate banking. (Amendment printed in SJ 03/29/01)

Rep. Hunt moved that the House nonconcur and request a Committee of Conference.

Adopted.

The Speaker appointed Reps. Hunt, Leo Fraser, Marshall and Tara Reardon.

HB 240, requiring the department of health and human services to develop a plan reducing the number of persons awaiting certain services for developmental disabilities. (Amendment printed in SJ 03/29/01)

Rep. Batula moved that the House nonconcur and request a Committee of Conference.

Adopted.

The Speaker appointed Reps. Batula, Burnham, Manning and Seldin.

RESOLUTION

Rep. Scanlan offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, May 24, 2001 at 10:00 a.m.

Adopted.

LATE SESSION

Third reading and final passage

HB 469-FN-L, relative to the applicable minimum wage for hourly employees.

SB 40, changing the method by which the insurance department assesses insurers to fund its administration fund.

SB 57, relative to the economic development matching grants program.

SB 25, relative to preliminary breath tests.

SB 27, allowing the state to apply for review of a state prison sentence by the superior court's review division.

SB 44, relative to false academic documentation.

SB 14, relative to the definition of "school" for the purpose of the universal service fund for schools and libraries.

SB 15, extending the reporting date for the commission on the status of community-technical education.

SB 92, relative to the distribution of special education funds.

SB 11, extending the reporting date of the committee to study and identify or establish the duties of the fish and game commission.

SB 12, relative to applications for the cooperative fencing program and the depredation permit program in the fish and game department.

SB 37, extending the reporting date for the committee studying prescription drug access.

SB 150, relative to community services for persons with developmental disabilities.

SB 18, relative to termination of small trusts.

SB 20, relative to possessory actions instituted on the basis of nonpayment of rent.

SB 49, establishing a committee to study the creation of a landlord-tenant mediation project.

SB 61, establishing a procedure for summary administration of estates.

SB 63, relative to administration of estates and filing of wills by executors.

HB 162-FN-L, ratifying the school board meetings and elections for Mascoma Valley Regional and Bartlett School Districts.

HB 498, relative to standards for records filed with a registry of deeds.

SB 23-L, relative to the amount of interest on late paid property taxes which may be waived by the tax collector.

SB 50, relative to the abatement of taxes in unincorporated towns or unorganized places.

SB 85, relative to collateralization of municipal trust funds.

SB 169-FN, relative to the procedure for appeal of a timber yield tax assessment and relative to the notice of intent to cut.

SB 33, relative to the definition of "campsite".

SB 89, establishing a committee to study methods of strengthening and clarifying the comprehensive shoreland protection act and its application.

HB 587-FN-A, establishing a commission on the status of men.

HB 658-FN-A, relative to the homeless prevention fund.

SB 42, relative to charges for access to medical records.

SB 35, relative to a term for the chief justice of the supreme court.

RECESS MOTION

Rep. Scanlan moved that the House stand in recess for the purpose of introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports only.

Adopted.

The House recessed at 12:30 p.m.

RECESS

(Speaker Chandler in the Chair)

COMMITTEE ASSIGNMENT

Rep. George J. Liebl on Environment and Agriculture.

RECESS

(Rep. Calawa in the Chair)

RESOLUTION

Rep. Scanlan offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, Senate Bills numbered 30, 48 and 194, shall be by this resolution read a first and second time by the therein listed titles and referred to the therein designated committees.

Adopted.

INTRODUCTION OF SENATE BILLS**First, second reading and referral**

SB 30, relative to DNA testing of criminal offenders. (Criminal Justice and Public Safety)

SB 48, relative to the rental of shared living facilities. (Judiciary)

SB 194-FN, relative to retirement allowances for certain surviving spouses of group II retirement system members. (Executive Departments and Administration)

SENATE MESSAGES**CONCURRENCES**

HB 120, relative to the membership of the department of youth development advisory board.

HB 189-FN, increasing the facility funding limits under the oil discharge and disposal cleanup fund.

HB 255, establishing a committee to study the practice of "body works."

HB 376, allowing county commissioners serving 4-year terms to vote at state party conventions.

HB 482, relative to airport zoning.

HB 727, making certain changes concerning the authority and operation of the port authority.

HCR 10, a resolution supporting the electoral college.

NONCONCURRENCE

HB 630, establishing a committee to study the need for the regulation of professions which are alternative or complementary to existing regulated health professions.

ENROLLED BILL AMENDMENT

HB 377, permitting the state of New Hampshire to file petitions with the probate court seeking review of actions by a power of attorney.

Amendment (1174-EBA)

Amend the bill by replacing section 4 with the following:

4 Effective Date. This act shall take effect January 1, 2002.

Adopted.

RECESS**(Speaker Chandler in the Chair)**

Rep. Scanlan moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 18

Thursday, May 24, 2001

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Her Excellency, Governor Jeanne Shaheen joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by Guest Chaplain, Rep. Sid Lovett from Holderness.

O thou who art the source of life, in whom each of us live and move and have our being, we give thanks for the heritage which has been accorded us as we work in this legislature to balance the claims of freedom and justice. Grant to this body wisdom and compassion, delivering us from woodsheds of the mind and heart. Uphold our Governor and the Speaker of the House in the performance of their responsibilities and may the needs of our citizens lay their rightful claim upon our endeavors. Amen.

Rep. Cynthia Dokmo led the Pledge of Allegiance.

Rachael Guerdet, Janice Zylak, Abby Gagnon and Michelle Villaume, students from Concord Christian School, sang our National Anthem.

LEAVES OF ABSENCE

Reps. Balcom, Cardin, Furman, Jane Kelley, Lyman, Martel, Pepino, Irene Pratt, Rodd, and Ronald Russell, the day, illness.

Reps. Dewhirst, Dunne, Flora, Feuerstein, Gabler, Hill, Hughes, Karen Hutchinson, Itse, Rogers Johnson, Langone, Messier, Musler, Nowe, Marsha Pelletier, Perkins, Neil Reardon, Rosen, Splaine, Tate and Torressen, the day, important business.

Reps. Coughlin and Micklon, the day, illness in the family.

INTRODUCTION OF GUESTS

Laurie Chrysostom Lockwood, guest of Rep. Lockwood. Mary Linares, guest of Reps. Sandra and Joseph Harris. David Holden and his Spanish class from Mascenic Regional High School, guests of Rep. Dunlap. Rebecca Foss and Sarah Pawlek, guest and daughter of Rep. Pawlek. Henry Olson, father of Clerk of the House, Karen Wadsworth.

SPECIAL GUEST

Ambassador of Cyprus, Dr. Erato Kozakou-Marcoullis, guest of the House.

Rep. Buckley moved that the remarks made by Ambassador Marcoullis be printed in the Journal. Adopted.

REMARKS

Ambassador Marcoullis: Thank you. Mr. Speaker, Honorable Representatives of the House of Representatives of the State of New Hampshire. Greetings to the Granite State from the Copper Island, Cyprus. It is a great honor for me to address today the House of Representatives of the State of New Hampshire, the third largest parliamentary body in the English speaking world. I wish to express my profound gratitude for this invitation, which I consider an expression of support to my country and to the people of Cyprus.

I wish to express the profound gratitude of the government and the people of Cyprus for the adoption of House Concurrent Resolution No. 9, urging the President of the United States to increase the administration's efforts to mediate a peaceful resolution of the dispute in Cyprus between Turkey and the Republic of Cyprus. Our deep appreciation goes to the main sponsors of the resolution, Reps. Salts, Pappas, Tsiros, Pantelakos and Panagopoulos, for their initiative and to each and every representative of this august body for unanimously endorsing it.

The adoption of this resolution clearly registers your concern for an ongoing injustice that violates the very principles for which this great country, the United States of America, stands for: human rights, unity, freedom, justice and the rule of law. It also registers your support for the need to find a just and viable solution to a longstanding problem that has kept the island of Cyprus and its people forcibly divided for far too long.

During this crucial period for my country, it gives us great strength and hope to know that such a prominent body as the House of Representatives of the State of New Hampshire not only cares but, moreover, it chooses to associate itself with the efforts to promote the cause of freedom and justice. This support is all the more important in view of the fact that for over a quarter of a century the unacceptable status quo in Cyprus remains unchanged. It remains a scar and an ugly wound in the body of Europe. It remains an anachronism in the anticipated new hopeful environment of the 21st century. Turkey's illegal occupation of one third of Cyprus' territory persists; the 200,000 uprooted Greek Cypriots continue to be forcibly prevented from returning to their homes; the fate of the missing persons (including 4 American citizens of Cypriot descent) has still to be ascertained; the few remaining enclaved Greek Cypriots in the occupied area continue to live under appalling conditions; Turkish settlers now outnumber the Turkish Cypriots and our 10,000 year old cultural heritage continues to be plundered and destroyed.

The United States, which maintains vital interests and influence in the region, has a most important role to play in impressing upon Turkey to solve this problem and cooperate in the efforts of finding a solution based on the internationally endorsed parameters of a bizonal and bicomunal federation. Turkey's compliance with the numerous United Nation resolutions calling for the withdrawal of the Turkish troops, the return of the refugees to their homes and respect for their human rights is long overdue.

These same principles that have provided the basis for the solution of other problems and primarily the need to respect the rule of law and international legality, should be consistently applied in all cases where the same abominable policies of ethnic cleansing have resulted in the expulsion of people and the massive violation of their human rights.

The recently adopted Judgment of the European Court of Human Rights in the Fourth Interstate application of Cyprus v. Turkey, by which the court reaffirmed the view that the government of the Republic of Cyprus remains the sole legitimate government in Cyprus and which found that Turkey has violated and continues to violate in Cyprus numerous Articles of the European convention on Human Rights pertaining to the issues of the missing persons, the displaced Greek Cypriots and the enclaved, is a historic decision of the highest judicial authority of the council of Europe, that has vindicated the struggle of the people of Cyprus. Turkey, as a member of the Council of Europe has the unquestionable responsibility to implement the Judgment and to redress the human rights violations that affect thousands of people, as a direct result of her continuing aggression against the Republic of Cyprus.

This judgment provides a unique opportunity for the international community in general and the United States in particular, to use their influence on Turkey so that we may finally see concrete results on the basis of the United Nation resolution on Cyprus. Turkey has to receive the clear message that violating the rule of law and flouting the international community's decisions can no longer be tolerated. While deeply appreciating the United States' repeated expressions of interest in finding a solution, we believe that the time has come for actions to speak louder than words. To achieve this goal, we continue to depend on the active support of our friends. I am confident that with your support, coupled with the support of our many friends on Capitol Hill, we can succeed in further energizing the efforts to reunite Cyprus.

Now is the time for a leadership role on the part of the United States. Now is the time for a strong message to be conveyed to the Turkish side. A message that would emphasize that its unacceptable conduct and intransigent attitude is neither in line with the international community's and United States' wishes, nor with the established parameters for a bizonal, bicomunal federation.

My government is firmly committed and is cooperating in good faith with all those who exert efforts towards such a settlement. What is absent is the cooperation of the Turkish side. This is a project that the United States is in the best position to realize and your resolution urging the President of the United States to increase the administration's efforts for a peaceful solution is very timely.

Cyprus is moving fast towards membership to the European Union, presently leading the group of candidate countries. We hold in common with the European Union and the United States some important values and policies. We are a democratic nation. We extend the full range of political rights and civil liberties to our citizens. We have developed a strong economy based on free trade and open markets.

Although a solution is not a precondition for our accessions, we strongly believe that reunification of our country and membership to the European Union could be a win-win situation not only for

all our people, Greek and Turkish Cypriots, but also for relations between NATO allies Greece and Turkey, for United States interests in the region and for Turkey itself in as far as the realization of her own aspiration for membership to the European Union.

Our dream is to see our country and our people reunited in a multicultural, democratic and prosperous society, member of the European Union. With the optimism and euphoria that is embodied in the new millennium, we hope that this dream will soon become a reality. For this to happen, United States' resolute action and engagement, especially in the direction of Turkey, remains an urgent priority. We shall then all rejoice that justice at last prevailed. Thank you.

SENATE MESSAGES

REQUESTS CONCURRENCE WITH AMENDMENTS

HB 569, establishing a committee to study the information, training, and support needs of family caregivers in New Hampshire. (Amendment printed SJ 5/17/01)

Rep. Batula moved that the House concur and spoke in favor.

Adopted.

HB 532, establishing a committee to study the adequacy of funding for the continued universal distribution of children's vaccines.

Rep. Batula moved that the House concur and spoke in favor. (Amendment printed SJ 4/12/01)

Adopted.

HB 203, allowing a psychiatric/mental health nurse practitioner employed under contract with the department of corrections to be indemnified and defended by the state under the same conditions as psychiatrists. (Amendment printed SJ 5/17/01)

Rep. Mock moved that the House concur and spoke in favor.

Adopted.

HB 166, establishing a committee to study gas and hazardous substance pipeline safety. (Amendment printed SJ 5/17/01)

Rep. Jeb Bradley moved that the House concur and spoke in favor.

Adopted.

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Scanlan moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 550-FN, relative to remedies under the right-to-know law, removed by Rep. John Pratt.

SB 122-FN, relative to the license to carry a weapon, removed by Rep. Wendelboe.

Consent Calendar adopted.

SB 55, creating a commission to study the need for and location of architecturally secure facilities and community shelter care facilities to service juveniles. **OUGHT TO PASS**

Rep. Laura C. Pantelakos for Children and Family Law: This bill will set up a commission to study the need for and location of architecturally secure facilities and community shelter care facilities to serve juveniles. Vote 17-0.

SB 123, establishing a committee to study how information regarding private individuals is obtained, maintained, and employed by the division of children, youth and families. **OUGHT TO PASS**

Rep. Gary C. Greenberg for Children and Family Law: The committee feels that a study committee would help on finding out how information regarding private individuals known as the Central Registry is obtained and maintained by the Division of Children, Youth and Families. Vote 17-0.

SB 136, establishing a committee to study the use of multi-disciplinary team investigations of child abuse and neglect allegations. **OUGHT TO PASS**

Rep. Mary Stuart Gile for Children and Family Law: This bill proposes a committee to study the usefulness of multi-disciplinary team investigations into allegations of child abuse and neglect. Successful models have been implemented in other states and the committee agreed that results from such a study might yield important information for New Hampshire. Vote 15-1.

SB 103, changing the qualification requirements for charitable organizations that conduct bingo or lucky 7. **OUGHT TO PASS WITH AMENDMENT**

Rep. Stephen G. Avery for Commerce: The amendment to SB 103 adds 501(c)(7)'s (social clubs) to the bill. The bill as presented would have grandfathered a dozen or so social clubs and not allowed any new ones to get bingo licenses. The committee felt that would be unfair so we included tax exempt social clubs and eliminated the grandfather clause. This bill will allow the Miss America Pageant to raise money through the playing of bingo. Vote 12-0.

Amendment (1183h)

Amend the bill by replacing all after the enacting clause with the following:

I Bingo and Lucky 7; Definitions; Charitable Organization. Amend RSA 287-E:1, V to read as follows:

V. "Charitable organization" means any bona fide religious, charitable, civic, veterans or fraternal organization which shall have been *registered with the secretary of state for at least 2 years and* in existence and organized under the laws of this state for at least 2 years in a town or city *in this state*, and ~~[to which contributions are exempt from federal income tax]~~ *which possesses a tax exempt status under Internal Revenue Code 501(c)(3), 501(c)(4), 501(c)(7), 501(c)(8), 501(c)(10), or 501(c)(19) or is covered under a group ruling issued by the Internal Revenue Service under authority of those sections.* To be eligible for licensure under this chapter, a charitable organization shall do all of the following:

(a) Document that ~~[contributions to the organization are]~~ *it is* exempt from federal income tax.

(b) Establish that the religious, civic, fraternal, veterans, or charitable purposes for which it was organized, other than charitable gambling, are furthered through activities conducted in the town or city in which the charitable organization is organized.

(c) Register *with the secretary of state and*, if required under RSA 7:19-32-a, with the director of charitable trusts.

(d) Maintain a current list of bona fide members.

(e) Document that the organization has tax exempt status under Internal Revenue Code 501(c)(3), 501(c)(4), 501(c)(7), 501(c)(8), 501(c)(10), or 501(c)(19) or is covered under a group ruling issued by the Internal Revenue service under authority of those sections.

A charitable organization shall not include auxiliary units, committees or other entities organized under the auspices of a charitable organization eligible for licensure under this chapter, when such auxiliary unit, committee, or other entity is organized for the primary purpose of conducting bingo games.

2 Effective Date. This act shall take effect upon its passage.

SB 131-FN-A, establishing a study committee relative to charitable bingo operations. **OUGHT TO PASS**

Rep. Stephen G. Avery for Commerce: This bill establishes a study committee on charitable bingo operations. The committee will look at all laws related to charitable bingo operations, the use of volunteers, and a comparison of commercial bingo operations. The committee will also consider expenses charged to the charities, prize limits, and ways to enhance revenue for charities, including forms of electronic bingo. The committee will report their findings by November 1, 2001. Vote 14-0.

SB 59, relative to the inclusion of a signature declaration and verification statement on teacher certification applications. **OUGHT TO PASS**

Rep. John R. Alger for Education: This bill simply puts the notary process into law, whereby a teacher applying for a certification verifies their name and their statement of qualifications with the possibility of criminal prosecution if there is willful misrepresentation or omission of facts. Vote 18-0.

SB 78-FN-L, relative to the distribution of special education records to certain educationally disabled pupils. **INEXPEDIENT TO LEGISLATE**

Rep. Claire D. Clarke for Education: The committee found that this bill, requested by the Dept. of Education, was covered by federal legislation and was not necessary. The Department of Education concurred and suggested that this legislation be found inexpedient to legislate. Vote 17-1.

SB 117, relative to extended school year services for educationally disabled children. **INEXPEDIENT TO LEGISLATE**

Rep. Brien L. Ward for Education: The committee voted ITL because this bill, if enacted, would remove the standard of proof (preponderance of evidence) used by the local, individualized

educational program team to evaluate the appropriateness of an extended year's program for an educationally disabled child. All parties, which participate in establishing programs for educationally disabled children, benefit from having a uniform standard of proof. Vote 17-1.

SB 17-FN, relative to accidental disability retirement benefits upon the death of a retired group II member. **INEXPEDIENT TO LEGISLATE**

Rep. William R. Zolla for Executive Departments and Administration: At the present time, upon the death of a retirement group II member who retired prior to April 1, 1987, a lump sum payment of \$3600.00 is made to the surviving beneficiary along with the member's pre-designated spousal benefit. If the deceased member was in receipt of an accidental disability retirement allowance at the time of death, then the surviving spouse had the option of receiving 50% of the deceased member's disability benefit for life or until remarriage or the lump sum payment. This bill would have granted both the disability benefit and the lump sum payment to the deceased disabled members spouse at an additional cost to the special account of \$310,000.00. The committee felt that this expenditure was not necessary at this time especially at the exclusion of other groups of retirees. Vote 13-3.

SB 71, establishing a study committee relative to the regulation and compensation of persons licensed under the real estate practice act. **OUGHT TO PASS**

Rep. David G. Poulin for Executive Departments and Administration: This bill establishes a committee to study regulation and compensation of persons licensed under the real estate practice act. The committee shall assess problems relating to agents and agencies and shall recommend any possible solutions. Vote 12-1.

SB 111-FN, extending the term for the payment of group health insurance premiums for certain retired members of the retirement system. **OUGHT TO PASS WITH AMENDMENT**

Rep. William R. Zolla for Executive Departments and Administration: This bill will extend and terminally fund the health insurance premium subsidy to certain teacher and employee members of political subdivisions. Those eligible include members and spouses (or beneficiaries including disabled children) who retire on a service or disability retirement on or before July 1, 2008 at age 60, with at least 20 years of creditable service, or at age 55 through 59, with at least 30 years of creditable service. The amendment to this bill recognizes retirees with qualifying service that leaves service before reaching retirement age to be eligible for medical benefits upon reaching the age of 60. Vote 15-0.

Amendment (1112h)

Amend the title of the bill by replacing it with the following:

AN ACT extending the payment of group health insurance premiums for certain retired members of the retirement system.

Amend RSA 100-A:52-a, I(b) as inserted by section 1 of the bill by replacing it with the following:

(b) Any person ~~[who has completed no less than 20 years of group I creditable service, but]~~ who for reasons other than retirement or death ~~[ceased]~~ *ceases* to be a group I teacher ~~[member]~~ or political subdivision employee ~~[member]~~ prior to attaining the age of 60, and who, as of July 1, ~~[2004]~~ *2008*, receives a vested deferred retirement allowance and who *has completed no less than 20 years of group I creditable service and* subsequently attains the age of 60, *or who has completed no less than 30 years of group I creditable service and subsequently attains the age of 55.*

AMENDED ANALYSIS

This bills extends the time period for the payment for group health insurance premiums for teacher and political subdivision member retirees in the retirement system. The bill also extends the payment of health insurance premiums to certain vested deferred retirees.

Referred to Finance.

SB 125-FN, relative to election of optional allowances by retirement system members granted disability retirement and relative to an exception to the 120-day requirement for payment of compensation. **OUGHT TO PASS**

Rep. William R. Zolla for Executive Departments and Administration: This bill would give the option to the retirement system to extend the 120 days allowed after the decision to grant disability benefits for inclusion of compensable earnings in retirement benefits provided the additional time

is required through no fault of the recipient of the benefits. At the present time, earnable compensation shall not include compensation paid in any form paid later than 120 days after the member's termination of employment from a retirement eligible position. The rule still holds true for non-disabled retirees. Vote 15-0.

Referred to Finance.

SB 157, relative to state government information dissemination and access. OUGHT TO PASS WITH AMENDMENT

Rep. Robert K. Dodge for Executive Departments and Administration: This bill which creates a system of dissemination of information and access to state government will allow increased citizen involvement in state policies and empower citizens to participate in state policy decision making. The amendment rectified drafting errors in the legislation and addressed technical agency concerns. Vote 14-0.

Amendment (1088h)

Amend the bill by replacing section 3 with the following:

3 Department of Cultural Resources; Rulemaking Authority Amend RSA 21-K:8, VII to read as follows:

VII. *New Hampshire state government information access* libraries and retention schedules for state publications *as provided in RSA 202-B.*

Amend RSA 202-B:2, VI as inserted by section 4 of the bill by replacing it with the following:

VI. "State government information product" means a state publication or other discrete compilation of state government information of general public interest, either conveyed in a tangible physical format including electronic media, or disseminated via a state government electronic information service.

Amend the section heading and paragraph I of RSA 202-B:4 as inserted by section 4 of the bill by replacing it with the following:

202-B:4 Copies of State Government Information Products.

I. Each agency component of state government shall produce 25 copies of its tangible state government information products for deposit with the state librarian. The state librarian shall make tangible products available through distribution to program libraries and shall ensure program libraries and general public access to state information products available via state electronic information services as soon as practicable.

SB 190, dedicating the I-93 causeway at Moore Dam and the Cottage Street Bridge in Littleton. OUGHT TO PASS WITH AMENDMENT

Rep. William E. Leber for Public Works and Highways: This bill dedicates the causeway at Moore Dam on I-93 as the "Curran/McAvoy Causeway" in honor of Ken Curran and George McAvoy who researched, designed and proposed a causeway rather than a bridge in the original design to cross the Connecticut River. This proposal was adopted by the United States and New Hampshire Departments of Transportation and reportedly saved \$20,000,000.00 in construction cost. In addition, this bill dedicates the Cottage Street Bridge in Littleton as the "Veterans' Memorial Bridge". Testimony in support indicated there are no bridges north of the Notch named in honor of veterans. An additional amendment would rename the "Smith Bridge" in Plymouth as the "Smith Millennium Bridge". It is a recently rebuilt covered bridge and since it is dedicated in the new millennium, thus the name. The bridge was originally named after Jacob Smith, an early settler that lived next to the original covered bridge. The committee strongly supports Ought to Pass as Amended. Vote 14-0.

Amendment (1074h)

Amend the title of the bill by replacing it with the following:

AN ACT dedicating the I-93 causeway at Moore Dam, the Cottage Street Bridge in Littleton, and the Smith Bridge in Plymouth.

Amend the bill by inserting after section 2 the following and renumbering the original sections 3-4 to read as 4-5, respectively:

3 The Smith Millennium Bridge. Pursuant to RSA 4:43, the Smith Bridge in Plymouth is hereby dedicated as the "Smith Millennium Bridge."

Amend the bill by replacing section 4 with the following:

4 Signage. The cost of design, construction, maintenance, and installation of any signage, replacement signage, or other markers required under sections 1-3 of this act shall not be a charge to the state. However, the design, construction, and installation of any signage or other markers required under this act shall be approved by the department of transportation.

AMENDED ANALYSIS

This bill dedicates the I-93 causeway at Moore Dam as the "Curran/McAvoy Causeway," the Cottage Street Bridge as the "Veterans' Memorial Bridge," and the Smith Bridge as the "Smith Millennium Bridge."

SB 45, relative to the legislative oversight committee on electric utility restructuring. OUGHT TO PASS WITH AMENDMENT

Rep. John H. Thomas for Science, Technology and Energy: This bill updates the membership and duties of the Legislative Oversight Committee on electric utility restructuring. The bill also limits the changes that the Public Utilities Commission (PUC) may make to approved special contracts for the six ski areas in the New Hampshire Electric Cooperative (NHEC) service territory. The committee found that any changes to existing special contracts in the NHEC service territory would be detrimental to other NHEC customers. The NHEC could lose all revenue from the six ski areas which representatives of the NHEC testified would increase rates to all other NHEC customers. This bill also restores equity between ski areas in the NHEC service territory and ski areas in the Public Service of New Hampshire (PSNH) Service territory. Vote 15-0.

Amendment (1078h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the legislative oversight committee on electric utility restructuring and relative to service from a rural electric cooperative under special contracts.

Amend the bill by replacing all after section 3 with the following:

4 Purpose and Findings. The general court finds that restructuring of the electric utility industry should not result in changes in the total rates of customers taking service under special contracts with a rural electric cooperative for the duration of those contracts, consistent with the general court's determination with respect to special contract customers of Public Service Company of New Hampshire in RSA 369-B:3, IV(b)(10).

5 New Section; Rural Electrification Associations; Special Contracts. Amend RSA 301 by inserting after section 61 the following new section:

301:62 Special Contracts. The commission shall not order changes in the total rates or impose stranded cost, system benefits, or other restructuring charges under RSA 374-F if the result would be to cause changes in the total rates charged to, or the accounting for revenue received from customers taking service from a rural electric cooperative under special contracts approved pursuant to RSA 378:18 for the duration of those special contracts in effect as of May 1, 2000.

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill updates the membership and duties of the legislative oversight committee on electric utility restructuring. This bill also limits the changes that the public utilities commission may make to certain approved special contracts for service from a rural electric cooperative.

SB 93, establishing a committee to study the public health and environmental benefit of requiring stationary and mobile sources that burn virgin petroleum products or coal to comply with the requirements of the air toxic control act. OUGHT TO PASS

Rep. Roy D. Maxfield for Science, Technology and Energy: This bill establishes a limited two-year committee that will study the public health and environmental impact related to the burning of virgin petroleum products or coal. The Science, Energy and Technology Committee agrees with the need to review our requirements of the Toxic Air Control Act and to determine any compliance issues that we may need to correct. Vote 15-0.

SB 189-FN-A, establishing a gasoline remediation and elimination of ethers fund. OUGHT TO PASS WITH AMENDMENT

Rep. Jeb E. Bradley for Science, Technology and Energy: The bill as passed by the Senate creates a separate remediation fund for groundwater supplies contaminated by MtBE and other ethers. Gasoline taxes are not increased. Rather the 1.5 cent per gallon tax which funds the Oil Discharge and Disposal (ODD) Cleanup Fund, will have ¼ cent of the per gallon tax transferred into the new remediation fund. Testimony indicated the ODD Fund would not be adversely affected. With the new remediation fund, MtBE ground water contamination can be better treated. There was universal support for the bill. The committee amendment makes technical changes to the bill to allow efficient implementation of the remediation fund. There is language in the bill authorizing the Attorney General's Office to seek reimbursement from parties responsible for spills. Vote 14-0.

Amendment (1209h)

Amend the bill by replacing all after the enacting clause with the following:

1 Oil Discharge and Disposal Cleanup Fund; Purpose. Amend RSA 146-D:1 to read as follows:
 146-D:1 Purpose. The general court finds that gasoline and diesel fuel, due to their extreme fluidity and suspected carcinogenic qualities, comprise a sufficiently distinct class of property which represents a potential serious health and safety problem to the citizens of New Hampshire. In particular, gasoline and diesel fuel present a potential threat to the quality of New Hampshire's groundwater and environment because of the speed with which these products are able to flow into, and contaminate, valuable groundwater supplies. The purpose of this chapter is to establish financial responsibility for the cleanup of oil discharge and disposal, and to establish a fund to be used in addressing the costs incurred by the owners of underground storage facilities and bulk storage facilities for the cleanup of oil discharge and disposal, to protect groundwater, and for reimbursement for third party damages. *An additional purpose is to provide a funding source for cleanup and reimbursement for discharges of gasoline ethers pursuant to RSA 146-G.* The fund established under this chapter shall be in addition to the oil pollution control fund established pursuant to RSA 146-A:11-a, *and the gasoline remediation and elimination of ethers fund established under RSA 146-G.*

2 New Paragraphs; Definitions. Amend RSA 146-D:2 by inserting after paragraph VII the following new paragraphs:

VIII. "Gasoline" means all products commonly or commercially known or sold as gasoline, including casinghead and absorption of natural gasoline, regardless of their classification or uses, and any liquid prepared, advertised, offered for sale, or sold for use as or commonly and commercially used as a fuel in internal combustion engines, which when subjected to distillation in accordance with the standard method of test for distillation of gasoline, naphtha, kerosene, and similar petroleum products (ASTM Designation D-86) show not less than 10 percent distilled (recovered) below 347 degrees Fahrenheit (175 degrees Centigrade) and not less than 95 percent distilled (recovered) below 464 degrees Fahrenheit (240 degrees Centigrade); provided that the term gasoline shall not include commercial solvents or naphthas which distill by ASTM method D-86 not more than 9 percent at 176 degrees Fahrenheit and which have a distillation range of 150 degrees Fahrenheit or less, or liquefied gases which would not exist as liquid at a temperature of 60 degrees Fahrenheit and a pressure of 14.7 pounds per square inch absolute.

IX. "Diesel fuel" means a liquid hydrocarbon fuel used in internal combustion high speed engines that operate with a diesel thermodynamic cycle.

3 Fund Established. RSA 146-D:3, VI is repealed and reenacted to read as follows:

VI. The fee collected on motor fuels shall be deposited in the oil discharge and disposal cleanup fund, except as provided in subparagraph (b), and divided as follows:

(a) For each gallon of diesel fuel for which a fee is assessed, \$.014 shall be placed in an account for reimbursement of owners of eligible underground storage facilities and \$.001 shall be placed in an account to be used for reimbursement of owners of eligible bulk storage facilities.

(b) For each gallon of gasoline for which a fee is assessed, \$.0115 shall be placed in the underground storage facilities account, \$.001 shall be placed in the bulk storage facilities account and \$.0025 shall be placed in the gasoline remediation and elimination of ethers fund established under RSA 146-G.

(c) For all fees assessed on gasoline during the period from January 1, 2001 to July 1, 2001 and deposited in the account for reimbursement of owners of eligible underground storage facilities, 18 percent of those fees shall be transferred to gasoline remediation and elimination of ethers fund established under RSA 146-G.

4 New Chapter; Gasoline Remediation and Elimination of Ethers Fund. Amend RSA by inserting after chapter 146-F the following new chapter:

CHAPTER 146-G

GASOLINE REMEDIATION AND ELIMINATION OF ETHERS FUND

146-G:1 Purpose.

I. In recognition of its fiduciary responsibility to minimize the contamination of our citizens' drinking water and the water sources of the state, the general court finds that ethers contained in gasoline, due to their extreme fluidity, recalcitrance to natural degradation, low taste and odor thresholds, and probable carcinogenic qualities, comprise a sufficiently distinct class of property which represent a particular, present, and rapidly escalating threat to the quality of all the water of the state and, thereby, to our citizens. The general court also finds that potentially serious health, safety, and environmental problems are evidenced due to the speed with which ethers are able to flow into, contaminate, and accumulate in invaluable groundwater supplies.

II. The purpose of this chapter is to provide procedures that will expedite the cleanup of gasoline ether spillage, mitigate the adverse affects of gasoline ether discharges, encourage preventive measures, impose a fee upon importers of neat gasoline ethers into the state and establish a fund for the remediation of groundwater and surface water contaminated by gasoline ethers. The fund may also be used to provide financial reimbursement to owners of public and private water supplies for the treatment and removal of gasoline ethers and associated contaminants from those supplies. The fund established under this chapter shall be in addition to the oil pollution control fund established pursuant to RSA 146-A:11-a and is separate from the oil discharge and disposal cleanup fund established pursuant to RSA 146-D:3.

146-G:2 Definitions. In this chapter:

I. "Discharge" or "spillage" means the release or addition of any gasoline containing ethers to land, groundwater, or surface water.

II. "Distributor" means any person, wherever resident or located, who imports or causes to be imported neat gasoline ethers, as defined in this section, into the state; provided, however, that bringing gasoline into the state in the fuel supply tank attached to the engine of a vehicle or aircraft shall not be considered importing. "Distributor" does not mean a spill cleanup organization or other person acting to contain, remove, clean up, restore, or take other remedial or corrective action or measures with regard to the spillage or discharge of gasoline or neat gasoline ethers, or threatened spillage or discharge of gasoline or neat gasoline ethers.

III. "Ethers" means organic compounds formed by the treatment of an alcohol with a dehydrating agent resulting in 2 organic radicals joined by an oxygen atom.

IV. "Facility" means a location, including structures or land, at which gasoline is subjected to treatment, storage, processing, refining, pumping, transfer, or collection.

V. "Gasoline" means all products commonly or commercially known or sold as gasoline, including casinghead and absorption of natural gasoline, regardless of their classification or uses, and any liquid prepared, advertised, offered for sale, or sold for use as or commonly and commercially used as a fuel in internal combustion engines, which when subjected to distillation in accordance with the standard method of test for distillation of gasoline, naphtha, kerosene, and similar petroleum products (ASTM Designation D-86) show not less than 10 percent distilled (recovered) below 347 degrees Fahrenheit (175 degrees Centigrade) and not less than 95 percent distilled (recovered) below 464 degrees Fahrenheit (240 degrees Centigrade); provided that the term gasoline shall not include commercial solvents or naphthas which distill by ASTM method D-86 not more than 9 percent at 176 degrees Fahrenheit and which have a distillation range of 150 degrees Fahrenheit or less, or liquefied gases which would not exist as liquid at a temperature of 60 degrees Fahrenheit and a pressure of 14.7 pounds per square inch absolute.

VI. "Gasoline ethers" means any ether added to gasoline to improve or increase octane or to increase gasoline oxygen content, and their by-products, including, but not limited to, methyl tertiary butyl ether (MTBE), tertiary amyl methyl ether (TAME), di-isopropyl ether (DIPE), and ethyl tertiary butyl ether (EtBE). "Gasoline ethers" shall not include prepackaged goods intended for retail consumer use including, but not limited to, starting fluid and octane booster.

VII. "Gasoline remediation and elimination of ethers fund" means the fund established pursuant to RSA 146-G:4.

VIII. "Gasoline terminal facility" means any facility of any kind and its related appurtenances located within the boundaries of this state that is used or capable of being used for pumping, handling, transferring, processing, refining, or storing gasoline.

IX. "Groundwater" means subsurface water that occurs beneath the water table in soils and geologic formations.

X. "Neat gasoline ethers" mean ethers intended for blending with gasoline prior to sale to the public which are imported into the state with little or no admixtures or dilution. Neat gasoline ethers shall contain a minimum of 92.1 percent by volume ether, including its impurities.

XI. "Removal costs" means the costs of containment, removal, cleanup, restoration, and remedial or corrective action or measures that are incurred after a spillage or discharge of gasoline has occurred or, in any case in which there is a threat of a spillage or discharge of gasoline, the cost to prevent, minimize, or mitigate gasoline pollution from such an incident.

XII. "Surface water" means streams, lakes, ponds, and tidal waters within the jurisdiction of the state, including all streams, lakes, or ponds bordering on the state, marshes, watercourses, and other bodies of water, natural or artificial.

XIII. "Vessel" includes every description of watercraft or other contrivance used, or capable of being used as a means of transportation on water or land whether self-propelled or otherwise and shall include barges, tanker trucks, and railroad cars.

146-G:3 Recovery by State. Recovery of costs of containment cleanup, removal, or corrective measures expended under this chapter shall be in accordance with RSA 146-A:9.

146-G:4 Fund Established.

I. There is hereby established the gasoline remediation and elimination of ethers fund. This nonlapsing, revolving fund shall be used to pay the costs to implement the provisions of this chapter which include, but are not limited to, the salaries and expenses of personnel, as approved by the legislature, to the extent that such salaries and expenses are incurred in implementing the provisions of this chapter, testing and monitoring activities, and other costs of treatment or removal or corrective measures deemed necessary by the department of environmental services as a result of an actual or potential discharge of gasoline ethers into or onto the surface water or groundwater of the state. Moneys from the fund shall be used to mitigate the adverse affects of gasoline ether discharges including, but not limited to, provision of emergency water supplies to persons affected by such pollution, and, where necessary as determined by the department of environmental services, the establishment of an acceptable source of potable water to injured parties. Not more than \$150,000 shall be allocated annually for research programs dedicated to the development and improvement of preventive and cleanup measures concerning such gasoline ether discharges. The waste management council shall approve any agreements entered into by the department for purposes of conducting research. Income derived from the fund shall only be used for those administrative costs needed to implement this chapter.

II. Moneys in the fund not currently needed to meet the obligations of the department of environmental services under this chapter shall be deposited with the state treasurer to the credit of the fund and shall be invested as provided by law. Interest received on such investment shall also be credited to the fund. If the fund's balance becomes greater than \$2,500,000, the transfer of moneys into the fund as established in RSA 146-D:3 shall be discontinued and only re-established when the fund's balance is below \$1,000,000. Those fees normally transferred to the gasoline remediation and elimination of ethers fund shall accumulate instead in the account for reimbursement of owners of eligible underground storage facilities under RSA 146-D:3, VI.

III. All moneys paid to the state to reimburse costs paid out of the gasoline remediation and elimination of ethers fund by any person strictly liable to the state under RSA 146-A:3-a shall be placed in the gasoline remediation and elimination of ethers fund.

146-G:5 Competitive Bidding Required.

I. Except as provided in paragraph II, the commissioner of environmental services shall enter into the competitive bidding process for any project undertaken by the department of environmental services under the authority of this chapter with an estimated cost of \$10,000 or more. The commissioner may enter the competitive bidding process for any such project with an estimated cost of less than \$10,000.

II. When procuring professional services from engineers, architects, and surveyors associated with the investigation or cleanup of contamination from gasoline ethers, the commissioner of environmental services shall procure those services in accordance with the procedures contained in RSA 21-I:22.

146-G:6 Corrective Measures Authorized. Corrective measures authorized by this chapter shall include but not be limited to:

I. Provision of interim water supplies to residents whose water supplies have been contaminated due to the presence of gasoline ethers above standards set by the department of environmental services or a condition related to gasoline ethers determined to be hazardous by the office of community and public health and the state forensic toxicologist. This may include the supply of bottled water and the installation and operation of water supply treatment systems, approved or provided by the department.

II. The establishment of an acceptable source of potable water to injured parties, where necessary, as determined by the department of environmental services. This may include but not be limited to a proportioned share of the costs of construction of the extension of public water mains and appurtenances, the installation of replacement water supply wells and appurtenances, or the installation of water treatment processes for new or existing water supplies. The extent of reimbursement shall be determined based upon criteria established by rules adopted by the department of environmental services. Such rules shall consider the overall need for the capital investment to address contamination or threatened contamination of water supplies by gasoline ethers. Operation and maintenance costs or annual user fees for new or upgraded public water supply main extensions or treatment processes shall not be eligible expenses under this paragraph.

146-G:7 License Required; Fee.

I. Any distributor who imports or causes to be imported neat gasoline ethers into the state shall be licensed by the department of safety under this chapter. The annual fee for the license shall be \$0.10 per gallon of neat gasoline ethers imported into this state for the purpose of being mixed or blended with gasoline prior to sale to the public. The fee shall be paid monthly by such person to the department of safety and deposited by the department of safety into the gasoline remediation and elimination of ethers fund. Imposition of the fee shall be based on the records of the person and certified as accurate to the department of safety.

II. Every distributor who imports or causes to be imported neat gasoline ethers into the state shall file a monthly report for the preceding month and shall include all fees due for that reporting period with the department of safety on or before the twentieth day of the following calendar month. Failure to file by the required date or to enclose fees due shall result in the assessment of a 10 percent penalty to be added to the amount of fees due for that month. If no fees are due, a penalty of \$10 per day shall be assessed. Such penalty shall immediately accrue and thereafter the overdue fees and the penalty shall bear interest at the rate established by the Internal Revenue Service effective on the first business day of the calendar year. To this rate shall be added 2 percent. In determining the monthly rate, that figure shall be rounded off to the nearest quarter percent. The department of environmental services may waive all or any portion of penalties or interest for good cause. Such cause and incident shall be recorded in the records of the gasoline remediation and elimination of ethers fund.

III. No distributor licensed under this section shall import neat gasoline ethers into this state without paying the fee required by this section.

IV. Unless otherwise provided, any distributor who violates any provision of this section shall be guilty of a misdemeanor if a natural person or guilty of a felony if any other person.

146-G:8 Administrative Costs. Notwithstanding any other provision of law, if the expenditure of additional funds is necessary for the costs of administration of the collection process established in RSA 146-D:3 and RSA 146-G:7 for funding the gasoline remediation and elimination of ethers fund, the commissioner of safety, with the prior approval of the governor and council, may draw upon the gasoline remediation and elimination of ethers fund for such purposes.

146-G:9 Reporting by Department of Environmental Services. The department of environmental services shall file annual reports of the status of the gasoline remediation and elimination of ethers fund no later than October 1, to the speaker of the house and president of the senate. The first such report shall be submitted no later than October 1, 2002. The department of environmental services shall also file interim reports on the activities of the gasoline remediation and elimination of ethers fund, including expenditures and reimbursements, and enforcement and remediation activities under RSA 146-G, by October 1, 2005 and by October 1, 2009 to the senate president, the speaker of the house of representatives, the senate clerk, the house clerk, the house and senate committees having jurisdiction over water quality policy, the governor, and the state library. The department shall file a final report on the activities of the fund and enforcement and remediation activities by October 1, 2010 to the senate president, the speaker of the house of representatives, the senate clerk, the house clerk, the house and senate committees having jurisdiction over water quality policy, the governor, and the state library.

146-G:10 Review and Report. Upon issuance of the interim report by the department of environmental services required by RSA 146-G:9, the members of house and senate committees having jurisdiction over water quality policy shall constitute a joint committee for purposes of reviewing the effectiveness of the program implemented by this chapter. The joint committee shall review the effectiveness of the program implemented by this act, and shall report the joint committee's findings and recommendations to the full senate and house.

146-G:11 Rulemaking. The commissioner shall adopt rules, pursuant to RSA 541-A, relative to the allocation of funds from the gasoline remediation and elimination of ethers fund authorized under this chapter. Construction costs due to contamination from gasoline ethers incurred by operators of public water supplies between May 4, 2000 and the effective date of department rules may be considered for compensation on a case-by-case basis subject to approval of the waste management council.

5 Date Changed. Amend 1993, 294:1 as amended by 1995, 247:9 to read as follows:

294:1 Funds Transferred to Oil Pollution Control Fund. The oil discharge and disposal cleanup fund established in RSA 146-D:3, I shall lapse on [January 1, 2005] July 1, 2010. Any moneys remaining in the fund at that time shall be transferred to the oil pollution control fund established in RSA 146-A:11-a.

6 Effective Date of Repeal Changed. Amend 1988, 271:11, I as amended by 1993, 294:14 and 1995, 247:10 to read as follows:

I. Paragraphs VIII and IX of section 9 of this act shall take effect [January 1, 2005] July 1, 2010.

7 Repeal.

I. RSA 146-G, excluding RSA 146-G:9, relative to the gasoline remediation and elimination of ethers fund, is repealed.

II. RSA 146-G:9, relative to reporting on the gasoline remediation and elimination of ethers fund, is repealed.

8 Funds Transferred to Oil Pollution Control Fund. The gasoline remediation and elimination of ethers fund established in RSA 146-G:4, I shall lapse on July 1, 2010. Any moneys remaining in the fund at that time shall be transferred to the oil pollution control fund established in RSA 146-A:11-a.

9 Effective Date.

I. Section 7, paragraph I of this act shall take effect July 1, 2010.

II. Section 7, paragraph II of this act shall take effect October 1, 2010.

III. The remainder of this act shall take effect July 1, 2001.

Referred to Finance.

SB 67-FN, relative to costs of locating and apprehending persons improperly at large for driving-related offenses. **OUGHT TO PASS**

Rep. Robert J. Letourneau for Transportation: Each year the state has to deal with approximately \$1,000,000.00 in default fines from violations of highway laws. State and local police departments are faced with strains on their financial resources. Many scofflaws escape paying fines unless stopped for other reasons. This bill would help with this issue by hiring a full time person to review and follow up the default cases. The money for the position would come from the bench warrant fund. From testimony received by the committee, we can expect to recoup up to \$700,000.00 a year of these fines. Vote 14-0.

Referred to Finance.

SB 84, relative to funeral processions. **OUGHT TO PASS WITH AMENDMENT**

Rep. Brenda L. Ferland for Transportation: I thought there were laws now to regulate funeral processions? Why do we need them? What could you possibly regulate? These were some of the questions that came up when this bill came to the House committee for a hearing. The bill then went to a subcommittee to clarify the language. The amended version requires that the lead vehicle shall use and be equipped with a purple flashing or emergency light. Each vehicle in the procession shall be marked by funeral flags or windshield signage. Headlights, taillights, and if so equipped with hazard flashers should be on. Automatic headlights started a problem in lines because you couldn't tell who was part of a procession. Operators of vehicles not part of a funeral processional shall not join them for the purpose of getting the right-of-way, they cannot pass on a two-lane highway, and they cannot proceed through a green lighted intersection unless they can do so without crossing the path of the funeral procession. Violations of these laws will be considered a moving

violation under our motor vehicle code. Emergency vehicles still have the right-of-way governed by current RSAs that pertain to them. This bill will take effect January 2002, and that allows time for funeral directors to take the necessary steps to comply with the law. Vote 13-0.

Amendment (1060h)

Amend RSA 265:156, II as inserted by section 1 of the bill by replacing it with the following:

II. All vehicles comprising a funeral procession shall follow the preceding vehicle in the funeral procession as closely as is practical and safe. Each vehicle of the funeral procession shall be appropriately marked by having funeral flags or windshield signage, and headlights, taillights, and, if so equipped, hazard flasher on. A funeral escort or funeral lead vehicle shall use and be equipped with a purple flashing or emergency light.

Amend RSA 265:157, II-IV as inserted by section 1 of the bill by replacing them with the following:

II. Operators of vehicles not part of a funeral procession shall not join a funeral procession for the purpose of securing the right-of-way granted in RSA 265:156, I.

III. An operator of a vehicle not in a funeral procession shall not attempt to pass vehicles in a funeral procession on a 2-lane highway or roadway.

IV. When a funeral procession is proceeding through a red signal as permitted by RSA 265:156, I, a vehicle that is not in the funeral procession may not enter the intersection, even if the vehicle is facing a green signal, unless it can do so without crossing the path of the funeral procession.

SB 156, relative to the suspension of drivers licenses of persons under 20 years of age. OUGHT TO PASS

Rep. John W. Flanders for Transportation: This bill is the result of a study committee in the year 2000 to define the meaning of "misconduct, misuse or abuse" in RSA 263:14, III for those individuals under 20 years of age. This bill defines that language for suspensions of original licenses. Vote 14-0.

SB 184, relative to review of fees for the removal and impoundment of motor vehicles. OUGHT TO PASS WITH AMENDMENT

Rep. Brenda L. Ferland for Transportation: This bill came about as a result of a truck driver being charged a total of \$5,200.00 for a towing incident. Upon further examination and an outcry from the trucking company, the bill was reduced to \$3,300.00, and further reduced to \$1,200.00. What this resulted in was the examination of the way towing fees are assessed. With this bill the owner or other person entitled to possession of the vehicle may challenge the reasonableness of the fee charged. After paying the fees, that person, within 15 days, can request in writing a review by the Commissioner of Safety. The Commissioner will review the charges and decide if a hearing is necessary and the hearing will be held within 30 days, and then the extent of removal and storage fees will be determined within another 30 days. The amendment was simply changing the number of a provision of the bill. Vote 10-1.

Amendment (1061h)

Amend RSA 262:35-a, I as inserted by section 1 of the bill by replacing it with the following:

I. All fees charged for the removal and storage of any vehicle caused to be removed by an authorized official pursuant to RSA 262:32 or RSA 262:40-a shall be reasonable, and may reflect market variables, including, but not limited to, distance traveled to and from the storage facility, vehicle size and weight, the amount of time needed to remove and store the vehicle, and personnel costs. If the owner or other person lawfully entitled to possession of the vehicle wishes to challenge the reasonableness of the fee charged, the owner or other person may pay over to the custodian of the vehicle an amount equal to the towing and storage charges to secure the release of the vehicle, and, within 15 days of the release of the vehicle, request in writing a review by the commissioner of safety. The commissioner of safety shall review the towing and storage charge and determine if there are sufficient grounds to conduct a hearing to determine whether the charge was reasonable. If the commissioner determines that a hearing is necessary, the hearing shall be held within 30 days after review by the commissioner, at which time the extent of removal and storage fees shall be determined. The commissioner shall issue a decision within 30 days after holding a hearing. Notwithstanding RSA 262:25, any person aggrieved by a decision of the commissioner under this section may appeal the decision to the superior court in the same manner as that prescribed in RSA

263:75, II and III. If no request for review is filed within the 15 day period, the owner or other person lawfully entitled to possession of the vehicle shall be deemed to have waived all rights to review under this section and shall be liable for the total amount billed.

REGULAR CALENDAR

SB 13, relative to the duties of a school nurse and relative to school food and nutrition programs. **OUGHT TO PASS**

Rep. John R. Alger for Education: This bill eliminates mandatory testing for tuberculosis as recommended by the American Lung Association, while leaving such testing as a local option. The bill also provides that a school nurse may administer oxygen in a medical emergency, recommended by testimony from the Dept. of Safety, stating that on most occasions when EMS is dispatched to a school it is for asthma or other relief with oxygen. Finally, the bill relieves clerical work of districts, relative to yearly statistics for each student. Vote 10-2.

Report adopted and ordered to third reading.

SB 68, relative to school district placements of children living in foster homes. **OUGHT TO PASS WITH AMENDMENT**

Rep. John R. Alger for Education: This bill simply authorizes a child placed by the court to remain in the school of prior attendance before placement, if it is in the best interest of the child, according to agreement between the parent or guardian and the superintendent or school board. Vote 13-5.

Amendment (1176h)

Amend the bill by replacing section 2 with the following:

2 Education of Children Placed in Homes for Children, Health Care Facilities, or State Institutions; Right of Attendance. Amend RSA 193:28 to read as follows:

193:28 Right of Attendance. Whenever any child is placed and cared for in any home for children, or is placed by the department of health and human services in the home of a relative or friend of such child pursuant to RSA 169-B, RSA 169-C, RSA 169-D, or RSA 463, such child, if of school age, shall be entitled to attend:

I. The public schools of the school district that the child attended prior to placement, if continuing in the same school district is in the best interest of the child as determined by the parent or guardian and the school superintendent or school board, if the home is within a reasonable distance of the school to be attended, and if suitable transportation can be arranged without imposing additional transportation costs on a school district or the department of health and human services; or

II. The public schools of the school district in which said home is located, unless such placement was solely for the purpose of enabling a child residing outside said district to attend such schools, provided that the school district for a child placed in a group home, as defined in RSA 170-E:25, II(b), within a cooperative school district, shall be the cooperative school district, not the pre-existing district within the cooperative.

AMENDED ANALYSIS

This bill allows children in court-ordered placements to continue attending the school that they attended prior to the placement if continuing in the same school is in their best interest as determined by the parent and school, if the home is within a reasonable distance of the school, and if suitable transportation arrangements can be made.

Adopted.

Report adopted and ordered to third reading.

SB 135-FN-L, relative to kindergarten funding. **OUGHT TO PASS**

Rep. J. D. Colcord for Education: This bill amends RSA 198 to include new kindergarten programs implemented on or after July 1, 1999 in the Education Adequacy Grant Payment Program, at the rate as currently specified by law. This brings all public kindergarten programs to the same funding level, i.e. one-half of the adequacy grant.

Report adopted.

Referred to Finance.

SB 64-FN-A, establishing a fund to pay mediators in the probate courts. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. James W. Craig for the Majority of Judiciary: This bill establishes a Probate Court mediation fund which is continually appropriated to the Probate Court for payment of mediators. The bill requires the sum of \$5.00 to be added to each Probate Court entry fee to be deposited into the fund. Mediation is not mandatory and the record of unsuccessful mediations shall not be released to judges or other court officers who later hear the case. Mediators shall be paid the sum of \$300 per case and they will deal with all forms of family issues that require special expertise. It is expected that money paid into the fund will be more than offset by court costs and attorneys' fees saved, as well as the family resentments and bitterness, which will be diffused by mediation. Vote 13-3.

Rep. Larry G. Elliott for the Minority of Judiciary: The minority, being unable to agree with the majority, find SB 64-FN-A should be Inexpedient to Legislate. This bill adversely affects the middle class by adding an additional \$5.00 filing fee to their Probate Court matters, for which they may receive no benefit. In addition to that, this bill creates a fund to establish mediation that has a limited amount of resources so some persons seeking mediation will be denied because there are no funds available for mediation. Yet, they are still required to pay \$5.00 to go toward someone else's mediation. Furthermore, this bill sets out no guidelines, no qualifications, and no direction other than it is voluntary to the courts. This bill as written allows the Probate Court to establish a program without direction from the legislature as to the program's design and shape. In conclusion, this creates an inequity between the Superior Court and the Probate Court because currently the Superior Court provides a mediation program for free to users of the court and charges no additional fee to file a petition before the Superior Court. To be clear here, the mediators at the Superior Court level are unpaid, whereas mediators at the Probate Court level would receive as much as \$300 for their services.

Majority Amendment (1207h)

Amend RSA 490:27, II as inserted by section 2 of the bill by replacing it with the following:

II.(a) There is established in the office of the state treasurer a separate fund to be known as the probate court mediation fund. The sum of \$5 shall be added to each entry fee collected in the probate courts and shall be deposited in the fund for paid mediation in the probate courts. Costs of probate court mediators may be paid from this fund, provided that:

(1) Participation in the mediation sessions is not mandated by the court; and

(2) Mediation reports shall not be released to any judge or other officer of the court who may later decide or rule on the case without the written consent of all parties participating in the mediation.

(b) Moneys in the fund shall be continually appropriated to the probate court and used to pay probate court mediators subject to the conditions under subparagraph (a) and as recommended and approved by the administrative justice of the probate court.

AMENDED ANALYSIS

This bill establishes a probate court mediation fund, which is continually appropriated to the probate court for payment of mediators. The sum of \$5 shall be added to each entry fee collected in the probate courts and shall be deposited in this fund. This bill also prevents court-ordered mediation.

Adopted.

Report adopted and referred to Ways and Means.

HB 550-FN, relative to remedies under the right-to-know law. OUGHT TO PASS WITH AMENDMENT

Rep. John E. Tholl, Jr. for Criminal Justice and Public Safety: HB 550 was referred to the Criminal Justice & Public Safety committee on March 29, 2001 after being passed by the House on a voice vote. After the hearing a subcommittee was appointed and met on April 25, 2001. The main concern expressed was that a civil statute, NHRSA 91-A, should not contain a criminal penalty. The Criminal Justice Committee agreed and amended HB 550 to place the destruction of information that had been requested under 91-A in the appropriate criminal statute, RSA 641:7, Tampering with Public Records or Information. This amendment has the full support of the bill's sponsor as well as the two members of the Judiciary committee who worked with the Criminal Justice committee. Vote 12-0.

Amendment (1105h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to destruction of information.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Destruction of Certain Information Prohibited. Amend RSA 641:7 by inserting after paragraph III the following new paragraph:

IV. Knowingly and purposely destroys any information, electronic or written, which is requested for inspection pursuant to RSA 91-A prior to such inspection. If a request for inspection is denied on the grounds that the information is exempt from RSA 91-A, the requested material shall be preserved for 90 days or while any lawsuit pursuant to RSA 91-A:7-8 is pending.

2 Effective Date. This act shall take effect January 1, 2002.

AMENDED ANALYSIS

This bill declares that any information requested pursuant to the right-to-know law shall not be destroyed prior to such inspection. This bill provides a procedure for when inspection is denied. Under this bill, any person who purposely and knowingly violates this provision shall be guilty of a misdemeanor.

Rep. John Pratt spoke to the bill.

Adopted.

Report adopted and ordered to third reading.

SB 122-FN, relative to the license to carry a weapon. INEXPEDIENT TO LEGISLATE

Rep. Karl I. Gilbert for Criminal Justice and Public Safety: This bill extends the expiration period for a license to carry a loaded and concealed weapon from four to ten years and requires notification of the expiration of said license. At the present time RSA 159:6, entitled "License to Carry" provides that a "suitable person" will be issued a permit to carry a loaded and concealed pistol or revolver on their person or in a motor vehicle. The permit expires upon the fourth anniversary of the applicant's date of birth following the date of issue. An application for renewal shall be approved providing that the status of a "suitable person" has been maintained during the prior four years. Legislation has determined that a person's "suitability and residency" are easily subject to changes within a four-year period. For that reason, the Criminal Justice and Public Safety committee felt strongly that to extend the life of this permit beyond four years was to diminish the value of any background investigation that determined that person's suitability to hold a permit. This bill also obligates the issuing agency (the local police chief), to remind the permit holder, via first-class mail, that his/her permit is about to expire. Because of the staggered expiration of the permits, the committee felt this would place a burden of finance and time on police departments, and should be the responsibility of the permit holder to monitor its expiration. It is the opinion of the committee that this provision would violate Part I, Art 28-a, which prohibits unfunded mandates. Members of the NH Chief's of Police Association appeared in opposition to this bill. Vote 12-1.

Rep. Wendelboe spoke against.

Reps Kennedy and Welch spoke in favor.

Rep. Tholl spoke in favor and yielded to questions.

On a division vote, 305 members having voted in the affirmative and 35 in the negative, the report was adopted.

SUSPENSION OF RULES

Reps. Scanlan and Burling moved that the Rules be so far suspended to permit the deadline of Wednesday, May 30, 2001, the last day to report all Senate bills for action in the first-year session and the last day for committees to report list of retained Senate bills, to be moved to Thursday, May 31, 2001.

Rep. Herman spoke in favor.

Adopted by the necessary two-thirds vote.

RESOLUTION

Rep. Scanlan offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, May 31, 2001 at 10:00 a.m.

Adopted.

LATE SESSION

Third reading and final passage

SB 55, creating a commission to study the need for and location of architecturally secure facilities and community shelter care facilities to service juveniles.

SB 123, establishing a committee to study how information regarding private individuals is obtained, maintained, and employed by the division of children, youth and families.

SB 136, establishing a committee to study the use of multi-disciplinary team investigations of child abuse and neglect allegations.

SB 103, changing the qualification requirements for charitable organizations that conduct bingo or lucky 7.

SB 131-FN-A, establishing a study committee relative to charitable bingo operations.

SB 59, relative to the inclusion of a signature declaration and verification statement on teacher certification applications.

SB 71-FN, establishing a study committee relative to the regulation and compensation of persons licensed under the real estate practice act.

SB 157, relative to state government information dissemination and access.

SB 190, dedicating the I-93 causeway at Moore Dam and the Cottage Street Bridge in Littleton.

SB 45, relative to the legislative oversight committee on electric utility restructuring.

SB 93, establishing a committee to study the public health and environmental benefit of requiring stationary and mobile sources that burn virgin petroleum products or coal to comply with the requirements of the air toxic control act.

SB 84, relative to funeral processions.

SB 156, relative to the suspension of drivers licenses of persons under 20 years of age.

SB 184, relative to review of fees for the removal and impoundment of motor vehicles.

SB 13, relative to the duties of a school nurse and relative to school food and nutrition programs.

SB 68, relative to school district placements of children living in foster homes.

HB 550-FN, relative to destruction of information.

UNANIMOUS CONSENT

Reps. Rozek and Loren Jean addressed the House.

Rep. Avery moved that the remarks made by Reps. Rozek and Loren Jean be printed in the Journal. Without objection, the Speaker so ordered.

REMARKS

Rep. Rozek: Thank you, Mr. Speaker. Honored members of the House, another Memorial Day is almost upon us and the Speaker has reminded me of the three-minute rule. I answered, "Yes, sir, Mr. Speaker, six minutes, please." And for those members who may know this story, please bear with me. Hardly a day passes for me in this legislature without hearing something mentioned about the PDA (Pease Development Authority), Pease Tradeport. So, what do the Pease Tradeport, Plymouth, New Hampshire, World War II, a B-17 Flying Fortress and the Congressional Medal of Honor have in common?

Thirteen million men and women served our country during World War II. Only 433 received our country's highest award for valor, the Congressional Medal of Honor. Three were from New Hampshire. I would like to share this interesting story with you about one of these individuals, Captain Harl Pease, a native from Plymouth, New Hampshire, born on April 10, 1917.

Captain Pease had many friends. They were drawn to him by the warmth of his personality. He was a born leader of men, very energetic and dedicated to help win the war. After receiving his pilot's license in 1940, he was called to active duty. During 1941, he was assigned to join the first mass flight of B-17s over the Pacific earning his Air Medal Award. In the early part of 1942, he flew numerous rescue missions to Java and Corregidor, which earned him the Distinguished Service Air Medal.

Captain Pease always volunteered for whatever type of mission was needed: evacuations, bombing runs, strafing or reconnaissance. His navigational and mechanical skills served him well. Stationed at Port Moresby, New Guinea, scheduled for a bombing mission against Japanese forces at Lae, New Guinea on August 5, 1942, his B-17 took off and soon developed an engine failure. Since there were no facilities and equipment available at Port Moresby for repairs, as squadron commander, he

opted to fly to Townsville, Queensland, Australia. There, Captain Pease learned that his B-17 could not be repaired. He and his crew voluntarily selected and worked over one of the several grounded B-17s in order to complete their mission. Once the B-17 was made "so called" air worthy, they were not able to participate in the Lae mission. Undaunted, at approximately 11:00 p.m., Captain Pease and crew arrived back at Port Moresby where they rested for a few hours until approximately 1:00 a.m., when they rejoined their squadron for the bombing of the Japanese airdrome at Rabaul on August 7th.

Throughout the long flight to the target on New Britain Island, Captain Pease managed to keep the worn out B-17 in formation. Less than 11 miles from the target, Japanese Zeros jumped the flight of bombers. Captain Pease's B-17 took tremendous fire from the enemy fighters. However, his gunners managed to shoot down three Japanese Zeros. Captain Pease stayed in formation throughout the bombing run, dropping his bombs on target.

With the Zeros still chasing the B-17s back towards Port Moresby, Captain Pease's B-17 was seen to take fire on the bomb-bay fuel tank. Over the island of New Britain, Captain Pease was last seen dropping a flaming bomb-bay fuel tank when the other B-17s lost sight of him.

Captain Pease and his crew never returned to Port Moresby.

For years it was suspected that Captain Pease and crew perished with their aircraft. In the mid 1980's, it was discovered by John Mitchell, while visiting the Air Museum in Papua, New Guinea, that two Air Force officers had been shot down on August 7th and taken prisoner on the island of New Britain near Rabaul. The final piece of the puzzle was provided by a Catholic priest, Father George Lepping, who was interned at a Japanese prison camp near Rabaul in September, 1942. He found Captain Pease there along with three other American fliers. Everyone respected him, Father Lepping stated, including some of the Japanese guards. Captain Pease was a natural born leader without trying to be one. The Japanese looked up to Captain Pease because they were in awe of the Boeing B-17 Flying Fortress and to have the captain of a "Boeing" as the Japanese called them. The younger Japanese guards would refer to Captain Harl Pease in broken English as, "You, you Captain Boeing?"

Sadly, Father Lepping confirmed that on October 8, 1942, the 26 year old Captain Harl Pease from Plymouth, New Hampshire and three other Americans and two Australians were given picks and shovels and taken into the jungle by their Japanese captors to dig their own graves. The six unarmed prisoners were then subsequently executed by the sword.

On December 2, 1942, the parents of MIA Captain Harl Pease, on behalf of their son, received the Congressional Medal of Honor from President Franklin D. Roosevelt.

Pease Air Force Base was dedicated to Captain Harl Pease on September 7, 1957.

To this day, the remains of this brave and honored native of Plymouth, New Hampshire are buried somewhere in the humid jungle near Rabaul on the island of New Britain.

Rep. Loren Jean: The topic is going to be the same – Memorial Day. Memorial Day is the only national holiday that's celebrated while we are in session. However, there are two others, Independence Day on July 4th and Veterans' Day that have the same theme and that is veterans, armed forces, fighting men and women. Memorial Day memorializes those that have fallen and those that are deceased that served in the armed forces of the United States. Later on this year, December 7th, will be the 60th anniversary of the attack on Pearl Harbor, the attack that thrust United States into World War II.

Now, the average age a few years ago in this House was 59 years old and I think we are getting younger. So, probably, for most members in this House, they don't have a working recollection or memory of World War II. Those that served in World War II or those that have a working memory of World War II, they have perspective. That is what's lost on those, they have absolutely no idea of the monumental task that faced this country where ships were sunk in the tens of thousands, aircraft were lost in the hundreds of thousands and the human toll was in the scores of millions. We heard people say that they had gone through World War II unscathed. Nobody goes through war unscathed. Because you take a peace loving people from their farms, their factories, their homes, their hearths and you teach them to kill and destroy which is counter to human nature. So, on this Memorial Day weekend, I want you to think of these other holidays. I want you to think of the Fourth of July where people assembled a rag tag army and took on the world's superpower. They had no idea they were going to win. Yet, they defeated the largest army, the largest navy at the time. We are not in session Veterans' Day, so I want you to disperse a little intensity of your fervor on

this Memorial Day to those other two holidays while you are in this room. It is with intense pride that I serve with members of the armed forces that served in World War II that are present in this House, and with your permission, Mr. Speaker, would I ask them to rise, please.

Speaker: Would those members who are veterans who are in the House, please stand.

Rep. Jean: Now, I did not intend to slight any other veteran of any other conflict or any other veteran, period. Whether you serve in peace or war, when you don the uniform of the United States, you say to your brethren, your countrymen, that, "I am now a member of the warrior profession, do with me as you will and I will serve honorably." So, this Memorial Day weekend, I urge you, please have the intensity of pride that those people who wore the uniform had when they decided to serve their country and if there is a Memorial Day function in your town, attend it. If there is no Memorial Day function in your town, you have to be there when there is a parade, fold your hand over your heart and salute the flag in memory of all these people. Thank you.

RECESS MOTION

Rep. Scanlan moved that the House stand in recess for the purpose of introduction of bills, receiving Senate messages, enrolled bill amendments and enrolled bill reports only.

Adopted.

The House recessed at 11:25 a.m.

RECESS

(Rep. Herman in the Chair)

Adopted.

HOUSE JOURNAL No. 19

Thursday, May 31, 2001

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by Guest Chaplain, Father Aime Boisselle of Sacred Heart Church in Concord. Heavenly and loving Father, we come to offer You a simple prayer from a simple people in a complicated and complex world with problems that often seem difficult to find solutions. We find ourselves inadequate sometimes to face the complexities surrounding us. And we know that science by itself cannot be sufficient in pointing out the way. Alone it does not contain the whole truth. Lord, give us a persevering zest for life. Give us a willingness to let things be as they are, at least as a starting point. Grant us a certain patience and withstanding of pressures.

The prophet Isaiah says, "Young men may grow tired and weary, youth may stumble, but those who wait for the Lord renew their strength. They put out wings like eagles. They run and do not grow weary, walk and never tire."

Lord, we pray that we may ever see our neighbor and realize that we only find ourselves, when we find and know our neighbor. And so we wish to be exposed without fear to human life and to be receptive to Your presence. Today, may our journey, which plunges us into the lives of people in New Hampshire, allow us to be human among humans. And may we be willing to let You and our fellow citizens shape our destiny.

O Guardian of our lives, we know that the best public servants are those who love well. We pray for Ronald Russell who has come to the end of his many years of service. Welcome him in the company of those good and faithful servants where he may enjoy the eternal peace he deserves. And we know that we are all in Your hands. And so we pray, knowing everything depends on You, and knowing everything depends upon God.

Rep. John Graham led the Pledge of Allegiance.

Elizabeth Masten, a student from Coe Brown Academy, sang our National Anthem.

LEAVES OF ABSENCE

Reps. Brown, Cardin, Jane Kelley, Langone, Martel, Pitts and Irene Pratt, the day, illness.
 Reps. Bouldin, Crosby, DePecol, Dowling, Naida Kaen, Leishman, Lessard, Millham, Mirski, O'Keefe, Pantelakos, Marsha Pelletier, Perkins, Leighton Pratt, Tara Reardon, Reid, Rodrigue, Saia, Salts, Taylor, Tholl, Welch, Wendelboe, Winter, and Woodward, the day, important business.
 Reps. Karen Hutchinson and Messier, the day, illness in the family.

INTRODUCTION OF GUESTS

William Bradley, husband of Rep. Paula Bradley. Barbara, John-Luc and Travis Comtois, daughter and grandsons of Rep. Lynde. Mary Ella and Mara Keith, daughter and granddaughter of Rep. Bowles.

The House offered the following:

HOUSE RESOLUTION NO. 13

Memorializing State Representative Ronald G. Russell of Keene

WHEREAS, we have learned with great sorrow of the death of our friend and colleague Ronald G. Russell of Keene, who was serving his fifth consecutive term as a dedicated member of the House of Representatives; and

WHEREAS, having served with distinction for two terms on the Committee on Corrections and Criminal Justice, Ronald G. Russell was in his third term as a valued and respected member of the Committee on Commerce; and

WHEREAS, having been born and raised in Troy, New Hampshire, Ronald G. Russell, following his graduation from St. Michael's College, lived all of his adult life in Keene, a city he served with an abundance of energy and pride as a member of the City Council, the Zoning Board of Adjustment, the Downtown Merchants' Association, the Chamber of Commerce, the Lions' Club, the Knights of Columbus and the Cheshire Housing Trust; and

WHEREAS, Ronald G. Russell was a gentleman widely known for his sartorial splendor, his ready smile and his genuine interest in and caring for all people; a man who had a ready knowledge of good restaurants and who shared many interests with his friends and family, including trains, fishing, gardening and, especially, a good round of golf; and a man who, although he did not drive a car, always got where he was going; now therefore be it

RESOLVED, by the House of Representatives in Regular Session convened, that Ronald G. Russell be granted the highest of accolades for his outstanding and dedicated service to his community and his state; and be it further

RESOLVED, that expressions of heartfelt sympathy be extended to his family and all who loved him, and that a copy of this Resolution be prepared for presentation to his family.
Unanimously adopted by a rising vote.

Rep. Avery moved that the remarks made by Rep. John Pratt be printed in the Permanent Journal. Without objection, the Speaker so ordered.

REMARKS

Rep. John Pratt: Thank you, Mr. Speaker. Mr. Speaker, Ron Russell was preeminently, quintessentially, a son of Cheshire County. And for that reason, I hope and trust I speak not just for myself this morning and not just for the 23 other members of the present Cheshire County delegation. I hope I speak also for all those men and women from my county who served with Ron Russell in this House over the past nine years. And I hope I speak especially for those two representatives from Cheshire County who served with him and preceded him in death, Dick Champagne and, in this session, Mickey Lambert.

I hope I speak for all of us in saying thank you to the Governor, to you, Speaker Chandler, to the Deputy Speaker, to the Democratic Leaders and most of all thank you to all the members of both chambers who honored Ron by your presence at his wake or at his funeral. In honoring him you have honored us. At the reception which followed the service, and it was a moving, moving service, Pat said to me, "Ron must have loved every minute of it." And I am sure he did. He was, after all, among his friends and his colleagues.

Our colleague was an extraordinary human being. Ron Russell was a man who loved telling stories. He would start one when he got in the car in Keene and still be in the midst of it as we pulled up to the LOB. He was a true raconteur. Ron loved clothes, buying them and selling them and wearing them. He got away with, and looked good in, outfits you and I wouldn't dare put on. He was a true Dapper Dan. Ron loved good food and good parties and good times. Many of us here know that from personal experience. He was a true *bon vivant*. But most of all, Ron loved doing the people's work. He loved representing them. He loved this chamber, this room. He was a true legislator. He didn't wear his nametag often, but you never saw him without his lapel pin. He treasured it and he took it with him to the grave. Mr. Speaker, perhaps somewhere out there is a great celestial legislature whose job it is to plead perpetually to those in charge to give another chance to us poor mortals down here struggling so hard and, most often, so unsuccessfully to manage our free will. And, Mr. Speaker, if such an assembly exists, I ask you to imagine the scene when it convenes next and its two newest freshmen legislators enter the chamber arm-in-arm, ready and delighted to take up their new duties, New Hampshire's own Ron Russell and our neighbor from the south, Massachusetts Representative Joe Moakly. If we on earth have lost two of our finest legislators, we have gained two powerful intercessors. And so, Ron, when the time comes for our sake, if you get the chance, would you press the green button?

SENATE MESSAGES

REQUESTS CONCURRENCE WITH AMENDMENTS

HB 501, relative to licensure of foster homes and the duties of the department of health and human services advisory board. (Amendment printed SJ 5/24/01)

Rep. Lyman moved that the House concur and spoke in favor.

Adopted.

HB 394, relative to short-term health insurance policies for certain persons. (Amendment printed SJ 5/24/01)

Rep. Hunt moved that the House concur and spoke in favor.

Adopted.

HB 753, relative to exemptions from issuer-dealer licenses for the sale of securities. (Amendment printed SJ 5/24/01)

Rep. Hunt moved that the House concur and spoke in favor.

Adopted.

Rep. Babson moved that the House concur and spoke in favor.

Adopted.

HB 371, relative to fiscal impact statements for proposed administrative rules prepared by the legislative budget assistant. (Amendment printed SJ 5/24/01)

Rep. Dyer moved that the House concur and spoke in favor.

Adopted.

HB 158, relative to the use of an artificial light to locate moose. (Amendment printed SJ 5/24/01)

Rep. McKinney moved that the House concur and spoke in favor.

Adopted.

HB 612, relative to expenditures from the dam maintenance fund by the department of environmental services. (Amendment printed SJ 5/24/01)

Rep. Royce moved that the House concur and spoke in favor.

Adopted.

HCR 5, urging the federal government to consider the impacts on New Hampshire and the smaller states of interstate waste legislation. (Amendment printed SJ 5/24/01)

Rep. Avery moved that the House concur and spoke in favor.

Adopted.

HCR 13, calling on the President and the Congress to fully fund the federal government's share of special education services in public elementary and secondary schools in the United States under the Individuals with Disabilities Education Act. (Amendment printed SJ 5/24/01)

Rep. Avery moved that the House concur and spoke in favor.

Adopted.

HB 219, relative to the rules of the road involving school buses. (Amendment printed SJ 5/24/01)

Rep. Packard moved that the House concur and spoke in favor.

Adopted.

HB 260, establishing a commission to examine child care resources for parents who work hours other than first shift. (Amendment printed SJ 5/24/01)

Rep. Lyman moved that the House nonconcur and request a Committee of Conference.

Adopted.

The Speaker appointed Reps. Dowling, Moran, Pantelakos and Lyman.

HB 676-L, establishing a committee to study the creation of a regional program for collection and marketing certain components of the municipal solid waste stream. (Amendment printed SJ 5/24/01)

Rep. Musler moved that the House nonconcur and request a Committee of Conference.

Adopted.

The Speaker appointed Reps. O'Connell, Phinizy, Babson and Cobb.

HB 585, relative to the membership and duties of the council on resources and development. (Amendment printed SJ 5/19/01)

Rep. Dyer moved that the House nonconcur and request a Committee of Conference.

Adopted.

The Speaker appointed Reps. Dyer, Zolla, Schulze and Charles Hall.

HB 723, relative to vacancies in county offices. (Amendment printed SJ 5/24/01)

Rep. Patten moved that the House nonconcur and request a Committee of Conference.

Adopted.

The Speaker appointed Reps. Brundige, Marilyn Fraser, Lockwood and Twombly.

COMMITTEE REPORTS**CONSENT CALENDAR**

Rep. Hess moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

HB 712-FN, relative to the coordination of state, regional, and local planning efforts, removed by Rep. Hamel.

SB 193-FN-A-L, relative to changes in the property tax system and making an appropriation therefor, removed by Rep. Patten.

Consent Calendar adopted.

Rep. Scanlan declared a conflict of interest on **SB 147**, relative to the calculation of stumpage value in determining the timber tax assessment, and did not participate in the vote.

HB 386, relative to the relocation of the principal residence of a child. **OUGHT TO PASS WITH AMENDMENT**

Rep. Claire B. McHugh for Children and Family Law: The objection of this bill is to provide a reasonable notice of 60 days to a non-custodial parent that the custodial parent intends to relocate. It provides the non-custodial parent an opportunity to challenge the move if (s)he doesn't approve it. If challenged, it places the burden on the custodial parent to defend the move as having a legitimate purpose. The custodial parent is under no obligation to provide a notice if the relocation results in the child moving closer to the non-custodial parent or within the child's current school district. Vote 17-0.

Amendment (1144h)

Amend the bill by replacing all after the enacting clause with the following:

I New Section; Annulment, Divorce and Separation; Custody; Relocation of the Principal Residence of a Minor Child. Amend RSA 458 by inserting after section 23 the following new section:

458:23-a Relocation of the Principal Residence of a Child.

I. This section shall apply to relocation of the principal residence of a child if the existing custody order or other enforceable agreement between the parties does not expressly govern the relocation issue. This section shall not apply if the relocation results in the child moving closer to the non-custodial parent or to any location within the child's current school district.

II. The custodial parent, prior to relocating, shall provide reasonable notice to the non-custodial parent. For purposes of this section, 60 days notice shall be presumed to be reasonable unless other factors are found to be present.

III. At the request of either the custodial or non-custodial parent, the court shall hold a hearing on the relocation issue.

IV. The custodial parent seeking permission to relocate bears the initial burden of demonstrating, by a preponderance of the evidence, that:

(a) The relocation is for a legitimate purpose; and

(b) The proposed location is reasonable in light of that purpose.

V. If the burden of proof established in paragraph IV is met, the burden shifts to the non-custodial parent to prove, by a preponderance of the evidence, that the proposed relocation is not in the best interest of the child.

VI. If the court has issued a temporary order authorizing temporary relocation, the court shall not give undue weight to that temporary relocation as a factor in reaching its final decision.

VII. The court, in reaching its final decision, shall not consider whether the custodial parent seeking to relocate has declared that he or she will not relocate if relocation of the child is denied.

2 Effective Date. This act shall take effect 60 days after its passage.

SB 74, relative to providing services under the Child Protection Act. **OUGHT TO PASS WITH AMENDMENT**

Rep. Christopher J. Seibel for Children and Family Law: This bill, as amended, would allow families to request services from DCYF without being found guilty of abuse or neglect. The committee felt that this amended version would be a preventive step for families to avoid instances for unintended abuse/neglect. Vote 15-0.

Amendment (1216h)

Amend the bill by replacing section I with the following:

I New Paragraph; Duties of the Bureau of Children; Voluntary Service Plan. Amend RSA 169-C:34 by inserting after paragraph IV the following new paragraph:

V. Notwithstanding any other provision of law to the contrary, the department may, pursuant to a voluntary service plan that is developed at the request of the minor's parent or legal guardian, and provided for a minor and the minor's family by the department, offer voluntary services to families without making a determination of the person or persons apparently responsible for the abuse or neglect. The department shall adopt rules, pursuant to RSA 541-A, relative to the provision of voluntary services under this paragraph.

HB 631-L, relative to access to public school programs by home educated pupils. **OUGHT TO PASS WITH AMENDMENT**

Rep. Steven J. Winter for Education: Although current law permits home school students access to education choices in their home district public schools, there have been interpretations that this ability to access ends at age sixteen. This bill adds language that continues access to programs of study, instructional programs and co-curricular programs until graduation, in a manner that treats home-schooled students the same as public schooled students. Vote 15-2.

Amendment (1244h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to access to public school programs by nonpublic or home educated pupils.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Pupils; School Attendance; Access to Public School Programs. Amend RSA 193 by inserting after section 1-b the following new section:

193:1-c Access to Public School Programs by Nonpublic or Home Educated Pupils.

I. Nonpublic or home educated pupils shall have access to programs of study, instructional programs, and cocurricular programs offered by the school district in which the pupil resides. The local school board may adopt a policy regulating such access, provided that such policy shall not be more restrictive than the policy governing the school district's resident pupils. In this section, "cocurricular" shall include those activities which are designed to supplement and enrich regular academic programs of study, provide opportunities for social development, and encourage participation in clubs, athletics, performing groups, and service to school and community. For purposes of allowing access as described in this section, a "home educated pupil" shall include any pupil who has not yet graduated from a high school level program of home education, or its equivalent.

II. Nothing in this section shall be construed to require a parent to establish a home education program which exceeds the requirements of RSA 193:1.

2 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill provides that home educated pupils shall not be denied access to programs of study, instructional programs, or cocurricular programs offered by the school district in which the pupil resides, and that local school boards may establish a policy regulating such access, provided the policy is not more restrictive than the policy governing the school district's resident pupils.

SB 130-FN, extending the period in which an expired electrician's license may be renewed. **OUGHT TO PASS WITH AMENDMENT**

Rep. David G. Poulin for Executive Departments and Administration: This bill would have extended the period of time within which an expired electrician's license could be renewed from one to six years. As amended, electricians who have been performing electrical work in another state who can show proof of completion of the most current continuing education requirement and who have placed their license in an inactive status in New Hampshire, shall be allowed to renew their license within one year of termination of employment in the other state. Vote 18-0.

Amendment (1202h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to renewals of licenses of certain electricians.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Renewal of Licenses. Amend RSA 319-C:9 by inserting after paragraph II the following new paragraph:

III. Upon request of a master or journeyman electrician who is or will be performing electrical work in another state, the board shall place the such licensee on inactive status, unless the inactive status conflicts with existing administrative rules concerning interstate reciprocity of licenses. The license may be reactivated within one year of termination of employment in the other state by payment of the renewal fee and with proof of completion of the most current continuing education requirement.

2 Effective Date. This act shall take effect July 1, 2001.

AMENDED ANALYSIS

This bill requires the electricians' board to place a licensee in an inactive status if such licensee requests such action and if the licensee will be employed in other states. The licensee may renew the inactive license within one year of termination of employment in the other state by paying the required fee and providing proof of completion of continuing education requirements.

SB 132, directing the department of health and human services to coordinate a comprehensive review of demographic trends in the New Hampshire population and the impact of such trends. **OUGHT TO PASS**

Rep. Nelson S. Allan for Executive Departments and Administration: This bill directs the Department of Health and Human Services with the assistance of other state agencies and with participation of the general court, representatives of business and industry, service providers, consumers and advocacy groups and the general public to collect and analyze relevant demographic data concerning the projected aging of the New Hampshire population and the impact of the demographic data through 2025 and to report periodically to the general court on actions taken pursuant to this responsibility. Vote 12-1.

SB 143-FN, establishing a study committee relative to registering and regulating home improvement contractors. **INEXPEDIENT TO LEGISLATE**

Rep. Maurice E. Goulet for Executive Departments and Administration: This bill started out as a licensing bill, but was amended by the senate to create a study committee. The committee heard testimony about the broad range of services that are involved in home improvement such as driveway paving, landscaping, painting, wallpapering, etc. The sub-committee was interested in the extent of the problem and the committee researcher revealed that only 15% of calls to the Better Business Bureau were related to home improvement issues. It was also revealed that in those states that have registration of these types of contractors, there are still problems. The committee finally decided that the best resolution to shoddy practices of a contractor is still the court system. At a time when other bills relating to building codes are still working their way through the house, the majority felt that this study was unnecessary and unlikely to be productive. Vote 17-1.

SB 167-FN-A, relative to the medicaid payment for long-term care services. **OUGHT TO PASS WITH AMENDMENT**

Rep. James R. MacKay for Health, Human Services and Elderly Affairs: This bill forms a committee to advise the Commissioner of Health and Human Services on issues relating to long-term care rates. The committee is representative of long-term care providers. Rate setting remains as the responsibility of the Health and Human Services Commissioner. The bill also requires a memorandum of agreement with counties requiring cooperative work. Certain reporting requirements are included. There is no fiscal impact involved with this bill.

Amendment (1299h)

Amend the bill by replacing all after the enacting clause with the following:

1 Intent. The general court recognizes that the elderly represent a growing population that will require long-term care services. Therefore, it is important to review the rates paid to all providers of long-term care in order to allocate resources for the provision of these services.

2 New Sections; Long-Term Care Rate Advisory Committee. Amend RSA 151-E by inserting after section 6 the following new sections:

151-E:6-a Long-Term Care Rate Advisory Committee.

I.(a) There is hereby established a long-term care rate advisory committee to advise the department of health and human services regarding long-term care payment rates. The committee shall be appointed by the commissioner of the department of health and human services and shall consist of the following members:

(1) Two members of the house of representatives, one of whom shall be from the health and human services, and elderly affairs committee, appointed by the speaker of the house.

(2) Two members of the senate appointed by the president of the senate.

(3) Two persons representing county nursing facilities, recommended by the New Hampshire Association of Counties.

(4) Two persons representing private nursing facilities, recommended by the New Hampshire Health Care Association.

(5) Two persons representing home health care providers, including one for-profit provider and one not-for-profit provider, recommended by the Home Health Care Association of New Hampshire.

(6) Two persons representing adult medical day care providers, recommended by the Adult Medical Day Care Providers Association.

(7) One person representing meals on wheels providers, recommended by the New Hampshire Nutrition Providers Association.

(8) One person representing transportation providers, recommended by the New Hampshire Association of Transportation Providers.

(9) One person representing other qualified agencies that provide personal care services, recommended by any such agencies.

(10) One person who is a geriatric psychiatrist.

(11) One person representing residential care providers, recommended by the Association of Residential Care Homes of New Hampshire.

(12) Two consumer representatives.

(13) Two persons representing ServiceLink New Hampshire, one from a rural area and one from an urban area, recommended by the ServiceLink New Hampshire network.

(14) One direct care provider of personal care.

(15) One certified nurse assistant, recommended by the New Hampshire board of nursing.

(16) One registered nurse, recommended by the New Hampshire board of nursing.

(b) The legislative members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

(c) The committee shall review the commissioner's rate setting structure for reimbursement of long-term care providers, required under paragraph II, and submit its report, together with its recommendation for legislation to the president of the senate, the speaker of the house, the governor and the executive council on or before September 1, 2002 and at least every 2 years thereafter.

II. The long-term care rate advisory committee shall evaluate long-term care provider rate payments and make recommendations to the department. The commissioner shall include the results and outcome of this analysis in the report required in subparagraph I(c). This analysis shall be completed periodically and not less frequently than every 2 years.

151-E:6-b Memorandum of Agreement. The department of health and human services shall establish, by means of a memorandum of agreement with the New Hampshire Association of Counties, a mechanism for the receipt of input from the Association of Counties regarding the type, cost, utilization, and procedures relative to payments which the counties are obligated to make pursuant to RSA 167:18-b. The memorandum of agreement shall be reviewed annually and amended as may be determined to be necessary by the parties.

151-E:6-c Payment System for Nursing Facilities. The payment system for nursing facility level of care shall be as follows:

I. Rate calculation worksheets for all providers will be provided at least 30 days prior to the effective date of any rate changes.

II. Acuity levels must be updated at least semi-annually, on a regular, predictable basis using the latest available data.

III. The commissioner of the department of health and human services shall continue to evaluate the effectiveness of the acuity-based payment system for medicaid payments for nursing facility care. The commissioner shall determine if any changes in the payment system are appropriate.

IV. Any changes to the payment system for medicaid services in nursing facilities in this section shall be completed as quickly as possible but no later than March 1, 2002.

V. Any rate changes due to the updating of acuity or cost data shall occur only with proper prior notification and explanation to affected providers and the affected beneficiary population.

3 Effective Date. This act shall take effect upon its passage.

SB 62, relative to guardianships. OUGHT TO PASS WITH AMENDMENT

Rep. Peter S. Espieffs for Judiciary: This bill requires the probate court to inquire into any criminal and child abuse and neglect records of a proposed guardian for a minor child. It also establishes new procedures for termination of guardianships, and the death, removal or resignation of a guardian, and the transfer of guardianships to and from foreign jurisdictions. Finally, it increases the time for filing the required annual report of the guardian of an incapacitated person. Vote 12-0.

Amendment (1171h)

Amend RSA 464-A:40, II and III as inserted by section 7 of the bill by replacing them with the following:

II.(a) The ward or any person interested in the ward's welfare may, at any time, file a motion for the termination of the guardianship based upon a finding that the ward is no longer incapacitated. Provided, however, an order adjudicating incapacity may specify a minimum period, not exceeding one year, during which no motion concerning such adjudication may be filed without special leave.

(b) A ward may request the termination of the guardianship based on a finding that he or she is no longer incapacitated in an informal letter to the court or judge. Persons directly responsible for the care and supervision of the ward may assist the ward in preparing a letter of this kind. Any person who knowingly interferes with a transmission made by, or on behalf of, a ward to the court or judge may be adjudged guilty of contempt of court.

(c) Unless the motion is without merit, the court shall hold a hearing similar to that provided for in RSA 464-A:8 and RSA 464-A:9 at which the guardian shall be required to prove that the grounds for appointment of a guardian provided in RSA 464-A:9 continue to exist.

III. Upon termination of a guardianship of the estate, the guardian shall file a final account with the court within 90 days after the date of termination, or as ordered by the court. When the guardianship is terminated as a result of the ward's death, the guardian shall include a copy of the death certificate. Upon approval of the account, the guardian shall be discharged and his or her bond released.

SB 82, relative to service of process in marital matters. OUGHT TO PASS

Rep. Phyllis Woods for Judiciary: The committee felt that this bill provided a more respectful and considerate way to deal with service of a libel for divorce rather than subjecting someone to the embarrassment of having service be made to them at their home or place of employment. It will allow the libel to be picked up by the person himself or herself at the court within a specified time period if they so wish. Vote 13-0.

SB 100, establishing a committee to study the feasibility of creating a mental health court division. OUGHT TO PASS

Rep. Peter Leishman for Judiciary: There was enough support during the public hearing that the majority of the Judiciary committee saw no harm in a study of the feasibility of such a court division. We would suggest the study committee work with the Health, Human Services and Elderly Affairs Committee that has retained HB 235 that establishes a committee to study certain mental health systems and the mentally ill persons in New Hampshire. Vote 11-2.

SB 114, establishing a committee to study issues relating to judicial reform, and making an appropriation therefor. INEXPEDIENT TO LEGISLATE

Rep. Robert H. Rowe for Judiciary: This bill establishes a committee to study seven subjects for judicial reform that must be reported on by November 1, 2001. Some of the subjects have been addressed by the committee this year. The other subjects are of great importance to the committee and should be addressed individually. Each subject is complex and to study all would be unwieldy and difficult to efficiently accomplish by November 1, 2001. One subject alone, "whether all judges should be full-time" would probably require the committee to hold local hearings throughout the state. Vote 12-1.

SCR 1, urging the supreme court to expand the membership of the advisory committee on rules to include legislative members. INEXPEDIENT TO LEGISLATE

Rep. Loren Jean for Judiciary: This resolution addresses the same topic that is the core of the 73-A issue – Court Rules. CACR 5, which passed this House by an 86% margin and is pending in the Senate addresses this very issue. CACR 5 would deal with any rules from the Court regardless if there were legislative members on the court committee or not. The committee felt there was an unnecessary duplication of efforts and clouded the separation of powers issue. Vote 13-1.

SB 134-FN-A, establishing a committee to study allowing the use of business logo signing on the mainline of limited access and divided highways. **OUGHT TO PASS**
Rep. Gabriel J. Daneault for Public Works and Highways: This study committee would bring forward concerns of constituents who felt these issues were not being addressed via the New Hampshire Department of Transportation rule making process. Many states have developed guidelines helpful to the motoring public, beneficial to the state, local communities and businesses. Vote 16-0.

SB 107-FN, relative to violations of motor vehicle laws by foreign diplomatic and consular officers. **OUGHT TO PASS WITH AMENDMENT**
Rep. Robert J. Letourneau for Transportation: This bill would require the Department of Safety to report traffic violations and accidents to the United States Department of State. Currently there is no process in place to cover notification in the event of accidents resulting in serious injury or death. This bill does not change or undermine diplomatic immunity as currently accepted by diplomatic service. Vote 14-0.

Amendment (1224h)

Amend RSA 262:28-a, IV as inserted by section I of the bill by replacing it with the following:
IV. The provisions of this section shall not prohibit or limit the application of any other provision of law to a person who has or claims immunities or privileges under Title 22, Chapter 6 of the United States Code.

SB 165-FN, relative to the sale, registration, and use of 3-wheeled all-terrain vehicles for off-highway recreational use. **OUGHT TO PASS WITH AMENDMENT**
Rep. Robert J. Letourneau for Transportation: This bill prohibits the sale or transfer of 3-wheeled all-terrain vehicles by state and local government. This bill also encourages training and education for persons registering a 3-wheeled ATV. The amendment changes the education component from mandatory to voluntary. Vote 12-0.

Amendment (1225h)

Amend RSA 262:28-a, IV as inserted by section I of the bill by replacing it with the following:
IV. The provisions of this section shall not prohibit or limit the application of any other provision of law to a person who has or claims immunities or privileges under Title 22, Chapter 6 of the United States Code.

HB 523, relative to filing fees and legislative approval of certain settlements by the attorney generals. **OUGHT TO PASS**
Rep. Vivian R. Clark for Ways and Means: The committee found that both the fee increase and the legislative oversight, contained within this bill, were justified. Vote 13-0.

SB 58, revising the requirements for a license as a bingo supplies or lucky 7 tickets distributor. **OUGHT TO PASS**
Rep. Howard C. Dickinson for Ways and Means: This bill, as amended by the Senate, corrects the statute (RSA 187-E) to require the applicants for license to distribute bingo supplies and equipment and lucky 7 tickets to have a principal place of business within the state. The previous law required the applicant to have been a resident of New Hampshire for at least 2 years, a requirement that is unconstitutional according to the attorney general's office. This change was requested by the Sweepstakes Commission. Vote 12-0.

SB 147, relative to the calculation of stumpage value in determining the timber tax assessment. **OUGHT TO PASS WITH AMENDMENT**
Rep. Howard C. Dickinson for Ways and Means: This bill, as amended, recodifies RSA 79:1, III, the section defining stumpage value for the calculation of the Timber Tax (aka "Yield Tax"). This change requires the assessing officials to consider the actual stumpage prices paid when determining the "yield tax" on timber cut. In the past selectmen and other assessing officials unfamiliar with the wood industry and logging practices have frequently used the highest stumpage values provided by the Dept. of Revenue Administration without regard for what the landowner actually received. This bill, as amended, helps resolve this long-standing problem related to the determination of stumpage value. Vote 13-0.

Amendment (1172h)

Amend the bill by replacing all after the enacting clause with the following:

1 Definition; Stumpage Value; Timber Tax. RSA 79:1, III is repealed and reenacted to read as follows:

III. "Stumpage value" means the amount determined by the assessing officials in the same manner as other property values for the purposes of taxation at the time the timber is cut. The assessing official shall take into consideration the location of the timber, the quality of the timber, the size of the sale, and any other factors necessary to harvest the wood or timber that affect the value of timber being cut. Stumpage value of all forest products except those customarily measured by the cord, by weight, or by the piece shall be determined on the basis of international 1/4 inch rule log scale. If there are questions by the assessors regarding the true and accurate stumpage values reflected in contracts presented by the owner as the basis for timber tax assessment, the department of revenue administration, property appraisal division, shall be available to assist or advise the municipalities in the proper calculation of the stumpage value for assessment purposes. The burden shall be upon the owner filing the "Report of Wood Cut" form to demonstrate the reasonableness of a claim under this paragraph.

(a) For standing timber sold to a purchaser, the assessing official shall consider the stumpage price paid on a per cord, per 1,000 board foot, by weight or other basis when calculating stumpage value. If the assessing official finds that a claim is not commercially reasonable then the assessing official may, after conducting an inspection of the property, use the average stumpage value list provided by the department of revenue.

(b) For sales of timber where the product is not sold as standing timber, the assessing official shall use the average stumpage value list provided by the department of revenue administration.

2 Effective Date. This act shall take effect April 1, 2002.

REGULAR CALENDAR

HB 757, revising the definition of an adequate education; establishing an education improvement fund, and implementing a professional development program and an early literacy initiative within the department of education; and revising the formula to calculate the cost of an adequate education. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Steven J. Winter for the Majority of Education: In accordance with the recommendation of the Adequacy Commission, this bill creates and offers, but does not mandate an early literacy/reading initiative using only outcome-proven programs to "Teach the Teachers" of young children, parents and other primary caregivers, early childcare providers and primary school teachers. The committee heard compelling testimony about the importance of high quality early childhood experiences, especially the development of pre-literacy language skills, to the importance of school success. The committee felt this initiative to be a wise investment, which would pay future dividends in the education of our state's children. Vote 17-3.

Rep. John R. Alger for the Minority of Education: This bill and this amendment introduce preschool education as a state responsibility (children through age 5), with implications to full adoption into "adequacy" in the future. Further, it introduces the concept of drawing funds from the Education Trust Fund for preschool program administration, development and payment to early childcare providers, specialists, as well as, parents, guardians and other primary caregivers. Early learning to read is certainly important, but there is serious controversy over the optimum methods to accelerate reading ability of youngsters, which this bill leaves open to a committee and those receiving aid. Finally, it remains vague as to who shall administer the funds and follow up for demonstration of success or lack thereof. The Cato Institute reports that "experience provides little reason to believe universal preschool would significantly benefit children, regardless of family income".

Amendment (1285h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing an early literacy and reading improvement initiative.

Amend the bill by replacing all after the enacting clause with the following:

1 New Chapter; Early Literacy and Reading Improvement. Amend RSA by inserting after chapter 193-F the following new chapter:

CHAPTER 193-G EARLY LITERACY AND READING IMPROVEMENT

193-G:1 Purpose. The general court finds that in order to implement New Hampshire's policy of providing all pupils with the opportunity to acquire an adequate public elementary and secondary education, it is essential that by the end of grade 3 virtually every child is reading independently at grade level. Therefore, the general court enacts a program of professional development and support for those who impact the child's reading skill: parents and early child care providers who prepare young children for reading, and primary school teachers.

193-G:2 Definitions. In this chapter:

- I. "Commissioner" means the commissioner of the department of education.
- II. "Department" means the department of education.
- III. "State board" means the state board of education.
- IV. "Primary school" means a school that includes grades K-3 or any grouping thereof.
- V. "Pre-school children" means children through age 5 that are not enrolled in a primary school.
- VI. "Early child care providers" means individuals that are paid to provide care and education to children through age 5 that are not enrolled in a primary school.
- VII. "Early childhood specialist" means an experienced teacher who, by virtue of specialized training, appropriate experience, and demonstrated success, has the knowledge and skills necessary to provide early learning and reading assistance to other individuals.
- VIII. "Primary caregivers" means parents, guardians, or others with primary responsibility for the child.

193-G:3 Comprehensive Early Literacy and Reading Improvement Initiative. It shall be the policy of this state to provide outcome-proven programs of support and education to primary caregivers, early child care providers, and primary school teachers and administrators that shape the language and literacy development of children through a comprehensive, coordinated, early literacy and reading improvement initiative which shall:

- I. Provide primary caregivers with an outcome-proven program of information and support including the key elements of the young child's developing early literacy knowledge and skills.
- II. Provide to early childhood providers:
 - (a) An outcome-proven program of instruction and support in the developing literacy of pre-school children delivered by early childhood specialists.
 - (b) Scholarships to participate in college credit courses in the development of early literacy in pre-school children.
- III. Provide primary school teachers and administrators with structured, outcome-proven, school-wide professional development in reading instruction through the use of intensive summer institutes, regional meetings, and reading specialists who will provide follow-up activities and continuous technical assistance during the school year. Participating teachers will receive training and materials to implement baseline and checkpoint reading assessments on an individual basis in grades 1 and 2.
- IV. Involve institutions of higher education in partnerships to:
 - (a) Better prepare new teachers to utilize outcome-proven early literacy knowledge and skills and deliver outcome-proven reading instruction.
 - (b) Coordinate opportunities for local school districts, institutions of higher education, early child care providers, and primary caregivers to work together to deliver high-quality, outcome-proven reading instruction to primary school children as well as provide research-based support for the development of early literacy in preschool children.

193-G:4 Early Literacy and Reading Improvement Fund.

I. There is hereby established an early literacy and reading improvement fund in the office of the state treasurer. This fund shall be used for the purpose of providing education and support to primary caregivers of young children, early child care providers and primary school teachers and administrators in developmentally appropriate literacy instruction. This fund shall be nonlapsing. For the fiscal year beginning July 1, 2002, an amount equal to 1/3 of one percent of the statewide cost of providing an adequate education for that fiscal year, as calculated in accordance with RSA 198:40, III, shall be transferred from the education trust fund to the early literacy and reading improvement fund. Approximately equal parts of this fund shall be used to support the primary school professional development program in reading instruction established in this section and the program of early literacy and reading improvement established in this subdivision. Beginning July

1, 2003, and each July 1 thereafter, an amount equal to 2/3 of one percent of the statewide cost of providing an adequate education for that fiscal year, as calculated in accordance with RSA 198:40, III, shall be transferred from the education trust fund to the early literacy and reading improvement fund. Moneys transferred to this fund shall be in addition to the funds required to distribute adequate education grants to school districts pursuant to RSA 198:42. The governor is authorized to draw a warrant from the education trust fund to satisfy the provisions of this paragraph.

II. In addition to the provisions of paragraph I, and to carry out the purposes for which this fund is established, the amounts transferred to the fund shall be used to provide early literacy and reading improvement assistance, including grants, to local school districts as well as to administer the fund. These funds shall also be used to develop, provide, and evaluate outcome-proven programs and courses established in RSA 193-G:3, I-III, and to provide technical assistance and professional development activities through grants, contracts with consultants, and the employment of individuals to fill authorized, program-related positions. Not more than 3 percent of annual fund expenditures shall be used to administer the fund. Moneys in this fund shall not be used for any other purpose.

III. For the fiscal year beginning July 1, 2002, and each fiscal year thereafter, grants to local school districts shall be used to address the areas specified in RSA 193-G:3, as well as other demonstrated needs related directly to early literacy and the improvement of reading. The administration of the early literacy and reading improvement grant program involves the following:

(a) Establishing forms and procedures for districts to use for the development and submission of early literacy and reading improvement grant requests, including:

(1) A detailed plan and budget, with the opportunity to request up to 3 years of financial assistance for both primary school professional development and preschool or caregiver components; and the further opportunity to apply for additional assistance based on demonstrated need.

(2) An assurance that grant funds will be used only to supplement and not supplant ongoing local efforts.

(3) A description, if applicable, of how grant activities were planned in consultation with, and will be implemented in coordination with the goals of the initiative, institutions of higher education, early child care providers, and primary caregivers.

(4) A delineation of the geographic area to be served by the project.

(b) Providing assistance to districts in the development of grant requests.

(c) Establishing an equitable grant review process that:

(1) Includes an evaluation of each proposal's adequacy, educational appropriateness, and cost effectiveness, and the extent to which additional revenues are required to implement the proposed plan and activities.

(2) Gives priority to districts with lower-performing schools in reading that have satisfactorily addressed the review criteria in subparagraph (1) and are proposing reasonable efforts to address early literacy needs and/or improve reading performance.

(d) Reviewing grant requests with recommendations for approval, including level of funding and, to the extent possible, balanced geographic distribution.

(e) Distributing grant payments to school districts in accordance with an established payment schedule specified in the district's grant approval notification.

(f) Monitoring the implementation of funded plans and activities.

(g) Evaluating the educational impact of the programs established in RSA 193-G:3, I-III on:

(1) Parent and early childhood provider understanding of child development concepts.

(2) Adult-child interactions in early childhood programs, as well as the phonological awareness, development of vocabulary, access to books and appropriate reading and writing opportunities, and understanding of print concepts of children in early childhood programs.

(3) Reading skill and comprehension in primary school students.

193-G:5 Rulemaking. The state board shall, pursuant to RSA 541-A, and not later than July 1, 2002, adopt rules relative to the administration of the early literacy and reading improvement program established in RSA 193-G:3 and the early literacy and reading improvement fund established in RSA 193-G:4.

193-G:6 Early Learning Oversight Committee Established.

I. An early learning oversight committee shall be established and shall consist of the following members:

(a) Three members of the house of representatives, appointed by the speaker of the house.

(b) Three members of the senate, appointed by the senate president.

(c) Three members of the public appointed by the governor, 2 of whom shall serve a 2-year term, and one of whom shall serve a 3-year term.

(d) Two members of the public, appointed by the speaker of the house, one of whom shall serve a 3-year term and one of whom shall serve a 2-year term.

(e) Two members of the public, appointed by the senate president, one of whom shall serve a 3-year term and one of whom shall serve a 2-year term.

II. Legislative members of the committee shall serve a term of office coterminous with their membership in the general court.

III. Legislative members of the committee shall receive mileage at the legislative rate while attending to the duties of the commission.

193-G:7 Duties.

I. The duties of the early learning oversight committee shall be to:

(a) Examine administrative models in place in New Hampshire and in other states to determine the most effective administrative structure and oversight to assure the effective implementation of the early literature and reading programs funded in this act.

(b) Determine the most effective administrative relationship between the department of education, the department of health and human services and other providers of early literacy and reading programs to assure that the services provided interact in a manner which promotes efficiency and maximizes benefits to children.

(c) Review the development and implementation of the program to ensure it is in accordance with legislative policy. Implementation of the program shall be in conjunction with the committee's approval.

(d) Oversee the outcome-proven early literacy and reading improvement programs established in RSA 193-G:3, I-III, including the impact of each program on the improvement of reading skills and comprehension of students in low-performing schools.

(e) Oversee the effect of each early literacy and reading improvement program established in RSA 193-G:3, I-III on the improvement of reading skill and comprehension of students in low-performing schools and early literacy and language skills of children in child care settings in the region of the schools.

II. The department of education shall provide administrative oversight and support to the committee.

193-G:8 Report. The committee shall submit a report of its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the state library, and the governor on or before November 1 of each year.

2 School Money; Education Trust Fund Amended. Amend the introductory paragraph of RSA 198:39, I to read as follows:

I. The state treasurer shall establish an education trust fund in the treasury. Moneys in such fund shall not be used for any purpose other than to distribute adequate education grants to municipalities' school districts pursuant to RSA 198:42, [and] to provide education property tax hardship relief under RSA 198:55, *and to provide early literacy and reading improvement assistance to school districts through the early literacy and reading improvement fund established in RSA 193-G:4.* The state treasurer shall deposit into this fund immediately upon receipt:

3 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes an early literacy and reading improvement initiative and provides that beginning July 1, 2002, 1/3 of one percent of the statewide cost of providing an adequate education for that fiscal year shall be transferred from the education trust fund into the early literacy and reading improvement fund. The bill also provides that on July 1, 2003, and each July 1 thereafter, 2/3 of one percent of the statewide cost of providing an adequate education for that fiscal year shall be transferred from the education trust fund into the early literacy and reading improvement fund. Reps. Sullivan, Sova, Alger and Harrington spoke against.

Reps. Estabrook and Kurk spoke in favor.

Rep. Harrington requested a roll call; sufficiently seconded.

The question being adoption of the majority amendment.

and the majority amendment was adopted.

Rep. Gonzalez voted nay and intended to vote yea.

Report adopted and referred to Finance.

SB 36-FN-A, making an appropriation to the postsecondary education commission for the purpose of tuition incentive grants. **OUGHT TO PASS WITH AMENDMENT**

Rep. Iris W. Estabrook for Education: The committee supports the bill's action of increasing the allocation of state dollars to match federal incentive grant dollars for scholarship assistance to our most financially needy higher education students. The amendment clarifies the intent to use a portion of the increased funding for assistance to part-time students. The amendment also provides additional funding for the Granite State Scholars program, which gives scholarship assistance to NH's most academically successful high school students who also demonstrate need and enroll in one of NH's public higher education institutions. State dollars in this program are matched on a more than 1 to 1 basis by private contributions. The committee feels state policy should be to support both the incentive grant and Granite State Scholars programs. Vote 15-5.

Amendment (1295h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the availability of tuition incentive grants for part-time students and making an appropriation to the postsecondary education commission for the purpose of tuition incentive grants.

Amend the bill by replacing all after the enacting clause with the following:

1 Appropriation for Postsecondary Education Tuition Incentive Grants. The sum of \$1,721,879, for the fiscal year ending June 30, 2002 and the sum of \$1,721,879, for the fiscal year ending June 30, 2003, are appropriated to the postsecondary education commission for postsecondary tuition incentive grants. These amounts shall be in addition to any other sums appropriated to the commission. The governor is authorized to draw a warrant for said sum out of any money in the treasury not otherwise appropriated. The postsecondary education commission, in conjunction with members of the general court and within the rules of the program, shall notify members of the general court of grant recipients in their district.

2 Appropriation. The sum of \$1,000,000 for the fiscal year ending June 30, 2002, and the sum of \$1,000,000 for the fiscal year ending June 30, 2003, are appropriated to the postsecondary education commission to fund the granite state scholars endowment fund established in RSA 188-D:40. These amounts shall be in addition to any other amounts appropriated to the commission. The governor is authorized to draw a warrant for said sums out of any money in the treasury not otherwise appropriated.

3 New Paragraph; New Hampshire Tuition Incentive Program; Grants to Part-Time Students. Amend RSA 188-D:13 by inserting after paragraph VI the following new paragraph:

VI-a. To the extent possible, the postsecondary education commission shall award grants to eligible part-time students in the same proportion as such students are represented in the eligible applicant pool.

4 Effective Date. This act shall take effect July 1, 2001.

AMENDED ANALYSIS

This bill makes an appropriation of \$1,721,879 for the fiscal year ending June 30, 2002, and \$1,721,879 for the fiscal year ending June 30, 2003, to the postsecondary education commission for the purpose of funding postsecondary tuition incentive grants and provides that tuition incentive grants shall be made to part-time students in the same proportion as part-time students are represented in the eligible applicant pool.

Adopted.

Report adopted and referred to Finance.

SB 110-FN-A, extending the kindergarten construction program. OUGHT TO PASS WITH AMENDMENT

Rep. John R. Alger for Education: This bill, as amended, continues the policy of extra state aid for kindergarten, but phases it out to the standard policy by fiscal year 2007. While the House already, through HB 354, established a position on kindergarten construction finances, it was the committee's opinion that the Senate bill should be moved forward, both to establish a policy portion on kindergarten and for the House, as well, to recognize the work on the subject done in good faith by the Senate. Vote 14-2.

Amendment (1201h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to renewals of licenses of certain electricians.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Renewal of Licenses. Amend RSA 319-C:9 by inserting after paragraph II the following new paragraph:

III. Upon request of a master or journeyman electrician who is or will be performing electrical work in another state, the board shall place the such licensee on inactive status, unless the inactive status conflicts with existing administrative rules concerning interstate reciprocity of licenses. The license may be reactivated within one year of termination of employment in the other state by payment of the renewal fee and with proof of completion of the most current continuing education requirement.

2 Effective Date. This act shall take effect July 1, 2001.

AMENDED ANALYSIS

This bill requires the electricians' board to place a licensee in an inactive status if such licensee requests such action and if the licensee will be employed in other states. The licensee may renew the inactive license within one year of termination of employment in the other state by paying the required fee and providing proof of completion of continuing education requirements.

Adopted.

Report adopted and referred to Finance.

SB 164-FN-A-L, establishing a comprehensive statewide accountability system concerning an adequate education. OUGHT TO PASS WITH AMENDMENT

Rep. Warren C. Henderson for Education: As amended, SB 164 contains a number of effective school accountability measures. The accountability provisions, which closely resemble the "Ward/Hoadley amendment" that passed the House by a large margin last year, improve school report cards, improve the collection of vital information and help communities better monitor improvement in their schools. Another accountability measure in the bill is badly needed reform known as "teacher tenure". Teacher tenure reform has broad public support and has passed the House by large margins in recent years. The bill, also specifically limits the power of the State Board of Education to "take over" a local school, by limiting their authority to that which is specifically identified in law. It is critical that we maintain the balance between state and local authority as we continue to address

school accountability. Lastly, the bill establishes an Education Quality Review Commission to conduct a comprehensive review of the Department of Education. In order to fulfill our responsibilities to help educate our children, we must know for certain, the strengths and weaknesses of the state department charged to address that responsibility. Vote 12-8.

Amendment (1301h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a comprehensive statewide accountability system concerning an adequate education and relative to the process for nonrenewal of teacher contracts.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; State School Organization; State Board of Education Rulemaking Authority; Rules for Appeals. Amend RSA 186:8 by inserting after paragraph V the following new paragraph:

VI. Appeals from a school board on the matter of nonrenewal of teacher contracts, providing that the appeal to the state board of education shall be limited to the record developed at the school board hearing, except where the state board of education determines that new evidence is available which could not have been reasonably discovered at the time of the school board hearing and that such evidence may have materially affected the outcome of the school board hearing. In such cases, the state board of education shall render a final decision in the matter or remand it to the school board for a new hearing.

2 School Boards, Teachers; Teacher Renewal; Reference Amended. Amend RSA 189:14-a, II to read as follows:

II. Any teacher who has a professional standards certificate from the state board of education and who has taught for 3 consecutive years or more in any school district in the state shall, after having taught for 2 consecutive years in any other school district in the state, be entitled to all of the rights for notification and hearing in ~~paragraph I(b)~~ **paragraphs I(b), III, and IV of this section.**

3 New Paragraphs; School Boards, Teachers; Teacher Renewal; Nonrenomination Procedure. Amend RSA 189:14-a by inserting after paragraph II the following new paragraphs:

III. In cases of nonrenomination because of unsatisfactory performance, the superintendent of the local school district shall demonstrate, at the school board hearing, by a preponderance of the evidence, that the teacher had received written notice that the teacher's unsatisfactory performance may lead to nonrenomination, that the teacher had a reasonable opportunity to correct such unsatisfactory performance, and that the teacher had failed to correct such unsatisfactory performance. Nothing in this paragraph shall be construed to require the superintendent or the school board to provide a teacher with remedial assistance to correct any deficiencies that form the basis for such teacher's nonrenomination.

IV. In all proceedings before the school board under this section, the burden of proof for nonrenewal of a teacher shall be on the superintendent of the local school district by a preponderance of the evidence.

4 School Boards, Teachers; Review by State Board of Education. Amend RSA 189:14-b to read as follows:

189:14-b Review by State Board.

I. A teacher aggrieved by such decision may request the state board of education for review thereof. Such request must be in writing and filed with the state board within 10 days after the issuance of the decision to be reviewed. Upon receipt of such request, the state board shall notify the school board of the request for review, and shall forthwith proceed to a consideration of the matter. Such consideration shall include a hearing if either party shall request it. The state board shall issue its decision within ~~[+5]~~ **30** days after the request for review is filed, and the decision of the state board shall be final and binding upon both parties. ***A request for review under this section shall constitute the exclusive remedy available to a teacher on the issue of the nonrenewal of such teacher.***

II. ***The state board of education shall uphold a decision of a local school board to nonrenew a teacher's contract unless the local school board's decision is clearly erroneous.***

5 Public Employee Labor Relations; Grievance Procedures; Nonrenewal of Teacher Contract not Subject to Binding Arbitration. Amend RSA 273-A:4 to read as follows:

273-A:4 Grievance Procedures. Every agreement negotiated under the terms of this chapter shall be reduced to writing and shall contain workable grievance procedures. ***No grievance resulting from***

the failure of a teacher to be renewed pursuant to RSA 189:14-a, shall be subject to arbitration or any other binding resolution, except as provided by RSA 189:14-a and RSA 189:14-b. Any such provision in force as of the effective date of this section shall be null and void upon the expiration date of that collective bargaining agreement.

6 New Subdivision; School District Improvement and Assessment Program. Amend RSA 193-E by inserting after section 3 the following new subdivision:

School District Improvement and Assessment Program

193-E:4 Definitions. In this subdivision:

- I. "Commissioner" means the commissioner of the department of education.
- II. "Department" means the department of education.
- III. "Plan" means the improvement and assessment plan as defined in RSA 193-E:5.
- IV. "State board" means the state board of education.

193-E:5 School District Quality Standards; Improvement and Assessment Plan. In order to implement New Hampshire's policy of providing all pupils with the opportunity to acquire an adequate education, each school district shall implement the following quality standards:

I. By July 1, 2002, each district shall file its current plan with the department. Each school district shall prepare and implement its plan in accordance with a staggered schedule established by the department such that all plans shall be filed no later than June 1, 2008. Each plan shall be developed through a process involving parents, teachers, employers, and other community members. The department shall comment to the district on the plan in a timely fashion. Every 5 years following the filing of the initial plan, each school district shall file an updated plan developed through the process outlined in this paragraph. Districts may reference the statewide education improvement and assessment plan established in RSA 193-C:3, in preparing the plan. At a minimum, the plan shall include:

- (a) Curriculum and proficiency standards for all pupils.
- (b) School and district performance goals based on reported data on educational indicators listed in paragraph II of this section.
- (c) Procedures for aligning curriculum, instructional practices, and pupil and programmatic assessments, including annual reporting of results.
- (d) Local assessment measures which focus on individual pupil performance.
- (e) Role of support services and programs.
- (f) Role of instructional leadership.
- (g) Strategies to promote family and community involvement.
- (h) Staff supervision and evaluation and performance-based professional development.
- (i) Procedures for ongoing review and evaluation of the plan.
- (j) Pupil behavior and conduct codes.
- (k) Procedures detailing how the school district budget reflects the goals of the plan.
- (l) Provisions for addressing individual school needs.

II. By September 1, 2003, and annually thereafter, each school district shall report to the department its data for the previous school year on its school and district performance and demographic indicators. The requirements for data keeping and the form of the report shall be established in accordance with rules adopted by the state board.

(a) Performance and demographic indicators shall include the following areas:

- (1) Attendance, tardiness, truancy, transfer, and drop-out rates.
- (2) Length of school day and length of instructional time.
- (3) School environment indicators, such as safe-schools data.
- (4) Proportion of graduating pupils going on to post-secondary education, military service, and the workplace.
- (5) Performance on state tests administered pursuant to RSA 193-C and other standardized tests administered at local option.
- (6) Extent to which pupils meet behavior conduct codes.
- (7) Extent to which teachers are certified in all areas in which they teach.
- (8) Extent to which teachers and staff engage in performance-based professional development to promote pupil learning.
- (9) Frequency and resulting actions of staff supervision and evaluations.
- (10) Extent to which district schools implement components of effective family/

community involvement standards including communicating, parenting, pupil learning, volunteering, school decision-making and advocacy, and collaborating with the community.

(11) Frequency and resulting actions of supervision and evaluations of instructional and administrative leaders.

(12) Teacher and administrator turnover rates reported by area of certification and by elementary, middle, junior high, and high school levels.

(b) In addition, local districts shall report on locally developed performance indicators and assessment measures.

III. Each elementary, middle, junior high, and high school in the school district shall meet the standards for school approval adopted by the state board.

IV. Beginning December 1, 2004, and annually thereafter, the commissioner, in accordance with rules adopted by the state board pursuant to RSA 541-A, shall determine whether each school district is meeting the quality standards established in paragraphs I–III of this section. The commissioner, annually, shall provide a report of such determinations to the governor and council, the speaker of the house, the senate president, the chairpersons of the house and senate education committees, the state board, and the attorney general.

V. No later than December 1, 2003, and annually thereafter, the department shall issue a report on the condition of education statewide and on a district-by-district and school-by-school basis. The report shall include demographic and pupil performance data including, but not limited to, school and district performance on state tests administered pursuant to RSA 193-C, other standardized tests administered at local option by at least 25 percent of school districts, and data provided under paragraph II of this section, as well as other relevant statistics including English as a second language pupils, special education pupils, and pupils eligible for free or reduced-price meals. Comparisons with state averages and with the condition of each district and school in comparison with previous years shall be provided, including, but not limited to, statewide rankings of each district and school on the state tests administered pursuant to RSA 193-C and on other standardized tests administered at local option by at least 25 percent of school districts, and a statewide ranking of each school and school district based on the percentage increase of improvement as compared with the same school district's performance in the previous year. The report shall be organized and presented in a manner that is easily understood by the public and that assists each school district with the identification of trends, strengths, and weaknesses and the development of its local education improvement and assessment plan.

VI. Within 90 days of the issuance of the annual report on the condition of education as required in paragraph II of this section, each school district shall provide an opportunity for public discussion of the report at a meeting of the governing body called for the exclusive purpose of reviewing the report. If requested by a school district, a representative from the department of education or the state board of education shall make every reasonable effort to be in attendance at the public meeting to present the report to the public. Additionally, the department of education shall determine a priority list for districts that may have significant areas of concern based on the annual report on the condition of education and shall exercise every reasonable effort to attend the public meetings in those identified school districts within the 90 days on a priority basis. At least 7 days advance public notice shall be given. A written report of the public input and recommendations made at this meeting shall be made and retained by the school district governing body for future use. Within 60 days of the meeting, each school board shall issue a written response to the annual report at a regularly noticed and scheduled meeting and make any recommendations the board deems appropriate.

VII. Any school district, school, or teacher that demonstrates a best practice worthy of recognition shall also receive formal recognition from the state board and the governor.

193-E:6 Request for Assistance.

I. A school district, in response to the annual report on the condition of education, may request from the department school improvement assistance on behalf of the district as a whole or on behalf of one or more schools in the district. Within 30 days of such request, the commissioner may, based on the availability of resources, provide appropriate assistance to the district. The commissioner shall prioritize any assistance based on the determinations made in the annual report on the condition of education. The commissioner shall work with local school board and school district officials in determining the assistance specific to the district's needs.

II. If any assistance provided by the department of education includes the use of a technical assistance advisor, the commissioner shall appoint a technical assistance advisor.

III. The powers of the department and the state board relative to requests for assistance under this section shall be limited to the provisions of this section.

193-E:7 Request for Assistance by School District Legislative Body. If a school district has not submitted a request for assistance by the time of the annual school district meeting in a town, or by April 30 in a city, then the majority of the appropriate legislative body of the school district may vote to direct the governing body to submit a request for assistance pursuant to this section. If a majority of the legislative body votes in favor of requesting assistance, then that assistance shall be requested and provided in accordance with RSA 193-E:6.

193-E:8 Additional School Improvement Funds. The department and the local school districts shall collaborate in an initiative to apply for grant money from any source that may be available to address school improvement issues. This collaborative effort should target funds which will be used to remedy specific areas at the local school district level identified as in need of improvement in the annual report on the condition of education.

193-E:9 Rulemaking. The state board shall, pursuant to RSA 541-A:

I. No later than July 1, 2002, adopt rules relative to data keeping, the form of the school district report required under RSA 193-E:5, II, the annual report on the condition of education statewide required under RSA 193-E:5, V, and the scheduling of the local public meetings for the presentation of the annual reports under RSA 193-E:5, VI. In developing these rules, the state board shall solicit advice and information from educators at all levels, including those within the university system, business people, government officials, legislators and legislative committees, community representatives, parents, and members of the public.

II. No later than July 1, 2003, adopt rules relative to the criteria and procedures for determining compliance with quality standards. In developing these rules, the state board shall solicit advice and information from educators at all levels, including those within the university system, as well as business people, government officials, legislators and legislative committees, parents, and members of the public.

7 New Paragraph; Statewide Improvement and Assessment Plan; Review Required. Amend RSA 193-C by inserting after paragraph IV the following new paragraph:

V. By June 30, 2002, and every 5 years thereafter, the state board shall review and update the statewide education improvement plan developed in accordance with RSA 193-C that describes how the department will help schools and school districts improve pupil achievement, through a process that provides opportunities for public input from parents, employers, educators, and other citizens. The plan shall include goals and strategies for the delivery of technical assistance and professional development, the sharing of best practices, the modification or expansion of existing programs, and the establishment of new programs.

8 Statewide Improvement and Assessment Program; Legislative Oversight Committee; Duties Amended. Amend RSA 193-C:8 to read as follows:

193-C:8 Duties of the Legislative Oversight Committee; Report. *The oversight committee shall:*

~~I. [The oversight committee shall review]~~ **Review** the development and implementation of the program to ensure that they are in accordance with legislative policy. Implementation of the program shall be in conjunction with the committee's review.

II. Review all of the provisions of RSA 193-C and 193-E, relative to an adequate public education and school district accountability, and file a report of such review to the speaker of the house of representatives, the president of the senate, the governor, and the chairpersons of the house and senate education committees every 2 years.

III. Prepare any legislation that is needed as a result of the review of the progress and results of the policies implemented under RSA 193-E by the legislature during the 2004 legislative session.

9 New Paragraph; State Board of Education; Duties of the State Board; Review of School Approval Standards Inserted. Amend RSA 186:11 by inserting after paragraph XXXV the following new paragraph:

XXXVI. REVIEW OF SCHOOL APPROVAL STANDARDS. No later than June 30, 2003, and every 5 years thereafter, the state board of education shall review and update as necessary school approval standards based on input from parents, employers, educators, and other citizens. No later than 60 days from the date of each review, the state board of education shall submit a report of its findings, including recommendations for proposed legislation, to the chairpersons of the house and senate education committees. At the discretion of the committee chairpersons, a public hearing on the report may be scheduled.

10 Education Quality Assurance Commission Established; Purpose. An education quality assurance commission is hereby established for the purpose of undertaking a thorough examination, analysis, and evaluation of the capacity of the department of education to provide necessary support

for the improvement of school performance. The department of education shall promptly and fully comply with the commission's requests for information and documentation, as permitted by law.

11 Membership and Compensation.

I. The members of the commission shall be as follows:

- (a) Five members of the house of representatives, appointed by the speaker of the house.
- (b) Five members of the senate, appointed by the president of the senate.

II. The commission may consult with any individual or organization with expertise or information relevant to its objectives.

III. Members of the commission shall receive mileage at the legislative rate when attending to the duties of the commission.

IV. The commission may apply for, accept, and expend any funds received from state, federal, or private grant programs.

12 Duties. The duties of the commission shall be as follows:

I. Identify operational principles which should guide the work of the department of education in supporting improved school performance and accountability.

II. Analyze existing department of education programs and initiatives which support improved school performance and accountability and determine the necessity of enhancing such programs and services, if deemed necessary.

13 Report. The commission shall issue a preliminary report on its activities by December 31, 2001 and a final report of its findings, including recommendations for changes in staffing, organization, and funding necessary for the department of education to provide necessary support to local school districts and any recommendations for proposed legislation to the senate president, the speaker of the house of representatives, the chairpersons of the house and senate education committees, and the governor, on or before February 28, 2002.

14 Effective Date. This act shall take effect July 1, 2001.

AMENDED ANALYSIS

This bill:

I. Implements a local school district assessment program to identify local school districts which are in need of assistance and to assist in improving the overall quality of educational programs and services offered by such districts.

II. Establishes a 4-year pupil achievement assessment pilot program in 10 selected school districts in the state.

III. Establishes an education quality assessment commission composed to analyze and evaluate the capacity of the department of education to provide the necessary support and services for the local school district assessment program.

IV. Clarifies the process for conducting hearings before local school boards on the issue of nonrenewal of teacher contracts, and for the appeal of such nonrenewal decisions to the state board of education.

Rep. Bowles inquired if the question was divisible. The Speaker ruled the question divisible.

Rep. Bowles moved that Sections 1 through 5 be divided from the amendment and considered separately.

Without objection, the Speaker so ordered.

The question being the adoption of Sections 1 through 5 of the amendment.

Reps. Brennan and Proulx spoke against.

Reps. Ward, Thomas and Herman spoke in favor.

Rep. Henderson spoke in favor and yielded to questions.

Rep. Herman requested a roll call; sufficiently seconded.

The question being the adoption of Sections 1 through 5 of the amendment.

and the remainder of the amendment was adopted.

Report adopted and ordered to third reading.

HB 666, permitting the placement of political advertising on highway rights-of-way. INEXPEDIENT TO LEGISLATE

Rep. Janet S. Arndt for Election Law: The committee recommitted this bill in order to look at a new amendment, which the sponsor felt would help clarify the bill. After review of the amendment, the committee still voted the bill inexpedient. If this bill passed, it would violate several federal statutes and regulations that may cause the state to lose federal funding. Size and visual clutter would also be problematic. The committee felt this bill would cause more problems than it would solve. Vote 11-2.

Rep. Leber spoke against.

Adopted.

SB 182-FN-A, establishing a brain and spinal cord injury trust fund and appropriating certain moneys to such fund. OUGHT TO PASS

Rep. Joseph P. Manning for Health, Human Services and Elderly Affairs: This bill addresses a growing problem. With the great advances in trauma treatment, many people who would not have

survived an accident now live on with severe disabilities. The fund established by this bill will be used to educate and assist families in obtaining support, advocacy, vocational help, etc., and to fund prevention efforts. The money will come from the excess incomes of the victim's assistance fund and from certain forfeited bail money, both of which now go into the General Fund. Vote 16-0. Adopted.

Referred to Finance.

SB 69-FN-A-L, relative to a New Hampshire legal assistance office in Nashua and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. James W. Craig for Judiciary: This bill establishes a New Hampshire Legal Assistance office in Nashua to service that city and its surrounding areas. New Hampshire Legal Assistance provides legal services to low income people such as housing, social security, and other government benefits, health care, domestic violence and consumer issues. It does not provide representation for criminal actions. This is a means to get basic legal services to those who need them most yet are least able to pay for them. Vote 17-2.

Amendment (1306h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to a New Hampshire Legal Assistance office in Nashua.

Amend section 1 of the bill by replacing it with the following:

1 New Hampshire Legal Assistance Office. The legislature hereby establishes a New Hampshire Legal Assistance office in the city of Nashua to provide civil legal services to low income persons in that city and the surrounding area. These civil legal services include services related to such issues as housing, social security and other government benefits, health care, domestic violence, and consumer issues.

AMENDED ANALYSIS

This bill establishes a New Hampshire Legal Assistance office in the city of Nashua to provide civil legal services to low-income persons in Nashua and the surrounding area.

Adopted.

On a division vote, 212 members having voted in the affirmative and 116 in the negative, the report was adopted.

Ordered to third reading.

SB 144-L, increasing bail commissioners' fees. **OUGHT TO PASS**

Rep. Peter S. Espiefs for Judiciary: This bill increases the fees of bail commissioners from \$20 to \$30. The fee is paid by the defendant at the time of bail proceedings before the commissioner in a criminal or civil matter. Bail commissioners are on duty 24 hours a day and must appear to set bail whenever their services are required by a district or superior court case. In addition to setting appropriate bail, the commissioner sets out the conditions of bail in writing, schedules an arraignment date, and completes all paperwork and further process required. New Hampshire bail commissioners' fees are the lowest in New England. Commissioners are not salaried employees and receive no state benefits or pensions. The committee felt that the increase was reasonable in view of the scope and demands of their responsibilities. Vote 10-2.

Adopted and ordered to third reading.

SB 133-FN-A, relative to Skyhaven airport and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. James B. Rausch for Public Works and Highways: The amended version of this bill provides for funding maintenance and operations at Skyhaven airport and additionally prioritized funding for wetland mitigation at the airport. The appropriation is contingent upon a signed agreement for the transfer of Skyhaven airport to a local public entity. It is the feeling of the committee that the city of Rochester has a definite interest in owning the facility. The committee also realized that the city doesn't want to be burdened with making repairs soon after it takes over the facility. Under this proposal, needed repairs would be completed by the state as soon as the future of the airport was determined. The amendment also ties this legislation into prior action of the legislature, Chapter 56, Laws of 2000. Vote 18-0.

Amendment (1276h)

Amend the bill by replacing all after section 2 with the following:

3 Contingency. Sections 1 and 2 of this act shall take effect upon the effective date of a signed agreement for the transfer of Skyhaven airport to a local public entity, pursuant to 1998, 317:1, I as amended by 2000, 56:1; provided that such agreement is signed before July 1, 2003. If such agreement is not signed before July 1, 2003, sections 1 and 2 of this act shall not take effect.

4 Effective Date.

I. Sections 1 and 2 of this act shall take effect as provided in section 3 of this act.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill requires the department of transportation to prioritize funding the wetland mitigation project for Skyhaven airport. The bill also appropriates funds to the Skyhaven airport maintenance and operations fund.

The provisions of this bill take effect only if an agreement for the transfer of Skyhaven airport to a local public entity is signed before July 1, 2003.

Adopted.

Report adopted and referred to Finance.

SCR 2, calling on the President and the Congress to fully fund the federal government's share of the average per pupil expenditure in public elementary and secondary schools in the United States under the Individuals with Disabilities Education Act. **OUGHT TO PASS WITH AMENDMENT**
Rep. Cynthia P. Sweeney for State-Federal Relations and Veterans Affairs: The committee continues to support a strong message to Congress and the Federal Government that the Congress fulfill its obligation to fund at 40% the Special Education costs incurred by local school districts as a result of I.D.E.A. (Individuals with Disabilities Act). Vote 14-0.

Amendment (1242h)

Amend the resolution by replacing all after the title with the following:

Whereas, when the federal government enacted the Individuals with Disabilities Education Act (IDEA), in 1975 it promised to fund up to 40 percent of the average per pupil expenditure in public elementary and secondary schools in the United States; and

Whereas, the federal government currently funds, on average, less than 14 percent of the actual cost of special education services; and

Whereas, local school districts and state government end up bearing the largest share of the cost of special education services; and

Whereas the IDEA has helped break down stereotypes and ignorance about people with disabilities, improving the quality of life and economic opportunity for millions of Americans; and

Whereas, the federal government's failure to adequately fulfill its responsibility to special needs children undermines public support for special education and creates hardship for disabled children and their families; now, therefore, be it

Resolved by the Senate, the House of Representatives concurring:

That the New Hampshire general court urges the President and the Congress to fund, not later than October 1, 2002 and prior to spending any surplus in the federal budget, 40 percent of the average per pupil expenditure in public elementary and secondary schools in the United States as promised under the Individuals with Disabilities Education Act to ensure that all children, regardless of disability, receive a quality education and are treated with the dignity and respect they deserve; and

That copies of this resolution be forwarded by the senate clerk to the President of the United States, the Speaker of the United States House of Representatives, the President of the United States Senate, and the members of the New Hampshire congressional delegation.

Adopted.

Reps. Avery and Nordgren spoke in favor.

Rep. Matthew Quandt requested a roll call, sufficiently seconded.

The question being adoption of the committee report.

and the report was unanimously adopted.
Ordered to third reading

HB 712-FN, relative to the coordination of state, regional, and local planning efforts. **OUGHT TO PASS WITH AMENDMENT**

Rep. William Johnson for Municipal and County Government: Economic growth in our state impacts all levels of society and government. It is therefore extremely important to plan land use through a coordinated process. This bill requires the Office of State Planning and the Regional Planning Commissions to develop a comprehensive development plan, comprised of the basic principles of smart growth, which are listed in the amendment. This bill also requires the Office of State Planning and the Regional Planning Commissions to provide assistance to municipalities through data collection and planning guidance. Any financial requirement, "to the extent practical", pertains only to the Office of State Planning and the Regional Planning Commissions who testified in its favor. Local planning boards can use the assistance in developing or amending their master plans at their discretion. Vote 9-4.

Amendment (1235h)

Amend the bill by replacing all after the enacting clause with the following:

1 Findings and Intent.

I. The general court finds that promoting smart growth is critical to the future well-being of the state. Since growth is often incremental and has local, regional and statewide impacts, the office of state planning and the regional planning commissions must take the lead by developing goals for their work consistent with the principles of smart growth, gathering specific data and offering guidance for the communities to use when they are developing or amending their master plans.

II. The purpose of this act is to establish a more coordinated process to create statewide and regional land use plans that promote smart growth, based upon local plans and citizen participation, and requiring the state to provide smart growth direction to regional planning goals.

2 New Subparagraph; Office of State Planning; State Development Plan; Duty Added. Amend RSA 4-C:2, I by inserting after subparagraph (c) the following new subparagraph:

(d) Coordinate and monitor the planning efforts of the regional planning commissions to ensure that the plans published by the commissions are consistent, to the extent practical, with the policies and priorities established in the state development plan.

3 State Development Plan; Consultation with Local and Regional Planning Commissions Required. Amend RSA 4-C:2, II to read as follows:

II. In preparing the state development plan, the office of state planning shall consult with the chief executive officers of the various departments and agencies of state government [~~with responsibilities which are relevant to economic development~~]. The office [~~may~~] **shall** also consult with officials of regional planning commissions and regional and local planning and development agencies [~~and representatives of business and industry~~], **local officials, representatives of the business and environmental community, and the general public.**

4 State Development Plan; Comprehensive Development Plan Components. Amend RSA 9-A:1 to read as follows:

9-A:1 Comprehensive Plan.

I. There shall be a comprehensive state development plan which establishes state policy on development related issues and proposes new or expanded programs to implement such policies. ***The plan shall provide a basis for identifying critical issues facing the state, determining state priorities, allocating limited state resources, and taking into account the plans of various state, regional, and local governmental units.***

II. The comprehensive development plan shall establish policies in areas related to the orderly ***physical, social, and economic*** growth and development of the state.

III. The comprehensive development plan shall include:

(a) [~~An analysis of the state's economic condition and needs;~~

(b) State policies to provide for the orderly [~~economic~~] ***growth and*** development of the state[;] ***and to maximize smart growth.***

[~~(c) A statement of specific goals and objectives for state economic development programs[; and];~~

(d) Policies to protect and preserve farmland and open space land and to maximize smart growth.]

(b) ***Goals and policies which are relevant to the topical areas included in the plan, including but not limited to:***

(I) ***An overall vision section that serves as the direction for the other sections of the plan. This section shall contain a set of statements which articulates the desires of the public relative to the future. It shall contain a set of guiding principles and priorities to implement that vision, with special emphasis on maximizing the smart growth principles in RSA 9-B.***

(2) A land use section which examines the state's role in land development and in funding projects and programs which affect land uses.

(3) A transportation section which considers all pertinent modes of transportation and provides a framework of policies and actions which will provide for a safe and adequate transportation system to serve the needs of the state.

(4) A public facilities section which examines the projected needs of state institutions and coordinates with other governmental units, whether federal, county, local, special districts, or school districts, as to their needs as well.

(5) A housing section which sets forth approaches to meeting the need for affordable housing.

(6) An economic development section which proposes actions and policies to suit the state's economic goals and needs, based on the current and projected economic strengths and weaknesses.

(7) A natural resources section which identifies trends in land protection, open space, farm land preservation and protection, and proposes policies and actions necessary at the state level to protect those resources which are perceived to be of statewide significance.

(8) A natural hazards section which identifies actions to improve the ability of the state to minimize damages from future disasters that affect land and property subject to such disasters.

(9) A recreation section which assesses current and future recreation needs within the foreseeable future and identifies policies and a plan of action to support them at the state level.

(10) A utility and public service section which details state level policies and actions necessary to assure adequate service to the citizens of the state.

(11) A regional concerns section which describes specific areas of the state with potentially unique concerns and identifies policies and actions which may reasonably be undertaken to assist in addressing those issues.

(12) A section which identifies state policies and actions necessary to protect cultural and historic resources of statewide significance and assist in their rehabilitation or preservation, and generally assure their availability for future generations of state citizens.

(13) An implementation section, which is a long range action program for assessing the effectiveness of each section of the plan.

IV. The comprehensive development plan shall serve as the basis for policy and program development by the various departments of state government *and the regional planning commissions. Consistent with RSA 674:2, these topics may also be addressed in local master plans. To the extent practical,* state agencies and regional planning commissions shall develop, ~~[program]~~ and local planning boards may develop, plans which are consistent with the policies and priorities established in the comprehensive development plan.

V. The comprehensive development plan shall be renewed or revised every 4 years, beginning on October 1, 2003.

5 New Paragraph; State Development Plan; Office of State Planning; Duty Added. Amend RSA 9-A:4 by inserting after paragraph III the following new paragraph:

IV. Coordinate and monitor the planning efforts of the regional planning commissions to ensure that the plans published by the commissions are consistent with the policies and priorities established in the state development plan, and vice versa.

6 State Economic Growth, Resource Protection, and Planning Policy; Report to the General Court and the Governor. Amend the introductory paragraph of RSA 9-B:6 to read as follows:

By October 1 of [each year, beginning in the year 2000:] *2001, and every 4 years thereafter,* the council on resources and development, established in RSA 162-C, shall report to the general court and the governor on the following:

7 New Paragraph; State Economic Growth, Resource Protection, and Planning Policy; Content of Annual Report. Amend RSA 9-B:6 by inserting after paragraph IV the following new paragraph:

V. An assessment on how state agencies are complying with the goals and objectives established in the statewide development plan, under RSA 9-A, and an identification of any suggested changes.

8 New Paragraphs; General Powers and Duties of the Regional Planning Commission. Amend RSA 36:47 by inserting after paragraph II the following new paragraphs:

III. Regional planning commission members shall develop a regional development plan that provides regional smart growth goals for all applicable sections of the state comprehensive plan, as outlined in RSA 9-a, and which embodies, as far as possible, all local and regional conditions.

Such plan shall be updated every 5 years or sooner if desired by the regional planning commission. Prior to its adoption, the plan shall be distributed to every library, planning board and board of selectmen/aldermen/city council in each of the communities within the region, and to the office of state planning. The regional planning commission shall address in writing all comments received prior to the publication of a final draft. A public hearing shall be held by the regional planning commission with 30 days' notice published in all newspapers of general circulation in the region, and shall state where the document can be viewed, the time and place of the public hearing, and shall allow for written comments. For each regional plan, the office of state planning shall offer comments as to its consistency with the state plan. The first regional development plans affected by this statute shall be adopted within 5 years of the effective date of this paragraph and renewed at least every 5 years thereafter.

IV. Regional planning commissions shall make a good faith effort to inform and respond to their local communities regarding the purposes and progress of their work in developing the regional development plan.

9 Local Land Use Boards; Master Plan Preparation. Amend RSA 674:3, III to read as follows:

III. During the preparation of the various sections of the master plan, the board shall inform the general public *and the office of state planning and regional planning commissions* and solicit public comments regarding the future growth of the municipality in order to involve citizens in the preparation of the master plan in a way which is most appropriate for the municipality.

10 Effective Date. This act shall take effect July 1, 2001.

Adopted.

Report adopted and ordered to third reading.

SB 193-FN-A-L, relative to changes in the property tax system and making an appropriation therefor. **OUGHT TO PASS WITH AMENDMENT**

Rep. Marilyn A. Fraser for Municipal and County Government: The basic bill as amended by the Senate establishes two boards – an assessing standards board and an equalization standards board – both administratively attached to the department of revenue administration (DRA). The duties of the assessing standards board are to adopt rules and recommend any legislation for: the annual publication of an assessing manual; the standards for the administration of the property tax and assessment of real property; the establishment of certification requirements for assessing officials; the establishment of standards for assessment practices, tax maps and other records and audit standards for the department of revenue administration; the identification of “sales-chasing” and penalties related to those practices; the process needed for public comment; and any study needed to determine the status of assessing practices or the improvement of assessing in New Hampshire. The duties of the equalization standards board are to include: reviewing ratio studies relative to the equalization process and the procedures needed to improve the ratio studies; developing standards for equalization; reviewing standards of the International Association of Assessing Officials (IAAO); and determining the ratio study procedure. These two boards are required to have at least three public forums throughout the state to receive input from any interested parties. The bill authorizes the commissioner of the DRA to adopt rules relative to the qualifications for certification, standards for continuing education and the standards for revocation or suspension of certification, which will stay in place until the Assessing Standards Board adopts rules for their assessing standards. Since there are many small municipalities that do not have a large number of real estate sales, sufficient varieties of real property or significant levels of development to justify the hiring of a professional assessor, this bill authorizes municipalities to create cooperative assessment districts in order to share the financial burden of such an assessor. The process for creating these districts and the requirements for an inter-local agreement are outlined in the bill. SB 193 also requires the DRA to make available to those boards the reports of any experts hired to analyze the States assessing practices. Section 14 of SB 193 changes the equalization formula by removing the values derived from the original stock and trade tax which are compensated through RSA 31-A, the Revenue Sharing statute. Another committee has been established to review the local selectmen's role in the assessing functions and to review the possibility of establishing a professional assessors' licensing board. The amendment to SB 193 contains the original language of HB 549 which deals with orders for reassessment made by the Board of Tax and Land Appeals (BTLA); the criteria for allowing the DRA to petition the BTLA for a local reassessment and the process needed by the DRA to require those reassessments if a municipality does not abide by the reassessment order. Vote 16-0.

Amendment (1298h)

Amend RSA 21-J:14-f as inserted by section 2 of the bill by replacing it with the following:

21-J:14-f Certification Required.

I. Every person, whether working individually, for a firm or corporation, or as a municipal or department of revenue administration employee, making appraisals of a municipality for tax assessment purposes, except elected officials making appraisals pursuant to RSA 75:1, shall be certified by the department. The commissioner shall adopt rules, pursuant to RSA 541-A, relative to qualifications for certification, standards for continuing education, and standards for revocation or suspension of certification. Rules adopted by the commissioner under this paragraph shall remain effective until the assessing standards board adopts rules under RSA 21-J:14-b, I(c).

II. No person, except boards of assessors and selectmen making appraisals pursuant to RSA 75:1, shall make appraisals on behalf of a municipality for tax assessment purposes without first obtaining the certification required by this section. Certification is non-assignable and cannot be transferred. Any person who willfully fails to obtain certification as provided in this section shall be subject to the penalties imposed under RSA 21-J:39.

III. All persons approved or certified by the department or by the New Hampshire Association of Assessing Officials on the effective date of this section shall be deemed certified subject to standards which may be developed for continuing education and revocation or suspension of certification until the assessing standards board adopts rules under RSA 21-J:14-b, I(c).

Amend RSA 21-J:14-j, I as inserted by section 2 of the bill by replacing it with the following:

I. The intergovernmental agreement used to form a cooperative assessing district shall substantially conform to the provisions outlined in RSA 53-A:3 and shall include the following:

(a) A district cost allocation formula based in whole or in part on the number of parcels of real property in each member municipality.

(b) A governing board on which each municipality in the district is represented by at least one member who has at least one vote.

(c) A term of initial membership of at least 5 years.

(d) A requirement of at least 12 months written notice and a vote of the municipality's legislative body before a member may withdraw from the district.

(e) Provisions for holding a withdrawing municipality responsible for payment of its proportionate share of future district expenses to which the district may be committed because of the withdrawing municipality's membership such as capital costs and retirement costs.

(f) Provisions that require a municipality which joins a district to provide its annual pro rata share of the district's budget without regard to whether or not said share is approved and supported by the governing body, the budget committee, or the legislative body of the municipality.

(g) Provisions for administratively attaching the district staff to a political subdivision for the purposes of accounting, payroll, retirement, insurance and fringe benefits, and for compensating that political subdivision for these administrative services.

(h) Provisions for compensation and oversight if private entities are hired by the district, rather than staff administratively attached to and serving as employees of a political subdivision.

(i) A formula for staffing the district with full-time, trained, and certified professional appraisers which may be based on the number of parcels and types of properties found in the district and other necessary staff.

Amend RSA 21-J:39, IV as inserted by section 5 of the bill by replacing it with the following:

IV.(a) No person, except elected officials making appraisals pursuant to RSA 75:1, shall willfully engage in making appraisals of a municipality for tax assessment purposes, unless such person is certified as provided in RSA 21-J:14-f.

(b) No person engaged in making appraisals of a municipality for tax assessment purposes shall willfully fail to maintain and provide the department access to the records required to be kept under RSA 21-J:14-e.

(c) Any person who violates subparagraph (a) or (b) shall be guilty of violation.

Amend the bill by inserting after section 15 the following and renumbering the original section 16 to read as 20, respectively:

16 Revenue Administration; Duties of Commissioner; Reassessment. Amend RSA 21-J:3, XXV to read as follows:

XXV. Petition the board of tax and land appeals to issue an order for reassessment of property pursuant to the board's powers under RSA 71-B:16-19 whenever the valuation of property ~~for~~

~~equalization purposes~~] in a particular city, town, or unincorporated place is disproportional to the valuation ~~[for equalization purposes in other cities, towns, or unincorporated places in the state] of other property within that city, town, or unincorporated place.~~

17 Equalization Procedure; Options. Amend the introductory paragraph of RSA 21-J:9-a, III to read as follows:

III. If less than 2 percent of the total taxable parcels in a city, town, or unincorporated place has been transferred by an arm's length sale or transfer during the 6 months prior to and 6 months following April 1 of the tax year for which such equalization is made or the commissioner determines the sales are unrepresentative of the property within the municipality, the commissioner may choose one or more of the following options ~~[in the order listed]~~:

18 New Sections; Petition for Order of Reassessment; Procedure and Expenses. Amend RSA 21-J by inserting after section 9-a the following new sections:

21-J:9-b Petition for Order of Reassessment. The commissioner, in petitioning for an order of reassessment pursuant to RSA 21-J:3, XXV, may consider any information that indicates that property in a city, town, or unincorporated place is valued disproportionately to other property within that municipality in determining whether to petition the board of tax and land appeals to issue an order for reassessment. Additionally, the commissioner shall petition the board of tax and land appeals to issue an order for reassessment of property if the following criteria are met:

I. The commissioner's most recent annual sales-assessment ratio study indicates that the coefficient of dispersion exceeds 20 employing a 95-percent level of confidence, provided however that if the sample size for a sales-assessment ratio study is less than 30, the commissioner may use a level of confidence as low as 70 percent;

II. The municipality has not conducted a full revaluation within 6 years; and

III. A municipality has not contracted for a full revaluation of the property within such municipality to be effective no later than the tax year following such determination.

21-J:9-c Orders for Reassessment. The following provisions shall govern cases in which the board of tax and land appeals has certified an order for reassessment to the department pursuant to RSA 71-B:18:

I. The commissioner may contract for the services of certified appraisers as needed to complete such reassessments in compliance with any certified orders of the board of tax and land appeals.

II. All reasonable expenses incurred by the department in completing a reassessment shall be paid in the first instance from the appropriation for the department, but each city, town, or county in the case of an unincorporated place, shall, upon notification by the commissioner of the amount due, reimburse the department for such expenses incurred as follows:

(a) The expenses for completing a reassessment, including, but not limited to, salaries of staff of the department for such time as the staff have spent on the reassessment, with the exception of expenses incurred by the department in the supervision and monitoring of appraisals pursuant to RSA 21-J:11, shall be reimbursed; and

(b) The amount of such reimbursement to the department shall, without vote of the municipality, be assessed and collected.

19 Property Taxes; What Taxes Assessed; Expenses of Reassessment. Amend RSA 76:5 to read as follows:

76:5 What Taxes Assessed. The selectmen shall seasonably assess all state and county taxes for which they have the warrants of the commissioner of revenue administration and county treasurers respectively; all taxes duly voted in their towns; and all school and village district taxes authorized by law or by vote of any school or village district duly certified to them; and all sums required to be assessed by RSA 33 *and* RSA 21-J:9-c.

AMENDED ANALYSIS

I. Establishes an assessing standards board and an equalization standards board, both of which are administratively attached to the department of revenue administration.

II. Requires appraisers, except for boards of assessors and selectmen, to be certified by the department of revenue administration. The bill grants the department the authority to audit such appraisers.

III. Permits 2 or more municipalities to form a cooperative assessing district.

IV. Makes a change in the formula for annual equalization of valuation of property by the department of revenue administration.

V. Establishes a committee to study the role of selectmen in the assessing function and the feasibility of establishing a professional assessors' licensing board.

VI. Allows the department of revenue administration to petition the board of tax and land appeals for an order of reassessment of valuation of property within a municipality. The bill also allows the department to contract for appraisers to complete reassessments and to receive reimbursement of costs.

VII. Makes an appropriation for purposes of the bill.

Rep. Patten spoke against.

Amendment failed.

Rep. Patten offered a floor amendment (1374h).

Floor Amendment (1374h)

Amend the bill by replacing all after the enacting clause with the following:

1 Administratively Attached Boards. RSA 21-J:1-a is repealed and reenacted to read as follows:

21-J:1-a Boards Administratively Attached. The following boards shall be administratively attached to the department of revenue administration, under RSA 21-G:10:

I. The current use board, established under RSA 79-A:3.

II. The assessing standards board, established under RSA 21-J:14-a.

III. The equalization standards board, established under RSA 21-J:14-b.

2 New Subdivisions; Assessing Standards Board; Equalization Standards Board; Certification of Assessors and Auditing Authority; Cooperative Assessment Districts. Amend RSA 21-J by inserting after section 14 the following new subdivisions:

Assessing Standards Board

21-J:14-a Assessing Standards Board; Members; Appointments; Terms.

I. There is hereby established an assessing standards board which shall be administratively attached to the department of revenue administration, as provided in RSA 21-J:1-a.

II. The board shall be comprised of the following members:

(a) Five members nominated by the New Hampshire Association of Assessing Officials and appointed by the governor with the consent of the council, one of whom shall be an assessing official for a town with a population of less than 5,000; one of whom shall be an assessing official for a town with a population of more than 5,000; and one of whom shall be an assessing official for a city. Each member shall hold office for the term of such member's position for 2 years and until a successor shall have been appointed and qualified. Any vacancy shall be filled for the unexpired term by the governor with the consent of the council.

(b) Two members of the senate appointed by the president of the senate. The term of each member shall be coterminous with the member's term as senator. A vacancy for an unexpired term shall be filled by the president of the senate.

(c) Two members of the house of representatives appointed by the speaker of the house. The term of each member shall be coterminous with the member's term as representative. A vacancy for an unexpired term shall be filled by the speaker of the house.

(d) The commissioner of the department of revenue administration, or the commissioner's designee.

(e) Three members of the public appointed by the governor with the consent of the council, at least one of whom shall be a selectman in a town with a population of 5,000 or less.

III. Members of the assessing standards board who are not state employees or legislators shall each be paid \$25 a day for such time as the members are actually engaged in the work of the board. All members shall be paid their actual expenses incurred as the result of such work. Non-legislative members shall be paid mileage at the same rate as state employees, but legislative members shall receive mileage at the legislative rate.

IV. The board shall annually elect a chairperson from among its members. The first meeting of the board shall be called by the first-named house member and shall be held within 30 days after the effective date of this section. A chairperson shall be elected from the board's membership at the first meeting and annually thereafter.

21-J:14-b Powers and Duties of the Board.

I. The assessing standards board shall adopt rules, pursuant to RSA 541-A, and recommend appropriate legislation relative to:

(a) The annual update and publication of an assessing procedures manual for selectmen and boards of assessors. Such manual shall include the department of revenue administration's appraisal manual, a calendar of tasks to be completed on a periodic basis including those tasks required by state statute, and such other information as the board deems necessary. The board shall examine the report of the expert hired by the department of revenue administration.

(b) Standards to be followed by assessors, selectmen, and the board of assessors throughout the state, relating to the administration of the property tax and assessment of real property used in any state property tax system.

(c) The establishment of certification, continuing education, and revocation and suspension standards for assessing officials. The commissioner of the department of revenue administration shall be responsible for enforcement of those standards.

(d) The establishment of standards for monitoring of local assessment practices by the department of revenue administration, standards for the adequacy of tax maps and other records, and standards for audit by the department of revenue administration of municipalities.

(e) The identification of practices which constitute sales-chasing and penalties to be adopted by the legislature regarding such practices.

(f) Forms and procedures necessary to fulfill the duties of the board consistent with board recommendations and to assure a fair opportunity for public comment.

(g) Any study conducted for the purpose of determining the status of assessing practices or the improvement of assessing in the state.

II. All standards and practices developed or identified by the board, pursuant to this section, shall be reviewed and updated annually. The board shall hold a series of at least 3 public forums annually throughout the state to receive general comment through verbal and written testimony on assessing standards and practices. After the public forums are concluded and the board has made its recommended changes, in accordance with paragraph III, the chairperson shall proceed to adopt any proposed rules.

III. The board, on or before December 1 of each year, shall report its findings and recommendations for proposed legislation to the governor, president of the senate, speaker of the house of representatives, the senate clerk, the house clerk, and the state library.

Equalization Standards Board

21-J:14-c Equalization Standards Board; Members; Appointments; Terms.

I. There is hereby established an equalization standards board which shall be administratively attached to the department of revenue administration, as provided in RSA 21-J:1-a.

II. The board shall be comprised of the following members:

(a)(1)(A) One member nominated by the New Hampshire Association of Counties and appointed by the governor with the consent of the council.

(B) One member nominated by the New Hampshire Association of School Boards and appointed by the governor with the consent of the council.

(C) One member nominated by the New Hampshire Municipal Association and appointed by the governor with the consent of the council.

(D) Two members nominated by the New Hampshire Association of Assessing Officials and appointed by the governor with the consent of the council, one of whom shall be an assessing official for a town with a population of less than 5,000, the other of whom shall be an assessing official for a town or city with a population of more than 5,000.

(2) Each member appointed under subparagraph (a)(1) shall hold office for 2 years, and until such member's successor shall have been appointed and qualified. Any vacancy shall be filled for the unexpired term by the governor with the consent of the council.

(b) Three members of the public, one of whom shall have experience with equalization processes and one with experience in statistics, appointed by the governor with the consent of the council. Each member shall serve for a term of 3 years and until such member's successor shall have been appointed and qualified. Any vacancy shall be filled for the unexpired term by the governor with the consent of the council.

(c) Two members of the senate, appointed by the president of the senate. The term of each member shall be coterminous with the member's term as senator. A vacancy for an unexpired term shall be filled by the president of the senate.

(d) Two members of the house of representatives, appointed by the speaker of the house. The term of each member shall be coterminous with the member's term as representative. A vacancy for an unexpired term shall be filled by the speaker of the house.

(e) The commissioner of the department of revenue administration, or the commissioner's designee.

III. Members of the equalization standards board who are not state employees or legislators shall each be paid \$25 a day for such time as the members are actually engaged in the work of the board. All members shall be paid their actual expenses incurred as a result of such work. Non-legislative members shall be paid mileage at the same rate as state employees, but legislative members shall receive mileage at the legislative rate.

IV. The first meeting of the board shall be called by the first-named senate member and shall be held within 30 days after the effective date of this section. A chairperson shall be elected from among the board's membership at the first meeting and annually thereafter.

21-J:14-d Powers and Duties of the Board. The equalization standards board shall have the following powers and duties:

I. The board shall meet, at least annually, to review the procedures of the prior year's ratio studies conducted by the department of revenue administration for the purposes of equalization and the evaluation of assessment performance and to establish procedures for improving the ratio studies for the forthcoming property tax year.

II. The board shall develop standards for equalization and shall review, revise, and approve the equalization manual published by the department of revenue administration. In developing its standards, the board shall review the standards of the International Association of Assessing Officials and any other standards that are consistent with the work of the board.

III. The board shall annually determine, vote upon, and recommend to the chairperson of the board, the ratio study procedures for use in the forthcoming tax year. The board shall hold a series of at least 3 public forums annually throughout the state to receive general comment through verbal and written testimony on the ratio study procedures. After the public forums are concluded and the board has made its recommended changes, in accordance with paragraph IV, the chairperson shall proceed to adopt any proposed rules.

IV. The board, on or before December 1 of each year, shall report its findings and recommendations for proposed legislation to the governor, president of the senate, speaker of the house of representatives, the senate clerk, the house clerk, and the state library.

V. The board shall adopt rules, on or before December 31, 2001, pursuant to RSA 541-A and with specific attention to RSA 541-A:25, relative to unfunded state mandates, relative to:

(a) Standards and procedures for the calculation of equalization ratios and confidence intervals as recommended by the board.

(b) The equalization manual.

(c) Other forms and procedures necessary to fulfill the duties of the board consistent with board recommendations and to assure a fair opportunity for public comment.

Certification of Assessors and Auditing Authority

21-J:14-e Auditing Authority. Every person, firm, or corporation making appraisals on behalf of a municipality for tax assessment purposes shall maintain records of its appraisal activities and shall make all such records available for inspection by the commissioner or authorized agents, upon request, at reasonable times during regular business hours. Any willful violation of the provisions of this section shall be subject to the penalties included in RSA 21-J:39.

21-J:14-f Certification Required.

I. Every person, whether working individually, for a firm or corporation, or as a municipal or department of revenue administration employee, making appraisals of a municipality for tax assessment purposes, except elected officials making appraisals pursuant to RSA 75:1, shall be certified by the department. The commissioner shall adopt rules, pursuant to RSA 541-A, relative to qualifications for certification, standards for continuing education, and standards for revocation or suspension of certification. Rules adopted by the commissioner under this paragraph shall remain effective until the assessing standards board adopts rules under RSA 21-J:14-b, I(c).

II. No person, except boards of assessors and selectmen making appraisals pursuant to RSA 75:1, shall make appraisals of a municipality for tax assessment purposes without first obtaining the certification required by this section. Certification is non-assignable and cannot be transferred. Any person who willfully fails to obtain certification as provided in this section shall be subject to the penalties imposed under RSA 21-J:39.

III. All persons approved or certified by the department or by the New Hampshire Association of Assessing Officials on the effective date of this section shall be deemed certified subject to standards which may be developed for continuing education and revocation or suspension of certification until the assessing standards board adopts rules under RSA 21-J:14-b, I(c).

21-J:14-g Suspension and Revocation of Certification.

I. The commissioner, after notice and hearing, may suspend or revoke the certification of any person or may refuse to issue or renew any certification for failure to comply with the provisions of RSA 21-J:14-e and RSA 21-J:14-f or with rules adopted by the commissioner under RSA 21-J:14-e and RSA 21-J:14-f.

II. Any person aggrieved by a suspension, revocation, or refusal of the commissioner may appeal from the ruling either by application to the board of tax and land appeals or by petition to the superior court in the county in which such person resides or maintains his or her business within 30 days after receiving written notice of the commissioner's ruling. The board of tax and land appeals or the court, as the case may be, shall hear the appeal forthwith.

Cooperative Assessment Districts

21-J:14-h Purpose. The general court finds that the encouragement and support of the establishment of multi-jurisdictional assessing districts is in the state's interest in order to ensure the accuracy and fairness of valuations of real property for the purposes of administration of the statewide property tax, county property taxes, school district property taxes, municipal property taxes, the distribution of various forms of state aid, and the equalization of property values among jurisdictions. The general court further recognizes that many municipalities do not have sufficient numbers of real estate parcels, sufficient varieties of real property, or sufficient levels of new development to make it practical or economical to engage full-time, trained, and certified assessing professionals. The general court further finds that the state has a vested interest in encouraging and supporting the establishment of cooperative assessing districts which can efficiently and economically provide full-time, trained, and certified assessing professionals to serve the municipalities which elect to create and join said districts.

21-J:14-i Cooperative Assessing Districts Authorized.

I. Any 2 or more municipalities may form a cooperative assessing district under this chapter by utilizing the process set forth in RSA 53-A, relative to agreements between government units.

II. A cooperative assessing district agreement may include a county as an administrative party to the agreement.

III. A cooperative assessing district may have municipalities from more than one county as members.

21-J:14-j Minimum Requirements for a District Inter-local Agreement.

I. The intergovernmental agreement used to form a cooperative assessing district shall substantially conform to the provisions outlined in RSA 53-A:3 and shall include the following:

(a) A district cost allocation formula based in whole or in part on the number of parcels of real property in each member municipality.

(b) A governing board on which each municipality in the district is represented by at least one member who has at least one vote.

(c) A term of initial membership of at least 5 years.

(d) A requirement of at least 12 months written notice and a vote of the municipality's legislative body before a member may withdraw from the district.

(e) Provisions for holding a withdrawing municipality responsible for payment of its proportionate share of future district expenses to which the district may be committed because of the withdrawing municipality's membership such as capital costs and retirement costs.

(f) Provisions that require a municipality which joins a district to provide its annual pro rata share of the district's budget without regard to whether or not said share is approved and supported by the governing body, the budget committee, or the legislative body of the municipality.

(g) Provisions for administratively attaching the district staff to a political subdivision for the purposes of accounting, payroll, retirement, insurance and fringe benefits, and for compensating that political subdivision for these administrative services.

(h) Provisions for compensation and oversight if private entities are hired by the district, rather than staff administratively attached to and serving as employees of a political subdivision.

(i) A formula for staffing the district with full-time, trained, and certified professional appraisers which may be based on the number of parcels and types of properties found in the district and other necessary staff.

II. All appraisers employed by a district shall meet current standards pursuant to RSA 21-J:14-f.

3 Duties of Commissioner; Hearings. Amend RSA 21-J:3, XVIII to read as follows:

XVIII. Hear appeals on disputed taxes, penalties, and interest *and on certification suspension, revocation, or rejection under RSA 21-J:14-g.*

4 New Paragraph; Rulemaking. Amend RSA 21-J:13 by inserting after paragraph XI the following new paragraph:

XII. Certification, enforcement, and hearing requirements under RSA 21-J:14-f and 21-J:14-g.

5 New Paragraph; Penalties. Amend RSA 21-J:39 by inserting after paragraph III the following new paragraph:

IV.(a) No person, except elected officials making appraisals pursuant to RSA 75:1, shall willfully engage in making appraisals of a municipality for tax assessment purposes, unless such person is certified as provided in RSA 21-J:14-f.

(b) No person engaged in making appraisals of a municipality for tax assessment purposes shall willfully fail to maintain and provide the department access to the records required to be kept under RSA 21-J:14-e.

(c) Any person who violates subparagraph (a) or (b) shall be guilty of violation.

6 New Section; Option to Assign Appraisal Responsibility. Amend RSA 31 by inserting after section 95-f the following new section:

31:95-g Option to Assign Appraisal Responsibility. The legislative body of any municipality may vote to authorize the elected officials to delegate the assessing functions imposed on them under RSA 75:1, 75:11, and 79-A:5 to a person certified by the department of revenue administration under RSA 21-J:14-f.

7 Appraisals; Oaths of Selectmen and Assessors. Amend RSA 75:7 to read as follows:

75:7 Oath. The selectmen and assessors shall take and subscribe upon the copies or original inventories and assessments of both resident and nonresident taxes, furnished by them to the town clerks in their respective towns, to be recorded in the clerk's records, the following oath, which may be subscribed before any justice of the peace or notary public: We, the selectmen and assessors of _____, ~~[do solemnly swear]~~ *certify under the penalty of perjury that in making the inventory for the purpose of assessing the foregoing taxes [we appraised] all taxable property was appraised to the best of our knowledge and belief at its full value, [and as we would appraise the same in payment of a just debt due from a solvent debtor. So help us God] in accordance with state appraisal standards.*

8 Expert Report. The commissioner of the department of revenue administration shall make available to the assessing standards board, established under RSA 21-J:14-a, and the equalization standards board, established under RSA 21-J:14-c, the findings and reports of any expert hired by the department to analyze the state's equalization and assessing practices. Both boards shall consider the expert's findings in carrying out their statutory duties.

9 Committee Established. There is hereby established a committee to study the role of selectmen in the assessing function and to study the feasibility of establishing a professional assessors' licensing board to improve the practice of assessing in the state of New Hampshire.

10 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Three members of the senate, appointed by the president of the senate.

(b) Three members of the house of representatives, appointed by the speaker of the house.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

11 Duties. The committee shall study:

I. The role of selectmen in the assessing process.

II. The feasibility of establishing a professional assessors licensing board. The committee shall focus on whether such a board would improve the practice of assessing the state of New Hampshire and on the related part I, article 28-a cost issues.

III. Other matters pertaining to improving the administration and equity of the state's property tax system.

12 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Four members of the committee shall constitute a quorum.

13 Report. The committee shall report its findings and any recommendations for proposed legislation to the governor, the president of the senate, the speaker of the house of representatives, the senate clerk, the house clerk, and the state library on or before December 1, 2001.

14 Equalized Valuation. Amend RSA 21-J:3, XIII to read as follows:

XIII. Equalize annually by May 1 the valuation of the property as assessed in the several towns, cities, and unincorporated places in the state including the value of property exempt pursuant to RSA 72:37, 72:37-b, 72:39-a, 72:62, 72:66, and 72:70 by adding to or deducting from the aggregate valuation of the property in towns, cities, and unincorporated places such sums as will bring such valuations to the true and market value of the property, ~~[including the equalized value of property formerly taxed pursuant to the provisions of RSA 72:7, 72:15, I, V, VII, VIII, IX, X, and XI, 72:16, 72:17, 73:26, 73:27, and 73:11 through 16 inclusive, which were relieved from taxation by the laws of 1970, 5:3, 5:8, 57:12, and 57:15, the equalized valuation of which is to be determined by the amount of revenue returned in such year in accordance with RSA 31-A,]~~ and by making such adjustments in the value of other property from which the towns, cities, and unincorporated places receive taxes or payments in lieu of taxes as may be equitable and just, so that any public taxes that may be apportioned among them shall be equal and just. In carrying out the duty to equalize the valuation of property, the commissioner shall follow the procedures set forth in RSA 21-J:9-a.

15 Revenue Administration; Duties of Commissioner; Reassessment. Amend RSA 21-J:3, XXV to read as follows:

XXV. Petition the board of tax and land appeals to issue an order for reassessment of property pursuant to the board's powers under RSA 71-B:16-19 whenever the valuation of property ~~[for equalization purposes]~~ in a particular city, town, or unincorporated place is disproportional to the valuation ~~[for equalization purposes in other cities, towns, or unincorporated places in the state]~~ *of other property within that city, town, or unincorporated place.*

16 Equalization Procedure; Options. Amend the introductory paragraph of RSA 21-J:9-a, III to read as follows:

III. If less than 2 percent of the total taxable parcels in a city, town, or unincorporated place has been transferred by an arm's length sale or transfer during the 6 months prior to and 6 months following April 1 of the tax year for which such equalization is made or the commissioner determines the sales are unrepresentative of the property within the municipality, the commissioner may choose one or more of the following options ~~[in the order listed]:~~

17 New Sections; Petition for Order of Reassessment; Procedure and Expenses. Amend RSA 21-J by inserting after section 9-a the following new sections:

21-J:9-b Petition for Order of Reassessment. The commissioner, in petitioning for an order of reassessment pursuant to RSA 21-J:3, XXV, may consider any information that indicates that property in a city, town, or unincorporated place is valued disproportionately to other property within that municipality in determining whether to petition the board of tax and land appeals to issue an order for reassessment. Additionally, the commissioner shall petition the board of tax and land appeals to issue an order for reassessment of property if the following criteria are met:

I. The commissioner's most recent annual sales-assessment ratio study indicates that the coefficient of dispersion exceeds 20 employing a 95-percent level of confidence, provided however that if the sample size for a sales-assessment ratio study is less than 30, the commissioner may use a level of confidence as low as 70 percent;

II. The municipality has not conducted a full revaluation within 6 years; and

III. A municipality has not contracted for a full revaluation of the property within such municipality to be effective no later than the tax year following such determination.

21-J:9-c Orders for Reassessment. The following provisions shall govern cases in which the board of tax and land appeals has certified an order for reassessment to the department pursuant to RSA 71-B:18:

I. The commissioner may contract for the services of certified appraisers as needed to complete such reassessments in compliance with any certified orders of the board of tax and land appeals.

II. All reasonable expenses incurred by the department in completing a reassessment shall be paid in the first instance from the appropriation for the department, but each city, town, or county in the case of an unincorporated place, shall, upon notification by the commissioner of the amount due, reimburse the department for such expenses incurred as follows:

(a) The expenses for completing a reassessment, including, but not limited to, salaries of staff of the department for such time as the staff have spent on the reassessment, with the exception of expenses incurred by the department in the supervision and monitoring of appraisals pursuant to RSA 21-J:11, shall be reimbursed; and

(b) The amount of such reimbursement to the department shall, without vote of the municipality, be assessed and collected.

18 Property Taxes; What Taxes Assessed; Expenses of Reassessment. Amend RSA 76:5 to read as follows:

76:5 What Taxes Assessed. The selectmen shall seasonably assess all state and county taxes for which they have the warrants of the commissioner of revenue administration and county treasurers respectively; all taxes duly voted in their towns; and all school and village district taxes authorized by law or by vote of any school or village district duly certified to them; and all sums required to be assessed by RSA 33 *and RSA 21-J:9-c*.

19 Effective Date.

I. Sections 9-13 of this act shall take effect upon its passage.

II. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

I. Establishes an assessing standards board and an equalization standards board, both of which are administratively attached to the department of revenue administration.

II. Requires appraisers, except for boards of assessors and selectmen, to be certified by the department of revenue administration. The bill grants the department the authority to audit such appraisers.

III. Permits 2 or more municipalities to form a cooperative assessing district.

IV. Makes a change in the formula for annual equalization of valuation of property by the department of revenue administration.

V. Establishes a committee to study the role of selectmen in the assessing function and the feasibility of establishing a professional assessors' licensing board.

VI. Allows the department of revenue administration to petition the board of tax and land appeals for an order of reassessment of valuation of property within a municipality. The bill also allows the department to contract for appraisers to complete reassessments and to receive reimbursement of costs. Rep. Patten spoke in favor and yielded to questions.

Rep. Marilyn Fraser spoke in favor.

Adopted.

Report adopted and ordered to third reading.

SENATE MESSAGE

REQUEST CONCURRENCE WITH AMENDMENT

HB 310 FN-A, setting the rate for the medicaid enhancement tax for the biennium ending June 30, 2003. (Amendment printed SJ 5/31/01)

Rep. Alukonis moved that the House concur.

Adopted.

RESOLUTION

Rep. Scanlan offered the following: RESOLVED, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Thursday, June 7, 2001 at 10:00 a.m.

Adopted.

LATE SESSION

Third reading and final passage

HB 386, relative to the relocation of the principal residence of a child.

SB 74, relative to providing services under the Child Protection Act.

HB 631-L, relative to access to public school programs by nonpublic or home educated pupils.

- SB 130-FN**, extending the period in which an expired electrician's license may be renewed.
- SB 132**, directing the department of health and human services to coordinate a comprehensive review of demographic trends in the New Hampshire population and the impact of such trends.
- SB 167-FN-A**, relative to the medicaid payment for long-term care services.
- SB 62**, relative to guardianships.
- SB 82**, relative to service of process in marital matters.
- SB 100**, establishing a committee to study the feasibility of creating a mental health court division.
- SB 134-FN-A**, establishing a committee to study allowing the use of business logo signing on the mainline of limited access and divided highways.
- SB 107-FN**, relative to violations of motor vehicle laws by foreign diplomatic and consular officers.
- SB 165-FN**, relative to the sale, registration, and use of 3-wheeled all-terrain vehicles for off-highway recreational use.
- HB 523**, relative to filing fees and legislative approval of certain settlements by the attorney generals.
- SB 58**, revising the requirements for a license as a bingo supplies or lucky 7 tickets distributor.
- SB 147**, relative to the calculation of stumpage value in determining the timber tax assessment.
- SB 164-FN-A-L**, establishing a comprehensive statewide accountability system concerning an adequate education.
- SB 69-FN-A-L**, relative to a New Hampshire legal assistance office in Nashua and making an appropriation therefor.
- SB 144-L**, increasing bail commissioners' fees.
- SCR 2**, calling on the President and the Congress to fully fund the federal government's share of the average per pupil expenditure in public elementary and secondary schools in the United States under the Individuals with Disabilities Education Act.
- HB 712-FN**, relative to the coordination of state, regional, and local planning efforts.
- SB 193-FN-A-L**, relative to changes in the property tax system and making an appropriation therefor.

UNANIMOUS CONSENT

Rep. Burling moved that the remarks made by Reps. Buckley, Rosen and Avery be printed in the Permanent Journal.

Adopted.

REMARKS

Rep. Buckley: Thank you, Mr. Speaker. Last week we once again heard moving stories about the men and women who so bravely served our country. Over the years, I have come to look forward to and deeply appreciate the fine tradition of this House to pause every so often from the debates of the day to honor those among us, and all those who wore our nation's uniform, those who are no longer with us and those who never returned.

I rise today to honor the memory of one particular soldier who never returned to his native Granite State. As you enter the State House through the Hall of Flags, in a place, I believe of high honor, we have a display that lists the names of those still listed as missing in action in the Korean conflict and Vietnam War. The first name listed is US Army Corporal Arthur Delbert Buckley of Cheshire County. My dad's cousin was not yet twenty years old when he was declared missing in action on December 9, 1950, which was two days after my dad's tenth birthday. Over the years, it has been with great reverence, pride and emotion that my dad has shared with his children and grandchildren the story of his brave young cousin.

Young Arthur Buckley was eager to fight for America and it must have been frustrating for him as a young adolescent during World War II. Following the war, at age 15, he joined the US Navy but was, of course, promptly sent home when they discovered his true age. After his 17th birthday, he joined the US Army. While in Keene between his basic training and heading out for Korea, Arthur made headlines in the *Keene Sentinel* by saving the life of a man by leaping into a burning dump fire and pulling the man out while other bystanders stood frozen with utter fear.

Those two examples of his willingness to fight and his bravery give added credence to the last story my family ever heard regarding Arthur. Following the declaration of Arthur's MIA status, his father was visited by a man who served with Arthur in Korea. He was told of Arthur's last act of bravery. While wounded and unable to walk, Arthur insisted that he be allowed to stay behind – alone – to fight the advancing Communist troops allowing for the rest of the men to escape to safety. The young man told my dad's uncle that without young Arthur's brave sacrifice it was unlikely that any of them would have survived.

So I rise today, this week of Memorial Day, to mark the 50th Memorial Day that has been celebrated since US Army Corporal Arthur Delbert Buckley, that brave teenager from Keene, New Hampshire, was lost. I also rise today to honor his memory, the memory of the other 19 men still listed as missing in action from Korea and all those who have ever served our country. Thank you.

Rep. Rosen: Thank you, Mr. Speaker. This is a brief reminder that we have an important anniversary coming up this weekend, next week, anniversary of the Battle of Midway. Battle of Midway is probably one of the most important battles or events in the history of the United States that changed our whole future. It compares in importance to other battles in the world, naval battles, by the way, that were important to the whole world. I was speaking to someone who remembers the Battle of Salamis sometime before the birth of Christ when the Greeks turned back the Persians and thus preserved the western way of life, the western thought as opposed to the eastern despotism. This battle was the same sort of thing. The Japanese came up with their carriers, and we had battle and fortunately, we turned them back. We hear a lot these days about the events at Pearl Harbor, truly a significant and tragic event. It was important, it brought us into the war. But remember our carriers were not at Pearl Harbor, they did escape that carnage. They went on to fight the Japanese and eventually won. What the history of the United States would have been if we had lost Midway, I don't know. We might have won the war finally but it would have been a far different battle and much more costly. I ask you all to think of the people who fought in the Battle of Midway. I was not one of them by the way, but please think of them. Thank you.

Rep. Avery: Thank you, Mr. Speaker. I just wanted to take a couple of minutes to call to attention to the enormous support that members of this House have contributed to Memorial Day ceremonies over the past four days culminating with an outstanding event that took place last night at the Center of New Hampshire. Mr. Speaker, over 500 people attended a salute to 320 years of military history in New Hampshire. An esteemed keynote speaker, Senator Bob Dole, who has been the prime mover for the World War II memorial in Washington, DC, has lent his support and efforts here in New Hampshire to raise money for the Veterans' Cemetery in Boscawen.

Mr. Speaker, I would like to acknowledge all the members here who have served their country in uniform. Would all the members, who have served in the military, please stand for a moment. On behalf of all of us, we thank you for your service.

RECESS MOTION

Rep. Scanlan moved that the House stand in recess for the purpose of introduction of bills, enrolled bill amendments, enrolled bill reports and receiving Senate messages only.

Adopted.

The House recessed at 1:25 p.m.

ENROLLED BILL AMENDMENTS

HB 164, relative to exceptions to the confidentiality of certain department of employment security records.

Amendment (1463-EBA)

Amend the bill by replacing section I with the following:

I Employment Security; Unemployment Compensation; Confidentiality of Reports or Statements.
Amend RSA 282-A:118, II-III to read as follows:

II. That a claimant may inspect records and reports of an individual or employing unit which are directly connected with any claim for benefits which he may have made, including any which he has submitted in support of his claim for benefits; but he shall not be entitled to inspect the separate account or records directly connected therewith of any employing unit; [and]

III. That public employees in the performance of their public duties may inspect records and reports of an individual, an employing unit, or a claimant where such information will aid in the performance of their public duties;

IV. That authorized federal employees granted access as provided in paragraph III shall be granted access on a case-by-case basis. In no event shall access to or copies of any database, whether written, electronic, or other, be provided to any agency, employee, or agent of the federal government except as required by federal or state law and duly authorized by the commissioner; and

V. That for the purpose of assessing governmental performance and accountability, the commissioner may provide information to the Wage Record Interchange System developed by the U.S. Department of Labor as administered by the National Association of State Workforce Agencies (NASWA) and utilized by each state's Performance Accountability and Customer Information Agency (PACIA). The use of the information shall be limited to the purposes contained in the federal Workforce Investment Act or the Wagner-Peyser Act. Information under this paragraph shall only be provided upon a finding by the commissioner that sufficient guarantees of continued confidentiality are in place.

RECESS

(Speaker Chandler in the Chair)

Rep. Scanlan moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 20

Thursday, June 7, 2001

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, The Reverend Hays M. Junkin, Rector of Saint Andrew’s Episcopal Church in Hopkinton.

Compassionate Creator, in You we live and move and have our being. We thank You today for the life of Dorothy Osborn and for all the men and women of our beloved New Hampshire who give generously of their time, wisdom, and treasure to support us and generations to come. May the work of this honorable House reflect the true benefits of freedom and democracy, which empowers us as citizens to be ambassadors of Your grace and love. Amen.

Rep. Robert Fesh led the Pledge of Allegiance.

Sara Blanchard, a student from Merrimack Valley High School, sang our National Anthem.

LEAVES OF ABSENCE

Reps. Cardin, Chris Christensen, Dudley, Ginsburg, Jane Kelley, Langone, Lent, O’Keefe, Pepino, Pitts and Irene Pratt, the day, illness.

Reps. Nelson Allan, Bergin, DePecol, Dewhirst, Fairbanks, Marilyn Fraser, Naida Kaen, Leishman, McDonough-Wallace, Pappas, Marsha Pelletier, Neil Reardon, Salts, Shultis, Taylor, Tsiros and Weatherspoon, the day, important business.

Reps. Carlson and McCarthy, the day, illness in the family.

INTRODUCTION OF GUESTS

Meredith Cooper, guest of Rep. Owen. Rosemary Fesh, wife of Rep. Fesh. Abigail, Zachary, Nathaniel, Olivia and Cheryl Taylor and Janine, Maria, Ryan, Peter and Mark Landry, guests of the Londonderry delegation. Krishna Prajapati, guest of Reps. Seldin and Gile. Dr. James Backer, guest of Rep. Balcom. Richard Guinta, father of Rep. Guinta.

SPECIAL GUEST

Laura Gerraughty, a student from Nashua High School, three-time high school all American athlete, current top placed national high school shot putter and the Manchester Union Leader’s 2001 Athlete of the Year, with her parents Donna and Jim Gerraughty, guests of the House.

AMENDMENT TO HOUSE RULES

The Rules Committee offered the following:

Amendment (1410h)

Amend House Rule 64 by adding the following:

Legislative action in the second-year session shall be subject to the following deadlines:

Thursday, January 24, 2002	Last day to report retained bills and supplemental House bills being referred to a second committee.
Thursday, January 31, 2002	Last day to act on retained bills and supplemental House bills being referred to a second committee.
Thursday, February 21, 2002	Last day to report all remaining retained bills and supplemental House bills.
Thursday, March 7, 2002	CROSSOVER. Last day to act on all remaining retained bills and supplemental House bills.
Friday, May 3, 2002	Last day to act on committee of conference reports.

Reps. Scanlan and Burling moved that the amendment to House Rule 64, establishing deadlines for legislative action in the second-year, be adopted.

Adopted.

Adopted.

HB 570, relative to the unemployment compensation law. (Amendment printed SJ 6/05/01)

Rep. Gilman moved that the House concur.

Rep. Clegg spoke in favor.

Adopted.

HB 499, making state-appointed advisory committees subject to the right-to-know law. (Amendment printed SJ 6/05/01)

Rep. Mock moved that the House concur and spoke in favor.

Adopted.

HJR 5, encouraging the use of renewable energy systems in new or rehabilitated state buildings. (Amendment printed SJ 5/31/01)

Rep. Edwin Smith moved that the House concur and spoke in favor.

Adopted.

HB 459-FN, relative to inspection requirements for antique vehicles. (Amendment printed SJ 5/01/01)

Rep. Packard moved that the House concur and spoke in favor.

Adopted.

HB 615, relative to the duties of motor vehicle inspectors. (Amendment printed SJ 5/24/01)

Rep. Packard moved that the House concur and spoke in favor.

Adopted.

HB 332-FN-L, relative to resuscitation protocols for emergency medical care providers and relative to payment of autopsy expenses. (Amendment printed SJ 5/31/01)

Rep. Batula moved that the House nonconcur and request a Committee of Conference.

Adopted.

The Speaker appointed Reps. Batula, Pilliod, French and Rogers Johnson.

NONCONCURS WITH AMENDMENTS

REQUESTS COMMITTEE OF CONFERENCE

SB 18, relative to termination of small trusts.

The President appointed Sens. Gordon, Roberge and Pignatelli.

Rep. Mock moved that the House accede.

Adopted.

The Speaker appointed Reps. Craig, Rowe, Reid and Espieffs.

COMMITTEE REPORTS

CONSENT CALENDAR

Rep. Scanlan moved that the Consent Calendar with the relevant amendments as printed in the day's House Record be adopted.

SB 99, relative to the exemption from the community benefits law for charitable trusts, removed by Rep. Kenney.

HB 678, relative to notice of release of an inmate from state prison, removed by Rep. Welch.

SB 168-FN, relative to education property tax hardship relief, removed by Rep. Alukonis.

Consent Calendar adopted.

SB 21, establishing a commission to develop recommendations for legislation to reduce regulatory barriers to the creation of affordable housing. **OUGHT TO PASS WITH AMENDMENT**

Rep. Leo W. Fraser, Jr. for Commerce: This bill establishes a commission to develop recommendations toward reducing regulation barriers to the creation of affordable housing. The commission as constituted by the Senate provides for 21 members, which includes selectmen, legislators, public members, as well as representatives of the housing industry. The Commerce Committee added to the commission the director of the Granite State Foundation for Independent Living or designee as well as deleted from the commission one of the Selectmen. Further we have added to the purpose clause the need to recognize individuals with disabilities and families with members with disabilities.

Amendment (1292h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a commission to develop recommendations for legislation to reduce regulatory barriers to and possible incentives for the creation of affordable housing in order to encourage the development of such housing.

Amend the bill by replacing sections 1-4 with the following:

1 Declaration of Purpose. The general court has recently recognized that an acute shortage of housing affordable to a large number of working households, individuals with disabilities and families with members with disabilities in this state is approaching crisis proportions and that for households on fixed or low incomes, the shortage of affordable housing, with the resulting increase in housing costs, presents an immediate threat of homelessness. The general court has also found that this situation threatens to undermine the state's capacity for economic growth by limiting the ability of employers to attract and retain workers. The general court has further found that local land use ordinances and other government regulations may create barriers to a response by the market to the demand for affordable housing. The general court now finds that it is necessary to act to encourage the private and non-profit sectors to address the critical shortage of affordable housing by reducing unnecessary regulatory barriers and encouraging the development of such housing. The commission established by this act is intended to recommend legislation that can accomplish this important goal without compromising the legitimate environmental, health, and safety concerns of local communities.

2 Commission Established. There is established a commission to develop and recommend legislation aimed at reducing regulatory barriers to the creation of affordable housing, encouraging the development thereof, including possible incentives to build such housing, in order to maintain safe, healthy, and diverse communities for all residents of New Hampshire.

3 Membership.

I. The members of the commission shall be as follows:

- (a) Two members of the senate, appointed by the senate president.
- (b) Two members of the house of representatives, appointed by the speaker of the house of representatives.
- (c) Three public members, appointed by the governor.
- (d) The executive director of the New Hampshire Municipal Association, or designee.
- (e) The executive director of the New Hampshire Home Builders Association, or designee.
- (f) The executive director of the office of state planning, or designee.
- (g) The executive director of the New Hampshire housing finance authority, or designee.
- (h) The executive director of the New Hampshire Realtors Association, or designee.
- (i) The chair of a town board of selectmen, appointed by the senate president.
- (j) The executive director of a community-based, non-profit housing developer, appointed by the governor.
- (k) The president of the New Hampshire Manufactured Housing Association, or designee.
- (l) A professional planner from a regional planning commission, appointed by the speaker of the house.
- (m) The president of the New Hampshire community loan fund, or designee.
- (n) The president of the New Hampshire Property Owners Association, or designee.
- (o) The mayor of a city or designee, appointed by the senate president.
- (p) The commissioner of the department of health and human services, or designee.
- (q) The director of the Granite State Foundation for Independent Living, or designee.
- (r) A president of a local chamber of commerce, or designee, appointed by the governor.

II. The legislative members of the commission shall receive mileage at the legislative rate when attending to the duties of the committee.

4 Duties. The commission shall:

I. Identify unnecessary local and state regulatory policies and practices which create barriers to the production of affordable housing; and

II. Recommend state legislation and local policy changes which will encourage the creation of affordable housing, including possible incentives to build such housing, in order to maintain the health, safety, and diversity of local communities and residents of the state.

SB 41, relative to technical corrections for life, accident and health insurance. OUGHT TO PASS WITH AMENDMENT

Rep. Leo W. Fraser, Jr. for Commerce: Sections 3, 4 and 5 of SB 41 mandates allowances of \$350 per year toward the purchase of scalp hair prostheses (a wig) for alopecia medicamentosa, resulting from the treatment from any form of cancer or leukemia. It also repeals RSA 420-D:1, I relative to the advisory council on continuing care. Part 1 and Part 2 have to do with extending the period of coverage for dependent child under title XVIII of the Social Security Act. Part 2 of the bill allows certain retirees and dependents who have experienced a substantial loss within one year of the employers filing for protection under the bankruptcy provisions of the United States Code to have coverage extended for 35 months. Vote 14-0.

Amendment (1218h)

Amend the bill by replacing all after section 2 with the following:

3 Coverage for Scalp Hair Prostheses. Amend RSA 415:18-d, I to read as follows:

I. Each insurer that issues or renews any policy of group or blanket accident or health insurance providing benefits for medical or hospital expenses and which also provides coverage for other prostheses, shall provide to each group, or to the portion of each group comprised of certificate holders of such insurance who are residents of this state and whose principal place of employment is in this state, coverage for expenses for scalp hair prostheses worn for hair loss suffered as a result of alopecia areata, alopecia totalis, *alopecia medicamentosa resulting from the treatment from any form of cancer or leukemia*, or permanent loss of scalp hair due to injury. Such coverage, however, shall be subject to a written recommendation by the treating physician stating that the hair prosthesis is a medical necessity. Such coverage shall be subject to the same limitations and guidelines as other prostheses, *provided, that such coverage for alopecia medicamentosa shall not exceed \$350 per year.*

4 Coverage for Scalp Hair Prostheses. Amend RSA 420-A:14, I to read as follows:

I. Every health service corporation and every other similar corporation licensed under the laws of another state, which provides coverage for other prostheses, shall provide to each group, or to the portion of each group comprised of certificate holders of such insurance who are residents of this state and whose principal place of employment is in this state, coverage for expenses for scalp hair prostheses worn for hair loss suffered as a result of alopecia areata, alopecia totalis, *alopecia medicamentosa resulting from the treatment from any form of cancer or leukemia*, or permanent loss of scalp hair due to injury. Such coverage, however, shall be subject to a written recommendation by the treating physician stating that the hair prosthesis is a medical necessity. Such coverage shall be subject to the same limitations and guidelines as other prostheses, *provided, that such coverage for alopecia medicamentosa shall not exceed \$350 per year.*

5 Benefits for Scalp hair Prostheses. Amend RSA 420-B:8-f, I to read as follows:

I. Benefits for scalp hair prostheses shall conform to the requirements of RSA ~~[415:18-c]~~ **415:18-d**. Such benefits shall not be subject to any greater deductible than any other prostheses benefits provided by the health maintenance organization. The coinsurance required by the enrolled participant shall not exceed the amount allowed under the contract for the reasonable and customary charge for the services provided. Such coverage, however, shall be subject to a written recommendation by the treating physician stating that the hair prosthesis is a medical necessity. Such coverage shall be subject to the same limitations and guidelines as other prostheses.

6 Repeal. The following are repealed:

I. RSA 420-D:1, I, relative to the definition of advisory council.

II. RSA 420-D:19, relative to the advisory council on continuing care.

7 Effective Date. This act shall take effect 60 days after its passage.

SB 47, relative to ownership of certified public accounting firms. **OUGHT TO PASS**

Rep. Paul D. Spiess for Commerce: This bill amends RSA 309-B: 8 pertaining to Certified Public Accounting (CPA) firms. The current law requires that not less than two-thirds of the ownership of such firms belong to individuals who are licensed CPA's. This bill drops the statutory ownership requirement from 66.66% to 51%. The stated purpose of the proposed change is to allow increased ownership by non-licensed individuals who provide skills and services to the firm and its clients in areas other than public accounting. The committee believes that flexibility and adaptability of ownership are essential elements to survival in the rapidly changing financial services industry. By keeping the standard at 51%, effective control of the firm remains vested individually licensed CPA's, but allows firms to attract professionals with other areas of specialization into the ownership structure. Vote 12-2.

SB 51, relative to financial holding companies; cash dispensing machines; the participation in meetings by out-of-state, nondepository trust company directors; and a clarification of the status of student loans. **OUGHT TO PASS WITH AMENDMENT**

Rep. Leo W. Fraser, Jr. for Commerce: This bill contains several sections all regarding the conduct of financial interest. Part I amends the incorporation provisions of our banking laws to bring them into compliance with Gramm-Leach-Bliley, the federal Financial Services Modernization Act. Part 2 also applies to Gramm-Leach-Bliley and another financial holding company. The ability to incorporate a land or trust company in its own right with incorporations. The next five sections of the bill have to do with licensing of operations of cash dispensing machines. Currently ATM's are required to register with the Banking Department with little or no regulatory oversight. The committee felt that the new regulations included in the bill were extreme and would be harmful in maintaining a competitive marketplace for ATM's. Competition is critical if we hope to increase the availability of ATM's and central ATM fees. Therefore that portion of the bill was converted to a study committee. We felt that this issue should be explored and a hearing held on its own merits. Section 7 relaxes a requirement on members serving on boards of some financial institutions (trustees of non-depository trust companies). The final section of SB 51 brings the state of New Hampshire in compliance with the federal government on student loan issues. Vote 14-0.

Amendment (1366h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to financial holding companies, establishing a cash dispensing machines study committee, and relative to the participation in meetings by out-of-state, nondepository trust company directors, and clarifying the status of student loans.

Amend the bill by replacing all after section 2 with the following:

3 Committee to Study Licensing Cash Dispensing Machines.

I. There is established a committee to study licensing cash dispensing machines.

II.(a) The members of the committee shall be as follows:

(1) Two members of the house of representatives, appointed by the speaker of the house.

(2) One member of the senate, appointed by the president of the senate.

(b) Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

III. The duty of the committee shall be to study the licensing of cash dispensing machines.

IV. The members of the study committee shall elect a chairperson from among the members.

The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Two members of the committee shall constitute a quorum.

V. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2001.

4 Directors; Participation in Meetings. Amend RSA 384:7-b to read as follows:

384:7-b Participation in Meetings. Unless the charter or bylaws provide otherwise, a board of directors or trustees may permit any or all directors or trustees to participate in a regular or special meeting by, or conduct the meeting through the use of, any means of communication by which all of the directors or trustees participating may simultaneously hear each other during the meeting. A director or trustee participating in a meeting by this means is deemed to be present in person at the meeting. However, a director or trustee shall be physically present at a majority of the meetings such director or trustee attends. *If any member of the board of directors of a nondepository trust company resides outside of the state of New Hampshire, the board may permit such out-of-state director to be physically present at a lesser number of meetings, if such arrangement is approved in writing by the bank commissioner, based upon a finding that the safety and soundness of such trust company will not be impaired by such less frequent physical presence.*

5 Consumer Credit Transactions; Application of Chapter to Student Loans. Amend RSA 358-K:6 to read as follows:

358-K:6 Application of Chapter to Types of Transactions. The provisions of this chapter shall apply to all consumer credit transactions, both secured and unsecured, including those transactions secured by a real property mortgage. *The provisions of this chapter shall not apply to student loans, the proceeds of which are exclusively for the payment of tuition and other education-related expenses.*

6 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill

(1) Adds references to financial holding companies to provisions regarding incorporation of banks.

(2) Creates a committee to study licensing cash dispensing machines.

(3) Permits out-of-state directors of nondepository trust companies to be physically present at fewer directors' meetings under certain circumstances.

(4) Clarifies that student loans are not subject to regulation as consumer credit transactions under RSA 358-K.

SB 76-FN, requiring attendance in an education and training program by those who obtain a liquor license and relative to applications for one-day liquor licenses. **OUGHT TO PASS**

Rep. Stephen G. Avery for Commerce: This is a new program that would require all new retail liquor licensees to attend a training program administered by the liquor commission. This is a different program than the one now administered for bartenders and service personnel. The training program will be provided at no charge and will give the licensee an overview of laws and regulations affecting his or her license. Vote 14-0.

SB 83, relative to the New Hampshire film and television commission. **OUGHT TO PASS**

Rep. Leo W. Fraser, Jr. for Commerce: This legislation repeals the sunset date allowing the New Hampshire Television and Film Commission to continue its important work in promoting New Hampshire as an ideal destination for filming. The impact of the television and film industry

particularly benefits the state's travel and tourism efforts and ultimately the state's economy. As we all know, New Hampshire offers a number of scenic and cultural amenities that attracts millions of visitors each year. These visitors bring approximately \$2.8 billion annually into our state and contribute a great deal to state general fund revenues. By showcasing New Hampshire through film and television, the state will have an even greater opportunity to promote the state to potential visitors throughout the world. The economic benefit of bringing film production is important. DRED reports that in 2000 \$500,000 came into the state through film projects alone, with no marketing dollars spent. Revenues for film promotion come from lodging, meals, crew hires, equipment purchases, facility rentals and car rentals. This legislation is an important step in supporting the Film Commission in their efforts to compete with other states in pursuing film and television. Vote 12-0.

SB 98, relative to notice requirements prior to the sale of manufactured housing parks. **OUGHT TO PASS**

Rep. Leo W. Fraser, Jr. for Commerce: This bill requires mobile home park owners who intend to sell their park to not only notify the tenants under current law, but also send notification to the New Hampshire Housing Finance Authority. This additional notice will offer to the tenants the opportunity to learn of an additional possible financial vehicle that may be available should they desire to purchase the park themselves. Vote 12-2.

SB 106, relative to consumers' cooperative associations. **OUGHT TO PASS**

Rep. Gene B. Marshall for Commerce: This bill increases the flexibility in the Consumers' Cooperative Association statute, permitting the Hanover Co-op (and other co-ops organized under RSA 301, if any) to amend their bylaws in a number of ways to improve efficiency of operations. No one appeared to oppose this bill, and the only real question was whether or not the state should remain involved in setting parameters for these by-law issues. The Hanover Co-op made it clear that they were deeply desirous of having a state-sanctioned framework within which to operate. Vote 14-0.

SB 108, relative to the definition of "funeral home." **INEXPEDIENT TO LEGISLATE**

Rep. John B. Hunt for Commerce: The intent of the bill was to ensure that only full service funeral homes could be called funeral homes. The committee feels that the consumer is not hurt by some funeral homes outsourcing some of their services (such as embalming) and, as a matter of fact, the consumer may benefit by the savings this practice may generate. After a constructive subcommittee, the funeral directors asked that the bill be withdrawn. Vote 13-0.

SB 109, implementing certain federal regulations relative to setting minimum requirements for employee benefit plan procedures pertaining to the filing of benefit claims, notification of benefit determinations, and appeal of adverse benefit determinations. **OUGHT TO PASS WITH AMENDMENT**

Rep. Martha Fuller Clark for Commerce: This bill implements at the state level certain federal regulations pertaining to the filing of health benefit claims and establishes minimum requirements that must be met by health insurance companies with regard to employee benefits claims; and most specifically to the means and content of notification and determination of benefits on appeal. The amendment simply clarifies and corrects language within the bill. There was no opposition to this legislation. Vote 13-0.

Amendment (1309h)

Amend RSA 415-A:4-a, IV as inserted by section 3 of the bill by replacing it with the following:

IV. In any request for a benefit determination, the claimant may authorize a representative to pursue the claim or benefit determination by submitting a written statement to the licensed entity that acknowledges the representation.

Amend RSA 415-A:4-b, I(c) as inserted by section 3 of the bill by replacing it with the following:

(c) The claimant or claimant's representative shall have at least 180 days following receipt of a notification of an adverse claim determination to appeal;

Amend RSA 415-A:4-b, V(a)(3)-(5) as inserted by section 3 of the bill by replacing them with the following:

(3) A statement describing all other dispute resolution options available to the claimant, including, but not limited to other options for internal review and options for external review, and options for bringing a legal action;

(4) A statement that the claimant is entitled to receive, upon request and free of charge, reasonable access to, and copies of, all documents, records, and other information relevant to the claimant's claim for benefits;

(5) If an internal rule, guideline, protocol, or other similar criterion was relied upon in making the claim denial, either the specific rule, guideline, protocol, or other similar criterion; or a statement that such rule, guideline, protocol, or other similar criterion was relied upon in making the claim denial, and that a copy of the rule, guideline, protocol, or other similar criterion will be provided free of charge to the claimant upon request;

Amend the introductory paragraph of RSA 415-A:4-b, V(d) as inserted by section 3 of the bill by replacing it with the following:

(d) A carrier or other licensed entity that offers group health plans, employee benefit plans, or disability plans shall provide to consumers:

SB 121, relative to the advisory committee on international trade. **OUGHT TO PASS**

Rep. John B. Hunt for Commerce: SB 121 expands the membership of the advisory committee on international trade and adds new members including: a representative of the New Hampshire High Technology Council, a representative of the Software Association of New Hampshire, the director of the Manchester airport or designee, and one or more representatives of the business community. Vote 13-0.

SB 139, relative to uniform electronic transactions. **OUGHT TO PASS WITH AMENDMENT**

Rep. Martha Fuller Clark for Commerce: Advances in computer hardware, software and communications over the last several years have created an opportunity to use computers to create, generate, sign, send, receive and store essentially any type of document or information in a secure manner. The purpose of SB 139 is to create greater efficiency by regulating the use of small electronic records with regard to business and governmental transactions. By adopting this legislation New Hampshire will be consistent with recent federal legislation on electronic signature and transactions. Passage of this bill also involves repealing RSA 294-D, RSA 506:8 and RSA 506:9 that are rendered obsolete by SB 139. The committee heard no opposition to this legislation. Vote 13-0.

Amendment (1399h)

Amend the bill by inserting after section 1 the following and renumbering the original section 2 to read as 4:

2 Uniform Commercial Code; Article 9; Facsimile and Electronic Signatures; Filing and Recording in Electronic Form; Reference Change. Amend RSA 382-A:9-410(1) to read as follows:

(1) Any signature on any writing or filing authorized to be filed under this Article may be a facsimile, an electronic signature under RSA ~~[294-D:3]~~ **294-E:2, VIII**, or any other symbol made or adopted by a party with present intention to authenticate the writing or filing.

3 Repeal. The following are repealed:

I. RSA 294-D, relative to digital signatures.

II. RSA 506:8, relative to definitions of digital signatures.

III. RSA 506:9, relative to when digital signatures are given effect.

SB 148, relative to certain penalties for violations of the youth tobacco laws. **OUGHT TO PASS WITH AMENDMENT**

Rep. Leo W. Fraser, Jr. for Commerce: This bill is an excellent piece of legislation directed at youth smoking. The amendment to Section 1 not only requires fines for the sale and distribution of cigarettes to minors, but also mandates that the vendor's license shall be revoked for a period of one year. This would also apply to giving free samples in Section 2. Section 3 clarifies a change made last year by stating that offenses shall be counted over a three-year period only. Section 4 applies to vending machines, and Section 5 sets up a committee to study the propriety of changing the issue of licenses by the Department of Revenue Administration to the Liquor Commission. The Liquor Commission already is the enforcement arm of government in the illegal sale of cigarettes. Since the intent of the bill was to clarify legislation that was passed last year, the amendment removes new language that the committee felt created more problems than it was intended to solve. Vote 12-0.

Amendment (1284h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to certain penalties for violations of the youth tobacco laws and establishing a committee to study the feasibility of transferring some of the responsibilities currently held by the commissioner of the department of revenue administration under RSA 78 to the liquor commission.

Amend the bill by replacing all after the enacting clause with the following:

1 Sale and Distribution of Tobacco Products to Minors Prohibited; License Revocation. Amend RSA 126-K:4, II to read as follows:

II. Violations of this section shall be civil infractions punishable by administrative action of the commission against the licensee. The fines for violations of this section shall not exceed \$250 for the first offense and \$500 for the second offense. For the third offense, the commission shall issue a letter of warning detailing necessary corrective actions and an administrative fine ranging from \$500 to \$1500. In addition, the license to sell tobacco products of the manufacturer, wholesaler, sub-jobber, vending machine operator, or retailer where the offense occurred shall be suspended for a period of 10 consecutive days and not exceeding 30 consecutive days. For the fourth offense, the commission shall issue either an administrative fine and a suspension of a minimum of 10 consecutive days not to exceed 40 consecutive days, or a suspension. The administrative fine shall range from \$ 750 to \$3,000 while any suspension without a fine shall be 40 consecutive days. For any violation beyond the fourth, the commission shall revoke any license *for the business or business entity or any principal thereof for a period of one year from the date of revocation. The commission shall determine the level of the violation by reviewing the licensee's record and counting violations that have occurred within 3 years of the date of the violation being considered.*

2 Distribution of Free Samples of Tobacco Products to Minors; License Revocation. Amend RSA 126-K:5, III to read as follows:

III. Violations of this section shall be civil infractions punishable by administrative action of the commission against the licensee. The fines for violations of this section shall not exceed \$250 for the first offense and \$500 for the second offense. For the third offense, the commission shall issue a letter of warning detailing necessary corrective actions and an administrative fine ranging from \$500 to \$1,500. In addition, the sampler's license shall be suspended for a period of 10 consecutive days and not exceeding 30 consecutive days. For the fourth offense, the commission shall issue either an administrative fine and a suspension of a minimum of 10 consecutive days not to exceed 40 consecutive days, or a suspension. The administrative fine shall range from \$750 to \$3,000 while any suspension without a fine shall be 40 consecutive days. For any violation beyond the fourth, the commission shall revoke any license *for the business or business entity or any principal thereof for a period of one year from the date of revocation. The commission shall determine the level of the violation by reviewing the licensee's record and counting violations that have occurred within 3 years of the date of the violation being considered.*

3 Youth Access to Tobacco Products; Special Provisions; Penalty Provisions Amended. Amend RSA 126-K:8, IV to read as follows:

IV. Violations of this section shall be civil infractions punishable by administrative action of the commission against the licensee. The fines for violations of this section shall not exceed \$250 for the first offense and \$500 for the second offense. For the third offense, the commission shall issue a letter of warning detailing necessary corrective actions and an administrative fine ranging from \$500 to \$1,500. In addition, the license to sell tobacco products of the manufacturer, wholesaler, sub-jobber, vending machine operator, or retailer where the offense occurred shall be suspended for a period of 10 consecutive days and not exceeding 30 consecutive days. For the fourth offense, the commission shall issue either an administrative fine and a suspension of a minimum of 10 consecutive days not to exceed 40 consecutive days, or a suspension. The administrative fine shall range from \$750 to \$3,000 while any suspension without a fine shall be 40 consecutive days. For any violation beyond the fourth, the commission shall revoke any license for the business or business entity or any principal thereof for a period of one year from the date of revocation. *The commission shall determine the level of the violation by reviewing the licensee's record and counting violations that have occurred within 3 years of the date of the violation being considered.*

4 Vending Machines; License Revocation. Amend RSA 78:12-d, VII to read as follows:

VII. Violations of this section shall be civil infractions punishable by administrative action by the commissioner against the licensee. Fines for violations of paragraphs I-V shall be no more than \$100 for a first offense and no more than \$200 for a second offense. For the third offense, the

commissioner shall issue a letter of warning detailing necessary corrective actions and an administrative fine ranging from \$500 to \$1,500. In addition, the license to sell tobacco products shall be suspended for a period of 10 consecutive days and not exceeding 30 consecutive days. For the fourth offense, the commissioner shall issue either an administrative fine and a suspension of a minimum of 10 consecutive days not to exceed 40 consecutive days, or a suspension. The administrative fine shall range from \$750 to \$3,000 while any suspension without a fine shall be 40 consecutive days. For any violation beyond the fourth, the commissioner shall revoke any license *for the business or business entity or any principal thereof for a period of one year from the date of revocation. The commission shall determine the level of the violation by reviewing the licensee's record and counting violations that have occurred within 3 years of the date of the violation being considered.*

5 Committee Established. There is established a committee to study the feasibility of transferring some of the responsibilities currently held by the commissioner of the department of revenue administration under RSA 78 to the liquor commission.

6 Membership and Compensation.

I. The members of the committee shall be as follows:

(a) Three members of the house of representatives, appointed by the speaker of the house of representatives.

(b) Three members of the senate, appointed by the senate president.

II. Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

7 Duties. The committee shall review the feasibility of transferring some of the responsibilities currently held by the commissioner of the department of revenue administration under RSA 78 to the liquor commission. The responsibilities reviewed shall include, but not be limited to, licensing tobacco manufacturers, wholesalers, subjobbers, vending machine operators, retailers and samplers and enforcing RSA 78:12-d relative to vending machines.

8 Chairperson; Quorum. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Four members of the committee shall constitute a quorum

9 Report. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2001.

10 Effective Date.

I. Sections 1-4 of this act shall take effect January 1, 2002.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill provides that sellers of tobacco products who are found guilty of selling to minors on more than 4 occasions shall have their licenses revoked for one year. The bill also establishes a committee to study the feasibility of transferring some of the responsibilities of the commissioner of the department of revenue administration under RSA 78 to the liquor commission.

SB 152-FN, relative to the regulation of business practices between motor vehicle manufacturers, distributors, and dealers. **OUGHT TO PASS**

Rep. John B. Hunt for Commerce: The bill makes technical corrections to the motor vehicle manufacturers, distributors and dealers law (RSA 357-C). These changes have been agreed to by all the parties, including the fees to fund the "Lemon Law" Board. Vote 11-0.

SB 178, establishing a committee to study the uniform computer information transactions act. **INEXPEDIENT TO LEGISLATE**

Rep. John B. Hunt for Commerce: Since the Senate was unable to pass the original bill, they instead created a study committee. The purpose of the legislation was to create a model uniform law, but the original bill as written was far from a model act, and in fact, is a work in progress. The committee felt it was premature to create a study committee when there's nothing to study yet with much of the rest of the nation still in limbo in the area of computer information transactions. Vote 13-0.

SB 181, relative to the manufacture, sale, or installation of certain smoke detectors. **INEXPEDIENT TO LEGISLATE**

Rep. Ronald J. Belanger for Commerce: The committees felt that passage of this legislation would, in effect, ban smoke detectors and require the use of a particular detector with a 10- year lithium battery. This bill would create higher costs to consumers and may give consumers false confidence due to the fact Underwriter's Laboratory has not approved a 10-year battery for smoke detectors. Vote 11-1.

SB 176-FN-A, establishing an equipment depository and disabled person's employment fund in the department of administrative services. **OUGHT TO PASS WITH AMENDMENT**

Rep. Raymond C. Cummings for Executive Departments and Administration: This bill sets up a restricted revenue account to which donations of money and equipment may be given to the division of personnel to purchase reasonably priced equipment which will help prospective employees to perform their jobs more efficiently and effectively. Passage may help avoid possible ADA complaints and could save the state considerable money in legal expenses. There is no state money required to set up the equipment depository. The amendment removes the cumbersome process of requiring all purchases to be approved by governor and council. Vote 16-0.

Amendment (1330h)

Amend RSA 21-I:44-e as inserted by section 1 of the bill by replacing it with the following:

21-I:44-e Equipment Depository. There is hereby established an equipment depository within the division of personnel. Moneys contained in the disabled persons' employment fund, established by RSA 21-I:44-f, shall be used to purchase adaptive equipment and accommodations to enable disabled persons to become gainfully employed by the state. The division shall determine the equipment or services, or both to be purchased. The purchases shall be limited to equipment and services which provide reasonable, and not extraordinary, accommodations to the needs of employees with disabilities, such as telephone adapters, adjustable desks, and other like equipment, or such other accommodations which permit employees with disabilities to perform their job tasks efficiently and effectively. The division shall have authority to reissue equipment returned to the depository and to dispose of any equipment that is no longer useful and to deposit any sale proceeds in the fund established by RSA 21-I:44-f.

AMENDED ANALYSIS

This bill establishes an equipment depository and disabled person's employment fund in the department of administrative services, for purposes of purchasing adaptive equipment or services, or both, for disabled persons. Both the equipment depository and the fund are repealed on June 30, 2006.

The bill is a request of the developmental disabilities council, health and human services.

SB 192-FN, relative to the issuance of high/medium voltage licenses by the electricians' board. **OUGHT TO PASS WITH AMENDMENT**

Rep. Judson K. Dexter for Executive Departments and Administration: This bill creates a specific license for persons who deal with power systems operating at or over 600 volts. This is a specialized segment within the electrical industry in which existing rules as to who can do this work are vague. The committee unanimously agreed with the senate that this type of license is needed because of the obvious safety concerns for the people of the State of New Hampshire. The amendment makes a small clarification in a definition in RSA 319-C:2, III-b. Vote 16-0.

Amendment (1331h)

Amend RSA 319-C:2, III-b as inserted by section 2 of the bill by replacing it with the following:

III-b. "High/medium voltage electrician" means a person who, as a business, hires or employs another, as defined in administrative rules, to make electrical installations on high/medium voltage power distribution systems operating at over 600 volts, or without hiring another, makes electrical installations on high/medium voltage power distribution systems operating at over 600 volts, including associated controls and metering, as a principal or auxiliary business for their own account.

SB 48, relative to the rental of shared living facilities. **OUGHT TO PASS WITH AMENDMENT**

Rep. Phyllis L. Woods for Judiciary: This bill provides special remedies to owners of property who

rent a bedroom with other shared facilities to a tenant in their home while they are still living in the home. The committee felt that people in this unique position are more vulnerable and require protection from the possibility of abusive "houseguests" and they should be able to evict them from their home with more dispatch. Vote 15-0.

Amendment (1384h)

Amend the bill by replacing all after section 2 with the following:

3 New Chapter; Rental of Shared Facilities. Amend RSA by inserting after chapter 540-A the following new chapter:

CHAPTER 540-B RENTAL OF SHARED FACILITIES

540-B:1 Definition; Shared Facility.

I. A "shared facility" means real property rented for residential purposes which has separate sleeping areas for each occupant and in which each occupant has access to and shares with the owner of the facility one or more significant portions of the facility in common, such as kitchen, dining area, bathroom, or bathing area, for which the occupant has no rented right of sole personal use.

II. A shared facility shall not include:

(a) Facilities rented to transient guests intended for use of less than 90 days.

(b) Rooms in hotels, motels, inns, tourist homes, and other dwellings rented for recreational or vacationing use.

(c) Rooms provided ancillary to other primary purposes such as jails, student dormitories, nursing homes, hospitals, group homes, and emergency shelters.

540-B:2 Nature of Tenancy. Every tenancy shall be deemed to be at will, and the rent payable as agreed, unless a written contract defines the terms of the tenancy differently. Except as otherwise provided, a verbal rental agreement shall be permitted.

540-B:3 Termination of Tenancy; Notice of Termination.

I. The owner or agent of the owner of a shared facility may terminate any tenancy without stating any reason. A written 30-day notice of termination shall be required.

II. The owner or agent of the owner of a shared facility may terminate any tenancy for non-payment of rent. A written 7-day notice of termination shall be required.

III. The owner or agent of the owner of a shared facility may terminate any tenancy for damage to the premise, or behavior of the occupant or guest of any family member of the occupant which adversely affects the health or safety of the other occupants or the owner or the agent of the owner, or material breach of any rental agreement. A written 72-hour notice of termination shall be required.

540-B:4 Termination by Occupant. An occupant may terminate any at will tenancy by a written 30-day notice or in accordance with any notice requirement of a written rental agreement.

540-B:5 Service of Notice.

I. The owner or agent of the owner of a shared facility shall give the notice of termination personally to the occupant or attach the notice to the primary entrance to the occupant's separated area.

II. The occupant shall give the notice of termination by the same method used to pay rent or in accordance with any written rental agreement.

540-B:6 Possessory Rights. The occupant shall have no possessory rights to any portion of a shared facility. The owner or agent of the owner may request law enforcement intervention for any behavior if such action is deemed necessary. The law enforcement officer shall not be precluded from any normal response based on the fact of the rental agreement.

540-B:7 Remedies. Violations of this chapter shall be subject to the remedies set forth in RSA 540-A:4.

540-B:8 Possession. The owner or agent of the owner of a shared facility may take possession of the separated areas used by the occupant at the end of the notice period. The owner or agent of the owner may request law enforcement intervention as necessary.

540-B:9 Personal Property. The owner or agent of the owner of a shared facility shall retain and exercise reasonable care in the storage of the personal property of the occupant who has vacated the premises for a period of 3 days after the date on which such occupant has vacated. After the 3-day period, the owner or agent of the owner of a shared facility may dispose of such property without notice to the occupant.

540-B:10 Security Deposit. The owner or agent of the owner of a shared facility may require a security deposit in an amount to be determined by the owner or agent of the owner. If the deposit

amount is more than the equivalent of 30 days rent, there shall be a written instrument acknowledging receipt and explaining where the deposit shall be maintained and when it shall be returned. If there is no written agreement, the deposit shall be returned within 20 days after the occupant has vacated.

4 Effective Date. This act shall take effect January 1, 2002.

AMENDED ANALYSIS

This bill excludes shared facilities from RSA 540, relative to actions against tenants. It defines a shared facility as residential property in which the occupants have separate sleeping areas, but share with the owner one or more significant portions of the living space. The bill provides the rights and remedies available to owners and occupants of shared facilities.

SB 75, relative to physicians who make a report when a person is unfit to drive a motor vehicle. **INEXPEDIENT TO LEGISLATE**

Rep. Tony F. Soltani for Judiciary: The mechanisms presently in place readily provide for reports of unfitness of a driver to be made to the Director of the Division of Motor Vehicles by family members and friends. According to the Director, these reports are investigated. Additionally, professionals such as physicians may file a report with the proper authorities if they perceive imminent harm to life and safety. The committee is of the opinion that the institution of the patient-physician privilege is a sacred one, which is necessary to ensure that the people of the state receive proper medical attention and treatment. Vote 13-0.

SB 46, relative to payments of scheduled awards under the workers' compensation law. **OUGHT TO PASS**

Rep. Raymond E. Trueman for Labor, Industrial and Rehabilitative Services: This bill provides for lump sum awards thus avoiding continuing administration cost in the disbursement of relatively small settlements. Generally, these awards are under \$30,000. Vote 12-0.

SB 53, relative to attorneys' fees in certain circumstances under the workers' compensation law. **OUGHT TO PASS WITH AMENDMENT**

Rep. Randolph Holden for Labor, Industrial and Rehabilitative Services: The majority of the committee felt that this bill addresses the problem of workers' compensation carriers challenging payment after lump sum settlements have been reached. Vote 11-0.

Amendment (1373h)

Amend the bill by deleting section 2 and renumbering the original section 3 to read as 2.

HB 517-L, relative to supply of water by village districts. **OUGHT TO PASS WITH AMENDMENT**

Rep. Kimberly O.M. Dionne for Municipal and County Government: This bill requires that the Public Utilities Commission hold public hearings concerning expansions of water district franchise areas and that if any changes of boundaries are indicated, those boundaries need to be ratified in the same manner as the initial establishment of the water district. This bill does not require a property owner to connect to the municipal water district if the owners water supply is in compliance with the protective well regulations in RSA 485:29 and RSA 485:30-b. Vote 11-1.

Amendment (1177h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Village District Water Systems. Amend RSA 38 by inserting after section 25 the following new section:

38:25-a Village District Hearings. Prior to authorizing the expansion of a franchise area of a water company owned or operated by a water village district, the public utilities commission shall, after notice, hold a public hearing in each town or city in which the village district is located, at which it shall hear testimony and receive evidence from any interested party.

2 Changing Boundaries. Amend RSA 52:5 to read as follows:

52:5 Changing Boundaries.

I. The selectmen of towns in which any such district has been established upon petition, after notice to parties interested and a hearing, may change the boundaries thereof; and the district shall

cause the petition and the return of the selectmen's proceedings and decision thereon to be recorded in the records of the district, and of the towns in which it is situated, within 60 days after the decision.

II. In the case of any district formed for the purpose of impoundment of water, any such change of boundaries shall be ratified before taking effect by the voters residing in the district and in any area proposed to be added to the district in the same manner as is required for the initial establishment of the district.

III. *In the case of any district formed for the purpose of the supply of water for domestic and fire purposes, which may include the protection of sources of supply, any such change of boundaries shall be ratified before taking effect by the voters residing in the district and in any area proposed to be added to the district in the same manner as is required for the initial establishment of the district.*

3 New Paragraph; Water Companies, When Public Utilities. Amend RSA 362:4 by inserting after paragraph IV the following new paragraph:

V. *No property owner shall be required to connect to a municipal corporation furnishing water, provided such property owner can demonstrate the ability to comply with the requirements of RSA 485-A:29 and RSA 485-A:30-b.*

4 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill provides that the public utilities commission shall hold public hearings, concerning expansions of water district franchise areas, and that any change of boundaries be ratified in the same manner as the initial establishment of the district. This bill also allows a property owner to connect to municipal water supplies at his or her discretion.

HB 522-L, establishing discretionary preservation easements for preserving historic agricultural structures. **OUGHT TO PASS WITH AMENDMENT**

Rep. Nancy K. Johnson for Municipal and County Government: This bill allows a property owner to apply for a discretionary preservation easement of an historic agricultural structure such as a barn, which provides a demonstrated public benefit. A public hearing is required to be held by the governing body prior to the acceptance of the discretionary easement. The governing body may determine the reduced assessment to be between 25% to 75% of the full market value. The easement may be for a period of ten years and may be renewable upon application. Vote 11-0.

Amendment (1267h)

Amend RSA 79-D:2, I as inserted by section 1 of the bill by replacing it with the following:

I. "Discretionary preservation easement" means a preservation easement of an historic agricultural structure, including the land necessary for the function of the building, granted to a city or town for a term of 10 or more years.

Amend RSA 79-D:4, II as inserted by section 1 of the bill by replacing it with the following:

II. No owner of an historic agricultural structure shall be entitled to have a particular structure classified for any tax year under the provisions of this chapter unless the owner has applied to the governing body on or before April 15 of the tax year on a form provided by the commissioner of the department of revenue administration. Such application shall include a map showing the location of the structure to be subject to the discretionary preservation easement, a description of how the property meets the tests of public benefit in RSA 79-D:3.

Amend RSA 79-D:5, I as inserted by section 1 of the bill by replacing it with the following:

I. If, after a duly noticed public hearing, the governing body finds that the proposed preservation of such historic agricultural structure is consistent with the purposes of this chapter, it may take steps to acquire discretionary preservation easement as provided in this chapter. In exercising its discretion, the local governing body may weigh the public benefit to be obtained versus the tax revenue to be lost if such an easement is granted. The governing body shall have no more than 60 days to act upon the application.

Amend RSA 79-D:7, II as inserted by section 1 of the bill by replacing it with the following:

II. The local governing body shall have the discretion to set the value of the discretionary preservation easement at a level within this range which it believes reflects the public benefit conferred by the property under the criteria set forth in RSA 79-D:3, II. The assessment shall not be increased because the owner undertakes maintenance and repairs designed to preserve the structure.

Amend the bill by replacing section 2 with the following:

2 Effective Date. This act shall take effect 60 days after its passage.

SB 149-FN, permitting persons involved in motor vehicle accidents and certain medical researchers access to motor vehicle records. **OUGHT TO PASS WITH AMENDMENT**

Rep. Sherman A. Packard for Transportation: This bill will enable medical researchers at Dartmouth Medical School to continue ongoing medical research projects, including contact with individuals. The committee amendment provides that the New Hampshire Commissioner of Safety will set the terms and conditions for access to records and may charge reasonable fees for such access. This bill expands the definition of "person" with respect to motor vehicle records by including the personal representative of any person killed or injured in a motor vehicle accident. Vote 14-0.

Amendment (1394h)

Amend the title of the bill by replacing it with the following:

AN ACT changing the definition of "person" with respect to motor vehicle records and certification and permitting certain medical researchers access to motor vehicle records

Amend the bill by replacing all after the enacting clause with the following:

1 Administration of Motor Vehicle Laws; Records and Certification, Definition of Person. Amend RSA 260:14, I(b) to read as follows:

(b) "Person" means an individual, organization or entity, but shall not include this state or an agency thereof. *"Person" shall include the personal representative of any person injured or killed in the motor vehicle accident, including the person's conservator, executor, administrator, or next of kin as defined in RSA 259:66-a.*

2 Access to Motor Vehicle Records by Certain Medical Researchers. Notwithstanding any other provision of law, medical researchers who initiated a specific medical research project prior to August 20, 2000 and who require access to motor vehicle records under RSA 260:14 in order to complete the project, shall be entitled to the records under terms and conditions set by the commissioner of safety, which are consistent with RSA 260:14. The commissioner may also charge reasonable fees for such access, pursuant to RSA 260:14, XIII.

3 Effective Date. This act shall take effect upon its passage.

AMENDED ANALYSIS

This bill expands the definition of "person" with respect to motor vehicle records by including the personal representative of any person killed or injured in a motor vehicle accident.

The bill also permits access to motor vehicle records for medical research projects initiated prior to August 20, 2000.

REGULAR CALENDAR

SB 118, relative to individual health insurance coverage. **OUGHT TO PASS WITH AMENDMENT**

Rep. Leo W. Fraser, Jr. for Commerce: Possibly the most important bill relative to individual health insurance is SB 118. The amendments to this very important legislation, in the view of the Commerce Committee, make a good bill better. For the very first time if SB 118 is adopted with amendments the General Court has made a serious effort to address the problems inherent with individuals ability to obtain health insurance. First of all the committee proposes amending the law so that insurance carriers can modify premiums for age, health status and tobacco. The maximum differential is 4-1 and shall not apply to individuals until they obtain the age of 19. The bill allows for a tobacco user to be rated up. The most dynamic change in the law is the creation of a high-risk pool. The premium must be affordable and coverage must be fairly comprehensive. The pool shall be funded through an assessment and if necessary a special assessment as well. Part 6 and the ensuing sections through Section 10 refer to the establishment of the pool, membership governance, administration and plan of operation. Section 11 requires an examination of the pool by the Insurance Commissioner on an annual basis. Such examinations shall cover the activities of the pool as well as the former risk sharing mechanism, premium development, enrollment, and expenses and paid and incurred losses. Section 15 establishes a study by the Commissioner to evaluate the effectiveness of the program as outlined. The study shall be completed within six months of when hard data becomes available. Section 16 is the original HB 697, the healthy kids bills that passed on a voice vote in the House and has now been tabled in the Senate. Last but not least is the purpose clause

for the healthy kids program - "The purpose of the cooperation is to provide access to affordable health care and health coverage and to facilitate programs, preventive health care services for low income, and venerable populations with a focus on the needs of children." Vote 13-0.

Amendment (1385h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to individual health insurance coverage and extending the reporting date for the healthy kids subcommittee and clarifying the mission statement of the healthy kids corporation.

Amend the bill by replacing all after the enacting clause with the following:

1 Purpose. RSA 420-G:1, III is repealed and reenacted to read as follows:

III. To regulate underwriting and rating practices in the small employer and individual markets so as to promote access to affordable coverage for higher risk groups or individuals.

2 Ratio Changed. Amend RSA 420-G:4, I(a)(2) is repealed and reenacted to read as follows:

(2) Health carriers providing coverage to individuals may modify such average premium as established pursuant to subparagraph I(a)(1) for age, health status, and tobacco use only in accordance with the following limitations:

(A) The maximum premium differential for age as determined by ratio shall be 4 to 1. The limitation shall not apply for determining rates for an attained age of less than 19.

(B) The maximum differential due to health status shall be 1.5 to 1 and the maximum differential rate due to tobacco use shall be 1.2 to 1. Rate limitations based on health status do not apply to rate variations based on an insured's status as a tobacco user.

(C) Permissible rating characteristics shall not include changes in health status after issue.

3 Guaranteed Issue and Renewability. Amend RSA 420-G:6, III to read as follows:

III. Health carriers shall actively market, issue, and renew all of the health coverages they sell in the ~~[individual or]~~ small employer market~~[-]~~ to all ~~[individuals or]~~ small ~~[employees]~~ **employers**.

4 New Paragraph; Purpose of Chapter. Amend RSA 404-G:1 by inserting after paragraph II the following new paragraph:

III. Establish a high risk pool that will provide access to health insurance to all residents of the state who are denied health insurance for medical or health reasons. The premiums charged for coverage in the high risk pool shall be affordable and the coverage provided shall be reasonably comprehensive and comparable to coverage available outside of the high risk pool. It is the intent of the legislature that the high risk pool shall be adequately funded through an annual, and if necessary, a special assessment mechanism, that the high risk pool shall utilize cost containment measures, including, but not limited to, providing network based coverage, and that measures shall be taken to avoid inappropriate shifting of costs and risk to the high risk pool.

5 Definition; Covered Lives. Amend RSA 404-G:2, V to read as follows:

V. "Covered lives" shall include all persons living or working in New Hampshire for which a carrier provides health insurance evidenced by a policy or a group certificate issued in New Hampshire. For group excess loss insurance, or other types of group health insurance for which no certificates are issued, covered lives shall mean those New Hampshire employees and their dependents who are protected, in part, by a policy **or a certificate**, issued in New Hampshire, and purchased by a group health insurance plan subject to the Employee Retirement Income Security Act of 1974, Public Law No. 93-406 (ERISA).

6 New Paragraphs; Definitions Added. Amend RSA 404-G:2 by inserting after paragraph X the following new paragraphs:

X-a. "Plan of operation" means the plan of operation of the risk sharing mechanism and the high risk pool, including articles, bylaws and operating rules, procedures and policies adopted by the association.

X-b. "Pool" means the New Hampshire health insurance high risk pool.

7 Association's Powers and Duties. RSA 404-G:3 is repealed and reenacted to read as follows:

404-G:3 Association's Powers and Duties.

I. The association shall be a not-for-profit, voluntary corporation under RSA 292 and shall possess all general powers as derive from that status and such additional powers and duties as are approved by the commissioner or as specified below.

II. The board of directors of the association shall have the following powers:

- (a) Enter into contracts as necessary or proper to administer the plan of operation.
- (b) Sue or be sued, including taking any legal action necessary or proper for the recovery of any assessments for, on behalf of, or against members of the association or other participating person.
- (c) Take legal action as necessary to avoid the payment of improper claims against the plan or to defend the coverage provided by or through the pool.
- (d) Oversee the issuance of policies of insurance and certificates or evidences of coverage.
- (e) Retain appropriate legal, actuarial, and other persons as necessary to provide technical assistance in the operation of the plan, policy development, and other contract design and in any other function within the authority of the plan.
- (f) Borrow money to carry out the plan of operation.
- (g) Provide for reinsurance of risks incurred.
- (h) Perform any other functions within the authority of the association as may be necessary or proper to carry out the plan of operation.

III. The board of directors of the association shall have the following duties:

- (a) Fulfill the plan of operation as approved by the commissioner.
- (b) Issue policies of insurance to persons eligible for the high risk pool.
- (c) Prepare certificate of eligibility forms and enrollment instruction forms.
- (d) Determine and collect assessments for the risk sharing mechanism and for the high risk pool.
- (e) Disburse assessment payments, as provided in the plan of operation for the high risk pool.
- (f) Establish appropriate rates, rate schedules, rate adjustments, expense allowances, agent referral fees, claim reserve formulas and any other actuarial functions appropriate to the plan of operation for the high risk pool.
- (g) Provide for and employ cost-containment measures and requirements, which shall include but not be limited to, preadmission screening, second surgical opinion, concurrent utilization review, and individual case management for the purpose of making the benefit plan more cost effective.
- (h) Develop a list of medical or health conditions the existence or history of which makes an individual eligible for participation in the high risk pool without first requiring application to a carrier for health coverage.
- (i) In connection with the managed care or network based coverage options required pursuant to RSA 404-G:5-b, III, design, utilize, contract or otherwise arrange for the delivery of cost-effective health care services, including establishing or contracting for administration and operation of the pool with a carrier, a preferred provider organizations, a health maintenance organizations, or any other network provider arrangement.

IV. Neither the association nor its employees shall be liable for any obligations of the plan. No member or employee of the association shall be liable, and no cause of action of any nature may arise against them, for any act or omission related to the performance of their powers and duties under this chapter unless such act or omission constitutes willful or wanton misconduct. The association may provide in its bylaws or rules for indemnification of, and legal representation for, its members and employees.

8 Association Membership and Governance. Amend RSA 404-G:4, II-VII to read as follows:

II. The initial board of directors of the association shall be the same as that set forth in the order. Except as provided in paragraph IV, each successor board shall consist of [5] **9** individuals who are representative of categories of members of the association, *health care providers, consumers who have purchased or are likely to purchase coverage from the pool, insurance brokers, small employers*, and the commissioner who shall be an ex-officio member. In the initial and in each successor board, [2] **3** directors shall be representative of and elected by qualified writers of group health insurance ~~and 3, 2 directors shall be eligible to receive a subsidy under this chapter and~~ shall be representative of and elected by qualified writers of individual health insurance, *one director shall be representative of the health care provider community and shall be appointed by the commissioner, one director shall be representative of consumers covered through the high risk pool and shall be appointed by the commissioner, one director shall be a representative of insurance brokers and shall be appointed by the commissioner, and one director shall be a representative of small employers and shall be appointed by the commissioner.*

III. There shall be no more than one director representing any one qualified writer or its affiliate. For purposes of this section, the insurance activities of any elected director's affiliate shall be deemed to be insurance activities of the elected director.

IV. Qualified writers of individual or group health insurance shall be those that provide coverage for at least 500 covered lives or 5 percent of the total covered lives in the relevant market. A member's votes for individual or group market representatives shall be proportional to the member's assessment in that market.

V. If, at any board election subsequent to the establishment of the initial board, one or more elected group representatives are also ~~writing~~ *qualified* individual health insurance *writers*, then the membership of the board shall be altered by applying the provisions in subparagraphs (a) through (d) to such elected group representatives.

(a) If the elected group representative writing in the individual market is also an elected individual representative, then that member shall take a seat on the board as an individual representative and relinquish the group seat. The group writer with the next highest number of group votes shall take the relinquished group seat.

(b) If the elected group representative writing in the individual market is not also an elected individual representative, then up to 2 directors will be added to the board as follows:

(1) If the total size of the board-elect is ~~5 or 6~~ *9 or 10*, the elected group representative shall remain on the board, but neither as a group or an individual representative, and the group writer with the next highest number of group votes shall join the board as a group representative; but

(2) If the total size of the board-elect is ~~7~~ *11*, the elected group representative shall not remain on the board and the group writer with the next highest number of group votes shall take the relinquished group seat.

(c) The provisions in subparagraphs (a) and (b) shall be applied to elected group representatives in the order of the number of votes received.

(d) The seats added to the board pursuant to subparagraph (b) shall not survive the term of the seat-holder.

VI. Members of the board of directors shall be elected to terms of one year.

VII. The board of directors shall take action by affirmative vote ~~[of one less than the total number of directors]~~ *representing a simple majority of the entire board*.

9 Plan of Operation for the Risk Sharing Mechanism. RSA 404-G:5, II is repealed and reenacted to read as follows:

II. Subsidy determination for the risk sharing mechanism. For a given calendar year, the subsidy calculations for the risk sharing mechanism shall be based on the experience of the prior year. Only individual health insurance writers who are actively marketing individual health insurance, in accordance with the provisions of RSA 420-G, during the calendar year in which the subsidy is distributed shall be eligible for a subsidy. For companies that utilize health status factors, only individuals whose coverage is written at the maximum allowable health status factors under RSA 420-G and whose coverage was issued prior to July 1, 2002 shall be eligible for a subsidy. For companies that do not utilize varied health status factors, all individuals whose coverage is written under RSA 420-G and whose coverage was issued prior to July 1, 2002 shall be eligible for a subsidy. The subsidy determination process shall recognize and compensate writers based on the risk characteristics of coverage eligible for consideration in the subsidy relative to standards established by the association board. Nothing in this chapter shall preclude the commissioner from approving a subsidy mechanism that fully compensates individual health insurers for all costs incurred on subsidy-eligible coverages in excess of the premiums collected from subsidy-eligible coverages.

10 New Sections; High Risk Pool; Administrator; Premiums. Amend RSA 404-G by inserting after section 5 the following new sections:

404-G:5-a Plan of Operation for the High Risk Pool.

I. The board of directors for the association shall adopt a plan of operation for the high risk pool. The high risk pool shall be funded in part through an assessment mechanism whereby writers of health insurance contribute an amount sufficient to cover the expenses and losses of the pool not covered by premiums.

II. The plan of operation for the high risk pool shall establish:

- (a) Procedures for handling and accounting for the assets and moneys of the plan;
- (b) Procedures for selecting and retaining a pool administrator;
- (c) Procedures to establish and maintain public awareness of the plan, including its eligibility requirements and enrollment procedures;
- (d) Procedures to create a fund, under management of the board, for administrative expenses;

- (e) Procedures for handling, accounting and auditing of assets, moneys and claims of the pool;
- (f) Requirements for keeping financial and other records;
- (g) Regular times and places for meetings of the board; and
- (h) Procedures by which applicants and participants can submit utilization review

determinations and grievances to the pool administrator. The procedures shall ensure that utilization review determinations and grievances will be processed properly and in accordance with all statutory and regulatory requirements.

III. The assessment for the high risk pool shall be based on the number of covered lives times a specified assessment rate. The association shall specify the basis used to set the assessment rate.

IV. The association shall establish a regular assessment rate which shall be:

- (a) Calculated on a calendar year basis;
- (b) Established no later than November 1 in the year preceding the calendar year for which the carrier's experience shall be used to calculate the assessment; and
- (c) Anticipated to be sufficient to meet the high risk pool's funding needs.

V. In addition to the regular assessment rate, the association may establish a special assessment rate. Notwithstanding RSA 420-G:4, a writer of health insurance may increase the premiums charged by the amount of the special assessment. Any assessment may appear as a separate line item on a policyholder's bill.

(a) The association shall only establish a special assessment if the association determines that its funds are or will become insufficient to pay the high risk pool's expenses in a timely manner.

(b) The association shall only assess, through the special assessment, at a rate necessary to fund the deficiency ascertained in subparagraph (1) above.

VI. The regular assessment rate, and any special assessment rate, shall be subject to the approval of the commissioner. The commissioner shall approve the rate if she or he finds that the amount is required to fulfill the purposes of the high risk pool. For the purpose of making this determination, the commissioner may, at the expense of the association, seek independent actuarial certification of the need for the proposed rate.

VII. The association shall impose and collect assessments from its members.

VIII. If the assessment exceeds the amount actually needed, the excess shall be held and invested and, with the earnings and interest thereon, be used to offset future net losses.

IX. Each covered life should be included in the assessment only once. The association shall adopt procedures by which affiliated carriers calculate their assessment on an aggregate basis and procedures to ensure that no covered life is counted more than once.

X. The initial assessment rate to fund the high risk pool shall be 60 cents per covered life per month, and shall take effect on policies or certificates issued or renewed on or after July 1, 2001.

404-G:5-b High Risk Pool.

I. There is hereby created the New Hampshire high risk pool. This pool shall operate subject to the supervision and control of the association and shall offer policies of insurance on or after July 1, 2002. The pool shall offer health care coverage consisting of 4 benefit plans, 2 of which shall be either managed care or network based plans.

II. The plans to be issued by the pool, including schedules of benefits, exclusions and other limitations shall be established by the association subject to the approval of the commissioner. In establishing the plans, the association shall take into consideration the levels of health insurance coverage provided in the state and medical economic factors as may be deemed appropriate and shall promulgate benefit levels, deductibles, coinsurance factors, exclusions and limitations determined to be generally reflective of and commensurate with comprehensive, major medical health insurance coverage provided in the state. The association shall, utilizing standard morbidity assumptions, annually place a value on all plans presently being written or issued in the individual market. The association shall average these values, weighed according to each plan's written premium volume, or some other suitable proxy, and utilizing the same standard morbidity assumptions, shall develop 2 coverage options: Option A and Option B.

III. The value of Option A developed by the association shall be 10 percent higher than the average value computed under paragraph II and the value of Option B shall be 10 percent lower than the average value computed under paragraph II. The association shall also provide either a managed care or network based version of Option A and a managed care version of Option B for a total of 4 plan choices.

IV. The insurance plans developed by the association shall comply with all applicable insurance laws and rules, except as provided herein.

V.(a) The pool shall be payer of last resort of benefits whenever any other benefit or source of third-party payment is available. The pool shall have a right of subrogation for any other health insurance coverage and by all hospital and medical expense benefits paid or payable under any workers' compensation coverage, automobile medical payment or liability insurance whether provided on the basis of fault or nonfault, and by any hospital or medical benefits paid or payables under or provided pursuant to any state or federal law or program.

(b) The pool shall have a cause of action against an eligible person for the recovery of the amount of benefits paid that are not for covered expenses. Benefits due from the plan may be reduced or applied as a set-off against any amount recoverable under this paragraph.

VI. The high risk pool shall be funded by premiums charged for coverage and by assessments which the association shall calculate based on the number of covered lives times a specified amount. The high risk pool shall not be funded with state general fund revenue. The high risk pool shall never cease writing policies to eligible individuals.

404-G:5-c High Risk Pool Administrator.

I. The board shall select a high risk pool administrator through a competitive bidding process to administer the pool. The board shall evaluate bids submitted based on criteria established by the board which shall include:

(a) The high risk pool administrator's proven ability to handle health insurance coverage to individuals;

(b) The efficiency and timeliness of the high risk pool administrator's claim processing procedures;

(c) An estimate of total charges for administering the pool;

(d) The high risk pool administrator's ability to apply effective cost containment programs and procedures and to administer the pool in a cost efficient manner; and

(e) The financial condition and stability of the high risk pool administrator.

II.(a) The high risk pool administrator shall serve for a period of at least 3 years and shall be subject to removal for cause; and

(b) At least one year prior to the expiration of each period of service by a high risk pool administrator, the association shall invite eligible entities, including the current high risk pool administrator to submit bids to serve as the high risk pool administrator. Selection of the high risk pool administrator for the succeeding period shall be made at least 6 months prior to the end of the current period.

III. The high risk pool administrator shall perform such functions relating to the plan as may be as assigned to it, including:

(a) The determination of eligibility;

(b) The payment of claims, the development of procedures to ensure that each claim is promptly paid;

(c) The establishment of a premium billing procedure for collection of premium from persons covered under the pool;

(d) The acceptance of payments of premiums from insureds;

(e) The development of procedures to ensure that medical utilization reviews and grievance determinations are conducted in a fair and timely manner and in accordance with all statutory and regulatory requirements; and

(f) Other necessary functions to assure timely payment of benefits to covered persons under the pool.

IV. The high risk pool administrator shall submit regular reports to the association and the commissioner regarding the operation of the pool. The frequency, content and form of the report shall be specified in the contract between the association and the high risk pool administrator.

V. Following the close of each calendar year, the high risk pool administrator shall determine net written and earned premiums, the expense of administration, and the paid and incurred losses for the year and report this information to the association and the commissioner on a form prescribed by the commissioner.

VI. The high risk pool administrator shall be paid as provided in the contract between the association and the high risk pool administrator.

VII. The association shall submit the contract between itself and the high risk pool administrator to the commissioner for approval.

VIII. The association may select more than one administrator for the high risk pool.

404-G:5-d Premiums.

I. Premiums charged for the policies issued by the plan shall be based on the standard risk rate calculated pursuant to paragraph II of this section.

II. The standard risk rate shall be calculated using the average rate, based on the lowest allowable health status factor, for health benefit plan or policies which are presently available in New Hampshire and adjusted for the difference in the actuarial value of the pool's plans relative to these available plans using the factors derived pursuant to RSA 404-G:5-a, II.

III. Premium rates for coverage under the plan may not be less than 125 percent and may not exceed 150 percent of the standard risk rate pursuant to paragraph II of this section. The association shall charge high risk pool enrollees a premium charge based on the average rate for the plan adjusted for the attained age of the high risk pool enrollee. The adjustment for attained age shall conform to the provisions of RSA 420-G.

IV. All premium rates and rate schedules shall be submitted to the commissioner for approval.

404-G:5-e Eligibility.

I. An individual who is a New Hampshire resident shall be eligible for coverage through the high risk pool if:

(a) The individual has applied to a carrier of individual health insurance for coverage that is substantially similar to the coverage that is available through the pool, and the carrier has refused to write or issue that coverage to that individual because of his or her health or medical condition;

(b) The individual has applied to a carrier of individual health insurance for coverage that is substantially similar to the coverage that is available through the pool, and such application has been accepted, but at a premium rate exceeding the rate available through the pool; or

(c) The individual has a history of any medical or health condition that is on a list adopted by the association.

II. The association shall promulgate a list of medical or health conditions for which a person shall be eligible for plan coverage without applying for health insurance coverage. Persons who can demonstrate the existence or history of any medical or health conditions on the list promulgated by the association shall not be required to provide evidence of a notice of rejection or refusal. The list shall be effective on the first day of the operation of the pool and may be amended from time to time as may be appropriate.

III. Each resident dependent of a person who is eligible for pool coverage shall also be eligible for pool coverage. If the primary insured is a child, resident family members shall also be eligible for pool coverage.

IV. New Hampshire residents who are insured through an individual policy shall be eligible for pool coverage only if the rate assessed by the individual carrier exceeds the pool rate.

V. An individual shall not be eligible for coverage under the pool if:

(a) The individual is eligible for employer sponsored health coverage, including continuation of group coverage, as either an employee or an eligible dependent; or

(b) The individual is eligible for publicly funded health insurance coverage, including Medicare, Medicaid or Title XXI; or

(c) The person's premiums are paid for or reimbursed under any government sponsored program or by any government agency or health care provider, except as an otherwise qualifying full-time employee, or dependent thereof, of a government agency or health care provider.

VI. Coverage shall cease:

(a) On the date a person is no longer a resident of this state;

(b) On the date a person requests coverage to end;

(c) Upon the date a person dies;

(d) On the date state law requires cancellation of the policy; or

(e) At the option of the plan, 30 days after the plan makes any inquiry concerning the person's eligibility or place of residence to which the person does not reply.

404-G:5-f Application of Provisions of the Insurance Code.

I. The pool shall be subject to examination and regulation by the insurance department.

II. The following provisions of the title 37 shall apply to the pool to the extent applicable and not inconsistent with the express provisions of this chapter: RSA 415:5, 415:6, 415:6-a, 415:6-b,

415:6-c, 415:6-f, 415:6-g, 415:6-h, 415:7, 415:9 – 415:13, 415:22, 415:22-a, 415:22-b, 415:23, RSA 415-A, RSA 417, RSA 420-B:8, 420-B:8-b, 420-B:8-d, 420-B:8-e, 420-B:8-ee, 420-B:8-f, 420-B:8-ff, 420-B:8-g, 420-B:8-gg, 420-B:8-h, 420-B:8-i, 420-B:8-j, 420-B:8-k, 420-B:8-m, 420-B:11-12, RSA 420-C, RSA 420-E:4, RSA 420-G:7, 420-G:8, 420-G:11, RSA 420-H, RSA 420-I, and RSA 420-J:3. For the purposes of this chapter, the pool shall be deemed an insurer, pool coverage shall be deemed individual health insurance, and pool coverage contracts shall be deemed policies.

11 Examination and Annual Report. Amend RSA 404-G:7 to read as follows:

404-G:7 Examination and Annual Report. The association shall be subject to examination by the commissioner. The board of directors shall submit to the commissioner each year, not later than 120 days after the association's fiscal year, a financial report in a form approved by the commissioner and a report of its activities during the proceeding fiscal year. *The report shall summarize the activities of the risk sharing mechanism and the high risk pool in the preceding calendar year, including the net written and earned premiums, enrollment, the expense of administration, and the paid and incurred losses.* The association's fiscal year shall be the calendar year.

12 New Paragraphs; Notice to Residents; Unfair Referral to the Pool. Amend RSA 420-G:5 by inserting after paragraph III the following new paragraphs:

IV. Individual health insurance carriers shall be responsible for ascertaining the eligibility of any individual applicant or insured for high risk pool coverage. If a carrier determines that an individual meets any of the eligibility criteria set forth in RSA 404-G:5-e, the carrier shall give the individual written notice, with the declination of coverage, the coverage offering or upon a rate increase at renewal. The notice shall include information about available benefits and exclusions of high risk pool coverage and the name, address, and telephone number of the pool administrator or the administrator's designee.

V. It shall constitute an unfair trade practice under RSA 417 for an insurer, insurance producer, or third party administrator to refer an individual employee to the pool, or arrange for an individual employee to apply to the pool, for the purpose of separating that employee from group health insurance coverage provided in connection with the employee's employment.

13 Repeal. RSA 420-G:6, IV, relative to high risk pools, is repealed.

14 Emergency Rules. In the event that approvals required for the high risk pool have not been obtained by July 1, 2002, the commissioner of insurance may adopt emergency rules to establish a high risk pool.

15 New Section; Biannual Report Required. Amend RSA 404-G by inserting after section I the following new section:

404-G:1-a Study and Biannual Report. The commissioner shall evaluate the impact and effectiveness of RSA 404-G in effectuating the principles outlined in RSA 404-G:1, III. This review shall be based on data collected from carriers in the individual market and from the association, including but not limited to the following data elements: data on premiums and carrier profitability, carriers entering or exiting the market, products being sold, basis for high risk pool eligibility, and overall denial rate. The study shall be completed within 6 months of the availability of data on the first 2 years of operation of the high risk pool. Upon completion of the study, the commissioner shall make an initial report relative to the findings of the study to the governor, the president of the senate and the speaker of the house of representatives and shall make biannual reports to such persons thereafter.

16 Healthy Kids Subcommittee Reporting Date Extended. Amend 1999; 324:6, IV to read as follows:

IV. The subcommittee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 30, [2000] 2002.

17 Purpose and Scope of Healthy Kids Corporation Expanded. Amend RSA 126-H:2 to read as follows:

126-H:2 Corporation Established.

I. There is hereby created a body politic and corporate having a distinct legal existence separate from the state and not constituting a department of state government, to be known as the New Hampshire healthy kids corporation to carry out the provisions of this chapter. The corporation is hereby deemed to be a public instrumentality and the exercise by the authority of the powers conferred by this chapter shall be deemed and held to be the performance of public and essential governmental functions of the state. [The corporation shall operate at no more than 5 pilot sites to

~~be designated by the corporation, which sites may include multiple school districts.]~~ The corporation shall be a private nonprofit corporation and shall have all the powers necessary to carry out the purposes of this chapter, including, but not limited to, the power to receive and accept grants, loans, or advances of funds from any public or private agency and to receive and accept from any source, contributions of money, property, labor, or any other thing of value, to be held, used, and applied for the purposes of this chapter. Notwithstanding any other provision of law, any payments made by the corporation for insurance coverage for children under this chapter, either directly or indirectly, shall be exempt from the premium tax under RSA 400-A:32.

II. The purpose of the corporation is to provide access to affordable health care and health coverage and to facilitate programs of preventive health care services for low-income and vulnerable populations with a focus on the needs of children.

18 Effective Date.

I. Sections 4-15 of this act shall take effect July 1, 2001.

II. Sections 1-3 of this act shall take effect on the first day that the board established in RSA 404-G has obtained all approvals for the high risk pool and policies of insurance are available through the high risk pool. The high risk pool shall not issue policies of insurance until July 1, 2002, until all approvals are obtained, or until the commissioner adopts emergency rules to establish a high risk pool, whichever comes last.

III. Section 16 of this act shall take effect upon its passage.

IV. The remainder of this act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill establishes the health insurance risk pool for the purposes of individual health insurance coverage.

This bill also updates the mission statement of the healthy kids corporation and extends the reporting date for the healthy kids subcommittee studying affordable health insurance options for low income, working adults.

Rep. Hunt inquired if the amendment was divisible regarding Sections 16 and 17.

The Speaker ruled that the amendment was divisible and that Sections 16 and 17 constituted a non-germane amendment requiring a two-thirds vote of the House for adoption.

The question being the adoption of Sections 16 and 17 of the amendment.

Rep. Hunt spoke in favor and yielded to questions.

Rep. Rogers Johnson spoke against.

Rep. Leo Fraser spoke in favor.

On a division vote, 244 members having voted in the affirmative and 99 in the negative, Sections 16 and 17 of the amendment were adopted by the necessary two-thirds.

The question now being adoption of the remainder of the amendment.

Adopted.

Report adopted and ordered to third reading.

SB 119, relative to small group health insurance coverage. OUGHT TO PASS WITH AMENDMENT

Rep. Leo W. Fraser, Jr. for Commerce: What is being presented to the House today is the result of a very long deliberative process by the House Commerce Committee. The committee adopted unanimously an amendment to the bill after seven hours of public hearings and several subcommittee meetings. Under the current RSA's we have community rating for small groups, i.e. groups of 100 or less. As a part of that entire group there is age banding (0-18, 19-24, etc and so forth up the ladder to age 65 and over). The committee determined it to be appropriate to eliminate from banding requirements the youngest group (0-18) as it was felt that this group in all likelihood could obtain insurance at a cost less than what would be required under the banding requirements. The amendment also establishes two open enrollment periods for small employers who are self-employed individuals. Currently such individuals can enroll at any time during the year. The rest of the bill, as adopted by the Senate, raised grave concerns about the effect of the provisions adopted by the Senate. First and foremost was the recommendation by the Senate to reduce the definition of small group size from 100 down to 50. Everyone on the committee was deeply concerned about exposing employers of groups between ages 51 and 100 to what in all likelihood would be strict underwriting requirements. Obviously the young and healthy groups would probably experience a rate reduction, however the older groups could possibly be the victims of premium rate shock. Beyond that of course

those groups between 51 and 100 could also be subject to being written out of the business if their experience was particularly bad as insurance carriers frequently engage in what is known as cherry-picking. Cherry picking is the practice of underwriting risks with good claims experience and then rating groups with poor experience at such high levels that they can't afford to purchase insurance. The committee is well aware of the fact that there are major financial problems both in the group market as well as the individual market. In substance, the committee believes that if the foregoing coupled with other recommendations contained in SB 119 were adopted by the House it would literally wreak havoc on many business owners who employ between 51 and 100 people as well as increase the amount of subscribers in the small group member who would probably also experience rate increases as the small group market would literally be cut in half. Vote 13-0.

Amendment (1381h)

Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraph; Premium Rates for Small Employers. Amend RSA 420-G:4, I(a) by inserting after subparagraph (2) the following new subparagraph:

(3) Health carriers providing coverage to small employers under this chapter may modify such average premium as established pursuant to subparagraph I(a)(1) only in accordance with the following limitations:

(A) The maximum premium differential for age as determined by ratio shall be 3 to 1 beginning with age 19.

(B) Health carriers modifying such average premium for age may do so only by using the following age brackets:

0 - 18
19 - 24
25 - 29
30 - 34
35 - 39
40 - 44
45 - 49
50 - 54
55 - 59
60 - 64
65 +

(C) Carriers may use group size as a rating factor; however, the highest factor based on group size shall not exceed the lowest factor based on group size by more than 20 percent.

2 Premium Rates. Amend RSA 420-G:4, I(d) to read as follows:

(d) ~~[The only other modification to be allowed in community rating will be that component of the administrative fees which reflects the cost of doing business with different group sizes.] The commissioner shall not approve any filing if such filing is excessive, inadequate or contrary to the intent of this chapter.~~

3 New Paragraph; Limited Open Enrollment; Certain Small Employers. Amend RSA 420-G:8 by inserting after paragraph I the following new paragraph:

1-a. Small employers who are self-employed individuals shall have 2 open enrollment periods that shall occur during the months of June and December of each calendar year. During these periods, health carriers shall make their plans available to these employers for effective dates beginning on the first day of the month following the open enrollment period. Self-employed individuals who seek coverage during other times of the year shall be treated as late enrollees.

4 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill revises certain laws relative to small group health insurance.

Adopted.

Report adopted and ordered to third reading.

HB 478, relative to campaign finance reporting requirements, availability of voter checklists on computer disks, and permissible campaign contributions by business organizations.

MOTION TO SPECIAL ORDER

Rep. Scanlan moved that **HB 478**, relative to campaign finance reporting requirements, availability of voter checklists on computer disks, and permissible campaign contributions by business organizations, be Special Ordered to the end of bills listed in today's calendar under the Election Law Committee.
Adopted.

REGULAR CALENDAR (CONT'D)

HB 722, relative to town elections. **OUGHT TO PASS WITH AMENDMENT**

Rep. Peter E. Bragdon for Election Law: This bill would require a minimum number of write-in votes be received in order for a person to be elected in local races where there are no candidates on the ballot. The intent is to eliminate situations where people's names written in as a joke by friends and family end up winning a race with only 2 or 3 votes. Vote 9-8.

Amendment (1328h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to town, village district, and school district elections.

Amend the bill by replacing all after the enacting clause with the following:

1 New Section; Town Elections; Number of Write-In Votes Required. Amend RSA 669 by inserting after section 14 the following new section:

669:14-a Number of Write-In Votes Required.

I. In towns which have adopted an official ballot system, a person whose name was not printed on the ballot as a candidate for a specific office shall not be elected to that office unless the person received 10 write-in votes or write-in votes equaling 10 percent or more of the total votes cast for that office, whichever is the smaller, but in no event less than 5 write-in votes.

II. If no person is elected to an office as a result of the restrictions in paragraph I, the office shall be filled in the same manner as vacancies occurring during the term of that office.

2 New Section; Village District Elections; Number of Write-In Votes Required. Amend RSA 670 by inserting after section 12 the following new section:

670:8-a Number of Write-In Votes Required.

I. In village districts which have adopted an official ballot system, a person whose name was not printed on the ballot as a candidate for a specific office shall not be elected to that office unless the person received 10 write-in votes or write-in votes equaling 10 percent or more of the total votes cast for that office, whichever is the smaller, but in no event less than 5 write-in votes.

II. If no person is elected to an office as a result of the restrictions in paragraph I, the office shall be filled in the same manner as vacancies occurring during the term of that office.

3 New Section; School District Elections; Number of Write-In Votes Required. Amend RSA 671 by inserting after section 26-a the following new section:

671:26-b Number of Write-In Votes Required.

I. A person whose name was not printed on the ballot as a candidate for a specific office shall not be elected to that office unless the person received 10 write-in votes or write-in votes equaling 10 percent or more of the total votes cast for that office, whichever is the smaller, but in no event less than 5 write-in votes.

II. If no person is elected to an office as a result of the restrictions in paragraph I, the office shall be filled in the same manner as vacancies occurring during the term of that office.

4 Effective Date. This act shall take effect 60 days after its passage.

AMENDED ANALYSIS

This bill provides that a person whose name was not printed on the ballot for a town, village district, or school district election shall not be entitled to any elective office unless the person received 10 write-in votes or write-in votes equaling 10 percent or more of the total votes cast for that office, whichever is the smaller, but in no event less than 5 write-in votes. If a person is disqualified from a nomination for failure to receive the required minimum votes, the nomination shall be awarded to a qualified person chosen by the selectmen or other appropriate town officials, in the same manner as vacancies occurring during a term of town office are filled.

Adopted.

Report adopted and ordered to third reading.

SB 19, establishing a committee to study prevention of voter fraud. OUGHT TO PASS

Rep. Peter E. Bragdon for Election Law: This bill establishes a committee to study the prevention of voter fraud. The committee feels that voter confidence in the integrity of the election process is of great importance and a committee of this type would be beneficial. Vote 16-1.

Adopted and ordered to third reading.

SB 95, relative to campaign contribution limits. OUGHT TO PASS WITH AMENDMENT

Rep. Michael S. Rollo for Election Law: This bill was amended to reflect the four years of bipartisan work of the House Election Law Committee. The amendment does the following: 1) The bill removed the ability of the secretary of state's office or the attorney general's office through the publishing of a political calendar to supercede state statute. 2) It maintains the historical voluntary spending cap, while increasing the limits to reflect inflation and realistic campaign costs. 3) We leveled the playing field in accordance with the recent Supreme Court decisions between corporate and union donations. 4) Requires full disclosure of all contributions, and expenditures and requires additional filing dates of expenditures and receipts of candidates and campaigns prior to the primary and general elections. To allow voters full knowledge of where each candidate receives his/her money prior to casting his/her vote. Vote 13-4.

Amendment (1341h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to campaign finance reporting requirements, political expenditure limitation amounts, and permissible campaign contributions by business organizations.

Amend the bill by replacing all after the enacting clause with the following:

1 Political Calendar. Amend RSA 652:21 to read as follows:

652:21 Authority; Format. Prior to the state primary election, the secretary of state with the advice and approval of the attorney general shall prepare a political calendar for state and town elections setting forth the dates when action required under the election laws must be taken. ~~[Any action taken by any candidate or official in connection with the election laws which shall be taken in accordance with the dates set forth in said calendar shall be deemed to be duly performed for the purposes of the election laws.]~~ The expense of printing said political calendar shall be a charge upon the appropriation for the office of the secretary of state.

2 Political Expenditures and Contributions; Definitions; Independent Expenditures. Amend RSA 664:2, XI to read as follows:

XI. "Independent expenditures" means expenditures by a person, political committee, or other entity ~~[expressly]~~ advocating the election or defeat of a clearly identified candidate which are *not* made ~~[without]~~ *in* cooperation or consultation *or conjunction or coordination* with any candidate, or any authorized committee or agent of such candidate, and which are not made in ~~[concert]~~ *coordination* with, or at the request or suggestion of, any candidate, or any authorized committee or agent of such candidate. As used in this paragraph, "clearly identified" means that the name of the candidate involved appears; a photograph or drawing of the candidate appears; or the identity of the candidate is apparent by unambiguous reference.

3 New Paragraphs; Political Expenditures and Contributions; Definitions; Segregated Accounts; Coordinated Expenditure. Amend RSA 664:2 by inserting after paragraph XVII the following new paragraphs:

XVIII. "Segregated accounts" mean accounts funded by contributions solicited from a business organization's, labor union's, or group of labor unions' employees, officers, shareholders, directors, partners, or members for political purposes.

XIX. "Coordinated expenditure" means an expenditure by a political party, a political committee of a political party, or other entity, on behalf of a candidate or candidate's committee in a state primary or general election with the consent of the candidate. Any expenditure that is not an independent expenditure or direct expenditure shall be considered to be a coordinated expenditure.

4 Political Expenditures and Contributions; Prohibited Political Contributions; Business Organizations. RSA 664:4, I is repealed and reenacted to read as follows:

1. By any business organization, or by any officer, director, executive, agent, partner, or employee acting in behalf of such business organization. This shall not prohibit the establishment by a business organization of a political committee that operates independently of the business organization, provided that the committee's expenditures and contributions are made through a

separate, segregated account consisting only of voluntary contributions solicited from individuals who are employees, officers, shareholders, directors, partners, or members of the business organization. The provisions of this section shall not apply to sole proprietorships.

5 Political Expenditures and Contributions; Prohibited Political Contributions; Labor Unions; Segregated Account Exception. Amend RSA 664:4, III to read as follows:

III. By any labor union or group of labor unions, or by any officer, director, executive, agent or employee acting in behalf of such union or group of unions; or by any organization representing or affiliated with any such union or group of unions, or by any officer, director, executive, agent or employee acting in behalf of such organization. *This shall not prohibit the establishment by a labor union or group of labor unions of a political committee that operates independently of the labor union or group of labor unions, provided that the committee's expenditures and contributions are made through a separate, segregated account consisting only of voluntary contributions solicited from individuals who are employees, officers, shareholders, directors, partners, or members of the labor union or group of labor unions.*

6 Prohibited Political Contributions; General Limitations. Amend RSA 664:4, V to read as follows:

V. By any person (1) if in excess of \$5,000 in value, except for contributions made by a candidate in behalf of his *or her* own candidacy, or if in excess of [~~\$1,000~~] *\$1,500* in value by any person or by any political committee to a candidate or a political committee working on behalf of a candidate who does not voluntarily agree to limit his campaign expenditures and those expenditures made on his behalf as provided in RSA 664:5-a, (2) if made anonymously or under a name not that of the donor, (3) if made in the guise of a loan, (4) if any other manner concealed, (5) if made without the knowledge and written consent of the candidate or [~~his~~] *the candidate's* fiscal agent, a political committee or its treasurer, or not to any one of the same.

7 Political Expenditure Limitation Amounts; Amounts Increased. Amend RSA 664:5-b to read as follows:

664:5-b Political Expenditure Limitation Amounts. Total expenditures by a candidate who voluntarily agrees to limit campaign expenditures as provided in RSA 664:5-a shall be as follows:

I. For governor:

- (a) [~~\$625,000~~] *\$750,000* in a state primary election.
- (b) [~~\$625,000~~] *\$750,000* in a state general election.

I-a. For United States senator:

- (a) [~~\$625,000~~] *\$750,000* in a state primary election.
- (b) [~~\$625,000~~] *\$750,000* in a state general election.

II. For representative to Congress:

- (a) [~~\$350,000~~] *\$500,000* in a state primary election.
- (b) [~~\$350,000~~] *\$500,000* in a state general election.

III. For executive council:

- (a) [~~\$50,000~~] *\$60,000* in a state primary election.
- (b) [~~\$50,000~~] *\$60,000* in a state general election.

IV. For state senate:

- (a) [~~\$20,000~~] *\$40,000* in a state primary election.
- (b) [~~\$20,000~~] *\$40,000* in a state general election.

V. For representative to the general court and all county offices, based upon the latest figures filed with the secretary of state:

- (a) [~~\$-50~~] *\$1* per registered voter in the district or the county in a state primary election.
- (b) [~~\$-50~~] *\$1* per registered voter in the district or the county in a state general election.

VI. For the purposes of this section, RSA 664:5-a, and the enforcement provisions of this chapter, "total expenditures" shall mean the sum of all expenditures made to influence either a state primary or a state general election made by a candidate and those made on the candidate's behalf by the candidate's committee or committees, the candidate's party, and the candidate's immediate family. For candidates for governor, United States senator, representative to Congress, state senate, state representative, and executive council, "total expenditures" shall include any such expenditures made after January 1 of the election year, regardless of when the person actually declares his or her candidacy. Each campaign expenditure limitation amount shall apply solely and independently to either the state primary election or the state general election.

8 Elections; Political Expenditures and Contributions; Reports; Reporting by Political Committee; Reporting by Candidates. RSA 664:6 and 664:7 are repealed and reenacted to read as follows:
664:6 Reporting by Political Committee.

I. Any political committee whose receipts of contributions or whose expenditures, including, without limitation, coordinated and independent expenditures on behalf of candidates and general operating expenditures of the committee, in support of or in opposition to a candidate, measure, or political party, exceed in the aggregate \$500, shall file with the secretary of state an itemized statement, in accordance with the provisions of RSA 664:7-b. The statement shall be signed by the chairperson and treasurer of the political committee and shall list each contribution, in alphabetical order by the last name of the contributor, with the amount of the contribution, the date it was received, all of the information as is set forth in RSA 664:7-b, and the aggregate total for each election for each contributor. The statement shall be filed not later than the Wednesday 12 weeks immediately preceding a primary election, before 5 o'clock in the afternoon, and shall cover the period from the day of the committee registration up to and including the Monday before the statement is due. The statement shall contain the date of each expenditure, the name and address of the person or entity to whom each expenditure was made, the name of the candidate in whose behalf or against whom each expenditure was made, the amount of each expenditure, the purpose of each expenditure, and the aggregate amount of all previous expenditures.

II. An itemized statement in the same form as in paragraph I shall be filed with the secretary of state not later than the Wednesday 3 weeks immediately preceding a primary election, before 5 o'clock in the afternoon. The statement shall summarize the statement filed pursuant to paragraph I, if any, and shall itemize all receipts of contributions and expenditures made since the cutoff of the statement filed pursuant to paragraph I up until the Monday preceding the filing of the statement under this paragraph.

III. A statement in the same form as in paragraph I shall be filed with the secretary of state not later than the Wednesday immediately preceding a primary election, before 5 o'clock in the afternoon. The statement shall summarize the statements filed pursuant to paragraphs I and II, if any, and itemize all receipts of contributions and expenditures made since the cutoff of the statement filed pursuant to paragraph II up until the Monday preceding the filing of the statement under this paragraph. In addition to the reporting requirements contained in this section, the fiscal agent shall notify the secretary of state within 24 hours of any contributions or expenditures exceeding \$500 in the aggregate that are received after the statement under this paragraph is filed and prior to the day of primary election. No more than one report to the secretary of state shall be required within a 24-hour period.

IV. An itemized statement in the same form as in paragraph I, summarizing the previous statements, if any, and itemizing all receipts of contributions and expenditures made since the cutoff of the previous report up until the Monday preceding the filing of the statement, shall be filed with the secretary of state before 5 o'clock in the afternoon on each of the following days: the Wednesday one week after the primary election; the Wednesdays 4 weeks, 2 weeks, and immediately preceding the general election; and the Wednesday 2 weeks after the general election. In addition to the reporting requirements contained in this section, during the last week before the general election, the fiscal agent shall notify the secretary of state within 24 hours of any contributions or expenditures exceeding \$500 in the aggregate that are received after the statement under this paragraph is filed and prior to the day of the general election. No more than one report to the secretary of state shall be required within a 24-hour period.

V. Any political committee whose receipt of contributions or expenditures in the aggregate do not exceed \$500 for a reporting period need not file. However, when a committee's accumulated receipts of contributions or expenditures for an election in the aggregate exceed \$500, the committee shall file a statement at the next reporting deadline.

VI. Any political committee that has any outstanding debt, obligation, or surplus following the election shall file reports at least once every 6 months thereafter in the same form as in paragraph I until the obligation or indebtedness is entirely satisfied or surplus deleted, at which time a final report shall be filed.

VII. In addition to the itemized statements required by paragraphs I-VI of this section, any political committee whose independent expenditures, in aggregate, exceed \$500 shall file an itemized statement with the secretary of state not later than 24 hours after such expenditures are made, and

thereafter each time a further \$500 is expended. Such itemized statements shall cover the period during which independent expenditures totaling \$500 were made. Each statement shall include a certification by the political committee that the independent expenditure meets the definition in RSA 664:2, XI. Each statement shall contain the date of each independent expenditure; the name and address of the person to whom the expenditure was made; the name of the candidate on whose behalf or against whom each expenditure was made; the amount of each expenditure; the purpose of each expenditure and the aggregate amount of all previous independent expenditures. If the independent expenditure is made in support of or to oppose more than one candidate, the statement made under this paragraph shall allocate the way in which the expenditure was made among the candidates on a reasonable basis. For the purposes of this paragraph, "reasonable basis" means a statement which reflects the benefit or the burden reasonably expected to be derived or suffered by each candidate. The filing requirements of this paragraph shall be in addition to all other filing requirements under this section, and shall not be limited to the filing periods during which expenditures must otherwise be reported.

VIII. Copies of the statements required by paragraphs I through VII of the state committee of a political party shall be filed with the secretary of state in sufficient numbers so as to provide a copy for the state committee of each party on the ballot, which they may obtain by application to the secretary of state.

IX. Any national political committee of a party as defined in RSA 652:11 may make contributions or expenditures on behalf of state candidates without complying with the requirements of paragraphs I through VII, provided that the total contribution or expenditure made in behalf of a candidate or political committee in this state whether directly or indirectly does not exceed the limit for personal contributions in RSA 664:4.

X. The provisions of this paragraph shall apply only to a political committee for an individual candidate who is seeking a federal office whose holder is chosen by the voters of this state only. Such a committee, which is required by federal law to file with the federal government reports relative to receipts of contributions and expenditures in support of such one candidate, may choose, at the time of registering under RSA 663:3, I, to file with the secretary of state copies of reports made to the federal government in accordance with the timetable established by federal laws for such reports in lieu of complying with the other reporting requirements of this section.

664:7 Reporting by Candidates.

I. Each candidate at the primary or general election for governor, councilor, state senator, representative to general court, or county officer, who receives contributions or makes expenditures in the aggregate that exceed \$500, shall file statements before and after an election in like manner and detail as prescribed in RSA 664:6, I-VI, excepting, however, the expenditures of political committees of the party to which the candidate belongs in elections other than primaries. Any candidate who files expenditure reports pursuant to the provisions of this paragraph, and who pays more than \$5,000 to any person who makes expenditures on behalf of the candidate, shall file an itemized account of the expenditures made by the person on behalf of the candidate in the expenditure report filed on the Wednesday preceding the primary or general election.

II. The candidate shall report all contributions received and expenditures made for the purpose of exploring or promoting such candidacy in the first report filed.

9 New Sections; Political Expenditures and Contributions; Reports; Form of Contributions; Content of Disclosure Reports; Campaign Finance Disclosure Record. Amend RSA 664 by inserting after section 7 the following new sections:

664:7-a Form of Contributions. No contribution may be accepted unless accompanied by the disclosure information set forth in RSA 664:7-b.

664:7-b Content of Disclosure Reports. All contributions reported pursuant to RSA 664:6 or RSA 664:7 shall be listed on forms or other means prescribed by the secretary of state. The listing for each contribution exceeding \$50 shall include disclosure information. The disclosure information shall include the name; home or post office address; employer, business organization, or primary source of income; post office address of employer or business; and occupation of the contributor. Contributions shall be categorized as in-state or out-of-state. A summary of the contribution totals by category shall be included with each scheduled report. The report shall also list the aggregate total received from each contributor whose total contributions exceed \$100 and the contributor's disclosure information. All expenditures, as defined in RSA 664:2, IX and XIX, shall be reported in similar detail on forms or other means prescribed by the secretary of state.

664:7-c Campaign Finance Disclosure Record.

I. Disclosure reports required under RSA 664:6 and RSA 664:7 of candidates for governor and any disclosure reports filed by candidates for United States senator and representative to Congress may be filed in electronic format. The secretary of state shall enter these reports into an electronic campaign finance disclosure record. The secretary of state shall ensure that these disclosure reports are available through the official Internet site of the state of New Hampshire. Such reports shall also be available for paper or electronic copying at a reasonable cost.

II. The secretary of state shall compile and maintain separate cumulative disclosure reports filed under this subdivision by political committees, political committees of political parties, and candidates for executive councilor, state senator, state representative, county office, and the offices referenced in RSA 664:7, II.

10 Examination of Statements of Receipts and Expenditures. Amend RSA 664:19 to read as follows:

664:19 Examination of Statements of Receipts and Expenditures. It shall be the duty of the attorney general to *obtain and* examine the returns of election receipts and expenditures which are made to the secretary of state and to compel such returns be made to comply with the law.

11 Repeal. RSA 664:4, II, relative to prohibited political contributions by partnerships, is repealed.

12 Effective Date. This act shall take effect January 1, 2002.

AMENDED ANALYSIS

This bill:

I. Defines segregated accounts and coordinated expenditures and changes the definition of independent expenditure.

II. Modifies the reporting requirements for political committees and candidates and defines the content of mandatory campaign finance disclosure reports.

III. Increases the political expenditure limitation amounts.

IV. Creates an exception to the prohibition on political contributions by business organizations through the use of segregated accounts for voluntary contributions by members of the business organization.

Rep. Kennedy inquired if the amendment was divisible regarding Sections 4 and 5.

The Speaker ruled that the amendment was divisible and, without objection, ordered Sections 4 and 5 to be considered.

The question being the adoption of Sections 4 and 5 of the committee amendment.

Rep. Kennedy spoke against and yielded to questions.

Rep. Giuda spoke against.

Rep. Clegg spoke in favor and yielded to questions.

On a division vote, 298 members having voted in the affirmative and 53 in the negative, Sections 4 and 5 of the amendment were adopted.

The remainder of the amendment was adopted.

Rep. DiFruscia offered a floor amendment (1485h).

Amend the bill by inserting after section 11 the following and renumbering the original section 12 to read as 14:

Floor Amendment (1485h)

12 New Section; Reporting of Expenditures and Contributions to Candidates for Legislatively-Elected Office Required. Amend RSA 664 by inserting after section 7-c the following new section:

664:7-d Reporting by Candidates for Legislatively-Elected Office.

I. In this section, "legislatively-elected office" means secretary of state, treasurer, speaker of the house of representatives, senate president, house clerk, senate clerk, house sergeant at arms, and senate sergeant at arms.

II. Each candidate seeking election for legislatively-elected office shall:

(a) File statements before and after such election in like manner and detail prescribed in RSA 664:6, II-IV, except that the date of the respective election, rather than the date of the primary or general election, shall determine the dates of such statements; and

(b) Register as a political committee, pursuant to RSA 664:3, on the date that such person becomes a candidate for legislatively-elected office, notwithstanding the definition of the term "political committee" in RSA 664:2, III.

III. In this section, and notwithstanding RSA 664:2, II, the term “candidate” means a person who seeks nomination for election, or election, for legislatively-elected office, and for purposes of this section, a person shall be deemed to seek nomination for election, or election if such person:

- (a) Has received gifts or contributions for such purposes; or
- (b) Has given his or her consent to another person to receive gifts or contributions or make expenditures on behalf of such person and if such other person has received such gifts or contributions for such purposes.

IV. No candidate shall be entitled to legislatively-elected office until the sworn itemized statements required to be filed by the candidate or on the candidate’s behalf have been filed as required by this section.

13 Itemized Statements Filed by Facsimile Transmission; Reference Added. Amend RSA 664:9-a to read as follows:

664:9-a Itemized Statements Filed by Facsimile Transmission. The sworn itemized statements required to be filed by a political committee or a candidate or on [his] *the candidate’s* behalf as required by RSA 664:6, [and] 664:7, *and 664:7-d* may be filed by means of a facsimile transmission; provided, however, that a statement which is transmitted electronically or telephonically by a facsimile device shall also be filed by a political committee or a candidate or on [his] *the candidate’s* behalf not later than the last day of each filing period under RSA 664:6, [and] 664:7, *and 664:7-d* if a facsimile transmission is used.

AMENDED ANALYSIS

This bill:

I. Defines segregated accounts and coordinated expenditures and changes the definition of independent expenditure.

II. Modifies the reporting requirements for political committees and candidates and defines the content of mandatory campaign finance disclosure reports.

III. Increases the political expenditure limitation amounts.

IV. Creates an exception to the prohibition on political contributions by business organizations through the use of segregated accounts for voluntary contributions by members of the business organization.

V. Requires all candidates for secretary of state, treasurer, speaker of the house of representatives, senate president, house clerk, senate clerk, house sergeant at arms, and senate sergeant at arms to file certain reports and register as political committees.

Rep. DiFruscia spoke in favor and yielded to questions.

Rep. Arndt spoke against.

Rep. Burling spoke in favor.

Rep. Giuda requested a roll call; sufficiently seconded.

The question being adoption of the floor amendment (1485h).

and the floor amendment failed.

Report adopted and ordered to third reading.

Rep. Elliott declared a conflict of interest and did not participate.

SPECIAL ORDER

HB 478, relative to campaign finance reporting requirements, availability of voter checklists on computer disks, and permissible campaign contributions by business organizations. **OUGHT TO PASS WITH AMENDMENT**

Rep. Michael S. Rollo for Election Law: HB 478, as amended, is a result of four years of bi-partisan campaign finance reform work. The House has passed this bill three consecutive times, only to have the senate kill the bill in committee of conference. The amendment before the House is an accumulation of all the concerns expressed by the senate, the secretary of state and the attorney general's office during the last committee of conference. 1) The bill removed the ability of the secretary of state's office or the attorney general's office through he publishing of a political calendar to supercede state statute. 2) It maintains the historical voluntary spending cap, while increasing the limits to reflect inflation and realistic campaign costs. 3) We leveled the playing field in accordance with the recent Supreme Court decisions between corporate and union donations. 4) Requires full disclosure of all contributions, and expenditures and requires additional filing dates of expenditures and receipts of candidates and campaigns prior to the primary and general elections. To allow voters full knowledge of where each candidate receives his/her money prior to casting his/her vote. Vote 14-4.

Amendment (1236h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to campaign finance reporting requirements, political expenditure limitation amounts, and permissible campaign contributions by business organizations.

Amend the bill by replacing all after the enacting clause with the following:

1 Political Calendar. Amend RSA 652:21 to read as follows:

652:21 Authority; Format. Prior to the state primary election, the secretary of state with the advice and approval of the attorney general shall prepare a political calendar for state and town elections setting forth the dates when action required under the election laws must be taken. [~~Any action taken by any candidate or official in connection with the election laws which shall be taken in accordance with the dates set forth in said calendar shall be deemed to be duly performed for the purposes of the election laws.~~] The expense of printing said political calendar shall be a charge upon the appropriation for the office of the secretary of state.

2 Political Expenditures and Contributions; Definitions; Independent Expenditures. Amend RSA 664:2, XI to read as follows:

XI. "Independent expenditures" means expenditures by a person, political committee, or other entity [~~expressly~~] advocating the election or defeat of a clearly identified candidate which are *not* made [~~without~~] in cooperation or consultation *or conjunction or coordination* with any candidate, or any authorized committee or agent of such candidate, and which are not made in [~~concert~~] *coordination* with, or at the request or suggestion of, any candidate, or any authorized committee or agent of such candidate. As used in this paragraph, "clearly identified" means that the name of the candidate involved appears; a photograph or drawing of the candidate appears; or the identity of the candidate is apparent by unambiguous reference.

3 New Paragraphs; Political Expenditures and Contributions; Definitions; Segregated Accounts; Coordinated Expenditure. Amend RSA 664:2 by inserting after paragraph XVII the following new paragraphs:

XVIII. "Segregated accounts" mean accounts funded by contributions solicited from a business organization's, labor union's, or group of labor unions' employees, officers, shareholders, directors, partners, or members for political purposes.

XIX. "Coordinated expenditure" means an expenditure by a political party, a political committee of a political party, or other entity, on behalf of a candidate or candidate's committee in a state primary or general election with the consent of the candidate. Any expenditure that is not an independent expenditure or direct expenditure shall be considered to be a coordinated expenditure.

4 Political Expenditures and Contributions; Prohibited Political Contributions; Business Organizations. RSA 664:4, I is repealed and reenacted to read as follows:

I. By any business organization, or by any officer, director, executive, agent, partner, or employee acting in behalf of such business organization. This shall not prohibit the establishment by a business organization of a political committee that operates independently of the business organization, provided that the committee's expenditures and contributions are made through a separate, segregated account consisting only of voluntary contributions solicited from individuals who are employees, officers, shareholders, directors, partners, or members of the business organization. The provisions of this section shall not apply to sole proprietorships.

5 Political Expenditures and Contributions; Prohibited Political Contributions; Labor Unions; Segregated Account Exception. Amend RSA 664:4, III to read as follows:

III. By any labor union or group of labor unions, or by any officer, director, executive, agent or employee acting in behalf of such union or group of unions; or by any organization representing or affiliated with any such union or group of unions, or by any officer, director, executive, agent or employee acting in behalf of such organization. *This shall not prohibit the establishment by a labor union or group of labor unions of a political committee that operates independently of the labor union or group of labor unions, provided that the committee's expenditures and contributions are made through a separate, segregated account consisting only of voluntary contributions solicited from individuals who are employees, officers, shareholders, directors, partners, or members of the labor union or group of labor unions.*

6 Prohibited Political Contributions; General Limitations. Amend RSA 664:4, V to read as follows:

V. By any person (1) if in excess of \$5,000 in value, except for contributions made by a candidate in behalf of his or her own candidacy, or if in excess of [~~\$1,000~~] **\$1,500** in value by any person or by any political committee to a candidate or a political committee working on behalf of a candidate who does not voluntarily agree to limit his campaign expenditures and those expenditures made on his behalf as provided in RSA 664:5-a, (2) if made anonymously or under a name not that of the donor, (3) if made in the guise of a loan, (4) if any other manner concealed, (5) if made without the knowledge and written consent of the candidate or ~~his~~ **the candidate's** fiscal agent, a political committee or its treasurer, or not to any one of the same.

7 Political Expenditure Limitation Amounts; Amounts Increased. Amend RSA 664:5-b to read as follows:

664:5-b Political Expenditure Limitation Amounts. Total expenditures by a candidate who voluntarily agrees to limit campaign expenditures as provided in RSA 664:5-a shall be as follows:

I. For governor:

(a) [~~\$625,000~~] **\$750,000** in a state primary election.

(b) [~~\$625,000~~] **\$750,000** in a state general election.

I-a. For United States senator:

(a) [~~\$625,000~~] **\$750,000** in a state primary election.

(b) [~~\$625,000~~] **\$750,000** in a state general election.

II. For representative to Congress:

(a) [~~\$350,000~~] **\$500,000** in a state primary election.

(b) [~~\$350,000~~] **\$500,000** in a state general election.

III. For executive council:

(a) [~~\$50,000~~] **\$60,000** in a state primary election.

(b) [~~\$50,000~~] **\$60,000** in a state general election.

IV. For state senate:

(a) [~~\$20,000~~] **\$40,000** in a state primary election.

(b) [~~\$20,000~~] **\$40,000** in a state general election.

V. For representative to the general court and all county offices, based upon the latest figures filed with the secretary of state:

(a) [~~\$.50~~] **\$1** per registered voter in the district or the county in a state primary election.

(b) [~~\$.50~~] **\$1** per registered voter in the district or the county in a state general election.

VI. For the purposes of this section, RSA 664:5-a, and the enforcement provisions of this chapter, "total expenditures" shall mean the sum of all expenditures made to influence either a state primary or a state general election made by a candidate and those made on the candidate's behalf by the candidate's committee or committees, the candidate's party, and the candidate's immediate family. For candidates for governor, United States senator, representative to Congress, state senate, state representative, and executive council, "total expenditures" shall include any such expenditures made after January 1 of the election year, regardless of when the person actually declares his or her candidacy. Each campaign expenditure limitation amount shall apply solely and independently to either the state primary election or the state general election.

8 Elections; Political Expenditures and Contributions; Reports; Reporting by Political Committee; Reporting by Candidates. RSA 664:6 and 664:7 are repealed and reenacted to read as follows:
664:6 Reporting by Political Committee.

I. Any political committee whose receipts of contributions or whose expenditures, including, without limitation, coordinated and independent expenditures on behalf of candidates and general operating expenditures of the committee, in support of or in opposition to a candidate, measure, or political party, exceed in the aggregate \$500, shall file with the secretary of state an itemized statement, in accordance with the provisions of RSA 664:7-b. The statement shall be signed by the chairperson and treasurer of the political committee and shall list each contribution, in alphabetical order by the last name of the contributor, with the amount of the contribution, the date it was received, all of the information as is set forth in RSA 664:7-b, and the aggregate total for each election for each contributor. The statement shall be filed not later than the Wednesday 12 weeks immediately preceding a primary election, before 5 o'clock in the afternoon, and shall cover the period from the day of the committee registration up to and including the Monday before the statement is due. The statement shall contain the date of each expenditure, the name and address of the person or entity to whom each expenditure was made, the name of the candidate in whose behalf or against whom each expenditure was made, the amount of each expenditure, the purpose of each expenditure, and the aggregate amount of all previous expenditures.

II. An itemized statement in the same form as in paragraph I shall be filed with the secretary of state not later than the Wednesday 3 weeks immediately preceding a primary election, before 5 o'clock in the afternoon. The statement shall summarize the statement filed pursuant to paragraph I, if any, and shall itemize all receipts of contributions and expenditures made since the cutoff of the statement filed pursuant to paragraph I up until the Monday preceding the filing of the statement under this paragraph.

III. A statement in the same form as in paragraph I shall be filed with the secretary of state not later than the Wednesday immediately preceding a primary election, before 5 o'clock in the afternoon. The statement shall summarize the statements filed pursuant to paragraphs I and II, if any, and itemize all receipts of contributions and expenditures made since the cutoff of the statement filed pursuant to paragraph II up until the Monday preceding the filing of the statement under this paragraph. In addition to the reporting requirements contained in this section, the fiscal agent shall notify the secretary of state within 24 hours of any contributions or expenditures exceeding \$500 in the aggregate that are received after the statement under this paragraph is filed and prior to the day of primary election. No more than one report to the secretary of state shall be required within a 24-hour period.

IV. An itemized statement in the same form as in paragraph I, summarizing the previous statements, if any, and itemizing all receipts of contributions and expenditures made since the cutoff of the previous report up until the Monday preceding the filing of the statement, shall be filed with the secretary of state before 5 o'clock in the afternoon on each of the following days: the Wednesday one week after the primary election; the Wednesdays 4 weeks, 2 weeks, and immediately preceding the general election; and the Wednesday 2 weeks after the general election. In addition to the reporting requirements contained in this section, during the last week before the general election, the fiscal agent shall notify the secretary of state within 24 hours of any contributions or expenditures exceeding \$500 in the aggregate that are received after the statement under this paragraph is filed and prior to the day of the general election. No more than one report to the secretary of state shall be required within a 24-hour period.

V. Any political committee whose receipt of contributions or expenditures in the aggregate do not exceed \$500 for a reporting period need not file. However, when a committee's accumulated receipts of contributions or expenditures for an election in the aggregate exceed \$500, the committee shall file a statement at the next reporting deadline.

VI. Any political committee that has any outstanding debt, obligation, or surplus following the election shall file reports at least once every 6 months thereafter in the same form as in paragraph I until the obligation or indebtedness is entirely satisfied or surplus deleted, at which time a final report shall be filed.

VII. In addition to the itemized statements required by paragraphs I-VI of this section, any political committee whose independent expenditures, in aggregate, exceed \$500 shall file an itemized statement with the secretary of state not later than 24 hours after such expenditures are made, and thereafter each time a further \$500 is expended. Such itemized statements shall cover the period during which independent expenditures totaling \$500 were made. Each statement shall include a certification by the political committee that the independent expenditure meets the definition in RSA 664:2, XI. Each statement shall contain the date of each independent expenditure; the name and address of the person to whom the expenditure was made; the name of the candidate on whose behalf or against whom each expenditure was made; the amount of each expenditure; the purpose of each expenditure and the aggregate amount of all previous independent expenditures. If the independent expenditure is made in support of or to oppose more than one candidate, the statement made under this paragraph shall allocate the way in which the expenditure was made among the candidates on a reasonable basis. For the purposes of this paragraph, "reasonable basis" means a statement which reflects the benefit or the burden reasonably expected to be derived or suffered by each candidate. The filing requirements of this paragraph shall be in addition to all other filing requirements under this section, and shall not be limited to the filing periods during which expenditures must otherwise be reported.

VIII. Copies of the statements required by paragraphs I through VII of the state committee of a political party shall be filed with the secretary of state in sufficient numbers so as to provide a copy for the state committee of each party on the ballot, which they may obtain by application to the secretary of state.

IX. Any national political committee of a party as defined in RSA 652:11 may make contributions or expenditures on behalf of state candidates without complying with the requirements of paragraphs I through VII, provided that the total contribution or expenditure made in behalf of a candidate or political committee in this state whether directly or indirectly does not exceed the limit for personal contributions in RSA 664:4.

X. The provisions of this paragraph shall apply only to a political committee for an individual candidate who is seeking a federal office whose holder is chosen by the voters of this state only. Such a committee, which is required by federal law to file with the federal government reports relative to receipts of contributions and expenditures in support of such one candidate, may choose, at the time of registering under RSA 663:3, I, to file with the secretary of state copies of reports made to the federal government in accordance with the timetable established by federal laws for such reports in lieu of complying with the other reporting requirements of this section.

664:7 Reporting by Candidates.

I. Each candidate at the primary or general election for governor, councilor, state senator, representative to general court, or county officer, who receives contributions or makes expenditures in the aggregate that exceed \$500, shall file statements before and after an election in like manner and detail as prescribed in RSA 664:6, I-VI, excepting, however, the expenditures of political committees of the party to which the candidate belongs in elections other than primaries. Any candidate who files expenditure reports pursuant to the provisions of this paragraph, and who pays more than \$5,000 to any person who makes expenditures on behalf of the candidate, shall file an itemized account of the expenditures made by the person on behalf of the candidate in the expenditure report filed on the Wednesday preceding the primary or general election.

II. The candidate shall report all contributions received and expenditures made for the purpose of exploring or promoting such candidacy in the first report filed.

9 New Sections; Political Expenditures and Contributions; Reports; Form of Contributions; Content of Disclosure Reports; Campaign Finance Disclosure Record. Amend RSA 664 by inserting after section 7 the following new sections:

664:7-a Form of Contributions. No contribution may be accepted unless accompanied by the disclosure information set forth in RSA 664:7-b.

664:7-b Content of Disclosure Reports. All contributions reported pursuant to RSA 664:6 or RSA 664:7 shall be listed on forms or other means prescribed by the secretary of state. The listing for

each contribution exceeding \$50 shall include disclosure information. The disclosure information shall include the name; home or post office address; employer, business organization, or primary source of income; post office address of employer or business; and occupation of the contributor. Contributions shall be categorized as in-state or out-of-state. A summary of the contribution totals by category shall be included with each scheduled report. The report shall also list the aggregate total received from each contributor whose total contributions exceed \$100 and the contributor's disclosure information. All expenditures, as defined in RSA 664:2, IX and XIX, shall be reported in similar detail on forms or other means prescribed by the secretary of state.

664:7-c Campaign Finance Disclosure Record.

I. Disclosure reports required under RSA 664:6 and RSA 664:7 of candidates for governor and any disclosure reports filed by candidates for United States senator and representative to Congress may be filed in electronic format. The secretary of state shall enter these reports into an electronic campaign finance disclosure record. The secretary of state shall ensure that these disclosure reports are available through the official Internet site of the state of New Hampshire. Such reports shall also be available for paper or electronic copying at a reasonable cost.

II. The secretary of state shall compile and maintain separate cumulative disclosure reports filed under this subdivision by political committees, political committees of political parties, and candidates for executive councilor, state senator, state representative, county office, and the offices referenced in RSA 664:7, II.

10 Examination of Statements of Receipts and Expenditures. Amend RSA 664:19 to read as follows:

664:19 Examination of Statements of Receipts and Expenditures. It shall be the duty of the attorney general to *obtain and* examine the returns of election receipts and expenditures which are made to the secretary of state and to compel such returns be made to comply with the law.

11 Repeal. RSA 664:4, II, relative to prohibited political contributions by partnerships, is repealed.

12 Effective Date. This act shall take effect January 1, 2002.

AMENDED ANALYSIS

This bill:

I. Defines segregated accounts and coordinated expenditures and changes the definition of independent expenditure.

II. Modifies the reporting requirements for political committees and candidates and defines the content of mandatory campaign finance disclosure reports.

III. Increases the political expenditure limitation amounts.

IV. Creates an exception to the prohibition on political contributions by business organizations through the use of segregated accounts for voluntary contributions by members of the business organization.

LAI'D ON THE TABLE

Rep. Rollo moved that **HB 478**, relative to campaign finance reporting requirements, availability of voter checklists on computer disks, and permissible campaign contributions by business organizations, be laid on the table.

Adopted.

REGULAR CALENDAR (CONT'D)

SB 174-FN-A, including Martin Luther King, Jr. Civil Rights Day as a holiday for which certain state employees are entitled to holiday pay and relative to employees of the department of youth development services. **OUGHT TO PASS**

Rep. Donald R. Lent for Executive Departments and Administration: Currently, under RSA 98-A-6-b, part-time employees involved in the care of persons in the state mental health system, the department of health and human services, the state prison, and other crucial round the clock services are eligible for holiday pay for work on certain holidays. The list includes Memorial Day, Labor Day, Veteran's Day and New Years Day. This bill adds Martin Luther King, Jr. Civil Rights Day to the list. In addition, part-time employees of the department of youth development services are given eligibility for holiday pay for the same holidays. The law requires that such employees shall be required to work the scheduled day before the scheduled day after such holidays. Vote 13-5.

Rep. Weed requested a roll call; sufficiently seconded.

The question being adoption of the committee report.

and the report was adopted and ordered to third reading.

HB 207-FN-L, increasing the state aid contribution to municipalities that expand, upgrade, or develop new wastewater treatment facilities to provide for expanded septage handling and disposal capacity. **OUGHT TO PASS**

Rep. MaryAnn N. Blanchard for Finance: This bill is one of the recommendations of the Septage Task Force established in 1998 because of concerns that municipalities are not meeting their responsibilities pertaining to providing septage disposal per RSA 485-A:5-b. The bill simply permits the Department of Environmental Services to widen use of existing state funds in 2002-2003 to include municipal wastewater treatment projects, which increase capacity for septage handling. It increases the state's share of the project cost from 20% to 30% and adds further financial incentives if the proposed project's increased capacity will also serve other communities' septage disposal requirements. There are no new dollars appropriated in 2002-2003 in this legislation. Vote 20-0. Adopted and ordered to third reading.

SUSPENSION OF RULES

Reps. Scanlan and Burling moved that the Rules be so far suspended as to permit reporting after the deadline and consideration at the present time of **HB 253-FN**, relative to mercury reductions. Adopted by the necessary two-thirds.

HB 253-FN, relative to mercury reductions. **OUGHT TO PASS**

Rep. MaryAnn N. Blanchard for Finance: This bill establishes a state grant program to reimburse those New Hampshire communities for the costs associated with the earlier implementation date required by this bill. The fiscal note estimates those costs as up to \$75,900 in FY 2004 and FY 2005 and \$37,950 in FY 2006. The state grant program would cease after federal regulations require compliance anyway. Vote 19-2.

Rep. Phinizy offered a floor amendment (1319h).

Floor Amendment (1319h)

Amend RSA 125-M:3, I as inserted by section 1 of the bill by replacing it with the following:

1 Mercury Emissions Reduction and Control Program; Reduction of Mercury Emissions for Certain Municipal Waste Combustors. Amend RSA 125-M:3, I to read as follows:

I. Any municipal waste combustor with a design capacity to burn 100 tons per day or more of municipal solid waste [~~which is subject to a federal maximum mercury emission rate of 0.08 milligrams per dry standard cubic meter (mg/dscm) or less~~] shall reduce its mercury emissions to achieve a mercury emission rate of no greater than 0.028 mg/dscm corrected to 7 percent oxygen by volume on a dry basis[~~or at least 85 percent control efficiency~~].

Amend RSA 125-M:5, II(b)(1) as inserted by section 3 of the bill by replacing it with the following:

(b)(1) An alternative compliance plan for such a combustor may be submitted to the commissioner by interested parties to achieve a mercury emission rate of no greater than .028 mg/dscm corrected to 7 percent oxygen by volume on a dry basis by means of implementing programs that reduce the amount of mercury in the municipal solid waste that is being burned at the facility. The commissioner shall approve such a plan by May 1, 2002, provided that the commissioner makes a written determination that:

(A) Implementation of the plan will result in a demonstration of achieving a mercury emission rate of no greater than .028 mg/dscm corrected to 7 percent oxygen by volume on a dry basis no later than November 1, 2003;

(B) Implementation of the plan is assured through sufficient enforcement mechanisms; and

(C) The plan has been approved by the United States Environmental Protection Agency.

Amend the bill by replacing section 4 with the following:

4 New Sections; Mercury Emissions Reduction and Control Program. Amend RSA 125-M by inserting after section 7 the following new sections:

125-M:8 Reimbursement of Costs.

I. The department shall establish a grant program, pursuant to rules adopted by the commissioner under RSA 541-A, to reimburse eligible costs to any solid waste management district or regional refuse disposal district served by a municipal waste combustor permitted prior to January 1, 2001 with a design capacity to burn less than 250 tons per day but not less than 100 tons per day of municipal solid waste. The department shall reimburse such eligible costs over the same period as any such district has amortized those costs, provided that such amortization period shall not be less than 5 years.

II. The department shall determine any additional eligible costs not explicitly named in RSA 125-M:2, V of each district served by a municipal waste combustor subject to this chapter, and reimburse such additional eligible costs with prior approval of the governor and council.

III. Approval of all eligible costs, establishment of a grant program, and funding of the grant program shall occur prior to final purchase and installation of pollution control equipment at a municipal waste combustor permitted prior to January 1, 2001 with a design capacity to burn less than 250 tons per day not less than 100 tons per day of municipal solid waste.

125-M:9 Municipalities Not Liable for Certain Costs. A municipality participating in a regional disposal district or solid waste management district established prior to the imposition of the mercury emission rate established by RSA 125-M:3, I shall not be liable for the costs of maintenance, repair, or replacement of pollution control equipment installed where the district's combustor or combustors are owned by a private corporation.

Amend the bill by replacing all after section 6 with the following:

7 New Section; Incineration Ban. Amend RSA 149-M by inserting after section 26 the following new section:

149-M:26-a Incineration Ban.

I. No person shall dispose of mercury-added products in any municipal waste combustor.

II. Except as otherwise provided by this section, every person who discards solid waste within the state shall separate mercury-added products from that solid waste for recycling or disposal as a hazardous waste. Any contractor who replaces or removes mercury-added products shall assure the proper separation and recycling or disposal as a hazardous waste of any discarded mercury-added product.

III. After proper separation of mercury-added products each person who discards that waste shall either:

(a) Set that waste in a designated area for collection by a hauler who shall deliver that waste to a facility that is legally authorized and permitted to accept waste; or

(b) Deliver that waste to a facility that is legally authorized and permitted to accept that waste.

IV. Owners and operators of municipal waste combustors shall not be found to have knowingly accepted or disposed of mercury-added products if, at a minimum, the facility has implemented all of the following mechanisms as required:

(a) Posting of signs at the facility providing notice of the prohibition of the disposal and incineration of mercury-added products.

(b) Written notification to or contractual agreements with the facility's customers on a frequency determined by the department, providing notice of the prohibition on the disposal and incineration of mercury-added products.

(c) Implementation of a procedure approved by the department for periodically monitoring incoming wastes to detect the presence of mercury-added products at the facility and a practice of separation of observed mercury-added products to be returned to the generator or recycled or disposed of as a hazardous waste.

(d) Provide customers with information about collection programs or facilities that are permitted to accept mercury-added products for recycling or disposal as a hazardous waste.

8 Effective Date.

I. Section 7 of this act shall take effect December 6, 2005.

II. The remainder of this act shall take effect July 1, 2001.

AMENDED ANALYSIS

This bill:

I. Sets time frames within which certain municipal waste combustors must comply with mercury emission limits, and provides alternate compliance provisions.

II. Establishes a grant program to reimburse regional refuse disposal districts for certain costs of mercury emissions reduction and control systems.

III. Extends the reporting date of the ash landfill study to September 1, 2001.

IV. Bans the incineration of any waste containing mercury beginning December 6, 2005.

Rep. Phinizy spoke in favor.

Reps. Blanchard and Jeb Bradley spoke against and yielded to questions.

The floor amendment failed.

The question now being adoption of the committee report.

Reps. Franklin and Mirski spoke against.

Rep. Stone spoke in favor and yielded to questions.

Rep. Burling requested a quorum call. The Speaker ruled a quorum was present.

MOTION TO LAY ON THE TABLE

Rep. Mirski moved that **HB 253-FN**, relative to mercury reductions, be laid on the table.

Rep. Patten requested a roll call, sufficiently seconded.

The question being the motion to lay on the table.

Rep. Jeb Bradley moved that the House nonconcur and request a Committee of Conference.
Adopted.
The Speaker appointed Reps. Jeb Bradley, Norelli, Sloan and Gabler.

REGULAR CALENDAR (CONT'D)

HB 555-FN-L, relative to the billing of counties for certain expenses by the department of health and human service. **OUGHT TO PASS WITH AMENDMENT**
Rep. Lawrence A. Emerton for Finance: This bill, as amended by the House, dealt with the time frames within which the Department of Health and Human Services (HHS) billed counties and counties paid those bills. Part of the Finance amendment extends one of those time frames by three months to allow HHS a bit more flexibility. But the main thrust of the Finance amendment is to resolve a pressing billing dispute between HHS and the counties that focus on juvenile court-ordered placements at the Youth Development Center (YDC), the Youth Detention Services Unit and the Tobey School. Under current law, the counties are responsible for 25% of these costs. The counties have withheld approximately \$8 million dollars of payments due HHS for FY 1999, 2000 and 2001 when the per diem rates at these facilities increased rapidly and unexpectedly. If these arrearages are repaid, the counties and HHS will enter into a memorandum of understanding that will give the counties (a) access to timely information about rates and rate changes, and (b) a "seat at the table" to address and help resolve issues relating to the cost of operating those facilities and thus the per diem charges and the 25% share for which they are liable. In addition, the state, and not the counties, will be liable for any future per diem costs at these facilities when the annual census drops below 80% of capacity. There can be no reliable estimate of the cost, if any, to the state of this provision. The Committee has been given to understand that the counties support this bill as amended. Vote 18-2.

Amendment (1402h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the billing of counties for certain expenses by the department of health and human services and relative to costs of certain juvenile placements.

Amend the bill by replacing all after the enacting clause with the following:

1 New Paragraph; Payment of Expenses; Counties. Amend RSA 126-A:3 by inserting after paragraph II the following new paragraph:

II-a. Notwithstanding any provision of law to the contrary, the department shall not require payment and counties shall have no obligation to pay and no cause of action for payment shall be maintained against the counties, for payment for any product or service sold, furnished, or leased to the department or any other person on behalf of the department, unless an invoice for such product or service has been submitted to the counties for payment within 18 months of the date of delivery or provision of the product or service.

2 Reimbursement of Funds for Persons Eligible to Receive Nursing Home Services; Monthly Payments. Amend RSA 167:18-b, I to read as follows:

I. All expenditures in carrying out the purposes of this chapter or RSA 161 relative to old age assistance or aid to the permanently and totally disabled recipients who are in nursing homes shall be made in the first instance from the public assistance fund hereby created, but each county shall make monthly payments to the state for the amounts due under this section within ~~[30]~~ 45 days from notice thereof and shall reimburse said fund for all assistance granted to persons for which

such county is liable, to the extent of 50 percent of the non-federal share, except that no charges shall be made for the non-federal share for recipients in state institutions and intermediate care facilities for the mentally retarded (ICF-MR) serving developmentally impaired persons approved by the department of health and human services.

3 County Reimbursements. Amend RSA 170-G:5-a to read as follows:

170-G:5-a County Reimbursement. County payments due under RSA 169-B:40, 169-C:27 and 169-D:29 shall be paid to the department of health and human services on a monthly basis within [30] 45 days' notice of the amount due to the state. Delinquent payments due under these chapters, with interest at the rate of 12 percent per annum, may be recovered by action in a court of competent jurisdiction against the political subdivision liable therefor or may, at the request of the state agency, be deducted from any other moneys payable to such subdivision by any department or agency of the state.

4 Memorandum of Understanding. County governments need timely and accurate information to enable effective budget planning for their portion of the costs of placements of juveniles at the youth development center (YDC), youth detention services unit (YDSU), and, when applicable, the Tobey School. County governments should also have the opportunity to address and help resolve those factors that influence the costs of operation of these juvenile facilities. Therefore, after the state receives payment of arrearages owed by the counties to the state for their portion of costs of placements of juveniles at the YDC, YDSU, and the Tobey School for fiscal years 1999, 2000, and 2001, the state agency having administrative direction and control of these juvenile facilities shall enter into a memorandum of understanding with the designated representatives of the New Hampshire Association of Counties to provide for the flow of the necessary financial information to the counties relating to the costs of operation of the facilities. The memorandum of understanding shall be entered into and made effective no later than 60 days after the effective date of this section and shall include, at a minimum, the following:

(a) The form and schedule for the provision to the counties of information on daily census and the established and proposed per diem rates for the facilities, including information on fixed and variable costs incurred in the operation of the facilities upon which the per diem rates are based and the methodology used to calculate the rates.

(b) A process for allowing the counties, on a regular basis, to address and help resolve issues relating to the costs of operation and, accordingly, the per diem rates for the facilities.

5 New Paragraph; Delinquent Children; Limitation on Liability for Expenses. Amend RSA 169-B:40 by inserting after paragraph VIII the following new paragraph:

IX. Notwithstanding any provision of law to the contrary, no county government shall be charged per diem rates for its portion of costs of placement of juveniles at the youth development center, the youth detention services unit, and, when applicable, the Tobey School, which are based upon an annual average daily census at each unit which is less than 80 percent of the unit's capacity.

6 New Paragraph; Child Protection Act; Limitation on Liability for Expenses. Amend RSA 169-C:27 by inserting after paragraph VIII the following new paragraph:

IX. Notwithstanding any provision of law to the contrary, no county government shall be charged per diem rates for its portion of costs of placement of juveniles at the youth development center, the youth detention services unit, and, when applicable, the Tobey School, which are based upon an annual average daily census at each unit which is less than 80 percent of the unit's capacity.

7 New Paragraph; Children in Need of Services; Limitation on Liability for Expenses. Amend RSA 169-D:29 by inserting after paragraph VIII the following new paragraph:

IX. Notwithstanding any provision of law to the contrary, no county government shall be charged per diem rates for its portion of costs of placement of juveniles at the youth development center, the youth detention services unit, and, when applicable, the Tobey School, which are based upon an annual average daily census at each unit which is less than 80 percent of the unit's capacity.

8 Contingency. Sections 4-7 of this act shall be effective upon receipt by the state of all arrearages, excluding arrearages attributable to fiscal year 1998 and excluding all interest, for fiscal years 1999, 2000, and 2001 owed by the counties to the state for their portion of costs of placements of juveniles at the YDC, YDSU, and the Tobey School, as certified by the commissioner of administrative services to the secretary of state and the director of legislative services.

9 Effective Date.

I. Sections 4-7 of this act shall take effect as provided in section 8 of this act.

II. The remainder of this act shall take effect upon its passage.

AMENDED ANALYSIS

This bill declares that the department of health and human services shall not bill a county for expenses unless the department submits an invoice to such county within 18 months of the date of incurring such expense.

This bill changes the date monthly payments are due from the counties to the state for certain services from 30 days to 45 days of notice such payments are due.

This bill also requires a memorandum of understanding to be negotiated among the department of youth development services, the juvenile justice unit of the department of health and human services, and the counties relative to costs associated with certain juvenile placements.

Adopted.

Report adopted and ordered to third reading.

SB 54, relative to the transfer of funds in the community-technical college system. **OUGHT TO PASS WITH AMENDMENT**

Rep. Kenneth L. Weyler for Finance: This bill creates the New Hampshire Community Technical Colleges Foundation at the instigation of the legislature. Our Vocational Technical College System is evolving into a Community Technical College System. Also at the legislature's urging we asked the System to create their own foundation for soliciting outside contributions for an endowment. This bill is a final step and allows transfer of \$250,000, that the colleges have already raised, to be transferred from the treasurer's office to the foundation. There is no impact on the general fund. Vote 20-0.

Amendment (1411h)

Amend RSA 188-F:4-a, III as inserted by section 1 of the bill by replacing it with the following:

III. Accept and expend legacies and other gifts to, or for the benefit of, the community-technical college system, or any of its divisions, institutions, or units, without the approval of the governor and council, and to establish separate accounts, and to establish non-profit entities or foundations for the purposes of fund raising and development of assets in reserve. *State agencies or departments in possession of privately donated funds on behalf of the regional community-technical college system shall transfer such funds to the community-technical college foundation.*

Adopted.

Report adopted and ordered to third reading.

SB 111-FN, extending the term for the payment of group health insurance premiums for certain retired members of the retirement system. **OUGHT TO PASS**

Rep. MaryAnn N. Blanchard for Finance: This bill extends the payment of group health insurance premiums for Group I retirees (teachers and political subdivision retirees) from July 1, 2004 until July 1, 2008. These premiums are paid out of the special account established under RSA 100-A:16, II (h). This fund would still remain well in excess of \$100, 000, 000 each for teachers and employers. Furthermore this bill has no fiscal impact on state, county and local revenues or expenditures. Vote 20-0.

Adopted and ordered to third reading.

SB 197-FN, restructuring the judicial conduct committee as an independent judicial conduct commission and making an appropriation therefor. **MAJORITY: OUGHT TO PASS WITH AMENDMENT. MINORITY: INEXPEDIENT TO LEGISLATE.**

Rep. Larry G. Elliott for the Majority of Judiciary: The genesis of an independent judicial conduct commission was initiated by the Supreme Court in the middle of impeachment proceedings when they appointed an independent commission to study the issue of an independent judicial conduct commission. On January 5, 2001, the commission submitted the "Findings and Recommendations of the Task Force for the Renewal of Judicial Conduct Procedures". SB 197 closely tracks the recommendations of the Task Force. The House Judiciary Committee established a subcommittee to review the various House proposals and ultimately selected this Senate vehicle to bring forth our best recommendations for an independent judicial conduct commission. The subcommittee and the committee of the whole worked closely with the commission established by the Supreme Court and other legal scholars. Many of their recommendations are included in Amendment 1367h, which substantially replaces the text of Senate Bill 197. The bill establishes an eleven-member independent commission appointed by all three branches of government who shall serve without compensation. The commission shall select its own office space, which shall be as independent as possible from

other facilities of any branch of government. The commission shall have independent rulemaking authority. The commission shall conduct its meetings in public after an initial finding that the complaint against a judge has merit and needs to be further investigated. This bill begins the process of lifting the veil of secrecy that has cloaked the court system in the State of New Hampshire for too long. The preamble to this legislation best describes the intent of the House Judiciary Committee for passage of this critical legislation: "Purpose: In order to maintain a healthy democracy, the legislature finds that it is vital that the citizens of New Hampshire have an independent commission able to adequately discipline the actions of judges who have breached the Code of Judicial Conduct. The general court recognizes that the judicial branch of government must act independently, in accordance with the New Hampshire Constitution, in making its adjudicatory decisions. The legislature is mindful of the importance of the independence of each branch and believes that it has a duty under the constitution to insure that the judicial branch provides the citizens of New Hampshire fair, equal, impartial, and prompt justice. To meet its duty, the legislature mandates the establishment of a judicial conduct commission." Vote 13-2.

Rep. Peter S. Espieffs for the Minority of Judiciary: There is no compelling or urgent reason for public access to the final deliberations of the Judicial Conduct Committee (JCC) any more than there should be public access to the final deliberations of a jury. Although the JCC proceedings are made subject to RSA 91-A (i.e., Right-to-Know Law) which provides for a possible non-public hearing, such provision does not assure the confidentiality of the deliberations. The members of the deliberative body, after having conducted a public hearing on the facts and law, are entitled to protection of their private thoughts and judgmental processes without the fear of public ridicule or retribution. The deliberation process must not become a spectacle and circus. Therefore, the minority urges the House to vote against the bill because it is unnecessarily indifferent to the overriding importance of the confidential deliberative duties of the JCC and is bad public policy and precedent.

Amendment (1367h)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a judicial conduct commission.

Amend the bill by replacing all after the enacting clause with the following:

I Purpose. In order to maintain a healthy democracy, the legislature finds that it is vital that the citizens of New Hampshire have an independent commission able to adequately discipline the actions of judges who have breached the Code of Judicial Conduct. The general court recognizes that the judicial branch of government must act independently, in accordance with the New Hampshire Constitution, in making its adjudicatory decisions. The legislature is mindful of the importance of the independence of each branch and believes that it has a duty under the constitution to insure that the judicial branch provides the citizens of New Hampshire fair, equal, impartial, and prompt justice. To meet its duty, the legislature mandates the establishment of a judicial conduct commission.

2 New Chapter; Judicial Conduct Commission. Amend RSA by inserting after chapter 494 the following new chapter:

CHAPTER 494-A JUDICIAL CONDUCT COMMISSION

494-A:1 Judicial Conduct Commission Established. A judicial conduct commission is hereby established which shall be completely independent of the New Hampshire court system and other branches of government. The commission shall be administered by an executive director, appointed under RSA 494-A:3.

494-A:2 Definitions. In this chapter:

I. "Commission" means the judicial conduct commission established under RSA 494-A:4.

II. "Executive director" means the executive director of the commission appointed under RSA 494-A:3.

III. "Judge" means supreme court justices under RSA 490:1; superior court justices under RSA 491:1; and superior court marital masters; district court justices under RSA 502-A:3; and probate court judges, under RSA 547.

494-A:3 Executive Director; Appointment and Duties.

I. The commission shall select and appoint an executive director as the administrator of the commission. The executive director shall be appointed by majority vote of the commission after

60 days notice and a public hearing. The executive director shall hold office for 5 years and until a successor has been appointed, except that the executive director may be removed from office by vote of 2/3's of the commission. Vacancies in the office shall be filled for the unexpired term. The executive director may be reappointed using the same procedure for appointment. The executive director shall be a nonclassified state employee.

II. The executive director shall be the administrative head of the commission. The duties of the executive director shall also include:

(a) Employing and supervising commission staff, under RSA 494-A:16.

(b) Submitting an annual report to the governor, senate president, speaker of the house, and chief justice of the supreme court, by October 1 of each year, which details the performance of the commission. This report shall be a public document.

(c) Submitting budgets to be funded through general funds in the biennial operating budget.

(d) Acting as secretary for all commission meetings.

494-A:4 Commission; Membership.

I. The commission shall consist of the following 11 members:

(a) Three judges, consisting of one judge or retired judge from each of the superior court, district court, and probate court, appointed by the chief justice of the supreme court.

(b) Two attorneys nominated and appointed as follows:

(1) One attorney shall be appointed by the governor, with consent of the executive council, from a list of 10 nominees prepared by the New Hampshire Bar Association. If the initial list prepared by the New Hampshire Bar Association is unsatisfactory to the governor, the governor may request that the Bar Association prepare a second list of 10 nominees from which an appointment shall be made.

(2) One attorney shall be appointed jointly by the senate president and the speaker of the house from a list of 10 nominees prepared by the New Hampshire Bar Association. If the initial list prepared by the New Hampshire Bar Association is unsatisfactory to the senate president and the speaker of the house, they may request that the Bar Association prepare a second list of 10 nominees from which an appointment shall be made.

(c) Two public members who are not judges, attorneys, or elected or appointed public officials, appointed by the governor.

(d) Two public members who are not judges or attorneys, appointed by the senate president.

(e) Two public members who are not judges or attorneys, appointed by the speaker of the house.

II. Commission members shall serve without compensation for their services, but shall be reimbursed for necessary expenses incurred in the performance of their duties.

494-A:5 Terms of Office.

I. The initial terms of office shall be staggered as follows:

(a) For the members appointed under RSA 494-A:4, I(a), one member shall be appointed for 2 years, one member shall be appointed for 3 years, and one member shall be appointed for 4 years.

(b) For the members appointed under RSA 494-A:4, I(b), one member shall be appointed for 3 years and one member shall be appointed for 4 years.

(c) For the members appointed under RSA 494-A:4, I(c), one member shall be appointed for 3 years and one member shall be appointed for 4 years.

(d) For the members appointed under RSA 494-A:4, I(d), one member shall be appointed for 2 years and one member shall be appointed for 3 years.

(e) For the members appointed under RSA 494-A:4, I(e), one member shall be appointed for 3 years and one member shall be appointed for 4 years.

II. After the initial appointment, a member may be reappointed for an additional term of 4 years. Initial members may not be appointed thereafter until they have not sat on the commission for a period of 4 years.

494-A:6 Vacancies.

I. A vacancy in the office of the commission occurs:

(a) At the expiration of a member's term.

(b) When a member ceases to hold the office, by submitting his or her resignation to the commission, or for some other reason.

(c) When a non-attorney or non-judge member becomes an attorney or judge.

(d) When an attorney member ceases to be a member of the New Hampshire bar, is elected or appointed to public office, or is appointed a judge.

(e) When a member ceases to be domiciled in New Hampshire.

II. A vacancy shall be filled by the same appointing authority. The successor shall have the same qualifications as the person who is being replaced. If the vacancy results from other than expiration of the term, the successor shall hold office for the unexpired term.

494-A:7 Disqualification.

I. No member shall participate in any proceeding before the commission involving his or her conduct or in which he or she is a witness or is otherwise involved.

II. No member shall participate in any proceeding in which his or her impartiality might reasonably be questioned.

III. Whenever a member is unable to participate in a particular proceeding because of disqualification, prolonged absence, or physical or mental incapacity, or any other reason, the commission may request the appointing authority of the absent member to appoint a substitute member.

494-A:8 Numbers for Quorum and Action. A quorum for a meeting shall be a simple majority. Similarly, a simple majority of the commission shall be necessary to take routine action. A vote of 6 members of the commission shall be required in order to take or recommend any disciplinary action.

494-A:9 Election of Chairperson and Vice Chairperson. The members of the commission shall elect their own chairperson and vice chairperson.

494-A:10 Duties; Proceedings. The commission shall be responsible for addressing complaints concerning the conduct of judges in the courts of this state. The commission shall determine if a complaint constitutes conduct which violates the Code of Judicial Conduct. The commission shall adopt rules for its proceedings under this paragraph. After notice and hearing, the commission may impose disciplinary actions with regard to a complaint by reprimand or censure. The commission may recommend that the supreme court suspend the judge. If the commission finds evidence of criminal acts, it shall report such evidence to the attorney general. If the commission finds that a judge's conduct may warrant the removal of the judge, the commission shall refer the matter to the legislature.

II. The commission shall, by rules of the executive director adopted under RSA 494-A:12, adopt a Code of Judicial Conduct based on the Model Code of Judicial Conduct (August, 1990), adopted by the House of Delegates of the American Bar Association on August 7, 1990. The code shall be the initial code adopted and may be amended by the commission. Prior to any change in the Code of Judicial Conduct, the commission shall confer with the chief justice of the supreme court.

494-A:11 Procedures for Complaints; Public Availability.

I. When a complaint is received by the commission, the commission shall determine if the complaint is founded or unfounded. If unfounded, the commission shall respond to the complaining party within 60 days and provide the complaining party with a descriptive basis for its decision. If founded, the commission shall send a copy of the complaint to the judge and the judge shall have 21 days to respond in writing. There shall be no other communications by the judge relative to the complaint. Following a response from the judge, the commission shall send a copy of the response to the complaining party and the complaint and the response shall be public record. All subsequent actions of the commission shall be subject to the provisions of RSA 91-A.

II. The commission may conduct hearings when necessary to make a finding. Transcripts, findings, deliberations, and reports of disciplinary actions taken with regard to a founded complaint shall be available to the public under the provisions of RSA 91-A. The exemption regarding internal personnel practices in RSA 91-A:5, IV shall be inapplicable to proceedings or documents under this paragraph.

III. If the complaint referred to the commission alleges conduct that would constitute a crime, the commission chairperson shall immediately refer the matter to the attorney general. The referral of such a complaint to the attorney general shall not supersede the commission's jurisdiction relative to whether a violation of the Code of Judicial Conduct has occurred. However, the committee shall suspend its activities until the criminal proceedings, if any, are concluded.

IV. In all cases, whether a complaint is dismissed or not, complaints received by the commission shall be made available to the administrative judge of the court in which the judge complained against holds office. Furthermore, all complaints against judges received by the administrative judges and other judges of the superior court, the district court, and the probate court shall be forwarded to the commission.

V. The statute of limitations for any complaint shall be 3 years from the act which is the subject of the complaint or from the conclusion of the trial or appeal during which the act occurred, whichever is later.

494-A:12 Rules. The executive director, with consent of the commission, shall have the authority to adopt rules, after public notice and hearing, necessary to perform the objectives of this chapter and may adopt as temporary rules the rules used by the supreme court on the effective date of this chapter, but shall adopt its own rules, which shall replace such temporary rules, by January 1, 2002. Prior to the adoption of any rule, or the amendment or repeal thereof, the commission shall publish or otherwise circulate notices of its intended action and afford interested parties the opportunity to submit comments either orally or in writing.

494-A:13 Subpoena Power. The chairperson and the vice-chairperson of the commission shall have the powers of subpoena.

494-A:14 Appeals. An aggrieved party may appeal an order or decision of the judicial conduct commission provided that such appeals shall be limited to consideration of matters of procedure and errors of law.

494-A:15 Funding. The commission shall prepare and administer its own budget, including funding for such items as staff, office space, and operating expenses. Funding shall be authorized by the legislature only from sources other than those appropriated for the judicial branch.

494-A:16 Staff and Facilities.

I. The executive director shall, with the approval of the commission, hire its own staff, which may include attorneys, investigators, and clerks, as may be necessary to carry out the duties of the commission. The executive director may contract for such temporary professional, administrative, and clerical services as deemed necessary by the commission. Full-time staff shall be nonclassified personnel who shall be entitled to state employee benefits.

II. The commission shall select its own office space, which shall be as independent as possible from other facilities of any branch of government.

3 Right to Know; Judicial Conduct Commission Included Under Public Proceedings. Amend RSA 91-A:1-a, III to read as follows:

III. Any board or commission of any state agency or authority, including the board of trustees of the university system of New Hampshire *and the judicial conduct commission*;

4 Repeals. The following are repealed:

I. RSA 490:30, relative to the committee on judicial conduct.

II. RSA 490:32, relative to judicial performance evaluation.

5 Date of Operation of Commission. All appointments to and necessary staffing of the judicial conduct commission shall be made prior to January 1, 2002 and the commission shall commence operation January 2, 2002.

6 Severability. If any provision of this act or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the act which can be given effect without the invalid provisions or applications, and to this end the provisions of this act are severable.

7 Effective Date. This act shall take effect July 1, 2001.

AMENDED ANALYSIS

This bill restructures the judicial conduct committee as an independent judicial conduct commission.

Majority amendment adopted.

The question being adoption of the majority report.

Reps. Espiefs and Leishman spoke against and yielded to questions.

Rep. Leishman inquired if the question was divisible. The Speaker ruled the question was not divisible.

Reps. Rowe and Jacobson spoke in favor and yielded to questions.

Rep. Camm requested a roll call; sufficiently seconded.

The question now being adoption of the majority report.

and the majority report was adopted.

Ordered to third reading.

Rep. Burling declared a conflict of interest and did not participate.

SB 120, relative to tip pooling for certain hourly employees. OUGHT TO PASS WITH AMENDMENT

Rep. Benjamin C. Baroody for Labor, Industrial and Rehabilitative Services: This bill was needed by the Department of Labor to enforce tip pooling practices now being done in New Hampshire. Vote 10-2.

Amendment (1375h)

Amend the bill by replacing all after the enacting clause with the following:

1 Minimum Wage Law; Definition and Administration of Tip Pooling. Amend the introductory paragraph of RSA 279:21 to read as follows:

Unless otherwise provided by statute, no person, firm, or corporation shall employ any employee at an hourly rate lower than that set forth in the federal minimum wage law, as amended, or as follows, whichever is higher:

Date Hourly Rate

April 1, 1991 to September 30, 1996 \$4.25

October 1, 1996 to August 31, 1997 \$4.75

On and after September 1, 1997 \$5.15

Tipped employees of a restaurant, hotel, motel, inn or cabin, who customarily and regularly receive more than \$20 a month in tips directly from the customers will receive a base rate from the employer of not less than \$2.38 per hour. With any change to the minimum wage after the effective date of this section, the employer is responsible to pay employees \$2.38 per hour or 45 percent of the applicable minimum wage whichever is higher. If an employee shows to the satisfaction of the commissioner that the actual amount of wages received at the end of each pay period did not equal the minimum wage for all hours worked, the employer shall pay the employee the difference to guarantee the applicable minimum wage. *For purposes of this section, "tips directly from the customer" means: (1) tips paid directly from the customer to the employee and, (2) tips which the tipped employees voluntarily pool and share with employees who customarily and regularly receive tips, such as waitstaff, hostesses, expeditors, buspeople, and service bartenders who serve customers. Tipped employees shall not be required to share their tips with employees who have not customarily and regularly participated in tip pooling arrangements, such as dishwashers, cooks, chefs, janitors, door people, and security personnel. A tip is the property of the employee in recognition of services given to a customer and shall not include a compulsory charge for service. In no case shall more than 10 percent of the tips received by any individual be put into a tip pool. An employer may, but is not required to, administer the tip pool. When the employees administer the tip pool themselves, then they shall report sufficient information to the employer to permit the employer to document tips contributed by the wait staff to the tip pool and tips*

received by employees from the tip pool. Where the tip pool is administered in accordance with this section, the employer shall not be in violation of the provisions of 275:48. Where the employees administer the tip pool in violation of this section, the employer shall not be in violation of RSA 275:48. No individual shall be discriminated against for not voluntarily participating in a tip pooling policy. Any restaurant, hotel, motel, inn, or cabin whose employees engage in tip pooling shall post a sign in its entrance, prominently displayed in plain view of the customer, notifying customers that the establishment pools tips. The department of labor shall provide a uniformly worded sign for posting that notifies the customer that the establishment pools tips and explains the practice in general terms. The limitations imposed hereby shall be subject to the following exceptions:

2 Effective Date. This act shall take effect 60 days after its passage.

Rep. Gilman moved Recommit to committee and spoke in favor.

Adopted.

Recommitted to Labor, Industrial and Rehabilitative Services.

HB 592-FN-A, relative to a milfoil and other exotic plants prevention and research grant program and fund. **OUGHT TO PASS WITH AMENDMENT**

Rep. Vivian R. Clark for Ways and Means: This bill would have increased boat registration fees by \$3 to fund a new milfoil research and prevention program. The amendment removes that fee and funds the program through a portion of the ad-valorem tax currently collected by state boat registration agents other than town clerks. The remainder of those tax funds will be used to add to the Harbor Maintenance Fund and, for one year to pay for the Department of Safety to implement the national standards for navigational aids. Currently, New Hampshire is the only state that has not adopted those standards. The amendment also requires that reports on both the milfoil program and the buoy program be submitted as part of the normal budget cycle. Vote 12-2.

Amendment (1326h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to a milfoil and other exotic plants control and research grant program and fund. Amend the bill by replacing all after the enacting clause with the following:

1 New Subparagraph: Milfoil and Other Exotic Plants Control and Research Grant Fund. Amend RSA 6:12, I by inserting after subparagraph (dddd) the following new subparagraph:

(eeee) Moneys collected pursuant to RSA 487:26, which shall be deposited in the milfoil and other exotic plants control and research grant fund.

2 Boat Registration Fee; Collection by Authorized Agents. Amend RSA 72-A:5 to read as follows: 72-A:5 Town Treasurer.

I. Every clerk[;] ~~and tax collector[; and authorized agent]~~ shall each week send all boat fees collected to his ~~or her~~ town or city treasurer. Except as provided in ~~[paragraph]~~ **paragraphs II and III**, boat fees shall be for the general use of the town or city.

II. When the boat fee is collected by the department of safety, the fee shall be deposited in the navigation safety fund established under RSA 270-E:6-a.

III. Every authorized agent of the department of safety shall each week send all boat fees collected to the department of safety. Each quarter the department shall account for these fees and deposit them as follows:

(a) **One-third to the milfoil and other exotic plants control and research grant fund established under RSA 487:26;**

(b) **One-third to the harbor dredging and pier maintenance fund established under RSA 271-A:21; and**

(c) **One-third shall be used by the department to implement the United States Aids to Navigation System to mark the state's waters.**

3 Boat Registration Fee. Amend RSA 72-A:5, III(a) to read as follows:

(a) One-third to the general fund.

4 Boat Registration Fee. Amend RSA 72-A:15, III(c) to read as follows:

(c) One-third shall be ~~[used by the department to implement the United States Aids to Navigation System to mark the state's waters]~~ **deposited in the general fund.**

5 New Subdivision: Milfoil and Other Exotic Plants Control. Amend RSA 487 by inserting after section 25 the following new subdivision:

Milfoil and Other Exotic Plants Control

487:26 Milfoil and Other Exotic Plants Control and Research Grant Fund. There is hereby established a special fund to be known as the milfoil and other exotic plants control and research grant fund. The purpose of this fund is to provide revenues for the milfoil and other exotic plants control and research grant program as provided in this subdivision, and moneys in the fund shall not be available for any other purpose. All moneys deposited in the fund are continually appropriated for the purposes of the milfoil and other exotic plants control and research grant program and shall not lapse.

487:27 Grant Program Established. There is hereby established a grant program to be administered by the department of environmental services for the allocation of money to lake associations and towns which seek to administer a milfoil and other exotic plants control program, and institutions of higher learning which seek to conduct research on milfoil and other exotic plants remediation techniques. The grant program shall be funded by the milfoil and other exotic plants control and research grant fund, established under RSA 487:26. Up to one-half of the moneys distributed from the fund shall be allocated for the purposes of milfoil and other exotic plants control programs and the remainder shall be allocated to milfoil and other exotic plants research projects.

487:28 Management Plan. The department of environmental services shall establish a management plan to implement the grant program. The management plan shall include, but not be limited to:

- I. Eligibility determination criteria and procedures.
- II. Application requirements and procedures.
- III. Project selection and prioritization requirements and procedures.

IV. Stewardship requirements and procedures, including annual reporting to the department by the grantee.

487:29 Eligible Applicants; Matching Funds.

I. The department of environmental services shall distribute funds for projects to further the purposes of this chapter only to eligible applicants. Eligible applicants shall include:

- (a) Publicly-supported nonprofit corporations exempt from federal income taxation under section 501(c) of the Internal Revenue Code.
- (b) Municipalities or other political subdivisions of the state.
- (c) Institutions of higher learning.

II. All eligible applicants shall provide a minimum level of matching resources equal to 50 percent of the proposed program budget. The cost-sharing match may be met through the use of in-kind services. Qualifying matching funds from the applicant may include, but are not limited to, municipal appropriations, private donations, federal funds, and the value of goods and services provided by the applicant.

487:30 Milfoil and Other Exotic Plants Control and Research Grant Fund Report and Budget.

I. The department of environmental services shall submit an annual report, beginning on July 1, 2002, to the speaker of the house, president of the senate, and the governor and council which shall include, but not be limited to, a description of programs funded by the milfoil and other exotic plants control and research grant fund and the extent of aid to municipalities, lake associations, and research institutions.

II. In addition to or in conjunction with its operating budget, the department of environmental services shall submit a budget for the biennium beginning July 1, 2003, and for each biennium thereafter, which shall include all expected revenues and projected expenditures of the dedicated fund established in RSA 487:26.

6 Termination of Funding and Report on United States Aids to Navigation System.

I. Any moneys that the department of safety receives during fiscal year 2002 to implement the United States Aids to Navigation System under RSA 72-A:5, III(c) and does not spend or obligate for expenditure by June 30, 2003 shall lapse to the general fund on July 1, 2003.

II. In addition to, or in conjunction with, its operating budget for fiscal year 2004 the department shall submit a report on the implementation of the United States Aids to Navigation System, including a projected budget for maintenance of the system to the speaker of the house, the president of the senate, the governor, and the executive council.

7 Prospective Repeal; July 1, 2006. The following are repealed:

- I. RSA 6:12, I(eeee), relative to the milfoil and other exotic plants control and research grant fund.
- II. RSA 487:26-29, relative to the milfoil and other exotic plants control program.

8 Effective Date.

- I. Section 4 of this act shall take effect July 1, 2002.
- II. Sections 3 and 7 of this act shall take effect July 1, 2006.
- III. The remainder of this act shall take effect July 1, 2001.

AMENDED ANALYSIS

This bill creates a grant program administered by the department of environmental services for aid to lake associations and towns which seek to administer a milfoil and other exotic plants control program, and institutions of higher learning which seek to conduct research on milfoil and other exotic plants remediation techniques. Eligible applicants are required to provide a minimum resource match of 50 percent of the proposed program budget.

This bill also creates a special milfoil and other exotic plants control and research grant fund to provide moneys for the program. Funding for the grant program is provided by directing authorized agents of the department of safety to pay the boat fee they collect under RSA 72-A to the department, instead of to the town or city treasurer. The department shall use 1/3 of the boat fees so collected to fund the grant program and 1/3 for the harbor dredging and pier maintenance fund. For one year the department shall use the remaining 1/3 of the boat fees for implementing the United States Aid to Navigation System to mark the state's waters. After one year, the remaining 1/3 of the boat fees will go into the general fund.

The provisions of this bill are repealed July 1, 2006 and the funds allocated to the milfoil and other exotic plants control and research grant fund lapse into the general fund.

Rep. Leone spoke against and yielded to questions.
Rep. Vivian Clark spoke in favor and yielded to questions.
Rep. Babson requested a roll call; sufficiently seconded.
The question being adoption of the amendment.

and the amendment failed.

The question now being adoption of the motion of Ought to Pass.

Rep. Alukonis spoke against.

Rep. Lovett spoke in favor and yielded to questions.

Rep. Herman moved Recommit to committee.

On a division vote, 202 members having voted in the affirmative and 112 in the negative, the motion was adopted.

Recommitted to Ways and Means.

SB 170-FN-L, making certain changes to the excavation tax and excavation activity tax. OUGHT TO PASS WITH AMENDMENT

Rep. Susan W. Almy for Ways and Means: This is a minor housekeeping bill for the sand and gravel tax. The largest change is to repeal a specific appeals board for the excavation tax, and send appellants (of which there have been none) to the Board of Land and Tax Appeals, which already handles the other half of the tax. The House amendment changes the effective date, as the original one has passed. Vote 14-0.

Amendment (1339h)

Amend the bill by replacing section 8 with the following:

8 Effective Date. This act shall take effect April 1, 2002.

Adopted.

Report adopted and ordered to third reading.

SB 99, relative to the exemption from the community benefits law for charitable trusts. **OUGHT TO PASS WITH AMENDMENT**

Rep. Marshall E. Quandt for Commerce: This bill was brought to exempt the Visiting Nurse Associations who have a fund balance of less than \$1 M from reporting under the Community Benefits Statute. The committee felt that since this law is new and has not had time to work, the organizations should not be exempt later. However, the amendment gives the Attorney General's Office the authority to grant a filing extension of up to 12 months and to provide on-going training. The AG has changed a policy which makes it easier for the smaller agencies to work collectively to do their reporting. The AG's office has also agreed to develop a simpler reporting form for the smaller organizations for their filing. Vote 14-0.

Amendment (1265h)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the extension of time for filing a community benefits plan.

Amend the bill by replacing section 1 with the following:

1 Extension of Time for Filing a Community Benefits Plan. Amend RSA 7:32-g, II to read as follows:

II. An extension of time for filing the community benefits plan may be granted by the director, for a period of time not to exceed 12 months.

AMENDED ANALYSIS

This bill allows the director of charitable trusts to grant an extension of time to file a community benefits plan, for a period not to exceed 12 months.

Adopted.

Report adopted and ordered to third reading.

HB 678, relative to notice of release of an inmate from state prison. **OUGHT TO PASS WITH AMENDMENT**

Rep. William V. Knowles for Criminal Justice and Public Safety: This legislation provides for notification of the prosecuting attorney whenever any person who has been committed to the state prison is released for gainful employment or for the performance of uncompensated public service. Currently, just the sentencing court is notified. If either the prosecuting attorney or the sentencing court object to the release, the release shall not occur. Notification of the prosecuting attorney shall also occur in instances where the commissioner of corrections releases a low risk, non-violent offender on parole under 651:25, VI (d). If either the prosecuting attorney or the sentencing court object to the release, it shall not occur. By involving the prosecuting attorney in these decisions, we feel that the victims concerns will be better represented. Vote 11-0.

Amendment (1334h)

Amend RSA 651:25, I as inserted by section 1 of the bill by replacing it with the following:

I. The commissioner of corrections may release any person who has been committed to the state prison at any time during the term of sentence for the purpose of obtaining and working at gainful employment, for the performance of uncompensated public service as provided in RSA 651:68-70, or for such other purpose as may be deemed conducive to his rehabilitation, for such times or intervals of time and under such terms and conditions as may be prescribed by the commissioner pursuant to RSA 541-A, provided, however, that a prisoner who has not served sufficient time to be eligible for parole may be released under this section only if the sentencing court *[has] and the prosecutor of the underlying offense have* been notified of the proposed release, and *there has been no objection by either the sentencing court or the prosecutor of the underlying offense* *[has not objected]* within 10 days of receipt of such notice. *If either the sentencing court or the prosecutor of the underlying offense objects to the proposed release, the release shall not occur.*

The commissioner of corrections may permit inmates of the state prison, who volunteer to do so, to be gainfully employed outside the institution when such employment is considered in their best interest and the best interest of the state. Inmates may be so employed by the state or by public or private employers.

Rep. Welch spoke against.

The amendment failed.

Rep. Knowles offered a floor amendment (1475h) and spoke in favor.

Floor Amendment (1475h)

Amend RSA 651:25, I as inserted by section 1 of the bill by replacing it with the following:

I. The commissioner of corrections may release any person who has been committed to the state prison at any time during the term of sentence for the purpose of obtaining and working at gainful employment, for the performance of uncompensated public service as provided in RSA 651:68-70, or for such other purpose as may be deemed conducive to his rehabilitation, for such times or intervals of time and under such terms and conditions as may be prescribed by the commissioner pursuant to RSA 541-A, provided, however, that a prisoner who has not served sufficient time to be eligible for parole may be released under this section only if the sentencing court ~~[has]~~ *and the prosecutor of the underlying offense have* been notified of the proposed release, and ~~there has been no objection by either the sentencing court or the prosecutor of the underlying offense [has not objected within 10 days of receipt of such notice].~~ *If the prosecutor of the underlying offense objects to the proposed release, the prosecutor shall submit in writing to the sentencing court the reasons for objecting. The sentencing court shall, within 10 days of receipt of the prosecutor's objection agree with, or object to, the proposed release. If the sentencing court objects to the proposed release, the release shall not occur.* The commissioner of corrections may permit inmates of the state prison, who volunteer to do so, to be gainfully employed outside the institution when such employment is considered in their best interest and the best interest of the state. Inmates may be so employed by the state or by public or private employers.

AMENDED ANALYSIS

This bill establishes a procedure for allowing objections by the prosecuting attorney and the sentencing court to the pre-parole work release of an inmate.

Adopted.

Report adopted and ordered to third reading.

SB 168-FN, relative to education property tax hardship relief. OUGHT TO PASS WITH AMENDMENT

Rep. Jeff Gilbert for Ways and Means: This bill corrects an unintended potential disqualification from hardship relief for a taxpayer who sold one homestead and purchased another in the same municipality during the period of time one year prior to November 3, 1999. The bill also provides an extension of time for filing a claim under certain distress circumstances that were not due to the neglect of the taxpayer. The committee heard compelling testimony of significant injustices that this bill will correct and no testimony was given in opposition. Vote 14-0.

Amendment (1322h)

Amend RSA 198:51, VI as inserted by section 2 of the bill by replacing it with the following:

VI. Claims filed with the department of revenue administration shall be filed within 60 days of the due date of the taxes. *If a person is prevented by accident, mistake, or misfortune, but not neglect, from filing a claim within 60 days of the due date of the taxes, such person may file a claim no later than June 30 following the date of the notice of tax as defined in RSA 72:1-d, II.*

Adopted.

Rep. Alukonis offered a floor amendment (1456h) and spoke in favor.

Floor Amendment (1456h)

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as 4:

3 Current Tax Year; Education Property Tax Hardship Relief Claims. Claims for education property tax hardship relief filed under RSA 198:51 for the tax year beginning April 1, 2001 shall

be filed with the department of revenue administration within 60 days of the due date of the taxes; except that if a person is prevented by accident, mistake, or misfortune, but not neglect, from filing a claim within 60 days of the due date of the taxes, such person may file a claim no later than October 1 following the date of the notice of tax as defined in RSA 72:1-d, II.

Adopted.

Report adopted and ordered to third reading.

SUSPENSION OF RULES

Reps. Scanlan and Burling moved that the Rules be so far suspended as to permit the deadline of Wednesday, June 20th at 5:00 p.m. to sign off committee of conference reports to be moved to Friday, June 22nd at 3:00 p.m.

Adopted by the necessary two-thirds.

SUSPENSION OF RULES

Rep. Scanlan moved that the Rules be so far suspended as to permit the deadline of Friday, June 8 at 3:00 p.m., last day to sign off all supplemental bills, to be moved to Friday, September 7th at 3:00 p.m. and the deadline of Tuesday, June 26th, last day to introduce supplemental bills, to be moved to Friday, September 21st.

Adopted by the necessary two-thirds.

SENATE MESSAGES

REQUESTS CONCURRENCE WITH AMENDMENT

HB 123-FN, relative to the retirement system classification for the director of the division of safety services, department of safety. (Two amendments printed SJ 5/01/01 and 6/5/01)

Rep. Peterson moved that the House concur.

Adopted.

HB 477-FN, relative to supplemental allowances for certain retired group I members of the New Hampshire retirement system. (Amendment printed SJ 5/24/01)

Rep. Peterson moved that the House concur.

Adopted.

ENROLLED BILLS REPORT

The Committee on Enrolled Bills has examined and found correctly enrolled House Bills 129, 166, 175, 194, 203, 218, 224, 245, 403, 416, 435, 620, 639, 663, 680, and Senate Bills 13, 14, 42, 59, 93, 156 and 169.

Rep. Nowe, Sen. Pignatelli for the Committee

RESOLUTION

Rep. Scanlan offered the following: **RESOLVED**, that the House now adjourn from the early session, that the business of the late session be in order at the present time, that the reading of bills be by title only and resolutions by caption only and that all bills ordered to third reading be read a third time by this resolution, and that all titles of bills be the same as adopted, and that they be passed at the present time, and when the House adjourns today it be to meet Wednesday, June 13, 2001 at 1:00 p.m.

Adopted.

LATE SESSION

Third reading and final passage

SB 21, establishing a commission to develop recommendations for legislation to reduce regulatory barriers to the creation of affordable housing.

SB 41, relative to technical corrections for life, accident and health insurance.

SB 47, relative to ownership of certified public accounting firms.

SB 51, relative to financial holding companies; cash dispensing machines; the participation in meetings by out-of-state, nondepository trust company directors; and a clarification of the status of student loans.

SB 76-FN, requiring attendance in an education and training program by those who obtain a liquor license and relative to applications for one-day liquor licenses.

SB 83, relative to the New Hampshire film and television commission.

SB 98, relative to notice requirements prior to the sale of manufactured housing parks

SB 106, relative to consumers' cooperative associations.

SB 109, implementing certain federal regulations relative to setting minimum requirements for employee benefit plan procedures pertaining to the filing of benefit claims, notification of benefit determinations, and appeal of adverse benefit determinations.

SB 121, relative to the advisory committee on international trade.

SB 139, relative to uniform electronic transactions.

SB 148, relative to certain penalties for violations of the youth tobacco laws.

SB 152-FN, relative to the regulation of business practices between motor vehicle manufacturers, distributors, and dealers.

SB 176-FN-A, establishing an equipment depository and disabled person's employment fund in the department of administrative services.

SB 192-FN, relative to the issuance of high/medium voltage licenses by the electricians' board.

SB 48, relative to the rental of shared living facilities.

SB 46, relative to payments of scheduled awards under the workers' compensation law.

SB 53, relative to attorneys' fees in certain circumstances under the workers' compensation law.

HB 517-L, relative to supply of water by village districts.

HB 522-L, establishing discretionary preservation easements for preserving historic agricultural structures.

SB 149-FN, permitting persons involved in motor vehicle accidents and certain medical researchers access to motor vehicle records.

SB 118, relative to individual health insurance coverage.

SB 119, relative to small group health insurance coverage.

HB 722, relative to town, village district, and school district elections.

SB 19, establishing a committee to study prevention of voter fraud.

SB 95, relative to campaign finance reporting requirements, political expenditure limitation amounts, and permissible campaign contributions by business organizations.

SB 174-FN-A, including Martin Luther King, Jr. Civil Rights Day as a holiday for which certain state employees are entitled to holiday pay and relative to employees of the department of youth development services.

HB 207-FN-L, increasing the state aid contribution to municipalities that expand, upgrade, or develop new wastewater treatment facilities to provide for expanded septage handling and disposal capacity.

HB 253-FN, relative to mercury reductions.

HB 555, relative to the billing of counties for certain expenses by the department of health and human services and relative to costs of certain juvenile placements.

SB 54, relative to the transfer of funds in the community-technical college system.

SB 111-FN, extending the term for the payment of group health insurance premiums for certain retired members of the retirement system.

SB 197-FN, restructuring the judicial conduct committee as an independent judicial conduct commission and making an appropriation therefor.

SB 170-FN-L, making certain changes to the excavation tax and excavation activity tax.

SB 99, relative to the extension of time for filing a community benefits plan.

HB 678, relative to notice of release of an inmate from state prison.

SB 168-FN, relative to education property tax hardship relief.

UNANIMOUS CONSENT

Reps. Cecelia Kane and Lefebvre addressed the House.

Rep. Mock moved that Rep. Kane's remarks be printed in the Permanent Journal.

The Speaker ordered Rep. Kane's remarks and the portion of Rep. Lefebvre's remarks related to D-Day to be printed in the Permanent Journal.

REMARKS

Rep. Cecelia Kane: Thank you, Mr. Speaker. It has been 20 years since the Center for Disease Control first warned the public about the disease that would become known as AIDS. Since then, AIDS has affected all of us. It has taken some of our colleagues from us, and it has taken members of our families as well.

My only son, Tommy, died February 16, 1989. Please God that you do not ever have to say goodbye to your 34-year old son, dying of AIDS, as I had to.

After my son died, I was told I could do something for people suffering from this fatal disease that has taken a whole generation. I ran for the House and dedicated myself to passing legislation to help in the fight against AIDS. The Pilot Needle Exchange Program, after several attempts and even a veto, finally did pass in 1997. The news from our own state and neighboring states tells us that the fight against AIDS is not over, and the news from the world at large renews our sense of horror at what this disease will do to humanity. Between 20 and 50 percent of adults and children on the African continent are HIV positive and may perish from AIDS and its related diseases.

It is fitting, Mr. Speaker, that we remember the friends and the family members who have been victims of AIDS, and that we remember as well that New Hampshire has taken courageous steps to reduce the spread of AIDs. We decriminalized needles in 2000. We also have a needle pilot program, and it is only waiting for a community to step forward to make a difference for our people. Our greatest weapons in the fight against AIDS are education and further research. We must continue to fight until that day comes when no mother will say goodbye to a child dying of AIDS. Thank you. Rep. Lefebvre: I wanted to bring to your attention, today being the 7th, yesterday was the 6th (I did graduate from mathematics class). Why I say the 6th, because yesterday was our D-Day in Europe and on behalf of all our military and our friends with the 8th Air Force in Europe and buddies we assisted in watch, climb to altitudes way up high in the sky for a rendezvous with squadrons from all over England with anything that could that fly with a painted white tail. The white tail was a symbol. At 12 o'clock at night they got us up to paint white tails on every aircraft that was going to fly because anything that did not have that white tail was going to be shot down out of the sky because this was invasion. As you looked up into the sky and heard that roar of those engines all on maximum effort to keep those loads up there floating and headed for the Channel, the thought that came through your mind really was how many of them are coming back? The real glad moment of joy that we were all excited about was to late in the afternoon start counting some of them coming back. To those air crews and those military people who fought in that invasion, Godspeed to them all. Thank you.

RECESS MOTION

Rep. Scanlan moved that the House stand in recess for the purpose of introduction of bills, enrolled bill amendments, enrolled bill reports and receiving Senate messages only.

Adopted.

The House recessed at 4:10 p.m.

RECESS

(Rep. Leach in the Chair)

SENATE MESSAGES

ACCEDES TO REQUESTS FOR COMMITTEES OF CONFERENCE

HB 274-FN, banning the residential open burning of trash and relative to a dioxin emissions reduction and control program.

The President appointed Sens. Johnson, Francoeur and Below.

HB 332, relative to resuscitation protocols for emergency medical care providers and relative to payment of autopsy expenses.

The President appointed Sens. Boyce, Prescott and Wheeler.

HB 585, relative to the membership and duties of the council on resources and development.

The President appointed Sens. Below, Johnson and Gatsas.

HB 723, relative to vacancies in county offices.

The President appointed Sens. Roberge, Barnes and O'Neil.

RECESS

(Speaker Chandler in the Chair)

Rep. Scanlan moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 21

Wednesday, June 13, 2001

The House assembled at 1:00 p.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Prayer was offered by House Chaplain, The Reverend Hays M. Junkin, Rector of Saint Andrew's Episcopal Church in Hopkinton.

Dear Creator of all, we thank You for the blessings of this day and for the privilege and honor of living in New Hampshire. We thank You also for the freedom we share to live in a democracy that demands from us participation, wisdom, compassion, and courage as we seek to improve and defend the right of all citizens to enjoy life, liberty and the pursuit of happiness envisioned by our founding fathers and mothers. We ask Your blessing upon the work of this honorable House today and upon all the citizens of our beloved New Hampshire. Amen.

Rep. Russell Bridle led the Pledge of Allegiance.

Lisa Itse, wife of Rep. Itse, sang our National Anthem.

LEAVES OF ABSENCE

Reps. Barker, Peter Cote, Langone, Moran, Irene Pratt and Swindlehurst, the day, illness.
Reps. Brown, Gonzalez, Claudette Jean, Konys, Lent, Musler, Palangas, Quimby, Rozek, Ruffner, Salts, Seibel, Shultis, Marjorie Smith, Stone, Weatherspoon, Burton Williams and Jane Wood, the day, important business.

INTRODUCTION OF GUESTS

Bill Bradley, husband of Rep. Paula Bradley. Jessica Itse, daughter of Rep. Itse. Elna Daigle, wife of Rep. Daigle. Joachim Tausch, guest of Rep. Balcom. Briana Calore, daughter of Reps. Sandra and Joseph Harris.

SPECIAL GUEST

Honorable Stacey Cole, former Deputy Speaker of the House, joined the Speaker on the podium and addressed the House.

ENROLLED BILL AMENDMENTS

ENROLLED BILL AMENDMENTS

HB 181-FN, relative to group II retirement system membership for police and corrections officers who become police trainers.

Amendment (1581-EBA)

Amend RSA 100-A:3, III-b as inserted by section 1 of the bill by replacing line 3 with the following: least ~~[to]~~ 5 years and who becomes a law enforcement training specialist or *who has been a group II member for*

Adopted.

HB 183-FN, relative to the purchase of certain prior service by county corrections officers in the New Hampshire retirement system

Amendment (1650-EBA)

Amend 2000, 154:1 as inserted by section I of the bill by replacing it with the following:

154:1 New Hampshire Retirement System; County Corrections Personnel; Eligibility for Purchase of Prior Group I Service as Group II Service. At the time any county elects to transfer the corrections officer personnel employed at its correctional facilities from group I to group II retirement system service under the provisions of RSA 100-A:20, III, any corrections officer, who has prior eligible group I service as a corrections officer in a facility of the county in question, *or who has prior group I eligible service as a corrections officer in another county corrections facility in the state* may purchase such service as group II service notwithstanding any provisions of RSA 100-A:20, III to the contrary. Provided, however, that the period of the service must have been performed between the dates of July 24, 1987 and the date of the transfer of the corrections positions *in the respective counties* to group II. A one-time cost of obtaining such prior service credit, determined by the actuarial accrued liability methodology, shall be the responsibility of the member requesting the calculation. An eligible member shall notify the board of trustees of the member's desire to purchase such time and shall purchase such time ~~[within 5 years of the effective date of this act]~~ *prior to July 1, 2006.*

Adopted.

HB 186-FN-A, establishing a pesticides training program.

Amendment (1599-EBA)

Amend the bill by inserting after section 2 the following and renumbering the original section 3 to read as 4:

3 Authorization for Contingent Renumbering. If any other act of the 2001 regular session of the general court which contains an amendment to RSA 6:12, I which inserts any new subparagraph into paragraph I of such section becomes law, the director of legislative services is authorized to make any technical changes to the numbering in any RSA sections inserted by this or any other act as necessary to conform said sections to proper RSA format. The authority granted under this section shall not include the power to make any substantive changes and shall expire upon printing of the 2001 session laws

Adopted.

HB 302-FN, relative to an optional retirement allowance for certain spouses upon a retiree's remarriage.

Amendment (1547-EBA)

Amend line 7 of section 2 of the bill by replacing it with the following:

annuity payments made to ~~[him]~~ *the member* during ~~[his]~~ *the member's* lifetime shall be paid to the beneficiaries

Adopted.

HB 471-FN, relative to fish and game licenses issued to resident and nonresident minors and relative to complimentary fishing licenses for legally blind persons.

Amendment (1656-EBA)

Amend RSA 214:9, V as inserted by section 6 of the bill by replacing line 2 with the following: and coyote by the use of traps *when not accompanied by a licensed trapper 18 years of age or* Adopted.

HB 573, relative to the role of certain advanced registered nurse practitioners in the state mental health services system

Amendment (1600-EBA)

Amend RSA 135:21-b as inserted by section 1 of the bill by replacing line 2 with the following: *health advanced registered nurse practitioner*, or a person acting under [his] *such physician's* Amend RSA 135-C:2, II-a as inserted by section 2 of the bill by replacing line 4 with the following: individuals who have mental illness, as defined in paragraph X of this section, and who meets any Adopted.

HB 579, relative to nominating a political organization by nomination papers.

Amendment (1602-EBA)

Amend the bill by replacing all after section 2 with the following:

3 Nomination Papers; Number; HB 677 Amendment. Amend RSA 655:42, III to read as follows:

III. It shall require the names of registered voters equaling 3 percent of the total votes cast at the previous state general election to nominate by nomination papers a political [party] *organization*.

4 Contingency. If HB 677 of the 2001 regular session becomes law, section 3 of this act shall take effect at 12:01 a.m. on the effective date of HB 677 and section 2 of this act shall not take effect. If HB 677 of the 2001 regular session does not become law, section 2 of this act shall take effect 60 days after its passage and section 3 of this act shall not take effect.

5 Nomination by Nomination Papers; "Party" Changed to "Organization"; HB 224 Amendment. Amend RSA 655:40-40-b to read as follows:

655:40 General Provisions. As an alternative to nomination by party primary, a candidate may have his or her name placed on the ballot for the state general election by submitting the requisite number of nomination papers. Such papers shall contain the name and domicile of the candidate, the office for which the candidate is nominated, and the political [party] *organization* or principles the candidate represents. Nomination papers shall be signed by such persons only as are qualified to vote at the state general election. No voter shall sign more than one nomination paper for each office to be voted for, and no nomination paper shall contain the names of more candidates than there are offices to be filled. Each voter shall sign an individual nomination paper.

655:40-a Nomination of [Party] *Organization*. A political [party] *organization* may have its name placed on the ballot for the state general election by submitting the requisite number of nomination papers, in the form prescribed by the secretary of state, pursuant to RSA 655:42, III. Such papers shall contain the name of the political [party] *organization* and shall be signed by such persons only as are registered to vote at the state general election. No voter shall sign more than one nomination paper which allows a political [party] *organization* access to the state general election ballot.

655:40-b Filing Names of Candidates. The names of the candidates to be listed on the state general election ballot under the political [party] *organization* nominated pursuant to RSA 655:40-a shall be submitted to the secretary of state no later than 5:00 p.m. on the Monday immediately following the primary. When the list of candidates is filed, it shall be accompanied by a declaration of candidacy signed by each of the candidates. The declaration of candidacy shall be in the form provided by RSA 655:17 with the understanding that, where the form says primary election, it shall be construed to mean general election.

6 Contingency. If HB 224 of the 2001 regular session becomes law, section 5 of this act shall take effect at 12:01 a.m. on the effective date of HB 224 and section 1 of this act shall not take effect. If HB 224 of the 2001 regular session does not become law, section 1 of this act shall take effect 60 days after its passage and section 5 of this act shall not take effect.

7 Effective Date.

I. Sections 2 and 3 of this act shall take effect as provided in section 4 of this act.

II. Sections 1 and 5 of this act shall take effect as provided in section 6 of this act.

III. The remainder of this act shall take effect 60 days after its passage.

Adopted.

HB 740, relative to decommissioning of nuclear electric generating facilities.

Amendment (1604-EBA)

Amend paragraph VII of section 1 of the bill by replacing line 4 with the following:
for such costs; and

Amend RSA 162-F:19, II as inserted by section 8 of the bill by replacing line 3 with the following:
for decommissioning, or the demolition and removal of facilities constructed as part of any uncompleted
Adopted.

HB 745-FN, revising Article 9 of the Uniform Commercial Code and related statutes.

Amendment (1714-EBA)

Amend line 1 of RSA 382-A:309 as inserted by section 25 of the bill to read as follows:

382-A:9-309 Security Interest Perfected Upon Attachment. The following security interests are

Amend line 1 of RSA 382-A:317 as inserted by section 25 of the bill to read as follows:

382-A:9-317 Interests That Take Priority Over or Take Free of Security Interest or Agricultural

Amend line 1 of RSA 382-A:318 as inserted by section 25 of the bill to read as follows:

382-A:9-318 No Interest Retained in Right to Payment That is Sold; Rights and Title of Seller of

Amend line 1 of RSA 382-A:319 as inserted by section 25 of the bill to read as follows:

382-A:9-319 Rights and Title of Consignee with Respect to Creditors and Purchasers.

Amend line 1 of RSA 382-A:320 as inserted by section 25 of the bill to read as follows:

382-A:9-320 Buyer of Goods.

Amend line 1 of RSA 382-A:340 as inserted by section 25 of the bill to read as follows:

382-A:9-340 Effectiveness of Right of Recoupment or Set-Off Against Deposit Account.

Amend line 1 of RSA 382-A:9-529 as inserted by section 25 of the bill to read as follows:

382-A:9-529 Fraudulent Filing.

Adopted.

HB 753, relative to exemptions from issuer-dealer licenses for the sale of securities.

Amendment (1645-EBA)

Amend RSA 421-B:6, I-a as inserted by section 1 of the bill by replacing line 2 with the following:
Securities Act of 1933 that requires only a notice filing in this state pursuant to RSA 421-B:11, I-a(e),

Adopted.

HCR 5, urging the federal government to consider the impacts on New Hampshire and the smaller states of interstate waste legislation.

Amendment (1562-EBA)

Amend the resolution by replacing line 8 with the following:

New Hampshire to develop new capacity for municipal solid waste disposal; and

Adopted.

RECESS

(Speaker Chandler in the Chair)

Rep. Scanlan moved that the House adjourn.
Adopted.

THURSDAY, JUNE 21, 2001

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

The Speaker declared that a quorum was not present.

Rep. Scanlan moved that the House adjourn until June 26, 2001 at 10:00 a.m.
Adopted.

HOUSE JOURNAL No. 22

Tuesday, June 26, 2001

The House assembled at 10:00 a.m., the hour to which it stood adjourned, and was called to order by the Speaker.

Her Excellency, Governor Jeanne Shaheen, joined the Speaker on the podium for the day's opening ceremonies.

Prayer was offered by House Chaplain, The Reverend Hays M. Junkin, Rector of Saint Andrew's Episcopal Church in Hopkinton.

Dear Creator of all, we thank You for the blessings of this day and for the privilege and honor of living in New Hampshire. Bless this good House with a spirit of openness, care and respect as each member seeks to follow their conscience and wisdom for the good of their constituents. Help mend the relationships of members assembled here so that they might govern with a quiet mind, display the giftedness of democracy and proceed soon from this session into a bright, restful and safe summer recess. Amen.

Rep. Frank Callaghan led the Pledge of Allegiance.

Jacqueline Connerty, daughter of Rep. McHugh, sang our National Anthem.

LEAVES OF ABSENCE

Reps. Barker, Langone, McDonough-Wallace, Irene Pratt and Tate, the day, illness.

Reps. David Bouchard, Cardin, Chabot, Czech, Dionne, Duval, Giuda, Heon, Langer and Woodward, the day, important business.

Reps. Landers and Brown, the day, illness in the family.

INTRODUCTION OF GUESTS

George McHugh and Joshua Connerty, husband and grandson of Rep. McHugh. Lisa, Chase and Gabrielle L'Heureux, wife, son and daughter and Richard and Diane Mathews, guests of Rep. Stephen L'Heureux. Mr. & Mrs. Miller, guests of Rep. Leach. Barbara Brewster and Audry Schaffer, wife and guest of Rep. Brewster. Jack Wozmach and Sheryl Trombly, guests of the Cheshire County Delegation.

CONSENT CALENDAR**COMMITTEE OF CONFERENCE REPORTS ON SENATE BILLS**

Rep. Scanlan moved that the Consent Calendar of Committee of Conference Reports on Senate Bills, as printed and distributed, be adopted.

Consent Calendar adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 51

Committee of Conference Report on SB 51, relative to financial holding companies; cash dispensing machines; the participation in meetings by out-of-state, nondepository trust company directors; and a clarification of the status of student loans.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by replacing section 3 with the following:

3 Committee to Study the Regulation of Cash Dispensing Machines.

I. There is established a committee to study the regulation of cash dispensing machines and their operators, servicing agents, and processors.

II.(a) The members of the committee shall be as follows:

(1) Two members of the house of representatives, appointed by the speaker of the house.

(2) Two members of the senate, appointed by the president of the senate.

(b) Members of the committee shall receive mileage at the legislative rate when attending to the duties of the committee.

III. The duty of the committee shall be to study the regulation of cash dispensing machines and their operators, servicing agents, and processors.

IV. The members of the study committee shall elect a chairperson from among the members. The first meeting of the committee shall be called by the first-named house member. The first meeting of the committee shall be held within 45 days of the effective date of this section. Two members of the committee shall constitute a quorum.

V. The committee shall report its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library on or before November 1, 2001.

Conferees: Sens. Burns, Dist. 1; Fernald, Dist. 11; Larsen, Dist. 15.

Conferees: Reps. Hunt, Ches. 10; Leo Fraser, Merr. 9; Taylor, Straf. 11; Keye, Hills. 30.

COMMITTEE OF CONFERENCE REPORT ON SB 53

Committee of Conference Report on SB 53, relative to attorneys' fees in certain circumstances under the workers' compensation law.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House each pass the bill as amended by the House.

Conferees: Sens. Klemm, Dist. 22; Burns, Dist. 1; Wheeler Dist 21.

Conferees: Reps. Gilman, Graf. 1; Clegg, Hills. 23; Bridle, Rock. 22; Goley, Hills. 37.

COMMITTEE OF CONFERENCE REPORT ON SB 68

Committee of Conference Report on SB 68, relative to school district placements of children living in foster homes.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and

That the House recede from its position in adopting its amendment to the bill, and

That the Senate and House adopt the following new amendment to the bill as amended by the Senate, and pass the bill as so amended:

Amend RSA 193:28, I as inserted by section 2 of the bill by replacing it with the following:

I. The public schools of the school district that the child attended prior to placement, if continuing in the same school district is in the best interest of the child as determined by the court, if the home is within a reasonable distance of the school to be attended, and if suitable transportation can be arranged without imposing additional transportation costs on a school district or the department of health and human services; or

Conferees: Sens. Gordon, Dist. 2; O'Hearn, Dist. 12; Disnard, Dist. 8.

Conferees: Reps. Dearborn, Rock. 23; Colcord, Merr. 2; Sova, Graf. 11; Claire Clarke, Merr. 4.

COMMITTEE OF CONFERENCE REPORT ON SB 69

Committee of Conference Report on SB 69-FN-A-L, relative to a New Hampshire Legal Assistance office in Nashua and making an appropriation therefor.

Recommendation:

having considered the same, report the committee is unable to reach agreement.

Conferees: Sens. Boyce, Dist. 4; Barnes, Dist. 17; O'Neil, Dist. 18.

Conferees: Reps. Elliott, Hills. 2; Dudley, Graf. 14; Phyllis Woods, Straf. 11; Rice, Belk. 7.

COMMITTEE OF CONFERENCE REPORT ON SB 74

Committee of Conference Report on SB 74, relative to providing services under the child protection act.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and

That the House recede from its position in adopting its amendment to the bill, and

That the Senate and House each pass the bill as amended by the Senate.

Conferees: Sens. Gordon, Dist. 2; Pignatelli, Dist. 13; Roberge, Dist. 9.

Conferees: Reps. Lyman, Carr. 5; Gile, Merr. 16; Gargas, Hills. 22; Palermo, Rock. 21.

COMMITTEE OF CONFERENCE REPORT ON SB 130

Committee of Conference Report on SB 130-FN, extending the period in which an expired electrician's license may be renewed.

Recommendation:

Having considered the same, report the committee is unable to reach agreement.

Conferees: Sens. Prescott, Dist. 19; O'Neil, Dist. 18; Francoeur, Dist. 14.

Conferees: Reps. Poulin, Merr. 14; Charles Hall, Hills. 18; Dyer, Hills. 8; Schulze, Hills. 33.

COMMITTEE OF CONFERENCE REPORT ON SB 139

Committee of Conference Report on SB 139, relative to uniform electronic transactions.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as passed by the House, and pass the bill as so amended:

Amend the bill by replacing all after section 3 with the following:

4 Contingency. If HB 745 of the 2001 legislative session becomes law, then section 2 of this act shall not take effect. If HB 745 of the 2001 legislative session does not become law, then section 2 of this act shall take effect 60 days after its passage.

5 Effective Date.

I. Section 2 of this act shall take effect as provided in section 4.

II. The remainder of this act shall take effect 60 days after its passage.

Conferees: Sens. Boyce, Dist. 4; Gordon, Dist. 2, D'Allesandro, Dist. 20.

Conferees: Reps. Hunt, Ches. 10; Leo Fraser, Merr. 9; Martha Fuller Clark, Rock. 36; Langley, Rock 24.

COMMITTEE OF CONFERENCE REPORT ON SB 148

Committee of Conference Report on SB 148, relative to certain penalties for violations of the youth tobacco laws.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by replacing sections 1 - 4 with the following:

1 Sale and Distribution of Tobacco Products to Minors Prohibited; License Revocation. Amend RSA 126-K:4, II to read as follows:

II. Violations of this section shall be civil infractions punishable by administrative action of the commission against the licensee. The fines for violations of this section shall not exceed \$250 for the first offense and \$500 for the second offense. For the third offense, the commission shall issue a letter of warning detailing necessary corrective actions and an administrative fine ranging from \$500 to \$1500. In addition, the license to sell tobacco products of the manufacturer, wholesaler, sub-jobber, vending machine operator, or retailer where the offense occurred shall be suspended for a period of 10 consecutive days and not exceeding 30 consecutive days. For the fourth offense, the commission shall issue either an administrative fine and a suspension of a minimum of 10 consecutive days not to exceed 40 consecutive days, or a suspension. The administrative fine shall

range from \$ 750 to \$3,000 while any suspension without a fine shall be 40 consecutive days. For any violation beyond the fourth, the commission shall revoke any license *for the business or business entity at the location where the infraction occurred or any principal thereof for a period of one year from the date of revocation. The commission shall determine the level of the violation by reviewing the licensee's record and counting violations that have occurred within 3 years of the date of the violation being considered.*

2 Distribution of Free Samples of Tobacco Products to Minors; License Revocation. Amend RSA 126-K:5, III to read as follows:

III. Violations of this section shall be civil infractions punishable by administrative action of the commission against the licensee. The fines for violations of this section shall not exceed \$250 for the first offense and \$500 for the second offense. For the third offense, the commission shall issue a letter of warning detailing necessary corrective actions and an administrative fine ranging from \$500 to \$1,500. In addition, the sampler's license shall be suspended for a period of 10 consecutive days and not exceeding 30 consecutive days. For the fourth offense, the commission shall issue either an administrative fine and a suspension of a minimum of 10 consecutive days not to exceed 40 consecutive days, or a suspension. The administrative fine shall range from \$750 to \$3,000 while any suspension without a fine shall be 40 consecutive days. For any violation beyond the fourth, the commission shall revoke any license *for the business or business entity at the location where the infraction occurred or any principal thereof for a period of one year from the date of revocation. The commission shall determine the level of the violation by reviewing the licensee's record and counting violations that have occurred within 3 years of the date of the violation being considered.*

3 Youth Access to Tobacco Products; Special Provisions; Penalty Provisions Amended. Amend RSA 126-K:8, IV to read as follows:

IV. Violations of this section shall be civil infractions punishable by administrative action of the commission against the licensee. The fines for violations of this section shall not exceed \$250 for the first offense and \$500 for the second offense. For the third offense, the commission shall issue a letter of warning detailing necessary corrective actions and an administrative fine ranging from \$500 to \$1,500. In addition, the license to sell tobacco products of the manufacturer, wholesaler, sub-jobber, vending machine operator, or retailer where the offense occurred shall be suspended for a period of 10 consecutive days and not exceeding 30 consecutive days. For the fourth offense, the commission shall issue either an administrative fine and a suspension of a minimum of 10 consecutive days not to exceed 40 consecutive days, or a suspension. The administrative fine shall range from \$750 to \$3,000 while any suspension without a fine shall be 40 consecutive days. For any violation beyond the fourth, the commission shall revoke any license *for the business or business entity at the location where the infraction occurred or any principal thereof for a period of one year from the date of revocation. The commission shall determine the level of the violation by reviewing the licensee's record and counting violations that have occurred within 3 years of the date of the violation being considered.*

4 Vending Machines; License Revocation. Amend RSA 78:12-d, VII to read as follows:

Violations of this section shall be civil infractions punishable by administrative action by the commissioner against the licensee. Fines for violations of paragraphs I-V shall be no more than \$100 for a first offense and no more than \$200 for a second offense. For the third offense, the commissioner shall issue a letter of warning detailing necessary corrective actions and an administrative fine ranging from \$500 to \$1,500. In addition, the license to sell tobacco products shall be suspended for a period of 10 consecutive days and not exceeding 30 consecutive days. For the fourth offense, the commissioner shall issue either an administrative fine and a suspension of a minimum of 10 consecutive days not to exceed 40 consecutive days, or a suspension. The administrative fine shall range from \$750 to \$3,000 while any suspension without a fine shall be 40 consecutive days. For any violation beyond the fourth, the commissioner shall revoke any license *for the business or business entity at the location where the infraction occurred or any principal thereof for a period of one year from the date of revocation. The commission shall determine the level of the violation by reviewing the licensee's record and counting violations that have occurred within 3 years of the date of the violation being considered*

Conferees: Sens. Roberge, Dist. 9; Fernald, Dist. 11; Prescott, Dist. 19.

Conferees: Reps. Hunt, Ches. 10; Leo Fraser, Merr. 21; Belanger, Rock. 26; Batchelder, Ches. 2.

COMMITTEE OF CONFERENCE REPORT ON SB 192

Committee of Conference Report on SB 192-FN, relative to the issuance of high/medium voltage licenses by the electrician's board.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House each pass the bill as amended by the House.

Conferees: Sens. O'Neil, Dist. 18; Prescott, Dist. 19; Francoeur, Dist. 14.

Conferees: Reps. Poulin, Merr. 14; Schulze, Hills. 33, Goulet, Hills. 15; Clayton, Hills. 39.

REGULAR CALENDAR**COMMITTEE OF CONFERENCE REPORTS ON SENATE BILLS****COMMITTEE OF CONFERENCE REPORT ON SB 18**

Committee of Conference Report on SB 18, relative to termination of small trusts.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Conferees: Sens. Gordon, Dist. 2; Roberge, Dist. 9; Pignatelli, Dist. 13.

Conferees: Reps. Craig, Hills. 38; Rowe, Hills. 14; Reid, Straf. 12; Espieffs, Ches. 19.

Adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 95

Committee of Conference Report on SB 95, relative to campaign contribution limits.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by replacing all after the enacting clause with the following:

1 Political Calendar. Amend RSA 652:21 to read as follows:

652:21 Authority; Format. Prior to the state primary election, the secretary of state with the advice and approval of the attorney general shall prepare a political calendar for state and town elections setting forth the dates when action required under the election laws must be taken. ~~[Any action taken by any candidate or official in connection with the election laws which shall be taken in accordance with the dates set forth in said calendar shall be deemed to be duly performed for the purposes of the election laws.]~~ The expense of printing said political calendar shall be a charge upon the appropriation for the office of the secretary of state.

2 Political Expenditures and Contributions; Definitions; Independent Expenditures. Amend RSA 664:2, XI to read as follows:

XI. "Independent expenditures" means expenditures by a person, political committee, or other entity ~~[expressly]~~ advocating the election or defeat of a clearly identified candidate which are *not* made ~~[without]~~ *in* cooperation or consultation *or conjunction or coordination* with any candidate, or any authorized committee or agent of such candidate, and which are not made in ~~[concert]~~ *coordination* with, or at the request or suggestion of, any candidate, or any authorized committee or agent of such candidate. As used in this paragraph, "clearly identified" means that the name of the candidate involved appears; a photograph or drawing of the candidate appears; or the identity of the candidate is apparent by unambiguous reference.

3 New Paragraph; Political Expenditures and Contributions; Definitions; Coordinated Expenditure. Amend RSA 664:2 by inserting after paragraph XVII the following new paragraph:

XVIII. "Coordinated expenditure" means an expenditure by a political party, a political committee of a political party, or other entity, on behalf of a candidate or candidate's committee in a state primary or general election with the consent of the candidate. Any expenditure that is not an independent expenditure or direct expenditure shall be considered to be a coordinated expenditure.

4 Prohibited Political Contributions; General Limitations. Amend RSA 664:4, V to read as follows:

V. By any person (1) if in excess of \$5,000 in value, except for contributions made by a candidate in behalf of his *or her* own candidacy, [~~or if in excess of \$1,000 in value by any person or by any political committee to a candidate or a political committee working on behalf of a candidate who does not voluntarily agree to limit his campaign expenditures and those expenditures made on his behalf as provided in RSA 664:5-a;~~] (2) if made anonymously or under a name not that of the donor, (3) if made in the guise of a loan, (4) if any other manner concealed, (5) if made without the knowledge and written consent of the candidate or [his] *the candidate's* fiscal agent, a political committee or its treasurer, or not to any one of the same.

5 Elections; Political Expenditures and Contributions; Reports; Reporting by Political Committee; Reporting by Candidates. RSA 664:6 and 664:7 are repealed and reenacted to read as follows:

664:6 Reporting by Political Committee.

I. Any political committee whose receipts of contributions or whose expenditures, including, without limitation, coordinated and independent expenditures on behalf of candidates and general operating expenditures of the committee, in support of or in opposition to a candidate, measure, or political party, exceed in the aggregate \$500, shall file with the secretary of state an itemized statement, in accordance with the provisions of RSA 664:7-b. The statement shall be signed by the chairperson and treasurer of the political committee and shall list each contribution, in alphabetical order by the last name of the contributor, with the amount of the contribution, the date it was received, all of the information as is set forth in RSA 664:7-b, and the aggregate total for each election for each contributor. The statement shall be filed not later than the Wednesday 12 weeks immediately preceding a primary election, before 5 o'clock in the afternoon, and shall cover the period from the day of the committee registration up to and including the Monday before the statement is due. The statement shall contain the date of each expenditure, the name and address of the person or entity to whom each expenditure was made, the name of the candidate in whose behalf or against whom each expenditure was made, the amount of each expenditure, the purpose of each expenditure, and the aggregate amount of all previous expenditures.

II. An itemized statement in the same form as in paragraph I shall be filed with the secretary of state not later than the Wednesday 3 weeks immediately preceding a primary and a general election, before 5 o'clock in the afternoon. The statement shall summarize the statement filed pursuant to paragraph I, if any, and shall itemize all receipts of contributions and expenditures made since the cutoff of the statement filed pursuant to paragraph I up until the Monday preceding the filing of the statement under this paragraph.

III. A statement in the same form as in paragraph I shall be filed with the secretary of state not later than the Wednesday immediately preceding a primary and a general election, before 5 o'clock in the afternoon. The statement shall summarize the statements filed pursuant to paragraphs I and II, if any, and itemize all receipts of contributions and expenditures made since the cutoff of the statement filed pursuant to paragraph II up until the Monday preceding the filing of the statement under this paragraph. In addition to the reporting requirements contained in this section, the fiscal agent shall notify the secretary of state within 24 hours of any contributions exceeding \$500 that are received after the statement under this paragraph is filed and prior to the day of election.

IV. An itemized statement in the same form as in paragraph I shall be filed with the secretary of state not later than the second Wednesday after a primary and a general election, before 5 o'clock in the afternoon. The statement shall summarize the previous statements, if any, and itemize all receipts of contributions and expenditures made since the cutoff of the previous report up until the day of the primary or general election.

V. Any political committee whose receipt of contributions or expenditures in the aggregate do not exceed \$500 for a reporting period need not file. However, when a committee's accumulated receipts of contributions or expenditures for an election in the aggregate exceed \$500, the committee shall file a statement at the next reporting deadline.

VI. Any political committee that has any outstanding debt, obligation, or surplus following the election shall file reports at least once every 6 months thereafter in the same form as in paragraph I until the obligation or indebtedness is entirely satisfied or surplus deleted, at which time a final report shall be filed.

VII. In addition to the itemized statements required by paragraphs I-VI of this section, any political committee whose independent expenditures, in aggregate, exceed \$500 shall file an itemized statement with the secretary of state not later than 24 hours after such expenditures are made, and thereafter each time a further \$500 is expended. Such itemized statements shall cover the period

during which independent expenditures totaling \$500 were made. Each statement shall include a certification by the political committee that the independent expenditure meets the definition in RSA 664:2, XI. Each statement shall contain the date of each independent expenditure; the name and address of the person to whom the expenditure was made; the name of the candidate on whose behalf or against whom each expenditure was made; the amount of each expenditure; the purpose of each expenditure and the aggregate amount of all previous independent expenditures. If the independent expenditure is made in support of or to oppose more than one candidate, the statement made under this paragraph shall allocate the way in which the expenditure was made among the candidates on a reasonable basis. For the purposes of this paragraph, "reasonable basis" means a statement which reflects the benefit or the burden reasonably expected to be derived or suffered by each candidate. The filing requirements of this paragraph shall be in addition to all other filing requirements under this section, and shall not be limited to the filing periods during which expenditures must otherwise be reported.

VIII. Copies of the statements required by paragraphs I through VII of the state committee of a political party shall be filed with the secretary of state in sufficient numbers so as to provide a copy for the state committee of each party on the ballot, which they may obtain by application to the secretary of state.

IX. Any national political committee of a party as defined in RSA 652:11 may make contributions or expenditures on behalf of state candidates without complying with the requirements of paragraphs I through VII, provided that the total contribution or expenditure made in behalf of a candidate or political committee in this state whether directly or indirectly does not exceed the limit for personal contributions in RSA 664:4.

X. The provisions of this paragraph shall apply only to a political committee for an individual candidate who is seeking a federal office whose holder is chosen by the voters of this state only. Such a committee, which is required by federal law to file with the federal government reports relative to receipts of contributions and expenditures in support of such one candidate, may choose, at the time of registering under RSA 663:3, I, to file with the secretary of state copies of reports made to the federal government in accordance with the timetable established by federal laws for such reports in lieu of complying with the other reporting requirements of this section.

664:7 Reporting by Candidates.

I. Each candidate at the primary or general election for governor, councilor, state senator, representative to general court, or county officer, who receives contributions or makes expenditures in the aggregate that exceed \$500, shall file statements before and after an election in like manner and detail as prescribed in RSA 664:6, I-VI, excepting, however, the expenditures of political committees of the party to which the candidate belongs in elections other than primaries. Any candidate who files expenditure reports pursuant to the provisions of this paragraph, and who pays more than \$5,000 to any person who makes expenditures on behalf of the candidate, shall file an itemized account of the expenditures made by the person on behalf of the candidate in the expenditure report filed on the Wednesday preceding the primary or general election.

II. The candidate shall report all contributions received and expenditures made for the purpose of exploring or promoting such candidacy in the first report filed.

6 New Sections; Political Expenditures and Contributions; Reports; Form of Contributions; Content of Disclosure Reports; Campaign Finance Disclosure Record. Amend RSA 664 by inserting after section 7 the following new sections:

664:7-a Form of Contributions. No contribution may be accepted unless accompanied by the disclosure information set forth in RSA 664:7-b.

664:7-b Content of Disclosure Reports. All contributions reported pursuant to RSA 664:6 or RSA 664:7 shall be listed on forms or other means prescribed by the secretary of state. The listing for each contribution exceeding \$50 shall include disclosure information. The disclosure information shall include the name; home or post office address; employer, business organization, or primary source of income; post office address of employer or business; and occupation of the contributor. Contributions shall be categorized as in-state or out-of-state. A summary of the contribution totals by category shall be included with each scheduled report. The report shall also list the aggregate total received from each contributor whose total contributions exceed \$100 and the contributor's disclosure information. All expenditures, as defined in RSA 664:2, IX and XIX, shall be reported in similar detail on forms or other means prescribed by the secretary of state.

664:7-c Campaign Finance Disclosure Record.

I. Disclosure reports required under RSA 664:6 and RSA 664:7 of candidates for governor and any disclosure reports filed by candidates for United States senator and representative to Congress may be filed in electronic format. The secretary of state shall enter these reports into an electronic campaign finance disclosure record. The secretary of state shall ensure that these disclosure reports are available through the official Internet site of the state of New Hampshire. Such reports shall also be available for paper or electronic copying at a reasonable cost.

II. The secretary of state shall compile and maintain separate cumulative disclosure reports filed under this subdivision by political committees, political committees of political parties, and candidates for executive councilor, state senator, state representative, and county office.

7 Examination of Statements of Receipts and Expenditures. Amend RSA 664:19 to read as follows:

664:19 Examination of Statements of Receipts and Expenditures. It shall be the duty of the attorney general to *obtain and* examine the returns of election receipts and expenditures which are made to the secretary of state and to compel such returns be made to comply with the law.

8 Political Expenditures and Contributions; Applicability of Chapter; Limitations Deleted. Amend RSA 664:1 to read as follows:

664:1 Applicability of Chapter. The provisions of this chapter shall apply to all state primary, general, and special elections, but shall not apply to presidential preference primaries. The provisions relating to political advertising, RSA 664:14 through 17-a, shall additionally apply to city, town, school district, and village district elections. ~~[The provisions relating to voluntary expenditure limitations, RSA 664:5-a and 664:5-b, shall additionally apply to elections for United States senator and representative to Congress.]~~

9 Political Expenditures and Contributions; Penalty. Amend RSA 664:21, IV-V to read as follows:

IV. ~~[In addition to the fines levied under paragraph I,]~~ Any person who fails to file any report or statement on the date on which the report or statement is due under this chapter shall be subject to a daily fine of \$25 for every weekday for which the report or statement is late and until the report or statement is actually filed, except that candidates for the general court shall be subject to a daily fine of \$5 under this paragraph.

V. ~~[The provisions of this paragraph shall apply to violations of this chapter other than the violation of RSA 664:5-a and 5-b, and]~~ A person liable under the provisions of this paragraph shall not also be subject to the penalties imposed under ~~[paragraphs I, H and]~~ paragraph IV. Any person who ~~[otherwise]~~ violates any provision of this chapter shall be guilty of a misdemeanor if a natural person or shall be guilty of a felony if any other person.

10 Nominations; Incompatible Offices; Return of Fee. Amend RSA 655:10 to read as follows:

655:10 Incompatible Offices. No person shall file declaration of candidacy or primary petitions for nomination at the primary for incompatible offices. For the purposes of this section incompatible offices shall include the offices of governor, representative to the general court, state senator, and councilor. If any person shall file for such incompatible offices, the secretary of state shall advise the person of the provisions hereof and said person shall then advise the secretary of state which of said offices ~~[he]~~ *the person* wishes to retain in order to seek said nomination. If ~~[a filing fee]~~ *an administrative assessment* has been paid for a declaration of candidacy which ~~[he]~~ *the person* declines the fee shall be returned to ~~[him]~~ *the person*. No person shall seek or hold the position as a member of the general court and county commissioner at the same time. No person shall hold 2 of the offices mentioned in RSA 655:9 at the same time, and the acceptance of one of them shall be a resignation of the others.

11 Nominations; Posting Notice of Primary; Administrative Assessment. Amend RSA 655:12 to read as follows:

655:12 Posting Notice of Primary. Each city clerk shall distribute ~~[such]~~ *the* notices *required by RSA 655:11* to the ward clerks in ~~[his]~~ *the* city. Each town and ward clerk shall, within 10 days after the receipt of such notice, cause notice of such primary to be posted in 2 public places in ~~[his]~~ *the* town or ward. Such notice shall prescribe the hour the polls are to open and the hour before which they may not close as provided in RSA 659. It shall state the offices for which candidates are to be nominated, the delegates to be elected, and any questions to be voted on, as well as the location of the central polling place and of any additional polling places. It shall also state the date before which declarations of candidacy must be filed to place names upon the ballots to be used at

such primary, the officers with whom they must be filed, the [fees] *administrative assessments* to be paid at the time of filing such papers, and the number of primary petitions which may be submitted in lieu of the [filing fees] *administrative assessments*.

12 Nominations; Filing: General Provisions; Fees and Petitions Deleted. Amend RSA 655:14 to read as follows:

655:14 Filing: General Provisions. The name of any person shall not be printed upon the ballot of any party for a primary unless [he] *the person* is a registered member of that party, [he] *the person* shall have met the age and domicile qualifications for the office he *or she* seeks at the time of the general election, [he] *the person* meets all the other qualifications at the time of filing, and [he] *the person* shall file with the appropriate official between the first Wednesday in June and the Friday of the following week a declaration of candidacy as provided in RSA 655:17[~~and~~

I. ~~The appropriate filing fee as provided in RSA 655:19; or~~

H. ~~The appropriate number of primary petitions as provided in RSA 655:20 and 655:22 and an assent to candidacy as provided in RSA 655:25].~~

13 Nominations; Administrative Assessment, Primary Petitions, and Nomination Papers. Amend RSA 655:19-c to read as follows:

655:19-c Administrative Assessment; Primary Petitions; Nomination Papers.

I. Candidates for governor, United States senator, representative to Congress, executive councilor, state senator, county officer, and state representative who file declarations of candidacy shall pay the administrative assessment in paragraph I or file primary petitions as provided in paragraph III [~~in addition to the filing fee and primary petition requirements of RSA 655:19 and 655:20].~~ Candidates for governor, United States senator, representative to Congress, executive councilor, state senator, county officer, and state representative who file declarations of intent shall pay the administrative assessment in paragraph I [~~in addition to the filing fee required by RSA 655:19]~~ and shall meet the requirements of RSA 655:40-45 for nomination by nomination papers. [~~Neither the administrative assessment which is paid nor the primary petitions which are filed under this section, nor the nomination papers which must be submitted under RSA 655:41 and filed under RSA 655:43, shall be waived or refunded for a candidate for any of the offices listed in this section who, pursuant to RSA 664:5-a, voluntarily accepts the expenditure limitation set forth in RSA 664:5-b.~~] At the time of filing declarations of candidacy or declarations of intent, the administrative assessment shall be as follows:

(a) For governor and United States senator, \$100.

(b) For representative to Congress, \$50.

(c) For executive councilor, \$25.

(d) For state senator, \$10.

(e) For county officer, \$10.

(f) For state representative, \$2.

II. The administrative assessment paid to a town or city clerk by candidates for state representative shall be forwarded to the treasurer of the town or city and shall be for the use of the town or city. The administrative assessment paid to the secretary of state shall be deposited by [him] *the secretary of state* into the general fund.

III. Any person otherwise qualified to run for office who chooses not to pay the administrative assessment as prescribed in paragraph I may have his *or her* name printed on the primary ballot of any party by filing with the appropriate official the requisite number of primary petitions made by members of the party, together with one written assent to candidacy. The number of primary petitions to be filed for each office shall be as follows: for governor and United States senator, 200; for representative in Congress, 100; for executive councilor and county officer, 50; for state senator, 20; for state representative, 5. Candidates for delegate to the state convention shall not be required to submit any primary petitions.

14 Write-In Votes and Nomination; Filing Fees Deleted. Amend RSA 659:88, I(b) to read as follows:

(b) A person whose name was not printed anywhere on the official state primary election ballot, and who receives the nomination of a party by write-in vote in a primary election and wishes to accept the nomination, shall file a declaration of candidacy with the secretary of state no later than the second Monday after the primary. The declaration of candidacy shall be filed with the understanding that, where the form says "primary election," it shall be construed to mean "general

election." ~~[A person who files a declaration of candidacy under this section shall be subject to the requirements of RSA 655:19 and 655:19-b relative to filing fees. The person may have the filing fee waived if he is unable to pay the fee by reason of indigency.]~~ Such person shall not~~[, however,]~~ be required to pay the administrative assessment under RSA 655:19-c.

15 Repeal. The following are repealed:

I. RSA 655:19, relative to filing fees.

II. RSA 655:19-b, relative to waiver of filing fee and primary petitions.

III. RSA 655:20, relative to primary petitions.

IV. RSA 655:22, relative to number of petitions.

V. RSA 664:4, II, relative to prohibited political contributions by partnerships.

VI. RSA 664:5-a, relative to limitations on political expenditures.

VII. RSA 664:5-b, relative to political expenditure limitation amounts.

VIII. RSA 664:21, I-II, relative to campaign expenditure limitation penalties.

IX. 1998, 135, relative to waiver of filing fees and petitions for state candidates.

16 Effective Date. This act shall take effect January 1, 2002.

Conferees: Sens. Roberge, Dist. 9; Barnes, Dist. 17; Francoeur, Dist. 14.

Conferees: Reps. Clegg, Hills. 23; Arndt, Rock. 27; Pappas, Hills. 48; Clemons, Hills. 31.

Reps. Jacobson, John Pratt and Vaillancourt spoke against.

Rep. Gilmore spoke against and yielded to questions.

Reps. Clemons and Clegg spoke in favor.

Rep. Bragdon requested a roll call; sufficiently seconded.

The questions being adoption of the Committee of Conference report.

COMMITTEE OF CONFERENCE REPORT ON SB 111

Committee of Conference Report on SB 111-FN, extending the term for the payment of group health insurance premiums for certain retired members of the retirement system.

Recommendation:

That the Senate recede from its position of nonconcurrency with the House amendment, and concur with the House amendment, and

That the Senate and House each pass the bill as amended by the House.

Conferees: Sens. Francoeur, Dist. 14; Flanders, Dist. 7; Hollingworth, Dist. 23

Conferees: Reps. Dyer, Hills. 8; Zolla, Rock. 13; Poulin, Merr. 14; Drabinowicz, Hills. 36

Adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 118

Committee of Conference Report on SB 118, relative to individual health insurance coverage.

Recommendation:

That the Senate recede from its position of nonconcurrency with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend RSA 420-G:4, I(a)(2)(B) as inserted by section 2 of the bill by replacing it with the following:

(B) The maximum differential due to health status shall be 1.5 to 1 and the maximum differential rate due to tobacco use shall be 1.5 to 1. Rate limitations based on health status do not apply to rate variations based on an insured's status as a tobacco user.

Amend RSA 404-G:5-e as inserted by section 10 of the bill by replacing it with the following:

404-G:5-e Eligibility.

I. An individual who is a New Hampshire resident shall be eligible for coverage through the high risk pool if:

(a) The individual has applied to a carrier of individual health insurance for coverage that is substantially similar to the coverage that is available through the pool, and the carrier has refused to write or issue that coverage to that individual because of his or her health or medical condition;

(b) The individual has applied to a carrier of individual health insurance for coverage that is substantially similar to the coverage that is available through the pool, and such application has been accepted, but at a premium rate exceeding the rate available through the pool;

(c) The individual has a history of any medical or health condition that is on a list adopted by the association, or

(d) The individual is an "eligible individual" as defined in section 2741(b) of the Public Health Service Act.

II. The association shall promulgate a list of medical or health conditions for which a person shall be eligible for plan coverage without applying for health insurance coverage. Persons who can demonstrate the existence or history of any medical or health conditions on the list promulgated by the association shall not be required to provide evidence of a notice of rejection or refusal. The list shall be effective on the first day of the operation of the pool and may be amended from time to time as may be appropriate.

III. Each resident dependent of a person who is eligible for pool coverage shall also be eligible for pool coverage. If the primary insured is a child, resident family members shall also be eligible for pool coverage.

IV. New Hampshire residents who are insured through an individual policy shall be eligible for pool coverage only if the rate assessed by the individual carrier exceeds the pool rate.

V. An individual shall not be eligible for coverage under the pool if:

(a) The individual is eligible for employer sponsored health coverage, including continuation of group coverage, as either an employee or an eligible dependent; or

(b) The individual is eligible for publicly funded health insurance coverage, including Medicare, Medicaid or Title XXI; or

(c) The individual's premiums are paid for or reimbursed by the health care provider, except if the person is an "eligible individual" as defined in section 2741(b) of the Public Health Service Act.

VI. Coverage shall cease:

(a) On the date a person is no longer a resident of this state;

(b) On the date a person requests coverage to end;

(c) Upon the date a person dies;

(d) On the date state law requires cancellation of the policy; or

(e) After the second of 2 successive inquiries made by the plan concerning the person's eligibility or place of residence to which the person does not reply provided the person has 90 days to respond to each inquiry.

Amend the bill by replacing sections 16 and 17 with the following:

16 New Section; Healthy Kids Corporation Expanded. Amend RSA 126-H by inserting after section 6 the following:

126-H:6-a Healthy Kids Subcommittee Established.

I. The department of health and human services shall work with a subcommittee that is comprised of appropriate members of the board and that includes other members as follows:

- (a) One member appointed by the New Hampshire Medical Society.
- (b) One member appointed by the New Hampshire Nurses Association.
- (c) One member appointed by the Home Care Association of New Hampshire.
- (d) One member from a community health center appointed by the Bi-State Primary Care Association.
- (e) One member appointed by the New Hampshire HMO Association.
- (f) One member appointed by the University of New Hampshire School of Health and Human Services.
- (g) Two consumers appointed by the governor and council.

II. The members appointed pursuant to subparagraph I(g) shall be appointed to a 2-year term.

III. The subcommittee shall:

- (a) Review information on the characteristics of New Hampshire's uninsured population, based on the results of the New Hampshire Health Insurance Coverage and Access Survey.
- (b) Identify, based on the Health Insurance Coverage and Access Survey, the population groups and geographic areas that are most appropriately targeted.
- (c) Examine models for affordable health coverage, including models from other states.
- (d) Identify options that would be most effective.
- (e) Develop cost projections for those options.
- (f) Research the level of premium contributions that eligible individuals would be willing to pay.
- (g) Identify potential sources of funding.

IV. The subcommittee shall elect annually from among the members a chairperson. The first meeting of the subcommittee shall be called by the commissioner of health and human services. The department of health and human services shall provide administrative staff support. The department of health and human services and the corporation shall jointly seek funding to support the subcommittee's work.

V. The subcommittee shall make an annual report relative to its findings and any recommendations for proposed legislation to the speaker of the house of representatives, the senate president, the house clerk, the senate clerk, the governor, and the state library beginning November 1, 2002.

17 Purpose and Scope of Healthy Kids Corporation Expanded. Amend RSA 126-H:2 to read as follows:

126-H:2 Corporation Established. There is hereby created a body politic and corporate having a distinct legal existence separate from the state and not constituting a department of state government, to be known as the New Hampshire healthy kids corporation to carry out the provisions of this chapter. The corporation is hereby deemed to be a public instrumentality and the exercise by the authority of the powers conferred by this chapter shall be deemed and held to be the performance of public and essential governmental functions of the state. ~~[The corporation shall operate at no more than 5 pilot sites to be designated by the corporation, which sites may include multiple school districts.]~~ The corporation shall be a private nonprofit corporation and shall have all the powers necessary to carry out the purposes of this chapter, including, but not limited to, the power to receive and accept grants, loans, or advances of funds from any public or private agency and to receive and accept from any source, contributions of money, property, labor, or any other thing of value, to be held, used, and applied for the purposes of this chapter. Notwithstanding any other provision of law, any payments made by the corporation for insurance coverage for children under this chapter, either directly or indirectly, shall be exempt from the premium tax under RSA 400-A:32.

AMENDED ANALYSIS

This bill establishes the health insurance risk pool for the purposes of individual health insurance coverage.

This bill also updates the mission statement of the healthy kids corporation and places The healthy kids subcommittee into the statutes.

Conferees: Sens. Francoeur, Dist. 14; Sen. Burns, Dist. 1; D'Allesandro, Dist. 20.

Conferees: Reps. Hunt, Ches. 10; Martha Fuller Clark, Rock, 36; Marshall Quandt, Rock. 20; Francoeur, Rock 22.

Adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 119

Committee of Conference Report on SB 119, relative to small group health insurance coverage.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by replacing all after section 2 with the following:

3 New Paragraph; Limited Open Enrollment; Certain Small Employers. Amend RSA 420-G:8 by inserting after paragraph I the following new paragraph:

I-a. Small employers who are self-employed individuals shall have 2 open enrollment periods that shall occur during the months of March and September of each calendar year. During these periods, health carriers shall make their plans available to these employers for effective dates beginning on the first day of the month following the open enrollment period. Self-employed individuals who seek coverage during other times of the year shall be treated as late enrollees.

4 Effective Date.

I. Section 3 of this act shall take effect July 1, 2002.

III. The remainder of this act shall take effect 60 days after its passage.

Conferees: Sens. Francoeur, Dist. 14; Burns, Dist. 1; D'Allesandro, Dist. 20.

Conferees: Reps. Hunt, Ches. 10; Martha Fuller Clark, Rock. 36; Herman, Hills. 13; Francoeur, Rock. 22.

Adopted.

COMMITTEE OF CONFERENCE REPORT ON SB 164

Committee of Conference Report on SB 164-FN-A-LOCAL, establishing a comprehensive statewide accountability system concerning an adequate education.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and

That the House recede from its position in adopting its amendment to the bill, and

That the Senate and House adopt the following new amendment to the bill as amended by the Senate, and pass the bill as so amended:

Amend the bill by replacing all after the enacting clause with the following:

1 Statement of Purpose. The general court finds that in order to ensure a balance between education improvement and assessment and an adequate public education, it is necessary to establish a comprehensive, statewide educational accountability system that shall include:

I. Statewide performance goals for all pupils.

II. Statewide systematic measurement of school performance at the state and local levels using multiple valid measures.

III. Reporting on pupil performance at the school, school district, and state levels.

IV. The development, implementation, and evaluation, with broad input from community teams, of local education improvement and assessment plans designed to meet state goals and other criteria for making progress, and any performance goals developed locally to meet identified educational needs.

V. The opportunity for schools that are not making satisfactory progress toward statutory performance goals to receive assistance from the state.

2 New Chapter; School Performance and Accountability. Amend RSA by inserting after chapter 193-F the following new chapter:

CHAPTER 193-G**SCHOOL PERFORMANCE AND ACCOUNTABILITY**

193-G:1 Definitions. In this chapter:

I. "Commissioner" means the commissioner of the department of education.

II. "Department" means the department of education.

III. "NHEIAP" means the New Hampshire education improvement and assessment program as established under RSA 193-C.

193-G:2 Statewide Performance Goals. A school should meet, exceed, or make satisfactory progress as defined in this section, for each of the following performance goals:

I. All pupils should, at a minimum, perform at grade level on the reading component of the statewide assessment administered in grade 3 pursuant to RSA 193-C:3.

(a) For pupils with disabilities who qualify for the alternate version of the statewide assessment, performance at the adequate level shall be based on the communication component of the alternate assessment.

(b) For pupils whose native language is other than English and whose English language reading ability prevents them from participating in the statewide assessment, school districts, in conjunction with the department, should make a reasonable effort to provide an alternate assessment of each pupil's reading ability in the pupil's native language. If an alternate assessment is provided, the school district shall report pupil performance to the department of education for inclusion in school, district, and state third grade reading reports. If it is not feasible to administer the assessment in the pupil's native language, then the pupil may be excused from the assessment.

II. Pupils should, at a minimum, perform at the basic and above levels in the designated academic areas assessed on the statewide tests administered at the following grades in accordance with RSA 193-C at the following rates:

(a) 70 percent in English language arts in grade 3.

(b) 70 percent in mathematics in grade 3.

(c) 70 percent in English language arts in grade 6.

(d) 70 percent in mathematics in grade 6.

(e) 55 percent in science in grade 6.

(f) 65 percent in social studies in grade 6.

(g) 70 percent in English language in grade 10.

(h) 60 percent in mathematics in grade 10.

(i) 55 percent in science in grade 10.

(j) 50 percent in social studies in grade 10.

(k) The most recent 3-year rolling averages shall be used to determine if a school is meeting the academic-area statewide assessment performance goals that apply to it, except that if 3-year rolling averages are not available for a particular school, either 2-year averages or, if 2-year averages are not available, a single year's data shall be used for this purpose.

III. Pupils should, at a minimum, attend school at the following rates:

(a) 95 percent for elementary schools.

(b) 94 percent for middle schools and junior high schools.

(c) 92 percent for high schools.

(d) The appropriate grade-range attendance rate collected by the department at the district level shall be used as the school attendance rate in districts that have multiple schools at a particular grade range.

IV. The percentage of pupils who drop out of school annually should not exceed the following rates:

(a) 0.5 percent for middle schools and junior high schools.

(b) 5 percent for high schools.

(c) The department shall calculate and report the annual dropout rate as a percentage based on the reported number of pupils who dropped out of school and did not return during a one year period as compared to the total school population.

V. The percentage of graduating pupils who go on to post-secondary education or military service should be at least 66 percent.

VI. Each school shall comply with the applicable standards for school approval adopted by the state board pursuant to RSA 21-N:9, I.

VII. "Satisfactory progress" means that for each school, the most recent 3-year rolling average shall be an improvement over the prior year's 3-year rolling average, except that if a 3-year rolling average is unavailable for a particular school, either a 2-year average or, if a 2-year average is unavailable, 2 adjacent year's data shall be used for this purpose. The use of a 3-year rolling average shall not be required for the first 2 years in which satisfactory progress is being measured.

VIII. On May 1, 2005, and annually thereafter, the commissioner shall determine if a school has demonstrated that it is making satisfactory progress toward, or has met or exceeded the performance goals established in this section. The criteria to be used to determine if a school is making satisfactory progress shall be established as follows:

(a) Not later than May 1, 2002, and every 3 years thereafter, based on generally accepted statistical procedures, the commissioner in conjunction with the state board of education shall determine and publish the criteria for making satisfactory progress in each of the areas established in paragraphs I-V. In making these determinations, consideration shall be given to the effect of school and grade-level enrollments and other relevant demographic data on the validity and comparability of the data collected and, to the extent feasible, the performance of discrete subgroups of pupils, including pupils with disabilities, limited English proficient pupils, and low income pupils.

(1) Satisfactory progress in meeting the reading performance goal established in paragraph I shall be based on the average of the mean-scaled scores obtained on the reading component of the grade 3 statewide assessment administered in accordance with RSA 193-C:3, IV(i). If a primary school does not include grade 3, then reading performance shall be based on the performance of the pupils from that school who attend grade 3 in the elementary school attended by the majority of the pupils from said primary school.

(2) Satisfactory progress in meeting the NHEIAP performance goals established in paragraph II shall be based on the mean-scaled scores obtained in the academic areas assessed at each grade level. If a school does not include a grade assessed in NHEIAP, then NHEIAP performance shall be based on the performance of the pupils from that school who attend the next highest NHEIAP grade level assessed in the school attended by the majority of the pupils from the school that does not include a grade assessed in NHEIAP.

(3) Satisfactory progress in meeting the performance goals established in paragraphs III-V shall be based on the rolling 3-year averages of performance in these areas.

(b) A school shall be considered to be making satisfactory progress in meeting the school approval standards specified in paragraph VI, if it either has been conditionally approved or granted a delay in full compliance by the state board.

IX. On May 1, 2005, and annually thereafter, the commissioner shall compile and disseminate to the governor and council, the general court, the state board, local school board chairpersons, superintendents of schools, school principals, and the public, a list of schools that are not making satisfactory progress in meeting the statewide performance goals set forth in RSA 193-G:3.

X. No later than January 1, 2006, and every 3 years thereafter, the state board shall submit to the education committees of the house and senate a report outlining the results of the state board's review of the performance goals established in paragraphs I-VI together with any recommendations to the general court for changes in these goals that have been adopted by a majority of the state board. In conducting its review, the state board shall consider the statistical validity and comparability of using additional performance data collected at the school and district levels.

193-G:3 Aid to Schools.

I. A school district that is unable to meet or make satisfactory progress toward the statewide performance goals in RSA 193-G:2 may request assistance from the department of education, including financial assistance from the local education improvement assistance program established in RSA 193-G:4, for any school within the district. If a school district that is unable to make satisfactory progress toward meeting the statewide performance goals in RSA 193-G:2 does not request assistance, the department of education may initiate such review as it deems appropriate and, on the basis of such review, offer its assistance to the school district, but the school district shall not be required to accept such assistance.

II. A school district may request up to 3 years of assistance. A detailed plan and budget shall be submitted to the department of education. The department may offer aid in developing the plan and budget.

III. If a school district specified on the list required under RSA 193-G:2, IX has not submitted a request for assistance then, in a town, a warrant article may be presented to the school district governing body, in accordance with applicable statutory requirements in effect in the town for the petitioning of a warrant article, or, if in a city maintaining a school department within its corporate organization, a resolution may be offered to the governing body in accordance with applicable statutory requirements in effect in the city for offering a resolution, to direct the school district governing body to submit a request for assistance pursuant to this section. If a majority of the legislative body in the city or town votes in favor of requesting assistance, then that assistance shall be requested and provided in accordance with RSA 193-E:6.

IV. The department of education shall evaluate and approve proposals based on their efficacy, as determined by a cost-benefit analysis, and the extent to which school district revenues are insufficient to implement the proposed activity without adverse educational consequences.

V. Until the publication of the list pursuant to RSA 193-G:2, IX, a school district may request assistance from the department, including financial assistance from the local education improvement assistance program established in RSA 193-G:4, for any school within the district.

VI. Priority shall be given to lower-performing schools.

193-G:4 State Assistance to Local School Districts; Education Improvement Fund Established.

1. There is hereby established an education improvement fund in the department of education for the purpose of providing assistance to local school districts. This fund shall be non-lapsing and shall be administered by the department. For the biennium beginning July 1, 2001 and ending June 30, 2003, the sum of \$2,500,000 shall be transferred from the education trust fund to the education improvement fund. In order to satisfy this obligation, the governor is authorized to draw a warrant from the education trust fund to satisfy the provisions of this paragraph.

II.(a) The department is authorized to use the amount transferred to the education improvement fund for the following purposes within the following expenditure limits:

(1) For the biennium ending June 30, 2003, an amount not to exceed \$500,000 to implement and administer the pupil achievement assessment pilot program established in this act.

(2) For the biennium ending June 30, 2003, an amount not to exceed \$225,000 to collect, analyze, and report the demographic and educational improvement data.

(3) For the biennium ending June 30, 2003, an amount not to exceed \$275,000 to implement and administer the grade 3 reading assessment program set forth in RSA 193-C:3, IV(i).

(4) For the biennium ending June 30, 2003, an amount not to exceed \$75,000 for contracted assistance to study the capacity of the department of education to provide support to local schools.

(5) For the biennium ending June 30, 2003, an amount not to exceed \$780,000 to assist local school staff with the analysis and use of school performance data, and to implement local educational improvement and assessment plans.

(6) For the biennium ending June 30, 2003, an amount not to exceed \$645,000 for providing grants to school districts, provided that any amounts set forth in subparagraphs (a)(1)-(a)(5) which are unexpended as of June 30, 2003, shall be used by the department to make grants to school districts under this section.

(b) For the biennium beginning July 1, 2001 and ending June 30, 2003, appropriations from the fund shall be authorized at the class level by the legislative fiscal committee and the governor and council. For the biennium beginning July 1, 2003, and each biennium thereafter, appropriations from the fund at the class level shall be included in and authorized as part of the department's biennial operating budget.

(c) Moneys transferred to the education improvement fund shall not be transferred, diverted, or used for any purpose not specified in this section.

193-G:5 Powers of the Department of Education and State Board of Education. Notwithstanding RSA 186:5, the powers of the department and the state board relative to school performance and accountability shall be limited to the provisions of RSA 193-G:1 – 193-G:4.

3 New Subparagraphs; Statewide Education Improvement and Assessment Program; Program Goals Amended. Amend RSA 193-C:3, IV by inserting after subparagraph (h) the following new subparagraphs:

(i) At the end of grade 3, to determine if pupils are reading at grade level on a standardized reading test to be chosen by the department with the approval of the state board of education.

(j) At the school, district, and state levels, to provide performance reports on specific subgroups of pupils as required by federal law and regulations, including performance reports on pupils with disabilities, educationally disadvantaged pupils, and vocational education pupils.

4 Pupil Achievement Assessment Pilot Program Established.

I. The department of education, in consultation with the state board of education and the school administrative unit superintendents, shall establish a 4-year pupil achievement assessment pilot program in 10 selected school districts which represent a cross section of the state for the school years 2001-2002 through 2004-2005. Participation in the pilot program shall be voluntary. The pilot program shall examine the use of standardized achievement tests for pupils in grades 4 through 9

in each of the selected pilot schools as well as other techniques to measure pupil achievement over time. The purpose of the pilot program is to identify multiple measures of pupil achievement and to analyze such data from those measures to assess the extent to which such data yields valid and comparable information on the average annual rate of gain or value-added. In addition, the program would provide for a so-called gains-based statistical analysis of data collected in years 2-4 of the program for each pupil, school, and district. Upon the collection of multiple years of data, an analysis of such data may be performed to measure the individual gain or value-added to an individual pupil over the course of the measurement period.

II. After 3 years, the state board of education in conjunction with the legislative oversight committee established under RSA 193-C:7 shall evaluate the potential value of the information collected under the pilot program and consider the merits of the approaches used in the pilot program to determine whether such approaches may be used as additional or alternative methods of measuring educational achievement and success.

5 Reporting on Pupil Performance. RSA 193-E:3 is repealed and reenacted to read as follows: 193-E:3 Reporting on the Delivery of Education.

I. By August 1, 2001, and annually thereafter, each school district shall report to the department of education data at the school and district levels for the previous school year on the following indicators, provided however, that the department shall develop a reasonable schedule to phase-in the reporting of data that is not being collected systematically during school year 2000-2001:

(a) Numbers and percentages of pupils with disabilities, limited English proficient pupils, pupils in advanced placement programs, and pupils eligible for free or reduced-price meals.

(b) Pupil mobility rates calculated as the percentages of pupils who transfer into or out of a school each year. These percentages shall not include pupils who enter the school on opening day at the lowest grade in the school or pupils who leave the school upon completion of the highest grade in the school.

(c) Attendance and dropout rates.

(d) Performance on statewide tests administered pursuant to RSA 193-C:3, IV(i) including the percentage of pupils reading at grade level on the reading component of the grade 3 statewide educational assessment and performance on any other standardized tests administered at local option.

(e) Percentage of graduating pupils going on to post-secondary education and military service.

(f) Average class size for instructional purposes at the primary, intermediate, and secondary levels as of October 1.

(g) Number and percentage of educators teaching one or more courses outside of the educator's certification area and the percentage of all courses being taught by educators outside their certification area.

(h) Teacher and administrator turnover rates at the school and district levels.

II. By August 1, 2001, and annually thereafter, each school district shall report to the department of education data at the school and district levels for the previous school year any other data required by federal law on the same or similar subject matter specified in subparagraphs I (b) - (g) or for any of the subgroups set forth in subparagraph I (a).

III. The department of education, with the approval of the legislative oversight committee established in RSA 193-C:7, may implement and report data on any additional indicators deemed relevant to the purposes of this section.

IV. In order to reduce school districts' administrative time and costs, the department of education shall develop and utilize user-friendly, computer forms and programs to collect the data set forth in paragraph I as well as all enrollment and cost data related to determining the cost of an adequate education. The department shall request funds as part of its biennial operating budget to develop, update, and maintain the required forms and programs.

V. Not later than December 1, 2001, and annually thereafter, the department of education shall issue a public report on the condition of education statewide and on a district-by-district and school-by-school basis. This report shall be entitled "New Hampshire School District Profiles." It shall include demographic and pupil performance data including, but not limited to, district and school performance on state tests administered pursuant to RSA 193-C, all other data provided under paragraph I, as well as other relevant statistics as determined by the department of education. Comparisons with state averages shall be provided for data reported under subparagraphs I(a)-(h).

Comparisons of each district and school to itself based on its own performance for the prior school year and its most recent 3-year rolling averages shall be provided for data reported under subparagraphs I(c)-(e). Statewide rankings of each district and school shall be provided for data reported under subparagraphs I(c)-(e), including a statewide ranking of each school and school district based on the percentage increase of improvement as compared with the same school district's performance in the previous year. The report shall be organized and presented in a manner that is easily understood by the public and that assists each school district with the identification of trends, strengths, and weaknesses and the development of its local school education improvement and assessment plan.

VI. Each school district shall provide an opportunity for public discussion of the report at a meeting of its governing body. The school district shall make the report available to the public at least 10 days prior to the meeting.

VII. No later than January 1, 2003, the department of education shall prepare and submit to the education committees of the house and senate a plan for collecting and evaluating data to determine the correlation between level of academic performance and such factors as pupils' gender, socioeconomic status, cost per pupil, class size, teacher qualifications, and use of various instructional strategies as well as an in-depth study of community members' perceptions of their involvement in education and of important educational issues. The plan shall include an estimate of the costs to the department and local school districts of collecting, analyzing, and reporting the results of these studies.

6 Statewide Education Improvement and Assessment Program; Local Education Improvement and Assessment Plans. RSA 193-C:9, I is repealed and reenacted to read as follows:

I.(a) Each school district shall be responsible for coordinating the development and implementation of a local education improvement and assessment plan. The plan shall be evaluated and reviewed annually and shall be included in the school district's annual report. The development and implementation of the plan and the annual evaluation and review shall be carried out with input from administrators, teachers, parents, employers, and other community members. The plan shall be approved by the local school board no later than October 31, 2003. At a minimum, each plan shall identify and set forth objectives for the school or each school in the district to achieve, including:

(1) Objectives and annual benchmarks for improved pupil performance in each of the statewide performance goals.

(2) Local assessment measures which focus on individual student performance.

(3) The use of local and statewide assessment results to improve instruction and enhance student learning.

(4) Methods for reporting the results of all assessment measures.

(5) Strategies to promote family and community involvement.

(6) Procedures detailing how the school district budget reflects the goals of the plan.

(b) Each plan may include the following elements:

(1) Curriculum and proficiency standards.

(2) School and district performance goals based on reported data on educational indicators listed in paragraph II of this section.

(3) Procedures for aligning curriculum and instructional practices.

(4) Role of support services and programs.

(5) Role of instructional leadership.

(6) Staff supervision and evaluation and performance-based professional development.

(7) Pupil behavior and conduct codes.

(8) Provisions for addressing individual school needs.

7 Statewide Education Improvement and Assessment Program; Local Education Improvement and Assessment Plans. RSA 193-C:9, IV is repealed and reenacted to read as follows:

IV. The department of education shall develop a model local education improvement and assessment plan which can be used by school districts. The model plan shall:

(a) Identify and set forth objectives for the school or each school in the district to achieve, including objectives and annual benchmarks for improved pupil performance in each of the applicable areas in which statewide performance goals have been established.

(b) Identify areas where improvements are needed immediately.

(c) Specify how the school or each school in the district will work to make improvements in the combined performance of all pupils enrolled in a school as well as the performance of discrete subgroups of pupils, including pupils with disabilities, limited English proficient pupils, and low income pupils.

(d) Specify the methods and assessments to be used in addition to NHEIAP assessments for the annual evaluation and review of the plan, including data to be collected, analyzed, and reported. This shall include the data specified in RSA 193-E:3, I as well as additional data determined locally.

8 Legislative Oversight Committee; Duties Amended. Amend RSA 193-C:8 to read as follows:

193-C:8 Duties of the Legislative Oversight Committee; Report. ***The oversight committee shall:***

I. [The oversight committee shall review] Review the development and implementation of the program to ensure that they are in accordance with legislative policy. Implementation of the program shall be in conjunction with the committee's review.

II. Review all of the provisions of RSA 193-G and submit a report of such review every 2 years after the effective date of this section to the speaker of the house of representatives, the president of the senate, the governor, and the chairpersons of the house and senate education committees.

III. Prepare any legislation that is needed as a result of the review of the progress and results of the policies implemented under this chapter.

IV. Identify operational principles which should guide the work of the department of education in supporting improved school performance and accountability.

V. Analyze existing department of education programs and initiatives which support improved school performance and accountability and determine the necessity of enhancing such programs and initiatives, if deemed necessary.

9 School Money; Education Trust Fund Amended. Amend the introductory paragraph of RSA 198:39, I to read as follows:

198:39 Education Trust Fund Created and Invested.

I. The state treasurer shall establish an education trust fund in the treasury. Moneys in such fund shall not be used for any purpose other than to distribute adequate education grants to municipalities' school districts pursuant to RSA 198:42, and to provide education property tax hardship relief under RSA 198:55, ***and to fund the education improvement fund established in RSA 193-G:4.*** The state treasurer shall deposit into [this] ***the education trust*** fund immediately upon receipt:

10 New Paragraph; State School Organization; State Board of Education Rulemaking Authority; Rules for Appeals. Amend RSA 186:8 by inserting after paragraph V the following new paragraph:

VI. Appeals from a school board on the matter of nonrenewal of teacher contracts, providing that the appeal to the state board of education shall be limited to the record developed at the school board hearing, except where the state board of education determines that new evidence is available which could not have been reasonably discovered at the time of the school board hearing and that such evidence may have materially affected the outcome of the school board hearing. In such cases, the state board of education shall render a final decision in the matter or remand it to the school board for a new hearing.

11 School Boards, Teachers; Teacher Renewal; Reference Amended. Amend RSA 189:14-a, II to read as follows:

II. Any teacher who has a professional standards certificate from the state board of education and who has taught for 3 consecutive years or more in any school district in the state shall, after having taught for 2 consecutive years in any other school district in the state, be entitled to all of the rights for notification and hearing in ~~[paragraph I(b)]~~ ***paragraphs I(b), III, and IV of this section.***

12 New Paragraphs; School Boards, Teachers; Teacher Renewal; Nonrenomination Procedure. Amend RSA 189:14-a by inserting after paragraph II the following new paragraphs:

III. In cases of nonrenomination because of unsatisfactory performance, the superintendent of the local school district shall demonstrate, at the school board hearing, by a preponderance of the evidence, that the teacher had received written notice that the teacher's unsatisfactory performance may lead to nonrenomination, that the teacher had a reasonable opportunity to correct such unsatisfactory performance, and that the teacher had failed to correct such unsatisfactory performance. Nothing in this paragraph shall be construed to require the superintendent or the school board to provide a teacher with remedial assistance to correct any deficiencies that form the basis for such teacher's nonrenomination.

IV. In all proceedings before the school board under this section, the burden of proof for nonrenewal of a teacher shall be on the superintendent of the local school district by a preponderance of the evidence.

13 School Boards, Teachers; Review by State Board of Education. Amend RSA 189:14-b to read as follows:

189:14-b Review by State Board.

I. A teacher aggrieved by such decision may request the state board of education for review thereof. Such request must be in writing and filed with the state board within 10 days after the issuance of the decision to be reviewed. Upon receipt of such request, the state board shall notify the school board of the request for review, and shall forthwith proceed to a consideration of the matter. Such consideration shall include a hearing if either party shall request it. The state board shall issue its decision within [±5] 30 days after the request for review is filed, and the decision of the state board shall be final and binding upon both parties. A request for review under this section shall constitute the exclusive remedy available to a teacher on the issue of the nonrenewal of such teacher.

II. The state board of education shall uphold a decision of a local school board to nonrenew a teacher's contract unless the local school board's decision is clearly erroneous.

14 Public Employee Labor Relations; Grievance Procedures; Nonrenewal of Teacher Contract not Subject to Binding Arbitration. Amend RSA 273-A:4 to read as follows:

273-A:4 Grievance Procedures. Every agreement negotiated under the terms of this chapter shall be reduced to writing and shall contain workable grievance procedures. *No grievance resulting from the failure of a teacher to be renewed pursuant to RSA 189:14-a, shall be subject to arbitration or any other binding resolution, except as provided by RSA 189:14-a and RSA 189:14-b. Any such provision in force as of the effective date of this section shall be null and void upon the expiration date of that collective bargaining agreement.*

15 Repeal. RSA 194:23-d, relative to state financial aid, is repealed.

16 Effective Date. This act shall take effect July 1, 2001

AMENDED ANALYSIS

This bill establishes criteria for measuring school performance standards, requires the development of a local education improvement and assessment plan in each school district, defines satisfactory progress in school performance areas, and establishes an education improvement fund in the department of education which shall be funded by a transfer from the education trust fund in the amount of \$2,500,000 for the biennium ending June 30, 2003. The bill also clarifies the process for conducting hearings before local school boards on the issue of nonrenomination of teacher contracts and for the appeal of such nonrenomination decisions to the state board of education

Conferees: Sens: O'Hearn, Dist. 12; Prescott, Dist. 19; Johnson, Dist. 3.

Conferees: Reps: Henderson, Rock. 20; Ward, Graf. 1; Colcord, Merr. 2; Snyder, Straf 14.

Rep. Arthur Pelletier spoke against and yielded to questions.

Reps. Ward and Henderson spoke in favor.

Rep. Boyce requested a roll call; sufficiently seconded.

The question being adoption of the Committee of Conference report.

Rep. Mirski declared a conflict of interest and did not participate.

COMMITTEE OF CONFERENCE REPORT ON SB 197

Committee of Conference Report on SB 197-FN, restructuring the judicial conduct committee as an independent judicial conduct commission and making an appropriation therefor.

Recommendation:

That the Senate recede from its position of nonconcurrence with the House amendment, and concur with the House amendment, and

That the Senate and House adopt the following new amendment to the bill as amended by the House, and pass the bill as so amended:

Amend the bill by replacing all after the enacting clause with the following:

I Intent. This act implements the recommendations of the Task Force for the Renewal of Judicial Conduct Procedures by restructuring the judicial conduct committee as an independent judicial conduct commission. The task force established the following 3 principles to guide the restructuring of the committee:

I. The judicial conduct committee should be completely independent of the New Hampshire court system and the other branches of government, and should be renamed the judicial conduct commission.

II. Members of the new judicial conduct commission should be appointed by several authorities: the governor, the senate president, the speaker of the house of representatives, the New Hampshire supreme court, and the president of the New Hampshire Bar Association.

III. In keeping with its independent status and an accompanying need for vigorous professionalism in the management of its work, the new commission must be free to hire staff and maintain its separate office.

2 Statement of Purpose. In order to maintain a healthy democracy, the legislature finds that it is vital that the citizens of New Hampshire have an independent commission able to adequately discipline the actions of judges who have breached the Code of Judicial Conduct. The general court recognizes that the judicial branch of government must act independently, in accordance with the New Hampshire constitution, in making its adjudicatory decisions. The legislature is mindful of the importance of the independence of each branch and believes that it has a duty under the constitution to insure that the judicial branch provides the citizens of New Hampshire fair, equal, impartial, and prompt justice. To meet its duty, the legislature establishes a judicial conduct commission.

3 New Chapter; Judicial Conduct Commission. Amend RSA by inserting after chapter 494 the following new chapter:

CHAPTER 494-A**JUDICIAL CONDUCT COMMISSION**

494-A:1 Judicial Conduct Commission Established. A judicial conduct commission is hereby established which shall be completely independent of the New Hampshire court system and other branches of government. The commission shall be administered by an executive director, appointed under RSA 494-A:3.

494-A:2 Definitions. In this chapter:

I. "Commission" means the judicial conduct commission established under RSA 494-A:4.

II. "Executive director" means the executive director of the commission appointed under RSA 494-A:3.

III. "Judge" means supreme court justices under RSA 490:1; superior court judges under RSA 491:1; superior court marital masters; district court judges under RSA 502-A:3; and probate court judges, under RSA 547.

494-A:3 Executive Director; Appointment and Duties.

I. The commission shall select and appoint an executive director as the administrator of the commission. The executive director shall be appointed by majority vote of the commission after 30 days public notice and a public hearing. The executive director shall hold office for a term of 5 years. The executive director may be removed from office by vote of 2/3's of the commission. The executive director may be reappointed using the same procedure for appointment. The executive director shall be a nonclassified state employee.

II. The executive director shall be the administrative head of the commission. The duties of the executive director shall also include:

(a) Employing and supervising commission staff, under RSA 494-A:17.

(b) Submitting an annual report to the governor, senate president, speaker of the house, and chief justice of the supreme court, by October 1 of each year, which details the performance of the commission for the preceding fiscal year. This report shall be a public document.

(c) Submitting budgets to be funded through general funds in the biennial operating budget.

(d) Acting as secretary for all commission meetings.

494-A:4 Commission Membership. The commission shall consist of the following 11 members:

I. Three judges, consisting of one judge or retired judge from each of the superior court, district court, and probate court, appointed by the chief justice of the supreme court with the concurrence of the majority of the supreme court members.

II. Two members appointed by the president of the New Hampshire Bar Association; one member to be approved by the governor and one member to be approved by the president of the senate and the speaker of the house.

III. Two public members who are not judges, attorneys, or elected or appointed public officials, appointed by the governor.

IV. Two public members who are not judges or attorneys, appointed by the senate president.

V. Two public members who are not judges or attorneys, appointed by the speaker of the house.

494-A:5 Terms of Office.

I. The initial terms of office shall be staggered as follows:

(a) For the members appointed under RSA 494-A:4, I, one member shall be appointed for 2 years, one member shall be appointed for 3 years, and one member shall be appointed for 4 years.

(b) For the members appointed under RSA 494-A:4, II, one member shall be appointed for 3 years and one member shall be appointed for 4 years.

(c) For the members appointed under RSA 494-A:4, III, one member shall be appointed for 3 years and one member shall be appointed for 4 years.

(d) For the members appointed under RSA 494-A:4, IV, one member shall be appointed for 2 years and one member shall be appointed for 3 years.

(e) For the members appointed under RSA 494-A:4, V, one member shall be appointed for 3 years and one member shall be appointed for 4 years.

II. After the initial appointment, a member may be reappointed for an additional term of 4 years. Members may not serve more than 2 consecutive terms. Members who have served 2 consecutive terms may not be reappointed until they have been off the commission for a period of 4 years.

III. Commission members shall serve without compensation for their services, but shall be reimbursed for necessary expenses incurred in the performance of their duties.

494-A:6 Vacancies.

I. A vacancy in the office of the commission occurs:

(a) At the expiration of a member's term.

(b) When a member ceases to hold the office, by submitting his or her resignation to the commission, or for some other reason.

(c) When a non-attorney or non-judge member becomes an attorney or judge.

(d) When an attorney member ceases to be a member of the New Hampshire bar, is elected or appointed to public office, or is appointed a judge.

(e) When a member ceases to be domiciled in New Hampshire.

(f) When removed by the commission as provided in RSA 494-A:16.

II. A vacancy shall be filled by the same appointing authority. The successor shall have the same qualifications as the person who is being replaced. If the vacancy results from other than expiration of the term, the successor shall hold office for the unexpired term.

494-A:7 Disqualification.

I. No member shall participate in any proceeding before the commission involving his or her conduct or in which he or she is a witness or is otherwise involved.

II. No member shall participate in any proceeding in which his or her impartiality might reasonably be questioned.

494-A:8 Numbers for Quorum and Action. Six members of the commission shall be a quorum. Six members shall be necessary to take routine action. A vote of 7 members shall be required to take or recommend any disciplinary action.

494-A:9 Election of Chairperson and Vice Chairperson. The members of the commission shall elect their own chairperson and vice chairperson.

494-A:10 Duties; Proceedings. The commission shall be responsible for addressing complaints concerning the conduct of judges in the courts of this state. The commission shall determine if a complaint constitutes conduct which violates the Code of Judicial Conduct. The commission shall adopt rules for its proceedings under this chapter. After notice and hearing, the commission may impose disciplinary actions with regard to a complaint by reprimand or censure. If the commission finds evidence of criminal acts, it shall report such evidence to the attorney general. If the commission finds that a judge's conduct warrants the removal of the judge, the commission shall refer the matter to the legislature.

II. The commission shall, by rules under RSA 494-A:12, adopt a Code of Judicial Conduct based on the Model Code of Judicial Conduct (August, 1990), as adopted by the House of Delegates of the American Bar Association on August 7, 1990.

494-A:11 Procedures for Complaints; Public Availability. The commission shall adopt rules of procedure to be followed in making its determinations which shall incorporate the following:

I. When a complaint is received by the commission, the commission shall determine if the complaint alleges a violation of the Code of Judicial Conduct. If the commission determines that the complaint on its face alleges no violation of judicial misconduct, the commission shall dismiss the complaint and respond to the complaining party, explaining the basis for its decision. If the commission determines that the complaint alleges a violation, the commission shall send a copy of the complaint to the judge and the judge shall have 21 days to respond in writing. There shall be no direct communications between the judge and the complaining party. Following the response from the judge, the commission shall send a copy of the response to the complaining party. The commission may also conduct such further investigation as it may deem necessary before ruling on the complaint. The commission shall, within 90 days of the first meeting following receipt of the complaint, determine whether there is probable cause to believe that the judge has committed a violation of the Code of Judicial Conduct. If not, the complaint shall be dismissed. If so, the commission shall proceed to make a final determination as to whether a violation has occurred. In any event, the complaining party and the judge shall be informed of the ruling on probable cause along with a brief explanation of the basis of the decision.

II. After making a finding of probable cause, the commission shall conduct a public hearing before making a final determination. After probable cause has been found, the complaint, response, transcripts, findings, deliberations, and reports of actions taken shall be available to the public under the provisions of RSA 91-A. The exemption regarding internal personnel practices in RSA 91-A:5, IV shall be inapplicable to proceedings or documents under this paragraph relating to a complaint before the commission.

III. After notice and hearing, the commission may impose disciplinary actions with regard to a complaint by reprimand or censure. The commission may recommend that the supreme court suspend the judge.

IV. If the complaint referred to the commission alleges conduct that would constitute a crime, the commission chairperson shall immediately refer the matter to the attorney general. The referral of such a complaint to the attorney general shall not supersede the commission's jurisdiction relative to whether a violation of the Code of Judicial Conduct has occurred. However, the commission shall suspend its activities until the criminal proceedings, if any, are concluded.

V. In all cases, whether a complaint is dismissed or not, complaints received by the commission shall be made available to the administrative judge of the court in which the judge complained

against holds office. Furthermore, all complaints against judges received by the administrative judges and other judges of the superior court, the district court, and the probate court shall be forwarded to the commission.

VI. The statute of limitations for any complaint shall be 3 years from the act which is the subject of the complaint or from the conclusion of the trial or appeal during which the act occurred, whichever is later.

494-A:12 Rules. The commission shall have the authority to adopt rules, after public notice and hearing, necessary to perform the objectives of this chapter. The commission shall employ the rules used by the supreme court on the effective date of this chapter as interim rules, to the extent that they are not inconsistent with this chapter. The commission shall adopt its own rules as soon as practicable which shall replace such interim rules, but in no event later than July 1, 2002. Prior to the adoption of any rule, or the amendment or repeal thereof, the commission shall publish or otherwise circulate notices of its intended action and afford interested parties the opportunity to submit comments either orally or in writing.

494-A:13 Subpoena Power. The commission shall have the powers of subpoena.

494-A:14 Appeals. An aggrieved party may appeal an order or decision of the commission to the supreme court, provided that such appeals shall be limited to consideration of matters of procedure and errors of law.

494-A:15 Funding. The commission shall prepare and administer its own budget, including funding for such items as staff, office space, and operating expenses. Funding shall be authorized by the legislature only from sources other than those appropriated for the judicial branch.

494-A:16 Removal. The chairperson, with the majority of the commission, may remove a member for cause, including unexcused absences or serious violations of a commission rule.

494-A:17 Staff and Facilities.

I. The executive director shall, with the approval of the commission, hire staff, which may include attorneys, investigators, and clerks, as may be necessary to carry out the duties of the commission. The executive director may contract for such temporary professional, administrative, and clerical services as deemed necessary by the commission. Full-time staff shall be nonclassified personnel who shall be entitled to state employee benefits.

II. The commission shall select office space, which shall be as independent as possible from other facilities of any branch of government.

4 Judicial Performance Evaluations. Amend RSA 490:32, II to read as follows:

II. The program for performance evaluation shall include, but shall not be limited to, [review of records of the supreme court's committee on judicial conduct which are public records under supreme court Rule 40;] a questionnaire, to be designed by the supreme court[:] and a self-evaluation form to be completed by the judge. The supreme court shall strive to achieve uniformity among court evaluation questionnaires, recognizing that the questionnaires for each court may differ due to the jurisdiction of the courts. Questionnaires shall be distributed to a representative sample of attorneys, parties, witnesses, jurors, court personnel, and others who have appeared before a judge during the evaluation period, for the purpose of evaluating the performance of the judge. The questionnaire shall include, but shall not be limited to, questions relative to the judge's performance, temperament and demeanor, judicial management skills, legal knowledge, attentiveness, bias and objectivity, and degree of preparedness. Completed forms shall be returned to the administrative judge, unsigned, within 30 days of issuance. All responses shall remain confidential.

5 Repeals. RSA 490:30, relative to the committee on judicial conduct, is repealed.

6 Date of Operation of Commission. All appointments to the judicial conduct commission shall be made prior to September 1, 2001. The initial meeting of the commission shall be called in September by the governor's first-appointed member of the commission. All necessary staffing of the judicial conduct commission shall be made prior to January 1, 2002. The commission's authority to act upon complaints shall commence on January 1, 2002.

7 Severability. If any provision of this act or the application thereof to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the act which can be given effect without the invalid provisions or applications, and to this end the provisions of this act are severable.

8 Appropriation. The sum of \$125,000 for the fiscal year ending June 30, 2002 and the sum of \$250,000 for the fiscal year ending June 30, 2003 are hereby appropriated to the judicial conduct

commission established by this act, for the purposes of the administration of the provisions of this act. The governor is authorized to draw a warrant for said sums out of any moneys not otherwise appropriated.

9 Effective Date.

I. Sections 1-4 and 6-8 of this act shall take effect July 1, 2001.

II. The remainder of this act shall take effect January 1, 2002.

AMENDED ANALYSIS

This bill restructures the judicial conduct committee as an independent judicial conduct commission. This bill also makes an appropriation to the commission.

Conferees: Sens. Gordon, Dist. 2; Prescott, Dist. 19; Fernald, Dist. 11.

Conferees: Reps. Mock, Carr. 3; Rowe, Hills 14, Phyllis Woods, Straf. 11; Wall, Straf. 9.

Adopted.

RECESS

(Speaker Chandler in the Chair)

SENATE MESSAGE

REFUSES TO ADOPT COMMITTEE OF CONFERENCE REPORT

REQUESTS NEW COMMITTEE OF CONFERENCE

HB 354-FN-A-L, extending the kindergarten construction program.

The President appointed Sens. Gordon, Disnard and Boyce.

SUSPENSION OF RULES

Reps. Scanlan and Burling moved that the Rules be so far suspended as to allow formation, after the deadline, of a new Committee of Conference on **HB 354-FN-A-L**, extending the kindergarten construction program, and to allow signing of and action on a Committee of Conference report after the deadlines.

Adopted by the necessary two-thirds.

ACCEDE TO REQUEST FOR NEW COMMITTEE OF CONFERENCE

HB 354-FN-A-L, extending the kindergarten construction program

Rep. Weyler moved that the House accede.

Adopted.

The Speaker appointed Reps. Weyler, Mercer, Thulander and Linda Foster.

CONSENT CALENDAR

COMMITTEE OF CONFERENCE REPORTS ON HOUSE BILLS

Rep. Scanlan moved that the Consent Calendar of Committee of Conference Reports on House Bills 131, 132, 215, 238, 240, 256, 258, 259 and 260, as received from the Senate today, and as printed and distributed, be adopted.

Adopted.

HB 131, relative to the retention and disposal of certain financial disclosure forms. (Report printed SJ 6/26/01)

HB 132-FN, relative to the damage or destruction of an emergency vehicle or emergency services equipment. (Report printed SJ 06/26/01)

HB 215, relative to publication of status of cases before the supreme court. (Report printed SJ 06/26/01)

HB 238, relative to interstate banking. (Report printed SJ 06/26/01)

HB 240, requiring the department of health and human services to develop a plan reducing the number of persons awaiting certain services for developmental disabilities. (Report printed SJ 06/26/01)

HB 256, limiting the liability of law enforcement agencies and their employees for injuries caused by dogs used in law enforcement work. (Report printed SJ 06/26/01)

HB 258, establishing a task force to conduct an ongoing study of the feasibility of re-establishing the Lawrence, Massachusetts to Manchester, New Hampshire rail service line and the Concord to Lebanon northern passenger rail service line. (Report printed SJ 06/26/01)

HB 259, relative to holding sessions for correction of checklists. (Report printed SJ 06/26/01)
HB 260, establishing a commission to examine child care resource for parents who work hours other than first shift. (Report printed SJ 06/26/01)

REGULAR CALENDAR

COMMITTEE OF CONFERENCE REPORTS ON HOUSE BILLS

HB 170-FN-A, repealing the legacies and succession tax. (Report printed SJ 6/26/01)
 Reps. McGuirk, Jones, Jacobson, Sullivan, Lockwood and Dickinson spoke against.
 Rep. Bowles spoke against and yielded to questions.
 Reps. Hill, Mirski, Herman and Rowe spoke in favor.
 Reps. Alukonis and Guay spoke in favor and yielded to questions.
 Rep. Herman requested a roll call; sufficiently seconded.
 The question being adoption of the Committee of Conference report.

SENATE MESSAGE

REFUSES TO ADOPT COMMITTEE OF CONFERENCE REPORT

REQUESTS NEW COMMITTEE OF CONFERENCE

HB 588, relative to examination of persons called as jurors.
 The President appointed Sens. Gordon, Larsen and Pignatelli.

SUSPENSION OF RULES

Reps. Scanlan and Burling moved that the Rules be so far suspended as to allow formation, after the deadline, of a new Committee of Conference on **HB 588**, relative to examination of persons called as jurors, and to allow signing of and action on a Committee of Conference report after the deadlines.

On a division vote, 258 members having voted in the affirmative and 105 in the negative the suspension of rules was adopted by the necessary two-thirds.

ACCEDE TO REQUEST FOR NEW COMMITTEE OF CONFERENCE

HB 588, relative to examination of persons called as jurors.

Rep. Mock moved that the House accede.

Adopted.

The Speaker appointed Reps. Mock, John Pratt, Loren Jean and Phyllis Woods.

CONSENT CALENDAR (CONT'D)

COMMITTEE OF CONFERENCE REPORTS ON HOUSE BILLS

Rep. Scanlan moved that the remainder of the Consent Calendar of Committee of Conference Reports on the House Bills as received from the Senate today, and as printed and distributed, be adopted.

Adopted.

HB 274-FN, banning the residential open burning of trash and relative to a dioxin emissions reduction and control program. (Report printed SJ 6/26/01)

HB 277-L, clarifying the penalties for violations of statutes or ordinances where no penalty is specified. (Report printed SJ 6/26/01)

HB 315-FN, relative to the registration of criminal offenders. (Report printed SJ 6/26/01)

HB 320-FN, relative to leasing certain portions of railroad properties and relative to the definition and taxation of amusement railroads. (Report printed SJ 6/26/01).

HB 328-FN-L, relative to fees of sheriffs and deputy sheriffs. (Report printed SJ /00/01)

HB 332-FN-L, relative to resuscitation protocols for emergency medical care providers and relative to payment of autopsy expenses. (Report printed SJ 6/26/01)

HB 337-FN, relative to the administration of public utilities commission and establishing the position of executive director of the public utilities commission. (Report printed SJ 6/26/01)

HB 357, relative to periodic payments of judgments. (Report printed SJ 6/26/01)

HB 373, relative to surety bonds for detective agencies and security services. (Report printed SJ 6/26/01)

HB 405, establishing a committee to study the creation of an at-home infant child care program in New Hampshire. (Report printed SJ 6/26/01)

HB 444, relative to mental health services and records. (Report printed SJ 6/26/01)

HB 450, relative to certain work product under the right-to-know-law. (Report printed SJ 6/26/01)

HB 451, establishing a commission to study the impact of pay and health care benefits for child care workers on the quality of care and education for children by considering and exploring funding methods for accomplishing any recommendations. (Report printed SJ 6/26/01)

HB 475, establishing a commission for the development of a statewide protocol for interviewing victims of sexual assault crimes. (Report printed SJ 6/26/01)

HB 509, establishing a statute of limitations on spousal support orders. (Report printed SJ 6/26/01)

HB 578, relative to requirements for nonpublic utility providers of telephone services and competitive telecommunications providers, and relative to the information technology management advisory board. (Report printed SJ 6/26/01)

HB 603-FN-A, providing the commissioner of administrative services an option to self-fund the state employee health plan and requiring a reserve fund therefor. (Report printed SJ 6/26/01)

HB 643-FN, extending the moratorium on new nursing home beds. (Report printed SJ 6/26/01)

HB 649-FN, relative to compensation for time lost by state employees injured in the line of duty. (Report printed SJ 6/26/01)

HB 676-L, establishing a committee to study the creation of a regional program for collection and marketing certain components of the municipal solid waste stream. (Report printed SJ 6/26/01)

HB 707, establishing a committee to study the usage of 211 as a uniform community service information and referral number. (Report printed SJ 6/26/01)

HB 717, establishing a committee to make recommendations on policy concerning state-operated trails for all terrain vehicles and trail bikes and relative to increasing the nonresident OHRV registration fees for snow traveling vehicles. (Report printed SJ 6/26/01)

HB 723, relative to vacancies in county offices (Report printed SJ /01)

HB 726-L, relative to change of school assignment and transfers of public school pupils. (Report printed SJ 6/26/01)

HB 738, establishing a commission to assess the operating efficiency of state government. (Report printed SJ 6/26/01)

HB 758, relative to the sale of gasoline containing ethers. (Report printed SJ 6/26/01)

REGULAR CALENDAR (CONT'D)

COMMITTEE OF CONFERENCE REPORTS ON HOUSE BILLS

HB 279-FN-A-L, relative to the payment of certain unfunded accrued liability of the retirement system and making an appropriation therefor. (Report printed SJ 06/26/01)
Adopted.

HB 385, changing the name, membership and duties of the office of volunteerism. (Report printed SJ 6/26/01)

Adopted.

HB 426, relative to the voluntary scrapie flock certification program. (Report printed SJ 6/26/01)
Adopted.

HB 543, establishing the division of ports and harbors within the Pease development authority and transferring all functions, powers, and duties of the New Hampshire state port authority. (Report printed SJ 6/26/01)

Adopted.

HB 585, relative to the membership and duties of the council on resources and development. (Report printed SJ 6/26/01)

Adopted.

HB 702, relative to the duties of the committee to study the consumer protection effort in New Hampshire. (Report printed SJ 6/26/01)

Adopted.

HB 703, relative to durable powers of attorney. (Report printed SJ 6/26/01)

Adopted.

UNANIMOUS CONSENT

Rep. Burnham addressed the House.

REGULAR CALENDAR (CONT'D)

COMMITTEE OF CONFERENCE REPORTS ON HOUSE BILLS

HB 1-A, making appropriations for the expenses of certain departments of the state for fiscal years ending June 30, 2002, and June 30, 2003. (Report printed SJ 06/2601)

Rep. Zolla requested a roll call; sufficiently seconded.

The question being adoption of the Committee of Conference report.

NEW COMMITTEE OF CONFERENCE REPORT ON HOUSE BILL 354

HB 354-FN-A-L, extending the kindergarten construction program. (Report printed SJ 6/26/01)
Adopted.

SENATE MESSAGE

REFUSES TO ADOPT COMMITTEE OF CONFERENCE REPORT

REQUESTS NEW COMMITTEE OF CONFERENCE

SB 69, relative to a New Hampshire Legal Assistance office in Nashua and making an appropriation therefor.

The President appointed Sens. Boyce, Pignatelli and Barnes.

REFUSAL TO ACCEDE TO REQUEST FOR NEW COMMITTEE OF CONFERENCE

SB 69, relative to a New Hampshire Legal Assistance office in Nashua and making an appropriation therefor.

Rep. Mock moved that the House refuse to accede.

Adopted.

NEW COMMITTEE OF CONFERENCE REPORT ON HOUSE BILL 588

HB 588, relative to examination of persons called as jurors. (Report printed SJ 6/26/01)

Rep. John Pratt spoke in favor.

Rep. Zolla spoke against.

Rep. Mock spoke in favor and yielded to questions.

On a division vote, 184 members having voted in the affirmative, and 141 in the negative, the report was adopted.

SENATE MESSAGE**REFUSAL TO ADOPT COMMITTEE OF CONFERENCE REPORT**

SB 95, relative to campaign contribution limits.

RECESS MOTION

Rep. Scanlan moved that the House stand in recess for the purpose of introduction of bills, enrolled bill amendments, enrolled bill reports, receiving Senate messages and veto messages from the Governor only.

Adopted.

The House recessed at 4:30 p.m.

RECESS

(Rep. Dickinson in the Chair)

ENROLLED BILL AMENDMENTS

HB 170-FN-A-L, relative to state fees, funds, revenues and expenditures.

Amendment (1862-EBA)

Amend RSA 21-J:9-b, II as inserted by section 60 of the bill by replacing it with the following:

II. The municipality has not [~~conducted a full revaluation within 6 years~~] ***complied with the provisions of RSA 75:8-a; [and].***

Amend the bill by replacing RSA 198:57, I as inserted by section 80 of the bill by replacing it with the following:

I. Pursuant to the provisions of this subdivision, eligible claimants shall be granted tax relief following the effective date of this subdivision.

Amend the bill by replacing all after section 109 with the following:

110 New Section; New Hampshire Retirement System; Payment by Retirement System-Group I; Amend RSA 100-A by inserting after section 52-a the following new section:

100-A:52-b Payment by Retirement System; Group I.

I. The New Hampshire retirement system shall pay the cost for permanent group hospitalization, hospital medical care, surgical care, and other medical and surgical benefits, in the employer-sponsored plan provided for active employees of a retiree's former employer, subject to the provisions of this section, for the following persons:

(a) Any person, who has at least 20 years of creditable service as a group I member if age 60 or older, or at least 30 years of creditable service as a group I member if age 55-59, retired on or before July 1, 2004 as a group I member of the New Hampshire retirement system on service or ordinary disability retirement, provided that such person shall be entitled to retirement on the basis of group I creditable service, or any person retired on or before July 1, 2004, as a group I member whose service retirement benefit is based upon the provisions of RSA 100-A:19-c and who has a minimum of 20 years of creditable service as a group I member.

(b) Any person who has completed no less than 20 years of group I creditable service, but who for reasons other than retirement or death ceased to be a group I member prior to attaining the age of 60, and who, as of July 1, 2004, receives a vested deferred retirement allowance and who subsequently attains the age of 60.

(c) Any person who has completed no less than 20 years of group I creditable service and who retired as a group I member prior to age 60, and who subsequently attains the age of 60, or any person who has completed no less than 30 years of group I creditable service and who retired as a group I member prior to age 55, and who subsequently attains the age of 55.

(d) The surviving spouse of a deceased retired group I member who met the qualifications of subparagraphs (a), (b) or (c), or of a deceased member who died while in service as a group I member, provided that such surviving spouse was covered as the member's spouse in the employer-sponsored plan before the member's death and is entitled to a monthly allowance under RSA 100-A:8, 100-A:9, or 100-A:13.

(e) Any certifiably dependent child with a disability living in the household and being cared for by the qualified retired member, the member's spouse, or the qualified surviving spouse.

(f) The surviving spouse and children of a deceased group I member who dies as the natural and proximate result of injuries suffered while in the performance of duty, provided that:

(1) Any such child shall be qualified under this subparagraph only if under 18 years of age, or under 23 years of age if attending school on a full-time basis; and

(2) Such surviving spouse shall cease to be qualified upon the remarriage of the surviving spouse; and

(3) No surviving spouse or child shall be qualified or continue to be qualified under this subparagraph while receiving or eligible to receive medical insurance or health care benefits from any employer's sponsored plan.

(g) Any group I member retired on or before July 1, 2004 on disability retirement as the natural and proximate result of injuries suffered while in the performance of duty.

(h) The spouse of a qualified retiree.

II. Notwithstanding the provision of RSA 100-A:4, III-b, for the purpose of calculating creditable service for eligibility for medical benefits payment under paragraph I, each full year of job-sharing service of a teacher in a job-sharing position shall be calculated at 1/2 of one year of such service credit.

III. However, for the fiscal year beginning July 1, 2000, the maximum amount payable by the retirement system under this subdivision on account of each person qualified under paragraph I who is not entitled to medicare benefits, and on account of each person qualified under paragraph I who is entitled to medicare benefits, shall be the same as the amount provided in RSA 100-A:52, II for group II retirees. As of July 1, 2000 and on each July 1 thereafter, the maximum amount payable by the retirement system as provided in this paragraph shall be increased by 8 percent, compounded on previous increases.

IV. In the case of group I members retired from employment by political subdivisions of the state, the amount payable by the retirement system on account of qualified persons shall be paid over to the employer, insurer, or health care administrator and used to pay for all or part of the medical benefits provided through the former employer for qualified persons. If the cost of the premium for any eligible person under paragraph I shall exceed the maximum under paragraph III, and the employer does not elect to pay the excess cost, the excess cost shall be paid by the retiree or qualified surviving spouse and may be deducted from retirement benefits as provided in RSA 100-A:51. The employer may require, as a condition for coverage, that the retiree or surviving spouse apply for deduction of such excess cost from retirement benefits as provided in RSA 100-A:51.

V. As of January 1, 2002, in the case of group I members retired from state employment before July 1, 1991, and their beneficiaries who are eligible for coverage under this subdivision and also under the provisions of RSA 21-I:26-36, the amount payable by the retirement system on account of such persons shall be paid over to the state and used to pay for all or part of the medical benefits provided under RSA 21-I:26-36 for such persons, and the balance shall be paid by the state as provided in RSA 21-I:26-36.

VI. As of January 1, 2002, in the case of group I members retired from state employment on or after July 1, 1991, and their beneficiaries who are eligible for coverage under this subdivision and also under the provisions of RSA 21-I:26-36, the amount payable by the retirement system on account of such persons shall be paid over to the state and used to pay for all or part of the medical benefits provided under RSA 21-I:26-36 for such persons, and the state shall pay its portion as provided in RSA 21-I:26-36. If the cost of the premium for any retired group I member and spouse, surviving spouse, or any other person entitled to benefits under paragraph I shall exceed the

maximum under paragraph III, and the state does not elect to pay the excess cost above the amount to be paid under RSA 21-I:26-36, the excess cost shall be paid by the retiree or qualified surviving spouse and may be deducted from retirement benefits as provided in RSA 100-A:51. The state may require, as a condition for coverage, that the retiree or surviving spouse apply for deduction of such excess cost from retirement benefits as provided in RSA 100-A:51.

VII. There shall be no age limit to participate in the employer sponsored medical and health plan provided in paragraph I, and there shall be no physical examination or health statement required for such coverage, provided, however, that if an eligible retired group I member of the retirement system fails to apply for such coverage within the time required by the insurance contract, the insurer may require satisfactory evidence of insurability as a condition for becoming insured.

VIII. Any group I teacher member retired before January 1, 2000, or other eligible person under paragraph I, who would have been eligible for medical benefits under this section if this section had been in effect on the member's date of retirement, shall have the option of re-joining the medical or health plan sponsored by the retired member's former employer and of receiving benefits under this section, provided that such eligible person shall apply to the employer for such benefits before January 1, 2002. Upon receipt of such application, the former employer shall enroll such retiree or other eligible person in the employer's plan in the same manner and subject to the same conditions as enrollment of a new employee but without any benefit-waiting period which may be applicable to new employees of that employer. Neither an employer nor an employer's group plan or insurer shall be liable for any claims incurred prior to the date of enrollment under this paragraph.

IX. Any group I political subdivision employee member retired before January 1, 2001, or other eligible person under paragraph I, who would have been eligible for medical benefits under this section if this section had been in effect on the member's date of retirement, shall have the option of re-joining the medical or health plan sponsored by the retired member's former employer and of receiving benefits under this section, provided that such eligible person shall apply to the employer for such benefits before January 1, 2003. Upon receipt of such application, the former employer shall enroll such retiree or other eligible person in the employer's plan in the same manner and subject to the same conditions as enrollment of a new employee but without any benefit-waiting period which may be applicable to new employees of that employer. Neither an employer nor an employer's group plan or insurer shall be liable for any claims incurred prior to the date of enrollment under this paragraph.

X. The retirement system shall notify all group I teacher and political subdivision employee retirees and surviving spouse beneficiaries, who are currently drawing monthly allowances from the retirement system, of their possible right to re-join and active-employee medical insurance or health plan and to receive benefits under this section.

XI. Any person who is eligible to receive group insurance or other medical benefits under the provisions of this section, but who does not need and who declines such benefits because they would be duplicative of coverage under any employer-sponsored plan, shall nevertheless continue to be eligible and, upon ceasing to be eligible for the other coverage, shall be permitted to receive the benefits allowable under this section without any waiting period.

111 New Section; New Hampshire Retirement System; Method of Financing; Group I State Employees. Amend RSA 100-A by inserting after section 53-c the following new section:

100-A:53-d Method of Financing; Group I State Employees.

I. The benefits provided under RSA 100-A:52-b shall be provided by a 401(h) subtrust of the New Hampshire retirement system. The 401(h) subtrust shall be funded by allocating 25 percent of future group I state employer contributions made for group I state employees in accordance with RSA 100-A:16 to the subtrust until such time as the benefits are fully funded. Thereafter, the subtrust shall receive only that portion of each year's contribution as is necessary to keep the benefits fully funded.

II. All contributions made to the retirement system to provide medical benefits under RSA 100-A:52-b shall be maintained in a separate account, the 401(h) subtrust. All funds and accumulated interest shall not be used for or diverted to any purpose other than to provide said medical benefits. Similarly, none of the funds accumulated to provide the retirement benefits set forth in this chapter may be used or diverted to provide medical benefits under RSA 100-A:52-a. The funds, if any, providing medical benefits under RSA 100-A:52-b may be invested pursuant to the provisions of RSA 100-A:15.

112 New Paragraph; New Hampshire Retirement System; Medical Benefits; Application. Amend RSA 100-A:55 by inserting after paragraph I-b the following new paragraph:

I-c. It is the intent of the legislature that future group I state employee members eligible after July 1, 2004 shall be included under the provisions of RSA 100-A:52-b only if the total cost of such inclusion can be terminally funded from the special account established in RSA 100-A:16, II (h).

113 Contingency. If SB 111-FN of the 2001 legislative session becomes law, then sections 110 and 111 of this act shall take effect 60 days after the effective date of SB 111-FN and section 112 of this act shall take effect January 1, 2002 and sections 8-10 of this act shall not take effect. If SB 111-FN of the 2001 legislative session does not become law, then sections 8 and 9 of this act shall take effect 60 days after the passage of this act and section 10 of this act shall take effect January 1, 2002 and sections 110-112 of this act shall not take effect.

114 Effective Date.

I. Sections 46, 50-59, 63, 71, 72, and 84 of this act shall take effect 60 days after its passage.

II. Sections 34, 35, 38-42, 48, 64, 85, 86 and 113 of this act shall take effect upon its passage.

III. Section 15 of this act shall take effect June 30, 2001.

IV. Sections 8-10 and 110-112 of this act shall take effect as provided in section 113 of this act.

V. Section 18 of this act shall take effect April 1, 2002.

VI. Sections 65 and 66 of this act shall take effect January 1, 2003.

VII. Sections 60-62 of this act shall take effect as provided in section 64.

VIII. Sections 87, 89, 91, 93, 95, 97, 99, 100, 101, and 103-109 of this act shall take effect December 28, 2001.

IX. Sections 88, 90, 92, 94, 96, 98, and 102 of this act shall take effect December 27, 2002.

X. Sections 80-83 of this act shall take effect July 1, 2002.

XI. The remainder of this act shall take effect July 1, 2001.

Adopted.

Adopted.

HB 543-FN, establishing the division of ports and harbors within the Pease development authority and transferring all functions, powers, and duties of the New Hampshire state port authority.

Amendment (1882-EBA)

Amend RSA 99-D:2 as inserted by section 8 of the bill by replacing it with the following:

99-D:2 Defense and Indemnification. If any claim is made or any civil action is commenced against a present or former officer, trustee, official, or employee of the state or any agency thereof, including members of the New Hampshire national guard and any justice of the district, municipal, probate, superior, or supreme court, or the clerks or bail commissioners thereof, or any harbor master appointed by the ~~[New Hampshire port authority]~~ **Pease development authority, division of ports and harbors**, or officials and employees of the New Hampshire housing finance authority, or directors, officers, and employees of the Pease development authority, or directors, officers, and employees of the land and community heritage investment authority seeking equitable relief or claiming damages for the negligent or wrongful acts and the officer, trustee, official, or employee requests the state to provide representation for him or her, and the attorney general, or, in the case of a claim or civil action commenced against the attorney general, the governor and council, determines that the acts complained of were committed by the officer, trustee, official, or employee while acting within the scope of official duty for the state and that such acts were not wanton or reckless, the attorney general shall represent and defend such person with respect to such claim or throughout such action, or shall retain outside counsel to represent or defend such person, and the state shall defray all costs of such representation or defense, to be paid from funds not otherwise appropriated. In such case the state shall also protect, indemnify, and hold harmless such person from any costs, damages, awards, judgments, or settlements arising from the claim or suit. The attorney general or governor and council shall not be required to consider the request of such person that representation be provided for him or her unless within 7 days of the time such person is served with any summons, complaint, process, notice, demand, or pleading the person shall deliver the original or a copy thereof to the attorney general or, in the case of an action against the attorney general, to the governor and council. As a condition to the continued representation by the attorney general and to the obligation of the state to indemnify and hold harmless, such officer, trustee, official, or employee shall cooperate with the attorney general in the defense of such claim or civil action. No property either real or personal of the state of New Hampshire shall be subject to attachment or execution to secure payment of or to satisfy any obligations of the state created under this chapter. Upon the entry of final judgment in any action brought under this chapter, the governor shall draw a warrant for said payment out of any money in the treasury not otherwise appropriated, and said sums are hereby appropriated. The attorney general shall have the authority to settle any claim brought under this chapter by compromise and the amount of any such settlement shall be paid as if the amount were awarded as a judgment under this chapter. Indemnification by the state under this section shall be for the actual amount of costs, damages, awards, judgments, or settlements personally incurred by any such officer, trustee, official, or employee, and the state shall not pay any amounts for which payment is the obligation of any insurance carrier or company under a policy or policies of insurance or any other third party under a similar obligation.
Amend the bill by replacing all after section 21 with the following:

22 Contingent Nullification. If this act becomes law, the provisions of 2001, 48 (HB 727) are null and void.

23 Effective Date.

I. Section 8 of this act shall take effect July 1, 2001 at 12:01 a.m.

II. The remainder of this act shall take effect July 1, 2001.

Adopted.

HB 585, relative to the membership and duties of the council on resources and development.

Amendment (1879-EBA)

Amend the bill by replacing section 3 with the following:

3 New Paragraphs; Expansion of the Responsibilities of the Council on Resources and Development. Amend RSA 162-C:2, VIII and IX to read as follows:

VIII. Provide oversight relative to the statewide public boat access program, work with the public water access advisory board and provide recommendations to the governor and executive council regarding public access; ~~and~~

IX. Complete the annual smart growth report required under RSA 9-B:6;

X. Review and coordinate the distribution of funds by state agencies to local and regional entities to encourage consistency with and provide support for New Hampshire's smart growth policies under RSA 9-B:4;

XI. Review the following actions by state agencies and ensure, in consultation with the long range capital planning and utilization committee established by RSA 17-M:1-3, that these actions are taken into consideration in the long range capital improvement program that is updated every 2 years in conjunction with the capital budget process, and provide recommendations to the governor regarding whether the actions are consistent with New Hampshire's smart growth policies under RSA 9-B:5:

(a) Capital budget requests;

(b) Building operation and maintenance plans; and

(c) Facility location and planning; and

XII. Facilitate coordination of state agencies to support local, regional, and state planning efforts consistent with RSA 9-A:1-4.

Adopted.

HB 604-FN, relative to increasing certain fees and making other changes to fish and game licenses.

Amendment (1881-EBA)

Amend the bill by replacing sections 5 and 6 with the following:

5 Special Deer Permits; Rulemaking; Maximum 2002 Fee. Amend RSA 208:5-b to read as follows:

208:5-b Special Deer Permits. The executive director may issue special deer permits to a person licensed with the applicable license to hunt issued under RSA 214, or RSA 208:5 or 5-a. The executive director shall adopt rules pursuant to RSA 541-A relative to fixing the number and sex limitations for wild deer and any other conditions governing the location, method, and manner of taking as well as the issuance and fee for special deer permits. The executive director may charge a fee not to exceed ~~[\$10]~~ **\$13** for all applications for special deer permits

6 Special Deer Permits; Rulemaking; Maximum 2003 Fee. Amend RSA 208:5-b to read as follows:

208:5-b Special Deer Permits. The executive director may issue special deer permits to a person licensed with the applicable license to hunt issued under RSA 214, or RSA 208:5 or 5-a. The executive director shall adopt rules pursuant to RSA 541-A relative to fixing the number and sex limitations for wild deer and any other conditions governing the location, method, and manner of taking as well as the issuance and fee for special deer permits. The executive director may charge a fee not to exceed ~~[\$13]~~ **\$15** for all applications for special deer permits

Amend the bill by replacing sections 17 and 18 with the following:

17 Hunting; Nonresident; 2002 Fee Increase. Amend RSA 214:9, VI to read as follows:

VI. If the applicant is a nonresident, 16 years of age or older, and wishes to hunt, ~~[\$69.50]~~ **\$91**, and the agent shall thereupon issue a nonresident hunting license which shall entitle the licensee to hunt, shoot, kill and take, except by the use of traps, and to transport wild birds and wild animals under the restrictions of this title.

18 Hunting; Nonresident; 2003 Fee Increase. Amend RSA 214:9, VI to read as follows:
 If the applicant is a nonresident, 16 years of age or older, and wishes to hunt, [~~\$91~~] **\$102**, and the agent shall thereupon issue a nonresident hunting license which shall entitle the licensee to hunt, shoot, kill and take, except by the use of traps, and to transport wild birds and wild animals under the restrictions of this title.
 Adopted.

HB 702, relative to the duties of the committee to study the consumer protection effort in New Hampshire and relative to the membership of the long-term care board.

Amendment (1883-EBA)

Amend the title of the bill by replacing it with the following:

AN ACT relative to the duties of the committee to study the consumer protection effort in New Hampshire, relative to the membership of the long-term care board, and establishing a task force on privacy issues.

Amend section 1 of the bill by replacing line 1 with the following:

I Duties. 2001, 12:3 is repealed and reenacted to read as follows:

Amend section 2 of the bill by replacing line 4 with the following:

II. RSA 126-L:3, I(i), relative to membership of a representative of the New Hampshire
 Amend section 2 of the bill by replacing line 6 with the following:

III. RSA 126-L:3, I(j), relative to membership of a representative of the New Hampshire
 Amend section 4 of the bill by replacing line 3 with the following:

(n) Up to 7 members appointed by the 13 members in subparagraphs (a)-(m).

Adopted.

HB 703, relative to durable powers of attorney.

Amendment (1869-EBA)

Amend the bill by replacing all after section 1 with the following:

2 Powers of Attorney; Limitations on the Agent. Amend RSA 506:7, IV to read as follows:

IV.(a) The court may hold hearings, make orders and decrees, and take other actions that are necessary or proper in making determinations on matters presented by a petition filed under paragraph III.

(b) When a gift or transfer made by an agent is challenged in a petition filed under paragraph III of this section, the gift or transfer shall be presumed to be lawful if the durable power of attorney is accompanied by the disclosure statement and acknowledgement drafted in accordance with RSA 506:6, VI and VII, and explicitly authorizes such gifts or transfers. However, if the petitioner establishes that the agent made a transfer for less than adequate consideration, and the transfer is not explicitly authorized by a durable power of attorney drafted in accordance with RSA 506:6, VI and VII, the agent shall be required to prove by a preponderance of evidence that the transfer was authorized and was not a result of undue influence, fraud, or misrepresentation.

3 Effective Date.

I. Section 2 of this act shall take effect January 1, 2002 at 12:01 a.m.

II. The remainder of this act shall take effect January 1, 2002.

Adopted.

HB 717, establishing a committee to make recommendations on policy concerning state-operated trails and private lands used by all terrain vehicles and trail bikes and relative to increasing the resident and nonresident OHRV registration fees for snow traveling vehicles, and reclassifying certain positions within the department of resources and economic development from unclassified to classified status.

Amendment (1878-EBA)

Amend the title of the bill by replacing it with the following:

AN ACT establishing a committee to make recommendations on policy concerning state-operated trails and private lands used by all terrain vehicles and trail bikes and relative to increasing the resident and nonresident OHRV registration fees for snow traveling vehicles.

Amend the bill by replacing paragraph I of section 5 with the following:

I. Determine whether the state should continue to develop and operate trail systems for ATVs and trail bikes.

Adopted.

SB 118, relative to individual health insurance coverage and extending the reporting date for the healthy kids subcommittee and clarifying the mission statement of the healthy kids corporation. (Amendment printed SJ 6/26/1)

Adopted.

- Chap. 154, **SB 144**, increasing bail commissioners' fees. (Eff. 8/28/01)
- Chap. 155, **SB 165**, relative to the sale, registration, and use of 3-wheeled all-terrain vehicles for off-highway recreational use. (Eff. 6/29/01)
- Chap. 156, **SB 174**, including Martin Luther King, Jr. Civil Rights Day as a holiday for which certain state employees are entitled to holiday pay and relative to employees of the department of youth development services. (Eff. 8/28/01)
- Chap. 157, **SB 190**, dedicating the I-93 causeway at Moore Dam, the Cottage Street Bridge in Littleton, and the Smith Bridge in Plymouth. (Eff. 6/29/01)
- Chap. 158, **HB 170**, relative to state fees, funds, revenues, and expenditures. (Eff. 6/30/01)
- Chap. 159, **HB 135**, creating a commission to study the state's increasing appellate caseload and solutions to the increasing appellate caseload. (Eff. 7/05/01)
- Chap. 160, **HB 140**, relative to interest on judgments. (Eff. 7/05/01)
- Chap. 161, **HB 152**, relative to expanding the legal methods of taking deer. (Eff. 1/01/03)
- Chap. 162, **HB 156**, relative to the detention of juveniles in delinquency proceedings. (Eff. 1/01/02)
- Chap. 163, **HB 160**, establishing a committee to study the issue of one-day/one-trial jurors. (Eff. 7/05/01)
- Chap. 164, **HB 177**, relative to the purchase of a wheelchair van for the veterans' home in Tilton and making an appropriation therefor. (Eff. 7/05/01)
- Chap. 165, **HB 181**, relative to group II retirement system membership for police and corrections officers who become police trainers. (Eff. 7/01/01)
- Chap. 166, **HB 183**, relative to the purchase of certain prior service by county corrections officers in the New Hampshire retirement system. (Eff. 9/03/01)
- Chap. 167, **HB 186**, establishing a pesticides training program. (Eff. 7/01/01)
- Chap. 168, **HB 197**, extending the reporting date of the commission to study methods for reducing violent incidents involving children and guns. (Eff. 7/05/01)
- Chap. 169, **HB 210**, relative to the penalties for persons convicted of subsequent DWI offenses and correcting the ignition interlock program laws. (Eff. 1/01/02)
- Chap. 170, **HB 261**, including the judiciary as a public employer under the public employee labor relations act. (Eff. 1/01/02)
- Chap. 171, **HB 265**, prohibiting the sale of rolling papers to minors. (Eff. 1/01/02)
- Chap. 172, **HB 275**, relative to the expenditure of funds received pursuant to the Workforce Investment Act. (Eff. 9/03/01)
- Chap. 173, **HB 276**, relative to reimbursement of legal fees of supreme court employees who were subpoenaed and incurred legal fees during the impeachment proceedings regarding chief justice David A. Brock and making an appropriation therefor. (Eff. 7/01/01)

- Chap. 174, **HB 296**, relative to receiving stolen property. (Eff. 1/01/02)
- Chap. 175, **HB 302**, relative to an optional retirement allowance for certain spouses upon a retiree's remarriage. (Eff. 9/03/01)
- Chap. 176, **HB 308**, relative to administrative fees added to restitution payments. (Eff. 7/05/01)
- Chap. 177, **HB 326**, relative to the continuation of the New Hampshire task force on deafness and hearing loss and making an appropriation therefor. (Eff. 7/05/01)
- Chap. 178, **HB 387**, relative to the regulation of dentistry by the board of dental examiners. (Eff. 9/03/01)
- Chap. 179, **HB 453**, establishing a 4-year term for the commissioner of the department of corrections. (Eff. 9/03/01)
- Chap. 180, **HB 471**, relative to fish and game licenses issued to resident and nonresident minors and relative to complimentary fishing licenses for legally blind persons. (Eff. 7/01/01)
- Chap. 181, **HB 481**, relative to access to certain communications common carrier records. (Eff. 9/03/01)
- Chap. 182, **HB 493**, exempting certain short term condominium unit owners' association rentals from the New Hampshire real estate practice act. (Eff. 9/03/01)
- Chap. 183, **HB 511**, relative to continuing medical education requirements for physicians. (Eff. 9/03/01)
- Chap. 184, **HB 573**, relative to the role of certain advanced registered nurse practitioners in the state mental health services system. (Eff. 9/03/01)
- Chap. 185, **HB 579**, relative to nominating a political organization by nomination papers. (Eff. 8/18/01)
- Chap. 186, **HB 583**, making certain changes to the underground utility damage prevention system. (Eff. 1/01/02)
- Chap. 187, **HB 596**, relative to the acquisition of land by a town. (Eff. 9/03/01)
- Chap. 188, **HB 648**, authorizing licensing of homeless youth programs. (Eff. 9/03/01)
- Chap. 189, **HB 659**, relative to penalties for attempting to purchase firearms illegally. (Eff. 1/01/02)
- Chap. 190, **HB 684**, relative to the occupational therapy practice act. (Eff. 9/03/01)
- Chap. 191, **HB 698**, relative to verification of checklists. (Eff. 9/03/01)
- Chap. 192, **HB 719**, relative to the removal of public officials for cause. (Eff. 9/03/01)
- Chap. 193, **HB 740**, relative to decommissioning of nuclear electric generating facilities. (Eff. 7/05/01)
- Chap. 194, **HB 753**, relative to exemptions from issuer-dealer licenses for the sale of securities. (Eff. 7/01/01)
- Chap. 195, **SB 63**, relative to administration of estates and filing of wills by executors. (Eff. 1/01/02)
- Chap. 196, **SB 84**, relative to funeral processions. (Eff. 7/05/01)
- Chap. 197, **SB 106**, relative to consumers' cooperative associations. (Eff. 7/03/01)
- Chap. 198, **SB 167**, relative to the medicaid payment for long-term care services. (Eff. 7/05/01)
- Chap. 199, **HB 208**, changing the license requirement for operators collecting the meals and rooms tax and relative to a property tax exemption for the Woman's Club of Concord. (Eff. 7/01/01)
- Chap. 200, **HB 653**, relative to certain signs within highway rights-of-way. (Eff. 9/03/01)
- Chap. 201, **HB 760**, relative to the use of silencing devices for taking game. (Eff. 7/05/01)
- Chap. 202, **HB 25**, making appropriations for capital improvements. (Eff. 6/30/01)
- Chap. 203, **SB 54**, relative to the transfer of funds in the community-technical college system. (Eff. 9/09/01)
- Chap. 204, **SB 76**, requiring attendance in an education and training program by those who obtain a liquor license and relative to applications for one-day liquor licenses. (Eff. 9/09/01)
- Chap. 205, **SB 99**, relative to the extension of time for filing a community benefits plan. (Eff. 7/11/01)
- Chap. 206, **SB 103**, changing the qualification requirements for charitable organizations that conduct bingo or lucky 7. (Eff. 7/11/01)
- Chap. 207, **SB 109**, implementing certain federal regulations relative to setting minimum requirements for employee benefit plan procedures pertaining to the filing of benefit claims, notification of benefit determinations, and appeal of adverse benefit determinations. (Eff. 7/11/01)
- Chap. 208, **SB 149**, changing the definition of "person" with respect to motor vehicle records and certification and permitting certain medical researchers access to motor vehicle records. (Eff. 7/11/01)
- Chap. 209, **SB 152**, relative to the regulation of business practices between motor vehicle manufacturers, distributors, and dealers. (Eff. 1/01/02)

- Chap. 210, **SB 168**, relative to education property tax hardship relief. (Eff. 7/01/01)
- Chap. 211, **SB 170**, making certain changes to the excavation tax and excavation activity tax. (Eff. 4/01/02)
- Chap. 212, **SB 176**, establishing an equipment depository and disabled person's employment fund in the department of administrative services. (Eff. 7/01/01)
- Chap. 213, **SB 184**, relative to review of fees for the removal and impoundment of motor vehicles. (Eff. 1/01/02)
- Chap. 214, **HB 103**, relative to the possession of deadly weapons by convicted felons or during the commission or attempted commission of a violent crime. (Eff. 1/01/02)
- Chap. 215, **HB 202**, relative to the legislative ethics committee. (Eff. 7/11/01)
- Chap. 216, **HB 271**, relative to criminal liability for the conduct of another. ((Eff. 1/01/02)
- Chap. 217, **HB 361**, establishing a committee to study certain policies and procedures in the department of corrections. (Eff. 7/11/01)
- Chap. 218, **HB 374**, relative to surcharges on pay telephone use. (Eff. 7/11/01)
- Chap. 219, **HB 390**, relative to the Live-Birth Infants Protection Act. (Eff. 9/09/01)
- Chap. 220, **HB 402**, relative to the establishment of a state universal service fund. (Eff. 7/01/01)
- Chap. 221, **HB 412**, requiring the public higher education study committee to study the feasibility of granting state franchise rights to providers of on-line education courses. (Eff. 9/09/01)
- Chap. 222, **HB 446**, relative to spousal and child support enforcement. (Eff. 9/09/01)
- Chap. 223, **HB 499**, making state-appointed advisory committees subject to the right-to-know law. (Eff. 1/01/02)
- Chap. 224, **HB 525**, relative to property and casualty insurance. (Eff. 9/09/01)
- Chap. 225, **HB 554**, establishing a division of information technology within the department of safety. (Eff. 7/01/01)
- Chap. 226, **HB 584**, relative to the registration and licensure of OHRV dealers and rental agents. (Eff. 7/01/01)
- Chap. 227, **HB 616**, clarifying sessions to be held at the satellite district court in Durham. (Eff. 9/09/01)
- Chap. 228, **HB 667**, relative to certain reporting requirements and relative to meetings of the board of medicine. (Eff. 9/09/01)
- Chap. 229, **HB 699**, relative to the rights of non-offending parents in the context of abuse and neglect cases. (Eff. 1/01/02)
- Chap. 230, **HB 764**, relative to the criminal offense of kidnapping. (Eff. 1/01/02)
- Chap. 231, **HB 131**, relative to the retention and disposal of certain financial disclosure forms. (Eff. 7/13/01)
- Chap. 232, **HB 288**, relative to the licensure of interpreters for the deaf and hard of hearing. (Eff. 7/01/01)
- Chap. 233, **HB 315**, relative to the registration of criminal offenders. (Eff. 1/01/02)
- Chap. 234, **HB 320**, relative to leasing certain portions of railroad properties and relative to the definition and taxation of amusement railroads. (Eff. 7/13/01)
- Chap. 235, **HB 328**, relative to fees of sheriffs and deputy sheriffs. (Eff. 9/11/01)
- Chap. 236, **HB 332**, relative to resuscitation protocols for emergency medical care providers. (Eff. 9/11/01)
- Chap. 237, **HB 337**, relative to the administration of the public utilities commission, establishing the position of executive director of the public utilities commission, and relative to the position of assistant commissioner of the department of corrections. (Eff. 7/01/01)
- Chap. 238, **HB 357**, relative to periodic payments of judgments. (Eff. 1/01/02)
- Chap. 239, **HB 373**, relative to surety bonds for detective agencies and security services. (Eff. 9/11/01)
- Chap. 240, **HB 405**, establishing a committee to study the creation of an at-home infant child care program in New Hampshire. (Eff. 7/13/01)
- Chap. 241, **HB 408**, relative to the regulation of nursing by the board of nursing. (Eff. 7/01/01)
- Chap. 242, **HB 426**, relative to the voluntary scrapie flock certification program. (Eff. 9/11/01)
- Chap. 243, **HB 444**, relative to mental health services and records. (Eff. 9/11/01)
- Chap. 244, **HB 451**, establishing a commission to study the impact of pay and health care benefits for child care workers on the quality of care and education for children by considering and exploring funding methods for accomplishing any recommendations. (Eff. 7/13/01)
- Chap. 245, **HB 475**, establishing a commission for the development of a statewide protocol for interviewing victims of sexual assault crimes. (Eff. 7/13/01)

- Chap. 246, **HB 509**, establishing a statute of limitations on spousal support orders. (Eff. 1/01/02)
- Chap. 247, **HB 547**, authorizing participation in a regional electronic toll collection system. (Eff. 7/13/01)
- Chap. 248, **HB 578**, relative to requirements for nonpublic utility providers of telephone services and competitive telecommunications providers, and relative to the information technology management advisory board. (Eff. 9/11/01)
- Chap. 249, **HB 585**, relative to the membership and duties of the council on resources and development. (Eff. 9/11/02)
- Chap. 250, **HB 588**, relative to examination of persons called as jurors. (Eff. 1/01/02)
- Chap. 251, **HB 603**, providing the commissioner of administrative services an option to self-fund the state employee health plan and requiring a reserve fund therefor. (Eff. 9/11/01)
- Chap. 252, **HB 604**, relative to increasing certain fees and making other changes to fish and game licenses. (Eff. 1/01/02)
- Chap. 253, **HB 643**, extending the moratorium on new nursing home beds. (Eff. 7/13/01)
- Chap. 254, **HB 652**, relative to the penalties for reckless or negligent operation of a motor vehicle. (Eff. 1/01/02)
- Chap. 255, **HB 676**, establishing a committee to study the creation of a regional program for collection and marketing of certain components of the municipal solid waste stream. (Eff. 7/13/01)
- Chap. 256, **HB 702**, relative to the duties of the committee to study the consumer protection effort in New Hampshire, relative to the membership of the long-term care board, and establishing a task force on privacy issues. (Eff. 7/01/01)
- Chap. 257, **HB 703**, relative to durable powers of attorney. (Eff. 1/01/02)
- Chap. 258, **HB 707**, establishing a 211 commission. (Eff. 7/13/01)
- Chap. 259, **HB 717**, establishing a committee to make recommendations on policy concerning state-operated trails and private lands used by all terrain vehicles and trail bikes and relative to increasing the resident and nonresident OHRV registration fees for snow traveling vehicles. (Eff. 7/01/01)
- Chap. 260, **HB 731**, relative to securities laws, making a change to Article 9 of the Uniform Commercial Code, and relative to standards for records filed with a registry of deeds. (Eff. 7/13/01)
- Chap. 261, **SB 18**, relative to termination of small trusts. (Eff. 1/01/02)
- Chap. 262, **SB 21**, establishing a commission to develop recommendations for legislation to reduce regulatory barriers to and possible incentives for the creation of affordable housing in order to encourage the development of such housing. (Eff. 7/13/01)
- Chap. 263, **SB 51**, relative to financial holding companies, establishing a cash dispensing machines study committee, and relative to the participation in meetings by out-of-state, nondepository trust company directors, and clarifying the status of student loans. (Eff. 7/13/01)
- Chap. 264, **SB III**, extending the payment of group health insurance premiums for certain retired members of the retirement system. (Eff. 7/01/01)
- Chap. 265, **SB 139**, relative to uniform electronic transactions. (Eff. 9/11/01)
- Chap. 266, **SB 192**, relative to the issuance of high/medium voltage licenses by the electricians' board. (Eff. 7/01/01)
- Chap. 267, **SB 197**, establishing a judicial conduct commission. (Eff. 7/01/01)
- Chap. 268, **HB 215**, relative to publication of status of cases before the supreme court. (Eff. 7/01/01)
- Chap. 269, **HB 238**, relative to interstate banking. (Eff. 1/01/02)
- Chap. 270, **HB 240**, requiring the department of health and human services to develop a plan reducing the number of persons awaiting certain services for developmental disabilities. (Eff. 7/16/01)
- Chap. 271, **HB 258**, establishing a task force to conduct an ongoing study of the feasibility of re-establishing the Lawrence, Massachusetts to Manchester, New Hampshire rail service line and the Concord to Lebanon northern passenger rail service line. (Eff. 7/16/01)
- Chap. 272, **HB 259**, relative to holding sessions for correction of checklists. (Eff. 9/14/01)
- Chap. 273, **HB 260**, establishing a commission to examine child care resources for parents who work hours other than first shift. (Eff. 7/16/01)
- Chap. 274, **HB 277**, clarifying the penalties for violations of statutes or ordinances where no penalty is specified. (Eff. 7/16/01)
- Chap. 275, **HB 279**, relative to the payment of certain unfunded accrued liability of the retirement system and making an appropriation therefor; relative to payment of medical benefits costs for group II members of the retirement system; and relative to the election of optional allowances by certain retirement system members granted disability retirement benefits. (Eff. 7/1/01)

- Chap. 276, **SB 41**, relative to technical corrections for life, accident and health insurance. (Eff. 9/14/01)
- Chap. 277, **SB 48**, relative to the rental of shared living facilities. (Eff. 1/01/02)
- Chap. 278, **SB 53**, relative to attorneys' fees in certain circumstances under the workers' compensation law. (Eff. 9/14/01)
- Chap. 279, **SB 74**, relative to providing services under the Child Protection Act. (Eff. 1/01/02)
- Chap. 280, **SB 148**, relative to certain penalties for violations of the youth tobacco laws and establishing a committee to study the feasibility of transferring some of the responsibilities currently held by the commissioner of the department of revenue administration under RSA 78 to the liquor commission. (Eff. 7/16/01)
- Chap. 281, **SB 157**, relative to state government information dissemination and access. (Eff. 9/14/01)
- Chap. 282, **HB 126**, relative to the board of pharmacy and the regulation of pharmacists. (Eff. 7/01/01)
- Chap. 283, **HB 132**, relative to the damage or destruction of an emergency vehicle or emergency services equipment. (Eff. 9/14/01)
- Chap. 284, **HB 256**, limiting the liability of law enforcement agencies and their employees for injuries caused by dogs used in law enforcement work. (Eff. 1/01/02)
- Chap. 285, **HB 274**, banning the residential open burning of trash and relative to a dioxin emissions reduction and control program. (Eff. 7/16/01)
- Chap. 286, **HB 743**, transferring the department of youth development services to the department of health and human services. (Eff. 9/14/01)
- Chap. 287, **HB 354**, extending the kindergarten construction program. (Eff. 7/01/01)
- Chap. 288, **HB 385**, changing the name, membership and duties of the office of volunteerism. (Eff. 9/15/01)
- Chap. 289, **HB 450**, relative to work product and relative to attorneys' fees under the right-to-know law. (Eff. 7/17/01)
- Chap. 290, **HB 543**, establishing the division of ports and harbors within the Pease development authority and transferring all functions, powers, and duties of the New Hampshire state port authority. (Eff. 7/01/01)
- Chap. 291, **HB 649**, relative to compensation for time lost by state employees injured in the line of duty. (Eff. 7/01/01)
- Chap. 292, **HB 726**, relative to change of school assignment and transfers of public school pupils and relative to the voting procedures for authorizing certain capital projects in interstate school districts. (Eff. 7/17/01)
- Chap. 293, **HB 758**, relative to the sale of gasoline containing ethers and establishing a gasoline remediation and elimination of ethers fund. (Eff. 7/01/01)
- Chap. 294, **SB 68**, relative to school district placements of children living in foster homes. (Eff. 9/15/01)
- Chap. 295, **SB 118**, relative to individual health insurance coverage and extending the reporting date for the healthy kids subcommittee and clarifying the mission statement of the healthy kids corporation. (Eff. 7/01/01)
- Chap. 296, **SB 119**, relative to small group health insurance coverage. (Eff. 9/15/01)
- Chap. 297, **SB 193**, relative to changes in the property tax system and making an appropriation therefor. (Eff. 7/17/01)

RECESS

(Rep Stritch in the Chair)

RESOLUTION

Rep. Alukonis offered the following: RESOLVED, that in accordance with the list in the possession of the Clerk, House Bills numbered 1118 through 1153 shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF HOUSE BILLS

First, second reading and referral

HB 1303-FN, prohibiting the wearing of certain facial coverings. (Pepino, Hills 40; Baroody, Hills 42: Criminal Justice and Public Safety)

HB 1304, prohibiting preferences in hiring, promotion, or admission by state agencies, the university system, the regional community-technical colleges, and the postsecondary education commission. (Harrington, Straf 4; Twombly, Straf 16; Mirski, Graf 12; Itse, Rock 11; Marshall Quandt, Rock 20; Boyce, Dist 4: Executive Departments and Administration)

HB 1305-FN, relative to the pollution prevention program. (O'Connell, Hills 13: Environment and Agriculture)

HB 1306-FN-L, increasing the county's portion of fees collected from the real estate transfer tax. (Cloutier, Sull 8; Gilmore, Straf 11; Dokmo, Hills 14: Municipal and County Government)

HB 1307, relative to the Dover-Somersworth-Durham district court. (Heon, Straf 14; Hughes, Straf 14; Snyder, Straf 14; Berube, Straf 14: Judiciary)

HB 1308, relative to checklist corrections on election day. (M. Cooney, Graf 7; Naro, Graf 7: Election Law)

HB 1309, prohibiting arrests for violation-level offenses. (L. Jean, Hills 17; Kurk, Hills 5; Welch, Rock 18; D. White, Hills 25; J. Pratt, Ches 2; Boyce, Dist 4; Fernald, Dist 11; Eaton, Dist 10: Criminal Justice and Public Safety)

HB 1310, relative to the city of Manchester's contributory retirement system. (Buckley, Hills 44; Pepino, Hills 40; Messier, Hills 46; Baroody, Hills 42: Executive Departments and Administration)

HB 1311, relative to expunging certain mental health records. (L. Jean, Hills 17: Judiciary)

HB 1312, establishing a committee to study the needs of the Native American population in New Hampshire. (Power, Rock 13: State-Federal Relations and Veterans Affairs)

HB 1313, relative to spreading sludge on excavation sites for reclamation. (Melcher, Hills 11; Babson, Carr 5; B. Williams, Graf 8; O'Connell, Hills 13: Environment and Agriculture)

HB 1314, requiring candidates for speaker of the house of representatives to file certain reports and register as political committees. (DiFruscia, Rock 27; Corbin, Rock 9; Weyler, Rock 18; Vaillancourt, Hills 44; Phinizy, Sull 7: Legislative Administration)

HB 1315, relative to requiring revaluation of property. (DiFruscia, Rock 27; Phinizy, Sull 7; Bruno, Hills 4: Municipal and County Government)

HB 1316, eliminating the application of the rule against perpetuities in certain trusts which contain safeguards relative to the continued alienability of property. (Moran, Hills 15; Goulet, Hills 15; Roberge, Dist 9: Judiciary)

HB 1317-FN-A-L, targeting aid for education to certain school districts. (Hess, Merr 11; Kurk, Hills 5; Ward, Graf 1: Ways and Means)

HB 1318, relative to the regulation of the use of pharmaceutical agents by licensed optometrists. (Micklon, Rock 26; Holland, Rock 26; Giordano, Rock 26; Downing, Rock 26; Clegg, Hills 23; Johnson, Dist 3; Disnard, Dist 8; Gordon, Dist 2: Executive Departments and Administration)

HB 1319-FN-A-L, establishing the New Hampshire electronic gaming commission, creating New Hampshire electronic gaming districts, and authorizing the licensing and use of electronic gaming machines and equipment. (Micklon, Rock 26; Holland, Rock 26; P. Katsakiores, Rock 13: Ways and Means)

HB 1320, establishing a committee to study establishing enterprise zones in economically deprived communities. (J. Hutchinson, Merr 15; M. Fuller Clark, Rock 36; Gonzalez, Hills 48; MacKay, Merr 24: Municipal and County Government)

HB 1321-L, permitting municipalities to reimburse persons who assist applicants in obtaining social security benefits. (Elliott, Hills 2: Municipal and County Government)

HB 1322, requiring a super majority vote for adoption of certain tax legislation. (Weyler, Rock 18; Harrington, Straf 4; Boyce, Dist 4: Ways and Means)

HB 1323, establishing a committee to study performance-based public salaries. (Weyler, Rock 18: Executive Departments and Administration)

HB 1324-FN, requiring that budget requests made by the state government be limited by inflationary and population growth indices. (Weyler, Rock 18; Marshall Quandt, Rock 20; Rogers Johnson, Rock 25; Major, Rock 16; Harrington, Straf 4; Giuda, Graf. 3; Boyce, Dist 4: Finance)

HB 1325, prohibiting payroll deductions by public employers for political activities and prohibiting coercive actions against public employees to obtain political contributions. (Weyler, Rock 18: Labor, Industrial and Rehabilitative Services)

HB 1326, establishing a committee to study the veterinary/medical education loan program and the veterinary/medical/optometric loan program. (Weyler, Rock 18; Thulander, Hills 6; Johnson, Dist 3: Education)

HB 1327, establishing a committee to study the recodification of railroad statutes in New Hampshire. (G. Katsakiores, Rock 13; Whittemore, Merr 13; Nowe, Rock 3; J. Flanders, Rock 18; P. Cote, Hills 32; Prescott, Dist 19: Transportation)

HB 1328, establishing a committee to define "instructional hour" and "instructional time" for the purposes of primary and secondary education. (Sullivan, Carr 2; Alger, Graf 9; Sova, Graf 11: Education)

HB 1329-FN, relative to fiscal notes. (Sullivan, Carr 2; Sapareto, Rock 13; Weyler, Rock 18; Balboni, Hills 27: Legislative Administration)

HB 1330-FN, requiring state agencies to respond to fiscal note requests in a timely manner. (Sullivan, Carr 2; Giuda, Graf 3; Rogers Johnson, Rock 25; Sapareto, Rock 13; Weyler, Rock 13; Roberge, Dist 9: Finance)

HB 1331, requiring that the effect on revenues, expenditures, and fiscal liability be included in the reports of house standing committees. (Sullivan, Carr 2; Sapareto, Rock 13; Weyler, Rock 18; J. Hutchinson, Merr 15; Rogers Johnson, Rock 25: Legislative Administration)

HB 1332-FN-A, requiring an audit of New Hampshire housing finance authority programs and making an appropriation therefor. (Sullivan, Carr 2; Balboni, Hills 27; Weyler, Rock 18; Marshall Quandt, Rock 20; Gilman, Graf 1; Boyce, Dist 4; Roberge, Dist 9: Commerce)

HB 1333, establishing a committee to study the definition of an adequate education. (Sullivan, Carr 2; Sova, Graf 11; Boyce, Dist 4: Education)

HB 1334-FN, relative to a certain highway project in Brookfield, New Hampshire. (J. Bradley, Carr 8; Kenney, Carr 6; Johnson, Dist 3: Public Works and Highways)

HB 1335, excluding the services of a broker-dealer agent from the definition of employment for unemployment compensation purposes. (L. Fraser, Merr 9: Labor, Industrial and Rehabilitative Services)

HB 1336-FN, permitting wine manufacturers to maintain restaurants or catering facilities. (Avery, Ches 8: Commerce)

HB 1337, establishing a study committee to review and determine steps to fully implement the infant deafness program. (Burnham, Ches 8; MacKay, Merr 24; Millham, Belk 4; Pilliod, Belk 3; Manning, Ches 9; McCarley, Dist 6; O'Hearn, Dist 12: Health, Human Services and Elderly Affairs)

HB 1338, clarifying that the judicial council is responsible for payment of indigent defense expenses. (Mock, Carr 3: Judiciary)

HB 1339, relative to the offices of forest fire warden and deputy forest fire warden. (Shaw, Hills 45; Baroody, Hills 42: Municipal and County Government)

RECESS

(Rep. Bruno in the Chair)

RESOLUTION

Rep. Dyer offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bills numbered 1340 through 1349 and 1351 through 1382, House Concurrent Resolution numbered 27 and Constitutional Amendment Concurrent Resolution numbered 32 shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF HOUSE BILLS and HCR, CACR

First, second reading and referral

HB 1340, establishing a committee to study the feasibility of computerizing and consolidating demographic information. (Lent, Straf 8; M. Fuller Clark, Rock 36: Science, Technology and Energy)

HB 1341, relative to permissible uses of education property tax revenues. (Henderson, Rock 20: Ways and Means)

HB 1342, relative to preparation of fiscal notes. (Clegg, Hills 23; Gilman, Graf 1; Francoeur, Dist 14: Legislative Administration)

HB 1343, relative to processing excavating and dredging permits. (Phinizy, Sull 7; Camm, Rock 17: Resources, Recreation and Development)

HB 1344-L, establishing a village plan alternative in zoning and land use planning laws. (Mirski, Graf 12: Municipal and County Government)

- HB 1345**, relative to sex education instruction in public schools. (Palermo, Rock 21; McHugh, Hills 26; Souza, Hills 40: Education)
- HB 1346**, relative to participation in certain health education programs. (Palermo, Rock 21; Arndt, Rock 27: Education)
- HB 1347-FN**, authorizing the department of health and human services to intercept insurance payments if there is unpaid child support. (Emerton, Hills 7: Children and Family Law)
- HB 1348**, clarifying the law regarding title-exempted vehicles. (Artz, Hills 34; Kennedy, Merr 7; O'Hearn, Dist 12: Transportation)
- HB 1349-FN-A**, establishing a New Hampshire power authority. (Gilmore, Straf 11; D. White, Hills 25: Science, Technology and Energy)
- HB 1351-FN**, granting group II retirement system status to certain positions in the department of corrections. (Dyer, Hills 8; Emerton, Hills 7; Flanders, Dist 7: Executive Departments and Administration)
- HB 1352-FN-L**, relative to establishing a hazardous duty classification in the length of service awards program. (Dyer, Hills 8; C. Hall, Hills 8: Municipal and County Government)
- HB 1353-FN-A-L**, relative to video lottery at the racetracks. (Dickinson, Carr 2; Baroody, Hills 42; Belanger, Rock 26; Lessard, Hills 23; Thomas, Belk 3; Cooney, Rock 26; Roberts, Ches 4: Ways and Means)
- HB 1354-FN**, licensing body art practitioners. (Dickinson, Carr 2; Cossette, Straf 19; Millham, Belk 4; Seldin, Merr 17: Executive Departments and Administration)
- HB 1355-FN-L**, relative to merging unincorporated places with abutting municipalities in Coos county. (Guay, Coos 6; Rozek, Coos 7; Gallus, Coos 7: Municipal and County Government)
- HB 1356-FN**, establishing the criminal offense of felony pursuit. (Stone, Rock 7; Barnes, Dist 17; Pignatelli, Dist 13: Criminal Justice and Public Safety)
- HB 1357-FN**, relative to the form of drivers' licenses. (Dickinson, Carr 2: Transportation)
- HB 1358-FN-L**, relative to valuation of property for purposes of assessing the education property tax. (Cox, Rock 24; Langley, Rock 24: Ways and Means)
- HB 1359-FN**, establishing a department of financial services. (Elliott, Hills 2; Sargent, Hills 3; K. Dionne, Hills 1: Executive Departments and Administration)
- HB 1360-FN**, relative to appointments and qualifications of marital masters and procedures for cases heard by marital masters. (Elliott, Hills 2; Sargent, Hills 3; K. Dionne, Hills 1: Judiciary)
- HB 1361-FN**, relative to the regulation of business practices between off highway recreational vehicle manufacturers, distributors, and dealers. (R. Letourneau, Rock 13; R. L'Heureux, Hills 18; Johnson, Dist 3: Commerce)
- HB 1362-FN-A**, establishing a state-owned casino to provide funds for public education. (K. Hutchinson, Rock 29; DiFruscia, Rock 27: Ways and Means)
- HB 1363-FN-L**, requiring the state to reimburse counties for the costs of incarcerating certain prisoners. (Cloutier, Sull 8; Gilmore, Straf 11; Dokmo, Hills 14: Criminal Justice and Public Safety)
- HB 1364-FN**, requiring an accounting of dedicated funds in the budgetary process. (Almy, Graf 14; J. Gilbert, Rock 25: Finance)
- HB 1365-FN**, requiring that the county departments of correction be charged the medicaid or lowest rate for inmates who need medical services within the community. (Odell, Sull 5; Phinizy, Sull 7; Jones, Sull 3; Prescott, Dist 19: Criminal Justice and Public Safety)
- HB 1366-FN**, establishing a state employee cost-saving award program. (McHugh, Hills 26; Moran, Hills 15; Power, Rock 13; Arnold; Hills 20; Boyce, Dist 4; O'Hearn, Dist 12: Executive Departments and Administration)
- HB 1367-FN**, relative to the childhood lead poisoning prevention program. (Millham, Belk 4; Pilliod, Belk 3; French, Merr 3: Health, Human Services and Elderly Affairs)
- HB 1368-FN**, adopting the Federal Rules of Civil Procedure and the Federal Rules of Criminal Procedure as law. (DiFruscia, Rock 27; Phinizy, Sull 7; Soltani, Merr 10: Judiciary)
- HB 1369-FN-L**, requiring cities and towns to complete valuations of property and relative to the implementation of education property tax hardship relief provisions. (DiFruscia, Rock 27; Phinizy, Sull 7: Municipal and County Government)
- HB 1370**, relative to establishing a 6-year capital budget. (Leber, Merr 1; Weyler, Rock 18; Cloutier, Sull 8; E. Smith, Ches 6; Morse, Rock 28; Eaton, Dist 10; Flanders, Dist 7; Gordon, Dist 2: Public Works and Highways)

HB 1371-FN-A-L, relative to state aid for provision of an adequate education, and for additional local education tax relief. (V. Clark, Rock 17: Education)

HB 1372-FN, relative to certain residential care facilities. (Millham, Belk 4; Sargent, Hills 3; Case, Rock 2; Batula, Hills 18: Health, Human Services and Elderly Affairs)

HB 1373-FN, relative to the participation in the New Hampshire retirement system by certain school district employees. (Dexter, Ches 11: Executive Departments and Administration)

HB 1374-FN, requiring the department of environmental services to bear certain clean-up costs. (Gilman, Graf 1: Environment and Agriculture)

HB 1375-FN, relative to the sale of land by the department of transportation. (Gilman, Graf 1: Public Works and Highways)

HB 1376-FN, relative to distribution of tobacco settlement funds. (Pilliod, Belk 3; Burnham, Ches 8; Emerton, Hills 7; Millham, Belk 4; Wheeler, Dist 21: Finance)

HB 1377-FN, relative to the regulation of physical therapists. (Bruno, Hills 4: Executive Departments and Administration)

HB 1378-FN-A, establishing a sunset review process for executive agency and judicial programs and making an appropriation therefor. (Mirski, Graf 12; Sova, Graf 11: Executive Departments and Administration)

HB 1379-FN, affirming the state's sovereignty and revising the state's labor laws application to elected and appointed officials. (L. Christiansen, Hills 23: Judiciary)

HB 1380-FN, relative to parental consent for abortions performed on children less than 16 years of age. (Souza, Hills 40; Drabinowicz, Hills 36; Boyce, Belk 5; Pepino, Hills 40; Hopper, Hills 5; Martin, Hills 34; Martel, Hills 45; Gilman, Graf 1; Gonzalez, Hills 48; Barnes, Dist 17; Roberge, Dist 9; Boyce, Dist 4: Judiciary)

HB 1381-FN-A, requiring licensing of public bathing facilities and of the operators, designers, and installers of public bathing facilities. (French, Merr 3; R. Cooney, Rock 26; Johnson, Dist 3: Executive Departments and Administration)

HB 1382-FN, revising requirements for restoring excavation sites. (B. Hall, Hills 20: Environment and Agriculture)

HCR 27, urging Congress to release information to the public regarding restrictions placed on Italian-American citizens of the United States during World War II. (Pepino, Hills 40; DiFruscia, Rock 27; Giordano, Rock 26; Sapareto, Rock 13; Soltani, Merr 10; Bruno, Hills 4; D'Allesandro, Dist 20: State-Federal Relations and Veterans Affairs)

CACR 32, relating to the number of members of the senate and senatorial districts. Providing that the senate shall consist of 30 members with 3 elected at large from each district and that senate districts shall conform to county boundaries. (Phinizy, Sull 7; Dickinson, Carr 2; Gallus, Coos 7: Election Law)

RECESS

(Speaker Chandler in the Chair)

COMMITTEE ASSIGNMENTS

Rep. Dudley Daniels Dumaine on Municipal and County Government.

Rep. David M. Dionne on Transportation.

Rep. Robert E. Murphy on Fish and Game.

Rep. Kimberly Dionne off Municipal and County Government; on State-Federal Relations and Veterans Affairs.

Rep. Frank Guinta, off State-Federal Relations and Veterans Affairs; on Municipal and County Government.

Rep. Scanlan moved that the House adjourn.

Adopted.

HOUSE JOURNAL No. 23

Wednesday, December 12, 2001

The House assembled at 10:00 a.m. and was called to order by the Speaker.

Her Excellency, Governor Jeanne Shaheen, joined the Speaker on the rostrum for the day's opening ceremonies.

Prayer was offered by House Chaplain, The Reverend Hays M. Junkin, Rector of Saint Andrews Episcopal Church in Hopkinton.

Blessed Creator, we gather this morning to carry on the legislative work of our beloved New Hampshire. We are deeply mindful that at this moment there are men and women of our state and nation in harm's way seeking to defend the freedom of our country and bring to justice those who attacked us on September 11th. We earnestly ask Your blessing and protection of our armed forces, our allies, and the men and women of our police and fire services who risk their lives daily for our protection. May the work done in this House today be guided by the increasing light of Your compassion and may all we do uphold and protect peace, liberty and justice for all. Amen.

Rep. William Leber led the Pledge of Allegiance.

Nashua High School students Keyser Bezerra, Kristie Upschulte, Anna Wendel and John Woelflein sang our National Anthem and led the House in singing "God Bless America."

LEAVES OF ABSENCE

Reps. Chabot, Ford, Lyman, Pilliod, Whittemore and Yeaton, the day, illness.

Reps. Julie Brown, Christopher Christensen, Dokmo, Dunlap, Konys, Mears, O'Connell, Palermo, Marsha Pelletier, Teschner and Weyler, the day, important business.

Rep. Flint, the day, illness in the family.

INTRODUCTION OF GUESTS

Nick and Maria Tsiros, guests of Rep. Tsiros. 11th and 12th grade Government Class from Trinity Christian Academy, guests of Rep. Rodeschin. Jane and Jeffrey Higgins, guests of Rep. Rabideau. Former Representative Henry Sullivan, guest of Rep. Gerald McCarthy. Albert Sorensen III, guest of Rep. Ham. Anneka Benn, daughter of Rep. Benn. Former Representative Robert Dodge, guest of Reps. Case and Nowe. Phobe Ramos, guest of Rep. Salts. Former Representative Shirley Elliott, mother of Reps. Kimberly Dionne and Elliott. Jim Carew, guest of Rep. Sargent and Elliott. Paul Walker, guest of Rep. Balboni. Denise Herman, Cris and Molly Hewitt, guests of Rep. Thompson. Tammy, Nicholas and Julie Lajoie, daughter and grandchildren of Rep. DiFruscia.

SPECIAL GUESTS

Personnel from the Division of Administrative Services responsible for the recent repair work at the Upham Walker House were recognized by the House: Michael Conner, Administrator, Bureau of General Services, Spencer Avery, Bill Charron, Thomas Kennedy, Robert Killilea, William Lawrence, Dennis Barnard, George Relf, Philip Gagnon, Bob Rose, Matt Savoy, Mark Wojtkiewica, Shawn Violette and Bill Hubbard.

COMMUNICATIONS

June 12, 2001

Gene G. Chandler, Speaker of the House

It is with great regret that I must inform you of my pending resignation from the House of Representatives. I currently represent the people of District 42 (Manchester's Ward 6). Later this summer my family and I will be moving into our new home, which is not located in the district. Effective August 1, 2001, I will no longer be able to represent District 42. I would like to thank everyone at the State House who has made this truly a wonderful learning experience. Hopefully in the future, I may find myself lucky enough to have the opportunity to serve again. Thank you.

Jeffrey S. Duval, Hills 42

The Speaker accepted the resignation with regret.

August 12, 2001

Gene G. Chandler, Speaker of the House

It is with deep regret that I submit to you my resignation from the New Hampshire House of Representatives. I have moved from my primary residence in Hampton to Fremont. As I walk away from my position in the New Hampshire Legislature, I do so with my head held high. Serving the people of Hampton and Hampton Falls was an honor I will hold forever. May God bless you and the Honorable House.

Ralph F. Woekel, Rock 22

The Speaker accepted the resignation with regret.

October 14, 2001

Gene G. Chandler, Speaker of the House

Please be advised that I shall no longer be a resident of Rockingham District 4 as of November 1, 2001. I, therefore, submit my resignation for the House of Representatives effective October 31, 2001.

Robert K. Dodge, Rock 4

The Speaker accepted the resignation with regret.

FURTHER COMMUNICATIONS

August 22, 2001

Karen O. Wadsworth, Clerk of the House

Please be advised that the following representative-elect was sworn into office by the Governor and Executive Council on this day:

Rockingham 29, Dudley Daniels Dumaine, r, Londonderry (7 Homestead Lane) 03053

William M. Gardner, Secretary of State

October 10, 2001

Karen O. Wadsworth, Clerk of the House

William M. Gardner, Secretary of State

October 24, 2001

Karen O. Wadsworth, Clerk of the House

Please be advised that the following representative-elect was sworn into office by the Governor and Executive Council on this day:

Hillsborough 42, Robert E. Murphy, d, Manchester (331 Medford Street) 03109

Cheshire 15, Pamela Russell Slack, d, Keene (260 Beaver Street) 03431

William M. Gardner, Secretary of State

November 21, 2001

Karen O. Wadsworth, Clerk of the House

Please be advised that the following representative-elect was sworn into office by the Governor and Executive Council on this day:

Hillsborough 39, Peter M. Sullivan, d, Manchester (PO Box 1412) 03105

William M. Gardner, Secretary of State

December 5, 2001

Karen O. Wadsworth, Clerk of the House

Please be advised that the following representative-elect was sworn into office by the Governor and Executive Council on this day:

Rockingham 22, Michael O'Neil, Hampton (PO Box 88) 03842

William M. Gardner, Secretary of State

The House of Representatives offered the following:

HOUSE RESOLUTION NO. 14

Memorializing State Representative David G. Poulin of Penacook

WHEREAS, we have learned with great sorrow of the death of our friend and colleague, David G. Poulin, who was serving his second term as a dedicated member of the House of Representatives from Merrimack County District 14; and

WHEREAS, David G. Poulin served with distinction for two terms as a valued and respected member of the Standing Committee on Executive Departments and Administration; and

WHEREAS, having been born in Manchester, New Hampshire, David G. Poulin chose to remain in his native State, living for many years in Manchester before settling in the village of Penacook, a community he represented for ten years on the Concord City Council; and

WHEREAS, having been possessed of high energy and abundant civic pride, David G. Poulin also served the citizenry of Penacook as the founder of the Contoocook River Festival, a member of the Board of Directors of the Penacook Community Center, and on the Economic Development Advisory Committee; and

WHEREAS, David G. Poulin was a well known fixture at the Szechuan Gardens restaurant and was also well known as the owner of a white Ford Galaxy convertible that was frequently filled with his beloved friends, antiques, or even with people who, by their own admission, fit both descriptions; and

WHEREAS, David G. Poulin proudly served as a member of the New Hampshire National Guard from 1963 through 1969; now, therefore, be it

RESOLVED, by the House of Representatives in Regular Session convened, that David G. Poulin be saluted and granted the highest accolades for his outstanding and dedicated service to his community and state, and be it further

RESOLVED, that expressions of heartfelt sympathy be extended to his family and all who loved him, and that a copy of this Resolution be prepared for presentation to his family.
Unanimously adopted by a rising vote.

Without objection, the Speaker moved that the remarks of Rep. Marilyn Fraser be entered into the Permanent Journal.

REMARKS

Rep. Fraser: Thank you, Mr. Speaker and fine honorable House members. Today I ask you to remember fellow House member David Poulin, "Dave" as we all called him. Dave left us very suddenly and unexpectedly a month ago, and since his passing he has been terribly missed by all. There seems to be such a void left without his earthly presence.

Rather than be saddened by his absence here in this chamber and on his committee, I would like to celebrate his too short of a life by sharing with you the "typical Dave." Dave represented Ward 1 in Concord, which is called Penacook, as a State Representative and a City Councilor. He was specifically known for his passion for Penacook, its people and the vitality of the community. He was the consummate public official in that he was always available at any time to deal with a constituent's question or need. He was the eyes and ears of this community and pursued all avenues to raise the level of safety, fairness, community and economic development. He brought people together to solve problems and reach compromise. It would be almost impossible to iterate all his accomplishments in his tenure of ten years on the Concord City Council.

Dave entered state politics with the same gusto and fervor that he did city government. His quest for fairness, bi-partisanship and hard work never wavered. His winning personality and calm demeanor did not diminish his determination for what he believed was the right thing to do. We have lost a valued member of this House, but we have gained the privilege of just having known him. Thank you.

GOVERNOR'S VETO MESSAGE ON HB 201

July 5, 2001

To the Honorable Members of the General Court:

By the authority vested in me as Governor of New Hampshire, pursuant to Part II, Article 44 of the Constitution of New Hampshire, I have this day vetoed House Bill 201, an Act relative to voters presenting identification to obtain a ballot.

The right to vote is the bedrock of our democracy. For over 200 years, the United States has transferred political power, not through violence, but through the peaceful use of the ballot box. Our forefathers died at Bunker Hill and Lexington and Concord to obtain this right; tens of thousands more have died in wars to protect our democracy. We must respect their memory by protecting the right of all of our citizens to vote.

New Hampshire is a leader in promoting the right to vote. Our same day registration laws permit every eligible citizen to vote with ease. Our ballots are simple to read, and easy to count. We should be proud of New Hampshire's efforts to encourage voting.

While the proponents of H.B. 201 say the purpose of this legislation is to protect our elections from fraud, there is no evidence that voter fraud is a problem in New Hampshire. That is, in large part, because our laws already provide protection from voter fraud. Our statutory requirement that the checklists be purged on a regular basis prevents "graveyard" voting. Our laws also permit any voter to challenge the identity and eligibility of any other voter, with any so challenged voter required to sign an affidavit under penalty of perjury before being permitted to vote.

H.B. 201 would have the effect of discouraging eligible voters from exercising their right to vote. Not all voters have drivers' licenses or passports. Under H.B. 201, if a voter either has no photo identification or forgets his or her wallet at home, and therefore has no photo identification to present, the ballot clerk must notify the voter of the affidavit provisions of the "challenge" statute, RSA 659: 27. That could be intimidating to many voters, particularly senior citizens, who have voted all their lives without being required to show photo identification. Moreover, no discretion is given to the ballot clerk under H.B. 201. No matter how well the ballot clerk knows the voter, he or she must still follow all the procedures laid out in H.B. 201. This would potentially cause lengthy delays for all voters.

Another problem with H.B. 201 is that it would create a system where there will be a lack of uniformity in voting procedures among our municipalities. Under H.B. 201 towns and cities must vote to adopt the photographic identification requirement. As a result, a voter in Londonderry might be required to show photo identification, while a voter in Derry would not. This lack of uniformity in voting procedures can lead to confusion among both voters and election officials.

On June 28, 2001 I signed into law Senate Bill 19, which establishes a committee to study the prevention of voter fraud. It would be premature to enact H.B. 201 while a legislative study of voter fraud laws is underway.

Almost one-third of all registered voters in New Hampshire did not vote in the November 2000 general election, an election where we were choosing the next President of the United States. While New Hampshire's voter turnout percentage compares well with the rest of the country, it is troubling that one-third of our voters last year did not exercise their franchise. Rather than erecting new barriers to voting, lawmakers should instead investigate why so many of our fellow citizens do not vote and develop public policy to encourage every eligible citizen to exercise this precious and fundamental right.

For all of the above reasons, and mindful that 225 years ago yesterday, our Founding Fathers approved the Declaration of Independence, putting their lives and property at risk for the sake of representative democracy, I am today vetoing House Bill 201.

Jeanne Shaheen, Governor

The question being, notwithstanding the Governor's veto, shall **HB 201**, relative to voters presenting identification to obtain a ballot, become law?

Reps. Arndt and Clegg spoke in favor.

Reps. John Pratt, Clemons and Buckley spoke against.

As required by the State Constitution, a roll call was taken.

GOVERNOR'S VETO MESSAGE ON HB 399

July 5, 2001

To the Honorable Members of the General Court:

By the authority vested in me as Governor of New Hampshire, pursuant to Part II, Article 44 of the Constitution of New Hampshire, I have this day vetoed House Bill 399, an Act relative to proof of qualifications for voter registration.

In order to be eligible to vote in New Hampshire, one must be a citizen of the United States, be 18 years of age or older, and be domiciled where he or she intends to vote. Under current New Hampshire law, supervisors of the checklist and town or city clerks may ask an applicant to provide proof of citizenship, age and domicile. If House Bill 399 became law, voting registration officials would be required to demand this proof.

I am vetoing H.B. 399 for the same reasons that I vetoed H.B. 201 today. The right to vote is a fundamental right. Restrictions should be placed on that right if, and only if, there is a compelling need. H.B. 399 does not meet that test. There is no evidence that voting fraud is a problem in New Hampshire, and it makes no sense to enact additional barriers to voting in the absence of such evidence. At the same time the legislature was passing H.B. 399 and H.B. 201, the legislature acknowledged the need for further study of this issue. On June 28, 2001 I signed into law Senate Bill 19, which establishes a committee to study the prevention of voter fraud. At the very least, it would be premature to enact H.B. 399 while a legislative study of voter fraud laws is underway. As I stated in my veto message for H.B. 201, while New Hampshire's voter turnout percentage compares well with the rest of the country, it is troubling that last year one-third of our registered voters did not exercise their franchise. Rather than erecting new barriers to voting, lawmakers should instead investigate why so many of our fellow citizens do not vote and develop public policy to encourage every eligible citizen to exercise this precious and fundamental right.

For all of the above reasons, and mindful that 225 years ago yesterday, our Founding Fathers approved the Declaration of Independence, putting their lives and property at risk for the sake of representative democracy, I am today vetoing House Bill 399.

Jeanne Shaheen, Governor

The question being, notwithstanding the Governor's veto, shall **HB 399**, relative to proof of qualifications for voter registration, become law?

Reps. Weatherspoon, and Panagopoulos spoke against.

Reps. Bragdon, Vaillancourt, Kennedy and Clegg spoke in favor.

As required by the State Constitution, a roll call was taken.

GOVERNOR'S VETO MESSAGE ON HB 503

July 5, 2001

To the Honorable Members of the General Court:

By the authority vested in me as Governor of New Hampshire, pursuant to Part II, Article 44 of the Constitution of New Hampshire, I have this day vetoed House Bill 503, an Act relative to incompatible offices.

H.B. 503 would prohibit a New Hampshire citizen from simultaneously seeking election to the New Hampshire House of Representatives and to any federal office. In an era when many seats for the New Hampshire House go uncontested, H.B. 503 makes no sense. In the 2000 general election, there was no Republican candidate for 54 House seats and no Democratic candidate for 112 House seats. Given the great number of House seats that are uncontested, the legislature should be considering ways to attract more candidates for the House, not ways to prevent willing candidates from running.

Current New Hampshire law expressly contemplates the possibility of a citizen being elected to two incompatible offices and provides an orderly process for resolution. Pursuant to RSA 659:85, "If... any person shall have received the largest number of votes for 2 or more incompatible offices, the secretary of state shall notify the candidate of that fact. Thereupon, the candidate shall, within 10 days, notify the secretary of state of which office he intends to accept. The secretary of state shall then declare that person elected to that office and declare vacant the other offices for which the person received a sufficient number of votes to win. Such a vacancy shall be filled as provided by RSA 661."

In addition, voters have the ultimate power in this situation. If New Hampshire voters are troubled by a citizen running simultaneously for both a state and federal office, voters can manifest their displeasure with such a candidate at the ballot box.

Jeanne Shaheen, Governor

The question being, notwithstanding the Governor's veto, shall **HB 503**, relative to incompatible offices, become law?

As required by the State Constitution, a roll call was taken.

GOVERNOR'S VETO MESSAGE ON HB 723

July 13, 2001

To the Honorable Members of the General Court:

By the authority vested in me as Governor of New Hampshire, pursuant to Part II, Article 44 of the Constitution of New Hampshire, I have this day vetoed House Bill 723, an Act relative to vacancies in county offices.

Under current law, RSA 661:9, when there is a vacancy in the office of county sheriff, county attorney, register of deeds, or county commissioner, the superior court fills the vacancy for the unexpired term.

H.B. 723 would take the responsibility for filling these county vacancies away from the superior court and turn it over it to the members of the county legislative delegation. In addition, H.B. 723 requires that "[t]he person elected to fill the vacancy shall be a member of the same party as the person vacating the office."

While I am unaware of any suggestion that the court system has not carried out its responsibilities under RSA 661:9 in any but a professional and competent way, there may be some merit in having vacancies in county offices addressed in a different manner.

Unfortunately, H.B. 723 makes partisan party affiliation the one legally required criteria of eligibility for filling a vacant county office. Requiring that the replacement be a member of the same political party as the person vacating the office is insulting to the voters of New Hampshire. In New Hampshire, our citizens have a long and proud tradition of first considering the candidate, rather than the party, when it comes to voting. To honor the New Hampshire way of doing things, qualifications and merit, not party affiliation, should be the foundation for the selection of any replacement for an elected official. However, H.B. 723 instead makes party affiliation the determining characteristic.

In addition, I question whether having legislators choose the person filling a vacancy in a county office is the best policy. I am unaware of any other vacancy in elective office being so filled under New Hampshire law.

For these reasons, I am vetoing H.B. 723.

Jeanne Shaheen, Governor

The question being, notwithstanding the Governor's veto, shall **HB 723**, relative to vacancies in county offices, become law?

As required by the State Constitution, a roll call was taken.

GOVERNOR'S VETO MESSAGE ON HB 738

July 12, 2001

To the Honorable Members of the General Court:

By the authority vested in me as Governor of New Hampshire, pursuant to Part II, Article 44 of the Constitution of New Hampshire, I have this day vetoed House Bill 738, an Act establishing a commission to assess the operating efficiency of state government.

While its goals are laudable, I am vetoing H.B. 738 because it is flawed in its crafting and violates the separation of powers provisions of our State constitution.

H.B. 738 gives unfettered power over the Executive Branch of State government to a commission chosen solely by the Speaker of the House and Senate President. Paragraph III of H.B. 738 reads as follows:

The commission shall have full power and authority to require from the several state departments, agencies and officials of the state such information and assistance as it may deem necessary.

That means, if this legislation became law, the commission members could demand access, for example, to confidential draft bidding information, tax records and personnel files. While giving commission members unlimited access to confidential information, H.B. 738 fails to provide any protections for confidential records and fails to prohibit the use of internal information to gain an unfair business advantage. It is unimaginable that the Legislature truly intended this result, but that is exactly what H.B. 738, as drafted, allows.

In addition, giving the commission members, chosen solely by two members of the Legislative Branch, "full power and authority" to require the Executive branch to provide whatever assistance the commission members request violates part II, article 41 and part I, article 37 of the New Hampshire Constitution. While members of the Legislature, if they so chose, could authorize the Speaker of the House and Senate President to appoint a commission with the unfettered power to require legislators and legislative employees to provide whatever assistance that commission requests, the Legislature cannot require the same of the Executive Branch under the New Hampshire Constitution.

Objections to Paragraph III of H.B. 738 were raised on the floor of the State Senate, causing the bill to be recommitted briefly. Unfortunately, when the legislation returned to the floor, this language remained in H.B. 738.

Moreover, it is simply unreasonable to expect that a 10-person volunteer commission will be able to perform a full operation audit of 350 agencies, boards and commissions in the time allotted by this legislation.

Improving the efficiency of State government has been a continuous and daily goal of my administration.

My administration has instituted a number of initiatives to improve the efficiency of state government. The Tri-State Prescription Drug Program, a product of the summit I called with Vermont Governor Howard Dean and Maine Governor Angus King, is projected to save New Hampshire taxpayers \$11 million in its first year and \$35 million over the next four years. Our Building Energy Conservation Initiative is retrofitting State buildings to increase their energy efficiency at no cost to taxpayers; these upgrades will be financed by the energy savings, and, when the BECI project is complete, we will save an additional \$4 to \$6 million *annually*. As a result of an Executive Order I issued in October 1998, the State already has saved over \$2 million in workers compensation costs. These are just some of the steps my administration has taken to improve efficiencies and save taxpayers money.

In addition, every two years in developing the State biennial budget every agency spends months reviewing their operations to determine how to best meet the needs of the people of New Hampshire at the lowest possible cost. The Governor's office then spends months scrutinizing and questioning agencies' budget requests before submitting a proposed two-year budget to the Legislature for its consideration. The Legislature then spends almost six months making state agencies justify their budget requests before the Legislature votes on the next two-year budget.

Nor should the Legislature ignore the fact that its Office of the Legislative Budget Assistant regularly audits Executive Branch departments and agencies and makes recommendations for improved performance and efficiencies.

For all of the foregoing reasons, I have vetoed H.B. 738.

Jeanne Shaheen, Governor

The question being, notwithstanding the Governor's veto, shall **HB 738**, establishing a commission to assess the operating efficiency of state government, become law?

Reps. Norelli and Splaine spoke against.

Reps. Moran and Peterson spoke in favor.

As required by the State Constitution, a roll call was taken.

and the veto was sustained, lacking the necessary two-thirds.

MOTION TO VACATE

Rep. Patten moved that the House vacate the reference of **HB 1157**, providing for the local option to apply the current use laws, to the Committee on Municipal and County Government.

Adopted.

The Speaker referred HB 1157 to the Committee on Environment and Agriculture.

MOTION TO VACATE

Rep. Royce moved that the House vacate the reference of **HB 1178-FN**, relative to the recreational taking of lobster by scuba diving, to the Committee on Resources, Recreation and Development.

Adopted.

The Speaker referred HB 1178-FN to the Committee on Fish and Game.

MOTION TO VACATE

Rep. Hunt moved that the House vacate the reference of **HCR 21**, urging the state attorneys general and the Federal Trade Commission to enforce the Telemarketing Sales Rule and urging Congress to adopt the Know Your Caller Act of 2001, to the Committee on Commerce.

Adopted.

The Speaker referred HCR 21 to the Committee on State-Federal Relations and Veterans Affairs.

RESOLUTION

Reps Scanlan and Burling offered the following: **RESOLVED**, that in accordance with the list in the possession of the Clerk, House Bills numbered 1383 through 1399, and 1401 and 1402 and House Resolution numbered 20, shall be by this resolution read a first and second time by the therein listed titles, sent for printing, and referred to the therein designated committees.

Adopted.

INTRODUCTION OF HOUSE BILLS and HR**First, second reading and referral**

HB 1383, relative to lucky 7. (Heon, Straf 14: Ways and Means)

HB 1384, making certain technical changes to the workers' compensation law. (Gilman, Graf 1: Labor, Industrial and Rehabilitative Services)

HB 1385, relative to trespassing on certain rail lines. (W. Kelley, Rock 12; Splaine, Rock 34: Criminal Justice and Public Safety)

HB 1386-FN, establishing a research and investigation unit for the house of representatives. (Henderson, Rock 20: Legislative Administration)

HB 1387, relative to toll exemptions for legislators. (Cossette, Straf 19: Legislative Administration)

HB 1388, relative to respiratory care. (P. Bradley, Coos 6; Horton, Coos 3; Sokol, Graf 10; Hollingworth, Dist 23: Executive Departments and Administration)

HB 1389, enabling towns to charge fees for the disproportionate use of municipal safety services. (Scovner, Graf 13; Akins, Graf 14: Municipal and County Government)

HB 1390, relative to quality assurance information. (Wendelboe, Belk 2: Judiciary)

HB 1391, relative to municipal budgets. (Wendelboe, Belk 2: Municipal and County Government)

HB 1392, relative to mediation before the board of manufactured housing. (Wendelboe, Belk 2: Commerce)

HB 1393, relative to the determination of just compensation in eminent domain proceedings. (Wendelboe, Belk 2: Judiciary)

HB 1394, establishing a committee to study entering into the nurse licensure compact for interstate reciprocity for nurses. (Wendelboe, Belk 2; Clayton, Hills 39: Executive Departments and Administration)

HB 1395, relative to historic district commissions. (Cox, Rock 24; Langley, Rock 24: Municipal and County Government)

HB 1396, authorizing the state veterinarian to provide wildlife disease prevention and treatment. (Whalley, Merr 5; P. Bradley, Coos 6: Environment and Agriculture)

HB 1397, relative to the annual salary of police commissioners of the town of Wolfeboro. (J. Bradley, Carr 8; Stevens, Carr 7; Johnson, Dist 3: Municipal and County Government)

HB 1398, relative to the vote required for issuance of bonds by the Sunapee water and sewer commission. (Leone, Sull 2; Jones, Sull 3; Disnard, Dist 8: Municipal and County Government)

HB 1399-L, relative to assessment of the land use change tax. (Goodwin, Straf. 12; Wheeler, Dist 21: Environment and Agriculture)

HB 1401, relative to the authority of highway agents. (Wendelboe, Belk 2; Souza, Hills 40: Municipal and County Government)

HB 1402, designating segments of the Isinglass River as protected under the rivers management and protection program. (Musler, Straf 6; DeChane, Straf 6; Wall, Straf 9: Resources, Recreation and Development)

HR 20, supporting the country of Tibet. (J. White, Hills 46; Messier, Hills 46; Greenberg, Hills 46; Snyder, Straf 14; Yeaton, Merr 10: State-Federal Relations and Veterans Affairs)

DECLARATION

The Clerk read a declaration honoring Dean Kamen, New Hampshire inventor of “the Segway”, a personal assistance mobility device.

ELECTION OF HOUSE SERGEANT-AT-ARMS

The Speaker declared nominations were in order for Sergeant-at-Arms.

Rep. Stone nominated Thomas Burke for Sergeant-at-Arms.

Rep. Hager seconded the nomination.

Rep. Avery nominated Daniel Eaton for Sergeant-at-Arms.

Rep. Slack seconded the nomination.

Rep. Dickinson nominated Robert Edmonds for Sergeant-at-Arms.

Rep. Jane Kelley seconded the nomination.

Rep. Mock nominated Larry Elliott for Sergeant-at-Arms.

Rep. John Pratt seconded the nomination.

Rep. Thomas nominated Deborah Nielsen for Sergeant-at-Arms.

Rep. Richardson seconded the nomination.

There being no further nominations, the Speaker declared nominations closed.

On behalf of the candidates, the Speaker named Reps. Leone and John Flanders as tellers for Thomas Burke; Reps. Avery and Slack as tellers for Daniel Eaton; Reps. Karl Gilbert and Rush as tellers for Robert Edmonds; Reps. Kimberly Dionne and Herman as tellers for Larry Elliott; and Reps. Flanagan and L'Heureux as tellers for Deborah Nielsen to tally the vote.

BALLOT RESULTS

With 359 votes being cast, 181 were needed for election. Thomas Burke received 58 votes. Daniel Eaton received 16 votes. Robert Edmonds received 40 votes. Larry Elliott received 62 votes. Deborah Nielsen received 183 votes.

The Speaker declared Deborah Nielsen the duly-elected Sergeant-at-Arms.

The Speaker administered the oath of office to Deborah Nielsen.

Deborah Nielsen, Sergeant-at-Arms addressed the House.

SENATE MESSAGE

The Senate voted to sustain the Governor's veto on the following bill:

SB 164-FN-A-L, an act establishing a comprehensive statewide accountability system concerning an adequate education and relative to nonrenomination of teacher contracts.

SENATE MESSAGE

The following bills have died on the table.

HB 101, requiring registered lobbyists to sign a statement concerning false statements or misrepresentation of material facts.

HB 130, relative to the maintenance of boundaries and fences.

HB 153, lowering the minimum medical cost coverage for motor vehicle liability policies.

HB 196-L, relative to the penalty for failure to license a dog or renew a dog license.

HB 211-FN, establishing a restricted probationary permit to drive and correcting the ignition interlock program laws.

HB 304-FN, relative to insurance coverage for prostate cancer testing.

HB 614, relative to certain duties, responsibilities, and authority of the fiscal committee.

HB 697, extending the reporting date for the healthy kids subcommittee and clarifying the mission statement of the healthy kids corporation.

SENATE MESSAGE

The Senate has adjourned Sine Die.

ADJOURNMENT

Rep. Scanlan moved that the House adjourn from the first-year session of the 157th General Court, Sine Die.

Adopted.

The House adjourned, Sine Die, at 2:35 p.m.

Attested by

Karen O. Wadsworth

Clerk of the House

(CLERK'S NOTE)

OUTSTANDING BILLS

At the time of adjournment on December 12, 2001, the following House bills remained on the table in the House.

HB 50-FN-A-L, relative to sources of funding an adequate education.

HB 185-FN-L, repealing the prospective repeals of the education property tax and related laws.

HB 358-FN, relative to tolls on the Everett turnpike.

HB 478, relative to campaign finance reporting requirements, availability of voter checklists on computer disks, and permissible campaign contributions by business organizations.

HB 562-FN-A-L, establishing a New Hampshire education tax on consumption and transactions and accumulating certain principal sums in a state trust for education to provide for future education funding.

HB 747-FN-L, relative to increases in the cost of an adequate education.

HR 10, affirming revenue estimates for fiscal years 2001, 2002, and 2003.

At the time of adjournment on December 12, 2001, the following bills were retained by House Committees for House action in the second year of the biennium.

CACR 2, relating to the nomination and appointment of judicial officers. providing that the governor shall nominate and, by and with the advice and consent of the senate, shall appoint judges of the supreme, superior, and district courts, the chief justice of the supreme court, chief justice of the superior court, and the administrative justice of the district court.

CACR 3, relating to 7-year terms for state judges. Providing that all state judges appointed on or after January 1, 2003 be commissioned for 7-year terms, which may be renewed.

CACR 4, relating to the administrative head of the courts. Providing that article 73-a of the second part of the New Hampshire constitution, relative to the chief justice of the supreme court as the administrative head of all the courts, be repealed.

CACR 7, relating to the state's responsibility to provide to all citizens the opportunity for a public education. Providing that the general court shall have the exclusive authority to determine the content, extent, and funding of a public education and that the state may fulfill its responsibility to provide to all citizens the opportunity for a public education.

CACR 15, relating to a balanced budget. Providing that the governor shall not propose, nor shall the general court approve, an operating budget in which expenditures exceed estimated revenue.

CACR 16, relating to procedure for nomination and review of judges. Providing that judges shall be nominated and selected by an independent commission and reviewed every 10 years thereafter.

CACR 17, relating to restricting the use of a statewide property tax and all funds deposited into the education trust fund to education funding. Providing that all revenues resulting from a statewide property tax and all funds deposited into the education trust fund shall be used exclusively for elementary and secondary education.

CACR 20, relating to a personal income tax. Providing that any personal income tax enacted by the general court shall be dedicated exclusively for the purposes of public education.

CACR 21, relating to compensation for members of the general court. Providing that members of the general court shall be reimbursed for actual and reasonable expenses incurred for legislative business.

CACR 22, relating to moneys generated by a uniform statewide property tax established in law by the general court for the purpose of providing state aid for public elementary and secondary education. Providing that all moneys generated by a uniform statewide property tax established in law by the general court for the purpose of providing state aid for public elementary and secondary education shall, after deducting the necessary costs of administration and collection of such moneys, be appropriated and used exclusively for the purpose of state aid to education and shall not be transferred or diverted to any other purpose.

CACR 23, relating to restricting the use of moneys collected from a sales tax. Providing that all moneys collected from any sales tax established in law by the general court shall, after deducting the necessary costs for administration and collection of such moneys, be appropriated and used exclusively for the purpose of state aid to public elementary and secondary education and shall not be transferred or diverted to any other purpose.

CACR 24, relating to establishing a maximum rate for a sales tax. Providing that the rate of any sales tax established in law shall not exceed 2 ½ percent, provided that a higher rate may be established by a 2/3 vote of those present and voting in each house of the general court.

CACR 25, relating to establishing a maximum rate for any uniform statewide property tax established in law by the general court for the purpose of providing state aid for public elementary and secondary education. Providing that the rate of any uniform statewide property tax established in law by the general court for the purpose of providing state aid for public elementary and secondary education shall not exceed \$4.90 on each \$1,000 of the value of taxable property subject to the tax, provided that a higher rate may be established by a 2/3 vote of those present and voting in each house of the general court.

HB 137, establishing a committee to study the definition of domicile for voting purposes.

HB 169-FN, repealing the certificate of need law.

HB 179-FN, relative to raising the age of minority for the purposes of juvenile delinquency proceedings from 17 to 18 years of age.

HB 209-FN, relative to original and youth operators' licenses.

HB 212-FN, expanding income eligibility limits for education property tax hardship relief.

HB 213-FN, increasing the allowable amount of education property tax relief.

HB 223, allowing a state resident to obtain a license for a pistol or revolver for life.

HB 225, relative to applications for recounts.

HB 235, establishing a committee to study certain mental health systems to address the needs of mentally ill persons in New Hampshire.

HB 251, establishing that local zoning ordinances regulating location are applicable to community living facilities.

HB 264, relative to the state treasurer and relative to certain unclaimed or abandoned property.

HB 266, establishing a committee to study recodification of the election laws.

HB 280-FN, transferring the responsibility and authority of the judicial conduct committee and the attorney's professional conduct committee to the legislature.

2001
HOUSE JOURNAL
NUMERICAL INDEX

This index, arranged by bill and resolution numbers, gives page numbers for all action in the House on each numbered bill and resolution. They are listed in the following order:

HB	House Bills
HJR	House Joint Resolutions
HCR	House Concurrent Resolutions
HR	House Resolutions
SB	Senate Bills
SCR	Senate Concurrent Resolution
CACR	Constitutional Amendment Concurrent Resolutions

To find a bill by its subject see the Subject Index immediately following this NUMERICAL Index. All matters not relating to bills and resolutions will be found in the Subject Index.

The abbreviations listed below are used in the Numerical Index:

adop	adopted
am	amended, amendment
Com	re-referred to committee
conc	concurred, concurrence
conf	conference committee
Criminal Justice	referred to Criminal Justice and Public Safety committee
enr	enrolled
Exec Depts	referred to Executive Departments and Administration committee
ext	extension of time for hearing
Finance	referred to Finance committee
intro	introduced, introduction
IP	indefinitely postponed
K	killed (Inexpedient to Legislate)
(K)	final action in 2 nd body
LT	laid on the table
nonconc	nonconcurred
opin	opinion
psd	passed
RC	roll call
rcmt	recommitted
recon	reconsideration, reconsidered
rej	rejected
rem	removed from consent calendar
rep	report
req	requests, requested
ret	retained in committee
S	Senate
S Ct	New Hampshire Supreme Court
SO	special order
study	referred to interim study committee
vac	vacate
Ways and Means	referred to Ways and Means committees
withd	withdrawn

- CACR 5**, relating to the rulemaking authority of the supreme court. Providing that supreme court rules are effective only when not inconsistent with statute. (Pepino, Hills 40; et al: Judiciary)
new title: relating to the rulemaking authority of the supreme court. Providing that the supreme court may adopt rules that have the force and effect of law, and that the general court may regulate these matters by statute and may accept or reject any rule adopted by the supreme court, and that in the event of a conflict between a statute and a rule, the statute, if otherwise valid, shall supersede the rule.
42, rules suspended & SO 539, 567, am (RC) & remarks 587-597, adop 633, Clerk's note 1024, (S Com)
- CACR 6**, relating to proceedings for impeachment of judges. Providing that certain procedures shall be established in the house and senate for the impeachment of a judge. (DiFruscia, Rock 27; et al: Judiciary)
43, K 321
- CACR 7**, relating to the state's responsibility to provide to all citizens the opportunity for a public education. Providing that the general court shall have the exclusive authority to determine the content, extent, and funding of a public education and that the state may fulfill its responsibility to provide to all citizens the opportunity for a public education. (Pepino, Hills 40; et al: Finance)
44, ret 1018
- CACR 8**, relating to the term of office for judges. Providing that the tenure of judges shall be during good behavior except as otherwise provided by the general court. (Sova, Graf 11: Judiciary)
62, K 321
- CACR 9**, relating to the term of office for governor. Providing that beginning with the 2004 general election, there shall be a 4-year term of office for governor. (Burling, Sull 1: Election Law)
63, rules suspended & SO 539, K 559
- CACR 10**, relating to term of office for judges and judicial retirement age. Providing that all judges appointed on or after January 1, 2003 shall serve a 5-year term which may be renewed by vote of the governor and council, and that the mandatory judicial retirement age shall be repealed. (Kennedy, Merr 7: Judiciary)
68, rem 298, LT rej & K 369
- CACR 11**, relating to mandatory retirement age for sheriffs. Providing that the mandatory retirement age for sheriffs shall be abolished. (Kennedy, Merr 7: Executive Departments and Administration)
68, K 304

- CACR 14**, relating to the election of the attorney general and the appointment of county attorneys. Providing that the attorney general shall be elected by the general court and county attorneys shall be nominated and appointed by the governor and executive council. (Dodge, Rock 4: Election Law)
72, K 350
- CACR 15**, relating to a balanced budget. Providing that the governor shall not propose, nor shall the general court approve, an operating budget in which expenditures exceed estimated revenue. (Rogers Johnson, Rock 25: Finance)
72, ret 1018
- CACR 16**, relating to procedure for nomination and review of judges. Providing that judges shall be nominated and selected by an independent commission and reviewed every 10 years thereafter. (Judiciary)
923, ret 1019
- CACR 17**, relating to restricting the use of a statewide property tax and all funds deposited into the education trust fund to education funding. Providing that all revenues resulting from a statewide property tax and all funds deposited into the education trust fund shall be used exclusively for elementary and secondary education. (Sapareto, Rock 13; et al: Finance)
89, ret 1019
- CACR 18**, relating to elections and elective franchises. Providing that the inhabitants having proper qualifications shall have an equal right to elect and be elected into office. (Reid, Straf 12: Election Law)
89, K 245
- CACR 19**, relating to supreme court rules. Providing that supreme court rules may be reviewed by the general court. (Jacobson, Merr 2: Judiciary)
113, K 415
- CACR 20**, relating to a personal income tax. Providing that any personal income tax enacted by the general court shall be dedicated exclusively for the purposes of public education. (Hager, Merr 18; et al: Finance)
113, ret 1019
- CACR 21**, relating to compensation for members of the general court. Providing that members of the general court shall be reimbursed for actual and reasonable expenses incurred for legislative business. (Arnold, Hills 20: Legislative Administration)
113, ret 1019
- CACR 22**, relating to moneys generated by a uniform statewide property tax established in law by the general court for the purpose of providing state aid for public elementary and secondary education. Providing that all moneys generated by a uniform statewide property tax established in law by the general court for the purpose of providing state aid for public elementary and secondary education shall, after deducting the necessary costs of administration and collection of such moneys, be appropriated and used exclusively for the purpose of state aid to education and shall not be transferred or diverted to any other purpose. (Burling, Sull 1; et al: Finance)
175, ret 1019
- CACR 23**, relating to restricting the use of moneys collected from a sales tax. Providing that all moneys collected from any sales tax established in law by the general court shall, after deducting the necessary costs for administration and collection of such moneys, be appropriated and used exclusively for the purpose of state aid to public elementary and secondary education and shall not be transferred or diverted to any other purpose. (Burling, Sull 1; et al: Finance)
175, ret 1019

CACR 24, relating to establishing a maximum rate for a sales tax. Providing that the rate of any sales tax established in law shall not exceed 2 ½ percent, provided that a higher rate may be established by a 2/3 vote of those present and voting in each house of the general court. (Burling, Sull 1; et al: Ways and Means)
175, ret 1019

CACR 25, relating to establishing a maximum rate for any uniform statewide property tax established in law by the general court for the purpose of providing state aid for public elementary and secondary education. Providing that the rate of any uniform statewide property tax established in law by the general court for the purpose of providing state aid for public elementary and secondary education shall not exceed \$4.90 on each \$1,000 of the value of taxable property subject to the tax, provided that a higher rate may be established by a 2/3 vote of those present and voting in each house of the general court. (Burling, Sull 1; et al: Ways and Means)
175, ret 1019

(CLERK'S NOTE)

House Rules required all House legislation to be introduced in the first year of the 2001-2002 biennium. A supplemental filing period for legislation was held April 23 – 27, 2001. The deadline for introduction of this legislation was June 26, 2001. House action on supplemental legislation was held over to the 2002 legislative session.

The following Constitutional Amendment Concurrent Resolutions are included in this category:

2001 SESSION

2002 CONSTITUTIONAL AMENDMENT CONCURRENT RESOLUTIONS INTRODUCED IN 2001 SESSION

CACR 30, relating to the legislature's authority to define and fund education, education taxes, and delegation of power to local school districts. Providing that the legislature shall have the authority to determine the content, extent, beneficiaries, and funding of education or to delegate that authority to local school districts; and it shall have the authority to determine the proportion of taxes necessary to fund public education which shall be provided by state and local taxes and judicial review of the legislative determination shall be limited to whether the legislature has a rational basis for its decision. (Alger, Graf 9; et al: Finance)
989

CACR 31, relating to the valuation of real estate. Providing that real property in the state shall be valued in accordance with the method enacted into law by the general court and at such times as it shall order. (Weyler, Rock 18: Ways and Means)
989

CACR 32, relating to the number of members of the senate and senatorial districts. Providing that the senate shall consist of 30 members with 3 elected at large from each district and that senate districts shall conform to county boundaries. (Phinizy, Sull 7; et al: Election Law)
996
